

To whom it may concern,

This may certify, that, John P. Green
has been a student of medicine with me
ever since May 1837 except while attending
medical lectures in New York, and that he has
been attentive to his medical studies during the
time stated, I believe him to be over twenty
one year of age

John Green

Worcester September 28th 1840

Letter of Recommendation from John Green Regarding John Plimpton Green
September 28, 1840
[John P. Green Mss. – A.L.S.]

To whom it may concern,

This may certify, that, John P. Green has been a student of Medicine with me ever since May 1837 except while attending Medical lectures in N[ew] York, and that he has been attentive to his Medical studies during the time stated, I believe him to be over twenty one years of age[.]
