To whom it may corner, This may certify, that, John P. Green has been a student of medicine with me Ever nine may 1837 encept while attending medical lectures in Myork, and that he has been attentive to his medical stradies during the one year of age John freen Woverter September 28 th 1840

## Letter of Recommendation from John Green Regarding John Plimpton Green September 28, 1840 [John P. Green Mss. – A.L.S.]

To whom it may concern,

This may certify, that, John P. Green has been a student of Medicine with me ever since May 1837 except while attending Medical lectures in N[ew] York, and that he has been attentive to his Medical studies during the time stated, I believe him to be over twenty one years of age[.]

/signed/ John Green

Worcester September 28<sup>th</sup> 1840
