This Article is brought to you for free and open access by the Jefferson Digital Commons. The Jefferson Digital Commons is a service of Thomas Jefferson University's Center for Teaching and Learning (CTL). The Commons is a showcase for Jefferson books and journals, peer-reviewed scholarly publications, unique historical collections from the University archives, and teaching tools. The Jefferson Digital Commons allows researchers and interested readers anywhere in the world to learn about and keep up to date with Jefferson scholarship. This article has been accepted for inclusion in Office of Diversity & Inclusion Initiatives Newsletter by an authorized administrator of the Jefferson Digital Commons. For more information, please contact: JeffersonDigitalCommons@jefferson.edu.
Diversity: the richness in human differences. Why is diversity important? A wide variety of experiences and points of view mean that we get to look at issues from all angles rather than just one. Inclusion: the active, intentional, and ongoing engagement with diversity. Why is inclusion important? It is not enough to have diversity - inclusion means that we value and cherish the wide variety of experiences and viewpoints. Creating and enhancing this environment is important as we set the stage to provide service to our most important customer - our patients.

Since September 2013 when I was appointed as the Associate Dean for Diversity and Community Engagement, SKMC has greatly expanded our efforts in D & I. A wide range of activities have greatly enhanced the environment in which we educate our learners and care for our patients. SKMC has expanded its D & I successes.

In January 2017, I was appointed Associate Provost for Diversity and Inclusion for Thomas Jefferson University and added on (in addition to my duties in SKMC) responsibility for enhancing and expanding D & I in the colleges of Biomedical Sciences, Health Professions, Nursing, Pharmacy, and Population Health. In July 2017, with the formal merger with Philadelphia University, Thomas Jefferson East Falls Campus is now included in our efforts. We have the opportunity to maximize diversity, inclusion and cultural sensitivity education in each individual college and campus. More importantly, with everyone working together, we have the opportunity to create, as Steve Spinelli, the Chancellor of Thomas Jefferson University will say, an "ecosystem" for D & I. With our unique university, we have a great opportunity to create a unique collaboration and be leaders in D & I.

Our journey has only just begun. While we have accomplished much in the past four years, we have much more work as we strive to be the most inclusive organization possible. It is important for our environment - a friendly and inclusive environment allows us to reach our education and work potential. Most importantly, an inclusive environment gives us the best chance to serve our most important customer - our patients - and to achieve the mission of TJU: "We improve lives."
