Program Schedule

This e-journal, *Value Based Purchasing*, is a product of The College for Advanced Management of Health Benefits, a unique training program designed to help employee benefit managers meet the growing challenges of providing high quality health benefits and managing rising benefit costs. The College offers a practical, intensive program that focuses on benefits purchasing techniques and skills that emphasize improving the value, quality-cost ratio, and effectiveness of health care services purchased on behalf of employees. The program is a collaboration between the HealthCare21 Business Coalition in Tennessee, the National Business Coalition on Health, and the Department of Health Policy of Thomas Jefferson University.

The College holds three four-day training programs each year. The remaining program for 2006 is scheduled for September 18-21 in Charlotte, North Carolina. The program schedule for 2007 will be announced shortly.

For more information, or registration materials, please contact Jeannine Kinney, Program Coordinator, at jeannine.kinney@jefferson.edu, or 215-955-1709.
