* Until 1958, the School of Nursing and Nursing Service of Jefferson Medical College Hospital were incorporated in a single Department of Nursing. The Director of Nursing was administratively responsible for both divisions but delegated to the Educational Director responsibility for curriculum development and implementation. Administrative changes in 1958 created two positions, Director of Nursing Service and Director of the School of Nursing, both reporting to an Assistant Director of Jefferson Medical College Hospital. Beginning in 1968, the Director of the School of Nursing reported to the Dean of the College of Allied Health Sciences.
