Health Mentors Recruitment for Fall 2011!

The Jefferson InterProfessional Education Center is now recruiting Health Mentors for Fall 2011!

The Health Mentors Program is an opportunity for students from the Jefferson Medical College, Jefferson Schools of Nursing, Pharmacy, and Health Professions (Physical Therapy, Occupational Therapy and Couple and Family Therapy) to learn FIRST HAND from a patient about things that really matter to patients living with chronic health conditions or impairments.

The Health Mentors are adults of any age from the community who live with one or more chronic health conditions (i.e. diabetes, high blood pressure, asthma, arthritis, cancer or others) or impairments (i.e. spinal cord injury and cerebral palsy or others) and would like to volunteer their time to teach students the importance of patient-centered care. Students will talk to their Health Mentors about things that are important to being a good health care professional. Topics include: medication usage; patient safety; activities of daily living; and wellness care.

If you would like to apply to become a Jefferson Health Mentor, or just get more information, you can contact Sokha Koeuth by email (sokha.koeuth@jefferson.edu), phone (215-955-3757) or visit us at <http://jeffline.jefferson.edu/jcipe/hmp/>.
