MISSION STATEMENT

TO EMPOWER DISPLACED POPULATIONS TO RETURN TO MEANINGFUL, FUNCTIONAL LIVES THROUGH TRANSITIONAL SUPPORT.

1. WHAT IS IT?

LIFE is a Non-Profit Organization (NPO) that aims to help domestic displaced populations caused by natural disasters. LIFE aims to match home owners to national displaced populations that need social and emotional support.

2. WHO USES IT?

People from the U.S.A who have suffered from a natural disaster and they need to feel socially active and independent again and also people who are willing to help others in this kind of situation.

3. WHAT DOES IT DO?

LIFE is facilitated by offering a Software as a Service (SaaS) match-making platform for home owners (volunteers) and displaced people. Eligible dislocated populations are registered in the database after a screening process, and are matched with volunteers based on the volunteers’ skillsets and help seekers’ requirements.
