[Collaborating Across Borders \(CAB III\)](#)

Fifteen Jefferson faculty, staff, and one student attended [Collaborating Across Borders \(CAB\) III, An American-Canadian Dialogue on Interprofessional Health Education & Practice](#), November 19-21, 2011, held in Tucson, AZ. CAB III is the third biennial Canada-United States joint conference devoted to the advancements of interprofessional health education and practice - and will be the largest interprofessional education meeting ever held.

We are delighted to share with you how well represented Jefferson was at CAB III. Jefferson was represented with four posters and 13 podium presentations, in addition to having 2 members on the board of the American Interprofessional Health Collaborative, one of the meeting's sponsors. Work of many Jeffersonians, including the Health Mentors Program, clinical skills training, professionalism training, and our robust evaluation data, among others, was shared.
