My honored Father

Will you oblige us one and all by making your whereabouts known. So many times have been named for your departure from Wisconsin, so many times have we written to Albany to get no answer, that we dont know what to do or what to expect. I was up through Vermont the other day & hoped I might there hear of you, but I did not. Now if you intend to locate permanently in Wisconsin do let us know it, that we may make arrangements accordingly here, and also may plan our visits to you, for though you may have becomess wearied from homes friends here, believe me there are some eight or ten of us who will stick to you whither or no.

I will attempt no letter of news detail as I dont know that you will ever see it. We are all well and anxious to know what has become of you. In conclusion let me urge you to write if it be but to say you are never coming. To know that you are well will be some satisfaction.

With much love

Your Son
