

Library Online Resources of Special Interest

Bioscience Technologies

All accessible on and off campus from <http://library.jefferson.edu>

Journal Articles: Click the "JEFFLINE" buttons in PubMed, Scopus, Google Scholar and other database results to access millions of full-text articles from thousands of journals. They look slightly different in each database:

PubMed	Scopus	Google Scholar
JEFFLINE	check JEFFLINE	JEFFLINE Journal Access

E-Books Unless otherwise noted, these are e-books found via the [Library Catalog](#), where you'll find thousands more!

Cell Sciences

[Cytology: Diagnostic Principles and Clinical Correlates](#) (Cibas, & Ducatman, 2014)

Fundamental Clinical & Experimental Techniques

[Journal of Visualized Experiments \(JoVE\)](#) [Find in the Journals A-Z list]

[Springer Protocols](#) [Find in the Databases A-Z list]

Hematology

[Clinical Laboratory Hematology](#) (McKenzie & Williams, 2015)

Human Genetics

[Human Genetics and Genomics](#) (Korf & Iron, 2012)

Immunohematology

[Modern Blood Banking & Transfusion Practices](#) (Harmening, 2012)

Immunology

Immunology: a short course (Coico & Sunshine, 2015)

[Clinical Immunology and Serology : A Laboratory Perspective](#) (Stevens, 2010)

Lab Management & Techniques

[Laboratories](#) [Chapter] In: Health Care Administration: Managing Organized Delivery Systems (Wolper, 2011)

Microbiology

[Jawetz, Melnick, & Adelberg's Medical Microbiology](#) (Brooks et al., 2016)

The big picture: medical microbiology (Chamberlain, 2013)

Molecular Biology

[Molecular Biotechnology](#) (Glick, Pasternak, & Patten, 2010)

[Bioinformatics and Functional Genomics](#) (Pevsner, 2015)

Molecular Diagnostics

[Molecular diagnostics: fundamentals, methods, and clinical applications](#) (Lela Buckingham., 2012)

Pathology

[Pathology: The Big Picture](#) (Kemp, Burns, & Brown, 2008)

Protein Purification and Characterization

[Protein Purification: Principles, High Resolution Methods, and Applications](#) (Janson, 2011)
