The Bulletin is published annually by Alumni Association of the School of Nursing College of Allied Health Sciences Thomas Jefferson University Philadelphia, PA 19107

A Message From The President

Serving as your President in the past year, I have encountered challenge, sustained change, and growth in our Association.

Our bi-monthly meetings have been informative and stimulating, but still lack participation on your part as fellow alumni. As years pass, I still see the same 20-25 faces at our meetings who hold your Alumni Association together. If we are to remain viable, we must have your participation and input.

I know all of you enjoy the Bulletin and the luncheon. However, it takes people to make all of these things happen. These same people manage your funds and the contributions you make to the Association. But, the managers of today may not be here for tomorrow; therefore, I am appealing to you for your help and participation to assist in the endeavors of your peers in keeping the Association alive.

Benefits from new changes are occurring with our Scholarship Fund and as we mature, our Relief Fund will be more active. There have been several gifts and bequests from Alumni which have created minor legal problems and a lot of painstaking time to solve. Please use the forms in your Bulletin to allay some of these problems with Scholarship, Relief and Bequests.

I extend my wholehearted gratitude to your Board of Directors, Committee Chairpersons and their committee members and those of you who actively participated in Alumni meetings and affairs. Your support and encouragement have been most valuable to me, and I look forward with pride to my next year in serving as the President.

Fondest wishes,

Flossie Roche, R.N., CNOR

NURSES’ RELIEF FUND

The Nurses’ Relief Fund is available to all Diplomas and White Haven graduates. The purpose of the Relief Fund is to provide financial assistance annually toward hospital bills and/or bills incurred at home due to an extended illness and requiring the services of a physician.

The fund is also available for use in cases of adversity. Nursing Home cases will be given special consideration. All things being equal, first consideration will be given to Life and Active members. However, all applications received will be reviewed and given consideration.

Any or all of the amount distributed to a recipient from the Relief Fund may have to be reported to the Internal Revenue Service as taxable income. Each recipient will receive a statement at the end of the year showing what portion of the distribution to her/him should be reported.

During 1984 we have been able to assist eight of our graduates from the relief fund. IF YOU KNOW OF ANY JEFFERSON OR WHITE HAVEN GRADUATE IN NEED OF ASSISTANCE, PLEASE LET US KNOW AS SOON AS POSSIBLE.

An application for Relief Fund benefits can be found in the back of this bulletin.

NURSES’ SCHOLARSHIP FUND

The Clara Miller-Adile Lewis Scholarship Fund continues to provide scholarships to diploma and White Haven graduates.

Scholarships will be available for summer, fall and spring semesters.

Each application received will be reviewed by the Scholarship Committee; preference will be given to the applicant who has been a member, who is most active in the Alumni Association, and who has most nearly completed requirements for a degree.

Please read the Scholarship Committee report, see index for page.

A Scholarship application can be found in the back of this bulletin.

International Travel As A Nurse

As summer approaches, I find myself getting restless. I study my photo albums; scan the book store shelves for the latest editions of Stedweck and Foderer’s guides; remember the fun of stocking up on “travel goodies”—portable clothing lines, blow-up hangers, tiny tubes of tooth paste and bottles of shampoo. It is summer and it is travel time. The month of June brings the annual Sigma Theta Tau international research conference held this year in Tel Aviv, and the International Council of Nurses’ Meeting in Jerusalem. The increasing interest of my fellow nurses in attending these and other international meetings mirrors my own enthusiasm for international travel; and more specifically, international travel as a nurse.

In 1983 I had the opportunity to present a research paper in Madrid, Spain; and in 1984 I presented a paper in Seoul, Korea. During the latter meeting and a subsequent study tour, I met formally and informally with nurse colleagues in Korea and Taiwan, Republic of China. Also joining us on the tour were nurses from Australia, Nigeria, Liberia and Thailand. To my dismay I will not go abroad this year, but I would like to reminisce about my adventures and to share with you my thoughts about traveling internationally as a nurse.

“Welcome! Honorable Nurses” proclaimed the sign outside our Seoul hotel. It is safe to say that not one of us in the study tour, from newly graduated staff nurse to dean emeritus, had ever before been described as “honorable nurse.” The name of our group, Sigma Theta Tau, National Nursing Honor Society, had obviously picked up something in the translation, and we were thrilled. We felt suffused with pride in ourselves and in our profession. This professional pride was at a very high level throughout the tour as we celebrated ourselves and our profession.

My memories of some peak experiences have sustained this pride for me. In particular I remember the opening sessions of the Korean meeting which was co-sponsored by Sigma Theta Tau and the Korean Academic Nurses’ Society. I was especially stirred by the calling of the roll of delegates from the countries represented at our meeting. As each delegate stood up I felt a surge of energy and pride. It was wonderful to consider that despite our differences in dress, color, and language we shared a very fundamental value of commitment to helping others. In addition to my conscious awareness of lofty ideals, I found myself delighted to be a member of such an exotic group! It was fun to see nurses in dashikis and turbans, others in the beautiful hombot of our host country, and my American colleagues dressed to the “nineteen” for the gala opening of the meeting and planning sessions. Thanks to the diversity of dress and culture and the Koreans’ gift for form and celebration the meetings were a visual delight. Equally memorable and often moving were the papers presented by this international group of nurses. The papers discussed frankly the needs of the people and the challenges which face nurses who care about those needs.

A highlight for all of us was a paper presented by Susie Kim, R.N., D.N.S., an outstanding nurse in the field of women’s health care. She described some of the cultural and
Modern intensive care nursing in Taiwan

legal barriers experienced by Korean women in their traditional patriarchal society. We learned of the three rules which have shaped women's experiences. The first rule, the Virtue of Three Obediences prescribed that a woman was subject to her parents before marriage, to her husband after her marriage, and to her sons in later years. This rule effectively placed control of all aspects of a woman's life in the hands of her father, her husband and her sons. The second rule, Women's Seven Evils subjected a woman to divorce if she dishonored her parents-in-law, failed to bear a son, was talkative, committed adultery, was jealous, had "bad" diseases or stole. The third rule, Dishonor of Two Husbands demanded the complete faithfulness of a widow to her deceased husband.

Dr. Kim described some of the hardships these customs perpetrated on women's lives. For instance women who delivered sons were given the most nutritious foods and had up to 100 days to recuperate from the birth, while women who delivered daughters were considered to have "lost face," and were expected to resume their normal activities within two to three days of their delivery. Another example of the misery caused by the three rules was the blame placed on a daughter-in-law if her new family experienced physical or financial hardship within three years of her marriage. The daughter-in-law was considered the cause of the misfortune. In general the effect of the rules was to give women's lives definition only in the context of a relationship with a dominant superior male.

Dr. Kim's speech was particularly striking to the American nurses who could not help but look at their sophisticated, confident, well-educated and well-respected Korean colleagues and wonder how they had overcome such discriminatory beliefs which seemed to be so deeply embedded in their culture. We were further impressed by Dr. Kim's description of the enormous progress that has been made and her outline of solutions to the problems of ensuring optimal health care for women and children. These suggestions have worldwide applicability and include:

- the creation of a system of primary health care that provides access to services for everyone,
- a greater role for women as health care providers,
- the creation of programs that strengthen the family and the position of women within the family,
- increased emphasis on health education in the schools,
- the development of a life-long health education program directed toward women.

Dr. Kim's recommendations and her willingness to share with us some of the powerful cultural influences that shape Korean women's lives heightened our appreciation of the style and accomplishment of our Korean nurse colleagues.

Their style was one of sophisticated assertiveness combined with gentleness and sensitivity, and their accomplishments are impressive. There is university based education for all nurses. Korea now has 13 Master of Nursing Programs and two Doctor of Nursing Science Programs. Community health practitioners, nurses who have completed their basic nursing education and a 24 week program, provide primary health care in the rural towns and villages. A highlight of our study tour was a site visit to a village to see a nurse practitioner in action. This young woman provided all of the primary health care for the village. Data presented at the conference confirmed that there was widespread acceptance of and satisfaction with these community nurses. On every measure the people in the village preferred them to the public health doctor. A study from two major health institutions indicated that the care provided by community nurses was qualitatively equal to and economically more efficient than care provided by regular medical doctors. We learned that even internationally, when it comes to health, "nurses do it better."

After bidding a tearful and affectionate farewell to our Korean nurse colleagues we flew on to Taiwan, the Republic of China. Like Korea, the clearest impression of my visit is again, a visual one. Representatives from the Taiwan Nurses Association met us at the airport with banners proclaiming "Welcome, American Nurses." We were further impressed by Dr. Kim's description of the hardships these customs perpetrated on women's lives. For instance women who delivered sons were given the most nutritious foods and had up to 100 days to recuperate from the birth, while women who delivered daughters were considered to have "lost face," and were expected to resume their normal activities within two to three days of their delivery. Another example of the misery caused by the three rules was the blame placed on a daughter-in-law if her new family experienced physical or financial hardship within three years of her marriage. nursing team to provide health teaching, pre-operative preparation and discharge teaching to all cardiac surgery patients. It also has a well-appointed and very modern intensive care nursery and adult critical care unit. We spoke with the director of nursing who shared with us her goals for the coming year:

- increase the education level of her staff
- introduce a less "task-oriented" approach to nursing care
- find ways to provide flexible scheduling for nurses who wished to combine their nursing careers with the responsibilities of a young family

Sound familiar? Nursing with its values and challenges is truly a world-wide profession. Returning to my original premise I urge you to travel and do it as a nurse. It's a great way to meet new colleagues, and it can broaden your perspective, putting you in touch with the universal importance of our profession. It's a sure cure for burn-out, it's fun and tax deductible!

Lights must be out in Student's rooms by 10:30 P.M. and quiet must prevail in rooms, halls and bath rooms.
No visiting allowed after 10 P.M.

Pets and magazines must be returned to Housekeeper’s office. Launderies and Kitchenettes are available in Nurse’s Residence.
Papers and magazines must be returned to tables, and not left on chairs and floor.

Students are expected to wear dressing gown and slippers, on their way to and from bath rooms.
Lights must be turned out, when Students leave their rooms.
Punctual attendance is expected of each Student at breakfast.

All Electrical repairs are the responsibility of the Student's rooms. Only beds, and not the floors or walls, should be reported to the Housekeeper.

Needed repairs only in Tea Room and Lounge on first floor.

Nurses' Residence

Introduction

One of the functions of an Annual Bulletin for an Alumnae organization is to keep the Alumnae up-to-date on the events and happenings of the school. However, because our school has completed its mission and closed, our Bulletin has or should take on a different mission: that of recording our past as seen through the eyes of the people who lived through the experiences. When classmates get together there is always a period of “Do you remember?” and “I remember.” These can be shared in our Bulletin and tell us the ten hours can read, laugh or cry, and also recall the halcyon days of Jeff.

With that in mind, we shall begin our nostalgic journey on September 1, 1938 at 6 P.M.

There were four of us who approached the tables set up in 1914 Spruce Street that fateful September evening—Alice D., Dorothy C., Sylvia H., and Alisa B. Miss Rhodes, one of the housemothers, asked us if we objected to rooming together, (did we really have a choice?), and then had us sign in. She assigned the houseman to equip our room up to room 400 to our specification. He told us that one floor was to be occupied by upper classmates of the February class. Also, on fourth floor was another two bed room, a single room and a bath. The ten of us who occupied that floor had one sink, one john and a shower. So we managed quite well. Brushing our teeth and the other morning functions sometimes posed problems, but none of us came from homes with more than one bath, so we were used to sharing.

The next morning our true introduction to the real world of a probationer began. We lined up along the walk for the cafeteria line and met Miss Shafer for the first time. She was to become a very important and valuable teacher as our three years progressed. The first meeting was a bit scary, though. She reigned supreme on the breakfast line. It was from her that ward assignments were received, as well as orders not to lean against the door.

It was in the cafeteria line that I met Barbara Schutt, who was to become an excellent editor of the American Journal of Nursing. She had just completed training and was awaiting State Board results before going on to start her career beyond Jeff.

My first ward assignment was Women’s Surgical on fourth floor. The problems really started at the bottom rung of hospital housekeeping which Dr. Buchor told us was what nursing was. We collected face towels, counted them, and took them to the height elevator. We washed bedside tables, and swept the floor. As we progressed through what was really a procedure book, new chores and tasks were added: carbonizing bedpans, employing and measuring contents, carbonizing beds after discharge, bed making and finally caring for a human being.

Actually, the procedure book was dictated to us by our nursing arts instructor, there was not one on any of the floors, so you had to rely on your memory for any procedure which was not routine. Nor did we have faculty members who would supervise and help us when something new was to be tried. We really did learn by trial and error. The head nurses, if you had one, would help if necessary, but you were expected to know how to do anything that had been discussed in class.

Some important rules were that needed repairs were to be reported to the Housekeeper and that no uncapping was to be done. We were required to get through those first six months, Miss Shoemaker had told us in Ethics class that we were a liability to the hospital until we were capped and could write our few exceptions which were twelve hour shifts. Although we had been sixty-three strong to start, a total of forty-five were capped in the Jefferson College auditorium in February 1939. We were the first class to be capped outside the Nurses’ Home, and besides our mothers and other female relatives, our fathers and brothers could also attend. The February class had had a ceremony in the “Flec” room but most men were excluded because they were only permitted in the partner of 1012. It was quite exciting for us to see the organization pin that Miss Shoemaker used didn’t hold too well, and the cap were topped. It has done it ever since. I must have a pointed head.

The next morning Miss Shafer gave us our first “nursing” assignments. Mine was Central Dressing Room. CDRI was located in what had been the Accident Ward of the old hospital. You could enter through the ground floor or by way of the court yard. Miss Umberger demonstrated the dressing carriage technique because we had not yet had sterile dressing technique, or any clinical nursing courses. We had had Microbiology and were expected to utilize all we had learned there about germ transference. This experience lasted three weeks. We were not put on night duty although the student was expected to have one week of nights and it was twelve hours for seven nights a week. Now that we were capped we looked forward to a half-day off each week. Of course, we only worked half-day on Sunday.

My second assignment was Women’s Special. That was real nursing! I learned to give hypodermics to real people, not an orange. It was there that I first helped with drawing blood for a transfusion. The student’s job was to be lower than the donor’s arm, and he was on a stretcher, and suck the air out of an Erlenmeyer flask to form a vacuum so the blood would flow in. All the time, swiflying the flask to mix the citrate so the blood wouldn’t clot. It was also her job to watch the amount in the flask so the donor would not be over-bled. Here, too, began relief hours for me. This meant two extra hours off during the day; unless, of course, classes were scheduled. Then, the time off was spent in class.

Sleeping in class was the only way to go. After the nursing and work of the wards, no one could stay awake when she sat down in class. Elbows were jacked into one’s neighbor as well as requests for an ink transfusion when pens ran dry. Notes were usually sparse because notebooks were rarely remembered.

But today memories crowd in and those busy and generally exciting days cause classmates to reminisce about many common recurring events. How many can remember knocking the chart rack over and breaking all the thermometers for the ward? Because we were in training at the end of the
Depression, money was scarce, and to replace ten to fifteen thermometers at sixty cents each was a real disaster. How many can remember Miss Hawkie holding up the wall on third floor? She had total visual command of the whole floor from that vantage point.

From third floor, I went to sixth floor and the domain of Miss Lewis and Miss Dute. I was assigned to Center Corridor, a complex of six private rooms and two baths. I believe I learned more nursing there than any place else in the hospital. Probably because we had classes in medical and surgical nursing and I was able to apply and utilize the material. Of course, it was on sixth floor that you looked forward to two half-days a week—yours and Miss Lewis'. If the two fell on the same day, you felt cheated. But the summer finally came and it was vacation time.

Vacation that year was a trip to the 1939 World's Fair in New York. That is all I remember of that three weeks—one day at the Fair.

In the fall, the class moved into specialties and night duty. The course in Urology proved to be a killer and more than half the class had to repeat when it was given to the February half of the class. I still don't know the components of urine or the parts of a cystoscope.

I was on night duty over Christmas in Corridor (third floor again). It was cold sitting by that balcony door. Miss Shaler told me to "take the clean linen out of the dirty linen hamper and push it against the door jamb." Corridor was six semi-private rooms which were full most of the time. Night duty was from 9 P.M. to 7 A.M., seven days a week and lasted for eight weeks. Classes, of course, were held as usual, but were generally scheduled for early morning (before going to bed) or late in the afternoon, so you could get supper. Meals were served to the nurses at times which would not interfere with patient's meals. And, you had a half hour for a meal, this had to include bathroom, waiting for an elevator, and waiting in line. Yet, we did gain weight.

This second year also included Pine Street. The water bugs came out at night and scared the bejabbers out of you. They were three inches long and would fly. It was at Pine Street that I learned what a "red light" house was. The light would go on and off all night long in the little street behind the hospital. Watching it was one way to pass the twelve hours of each night.

Our third year included Maternity and Forty-ninth Street. All our belongings had to be moved out to Pennsylvania Hospital for Mental and Nervous Diseases, because we were to be there for three months. While there, we had a whole day off a week. And, if we took a patient to an evening activity, we were given extra time off.

We did get one full day off at Jeff in our three years. It was during the Christmas Season of our senior year. I was in Diet Kitchen at that time. Diet Kitchen is memorable for the funny things that happened. Mary Rita and I were the cooks and we burned ten cups of rice. We tried to fix spaghetti so it would be long, so we stood it up in the pot. Needless to say—disaster. However, I did learn to make an egg souffle which did not fail.

At last, it was time to finish the 1096 days required by the State of Pennsylvania. I ended training in CDR, but making IV solutions. This was the job I was to have as a graduate. My finishing day is a very clear memory. I wore the same clothes I entered in and walked up Chestnut Street to Wanamaker's crying.

Our graduation date was April 30, 1942. Everyone had to have taken State Boards and the February class was included. The U.S. Army Nurse Corps got most of our class and there are many times my experiences from Jeff got me through a difficult situation. Jeff gave me a deep and firm belief in the value of nursing and what good nurses can do for those entrusted to their care. Although this belief has grown and changes as degree of college work has enlarged it, it did come from our few teachers and many head nurses who pushed, demanded and helped me learn the values I hold today.

The friendships formed under these trying conditions have lasted as true friendships throughout the years. I hope others might submit their reminiscences of training at Jefferson.

JEFFERSON PROJECTS GROW

The Bodine Center for Radiation Therapy

Jefferson was pleased to name its new Center for the University's late President and Chairman, William W. Bodine, Jr. It is being constructed on 11th and Sansom Streets behind the New Hospital Building. When completed in the fall of 1986, the Bodine Center will have three levels. The entrance will be on the street level and will be utilized for initial patient examinations, follow-up and multi-disciplinary clinics.

The Ground Floor (first underground level) will house the professional staff, labs and treatment areas. The basement floor (second underground level) will contain all of the patient treatment planning functions, a small operating suite and a high energy accelerator room. When completed, the Bodine Center will be one of the most advanced radiation therapy facilities in the world.

On The Move

These moves will centralize a large portion of Jefferson's diagnostic imaging capabilities, and will be the largest concentration of high technology imaging equipment in the Delaware Valley.

Margaret M. Cossman, '47

Medical Office Building

Located at 1100 Walnut Street, the new building will contain the offices of staff physicians with an ambulatory surgical center. Office space will be available on the third through the ninth floors. The ambulatory surgical center is planned for the second floor. The first floor will be available for commercial tenants. A Cardio Rehabilitation/Fitness Center is also being considered. When completed in the fall of 1985, the building's exterior will be the same reddish brick used on the Scott and Barringer buildings.

Nursing Students Benefit From Grant Program

The Nursing Education Grant Program which was initiated at CAHS is based on a similar program at Rush University in Chicago. The program provides nursing students who show need with $2500 annually. That amount is exchanged for a commitment to work as a nurse, at full pay and benefits, at Jefferson Hospital within 30 days of graduation. Someone who begins the program as a junior makes a two-year work commitment to the hospital; the commitment is one year for a student who receives the aid only as a senior. If that commitment is honored, fully and satisfactorily, the CAHS graduate has "repaid" his or her grant — and doesn’t have to face years of indebtedness.

The program, which was three years in the planning and development stages, currently involves 15 juniors and 5 seniors, and the number of students will increase next year.

"The Nursing Education Grant Program is a collaborative effort benefiting the College of Allied Health Sciences, Nursing Service of Thomas Jefferson University-Hospital, and our nursing students. These grant programs are ‘self-help’ programs for our students," says William Thygeson, CAHS director of student affairs and services.

"The hospital benefits because the program reduces the need for costly recruitment, orientation and training. The hospital is guaranteed a certain number of well-prepared nurses, all of whom have completed rotations there, and have some familiarity with the hospital’s personnel and practices. Also, the hospital staff can become acquainted with students when they are in the Department of Nursing. It seems appropriate that Nursing Service would consider the college as a prime source of qualified professionals," comments Thygeson.

Although similar programs exist, they were usually not established to provide financial aid. They evolved during a nursing shortage and were used primarily to enhance recruitment.

The emphasis of the CAHS Nursing Education Grant Program is on helping students who need financial aid, and providing a flexible work commitment. As students the participants have no special obligation to the hospital, but best of all, there’s a guaranteed job waiting.

"First jobs are hard to find now, even for nurses," says Hedi Shore-Brown, a nursing senior in the program. "I’m glad I won’t have to look for a job — especially since I’d have to do that around finals time."

And CAHS benefits too, “because it provides us with additional aid money,” says Thygeson. How? The Jefferson Hospital’s Department of Nursing Service provides the funding for the program, but as the nursing graduates fulfill their employment obligation, Nursing Service will be reimbursed by the University Benefits Program.

Though the program is need-based, it is also competitive, and only outstanding students are selected. To stay in the program, students have to maintain satisfactory academic records.

"If this program proves to be a success in nursing, we will consider similar grant programs for our other allied health programs," concluded Thygeson.
Nursing Alumni Association
Hosted by
Alumni Office and Department of Nursing

Members of the Nurses Alumni Association attended an Open House in the Department of Nursing on January 8, 1986. Dr. Mary Naylor, chairman of the department, welcomed the group. Following her remarks, she introduced Assistant Professor Sharon Renshaw, R.N., M.S.N., who is coordinator of the Learning Resource Center. Ms. Renshaw gave the alumnae a preview of what they would see when they toured the Learning Resource Center later that evening.

The center, located on the star floor of the Edison Building, was built in 1983. It was designed to help student nurses acquire special skills before they need to use them. The facility houses a 12-bed clinical unit and used for simulated patient-care sessions, and individual study carrels where students can practice their clinical skills or view instructional and audiovisuals without interruption.

Alumnae had the opportunity to chat with students and faculty members during the tour. Students demonstrated how they use the computers and clinical equipment to strengthen their skills.

Florence Roche, R.N., president of the Nurses Alumni Association, expressed her thanks to Dr. Mary Naylor and Mrs. Janet Waxman, assistant director of development and director of alumni programs, for their efforts in coordinating the nursing alumni visit.

"The tour of the Learning Resource Center for the alumnae was both eye-opening and educational," Ms. Roche said. "Our members thoroughly enjoyed the tour and the dinner. We were impressed by the students' enthusiasm in their demonstrations of their clinical skills. Such advanced technology in education as television and video cassettes plays a remarkable role in today's learning arena. The faculty was very impressed by the students' demonstrations of their clinical skills. Such advanced technology in education as television and video cassettes plays a remarkable role in today's learning arena."

Résumé of Minutes of Alumni Association Meetings

September 11, 1984—16 members present.

Committee reports were given.

Flowers were sent to Frances Pangburn, class of 1916, to honor her 98th birthday; and to Helene Weber, class of 1920, to honor her 90th birthday.

Scholarship was given to Joanne Farley, class of 1976.

November 13, 1984—17 members present.

Committee reports were given.

Flowers were sent to Alice Worthington, class of 1919 and Viletta Emig, class of 1923, in honor of their birthdays. The satellite committee will plan a program and select a date for a seminar to be held in the spring of 1985.

It was recommended and approved that we continue to give Christmas checks to our graduates who are sick or in nursing homes.

January 8, 1985—22 members present.

Committee reports were given.

The satellite committee reported that there will be an all day seminar on Saturday, March 23, 1985. Following the meeting, the group was invited to be guests of the Department of Nursing. We toured the teaching facilities, including the Learning Resource Center, located on the 12th floor of the Edison Building. We were also guests at a delicious buffet dinner, which was served in the department.

March 12, 1985—18 members present.

Committee reports were given.

The ballet was presented and accepted.

A seminar will be held on Saturday, March 23, 1985, the theme is "Challenge of Nursing in the Eighties.

Flowers were sent to Bonnie Bowman in honor of her 90th birthday and to Mary Godfrey in honor of her 93rd birthday. It was recommended and approved that the $1,000.00 bequest from the estate of Maude Metzger, class of 1934, be placed in the general fund.

May 14, 1985—16 members present.

Committee reports were given.

Flowers were sent to Henrietta Bigney, class of 1920 to honor her 94th birthday.

Four scholarships were given:

- Aileen Ishun MacMillian—class of 1976
- Catherine Glavey Dowhy—class of 1975
- Katherine Gillet Leslie—class of 1980
- Judith Ann Trueman—class of 1980

The Scholarship committee recommended and it was approved that scholarships be given to diploma graduates who are attending school on a part-time basis, working toward a degree in nursing. The only specification is that they carry a minimum of six credits a semester.

The seminar held on Saturday March 23, 1985 was very interesting and enjoyed by those present. The attendance was fair.

Report of the election as follows:

First Vice President—Janet Hinsdore
Recording Secretary—Betty Pieroel
Board of Directors—4 elected:
- Alice Boettner
- Doris Bowman
- Jeanne Holzbaur
- Dorothy Runck

A recommendation was made and approved that the Board of Directors handle any business that may come up during the summer months.

Respectfully submitted,

Betty Pieroel
Recording Secretary

ALUMNI OFFICE NEWS

On June 10, 1985, it was two years since we moved into our present office, room 105, Edison Building: time moves on and this past year has been a busy one.

Betty Pieroel and Peggy Summers have so generously taken over the running of the office for me while I have been recuperating from a total hip replacement, done late in 1984.

The names and addresses of all our graduates are on the computer and one of my aims this year was to have the maiden name of each married graduate included on the computerized listing, which is up-dated monthly. The computer list gets constant use and is often referred to as "the bible."

With the maiden names included on the computer list it will make it much easier to identify our graduates.

I am proud of our office, and it is a pleasant place to work. The plants on the window sill, facing Ninth Street, attract a lot of attention from passers-by.

You are always welcome, and of course, you are invited to visit the office. Located in room 105, Edison Building, 130 South Ninth Street, Philadelphia, Pennsylvania 19107. The phone number is (215) 928-6891. I am usually in the office every Tuesday, 10 A.M. to 3:30 P.M., and occasionally on Wednesdays. When I am not in the office, phone calls will be answered by the CAHS Alumni Office, room M-6, Jefferson Alumni Hall, 1010 Locust Street, Philadelphia.

Our office works closely with the CAHS Alumni Office, its staff, Janet Waxman and Carolyn Robinson who have been a great help to us, we value the good working relationship between the two offices.

The following Graduation Exercises Programs are missing—July 15, 1918, Spring of 1946, 1948, 1952 and 1956. If you do not wish to part with the original copy, we would be happy to have a copy made for our files and return the original copy to you.

SCHOLARSHIP COMMITTEE REPORT
1984-1985

The Scholarship Committee met several times during the year and we are pleased with the increased number of applicants and requests for information. We hope that this apparent interest in seeking additional educational preparation in nursing will continue and wish to encourage our graduates who are enrolled in a program leading to a degree in nursing to apply for scholarship assistance.

The following graduates of the School of Nursing were awarded scholarships:

Spring 1985
- Katherine (Gillen) Leslie (1980)

Summer/Fall
- Judith Troutman (1980)
- Catherine (Glavey) Dowhy (1975)
- Marguerite (Johnson) Domenick (1956)
- Patricia (Muzakas) Van Strain (1960)
- Doris E. Bowman, Chairman

Permission was given for reprinting portions of the following letters:

Graduates Appreciate Alumni Scholarships

To encourage our graduates to apply for scholarships sponsored by the Nurses Alumni Association, Miss Doris Bowman, chairman of the scholarship committee, would like to share with you excerpts from the letters of some of our recent scholarship recipients:

Kate G. Felix, a 1973 graduate who was recently accepted in a graduate program at the University of Washington, Seattle, shared her feelings with Miss Bowman. Because certain educational documents were not available for Ms. Felix, she had to take equivalency exams in order to be accepted. I passed the exams and I received some of the highest scores ever recorded by any nurse seeking admittance to the University of Washington's nursing program. My passing is the result of Jefferson's legacy of educational excellence and your efforts as director of nursing of Jefferson's program. At Jefferson, we were EDUCATED as nursing professionals. I have achieved my goals. Ms. Felix is currently a graduate student at the University of Washington. The program at the University of Washington has recently been recognized as the number one program in the nation, based on a study prepared by nursing deans in the United States.

I wish to express my sincere thanks and gratitude to the committee for granting me a scholarship that will enable me to complete my bachelor's degree in nursing. Though I realize the importance of continuing education, I will always cherish my basic nursing training received at Jefferson. I am, and always will be proud to say, I'm a Jefferson nurse, Kathy Glavey Dowhy, 75.

A 1956 graduate, Marguerite Domenick, has recently been accepted at St. Joseph's University. She recently thanked the scholarship committee for her scholarship. She writes: I will continue to support the Nurses Alumni Association, so that in the future other alumni will be able to take advantage of this wonderful opportunity.

COMMITTEE REPORTS
SATELLITE COMMITTEE REPORT

The Satellite Committee of the Nurses Alumni Association held its second annual seminar program on Saturday, March 23, 1985 in Jefferson Alumni Hall.

- Mary Naylor, R.N., Ph.D.
- Therese S. Richmond, R.N., M.S.N., CORN
- Judith Winterhalter, R.N., M.S.N.

Careers: Finding your niche in nursing
- Janie Brown Nowak, R.N., Ed.D.

Communication: Luncheon and Program
- Systems Theory: A Tool to Unify Professional Practice
- Ruth L. Levine, Ed.D., OTR

The response of those who attended was enthusiastic. However, due to the decreased number of participants and rising costs, the committee will need to address the feasibility of sponsoring future programs.

The committee is indebted to Janet Waxman, Assistant Director of Development and Director of Alumni Programs for CAHS and CGS for coordinating the efforts of the Program Committee consisting of Alice Chase, '52, Jacqueline Harris, '61, Dolores Heckengerger, '55, Sandra Payne Kerton, '68, Kay K. Kinsey, '63, Valerie O'Donnell, '64, Florence Roche, '56, Barbara Schroeder, '66, Grace Spena, '71. The committee is indebted to Janet Waxman for her continued support and commitment.

Respectfully submitted,
Grace A. Spena, R.N., '71

SOCIAL COMMITTEE

The annual luncheon was held May 4th, 1985 at Jefferson Alumni Hall. There were 315 in attendance. A business meeting was held in the Solie-Cohen Auditorium prior to the luncheon. The anniversary class of 1945 had the largest number present for the luncheon. The fiftieth anniversary class of 1935 were guests of the Alumni Association. Mrs. Verna Keiter Roberts, class of 1921 was the oldest member in attendance and was presented with a corsage.

Thirty states were represented at the luncheon. The flowers from the head table were given to Janet Hindson, class of 1950. Janet was a patient in Thomas Jefferson University Hospital on the day of the luncheon.

The annual luncheon for 1986 will be Saturday May 3rd at Jefferson Alumni Hall, 1020 Locust Street, Philadelphia, Pennsylvania.

A Prayer For The Mature

Lord, Thou knowest better than I know myself that I am growing older, and will someday be old.

Keep me from getting talkative, and particularly from the fatal habit of thinking I must say something on every subject and every occasion.

Release me from craving to try to straighten out everybody's affairs.

Make me thoughtful, but not moody; helpful but not bossy.

With my vast store of wisdom, it seems a pity not to grow older. Release me from the recital of endless details; give me wings to get to the point.

Seal my lips on my many aches and pains. They are increasing, and my love of rehearsing them is becoming sweeter as the years go by.

Teach me the glorious lesson that occasionally it is possible that I may be mistaken.

Help me to extract all possible fun out of life. There are so many amusing things around us, and I don't want to miss any of them. Amen.

Alice Casper Knight, 199 W. Vine Street, Apt. 42, Hatfield, PA 19440. I am 91 full and ballyhooed, but still drive my car and am active in local organizations. Just a little slower at everything.

Ruth E. Smith Davis, Box 75 Cos Cobunbury Village, Hockessin, DE 19707. I am still happy here at Cos Cob Village, we are a team of very well, either is still. Alice in Wonderland is to be added to the health care center, because we are living longer than expected.

Martha Clay Clark, 4206 Greenbriar Pike, Pittsburgh, PA 15212. I am still doing my “Joy” thing, but due to a fractured hip – this old age, but I take care of myself. Enjoyed hearing from old friends in the last bulletin.

Class of 1927
Martha E. Island, Logan Square East #482, 2 Franklin Town Blvd., Philadelphia, PA 19106. I moved to Logan Square East a year ago, this past June: it is a life care community residential. Everything is for our comfort, I enjoy living here. I have received a full recovery from hip replacement.

Margaret A. Carey, Box 974, Palisades Park, WA 98703. In early March we returned from spending four months in Mexico. I enjoyed each day. Without Helene, Martha, Berrie, myself and a few others the Association would never have had a rich of educational fund.

Filomena Telesca Doherty, Lions Head North, 36 Regent Circle, Brick Town, NJ 08723. Nothing more exciting than reaching the wonderful age of 86 on February 20, 1985. I am feeling great, I worked it all out.

Isabella R. Kevel Herety, 421 Burns Drive, Springfield, PA 19064. Frances Bater Crossman, 147 Prospect Avenue, West, PA 19309. My husband Marvin died suddenly of a heart attack two years ago.

Mary L. Stilzod Clough Len (Dennis), 301 McEachern Street, Baltimore, MD 21217. In January 1986 (at the age of 81) I was married to Reuben Len, a retired Westinghouse Electric Engineer. Of my three children, one is a nurse living in Dallas, another medical affairs director for American Cancer Society. My younger daughter is living in York, PA, and deep into the computer. My son, Eric, the oldest is a doctor in the hospital.

Helen V. Oetdorff, 139 North 2nd Street, Lewistown, PA 17043. I have a low anterior resection and splenectomy, due to diverticulitis and perforated bowel, slow recovery. I love my all friends at ‘Jeff.’

Elva Engel Welsh, Box 383, Rt. 2, Emlenton, PA 15331. My skiing is getting worse but I still get around using a walker and a cane. I have my new “plinkers” uniform, apron, bow, and cuffs, to the Alumni Association; they will be placed in the nursing archives.

Class of 1931
Emma B. Balogh, Ridgemont Ave. 617, 20 Kodak Road, Salem, MA 24313. Looking forward to our 55th anniversary in 1986.

Dorothy T. Peterson, Paul’s Run Apt. A-239, 8906 East Avenue, Philadelphia, PA 19115. I have returned to Philadelphia and am now living in a house with a “life-time care place.” I would enjoy hearing from the classmates.

Mary Taylor Lawley (William B.), Route 1, Box 592, Lackawanna, PA 20440. Still and enjoy a contented, semi-rural life, with gardening, golfing and community affairs filling my time. Our 3 children have provided us with a total of 6 grandchildren. Hope to get there in June 1985.

Virginia Emme Lee, 1749 Edgewood Hill Circle, Hagertytown, MD 21740. Just waiting to attend our 55th anniversary next year.

Marie Hays Debellato, 78 South Welles Street, West, PA 18072. Hello to everyone.

Mary R. Crowe Martha (Joseph), 25 Grandview Avenue, Pipersville, NY 10520. In September 1984 I had a total hip replacement done. Thanks and praise to modern medicine! I can now walk, drive my car, and feel like a new person.

Dorothy Miles Young, 2714 Broad Street, Eton, PA 20042. Sorry I am still unable to attend the luncheon this year. Hi to all my classmates, I wish them well.

Adeline Ruth Miller (Benjamin), 6074 Glen Avenue, Green Dale, MD 20114. I just had a knee replacement with all of you very heartwarming, we hope all are still keeping well, happy and healthy, wherever you may be. My other parent is English, is being discussed as well as family trips in the U.S.A. Chicago.

Mildred Garman Jefferes (Arthur W.), 306 West 19th Street, Ship Bottom, NJ 08008. Recovering after a long spell with hip surgery. Best wishes to all. I am sorry I could not attend the luncheon this year.

Emma Philander Kelly (Hagen), 110 Burnmont Drive, Drexel Hill, PA 19026. Nothing new to write about, I’m still very active. There are many more wrinkles in my face and arms.

Martha Lang Garver (Charles), 228 N. Norbeth Avenue, Norristown, PA 19402. We are still well and happy. Enjoying our two grandchild’s Andy is 8 years and Elizabeth is 5 years. Doctor Garver retired and is busy keeping our grounds in flowers and shrubs, a nice hobby for him.

Elizabeth H. Romsick, 12 W. Gardina, Bowling Green, KY 42107. I was saddened to learn of the death of three of my classmates. (Carylon Olin, Nellie and Mrs. Smith) I would have been so happy to attend all three. I enjoyed the bulletin, to me it is very interesting.

Marion Pollett Carby (Jim), 2513 Kings Drive, Lewes, DE 19958. No special news just reading the “Jeff” bulletin and doings of my classmates. Hello to all.

Chloe B. Swisher Erikson (Arthur N.), 1836 Salem Road, Colonia Park, Wyncote, PA 19095. We have two sons Lee and Nils, and three grandchildren. In 1985. Lee 16 years. Tor 15 years and Toril, 13 years. Nils and family live in Vermont and Lee and family live in Bordens, PA. It is a busy place, Doctor. I received a 50 year aquatics plaque in March from the Pennsylvania Medical Society.

Lois A. Deane Kirls (Paul J.), 2250 Locust Lane, Allentown, PA 18101. I have the greater part of the past 2 years in the hospital for a heart condition.

Wallace Pomason Murray, 3575 Old Freepoint Road, Natrona Heights, PA 15065. Nothing new to report on this front, and I am developing a few more aches and pains. Take care Betty Priest and the best of health to you as you continue to serve Jefferson in so many ways.

Ellen F. Plott Volensky (Howard), 8 K-Townhouse Road, Broad Brook, CT 06617. Howard had a heart attack in August 1984, and I live here now. I am busy living each day as it comes. Sarah is chief therapist for oncological unit at University of Massachusetts Medical Center, Worcester.

delighted. I’ve given up thoughts of nursing and have started a small business doing hand knitting. I’m known as “Anne-Loons by Jane”. Quite a switch. My 50th reunion is in May of 1984, so reasons for visiting in the East are slowly disappearing.

Dorothy Ann Pauster Gorham (William A.), 403 Atwater Road, Broad限定, PA 15821. My classmates and I have enjoyed the past twenty-five years, bringing us to a 25th reunion in 1984. It was a wonderful time reminiscing, and I am very grateful for the opportunity to participate in this event.

Carolyn M. Resseger Goepfert (Joseph), 30 Miller Avenue, Southampton, PA 18966. I’ve been a nurse since 1955, starting my career at the United States Army Health Services at Denver, Colorado. Since then, I’ve had the pleasure of working in various health care settings, primarily in outpatient and inpatient settings.

Sarah D. Babbitt Rhoads (Edward), 200 Rhode’s Avenue, Saltin限定, PA 17170. I’ve been a nurse for 45 years, and I’ve had the privilege of working in various settings, including hospitals, clinics, and private practice. My career has been both challenging and rewarding.

Delores L. Mann (Marian), Class of 1961, 2224 W. 9th Street, Philadelphia, PA 19149. We are enjoying our grandchildren, Richard Tustin II and Lauren Williams Tustin, born May 1, 1985.

Nancy L. Breitling (George A.), 988 Bellaire Lane, Rockledge, FL 32920. A real good year for us is when I’m tickled blue with my first grandson Joseph Hans Williams (George A.), born in May 1985. I’ve had a quadruplet cardiac bypass in November 1984. Quite an experience, but I’m still going strong.

Barbara L. Lynch Hummer (Thomas), 110 Railroad Street, Danville, PA 17821. We have one daughter and one son married, our youngest son is in high school. I am still very involved in scouting and local school activities.

Shirley K. Vizzard (Joe), 2800 Eads Avenue, El Paso, TX 79903. I’ve been working in the area 4H office since 1975. In this maternity and rehabilitation function, I’ve been able to make our 30th reunion.

Greasing the Aschenbach Baker (Theodore), 3414 Linwood, W. Oshkosh, WI 54901. I continue to be active in nursing as a supervisor for our local visiting nurse association. My husband and I have six children with only one married and one grandchild. I see my future as continuing in this profession and keeping a step ahead. I thoroughly enjoyed our reunion “get together” with our classmates at the Marriott.

Grace Wilt Becker (Alfred), 2579 Antler Drive, Doylestown, PA 18901. We have one daughter and one son, the oldest is 21 and a senior in college.

Joy D. Bouchard (Kenneth), 505 Belleview Drive, Conshohocken, PA 19428. I’m still involved in nursing, and I’m very active in the Daughters of the American Revolution.

Margaret Grace David (George), 321 Bala Avenue, Bala Cynwyd, PA 19004. Megan, age 14, will be entering high school in the fall, and Jim, age 7, finished first grade this year. George and Mary have formed an insurance agency partnership to continue for growth, for which we are grateful. I have maintained my love for art, yet to further my art career, I would love to continue to develop my skills. I am very grateful to the Jefferson Committee and the “Hello Hospital” program for first grade students attending Philadelphia Public Schools. I have also fallen in love with tennis, and I have a tennis above to show for my efforts. I spent a week skiing in Utah with Pati White Block and husband Bob, class of 1968, and my sister, Diane, class of 1971, and we met our neighbors when we moved two and a half years ago. For the record—they both look pretty good, better than they were if it’s that possible! My best to all!

Barbara Nasa Anderson (Robert), 907 Bayler Drive, Newark, DE 19711. Bob was recently promoted to lieutenant colonel. He spent an interesting summer, 1984, at the American Embassy in Sana, Yemen, age 12, was selected for the John Hopkins talent search. David, age 8, enjoys soccer. I am working in MICU at the Medical Center of Delaware.
