Dear Alumni:

This has been a pretty good year, despite the fact we had no one to fill the pending vacancies. Our treasury
is solvent and we have a fair cushion to fall back on. The Relief Committee could help eight of our Alumni who are
having difficulties and the Bulletin was better than ever.

We have two satellite groups that are active. The Harrisburg area meets five times a year and the Western
South Jersey area meets once a year. There are nibbles from other areas, but nothing has taken hold.

We do believe that the satellites are a means of continuous contact with the Board of Directors as minutes of
the meetings are sent to the chairman. The satellite meetings also help to identify our members who are in need
of assistance from the Relief Committee. This is of great importance, if we can help each other we are truly a
membership of nurses in the best sense of the word.

The most troubling aspect of our organization is the lack of participation. We’re well aware of the reluctance
women have about coming into Philadelphia late in the day. We have toyed with the idea of a Saturday meeting
during the Fall. Then comes the question “Where could we meet?” Jefferson Hall is for students, and in the Fall
classes are full speed ahead. The room we use for the Luncheon is where the students have their meals, and is in
use most of the day. Also, there has been no feedback from the members that they would want a Fall meeting.

The luncheon this year (1993) had the smallest attendance in a number of years. Then we realized there
were no more 10 year anniversaries. We have entered the 15 years. But Mildred Kroupa Okunishi, class of 1905
was there again. She has been the representative of the earliest class for the past several years. It is always a
pleasure to see her beautiful face when she comes forward for her corsage. Jefferson School of Nursing has the
most beautiful nurses in the world!

We have received a 1925 CLINIC, published by the Medical College. The book includes the Department of
Nursing. We thank Alyce Casper Wright, 1926 for donating the book, and Martha Willing King, 1935 for presenting
it to us the day of the luncheon.

Respectfully,
Alice C. Boehrer, RN,EdD

I have recently been notified that I have been awarded the School of Nursing Scholarship. I would like to express my deep appreciation for the support of the Association. I am a student in the Generic BSN Accelerated Evening Program. I am employed as an Executive Assistant for a Center City firm that is involved in manufacturing operations and real estate investment. Some of my major areas of responsibility are: risk management, profit sharing plan administration, personnel, etc. I have formerly worked as an accountant for a software company and an automobile dealer with supervision duties. As a student, I believe part of the learning experience is to become involved and, therefore, I am student government representative and member of the Curriculum Committee.

In 1990, I made a decision to pursue a long held dream of becoming a baccalaureate nurse. The evening program was the only way I was going to accomplish this due to the fact that since I maintain a home for my daughter and myself, I am not in a position to leave my job (or accept part-time employment). The decision, in 1992, to attend Thomas Jefferson University was filled with uncertainty because of the financial implications. The scholarship that has been awarded to me goes a long way toward relieving the burden. It is particularly heartwarming because, as an older student, I was fearful that no funding would be available to me.

As a non-traditional student, it is difficult balancing the responsibilities of school, home and work. It is through, not only the emotional support of family and friends, but the generosity of people such as you, that many of us are able to accomplish our goals and, hopefully, give something back in the future. Thank you.

Yours truly,
Alice Drumm
Thoughts for you to ponder

Abe Lincoln walked 20 miles to borrow a book. Now they close libraries to celebrate his birthday!

The best thing about the future is that it comes one day at a time. Even if you are on the right track, you'll get run over if you just sit there!

The three essentials of happiness are something to do, someone to love, and something to hope for. There is no tranquility in the world more effective than a few kind words.

Our duty is not to see through one another, but to see one another through. Blessed are those who give without remembering and receive without forgetting.

The time to make friends is before you need them. Joy shared is joy doubled. Sorrow shared is sorrow halved. Faith does not demand that we win, it does demand that we keep trying.

If you think education is expensive, try ignorance.

Some things are loved because they are valuable; others are valuable because they are loved.

It doesn't do any good to sit up and take notice if you just keep on sitting.

The measure of a man is not how tall he is, but how much his neighbors respect him.

We need some clouds in our life to have a beautiful sunset.

Minds are like parachutes...they function only when open.

In the midst of everything, take time to love and laugh and pray. Then life will be worth living, each and every day.

Success is relative...the more success, the more readiness!

Only a fool tests the depth of water with both feet.

When there's work to be done, turn up your sleeves, or pray, you're too busy to do the work.

There are three kinds of bone in every organization.

There are the WHIS-BONES, who spend their time wishing someone else would do the work.

There are the JAWBONES, who do all the talking, but very little work.

There are the KNUCKLEBONES, who knock everything anybody else tries to do.

Finally there are the BACKBONES, who get under the load and do the work.

What kind of bone are you?

Seize the day

Life goes on even though I have Multiple Sclerosis. I have been in a wheelchair for 16 years, with no bad spots ever. This can be attributed to the good care received from health care aides and my nursing experience which has helped me to direct them.

One day at a time

When people who are from 7 to 9 p.m. health care aide enters my studio apartment, she very often begins singing, "Good morning dear teacher, good morning to you..." a refrain we all remember from childhood days. It seems almost every day I hold a teaching session, either about my own care or some medical problem of hers or her immediate family.

Teaching still is very dear to my heart. In the past, I tutored graduate and practical nurses who had not passed the State Boards. Everyone I tutored has gone back to pass her exams. I miss tutoring people. But it is so time consuming just to meet life's necessary situations that I can tutor no longer.

On the duties of my morning home health aide. The articles that were placed on my bed the evening before by the 4 p.m. to 7 p.m. health care aide are removed. They include: hand exuder grabber, facial tissues, reading glasses, pads, current book, pampers, a few chucks, Jean Nate powder and spray, an emergency alarm in a red zipper bag, the TV guide and the TV remote control. These items allow me to be comfortable while I am alone through the night.

Because I am alone through the night, a woman comes in for a short period to reposition me, refill liquids, and see that the telephone is within my reach.

I continue to report that the Hoyr Lift is a necessary part of my life. My health care aides have mastered this contraption. I sit on a canvas with holes on each side where hooks are attached to a hydraulic lift. I am pumped up into the air and into my bed, or from my bed into my wheelchair.

Transportation is vital

Ten years ago, I needed no wheelchair lift, since I was able to hold on to the door of the cab and sit next to the driver in the car. The wheelchair was folded up and tossed into the trunk. Today my sources of transportation are: Septa Paratransit and Metro (Yellow Cab Van). And my friend, Harry, whose personal van is equipped for the handicapped.

Because of these services I am able to get around the city, with pleasure indeed.

Septa Paratransit, of which I am a member, offers rides anywhere within the city limits. They accept Septa tokens to and from a destination for me and my home health care aide. But since the American Disability Act became law last month, it is no longer necessary for my assistant to pay a fare.

I am not allowed to leave the city with Septa Paratransit, although I travel far along their routes, such as junkets to Neiman-Marcus Mall, Roosevelt Mall, or Andora Shopping Center. However, my friend, Harry, has driven me on many out-of-town trips. Last summer he drove me to the beach to meet with my family for a seafood lunch in Avalon, New Jersey. Traveling with Harry (who is also in a wheelchair) is an interesting experience. He manages to get in and out of the van by himself, but I need help to be lowered on the lift.

Because I thought it might prove helpful, one Saturday we drove to Edison, New Jersey to the Fanistan Exhibit Hall to see the disability exhibit. We learned about the new van service called WHEELERS ACCESSIBLE, designed to make traveling easier and less restricted for wheelchair users. I had the pleasure of riding in one of their mini vans which has no lift. Sitting in the wheelchair, you just shoot into the side of the van, turn to the windshield, and are sitting next to the driver. It's a fantastic, normal feeling! So much better than being strapped and locked in the wheelchair in the back of a van.

This new van service is offered in the United States, but has not come to Philadelphia yet. When it does, the van service can be called daily or weekly at reasonable rates.

A few favorite memories

A delightful outing with Harry and a home health aide was a trip to watch square dancing. Fun-loving people, from age 18 to 80, danced with their hearts and souls. The women in colorful outfits and their partners in blue jeans did a good glee. Amazingly, I was approached by several people who informed me that they are starting square dancing classes for people in my situation. I bought a book, which has printed information regarding classes in the Philadelphia area. I'm afraid this is something I must back away from entirely. MS is a robber. It has robbed me of the great joy of dancing.

The past, I was a good dancer. There was nothing like jitterbugging or having a partner with his arms around my waist as we danced to Misty. Now when I hear appealing music, I dance to it by tapping my left foot. Several years ago at the Shubert Theater (now the Marriam Theater) in center city. I sat at the top of the aisle to see "Sugar Babies." I was in awe of the scenery backstage to Mickey Rooney and Ann Miller, the stars. Later, Mickey Rooney's manager appeared and said, "Are you Virginia Morey?" Mickey would like to meet you, and I suggest you stay right where you are until the matinee crowd has left the theater." Soon Mickey Rooney came across the stage and yelled, "Hello, Vivian!" Then he walked to the back of the theater, planted a kiss on my cheek, and presented me with an autographed playbill and a huge glossy photo of himself. He told me that Ann Miller would have liked to say hello but was not up to it that day.

As I look back, I am often reminded of the ways Multiple Sclerosis is a robber. Twelve years ago, I was able to meet

Loretta Suber Heyduk, 71, R.N.C., M.S.N. has been an appointed director of the recently created Division of Partial Hospital Services at Friends Hospital. This division encompasses all partial hospital programs of the private psychiatric hospital, including a Day Program for adults at its main Northeast Philadelphia campus and the Passage, a partial program for adolescents located in the Centennial School District in Warrington, Bucks County. Under her leadership, the hospital is also developing additional partial programs at its main campus, including a program for the elderly and another for adolescents. "Changing patterns of delivery of mental health care have resulted in a much greater emphasis on ambulatory or outpatient programs," comments Malcolm Strickler, M.B.A., acting CEO of Friends Hospital.

Loretta, a resident of Northeast Philadelphia, has worked at Friends Hospital since 1971 in key nursing management positions. In 1984, she helped create and was appointed senior nurse coordinator for its Day Program. As director of partial hospital services, she is responsible for planning, marketing, and managing daily operations of all the hospital's partial hospital programs, including supervising program coordinators.

She holds an M.S.N. in nursing with concentration on nursing administration from Villanova University, a B.S.N. in nursing from LaSalle College, and in 1971 a diploma in nursing from Thomas Jefferson University Hospital School of Nursing. She was certified in psychiatric and mental health nursing by the American Nurses Association in 1985.
a friend for the maine He performed of "Chorus Line" in center city. At that time I could transfer to an end seat, and a friend led us the wheel chair and pull it in the back of the theater. This no longer can be done. Nevertheless, I have a new electric chair which allows me much more inde­pendence. I no longer need to be pushed by anyone. I just press my joy stick, say goodbye, and I proceed! The battery must be charged every night. It's interesting to see the airplane pilots use a joy stick mechanism to fly the planes.

The Cuban Missile Crisis
Coverage of the anniversary of the Cuban missile crisis left an impression on me this year. It was hard for me to believe that 30 years have gone by since this crisis. I met a naval officer after it took place, and he said that "they had orders to shoot." We were all on the verge of extinction the next day. Only because of President Kennedy's wise decision, and his agonized choice, was the world saved from nuclear warfare. I'm happy to write this article 30 years later.

A Military Honor
During World War II, I was an Army nurse based overseas for two years. Today there is the Women in Military Service for America Memorial, authorized by Congress and sup­ported by the Department of Defense and the Department of Veterans Affairs. However, money must be raised through private donations. A dear friend of mine honored me by mak­ing a private donation on my behalf. And my photo and a sum­mary about my service record is now included in the computerized database memorial register.

The memorial for Women in Military Service is at the gate­way to Arlington National Cemetery. The Memorial includes a reflecting pool, a grand statue and a skylight. Should you visit there, you'll be able to learn about Vivian Moyer's years as an Army nurse by "punching up" my name on the computer.

Church Ties
Whenever I go to church, the Reverend Edgar G. Adams, and his assistant, the Reverend Lynne A. Grillo, always deliver a meaningful and encouraging message. Pastor Lynne is a great help to me, and I'm always inspired by Pastor Adams' message.

My Family
My niece, Laurie, (an attorney) is married to Rob Gunther (an attorney). My younger niece, Becky, (a banker) is married to Andy Bickel (a banker). My niece, Russell, age 11; My nephew, Paul, age 9; and Allison, age 4-1/2. We have delightful visits about once a week when Pat, the babysitter, brings them for pizza and a play session. For an hour or more, they love the computer and the active competition of shooting basketballs into the hoop on the toys above the keyboard. I learned something like a new doll to please her and we tell each other all kinds of imaginative stories. When the boys are busy with chore practice or swimming lessons, Pat brings only Allison for lunch that week, and Allison says, "No boys, no noise!"

My younger niece, Becky, (a banker) is married to Andy Bickel (a banker). Their three children are Margaret, age 6-1/2; David, age 4-1/2, and baby John, age seven months. They visit on weekends, and the toy box in my apart­ment remains of great interest. I'm amused at the lingo I've picked up from the children—"radical," "cool." The children tell me what they are learning in school, who their favorite teachers are, and how they han­dle their homework. You can be sure I'm crazy about all the children, and they tell me they love their "Auntie." Sister Ceci pops in and out for visits, and we see a lot of each other. It's a good feeling to know that my sister, my nieces and their husbands are by and that we can enjoy many visits through the year.

Vivian Moyer
Notes from the Nurses Alumni Association Bulletin, School of Nursing, College of Allied Health Sciences, Thomas Jef­ferson University.

Vivian Moyer graduated from Jefferson Hospital School of Nursing in 1943. Her clinical experience was wide and vari­ety. In addition, she served in the Army Nurse Corps World War II and spent 18 months in a general hospital in England. In 1953 she received a B.S. in Nursing Education from the University of Pennsylvania, after which her teaching career began. She taught Medical and Surgical Nursing at Phila­delphia General Hospital, Jefferson Hospital School of Nurs­ing and Pennsylvania Hospital School of Nursing.

VISIONS OF ART
"He's a brave man," the clerk at the counter said. "Most of us would give up if we were blinded at such a young age." During his recovery, he may not be able to lead the life he dreamed of. So, as before, he and his wife come in whenever there's a new show. One time they bought a magazine, then a new one, and decided she was doing the talking. I admired his patience, for putting up with her constant parade of words. Distracted by her noise, I moved on.

I encountered them several times as I moved through the various rooms of art. Each time I heard her constant gush of words, I marveled at how he had not changed. I was standing at the corner of the museum gift shop making a purchase when the couple approached the exit. Before they left, they held hands at the coat and pulled out a white object. He extended it into a long cane and then hopped his way into the courtroom to get his wife's jacket.

PSYCHOLOGY AND NURSING
a healthy Union

When asked to write on what I do, I eagerly agreed to the writing of the love I have for all things professional in medicine. Now, many months later, as I note I've not even structured my thoughts on the topic. I ask friends which "why and where to begin?" Funny, it isn't, how ease dimin­ishes as the words come due, and the blinding cursor implies urgency. Out steps one little judge saying, "Oh DO get on with this, would you?" While another asks "What of REAL consequence DO you do?" or some such. Not always kind, these internal judges.

Which brings me to the matter at hand, so to speak. Half­time employment by the University of Washington at Harbor­view Medical Center in Seattle includes a faculty appoint­ment as a Clinical Assistant Professor in the Psychiatry and Behavioral Sciences.

A small part of my responsibilities at Harborview includes educating new staff, medical students, and residents about the Involuntary Treatment Act (ITA). However, the bulk of my work there is as a forensic psychologist (court evaluator) for ITA patients.

During their first 72 hours of detention, my job is to evalu­ate the patients to see if they have a mental disorder and, if so, to determine if treatment is essential and, if so, if they will be a "good faith" voluntary patient or need a court order for further detention. If a court order is indicated, I file a petition with the Court. Since the patients have the right to a hearing prior to detennion beyond the 72 hours, I often end up before the Judge testifying as to the mental disorder and the patients need further involuntary psychiatric evaluation and treatment.

Other court evaluators in the Harborview system are licensed psychologists as I am, however, being a Registered Nurse gives me the additional advantage of being able to testify in court as an expert witness on medical matters rela­tive to those patients who are gravely disabled due to a mental disorder. After 10 years at Harborview, it is still the best job I've ever had, in that it provides the opportunity and stimulus to keep me forever at the cutting edge of psychiatry, medicine, and the law. Besides, assessing ITA patients has quite a bit of impact in providing psychotherapy with people like you and me.

As a psychologist my employment is my private practice as a psychologist in Bellevue, Washington. When the occasional patient there says, "I know you're gonna think I'm crazy..." It's quite natural to assure them that they are NOT "(Trust me, I work at Harborview. That's where I know from crazy.)"

Cognitive Behavioral Therapy is my treatment modality of choice. Stress management and psychokinesiology/immuno­logy are major areas of emphasis in my work. I've attempted to sort out whether I chose these as a major line of personal definition, or whether I was forced to it (including three dec­ades of dealing with a child born with meningomyelocele and hydrocephalus)...or just came by it naturally because of a bent toward the science of life. In any case, once again my nursing background comes pretty exciting to provide a kind of psychotherapy which helps others maximize their own internal resources in deal­ing with physical, environmental, emotional, and other stressors.

These things plus reading, writing, making tapes of Relax­ation Technique (and/or imagery), occasionally lecturing, and presenting workshops on stress management have been pretty rewarding. The combination of nursing, music and clinical psychology is one I can strongly recommend. (Tell THAT to the little judges within!)

Joyce Shaffer, Class of 961, Diploma School of Nursing.

A PRAYER
Give us, Lord, a bit o' sun, a bit o' work and a bit o' fun.
Give us in all the struggle and sputter, Our daily bread and a bit o' butter.
Give us our health and our keep to make.
And a bit to spare for other's sake
Give us, too, a bit of song.
And a tale and a book to help us along.
Give us, Lord, a chance to be Our good deeds, our acts and words, free.
Our goodly gift, so please our others Till all men learn to live as brothers.

Alumni Office News

The Alumni Office continues to be a “beehive” of activity. It amazes us the number of requests we get, either by phone and/or letter or in person, and we really go the “extra mile” to provide a satisfactory answer.

BIRTHDAYS — By the end of 1993 flowers and/or birthday cards will be sent to 42 of our 80 and over graduates, more if we learn about their birthdays. If you are 80 or more (or if you know of a graduate who is in this category), please send the following: Name — first, maiden, married. Year of graduation. Birthday — month, day and year. Social Security number and telephone number.

COMMITMENT TO EXCELLENCE — If you did not receive a copy of this book when the School of Nursing closed in 1982 and would like a copy, (no charge) let us know and we will be happy to send you a copy as long as our supply lasts. The book is the history of our school from its beginning in 1917 until the closing in 1982.

CAPS — We have 22 caps left, we ask a $5.00 donation plus $1.00 for handling and postage.

MOSKOWITCH — We wish we had a 1953 and a 1967 Nosokomos “beehive” (if you know of a graduate who is in this category) , please send the following: Name — first, maiden, married. Year of graduation. Birthday — month, day and year. Social Security number and telephone number.

RELIEF FUND COMMITTEE

Jefferson Diploma Nurse! As you know, we, the Jefferson Nurses’ Alumni Association, have a Nurses “Relief Fund Trust”. This trust is available to assist graduates of the School of Nursing (Diploma Program) and the White Haven School, who are ill, disabled or in need of additional support or maintenance.

Please let us know if you, or another graduate needs assistance. The preliminary application found in the back of the bulletin can be sent to the Alumni Association. A second application will be sent to the applicant by the committee.

When completed and returned the committee will evaluate the request, and the applicant will be notified as soon as possible. The amount of assistance is determined by the committee. All information on the application is confidential.

This past year we have been able to assist eleven of our graduates. Some receiving a monthly stipend, and others a one-time gift.

The Relief Fund Committee also sends monetary gifts at Christmas time to those graduates known to be home bound or in a nursing home. Birthday flowers are sent to our graduates who we know will be celebrating their 80th or over birthday.

Lorraine McColl
Chair, Relief Fund Committee

BULLETIN COMMITTEE

The committee wishes to thank all of you who have in any way contributed to the 1993 Bulletin. We hope you enjoy reading it.

Again, we ask you to forgive any misspellings and/or other errors. We try so hard to have everything right, perhaps we try too hard.

Please continue to send interesting bits of news about you and your family. If your job is unusual, we do want you to be writing a plausible story, short article about it. We need material for our 1994 bulletin.

Remember — the bulletin is only as interesting as the materials we receive from you our fellow graduates. Thanks again for all your help.

PLEASE NOTE
THE BOARD OF DIRECTORS OF THE NURSES' ALUMNI ASSOCIATION MEET WITH OUR ATTORNEY ANN LOFTUS ON MAY 27, 1992. THE SCHOLARSHIP FUND (A RESTRICTED FUND) WAS REVIEWED. HOWEVER, IF THE RELATIVE OF THE GRADUATE PLANS TO ATTEND JEFFERSON'S NURSING PROGRAM, A SCHOLARSHIP COULD BE GRANTED, PROVIDED ALL OTHER REQUIREMENTS ARE MET.

THE BOARD OF DIRECTORS

SOCIAL COMMITTEE

A splendid breezy spring day and the Jefferson Alumni Hall comprised the setting for the 60th Annual Nurses' Scholarship meeting and luncheon. The date was May 1, 1993. The mood was upbeat.

The meeting took place at 10:00 A.M. in the Solti-Cohen auditorium. The main topic was the Campaign 2000 donation to Thomas Jefferson University. The discussion was thought provoking. A decision was delayed in favor of additional thought and information gathering.

The cocktail/social hour was in the Eskin lounge with luncheon guests socializing in the lounge and the West courtyard. Many cameras were being used. The surroundings made a beautiful background for the groupings of smiling faces.

There were approximately 330 luncheon attendees. The spirit and enthusiasm of the alumni were evident as the constant buzz of conversation, laughter, and hugging was everywhere. The luncheon gifts of pens and notepads came in handy as women exchanged telephone numbers and addresses while preparing to keep in touch.

Three corsages were presented to the members of the class of 1925, 1927 and 1929. Mildred Kroupa Okunishi, Filomena Tirrachia Doherty and Mabel C. Prevoat were invited. I want to pass on their gratitude to everyone for thinking of them in a special way.

Baccalaureate students were a delightful help in expertly checking everyone in. The registration desk activities went very smoothly and students will be invited to assist us again next year.

Every year is an anniversary year for class members but the traditional 25th and 50th anniversary classes seem to burst with special joy as their year was called by President, Alice C. Boeheft during the comment portion of the luncheon.

The luncheon planning committee was energetic as they planned the meal, gifts, flowers, and all the special needs of the day. The committee members, Jeanine Kane, Vera Padell, and Hope Russo Schooley, and I were greatly helped by Janet Hinds, Betty Persol, and Peg Summers. Janet, Betty, and Peg offered their words of experience and fought off any problems before they developed.

I offer my sincere thank you to each of the official and ex-officio committee members. The festivities were better for your contributions.

The 61st Annual Luncheon is planned for May 7, 1994. The Committee and I will be planning the activities and look forward to seeing you.

To stay in one's life is ARE WORTH

REMEMBER, OLD FOLKS ARE WORTH.

a fortune, silver in their hair, gold in their teeth, stones in their blood, gas in their stomachs.

I have become a lady since I saw you last and a few changes have come into my life since then. Frankly, I have become quite a frivolous old gal. I am seeing five gentlemen everyday.

As soon as I woke up, WH Power helps me get out of bed. Then I go see John. Then Charlie Horse comes along, and when he is here he takes a lot of my time and attention, without excuses, Arthur Bills shows up and stays the rest of the day. He doesn't like to stay in one place very long, so he takes me from joint to joint. After such a busy day, I'm really tired and glad to go to bed with Ben Gay. What a life!

P.S. The preacher came to call the other day. He said at my age I should be thinking about the hereafter. I told him, "Oh, I do all the time. No matter where I am, in the parlor, upstairs, or in the kitchen, I am down in the basement, I ask myself — "now what am I here for?"

THINKING OUT LOUD!

Before you decide to give someone a piece of your mind, be sure you can get by on what you have already decided.

Too many people stop looking for work after they find a job.

Tolerance is the ability to keep your shirt on when you're hot under the collar.

Medical science has progressed to the point where the human body, with proper care, will last a lifetime.

Emma Phoebe Kelley (Warren), 1110 Burmont Road, Drewel PA 19026. Things are the same. I must to all my classmates.

Adeline Ruth Miller (Benjamin), 6704 Glen Avenue, Glen Dale, MD 20719. I'm sorry that missed our 60th reunion in 1992, it was good to attend the luncheon this year and get the latest news of Kit and Kirk.

Hazel Gregory Bidwell (Gordon), 214 Stonybrook Drive, Norristown, PA 19403. I'm glad to have met you at the reunion in 1992. I would like to relinquish other volunteering because of my husband's health.

Ellen Cathleen Butler (Simpson), 130 South First Street, Columbia, PA 17501. I have been in the hospital and a nursing home since July 11, 1982. I'm slowly improving.

Rose A. Salgrod Dodson, 518 Hillside Drive, West Chester, PA 19380. Rose's son Robert wrote the following. — Rose had a duodenal ulcer operation in November and had these problems (corneal failure) in February. She is doing better now as her daughter Nancy is nursing her back to health.

Carolyn Jones, 431 John Anderson Drive, Ormond Beach, FL 32176. I hope I'll be able to attend the luncheon next year. I do miss my classmates and friends.
