## **Events and Opportunities**

### Department of Health Policy Offers Physician Fellowship in OUTCOMES RESEARCH

For over a decade, the Department of Health Policy (DHP) has offered outcomes research fellowships for Doctor of Pharmacy (PharmD) graduates. Through the program, fellows learn to design, implement, and communicate the results of outcomes research studies and develop an understanding of policy implications.

In 2004, DHP partnered with GlaxoSmithKline to offer a physician outcomes research fellowship. The program consists of two years of post-graduate training. During the first year, the fellow will work under the mentorship of Dr. Nash at our office in Center City, Philadelphia. The fellow's primary role will be to serve as a member of the DHP Research Group. The fellow will also be encouraged to take classes in epidemiology, biostatistics, research design, and health policy and will have the opportunity to attend and present at DHP's short courses, research meetings, journal clubs, health policy forums, and sponsored educational programs. Writing skills will be developed through publication of the fellow's research projects and authorship of articles for the peer-seviewed journals. During the second year, the fellow will work as a researcher within the Global Health Outcomes department of GlaxoSmithKline, located in the Philadelphia area. A competitive stipend is provided.

Recruitment is underway for the 2006-2008 fellow, who will begin in June 2006. Applicants must be U.S. board eligible or already have U.S. medical licensure. Experience in health services research and/or health policy is preferred.

To apply, please contact Laura Fizzi, PharmD, MPH, Associate Director of Research, at 215-955-1159 or laura.pizzi@jefferson.edu.

## Department of Health Policy Seeks ASSOCIATE DIRECTOR OF RESEARCH

The Associate Director will assist the Program Director in coordinating the planning, implementation, management and presentation of the Department of Health Folicy's (DHP) research program. The Associate Director will represent DHP in meetings with clients, potential clients and research colleagues. In addition, the Associate Director will provide supervisory support to the research staff and develop and direct selected projects.

Position Requirements: Applicants must possess doctoral degree, or equivalent, in a dinical, or health-related field. Must have significant experience in the conduct of health services, research and outcomes research, in addition, applicants must have a thorough understanding of the LS health care system, medical and pharmaceutical care, study design and statistics. Experience with proposal development, research project, implementation and reporting is required. Knowledge and experience within the pharmaceutical inclusing, new product development, managed care, outcomes research, marketing strategy and disease management is beneficial. Computer proficiency, including MS office products required. SAS computer programming experience a plus.

For more information please contact Neil Goldfarb, Program Director, Research at neil.goldfarb@jefferson.edu, or mail or fax your resume to: Office of Employee Selection and Placement, Thomas Jefferson University, 201 South 11th Street – Martin Building, Philadelphia, PA, 19107. Fax: 215-503-4329.

# Senior Scholars Program:

Building Connections with the Department of Health Policy

The Department of Health Policy of Jefferson Medical College is pleased to announce the launching of its Senior Scholars program. Created as an alternative to traditional faculty affiliations (i.e., adjunct or secondary status), the Senior Scholars program provides the opportunity for individuals to benefit from an association with the Department while contributing meaningfully to current Department research, mentoring, teaching, funding, and/or publication activities. Professionals from government, industry, business, marketing, academia, and medicine are encouraged to apply. For further information, visit the Department website at <a href="https://www.jefferson.edu/dhp">www.jefferson.edu/dhp</a> or call 215-955-6969.
