AEROSPACE DIVISION

The objectives of the Aerospace Division are to encourage the free exchange of ideas and information between libraries and librarians who are directly concerned with aerospace technology and related sciences; and to maintain a dialog with NASA and other governmental agencies upon whom we rely as sources of technical data and bibliographic sources.

Jean Anderson
Chair

Sherril Hishaw has volunteered to be our referral center for Anaheim in June. Living close to Anaheim Convention Center and with good contacts, she will be in a good position to help with most of your questions. Call or write if you need a room mate, or if you have questions about Anaheim or surrounding areas.

Sherril Hishaw, Hughes Aircraft Co.
Radar Systems Group R10/10001
PO Box 92426, Los Angeles, CA 90009
Telephone (213) 607-1043

Jean Anderson

From the Chair

At this point I'm in awe of the tremendous effort and long term planning that goes with a successful SLA conference. In November I was privileged to tour three of the Anaheim conference hotels, the Hilton, Marriott and Inn on the Park, with Joe Ann Clifton and Frank Spaulding. It was the first time to my knowledge we have had the major hotels and conference center in close proximity in the same block.

In the next issue of *Sci-Tech News* we are expecting to provide a detailed map of the area. Start making your plans now to attend Anaheim in 1987.

Tentative plans to date are for

Sunday, June 7

Open House — Division Suite

Monday, June 8

Paul McCready speaking on the man powered flight projects and the Flying Pterodactyl Round table — discussion — Division Suite

Tuesday, June 9

Lunch — Division business meeting

Open house — Division Suite

Thursday, June 11

Tours

1. JPL

Caltech;

or,

2. JPL

Lawry's California Center for lunch

Queen Mary — Spruce Goose.

AIAA to Open Library in Western Office

The AIAA Western Office recently moved its location from L. A. to L. B. (Long Beach). The new office will provide a library for AIAA members and on-site use for non-members.

Focus on the Library is primarily on AIAA and NASA educational publications and media. It will also feature an Aerospace Company information bank for job hunters.

Linda Kenny-Sloan, an information consultant specializing in aerospace, has been contracted to create a regional library to be opened early in 1987. It is expected the office staff will control the daily operations, with the contractor providing maintenance services.

The AIAA Western Region Office is located at

5001 Airport Plaze Drive
Long Beach, CA 90815
Telephone (213) 425-7908

Linda Kenny-Sloan, Division Editor
