News from the Aerospace Section

Aerospace Section

Mary Strife, Chair

The Aerospace Section of the Engineering Division encourages communication and cooperation among information professionals concerned with aerospace, aeronautical and related technologies. In addition, it fosters dialog with entities such as NASA, the AIAA and other important sources of technical data and bibliographical services.

The SLA Annual Conference is quickly approaching. We will be meeting in San Diego during the second full week of June. I encourage everyone to come update their knowledge and renew/build new networking relationships. The Engineering Division has a great line up of programs that are surely of interest to those of us in the Aerospace Section. Check out the information at this link

<http://engineering.sla.org/2013/03/it%E2%80%99s-all-about-the-2013-conference/>

The Aerospace Breakfast will be Tuesday, June 11 at 8AM in the Convention Center, Room 26A. We will be using this time to network and make suggestions for the direction of the section. AIAA and IEEE are sponsoring this breakfast. Make sure you visit their exhibit booths to thank them for their support. The division programs also have sponsors who should be thanked.

I am looking forward to seeing you in San Diego.
