## News from the Aerospace Section

Aerospace Section

Mary Strife, Chair

---

The Aerospace Section of the Engineering Division encourages communication and cooperation among information professionals concerned with aerospace, aeronautical and related technologies. In addition, it fosters dialog with entities such as NASA, the AIAA and other important sources of technical data and bibliographical services.

The Aerospace Section Breakfast was well-attended and quite informative. Our incoming chair, Edna Paulson, let a discussion about the NASA Technical Report Server Service (NTRS) which was taken down for a time and came back with almost 300,000 fewer documents. The missing reports need to go through reclassification to determine if they can be released. Edna will provide new information as it is available.

I am looking for a chair-elect for next year. The Engineering Division and Aerospace Section provide ways to give service to the profession and make a difference in the association. Please email me at [mary.strife@mail.wvu.edu](mailto:mary.strife@mail.wvu.edu) if you wish to stand for the position.

Mary Strife, Chair
