*presents*

## Integrative Medicine Pharmacotherapy for the Treatment of Depression

*Presenter:*

### Lex Denysenko, MD

Dr. Lex Denysenko graduated from the University of Pennsylvania School of Medicine. He completed residency training in Psychiatry at Montefiore Medical Center in the Bronx, NY, and a fellowship in Psychosomatic Medicine at Thomas Jefferson University Hospital. He is currently on faculty at Thomas Jefferson University Hospital Department of Psychiatry, and is the principal investigator of a clinical trial studying alpha lipoic acid as a treatment for depression.

*Lex Denysenko, MD*

### Overall Goals and Objectives:

1. Identify recent advances in integrative medical care and discuss their application to clinical practice.
2. Describe the latest data on complementary and alternative medical therapies that could improve patient outcomes.
3. Discuss core integrative medicine topics that patients frequently ask physicians about.

Jefferson Medical College of Thomas Jefferson University is accredited by the ACCME to provide continuing medical education for physicians. Jefferson Medical College designates this live activity for a maximum of 1 AMA PRA Category Credit(s). Physicians should only claim credit commensurate with the extent of their participation in the activity.
