New from the Archives

While Sir William Osler never studied or taught at Jefferson Medical College, the "Father of Modern Medicine" had close ties to Jefferson. In 1914 Professor Thomas McCrae asked Osler to deliver the introductory address to the 90th annual session of the Jefferson Medical College of Philadelphia. However, Osler was unable to come because of war conditions in England. He sent a typed letter with handwritten corrections to be read in his place. [Read it now in the Jefferson Digital Commons.](#)

What People are Saying About the JDC

"Excellent Information!" - [Lectures Delivered in Jefferson Medical College, November - December 1835](#)
