Mission

Gearing Up is a non-profit organization providing women in transition from drug and alcohol addiction, domestic violence, and/or homelessness with the skills, equipment and guidance to safely ride a bicycle for exercise, transportation, and personal growth.
Who are the women riding with Gearing Up?
Problem: Physical Health

At Interim House:

» The majority of the women smoke
» 25% clients have asthma
» 25% clients have GERD
» 50% clients have hypertension
» 75% clients are obese
Problem: Emotional Health

- Addiction
  - Anxiety
  - Depression
  - Social Isolation
Depression and Substance Use

1/3 of individuals with depression also have had a co-existing substance use disorder at some point in their lifetime.

Women who are dependent on alcohol are four times more likely than the general population to experience depression.

Exercise and Depression

Individuals who are physically active are 3 times less likely to suffer from depression than inactive individuals.

Impact: Emotional Health

Exercise ↓ depression and anxiety

Exercise ↑ self-esteem

Impact: Social Support

Exercise is associated with increased feelings of social support and connectedness

So...WHY IS IT VALUABLE FOR WOMEN IN TRANSITION TO RIDE A BICYCLE?
Bicycling is...

...a form of low-impact exercise
Bicycling is...
...a bridge to social connectedness
Bicycling is...

...an activity that women can do with their children
Bicycling is...

...a form of transportation
Bicycling is...
...both **PRACTICAL** and **THERAPEUTIC**
Riding a bicycle promotes self-sufficiency and independence
