New York June 5 1835

Dear Brother

I am much obliged to for your short letter but I should have been much more so if it had been longer[.] I have not much to say only to tell you to pursue your studies with increasing ardor that you may live on your education[.] I will inquire in the city if I can get you a place to study your profession so that you

may be dependant on no one.

I am very pleasantly situated in  
the store and in the family. I wish  
you would write me soon ~~all~~ about  
your studies and the farm  
and every thing that is going on  
at home and about all friends.

Your Brother Andrew  
Give my best regards to Mr. Thurber

Oliver.

How do you get along? do you keep  
the head of your class. I suppose you can  
set out onions as well as Sancel and  
I do not know but a little better.

If you are a good boy you shall have  
the pencil.
