and
The Department of Pathology, Anatomy & Cell Biology
announce

The RNA Matters Lecture Series

Tuuli Lappalainen, Ph.D.
Junior Investigator, New York Genome Center and
Assistant Professor, Department of Systems Biology
Columbia University

“Transcriptome sequencing uncovers functional
variation in the human genome”

Wednesday, April 23, 2014 at 3:30 PM
Connelly Auditorium
The Dorrance H. Hamilton Building
1001 Locust Street, Philadelphia, PA 19107

ORGANIZER: Dr. Isidore Rigoutsos

OVERALL GOALS AND OBJECTIVES – Following this activity, a participant should be able to:
1) Enhance understanding of fundamental principles of cell, tissue and organ development, structure and function;
2) Enhance understanding of how effects in these fundamental processes can contribute to the onset and progression of disease;
3) Provide information and discussion that will benefit the practices of researchers and clinicians.

CME CREDITS – Jefferson Medical College of Thomas Jefferson University is accredited by the ACCME to provide continuing medical education for physicians. Jefferson Medical College designates this educational activity for a maximum of 1 AMA PRA Category 1 Credit(s) TM. Physicians should only claim credit commensurate with the extent of their participation in the activity.
