LARRY STEPHEN ANDREWS, Pharmacology

Marian Anderson, a world famous contralto, was born in Philadelphia, Pennsylvania, and educated in the Philadelphia school system.

Her musical talents were recognized at an early age. As a six-year-old child, she sang in the Union Baptist Church Choir in Philadelphia, and a fund raised by the members of her church enabled her to begin her musical training. In addition to Giuseppe Boghetti in Philadelphia, she studied with noted vocal coaches in England and in Continental Europe.

Miss Anderson's early appearances included concerts at Witherspoon Hall in Philadelphia and Town Hall in New York. In 1925 she won a competition for an appearance with the New York Philharmonic at the Lewisohn Stadium, which helped to launch an extraordinary concert career. She toured extensively in Europe and in the United States. The highlights of her career included concerts in 1935 at Town Hall and Carnegie Hall in New York, an appearance in 1939 at Lincoln Memorial in Washington for an audience of 75,000, her debut in 1955 in "Un Ballo Maschera" at the Metropolitan Opera, and performances at the inaugural balls of Presidents Eisenhower and Kennedy in 1957 and 1961.

Miss Anderson has been decorated and honored by the governments of a number of foreign countries and numerous states and cities in the United States. More than twenty universities have conferred honorary degrees upon her and she received the coveted Bok Award in 1940.

Marian Anderson has served her country not only as a gifted performing artist, but also as the United States delegate to the 13th General Assembly of the United Nations.

She is married to Orpheus H. Fisher and resides in Danbury, Connecticut.

THE ACADEMIC COSTUME

The wearing of academic dress dates back to the early days of the oldest universities in the world. In the American Council on Education's book entitled "American Universities and Colleges" it is suggested that "gowns may have been counted necessary for warmth in the unheated buildings frequented by medieval scholars. Hoods seem to have served to cover the tonsured head..."

Throughout the years European universities have continued to show great diversity in their academic dress. American universities, on the other hand, when they decided to adopt academic dress about sixty years ago, immediately established a code of regulations which today is followed by almost all American institutions. The establishment of this code has made it possible to distinguish the Associates, Bachelors, Masters, and Doctors and at the same time recognize the university which has given them the degree.

The Associate in Arts and Bachelor's gowns have pointed sleeves and are worn closed. The Master's gown has oblong sleeves, open at the wrist. The rear part of its oblong shape is square cut and the front part has an arc cut away, and is worn open or closed. The Doctor's gown has bell-shaped sleeves. It is worn opened or closed. Cotton poplin or similar material is used for the Associate's, Bachelor's and Master's degrees, and rayon or silk ribbed material is used for the Doctor's degree. All gowns are black except for the Associate in Arts degree which is gray.

The hoods vary in length: 48 inches for the Doctor's degree, 42 inches for the Master's, and 36 inches for the Bachelor's and Associate's. All hoods are lined in silk in the academic color or colors of the institution conferring the degree. If the institution has more than one color, the colors are shown in divisions using chevrons. The binding or edge of the Doctor's, Master's and Bachelor's hoods are usually made of velvet in the color designating the subject in which the degree was granted. The Associate of Arts hood has no velvet border. The outside is black.

Black mortarboards are worn for all degrees.

Some of the colors in the bindings of the hoods are:

white	Arts and Letters	olive green	Pharmacy
lilac	Dentistry	dark blue	Philosophy
light blue	Education	salmon pink	Public Health
green	Medicine	golden yellow	Science

The colors of the linings of the hoods for some Philadelphia medical institutions are:

red and blue	University of Pennsylvania	blue and gold	Hahnemann Medical College
blue and white	Philadelphia College of	silver gray and scarlet	
	Pharmacy and Science		of Pennsylvania
black and blue	Thomas Jefferson University	white and cherry	Temple University

The Jefferson Processional

The Jefferson Processional was commissioned by the Alumni Association of Jefferson Medical College and played for the first time on November 15, 1974, at the Sesquicentennial Celebration of Jefferson Medical College of Thomas Jefferson University.

This piece was presented to Thomas Jefferson University by the President of the Alumni Association of Jefferson Medical College, Dr. John J. Gartland.

The composition was composed by Burle Marx.
