- Understanding, Researching and Evaluating Coalitions
- Value-Based Health Care and the Role of Population Health Research
- 2017 William Potter lecture: Understanding the Combinatorial Fragility of Life

Review Article:

- The Humoral Theory of Transplantation: Epitope Analysis and the Pathogenicity of HLA Antibodies

What People are Saying about the JDC:

Name: Rifka Saltz

Country: US

Role: faculty

Resource URL: <http://jdc.jefferson.edu/otfp/3/>

Comments: I need to learn how to administer and score the DAYC2 assessment, and the instructions provided on this website are clearest I've seen. Better than the manual my employer provides, and anything else I've seen on the web.

Name: Matilda Nelson

Country: US

Role: granddaughter of 1917 graduate

Resource URL:

<http://jdc.jefferson.edu/cgi/viewcontent.cgi?article=1040&context=skmccommencement>

Comments: I wanted to see the graduation ceremony documents

Name: Antoine Chambers

Country: US

Role: student

Resource URL: <http://jdc.jefferson.edu/hpforum/109/>

Comments: I really enjoyed the presentation. It was very informative and I got to see the great work that the Children's Hospital of Philadelphia and other groups are doing to disseminate scientific information to target groups for translation. Much of the information presented was concise and easy to understand.
