The Department of Surgery and the Gibbon Surgical Society
Presents:

The 3rd Annual Philip E. Donahue, M.D. Lectureship in Benign Gastrointestinal Diseases

Given by
John H. Pemberton, MD
Professor of Surgery
Mayo Clinic College of Medicine
Rochester, Minnesota

“The Evolving Role of Surgery in Patients with Crohn Disease and Chronic Ulcerative Colitis”

At the conclusion of this presentation the participant should be able to:

1. Determine the best operation for patients with chronic ulcerative colitis
2. Enumerate controversies concerning ileal pouch anal anastomosis
3. Know how to treat patients with perianal Crohn disease
