

Shrewsbury, Mass.,
December 23rd 1840.

Friend John,

I have rec^d a number of papers & documents from you for which I feel obliged. For ^{the} reason, you will learn by reading this letter, I am induced to write you.

After wishing you all the success you may anticipate in your undertaking, I have to request you to call at the Drug Store formerly kept by Isaac Thompson, & lastly to my knowledge, by Thompson & Paucost, corner of 2nd & some other St., I do not recollect, & request said Thompson or his successor, or both, to render me an account of sales & of their doings, with my medicines. I have not heard from them for a long time, & I wish to close the agency, or renew it, if they will undertake to do something, or establish another, that will drive the business.

By this statement you will understand what I wish done, & your early attention to it will be duly acknowledged. In regard to the Medical Schools of your city, I have the highest respect, & to hear from or of them, is always agreeable & interesting.

When I was there, printed documents of various matter relating to the subject of medicine occasionally appeared - notes, or text pamphlets, on chemistry, the doings or publications of the College of Pharmacy,

Letter from A. R. Phelps to John P. Green
December 23, 1840
[John P. Green Mss. – A.L.S.]

Shrewsbury, Mass.,
December 23rd 1840

Friend John,

I have rec[eive]d a number of papers & documents from you for which I feel obliged. For the reasons you will learn by reading this letter, I am induced to write you.

After wishing you all the success you may anticipate in your undertaking, I have to request you to call at the Drug Store formerly kept by Isaac Thompson, & lastly to my knowledge, by Thompson & Pancoast, corner of 2nd & some other St., I do not recollect, & request said Thompson or his successor, or both, to render me an account of sales & of their doings, with my Medicines. I have not heard from them for a long time, & I wish to close the agency, or renew it, if they will undertake to do something, or establish another, that will drive the business.

By this statement you will understand what I wish done, & your early attention to it will be duly acknowledged. In regard to the Medical Schools of your city, I have the highest respect, & to hear from or of them, is always agreeable & interesting.

When I was there, printed documents of various matter relating to the subject of Medicine occasionally appeared – notes, or test pamphlets on chemistry, the doings or publications of the College of Pharmacy,

46., 46. Now, anything in this line, if not too ponderous
for the mail, I shall be happy to receive, should you
have the kindness to forward to me.

There is little news or business about which to write,
from this section.

As I do not know your boarding place, I shall di-
rect to you at the Jefferson College.

Wishing to hear from you, &c., I am writing your
favours,

Very Respectfully,

A. R. Phelps

& c., [etc.] & c. [etc.]. Now, anything in this line, if not too ponderous for the mail, I shall be happy to receive, should you have the kindness to forward to me.

There is little news or business about which too write, from this section.

As I do not know your boarding place, I shall direct to you at the Jefferson College.

Wishing to hear from you, & c. [etc.], I am waiting your favors,

Very Respectfully,
A. R. Phelps
