Dr. John Green has been for some time known to me as a gentleman of estimable character; and as having pursued his profession of studies with the first advantages afforded in our country. I have every confidence that he will devote himself with probity and strict integrity to the duties of any station to which he may be called.

Letter of Recommendation from John Amersham Regarding John Plimpton Green
June 2, 1841
[John P. Green Mss. - A.L.S.]

Dr. John Green has been for some time known to me as a gentleman of estimable character; and as having pursued his profession at studies from the first advantages afforded in our country. I have every confidence that he will devote himself with great assiduity and strict integrity to the duties of any station to which he may be called.
