This Article is brought to you for free and open access by the Jefferson Digital Commons. The Jefferson Digital Commons is a service of Thomas Jefferson University's [Center for Teaching and Learning \(CTL\)](#). The Commons is a showcase for Jefferson books and journals, peer-reviewed scholarly publications, unique historical collections from the University archives, and teaching tools. The Jefferson Digital Commons allows researchers and interested readers anywhere in the world to learn about and keep up to date with Jefferson scholarship. This article has been accepted for inclusion in Jefferson Digital Commons Reports by an authorized administrator of the Jefferson Digital Commons. For more information, please contact: JeffersonDigitalCommons@jefferson.edu.

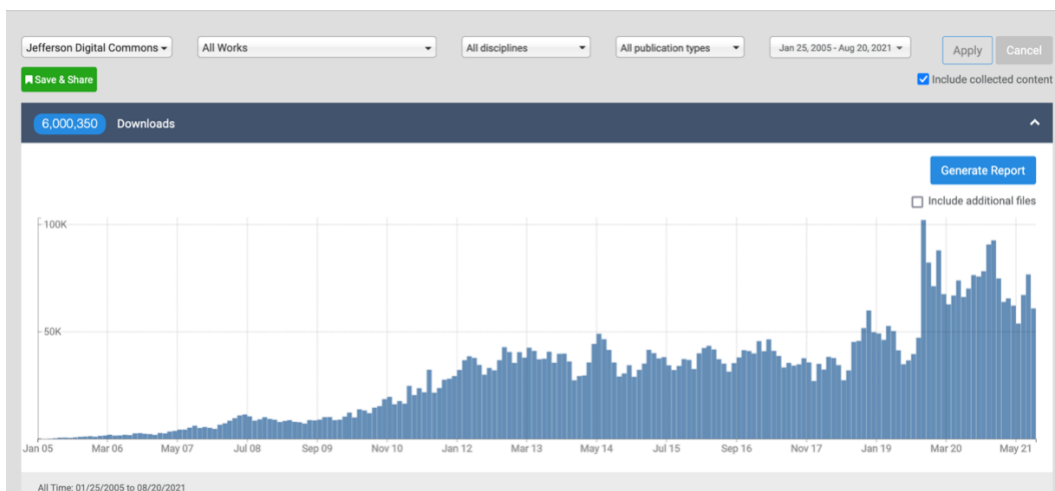

Jefferson Digital Commons Quarterly Report: July-September 2021

Another quarter has passed, which means it is time to look back at what we accomplished this summer. Over the last three months the JDC had

- **330** works posted
- **247,436** downloads
- **4,808** streams
- **197** countries visit the site
- **6,628** institutions access content

The Jefferson Digital Commons also reached a huge milestone this quarter – **6 million downloads!**

- Endothelial Cell-Derived Microparticles from Patients with Obstructive Sleep Apnea Hypoxia Syndrome and Coronary Artery Disease Increase Aortic Endothelial Cell Dysfunction.
- Adiponectin partially rescues high glucose/high fat-induced impairment of mitochondrial biogenesis and function in a PGC-1 α dependent manner.
- Adiponectin ameliorates the apoptotic effects of paraquat on alveolar type II cells via improvements in mitochondrial function.
- Low-Dose Versus Standard-Dose Tissue Plasminogen Activator in Acute Ischemic Stroke in Asian Populations: A Meta-Analysis.
- Aging aggravates nitrate-mediated ROS/RNS changes.
- IRF8 suppresses pathological cardiac remodelling by inhibiting calcineurin signalling.
- AdipoRon, the first orally active adiponectin receptor activator, attenuates postischemic myocardial apoptosis through both AMPK-mediated and AMPK-independent signalings.
- Adiponectin inhibits oxidative/nitrative stress during myocardial ischemia and reperfusion via PKA signaling.
- Lymphotoxin- α is a novel adiponectin expression suppressor following myocardial ischemia/reperfusion.
- The alternative crosstalk between RAGE and nitrative thioredoxin inactivation during diabetic myocardial ischemia-reperfusion injury.
- Dynamic alteration of adiponectin/adiponectin receptor expression and its impact on myocardial ischemia/reperfusion in type 1 diabetic mice.
- Methylglyoxal increases cardiomyocyte ischemia-reperfusion injury via glycative inhibition of thioredoxin activity.
- Cardiomyocyte-derived adiponectin is biologically active in protecting against myocardial ischemia-reperfusion injury.
- Cardioprotective effect of adiponectin is partially mediated by its AMPK-independent antinitrative action.
- Case Series and Review of Hematological and Non-Hematological Malignancies in Aging Patients with Sickle Cell Disease in the Hydroxyurea Era.
- Leveraging big data for pattern recognition of socio-demographic and climatic factors in correlation with eye disorders in Telangana State, India
- Designer Benzodiazepines: A Review of Toxicology and Public Health Risks
- The development of lived experience-centered word clouds to support research uncertainty gathering in degenerative cervical myelopathy: results from an engagement process and protocol for their evaluation, via a nested randomized controlled trial
- Narrative review of socioeconomic and racial disparities in the treatment of early stage lung cancer
- Longitudinal Dynamics of Circulating Tumor Cells and Circulating Tumor DNA for Treatment Monitoring in Metastatic Breast Cancer
- Emerging Advances of Nanotechnology in Drug and Vaccine Delivery against Viral Associated Respiratory Infectious Diseases (VARID)
- Ten-year outcomes of uveal melanoma based on The Cancer Genome Atlas (TCGA) classification in 1001 cases.
- Mutagenic Analysis of the Putative ABCC6 Substrate-Binding Cavity Using a New Homology Model

- Gender Disparity in Evaluation of Internal Medicine Clerkship Performance.
- Rapidly progressive ACTH-dependent Cushing's disease masquerading as ectopic ACTH-producing Cushing's syndrome: illustrative case
- The Utility of Continuous Passive Motion After Anterior Cruciate Ligament Reconstruction: A Systematic Review of Comparative Studies
- Long-term efficacy and tolerability of adjunctive brivaracetam in adults with focal to bilateral tonic-clonic (secondary generalized) seizures: Post hoc pooled analysis
- A rare fatal case of adenovirus serotype 4 associated acute disseminated encephalomyelitis in an adult: A case report
- SARS-CoV-2 viral proteins NSP1 and NSP13 inhibit interferon activation through distinct mechanisms
- Image segmentation for neuroscience: Lymphatics
- Therapeutic Potential of HLA-I Polyreactive mAbs Mimicking the HLA-I Polyreactivity and Immunoregulatory Functions of IVIg
- Which Student Characteristics Are Most Important in Determining Clinical Honors in Clerkships? A Teaching Ward Attending Perspective.
- Which Internal Medicine Clerkship Characteristics Are Associated With Students' Performance on the NBME Medicine Subject Exam? A Multi-Institutional Analysis.
- Use of a structured approach and virtual simulation practice to improve diagnostic reasoning.
- Viral infection modulates Qa-1b in infected and bystander cells to properly direct NK cell killing.
- Symptomatic Presentation of Acute Myocardial Infarction in Heart Transplantation Patients
- Autophagy, Apoptosis, the Unfolded Protein Response, and Lung Function in Idiopathic Pulmonary Fibrosis
- Statins in patients with COVID-19: a retrospective cohort study in Iranian COVID-19 patients.
- Association of Race With Lung Cancer Risk Among Adults Undergoing Lung Cancer Screening.
- The Case for Patient Navigation in Lung Cancer Screening in Vulnerable Populations: A Systematic Review.
- Phase 1 study of safety, tolerability and immunogenicity of the human telomerase (hTERT)-encoded DNA plasmids INO-1400 and INO-1401 with or without IL-12 DNA plasmid INO-9012 in adult patients with solid tumors

- Gaps in Public Awareness About BRCA and Genetic Testing in Prostate Cancer: Social Media Landscape Analysis.

Data Sets:

- 3D Printed Midface Models for Percutaneous Nasal Osteotomy Surgical Education

Dissertations:

- Innovative, Social Organic - Alternative Business Model

Grand Rounds and Lectures:

- The Evolution of Breast Imaging
- Programmatic Approach to Cardiac Surgery in Patients with Advanced Ventricular Dysfunction: A Paradigm Shift to Myocardial Recovery,
- The Convergence of Personalized Medicine Population Health, with the Advent of Multi Cancer Early Detection (MCED)
- The State of Population Health: How Value-Based Care is Transforming Healthcare and Lessons Learned from the Last 3 Years
- Medical Nutrition Therapy for Diabetes
- What Children Learn about Death from Film
- Genealogy of the Department of Surgery: A History Lesson from 1824 to the Present
- Global Initiative for Asthma (GINA): What's New in GINA 2021?
- White Coat Ceremony - Keynote Address

- Department of Surgery Town Hall Meeting
- Qualitative Research Methods
- Contraception for PCPs 2021
- COPD Topic Discussion
- Pharmaceutical Management of Weight Loss
- ADHD in Adolescents and Adults
- Heart Failure Transitions of Care Program
- Management and Diagnosis of Hypothyroidism
- Robley Dunglison: The Father of American Physiology and Jefferson's Doctor
- Osteoporosis
- Teratogenic medication usage in primary care of women of reproductive age
- Management of Recurrent Bacterial Vaginosis
- Regenerative Medicine: Treating Chronic Pain & Orthopedic Conditions
- Current Practices in Rib Fixation
- Integrated Behavioral Health (IBH) Program Updates and Evidence for IBH in SUD

JCPH Capstone Presentations:

- Consumer Survey: Exploring Perceptions of Evidence in Digital Health
- An Introduction to Trauma-Informed Care: What Students Need to Know
- Engaging Philadelphia Youth in Climate Change Policy through Virtual Education and Podcasting
- Reducing Readmission Rates By Improving Transitions Of Care For Stroke Patients In The Pre-Covid And Covid Eras
- Evaluation of a Student-led Outreach to Address Digital Health Barriers during the COVID-19 Pandemic
- Evaluating the Long-Term Health Outcomes of a Medically Tailored Meal Provider: A Pilot Program Evaluation for MANNA
- Examining the Unseen Trauma Endured by 911 Telecommunicators
- Assessing the Wellbeing and Unmet Needs of SKCC Cancer Survivors
- Telemedicine-delivered Buprenorphine Treatment Interventions for Opioid Use Disorder: A Rapid Review
- Strategies to Improve Genomic Health Literacy for Chronic Diseases
- Leveraging technology to improve medication adherence in bipolar individuals: A systematic review
- Barriers to Breast, Cervical, and Colorectal Cancer Screenings Faced by Refugees Resettled in the United States: A Rapid Review of the Literature
- Social Isolation in Young Adults Who Use Social Media: A Rapid Review of the Literature
- Variations in Health Insurance Exchange as a Part of the Affordable Care Act
- Barriers and Facilitators Influencing Contraceptive Use Among Homeless Youth
- Social Media on Mental Health Literacy in the United States: A Rapid Review
- Rapid Review of the Long-Term Efficacy of Compression-Only CPR Training

- The Difference in Effectiveness Between Cognitive Behavioral Therapy and Pharmacotherapy for Mental Health Conditions in Childhood Trauma Survivors
- The Efficacy of Rehabilitation and Reintegration Programs at Lowering Recidivism in High-Risk Incarcerated Populations: A Rapid Review of the Literature
- The Impact of Skin-Lightening Methods among Individuals of Indian Descent: A Rapid Review
- Individual and Interpersonal Influences on Maternal Immunization Uptake Among Pregnant Women in the Developing World
- The Effect of Exercise Interventions In Obese Pregnant Women on Infant Birth Outcomes: A Rapid Review
- Effectiveness of Interventions that Influence Adolescents' Health Behaviors, Mental Health, and Wellbeing Due to Social Media Use
- Using CPBR Methodologies to Increase Accrual of Marginalized Populations in Clinical Trials: A Rapid Review of the Literature
- Prevalence of Pressure Ulcers in Long-term Care Facilities: A Focus on Older Adults
- The Evaluation of Medical Student International Mission Trips: A Rapid Review
- The Effects of Community-Based Education Programs on Vaccine Utilization in Minority Populations: A Rapid Review
- Recommendations to Decrease COVID19 Transmission to Anesthesia and ICU Team Members
- Pediatricians Prescribing Play: A Scalable Mobile Platform to Increase Physical Activity
- The Effects of Working from Home During the COVID-19 Pandemic
- Factors Surrounding Advanced Cervical Cancer in South Jersey: The Patient's Perspective
- Improving Compliance with Preoperative Nasal Povidone-Iodine to Prevent Surgical Site Infections: A Pilot Quality Improvement Project in Vascular and Neurosurgery Units in a Community Teaching Hospital
- Improve Mortality Ratios with Increased Utilization of Palliative and Hospice Care: Focus on the Numerator and the Denominator
- Creating a Pediatric Inter Facility Transfer Team in a Community Hospital. A Multidisciplinary Quality Improvement Initiative.
- Reiki and Mindfulness: Effects on Pain Levels, Patient Experience and Patient Satisfaction on an Inpatient Medical-Surgical Unit
- Driving Efficiency and Quality in Anesthesia Practice: A Strategic Shift Towards Value-Based Payment Models
- The Role of Social Determinants of Health (SDOH) in Pre-Operative Patient Assessment - A Framework for Comprehensive Patient Optimization
- Building Capacity for Medications for Opioid Use Disorder in a Large Urban Primary Care Practice: Addressing Provider Bias and Preparedness
- The use of a Markov Cost-Effectiveness Analysis and a PRO Instrument to Inform and Evaluate the Clinical and Economic Value of Drug Interventions

What People are Saying About the Jefferson Digital Commons:

Name: Jonathon A.

Country: US

Role: Son of a 1944 Graduate, Norbert F. Alberstadt

Resource URL: https://jdc.jefferson.edu/jmc_yearbooks/55/

Comments: Someone just sent me a web address to access your 1944 Yearbook - my Dad, Norbert F. Alberstadt, was a member of that class. It was an amazing walk-back in time and seeing a couple photos of my Dad.
