**"PROGRESS — THOMAS JEFFERSON UNIVERSITY HOSPITAL"**

Thomas Jefferson University Hospital continuously examines its programs and services to insure that each is delivered in the most efficient and effective manner, and consistent with the latest advances in technology. This past year was no exception. Our 664-bed hospital offered a variety of levels of patient care which ranged from primary through tertiary, and also a comprehensive scope of outpatient facilities and programs.

The primary goal of the Hospital is to render high quality health care while concurrently providing a setting that complements the University's education and research programs, all of which have a major impact on our capability to provide health services to the community. The health care field is constantly in a state of flux and it is incumbent upon hospitals to adjust in a positive fashion to change. Jefferson's programs reflect the positive attitude of the University.

The Curtis Clinic outpatient program is currently undergoing a major transformation. The final plans call for the relocation of all former clinic activities into the University's new Health Sciences Center, one city block to the east of the Hospital. This relocation will permit Jefferson to offer high quality, personalized, comprehensive outpatient health care services at the lowest possible cost. The broad-based ambulatory care center was planned to meet the comprehensive and preventive health care needs of the community we serve, to complement the educational function of the University, and, in appropriate instances, to provide a setting for clinical investigation.

The new Health Sciences Center will permit a focus on primary family medicine in the ambulatory setting, integrating laboratory, x-ray, pharmacy, and other ancillary services in order that patients may enjoy "one stop" medical care. Equally important is the fact that one level of care will be provided for all patients, regardless of the payment mechanism available to them.

A number of physical plant improvements in the Hospital were completed during recent months. Included among these were renovations to the 6th and 9th Thompson patient floors, the completion and dedication of the Radiation Therapy Center, the relocation of the Heart Station to completely remodelled modern and attractive facilities on 4th Main, and the addition of an ACTA Scanner to be used by the Radiology Department in computerized axial tomography. Each of these improvements took place while the planning for a new 400 bed Hospital (Clinical Teaching Facility) also proceeded at a rapid pace. During the past year, design drawings for the inpatient and outpatient areas were prepared as well as plans for a remodeled Foerderer Pavilion. The plans for the Clinical Teaching Facility were also reviewed with groups both inside and outside of the Jefferson Family. More recently, demolition and a groundbreaking ceremony for the CTF have taken place.

Complementing these physical changes were the institution of a variety of new patient care programs. The Department of Rehabilitation Medicine has expanded its services to include an orthopedic treatment program, rehabilitation for cardiology patients, and, in conjunction with the Departments of Neurosurgery and Orthopedic Surgery, a spinal cord clinic. A rehabilitation workshop for graduate nurses was also conducted.

A Beltz Kidney Profusion Machine was acquired with a grant from the Foerderer Foundation, and expanded dialysis services are being planned.

Other services initiated include a federally supported Breast Diagnostic Center using thermography and mammography which should provide approximately 20,000 free examinations, and a new screening program for patients suspected of having hypertension.

Jefferson will continue to strive to be a leader in the health field by not only conforming to change, but also by seeking to initiate change in response to burgeoning technological and social demands. We invite you to return to see these exciting developments which have recently taken place in our Hospital.

Edwin L. Taylor, Hospital Director

Edwin L. Taylor, Hospital Director
The 82nd Commencement for the School of Nursing on June 21, 1975, with 85 graduates, of the graduating class, will bring the total number of graduates to 2,752. As graduates, we hope that you continue to be interested in the progress of your school and that you will stop by to see us if you are in the area.

With many diploma programs phasing out or closing, you probably wonder about the status of our school. Current plans are to continue the diploma program for as long as we can attract qualified students. To this end we have experienced some problems. My best wishes to you for a happy, successful and healthy year ahead.

Doris E. Bowman
Director
School of Nursing

DEPARTMENT OF BACCALAUREATE NURSING

A Continuing Education Conference for Registered Nurses was held on Friday, May 2, 1975. The theme for the day was "The Professional Nurse: Rights and Responsibilities." Dr. Clifford Jordan, President of the Pennsylvania Nurses Association Sciences, Miriam Lundgren, Board Member, Pennsylvania Nurses Association spoke during the morning session. Faculty members in the baccalaureate nursing program and Thomas Jefferson University Hospital personnel participated in the afternoon session.

The Conference was very well received. We expect to schedule similar sessions more frequently after next year.

Charlotte E. Voss, Chairman
Department of Baccalaureate Nursing

ANNUAL REPORT OF THE SCHOOL OF PRACTICAL NURSING

The School of Practical Nursing has entered its second decade of existence after graduating its largest class of fifty-four women and three men on September 9, 1974. After the same period of time the school has also been removed from its quarters in the old Junto Building to the pleasant attractive and very adequate 10th Floor of the Health Sciences Center. Student nurses from the School of Nursing and School of Practical Nursing have been sharing new classroom facilities on that floor since last September which is certainly an improvement over the former areas avoided for Instruction.

The increasing interest in vocational nursing education is quite evident from the large number of applications for admission this year. Although the number of male applicants has been very small in the past there are indications that a substantial increase will be received and accepted this year. Female applicants have included a few daughter of School of Nursing alumnae who for personal reasons have chosen to be educated on this level rather than become part of a professional educational program in nursing. Nurses are planned to provide instruction for between 60 and 70 students each September and it is anticipated that we will have no difficulty reaching our goal.

(Please sign, The Joint Commission)
OPERATING ROOM NURSING

Our intensive orientating and rotating program has encouraged many nurses and graduating senior students to choose the operating room as their specialty. During the first six to eight weeks the newest team member is under the direct supervision and guidance of the Clinical Specialist in charge of the staff development programs. The purpose during this period is not only to familiarize the nurse with the staff for general floor plan, but also to teach the basic methods of operation and to evaluate his or her technical capabilities.

One month rotation for each surgical service follows (exception—open heart—two months). Each service is supervised by a Unit Specialist for that particular area.

The final team placement is predicated upon capability, staffing needs and individual's selection. Plans are now being formulated for an ongoing pre and post operative visitation program. This type of patient involvement, we feel, should make for a more meaningful operating room experience.

Marnie Polite Peace, R.N.
Director Operating Room Nursing

CHANGES IN ALUMNAE CONSTITUTION

The following amendments were voted on and accepted at the Annual Alumnae Meeting on April 8, 1975.

Section I — Membership

(1) Active members are entitled up to three hundred dollars ($300.00) annually toward their hospital bills and/or bills incurred due to an extended illness at home, greater than of thirty days duration and requiring services of a physician.

Associate members are entitled up to three hundred dollars ($300.00) annually toward their hospital bills and/or bills incurred due to an extended illness at home, greater than of thirty days duration and requiring services of a physician.

Nursing homes will be given special consideration.

Section II — The said benefits are subject to the following rules and regulations:

1. Members are required to be in good standing with the Alumnae Association at the time of admission to a hospital, or an illness at home.

2. Any graduate must be a member of the Alumnae Association for one year before she is eligible to receive benefits.

3. Upon request to the Secretary-Treasurer a form will be submitted to the eligible member to be completed by the Medical Record Department to verify hospitalization. If at home the attending physician will complete the form.

4. Prenancy and its complications are entirely excluded.

5. Cosmetic surgery entirely excluded.

6. Dental surgery and/or complications are entirely excluded.

7. If a member has not paid dues before April 1st she is not eligible for benefits from the Relief Fund.

8. Special cases due to hardships, must be referred to the President for investigation and subsequently to the Board of Directors for consideration.

Margaret Summers, President

THE DIPLOMA NURSING PROGRAM

This has been a year of changes for the School of Nursing. In August, the administration offices in the Martin Building and Instructor's offices and classrooms in the Curtis Clinic moved to the newly renovated offices and classrooms in the Health Sciences Center at 130 South 9th Street.

There has been some reorganization and additions to the curriculum. Operating Room Technique is now presented to the Junior students as part of surgical nursing. The Community Health Nursing course is being developed into an eleven week experience for the Senior year. This will include the emergency room, outpatient department plus an experience in geriatric nursing at the Lutheran Home in Germantown.

The Martin Residence is now under the supervision of the Director of Housing of the University. The director works with a Student-governed Residence Hall Council periodically to develop residence rules and to discuss concerns of dormitory living. A few changes in rules have occurred this year; curfews have been extended, overnight female guests are permitted and house is held monthly.

Since Student Council no longer had responsibility for enforcement of residence rules it undertook reorganization with its prime concern now being coordination of all school social activities. The name of the group was changed to Student Affairs Council.

The Council began the year in September by orienting the 112 incoming freshmen to the various activities available to them. The first Student Council social, a Halloween Party, was held Thursday, October 30th, at Jefferson Alumnus Hall. Many of the students attended and dressed appropriately for the theme, "A Fifties Night." Taped music of the fifties was provided by a disc jockey and refreshments were served; everyone seemed to have an enjoyable time. A Valentine's Day Party was held on February 13th.

Several Council projects helped to make holidays in the Pediatric Department a little more enjoyable. At Christmas new and used toys were collected and distributed in the department. The Council also sponsored an Easter Egg Decorating Party. Results of this party were fifteen beautifully decorated baskets which were greatly appreciated by the children.

Other functions of the Student Affairs Council included selling funds for the cheerleaders so they could make new uniforms for the squad, holding a stationary sale and planning an orientation booklet for the freshmen entering in September 1975.

Fund raising activities continue to keep individual classes busy. An enthusiastic freshman class has already started to build their bank account through sponsoring several candy sales. Junior events included a Valentine's Day Dance and a Continental Breakfast in addition to candy and poster sales. The Senior class put forth their final effort in order to raise money for the purchase of their yearbook. Among some of their activities were sales of baked goods, white elephants, plants and popcorn. A very successful class project was the Senior Play. Written by a group of Seniors, it was a spoof of daytime T.V. shows. With some help from a local disc jockey and the most students who took on an active part it was an evening of real fun. The Annual Senior Spaghetti Dinner was held at Jefferson Alumnus Hall on April 9th. With this event the Seniors ended their fund raising as they reached their goal of three thousand dollars.

A most popular student activity still seems to be basketball. The team finished in third place this year in the Southeastern Pennsylvania League for Nursing Student Nurse Basketball League. They also won their fourth consecutive exhibition game at the Spectrum. Donna Ranieri was this year's recipient of the Women's Board Award for Athletic Achievement.

Our cheerleaders are still quite active at all the games. Even though they did not bring home a trophy this year they were a valuable source of spirit not only to the team, but to the Student Body.

This year has seen a slight increase in student interest in SNAP. Junior student, Nancy Malloy, attended the SNAP Area No. 1 Convention, March 8th, at Philadelphia General Hospital. The National Student Nurses' Association Convention was held in Philadelphia from April 24 to 27th and Terry Mayne, Freshman, attended as the school SNAP representative. The convention theme was, "Rights with Responsibility."

A new group on campus, the University Forum, convened in November for the first time. It is comprised of students from all of the schools of the University; there are four representatives from the diploma school. The Forum is concerned with matters, both social and academic, which affect all students of the University. The function of the group is to develop an atmosphere of a true university embodying ideals of free expression and exchange of ideas, education, research and social mixing.

While some things have continued as traditional activities at the school others have changed as the diploma program participates with other programs within the University.

Respectfully submitted,
Donna Ranieri
Student Affairs Council
THE BACCALAUREATE NURSING PROGRAM

The Baccalaureate Nursing program graduated its second class in June and awarded fifty-six students a Bachelor of Science in Nursing. This new program has experienced its share of growing pains and probably will keep on revamping certain aspects of the curriculum for some time to come. However, the basics such as core courses in nursing and several sciences (both social and natural) coupled with some fine hand-teaching are there.

The emphasis in the Baccalaureate program seems often to be on "modern society." Do other nursing programs visit the CHOICE Abortion Counseling Agency or explore human sexuality by viewing films and discussing openly? The program deserves credit for making an effort to expose students to reality and previously taboo subjects.

Although baccalaureate programs in general are not new, Jefferson has recently undertaken a commitment to, as the pamphlet states, "prepare men and women to become effective professional nurses with the background necessary to be responsible, self-directed practitioners of nursing." With the high quality of integral components such as teachers and participating hospitals, it would seem that chances are good for the Baccalaureate program becoming successful.

Nancy Redfern

A NURSE'S GARDEN

1. First plant four rows of peas:
   - a. presence
   - b. preparedness
   - c. promptness
   - d. sharpness

2. Next plant three rows of squash:
   - a. squash gossipy
   - b. squash criticism
   - c. squash indifference

3. Three rows of lettuce:
   - a. let us be faithful
   - b. let us obey rules and regulations
   - c. let us love one another

4. No garden is complete without turnips:
   - a. turn up for meetings
   - b. turn up with a smile
   - c. turn up with new ideas
   - d. turn up with determination to make everything count for something good and worthwhile
   - e. turn up on time

Selected
[Read at the Luncheon and published by request]

THE PRACTICAL NURSING PROGRAM

The practical nursing program at Jefferson, twelve months in length, includes various nursing disciplines. According to fundamentals are presented in body structure and function, pharmacology, nursing skills and techniques, nutrition with diet therapy practice, family living, community health and also communication skills. Along with these, general medical-surgical nursing procedures are taught. Also, a topic of continued interest, maternal and child health nursing.

Through earnest attention to the course of studies the student will be prepared to provide for the physical and emotional comfort of the patient as well as his safety. She will also be knowledgeable in the recording and analyzing of physical and mental conditions of her patients along with an awareness of signs and symptoms indicative of any undesirable change.

Contrary to what many believe, the academic instruction cannot be regarded lightly. Serious study is absolutely necessary to progress as quickly as the course demands.

The student practical nurse is able to carry out general bedside nursing care in a variety of hospital units such as Jefferson and an affiliate, Jeunes Hospital. Such units include: general medical-surgical, orthopedics, gynecology, maternity, nursery and pediatrics.

Along with routine tasks such as bed making, bathing, vital signs, and assisting with meals, the nurse has time to observe overt symptoms and emotional circumstances affecting the patient's progress.

She is also encouraged to assist the physician in recording examinations, and often observes and studies the more technical diagnostic studies done. She is able to assist the team leader or registered nurse as investigator of situations, events and patients' response to therapy or treatment.

Because the hospital has three distinct schools of nursing, cooperation is learned early if efficient and harmonious operations are to continue. Much can be learned in a spirit of inter-dependence.

Time is allotted to the study of the patient care plan; therefore, problem solving becomes an essential component to patient progress. Not only the today of a patient is considered. Research into his past medical, state of health.

Students, for the most part, feel that the clinical experience offered at Jefferson is equal to or surpassing courses provided by other similar schools.

The role of student demands study, investigation, listening, questioning and reasoning. The role of nurse compounds these with qualities of understanding, compassion, and practice of theory in precise action and maturity.

Whatever her given title today and tomorrow, there will invariably be need of a dedicated bedside nurse. With the attainment of further knowledge and experience will come greater competency in care.

Monica Daugherty

FAMILY MEDICINE AT JEFFERSON

Family Practice became a recognized specialty in 1969. With specialty status, Family Practice has become an attractive alternative for medical school graduates, but a more demanding one as well. For example, a three-year graduate medical residency program and re-certification every six years are required of Family Practice specialists. This year, twenty percent of American medical school graduates will enter Family Practice residencies programs.

Jefferson started its Family Practice program by establishing a Division of Family Medicine in 1971. With the addition of a Family Practice Residency program and re-certification every six years are required of Family Practice specialists. This year, twenty percent of American medical school graduates will enter Family Practice residencies programs.

Dr. Willard Krehl, Professor and Chairman of the Department of Family Practice and Preventive Medicine, along with enthusiastic representatives from the Pennsylvania Academy of Family Physicians, organized and conducted a Division by excellence. A small but very highly-trained twenty-five Board-certified family physicians who helped to establish an undergraduate curriculum in Family Medicine.

In January 1973, Dr. Paul C. Brucker, a faculty member in the Division of Family Medicine, was appointed to chair a new, separate Department of Family Medicine in the Medical College. The new Department has been responsible for developing programs in the undergraduate, graduate, and post-graduate areas.

Undergraduate Programs

With the development of the new Medical College curriculum in the Spring of 1974, the Department of Family Medicine in the Medical College. The new Department has been responsible for developing programs in the undergraduate, graduate, and post-graduate areas.

Preventive Medicine
the new "Medicine and Society" course offered weekly to freshmen and sophomores. In addition to helping plan the course that pays attention to such subjects as epidemiology, growth and development, human sexuality, ethics, medical jurisprudence, and psychopathology, members of the Family Medicine faculty helped to teach the course through both lectures and seminar discussions. In the Fall of 1974, the first mandatory six-week clerkship in Family Medicine was started. Every six weeks, approximately twenty-seven students were assigned to primarily an outpatient activity where they participated in the ambulatory care of patients and their families. Students were assigned to programs in Family Medicine at Jefferson and three of its affiliates—i.e., Wilmington Medical Center, Lathre Area Hospital, and Chestnut Hill Hospital. In addition, some of the students were assigned to preceptorships with Family Medicine faculty members in Delware, New Jersey, and Pennsylvania.

Beginning in September 1975, approximately forty senior students have elected to spend their senior year in a track in Family Medicine. During this year, the students will participate in twelve weeks of ambulatory care, where he or she will see unscreened and ill-defined problems involving any system of the body in a selected population. Students will learn to recognize problems and to initiate procedures for solving them. They will perform simple, but important laboratory studies, prescribe therapy under the supervision of a faculty member and counsel the patient and his family regarding illness and its long term significance. The second major section of the track will provide specialty contact both in- and out-patient wise. The student will have the opportunity to elect in-patient experience in Internal Medicine, Pediatrics, Obstetrics-Gynecology, or Psychiatry and Human Behavior. He or she will also have the chance to elect exposure to Emergency Medicine, Rehabilitation and Physical Medicine, Community Health, Ophthalmology, Otolaryngology, Diagnostic Radiology, Orthopedics, and General and Gynecologic Surgery. Each student will be required to elect a six-week basic science experience in the fields of Anatomy, Biochemistry, Physiology, Pathology, Microbiology, or Pharmacology.

Residency Program

In December 1973, Jefferson was approved by the AMA Council on Graduate Education to start a three-year Family Practice residency training program. The first class of six residents started their training in July 1974.

The residency program hopes to train residents to serve as the physician of first contact who provides for the patient a means of entering into the health care system. It is estimated that a properly trained family physician can provide care for approximately eighty percent of the patient's total health needs. In addition, he or she should recognize when it is necessary to refer the patient to appropriate sources of care while still preserving the continuity of care. Accepting the responsibility for the patients' comprehensive and continuous health care within the context of their environment, including the community, the family and comparable social units, the family physician will act a leader or coordinator of the team that provides the health services.

Upon completion of the three-year residency program, the resident will be expected to pass the Board examination for certification in Family Practice. It is hoped that the resident will then enter the field of Family Practice in one of the many areas where they are so desperately needed. In all cases, the resident's training is individualized in order to help the resident establish his or her own educational and professional goals, particularly with respect to the medical needs of the community in which he or she plans to practice. Jefferson's program encourages the concept of group practice.

Philosophically, the Department attempts to install the desire in the learner to continue his or her medical education programs, by extension of and reinforcement of necessary professional skills, by participation in medical audit and by involvement in teaching health staff, preceptee students, and peers. It is anticipated the resident will feel comfortable and enjoy delivering quality, comprehensive care.

Family Practice Facilities

The primary training facilities for the residency program are on the Thomas Jefferson University campus. These include the Hospital and the Model Family Practice Unit, consisting of approximately 8,000 square feet, which is located in the newly renovated Thomas Jefferson University Health Sciences Building, a twenty-two-story building designed for ambulatory care. The Model Family Practice Unit's facilities include adult and children's waiting rooms, record room, insurance and clerical section, nurses' stations, laboratory, special procedures room for sigmoidoscopy, a paramedical work-up room for vision testing, hearing testing, tonometry, etc., doctors' offices, examining rooms, interviewing room, conference room, and an observation room with one-way mirror and close-circuit television equipment.

Jefferson is also affiliated with four additional approved residency programs which are located at Wilmington Medical Center, Bryn Mawr Hospital, Chestnut Hill Hospital, and the Lathre Area Hospital. Approximately twenty-two residents are enrolled in the first-year class of these programs. This means that by July 1977, Jefferson will be intimately involved with the training of some forty-six residents.

Post-Graduate Programs

The Department of Family Medicine and the faculty at Jefferson have worked with the Pennsylvania Academy of Family Physicians to design annual, continuing education programs. Such programs are designed to meet defined deficiencies and/or interests of primary physicians. The programs allow practicing family physicians the opportunity to review current concepts in such traditional fields as Pediatrics, Obstetrics-Gynecology, Oncology, Psychiatry, Internal Medicine, and Surgery.

It is hoped that Jefferson's efforts in the field of Family Medicine will eventually ameliorate some of the health care delivery problems in the United States that are related to maldistribution of physicians and an undersupply of family physicians. Hopefully, as the program grows and matures, more and more individuals will consider going into Family Medicine and, in turn, become superbly trained individuals who will help to meet and resolve some of the general health requirements of the population. The unselfish support of the administration, faculty, and student body, the encouragement received from professional organizations, from legislatures, and from society in general should prove invaluable in assuring the success of the Department.

Paul C. Brucker, M.D.
Alumnic Professor and Chairman

IN SEARCH OF NURSING

The nurse I knew was so very young, so very shy.
She started her new life beneath Philadelphia’s cloudy gray sky.
Schooling taught her care, coordinating and cure.
But somehow she knew she still was unsure.
Advance she did up the ladder despite the noise and the clatter.
She reached out, she grew, the sky began to turn blue.
For history, language and science were more than fun.
Now she knew the preparation of a nurse had only begun.
Once again, she took the plunge.
She improved her skills, she added the necessary theory.
Believe it or not, by this time, she wasn’t even weary.
For now she knows the nursing process includes learning.
Strength in teaching is now her yearning.

Delid Watkins Blank, '67
THE HEALTH MAINTENANCE PROGRAM AT JEFFERSON

by L. Stoloff, M.D.

Associate Professor of Community Health & Preventive Medicine, Thomas Jefferson Medical College

Jefferson's Health Maintenance Program has been in operation for approximately 28 years-one of the oldest in its kind in the area, devoted to preventive medicine. It started in 1947 with funds provided by two Jeffersonians, Drs. Fife and Hamill, and under the guiding wing of Dr. William Harvey Perkins, then Dean of the Medical College. It grew to be a large community program outside of the Jefferson complex of buildings at sixth near Delaware Street in Philadelphia. The program at that time included entire families encompassing pediatrics to geriatrics, with only limitations being the available knowledge in preventive medicine.

There followed a gradual evolution of ideas in preventive medicine resulting in a more practical approach to the task of enabling physicians to assess health, screen out those at high risk for a variety of diseases, and where sufficient knowledge exists to apply preventive medical therapy. The aim was to improve life expectancy and delay serious disability. In addition, automation results in a reduction in costs for screening examinations. While the public has responded to the idea of preventive health care, funding for such a program, including government and private insurance, has been slow in responding. Currently, much of the cost must be assumed by the individual requesting the examination. This appears to be short-sighted, in view of the fairly strong evidence that at least with certain diseases, a dollar spent in prevention can save, in some instances, nearly ten times that amount necessary to treat later stages of the disease. These results have been established for carcinoma of the cervix, but may apply to other diseases as well.

The current health maintenance program at Jefferson has been designed as a comprehensive evaluation with emphasis on the primary prevention and early detection of disease, particularly as it relates to the more serious diseases encountered in our population, such as coronary artery, other premature vascular disease, and certain cancers. Briefly, the process of screening in the health maintenance program involves the use of questionnaires which guide physicians in time and enables a more complete assessment of the individual's history, measurements taken during the physical examination, laboratory tests, and consultation with other physicians, who have severe arterial tension, and others, which emphasize early detection, and finally, laboratory tests directed at the achievement of the stated goals. This follows a physician's evaluation of the individual's overall health, a period of health education and a follow-up of significant abnormalities.

Results:

We have found it informative and important in the maintenance of our program to review the results of our annual examinations. Assessment is a continuous process if one is to obtain the most out of the comprehensive examination offered. It is important to record not only the yield of each of the maneuvers, including laboratory tests, physical measurements, and consultation with other physicians but the cost effectiveness of the examination. A cost benefit formula of types must be applied to determine the worth of each of these parts of the examination. In terms of justification of the concept of preventive medicine-that is to say, does a comprehensive examination after disability and life expectancy?-we have conflicting schools of thought in this area. People are opposed to comprehensive screening on the basis that it is too expensive, not rewarding, and they fear that the individual will be over-tested. A number of false positive findings are obtained, as well as false negative findings, in the same context of some practitioners. It is my own impression that the overall value of a comprehensive examination justifies its use in our clinic population. In the first place, sufficient evidence exists to prove that screening can detect disease, premature stroke and other vascular diseases, and there are enough good early detection devices for coronary and certain other diseases. There is a reason to believe that such screening will result in a reasonable certainty that primary prevention and effective, inexpensive, and important health services are feasible. It is also my experience that the overall yield in detecting risk factors important in primary prevention, such as vascular disease and cancer, is more than justifies the annual examination in the age group we are studying, who are mostly over 40. Multiple risks are often encountered. In a background of emotional distress, including marked anxiety and often depression, which makes compliance a difficult problem, we are beginning to recognize and to delineate the causes of poor compliance in our health maintenance program. However, it is my impression that often enough patients heed advice and are able to reverse bad health habits.

With respect to the overall annual yield in our health maintenance program at Jefferson, I have only space enough for a few broad generalizations. Approximately 10-20% of persons have significant abnormalities in blood sugar, cholesterol and other serum lipids, and blood pressure, uncovered by the comprehensive examinations. Nearly 20% of persons have significant obesity underlying the preceding metabolic problems, and this overall yield constitutes almost 30% of the population in our program. In addition, another 20% of people continue to smoke heavily, while the remainder of the population, including those persons who have serious depressions hitherto masked and require treatment, and finally, three percent of people have abnormal intraocular tension, which makes them prone to premature blindness.

The role of the nurse in the health maintenance program can be extremely important. We have experimented in a limited way with nurses as educators who sum up the patient's individual risks and determine the updating of our program to constantly reassess the patient's condition. It is my own impression that the overall yield of this program devised approximately 28 years ago, it is viable and valuable. The overall yield in our experience has been excellent, although third party support is currently lacking. Public interest continues to run very high in the area of health assessment. I can visualize a new role for the nurse in a health maintenance program.

YOUR SESQUICENTENNIAL CAMPAIGN
ONE HUNDRED FIFTY PLUS ONE

It is with pleasure and pride that Jefferson congratulates its Alumni.

The excellent support of all to the Sesquicentennial Campaign is deeply appreciated and has given a great lift to the future of the University as well as establishing a reputation and alliance with all the Colleges. We still welcome with open heart and honds any gifts to come our way. At present, our Nurses have contributed $85,892.00 of our original target of $100,000.00. It would indeed be wonderful to receive pledges to reach this goal. The total campaign has now reached $12,815,000.00 of the planned and expected $15,000,000.00 goal.
Now that the Sesquicentennial is over, one may ask: Is it really over? What did we accomplish? The real answers will develop only as this money is translated into the education of our people in the last quarter of this century. The inter-disciplinary seminar held in May 1974, provided a pattern for other continuing education programs that many nurse alums have requested. Many of you were there and know the success of this event. The first session following was conducted May 3, 1975 and was received with an enthusiasm that provides a basis for others in the months ahead.

The 22 floors of the New Health Science Center at 9th & Sansom Sts. is already in use and houses Nursing Education. There is a new Primary Health Care Center named "Suzanne & Joseph L. Eastwick Community Health Center", at 29th & Reed Sts. operating with Philadelphia Health Care Plan.

The new building arising north of Locust St between 10th & 11th St. is being financed by Penna. Higher Education Facilities Authority and not through the Campaign funds. This building will house 400 cars and should eventually pay for itself. Of great note, this original foundation is constructed so that eight additional stories may be added at a later time for educational purposes.

The Clinical Teaching Facility (Hospital) to be built between 10th & 11th St. & Chestnut to Samson and connected by ramps to the Foederer Pavilion is in the land clearing-demolition stage. Bids for this new building will be invited from contractors by the end of June. Tax free Bonds should go on the Market September of this year. The original floor plans have been modified to incorporate designs and plans made by the Nursing staff. Construction should begin before the end of this year.

As we work together toward the future medical care and needs of our University and Nation, I wish to thank everyone for the very great way this campaign was received and for the wonderful donations and good wishes sent to Jefferson.

Harriet K. O'Connor '39

BICENTENNIAL CONSORTIUM EXHIBITION — PENN MUTUAL BUILDING (facing INDEPENDENCE SQUARE)

"Twelve Philadelphia area colleges and universities have announced plans for a bicentennial exhibition that will chronicle the contributions of higher education in the Delaware Valley from colonial times to the present.

The exhibition, to be housed in the new Penn Mutual Building facing Independence Square, will include documents, manuscripts, artifacts, art work and antique scientific equipment. Among the diverse objects on display will be:

— The 1783 writ by which University of Pennsylvania trustees conferred an honorary degree on George Washington.

— "Jug books" from a century ago, in which are recorded the misdeeds of Villanova students and the punishments meted out to them.

— A ceremonial sword presented to Temple University founder Russell Connwell when he joined the Union Army in 1862.

— Letters from Bryn Mawr College's first president regarding the development of graduate education for women in America.

— An 1873 photograph of students arriving from Liberia to study at Lincoln University.

Participating in the unusual cooperative venture with the schools mentioned above are Drexel and Thomas Jefferson universities; Haverford, La Salle, St. Joseph's and Swarthmore colleges; and Medical College of Pennsylvania. The schools have banded together in a consortium group, coordinated by Dr. Varton Gregorian, dean of the Faculty of Arts and Sciences at the University of Pennsylvania.

Entitled "Learning, Revolution and Democracy," the exhibition will tell the story of the role of learning in social, political and economic change over a two hundred year period.

The institutions' archival contributions will be displayed in four categories: "Learning in the Colonial Era"; "Revolution in Education"; "Democracy in Education"; and "Contributions to Mankind".

(Excerpts have been taken from an article presented to us by the Director of Public Relations, Thomas Jefferson University)

SCHOLARSHIP REPORT

The Scholarship Committee met two times during the year and recommended the following for scholarships, All were approved.

Mary Ann Tareskos (1968) — Spring term of 1975
Suzanne Tonyanilson (1976) — Fall term of 1974
Peggy Eckert Hess (1957) — Fall term of 1974
Betty Billbraugh Alesk (1960) — Fall term of 1974

Respectfully submitted, Doris E. Bowman, '42

SOCIAL

On December 10, 1974 the Alumnae held their Annual Christmas party in the Faculty Club of the Jefferson Alumni Hall.

On March 10, 1975 the Alumnae held a Dinner and Auction Sale in Jefferson Alumni Hall. Proceeds from the sale were places in the General Fund.

The main event of the year for the Alumnae Association was the Annual Spring Luncheon held May 3, 1975 in the Crystal Ballroom at the Benjamin Franklin Hotel. There were 339 in attendance.

The Graduating Class of 1975 was guests of the Association. There were 46 members present. A corsage was presented to Miss. Catherine Glavey, Class President.

The 50th Anniversary Class of guests were the Association. Present were: Marian Briggs, Sara Conrad, Elizabeth Stotton, Elizabeth Ewing, Ullian Hartman, Clara Luchinger, Alverda Kaufman, Helen Hous, Mildred Okinski, Myrtle Frank, Edith Ogden, and Mafolda Zigler. In behalf of her class, Marian Briggs presented to the Association to be placed in the Alumni Room — a class year book, class pin and a picture of Clara Melville.

The guests at the head table were: Miss Doris Bowman — Director of the Diploma School of Nursing, Miss Elizabeth Sweeney — Director of the School of Practical Nursing, Miss Carol Huletny — Director of Nursing Service.

Flowers were presented to the following alumnae: Miss Elizabeth Heaton — 60th Anniversary, Mrs. Ann Craver — Class of 1931, Mrs. Grace Traumon — Class of 1922, Miss Clara Brunner — Class of 1923, Mrs. Julia Garsten — Class of 1924, Mrs. Estelle Taylor — Class of 1924.

The largest Anniversary Class present was the Class of 1930 with 33 members present.

The flowers at the head table were given to Charles O'Donnell, husband of Emma O'Donnell — Class of 1915, who was hospitalized on the day of the lunch.

The Social Committee extends their thanks to all members for their continued support. The Annual Spring Luncheon for 1976 will be held the SECOND Saturday on May 8, 1976. Let us make every effort to make this a big year for all classes.

Janet Hindson '50 Chairman

SICK AND WELFARE

During the past year there were alumnae members hospitalized at Thomas Jefferson University Hospital. Cards were sent and visits made to all known members.

Jeannette Plasterer '51 Chairman

MEMBERSHIP

On January 29, 1975, the structure and functions of the Alumnae Association were outlined for the senior class. Copies of the Alumnae Association Bulletin and Constitution and By-Laws were distributed to the students. The senior class also completed membership forms for entry into the Alumnae Association.

The class was invited to the Annual Luncheon on May 3, 1975. Forty-six members accepted the invitation and were guests of the Association.

Deidre Watkins Blank '67 Chairman

RESOURCE COMMITTEE OF THE BOARD OF TRUSTEES

Regular monthly meetings are held to discuss and report on the Progress of the Campaign, including the amount pledged or received for the Sesquicentennial Campaign.

There is also discussions and reports on the Bequest and Deferred Giving Program and our foundation and corporate relations.

The Jefferson Medical College Alumni and Nurses Alumnae reports are also given at this time.

Betty Tiersol '34 Chairman
BULLETIN COMMITTEE REPORT

In editing the 1975 issue of the Bulletin, your committee has endeavored to bring to the attention of Jefferson Alumnae the present day trends in nursing programs pertaining to the diploma, baccalaureate and practical students; changes in offices and many other interesting articles, including an article about the Nursing School 50 years ago.

We especially appreciate the interest that the alumnae have shown in sending information about themselves, their families and etc. The 220 items which are published under the heading "Class News" in this issue is very gratifying — may we have a larger number in 1976!

Julie Tyler McCracken '34
Evelyn Wilson Frazier '34
Deidre Watkins Blank '67

ADMINISTRATION

I wish to thank all Alumnae for co-operating in sending me correct change of names and addresses for the Alumnae files. We like all Alumnae to receive the information of the activities of the University.

We have received from Mary R. Godfrey, Class 1909, the year book of the Class 1910, also the book written by W.M.L. Caplin, M.D. "American Red Cross Hospital 38". This book records the facts relative to the history and service of the American Red Cross Hospital No. 38, organized under the auspices of Jefferson Medical College and Hospital, Station at Nantes, France, 1918 - 1919.

Mrs. Godfrey gave two other books for the book collection.

Marian Robinson Briggs, Class 1925, gave us the year book of 1925, of the Jefferson Medical College, as it was the 100th anniversary of the Medical College, the nurses class pictures are in the year book. Mrs. Briggs also gave the Alumnae Room a photograph of Miss Clara Melville, Director of Nurses from 1915 to 1937.

We thank these Alumnae Members for the valuable books and pictures they have given to the Alumnae Association.

For Memorabilia

We would like to complete the collection of "Graduating Exercises Programs" for the Alumnae files. The Programs missing from the collection — 1941 to 1947 and 1948 to 1964.

If any Alumna has in her possession one of these Programs and would like to give to the Alumnae Association, or if you want it returned we will make a copy and return the original to you.

A note of interest: From 1893 to 1975 there have been 4572 graduates from the School of Nursing. This includes the 85 members of the Graduating Class of 1975.

Our records show as of May 1975, we have Alumnae living in the following countries:

China — 1. Ireland — 1.
Canal Zone — 2. Saipan Mariana
Canada — 3. Island — 1.
Caracas — 1. Brazil — 1.

I am in the Alumnae Room on Tuesdays, 10 to 4, of each week. The Alumnae Room is on the Mezzanine Floor of Jefferson Hall, 11th and Locust Streets, Room M-2. Telephone No. 829-8981.

Martina E. Rilond,
Clerk-Typist

LIFE MEMBERS

We congratulate the following, who received life membership in 1975. They have been members of the Alumnae Association for fifty Consecutive years.

Edith Bashore Ogden, '25
1829 Greenwood Ave.
Trenton, N.J. 08629.

Lillian Dillard Hartman, '25.108 First 21st Street
Northampton, Pa. 18067.

Myrtle Goldberg Frank, '25.
2121 Fourth Avenue

Mary Kettle, '25 Deceased.

Alvina Haines Kaufmann, '25
1114 - 20th Ave.
Altoona, Pa. 16601.

Clara Lauche, '25.
5712 North 5th Street

Margaret MacDonald Staples, '25.
610 Berwick Street
White Haven, Pa. 18661.

Marian Robinson Briggs, '25.
C-104 Concord Arms,
215 W. Montgomery Ave.
Norristown, Pa. 19401.

Nora Smith Fry, '25.
431 University Street
Walla Walla, Wash. 99362.

Anna Moley Craver, '21.
Walth Park Plaza
63rd and Walnut Streets

MISSING ALUMNAE

Please help us find the correct addresses for the following. The letters for the annual giving and luncheon invitations sent February 1975 were returned to the Alumnae Office — marked moved — no forwarding address.

RESUME OF MINUTES OF
ALUMNAE ASSOCIATION MEETINGS

September 10, 1974
16 members present.
Recommendations of the Board were approved as follows:
1. By-Laws committee to write into the By-Laws for the Annual meeting approval of Relief Fund benefits be increased from $200.00 to $500.00 for active members and from $150.00 to $300.00 for associate members. Consideration to be given to including Nursing Homes.
2. To send all Graduates who are in Nursing Homes a $25.00 check at Christmas, money to be taken from Relief Fund.
3. To increase the Thomas A. Shallow award, given at graduation, to the sum of $100.00.
4. A motion was made and carried to send to the By-Laws committee the question of increasing the scholarship to $1000.00 and to give two per year.

Mrs. Lenora Schwartz presented a talk and slide show about the 1974 A.N.A. convention.

October 8, 1974
18 members present.
It was approved that a scholarship be granted to Miss Mary Ann Taraskos for the Spring Term of 1975.
Student Scholarship was granted to Suzanne Mary Tomlinson. We were happy to activate the Adele Lewis Student Scholarship Fund in the name of our first recipient. Mrs. Harriet O'Connor reported that a total of $84,962.00 has been pledged for the Sesquicentennial Campaign.
Slides from a trip to Hawaii were presented by Miss Summers and Miss Piersol.

November 12, 1974.
11 members present.
The Christmas Party was held Tuesday, December 10th, 1974 in Jefferson Alumnae Hall. Graduates who are in Nursing Homes will receive a $25.00 gift check from the Alumnae Association. This will replace sending Readers Digest, flowers or candy. Revision of By-Laws were presented by Mrs. Betty Miller.
Miss Margaret Donohue from Philadelphia Electric presented a delightful Talk and Slide Show entitled "Seasons for Joy." A small cook book of favorite recipes was presented to everyone present.

January 14, 1975
16 members present.
Miss Hindson reported that the Christmas Party was enjoyed by everyone and the "highlight of the evening" was a visit from Santa.
Mrs. Harriet O'Connor reported that the total amount of the Nurses' Alumnae giving to date to the Sesquicentennial Campaign is $85,412.00. All records of the campaign were turned in, to be filed in the Alumnae offices.
Revised By-Laws were presented by Mrs. Betty Miller and approved.
Mildred Kraft gave a most interesting and informative demonstration on "Cover-up" for scars, birthmarks etc.

February 11, 1975
13 members present.
Miss Janet Hindson reported a Buffet Supper and Auction Sale to be held on March 10, 1975. Plans are being made for the Annual Luncheon on May 3, 1975.
The following ballot was approved:
1st Vice President—Evelyn Frazier
Mabel Prevost
Martha Riland
Recording Secretary—Betty Piersol
Harriet O'Connor
Board of Directors—Perma Davis
Mary Ellen McDonald
Doris Bowman
Charlotte Hoerst
Eileen Blum

April 8, 1975
17 members present.
A recommendation was made, seconded and carried that the Fall 1975 Scholarship be given to Miss Dolores T. Hughes, class 1969.
Janet Hindson reported that 37 attended the dinner and auction sale in March.
Proceeds were $107.60. Saturday May 3rd, 1975 is the date for our Annual Luncheon.
Results of the election:
1st Vice President—Miss Mabel C. Prevost
Recording Secretary—Miss Betty Piersol
Board of Directors—Miss Doris Bowman
Mrs. Perma E. Davis
A delightful color film "Winter in New England" was presented by Dolores Heckenberger.

May 13, 1975
14 members present.
There were 374 reservations for the Alumnae Luncheon with 339 in attendance. The Alumnae Association is still short a little over $14,000.00 of their goal for the Sesquicentennial Campaign. We have hopes of meeting this goal within the next three years. We have raised $500.00 from the sale of charms, caps, mugs, paper weights etc. It was recommended and accepted that we give this $500.00 to the Sesquicentennial Campaign.
A motion was made and approved that the President and Board of Directors conduct all business of a nature within the regular business meeting in September 1975.

Respectfully submitted,
Betty Piersol
Recording Secretary
WAYS AND MEANS COMMITTEE REPORT

May 15, 1974 — May 15, 1975

Thank you once again for your continued support and your generous giving to your Alumni Association. The contributions to the Relief Fund, Scholarship and General Fund brought the total amount to $5,778.00. All contributions received after May 15, 1975 will be acknowledged in the Alumni Bulletin for 1976. Following is a list of contributions according to classes:

1909—$113.00
Marston Smith
Dorothy Bennett
Bela Scott
Anna Billie
Elizabeth Dixon
Louise Shott
1910—$80.00
Emma Knoll
Marguerite Bennett
Irene Hinkle
Ella Herring
1915—$30.00
Elvira Horsley
Mollie Tuner
1916—$20.00
Florence Brawner
Frances Fingrum
1919—$10.00
Nova Speyer
1922—$25.00
Anna Tewes
Ann Deitle
1923—$40.00
Hannah Sipson
Frances Platt
Jeanie Kurz
1925—$116.25
Mildred Ochser
Clara Lucken
Helen Hods
Marion Briggs
Nora Fry
Edith Oglesby
Elizabeth Stovall
Maudie Hugger
1926—$50.00
Grace Kehoe
Josephine Dickerson
Mary Benenburger
Emmette Roye
1927—$105.00
Margaret Casey
Pauline Cissel
Mable Illeld
Anne Phillips
Ufflim Aken
Helen Doherty
Louie Mayers
Isabelle Hawley
Pauline Crown
1928—$113.00
Martin Smith
Dorothy Bennett
Bela Scott
Anna Billie
Elizabeth Dixon
Louise Shott
1929—$105.00
Maxie Pease
Priscilla Zeller
Joseph East
Ann Chumley
Jackie Noble
Blanche Henderson
Zelda Novak
Nestor Schatz
1930—$250.00

of Jurisprudence from the Temple College of Law and was admitted to the Pennsylvania Bar and Federal Court. I received a Master's degree in Education at Temple University.

On April 15, 1975 we are moving to a new home at the address above.

Anita Schlegel Hess, 252 Chester Ave., Horsham, Pa. 19040. Our first baby, Damien, was born on Jan. 14, 1974—through OCA. It was a most wonderful experience. I am now taking a course to become a nursing mother's counselor.

Martha Roe Russell, 63 S. Verona St., York, Pa. 17402. Third child, Laura Ellen. Laura is 1 year old. Laura loves to play and is a very bright little 1 year old.

Loree Jos Cohen Conover, 117 Oakland Ave., Audubon, N.J. 08106. I am a Nurse Epidemiologist at Cooper Hospital in Camden, N.J.

Agnes Hollander Kleinhans, #2 Stephen Ave., Boston, N.J. 08009. I am a private duty nurse, working part time. Also attending Glassboro State College.

Our first child, Tom, was born on March 15, 1975. John has joined the Air Force and is training. It was a most wonderful experience.

Eileen Hansen Killough, 17, Bouchard Ave., Brunswick, Maine 04011. Received my masters degree in nursing at Boston University in New York City. Working part time at Holy Family Hospital as of that, could you write it again with the corrections made.

Our daughter, Haren Lynn, was born Feb. 1975. We are happy in our new home. Love to hear from classmates!

Donna Monroe, 251 S. Sartain St., Philo., Pa. 16743. I am presently head nurse on a 37 bed surgical unit at the Medical-Surgical Unit at Montogomery Hospital, Norristown, Pa.

Cynthia Grzeskowiak, 527 Blue Rock Rd., Parkside, Pa. 19446. Currently a Political Science Major at St. Joseph's College and employed at FCA.

Phyllis Rayand, 55 Meudow Way, Red Bank, N.J. 07701. Hi to all my classmates! We have just finished two years of college and will be moving to Red Bank, N.J. this July when I am finishing a special program in Marketing.

S. Sartain St., Philo., Pa. 16743. I am a part-time nurse; part-time student; full-time mother.

Kathryn Von Allemeier, 271 S. Washington St., Wilkes- Barre, Pa. 18701. Promoted to the rank of Head Nurse, received my Bachelor of Science in Nursing 1974 from Temple University. I was also awarded the Schlar Award, Certificate of Merit for Distinguished Scholarship, graduated magna cum laude. And at graduation an award was the Temple University College of Allied Health Professions. Am married now and have a son.

Sandra Hyde, 107 Union St., Coplay, Pa. 18017. Working toward my masters degree part-time.

Carolyn Kenna, Ruth Montgomery, 17581. There was a misprint in the Alumnae Bulletin last year when our marriage was announced—you printed 1 year instead of 3. We had been doing home duties for 3 months. I will work in my father-in-law’s office—general practice is her specialty.

Catherine Prentice Raymond, 3611 Belleair Place, Phila., Pa. 19104. I am a private duty nurse. Remember our marriage was announced one year when our marriage was announced.

Mary Ann Taraskas, 1920 Spruce St., Phila., Pa. 19104. I am working part-time on a Medical-Surgical Unit of St. Joseph’s Hospital, Norristown, Pa.

Mary Jane Timmis, 1920 Spruce St., Phila., Pa. 19104. I am a part-time nurse; part-time student; full-time mother.

Margaret Ann Browne King, 19 Ashdown Rd., Malvern, Pa. 19353. I am working part-time as a private duty at of our 3rd child. His name is Brian. He was born Jan. 16, 1975.

Mary Frances Myers, 1725 S. 31st St., Philadelphia, Pa. 19146. I am a part-time nurse; part-time student; full-time mother.

Kathleen Stansbury Huffman, 15 Euclid Ave., Merchantville, N.J. 08109. I am now employed part-time as a staff nurse of West Jersey Hospital in Camden, N.J. I have been doing some part-time school in the nursing field. I will be attending Glassboro State College in the fall.

Cynthia Deidre Blank, 1917 E. St., Philadelphia, Pa. 19148. My husband, Fred, has had his first child, and we are two and a very happy and busy family!

Virginia Beach, Va. 23459. Am a private duty nurse in New York. We have two sons, Tommy and Brian.

We recently bought a home and enjoy it very much.

Robert E. Johnson, 92 Washington Ave., Phila., Pa. 19146. My husband, Fred, has had his first child, and we are two and a very happy and busy family!

We all are excited about our up-coming adventure in Europe.

Carolyn Sartain St., Phila., Pa. 19148. I am presently head nurse on a 37 bed surgical unit at the Medical-Surgical Unit at Montogomery Hospital, Norristown, Pa.

Gail A. Johnston Gallagher, 529 E. Wadsworth Ave., Pittsburgh, Pa. 15217. I am moving to New Jersey recently and my husband is working at the American Cancer Society.

Janet is 5 years old.

Donna Monroe, 251 S. Sartain St., Philo., Pa. 16743. I am a part-time nurse; part-time student; full-time mother.

Michael, now 1 year old. We are having fun filling it up with antiques. We have two sons, Tommy and Brian.

Emma Rose Audigier, 4484 Conrado Ave., New Orleans, La. 70115. Husband practicing orthodontics at home. Been 3 yrs. and Todd—1 year. I continue to work part time at local hospital.

Karen Lower Bedell, 1698 Westhaven Dr., above address. Our first child, Brian Taylor, was born on Nov. 21, 1970. His name is Kelly (girl) born Nov. 21, 1970. He started his own business and is doing well.

Sarah W. Studebaker, 13, Richmond Drive, Lansdale, Pa. 19446. My husband, Fred, has had his first child, and we are two and a very happy and busy family!

Sandra Lauria, 127 30th Street, Philadelphia, Pa. 19104. I am working part-time on a Medical-Surgical Unit of St. Joseph’s Hospital, Norristown, Pa.

Carolyn Brown Eberhard, 528 N. Mulberry St., Allentown, Pa. 18104. Altemare-Sacred Heart Hospital Center—Neuburg-Meiss surgical Unit.

Mary E. Black, 1040 Spruce St., Phila., Pa. 19107. I will receive my B.S. in, Univer. of Penn., 1975 and start to design program of Univ. of Penn. 9/75.

Michael J. Sartain St., Phila., Pa. 19148. I am presently head nurse on a 37 bed surgical unit at the Medical-Surgical Unit at Montogomery Hospital, Norristown, Pa.
Mary Smith, 220 Spruce St., Phila., Pa. 19107. Will graduate from Cedar Crest College, Allentown, May 25th, 1975, with B.S. in Cooperative Nursing.

1971—Catherine M. Kulkos, 17 Manor, Claymont, Delaware. Returned to school full time to earn B.S. in Delaware College of Nursing to obtain B.S.N.—work part time.

Janet Walsh, 1017 Sterlingwood Dr., Phila., Pa. 19152. March 1, 1975 promoted to advanced staff nurse in St. Thomas.

1971—Denise Boyd, 949 Split Rock Drive, Lancaster, Pa. 17601. Work as a staff nurse 3-11 P.M. at Lancaster General Hospital in Intermediate Care Unit.

Recently the "Hundredth Clinic 1925" — a year book of the Hundredth Class of the Jefferson Medical College was donated to the Alumnae Association by Mrs. Marian Robinson Briggs, a member of the 1925 Nurses Graduating Class. In this issue the contents are labeled Book One, Book Two, etc.; Book Six is titled "The Nurses" with a drawing of a striding angel holding a small child in her left arm and a partially filled urinal in her right hand — with the inscription "1 2 3 4 5 6 ALL GOOD NURSES GO TO HEAVEN".

Below is a copy of the introductory article.

THE DR. JEFFERSON MEDICAL COLLEGE HOSPITAL TRAINING SCHOOL FOR NURSES

The Training School for Nurses has concluded its thirty-third year. During this period the school has been successful and prosperous. The first Commencement Exercises were held in the Old Clinical Amphitheatre in November, 1891, with five nurses receiving diplomas.

At this time the nurses received a few lectures given by the teachers of the College, and for practical experience many of them were sent out into homes to care for the patient, the physician being responsible for the nursing care. If the young nurse proved satisfactory she was retained; if not, she was succeeded by another who usually was anxious to make good and tried to do so.

Having few private rooms in the hospital, the nurses had little opportunity for private duty work or to be retained by the hospital for institutional work until 1907, when the main hospital was opened. It paved a new road and afforded many opportunities for enlarging the growth and bettering the facilities of the school. More student nurses were added, a considerable increase was made in the nursing staff, and students were no longer permitted to be sent out of the institution on cases, but received practical work in the wards and private floors. At the same time many subjects were added to the didactic course.

At the entrance of the United States into the war, it became urgent to increase the enrollment of the student nurses in order to meet the demands of the public and properly care for the patients coming into the hospital. Again the hospital has the same problem with the opening of the Samuel Gustine Thompson Annex, to increase the enrollment of the student nurses until at present time the school has one hundred and eighty-five student nurses. With the existing conditions, the capacity of the Nurses' Home located at 1012-14-16-18 Spruce Street filled, and the necessity of having additional room to care for student nurses, the Board of Trustees of the Hospital are having erected the first wing of a six story structure, which when entirely completed will accommodate three hundred persons.

The student nurses have many opportunities, the various subjects being taught by the teachers of the College and an instructress for practical and class work. A College Laboratory has been added which affords laboratory training in Dietetics and Chemistry. The Student Nurse has the advantage of ward supervision and comes in contact with many varied types of cases.

Upon completion of the three years' course in training many avenues are open to the graduates. Some are retained for institutional work, others engage in private duty, or Public Health, or Child's Welfare, while others seek industrial nursing. Schools and Colleges have recognized and appreciate the value of the services of the nurse.
MARRIAGES

1925 Delioh Hendricks Naugle, to Lawrence E. Lloyd
1935 Ruth McCabe Thomas, to George B. Copper
1948 Anita Hawthorne, to Thomas C. Garrett, Jr.
1949 Elsie Skvir, to Richard M. Nierle, M.D.

CLASS ADDRESS LISTS
Class address lists will be available from the Alumnae Office Clerk-Typist, at a charge of $2.00 per list. Enclose a long, self-addressed, stamped envelope.

ALUMNAE BULLETIN
The Alumnae Bulletin will be sent automatically to all Association members, individuals who are not Association members may obtain a copy of the Bulletin upon request, at a cost of $3.00 per copy. An order form will be mailed to all graduates in the Spring of 1976.

MAIDEN NAME — YEAR OF GRADUATION
Whenever you have occasion to write to your Alumnae Association, please use your first name, maiden name, then married name, and the year you graduated.

EXAMPLE: JANICE SMITH GREEN — 1972
Mrs. John Green makes it very difficult for the Association to locate your card in the files. You are urged to notify the Secretary of the Alumnae Association of any corrections, marriages, deaths or changes of address. Please help us keep errors at a minimum, and our files accurate.

CAP CHARMS
Jefferson cap charms are available in sterling silver and 14 carat gold. For information please write Betty Pierol or Margaret Summers, 1002 Spruce Street, Philadelphia, Pa. 19107.

ALUMNAE DAY — SECOND SATURDAY IN MAY (May 8, 1976)

CAPS
Jefferson caps may be purchased from the Marvin-Neitzel Corporation, 2016 Fifth Avenue, Troy, New York 12181. The minimum order is for three caps at a cost of $2.45 each, plus a one dollar postage and handling charge.
Identification may be obtained by directing correspondence to the Director, School of Nursing, Thomas Jefferson University, 130 South Ninth Street, Eighth Floor, Philadelphia, Pa. 19107.

PINS
Jefferson pins may be purchased at J. E. Caldwell and Company, Chestnut and Juniper Streets, Philadelphia, Pa. 19107.
Identification may be obtained by directing correspondence to the Director, School of Nursing, Thomas Jefferson University, 130 South Ninth Street, Eighth Floor, Philadelphia, Pa. 19107.

TRANSCRIPTS
All requests for transcripts should be submitted in writing to the Director, School of Nursing, Thomas Jefferson University, 130 South Ninth Street, Eighth Floor, Philadelphia, Pa. 19107. Transcripts are sent only to institutions of higher learning. Requests should be submitted at least a month prior to the date needed, giving the name of the institution to which you want them to be sent. There is a $2.00 fee for each transcript. Checks should be made payable to School of Nursing, Thomas Jefferson University.
