A LETTER FROM THE PRESIDENT

Dear Alumni,

My first two years as your president have passed quickly. Thank you for the confidence you have given me by reelecting me.

By the time you read this, you will have had the chance to vote on some of the issues which were brought up on Alumni Day. I sincerely hope you will all give us some good feedback.

1981 and the actual closing of our diploma school of nursing is just around the corner!

Wishing you all the very best,

President

REPORT OF QUESTIONNAIRE RESPONSES

Dear Alumni,

We are happy to report that as of August 15, 1980 we have received 1058 returns to the questionnaire mailed in July. This represents a response of over one third and is considered excellent.

The responses to the five questions in the questionnaire are by a large margin “yes,” this indicates that:

1. You do not wish the Baccalaureate Nursing Program to be known as the “School of Nursing” because this title has belonged to the Diploma Program since 1891.
2. The monies accumulated by the Alumni Association over the years are to be retained for the use of our Alumni as set up by our By-Laws.
3. We continue to have an Annual Alumni Day.
4. We continue to have our Annual Alumni Days.
5. We continue to publish an Annual Bulletin.

In addition to the above, the following questions have been presented and we will make every effort to answer them to your satisfaction.

Q. Why does The Allied Health Review have the initials AN after the diploma names?
A. This is done to identify the program since there are nine programs in the College of Allied Health Sciences, i.e., CT — Cytotechnology, MT — Medical Technology, etc.

Q. Will the Diploma Program graduates be able to obtain a degree in conjunction with the new nursing program?
A. For information on this subject please write to the Office of the Registrar, College of Allied Health Sciences, 1020 Locust Street, Philadelphia, PA 19107.

Q. How will we be able to obtain pins, caps, transcripts and references?
A. For this information refer to the last page in this Bulletin. As the changes occur in the phases out process you will be kept informed through the Bulletin or by special mailings.

Q. What positions will be available to graduates of the Diploma Program who are not presently working, but may wish to return to nursing after families are established?
A. The process will probably be the same as it is now; if you have not been employed for a great number of years, a refresher course would certainly be advisable; if it has only been a year or two, you would probably have on-the-job training. At the present time refresher courses are not offered at Jefferson.

Q. What is the job outlook for the graduate of the Diploma Program who does not have a B.S. in Nursing?
A. Literature indicates that in many positions experience and a good work record are of prime importance, when an applicant is being considered for hire. However, because of the future trends in nursing it would certainly be advisable for the young graduate, with many work years ahead, to seek a B.S. in Nursing.

Q. Why is the Diploma School of Nursing being phased out?
A. This was elaborated on in the 1979 Bulletin in the articles written by Lewis W. Bluemel, M.D., President, Thomas Jefferson University, and Doris E. Bowman, Director, School of Nursing. After re-reading both articles, one of the chief reasons for the phasing out is that not enough qualified young people are seeking admission to the program. If you have the 1979 Bulletin I would suggest that you re-read both articles.

Q. What about the future employment of the present nursing school instructors?
A. This is difficult to answer; but, no doubt, some will seek employment elsewhere and some will transfer to other positions in the University.

Q. Will we have a merged alumni association and will we still be considered graduates?
A. By virtue of the fact that we graduated from Jefferson we are members of one Alumni; however, as of now and in the foreseeable future, we, the Diploma graduates, plan to retain our identity as the Alumni Association of the Diploma Nursing Program. You will always be a graduate of the Diploma Program regardless of what other letters you place after your name.

The Diploma Graduates have a rich heritage and I am sure we are all proud of being a part of it. This is certainly evidenced by the continuing loyalty, interest and support for the Alumni Association, which is made known through communications from you. We hear not only from our younger graduates but also from our golden ages, some are ninety plus years young.

I hope this lengthy message has answered some of your concerns.

God bless you all.

Sincerely yours,

Margaret Summers
Second Vice President

SCHOOL OF NURSING
ANNUAL REPORT TO THE ALUMNI ASSOCIATION 1979-1980

It seems like only yesterday that I was informing you of the need to close our school of nursing by 1982. As mentioned at that time, this was not an easy decision for us to make but, we felt, a timely one. The two major reasons being, first, the recommendations of our professional organization that by 1985 the entry level for the professional nurse would be the baccalaureate degree; and second, the decreasing number of qualified applicants being attracted to our school.

We continue to receive letters from our graduates and others in support of the school and expressing regret at our closing. It has been rewarding to us to receive such documentation of support for our program.

In September, we will not be taking a new class and during June and July, we will be saying farewell and “Thanks for a job well done” to a third of our faculty members, some have been with us many years and have contributed considerably to the development of the school.

This was informing you of the diploma program being considered for closure in 1985 is to remain in the same location until it closes.

One of our last graduating classes had Commencement on June 4, 1980, in the Ballroom of the Benjamin Franklin Hotel. Seventy-four students received the diploma and pin of our school. Six additional members of this class have time to make up and will become members of the graduating class of June 1981.

I was reluctant to say “yes” to the class idea for a gift but finally gave in. As a result, my portrait was unveiled during Commencement Exercises and later displayed in the Scott Memorial Library. To each member of the class of 1980 I gave you such a hard time about the project, that is but I do appreciate your time, effort, the kind words you expressed and your just being “you”. Thanks again!

Students remaining in the school for the next academic year will include sixty seniors and thirty-eight juniors. Even though our last graduating class will be small, it will be somewhat larger than the first graduating class in 1963 — three graduates.

One of our projects during the stepping down process in 1981 will be to convert our graduate records to a more compact and efficient microfilm system compatible with the College of Allied Health Sciences system. This is no small undertaking when you consider that we will have to convert over 5,000 graduate records. In 1982, all records will be transferred to the office of the Registrar, College of Allied Health Sciences.

Number one among extracurricular activities still seems to be basketball, though this year our cheerleaders were not active. Mary Ann Maxwell, ’80, led this year’s team to the league championship. She also was the recipient of the Thomas Jefferson Award for Athletic Achievement.

The class of 1979 should be pleased to know that our students are doing well in CPR using their gift of Resusci-Annee. Thanks for making this experience possible.

Many hours are going into the preparation of our annual report for continued accreditation by the National League for Nursing. The visit is scheduled for November 10-12, 1980. When the words don’t come easily and the proofreading gets to be a drag, we do succumb to asking, “Is it worth it?” Remembering our past and present commitment to excellence, the immediate answer is “Yes.”

On the heels of the NLN visit will be the Middle States visit for accreditation of the University. Everyone seems to be involved in some phase of preparing that report.

You may or may not be aware that SEPTA has moved its general office (400 employees) into our building. This has required shifting of some of our departments; however, we have been assured that the school of nursing is to remain in the same location until it closes.

With the phasing out of the diploma program and the closing of the practical school, by 1982 there will only be baccalaureate programs in the college — Baccalaureate Nursing, Cytotechnology, Dental Hygiene, General Studies and Medical Technology.

Although the prospects for me in the coming year seem a bit gloomy, with the numbers getting smaller, the future of nursing is bright — it is yours. By basking in your reflected glory as you impact on our profession, your future brightens considerably.

ANNUAL REPORT TO THE ALUMNI ASSOCIATION FROM THE CHAIRMAN OF THE STUDENT AFFAIRS COUNCIL OF THE SCHOOL OF NURSING

The school year 1979-1980 showed that Student Affairs Council was once again involved in many activities. Projects included food raffle events, cultural projects, sporting activities, and meetings.

May brought about the Senior party, which was well attended by members of all three classes. Gift cards were awarded to members of the Senior class, illustrating outstanding characteristics displayed during their three years of dorm and class life. Pizza and soda were also provided, adding to the fun and success of this activity.

Revision of the Constitution of Student Affairs Council and the Student Handbook was the next task that the Council undertook in the spring. Members of the school also participated in the project by designing a new cover for the handbook, although it was a time-consuming endeavor, incoming students found the book to be helpful in familiarizing themselves with Jefferson and Philadelphia.

An activity questionnaire was prepared by Student Affairs Council and distributed to the student body to determine activities which would be of greatest interest to them. The Student-Faculty Picnic was one such activity that was enjoyed by both students and faculty. Also, Student Affairs, along with Martin House Council, co-sponsored a Christmas Party. All who attended enjoyed roast turkey, cold cuts and rolls, cakes and cookies. We look forward to enjoying another co-sponsored party next year.

Our largest fund-raising activity this year was a “Night on the Town” which included dinner and the movies for two people. Money raised aided us in enjoying a Door Decorating Contest at Christmas which provided students with a chance to have fun during the Christmas season. Until October of 1979, we also continued to sponsor Albert, an American Indian Child, through the Lutheran Services.

The School of Nursing classes also kept busy throughout the year with various activities. In order to help finance the yearbook, seniors engaged in numerous bake sales, along with candy and hoopie sales. Two raffles were also conducted during the academic year.

In addition, the class participated in a blood pressure screening program held at the Federal Reserve Bank, providing health care to its employees and the public. The senior class wishes to express its sincere thanks to the Thomas Jefferson University, College of Allied Health Sciences, School of Nursing (Diploma Program) Alumni Association and The School of Nursing Department of the Women’s Board for their generous contributions which helped make the yearbook project a success. Perhaps the most meaningful project undertaken during their three years, will be the presentation of the Class gift: a portrait of Miss Doris E. Bowman, Director of the School of Nursing.

Junior Students worked hard raising funds with some very profitable activities such as a turkey raffle, a Tupperware sale, Easter candy sale, and baked goods sales. They also planned and participated in a beautiful, charming program — a historic event, as it was the last such ceremony of the Diploma Program.

The School of Nursing is extremely proud of their first-place basketball team which worked hard but nevertheless had fun during their exciting season. They completed the year with a 14-1 record, only losing their initial game. The highlight for the team was the dinner and flowers they received from the School of Nursing Department of the Women’s Board and the Faculty, which they fully appreciated.

The entire school wishes to express its gratitude to the School of Nursing Department of the Women’s Board for the entertainment and cultural experiences that were provided for us, including the Freshmen Tea and complimentary tickets to the ballet, orchestra and theatre. Margie Mullen, Kathleen O’Brien, and Suzanne Bradley represented the Student Body at the Dean’s Student Advisory Committee where they attended many meetings and also helped to develop a successful semi-formal dance that was held in February.

In conclusion, the Student Affairs Council wishes the students success and good luck during their remaining years. Thanks to all for contributing to a great academic year.

Sincerely,
Margaret M. Mullen

Student Affairs Council

COMMENCEMENT 1980

At Commencement Exercises — 1980, the graduating class presented to Thomas Jefferson University, a portrait of Doris E. Bowman with some of the following comments:

A member of the Jefferson Medical College Hospital School of Nursing, Class of 1942, Doris E. Bowman volunteered her services as a member of the Jefferson Hospital Army Hospital — the 31st General Hospital. After basic training in Bowie, Texas, the unit was shipped to Egypt.

Discharged in 1945, Miss Bowman returned to civilian life as a private duty nurse. Then, she enrolled at the University of Pennsylvania, receiving a Bachelor’s degree in Nursing Education. After graduation, she left Philadelphia to teach Medical-Surgical Nursing, and later, Fundamentals of Nursing in a Northern New Jersey School. She returned to Philadelphia to enroll in graduate school at the University of Pennsylvania, earning a master’s degree in Education.

With her M.S. in hand, she joined the faculty of her alma mater in 1954 as instructor in Pediatric Nursing. She later became Assistant Director of Nursing and Nursing Service and the School of Nursing became separate departments in 1958, she was appointed to the position of Director of the School of Nursing. The School continued to function under the Hospital until 1969 when it became a unit under the College of Allied Health Sciences.

If you were to survey Miss Bowman’s family, friends and colleagues to determine her outstanding characteristics, loyalty would no doubt top the list. Her loyalty to Jefferson is beyond question. She has given of her time, talent and energy to her position.

There is always time in her busy schedule to keep in touch with alumnae and former faculty and staff. Nothing pleases her more than an unannounced visit of an alumni member with a bible in arms or toddler in tow.

She delights in playing with the child — it is obvious to all who witness this that Miss Bowman has never lost her love for children.

Much of her leisure time is devoted to her family — her brother and his wife and their two children. Her recreational program includes quilting, the theatre and more recently riding a bicycle along the Ocean City boardwalk.

“The students all appreciate the quality of her nursing program and therefore in deep appreciation we present to Thomas Jefferson University this portrait of Miss Bowman with the hope that those who see it in years to come will remember her and her dedication, and be reminded of all that Jefferson has contributed to our lives.”
THE BENEFITS FOR MEMBERS OF JEFFERSON NURSES' ALUMNI ASSOCIATION

MEMBERSHIP TYPES

Active — Graduates of the Diploma Program who are currently engaged in nursing, or who wish to remain on an active status. The members are eligible for all benefits if they meet the requirements.

Associate — Graduates who are currently inactive in the nursing field, but who wish to retain membership in the Association. They may not vote nor hold office, but can serve as members of the various committees.

Life — Graduates who have been members of the Alumni Association for forty consecutive years. These members are exempt from the payment of dues, but enjoy all privileges of active membership.

Honorary — Such persons elected to membership in recognition of some distinguished service to the nursing profession or for special merits. Such members are exempt from the payment of dues, and shall not vote, hold office, nor receive Relief Fund nor Scholarship Fund benefits.

YEARS SOCIAL EVENTS

Alumni Luncheon held each May.

Dinner and White Elephant Auction sale held each March.

Christmas Party each December.

FINANCING

The Alumni Association is financed by:

1. Dues

Active dues, currently $10.00 per year, payable each January upon notification by the Secretary-Treasurer. Associate dues, currently $5.00 per year, payable each January upon notification by the Secretary-Treasurer.

2. Annual Giving contributions.

PUBLICATIONS

The Alumni Bulletin is published yearly, in the fall.

ALUMNI FUNDS

Nurses Relief Fund

Sick benefits for Diploma Alumnae who are members of the Association. Individual consideration is given to non-members. Amount has been increased to up to $1000.00 per year for Active Members. Up to $600.00 per year for Associate Members.

Requirements: Refer to By-Laws

Scholarship Fund

Graduate — Two $1000.00 scholarships for each of the spring and fall semesters, granted to active members of the Alumni Association who are working towards a degree in nursing and who meet the requirements.

Requirements: Refer to By-Laws

Student — Given annually to a worthy student to pursue the course in the Diploma Program, no pre-set amount. The amount depends on the need of the student.

General Fund

Used to pay operating expenses, mailings, to send candidates to conventions, etc.

ALUMNI AWARDS

1. The Alumni Association Prize — to the member of the graduating class who attains the highest average during the three-year course. Prize $100.00.

2. Thomas A. Shallow Memorial Prize — to the graduating student who demonstrated the greatest proficiency in Operating Room Nursing. In 1978 changed to the graduating student who has demonstrated the greatest proficiency in Surgical Nursing. Prize $100.00.

3. Student Recognition Award — an award of $200.00 to the junior student for the highest academic rank.

MEMORABILIA

In the Alumni offices we have displayed nurses' pins, pictures, dolls dressed as nurses, scrap books with old clippings, diplomas, graduation programs, and alumni bulletins.

We also have memorabilia at the Nurses Museum located at Pennsylvania Hospital, 8th & Spruce Streets.

Addresses are kept current by requesting address changes from the Post Office on notification by the Secretary-Treasurer.

RESUME OF MINUTES OF ALUMNI ASSOCIATION MEETINGS

September 11, 1979
18 members present

1. A letter was read regarding Faculty Club membership at Jefferson Hall. The office of president of the Alumni Association of the School of Nursing does not meet the requirement for membership in the Faculty Club.

2. The following recommendations were made and approved as follows:

(a) That the President respond to the Nursing Museum regarding Jefferson's donations.

(b) That an invitation be sent to the Nursing Museum to come to speak to the Alumni Association as a special program.

(c) That we contribute $200.00 to the United Way.

(d) That we drop our insurance coverage with Inter-County. The President will notify all members of Inter-County to assure them they can continue coverage on their own, rather than through the Alumni.

October 8, 1979
14 members present

1. The nominating committee will meet 11/20/79 to plan the ballot for the following offices:

   (a) President
   (b) 2nd Vice President
   (c) 3 Board of Directors

   The following recommendation was made and approved:

   (a) That Miss Prevost Chair the committee to review the Will.

   (b) That a donation of $150.00 be sent to the History of Nursing Museum.

   (c) That Mrs. Perma Davis be sent to the ANA Convention June 8 - 13, 1980 in Houston, Texas.

   Results of the election:

   President — Mrs. Perma Davis
   2nd Vice President — Margaret Summers
   Board of Directors — Doris Bowman
   Janet Hindson
   Beverly Rupp

   3. A special program on "Over-the-Counter Drug Abuse" was presented by a representative from Philadelphia.
SCHOLARSHIP REPORT

1979-1980

Ten applications for scholarship assistance were sent; seven were returned and reviewed by the committee.

Joan L. Caruso (1976), Linda S. Bingaman (1975) and Suzanne M. Garbus were granted a scholarship for the Fall Semester of 1980 and Janet Walsh (1973) and Grace Spona (1971) were granted a scholarship for the Spring Semester of 1980.

The scholarship award for 1980, granted to the junior student who had demonstrated the highest level of achievement at the end of the second quarter, was granted to Patricia Lindemuth.

Committee members wish to take this opportunity to encourage graduates enrolled full time in a program leading to a degree in nursing to apply for scholarship assistance, especially if financial problems interfere with the completion of the program.

Doris E. Bowman, '42
Chairman, Scholarship Committee

REPORT OF SICK AND WELFARE COMMITTEE

During the past twelve months, "get well" cards were sent to Alumni members who were patients at Jefferson, and known members who were ill elsewhere. We are happy to do this, if your illness is made known to us.

Margaret M. Cosman '47

SOCIAL REPORT

The Nurses' Alumni Association held its annual Christmas Party and Auction Sale this past year in the Faculty Club of the Jefferson Alumni Hall.

The Annual Luncheon was held May 3, 1980 at the Benjamin Franklin Hotel. There were 321 in attendance.

(a) That the ballots be destroyed.
(b) That we give Mary Dickerson '44 full relief benefits.
(c) That we give Mary Culp financial help.
(d) That the Officers and Board of Directors conduct all business until September, 1980.

$100.00 was added to the Treasury from sale of Alumni articles after the luncheon.

321 people attended the luncheon and everyone reported a very good time. Flowers from the Head Table were given to Mary Dickerson '44 hospitalized at Jefferson.

Respectfully submitted,

Dee Hughes
Recording-Secretary

NURSING ALUMNI OFFICE

This coming year (1981) will be an interesting one for the Nursing Alumni. The School of Nursing will be ninety years old. When the School began, the first class of five students had a two-year program, graduating in 1893. Shortly after this the course was lengthened to a three-year program which has continued to the present time.

Another exciting date coming up in 1983 will be the fiftieth anniversary of the annual luncheon. Miss Helene Weber, Class of 1922, pioneered the idea during her term as president of the alumni, organizing and starting the tradition of the annual luncheon, which is the alumni's main event of the year.

Elizabeth Ent, class of 1932, has given the Alumni Office a lovely picture of the second luncheon held at the Adelphia Hotel on April 23, 1924. This picture is a document of the times when ladies wore hats and white gloves at social functions — come and see it!

Miss Breckin Boyle, Class of 1918, sent photographs of her classmates and interns taken in the children's ward for the Alumni Scrapbook. This memorabilia can be seen in the Alumni Office, M-2, Jefferson Alumni Hall. Many alumni and other visitors have enjoyed viewing these photographs.

Our number of active addresses is 3050. I appreciate the fact that so many of you responded by sending in changes of names and new addresses. Please keep sending them so you will continue to receive mail from both the Nurses' Alumni Association and Thomas Jefferson University.

If you wish to contact the Alumni Office in person or by telephone, the office is located in Jefferson Hall, 1020 Locust Street, on the Mezzanine level, Room M-2. The telephone number is (215) 928-8981. Miss Riland may be reached there every Tuesday from 10:00 A.M. to 4:00 P.M. She has Jefferson Cap charms available at a cost of $12 in sterling silver (with a $1.50 charge for mailing).

Calls or inquiries made other than on Tuesdays should be directed to the College of Allied Health Sciences Alumni Office, Room M-34, (215) 928-7709.

Martha E. Riland
Secretary
Much to Teach

"In 1976, I had to begin using a wheelchair. Nobody pointed it to me and said, 'Here, you're going to be in this wheelchair the rest of your life.' But I finally understood that this was going to be my life, and I'd better get used to it. I thought of the GIs we'd see on the ward after D day — paraplegics, quadriplegics, amputees. We'd wonder how they were going to handle the handicap for the rest of their lives. I found out for myself. You have to make adjustments."

Ms. Moyer, who's able to walk short distances with the help of a walker, began tutoring students in her apartment about 2 years ago. "I started off teaching only registered nurses, but I've begun teaching practical nurses as well. "Some people say I should charge more than I do, but I'm satisfied. I feel that I'm not only teaching, but also learning — that I'm still growing as a person. Everyone I've tutored has subsequently passed. If this is continuing contribution to nursing, I'm happy and proud."

"We're sure we speak for everyone when we say the profession's proud of her."

CREDENTIALING IN NURSING

by Anna Kuba, F'45

Thirty-five years ago I had my first experience in credentialing in nursing — I wrote the state board examination for licensure as a registered nurse in Pennsylvania. (Subsequently, I was licensed in Massachusetts and North Carolina by endorsement.) Later, as a faculty member and educational administrator, I became intimately acquainted with the approval process used by state boards of nursing for programs-preparing persons for licensure as nurses and national voluntary accreditation of educational programs. In the latter instance, I served as a member of the accreditation team to schools and colleges of nursing on numerous occasions, and as a member of the Accreditation Review Board for the NLN Council on Baccalaureate and Higher Degree Programs as well as being on the receiving end of the process. Approval/accreditation of educational programs is another form of credentialing. More recently, while on the staff of the American Nurses' Association, I was involved in the certification programs offered by the ANA Division on Nursing Practice and served as the coordinator for the Council of State Boards of Nursing. Certification, too, is a kind of credentialing. As the executive director of a board of nursing (North Carolina), a member of the ANA National Accreditation Board for Continuing Education in Nursing, and a member of the Task Force on Credentialing in Nursing, my involvement in credentialing continues unabatedly. Therefore, it is indeed a pleasure to be addressing my fellow alumni on a subject of intimate, intense and far reaching concern to all of us — credentialing.

The action which ultimately set into motion a study of credentialing in nursing was the result of a territorial skirmish. A resolution was adopted by the 1974 ANA House of Delegates to examine the feasibility of ANA accrediting basic and graduate programs in nursing, a function then and now of the National League for Nursing. After a series of conferences involving representatives from nursing education, nursing practice, and experts in credentialing in other fields, a proposal emerged and was subsequently approved by the ANA to broaden the scope of the study to include all aspects of credentialing — accreditation, certification, and licensure — because it was realized that these mechanisms are inextricably tied together in the overriding purpose of providing quality assurance. The study was to include credentialing of all categories of individuals engaged in the occupation of nursing, as well as programs of nursing education and nursing service. The overall aim was to look at credentialing as it exists in nursing and to recommend future directions in credentialing for the profession.

The report, THE STUDY OF CREDENTIALING IN NURSING: A NEW APPROACH, was released at the end of January, 1979. A major finding, as you might suspect, was that the current system of licensure and certification of nurses and accreditation of nursing services and nursing education is uncoordinated, fragmented and duplicative. The recommendations of the Study Committee call for a restructuring of credentialing and the establishment of a national credentialing center.

What quickly becomes apparent in studying credentialing is that there are two currents to be dealt with. While these currents are not divisible in practice, they may advantageously be separated out in attempting to deal as rationally and objectively as possible in developing solutions and in gaining rational and objective consideration of recommendations. One of these undercurrents is the territorial one of the control of the credentialing system and its various aspects. Again, one may identify separable questions and, thus, possible separable solutions. Who makes the definitions? who sets the standards? who conducts the process? who awards the credential? who establishes what the credential may be used for? The second undercurrent includes the more personal concerns of the credentialer, whether he be an individual or an institution. What are the credentials? what standards are required of the credentialer? what qualifications and what entitlements accrue to the credentialer?

To a large extent, three of the recommendations of the Study Committee roughly parallel these streams, one in keeping with the credentialing system and the other with the credentialing system and its control.

In relation to the credentials, it is recommended that:

1. Licensure, as a mandatory, state governmental credentialing form, used to protect the public by assuring minimum level of professional competence, be required only of those individuals who are accountable for the full scope of practice.

2. Registration be the form of credentialing for assisting personnel, the second category of persons engaged in nursing, unlicensed but defined by education as associate degree prepared. Registration, as a national, non-governmental form of credentialing, by which individuals are listed on an official roster, would attest to employers an individual's ability to perform specific functions necessary to the practice of nursing, but which do not constitute the full scope of practice. (Under such a system, the term "registered," while conveying a different meaning from today's usage, would...
preserve the familiar titular identification and public recognition of the majority of nurses and the use of a new title for the professional group eligible for licensure would call attention to the emergence of a new role for nursing.

3. Certification be used exclusively to denote minimal competence in a field of nursing specialization and that licensure be required as a prerequisite.

4. Accreditation, a non-governmental form of credentialing, be available for all organizations of nursing services as well as nursing education programs and that state boards of nursing not be responsible for the approval or accreditation of schools of nursing.

To move on from the credentials themselves to the means of accomplishing credentialing in a comprehensive, cohesive, coordinated, efficient, and accountable manner, a free-standing nursing credentialing center is recommended. The center would bring together the community of interests in nursing for policy-making and coordination.

In such a center, the functions of accreditation of programs of nursing education and nursing services, the certification of nursing specialists, and the registration of the yet untitled assisting personnel would be conducted, and the coordination of services for state licensing would be provided. The report proposes the characteristics of such a center, its purposes, functions, and structure.

Since nursing has had a sad history of revering and ostracizing, but not implementing, its landmark studies, the Study Committee recommended a plan for follow-up which appears as an addendum to the report. They recommended the establishment of an independent task force to act as a catalyst and focal point for stimulating discussion aimed at broad acceptance of the study recommendations, including implementation of the nursing credentialing center and to develop additional data necessary for definitive decision-making by nursing organizations and credentialing bodies for committing themselves and their resources to such an endeavor.

Change, particularly in the direction of unification, is anxiety-producing. It is never easy. It requires some compromise for the common good. If nursing can carry this through for the benefit of the public as well as the profession, we will have created a model that other professions can emulate. How wonderful for nursing to act first, instead of reacting last.

WAYS AND MEANS COMMITTEE REPORT
May 31, 1979 - May 31, 1980

Another year has passed and it has been a busy year. We want to thank each and everyone of you for your generous giving and your continued support to your Alumni Association.

The contributions to the Relief and General Fund brought the total amount to $4,820.00. All contributions received after May 31, 1980 will be acknowledged in the Alumni Bulletin for 1980.

Following is a list of contributors according to classes:

1909 - $25.00
Mary (Robinson) Godfrey

1912 - $25.00
Nora (Shearer) Parsons

1914 - $15.00

Doris Bowman and I arrived in Houston International at 9:00 A.M. on Sunday, June 8, and were driven to the Lamar Hotel by Doris’ cousin and his wife who live in Houston. It was the hottest day of the year — 99° with the humidity to go with it.

We walked the eight blocks to the Albert Thomas Convention and Exhibit Center in time to register. Our registration pins were admission to everything.

After a quick bite (standing in line was the order of the day since everything was closed for Sunday) at the Hyatt Regency, we went to the Coliseum to hear the keynote address of Rhetaugh G. Dumas, M.D., professor and director, National Institute of Mental Health, Department of Health, Education and Welfare.

We had lunch at the Coliseum, where registration pins were admission to everything.

It was the hottest day of the year — 102°.

That afternoon we went to the continuing education program “Commitment to Self Care in the 80s” sponsored by the Division on Community Health Nursing Practice. The moderator, Raymond G. Cink, MPH, RN, Vice Chairperson, ExComm, A.N.A. Division on Community Health, St. Paul, Minnesota, presented the speakers (1) Dr. Toni Sullivan, associate professor and director, BSN program, Felician College, Lodi, New Jersey; (2) Jean McKibbin Smith, M.S., R.N., clinical instructor, staff development, Memorial Hospital, Gulfport, Mississippi; and (3) Dr. Carolyn Chambers Clark, director, The Wellness Institute, Statenburg, New York.

None of the material was a new concept but an elaboration and in words that have been presented in the past few years.

After we went to the continuing education programs, we looked for the right place to take the examination. It was filled with nurses taking examinations. The examination was pertinent to the program just presented and we were told the results would be forwarded to us in a few months.

Monday night we went to Brennan’s for dinner. The gardens and restaurant are lovely besides having good food. Their nurse is a branch of the same in New Orleans, Louisiana.

Tuesday morning while we were eating breakfast we met Dr. Harriet Werley. She was one of the moderators in a round table discussion we attended on “Behavioral Psychology.” It was the first I knew that she publishes a magazine “Research in Nursing and Health.”

Part of this day was spent in seeing the many worthwhile exhibits. It was surprising to see so many hospitals from all over the United States with booths. Most of the samples from drug companies were too large or cumbersome to bring back with us — such as a plastic yardstick.

Those of you on faculty remember Pat Tucker who taught Orthopedics. We spoke to her several times during the course of the convention. She is now an editor with the magazine “Nursing ’80.” She hasn’t changed a bit except maybe she’s more fun to be with.

Tuesday night we were dining at the Hyatt Regency while another continuing education program was being attended — “Impact of Alternative Modes of Care” sponsored by the Commission on Nursing Research with Nora Pender, commission member and professor, School of Nursing, Northern Illinois University.

Elie Weyrauch and Lynda Bernard Austin, nurse assessment team nurses for Alternative Health Services, Department of Medical Assistance, State of Georgia, Atlanta, presented first.

Because of the rapid growth in the number of elderly, Georgia Medicaid sponsored an alternative home health care research over a three year period. Objectives: (1) prevent unneeded institutionalization; (2) provide complete community health services at reduced costs, 1,000 participants in 17 counties. Three means of accomplishment were: (1) Adult Day Rehabilitation with daily nursing visits, physical therapists, occupational therapists, prosthetics aids and transportation to and from continuing care; (2) Alternative learning services — as needed — with foster care, board and congregation care. Daily supervision of activities, meals, etc. was provided as needed. (3) Home delivered services. The cost advantage was a high volume of screening with an efficient rate of professionals. Services are less costly than rising institutions and clients [this word substituted for “patients”] wherever you went at the convention receiving this kind of care live longer.

Dr. Loretta Nowakowski, executive director, Institute for Personal Health, and adjunct assistant professor of nursing, Georgetown University, School of Nursing, Washington, D.C., advocates health promotion through self health care. The role of the nurse in this is (1) Administrator, (2) Designer, and (3) Implementer. The nurse must deliver what has been promised. Two responsibilities: (1) Research and (2) Research at a national level. There is a high fear of costly illnesses of the clients. Nursing was not identified as a profession. Doctors say “health” but mean disease. Clients want someone to listen — not preach — to them.

Dr. Joan LeSage, chairperson, geriatric/gerontological nurse at the University of Utah’s, Salt Lake City, presented first. "Innovative Approaches to Clinical Learning in the Urban Community." Associate professor, College of Nursing, chief, Nursing Staff, Wayne State University, Detroit, Michigan.

There is a contract between the Detroit Institute and Wayne University.

Monies are constantly being sought through United Fund, Medicare, Pharmaceutical Companies.

Students spend 60% time in service, 40% in teaching.

Education time is reimbursed through University.

Miss Bell quoted Dr. Christman as “Education plus service equals power.”

Dr. Elizabeth Grossman, dean and professor, School of Nursing, Indiana University, Indianapolis. “Planning Clin-
ical Learning Experiences to Meet the Needs of Diverse Populations."

"The times change and we change with them."

Relevant curricula to keep abreast of changing needs of society.

1. Chronic and degenerative diseases have replaced infectious diseases.

2. Increased longevity.

3. Accidents are most frequent cause of death in ages 1 through 40.

5. Effect on clinical innovation. Data and commitment of faculty.

Indiana University assisted faculty. Needs, circumstances, goals of school. Specialist degree with major in primary care.

Leaders to practice teaching.

Purpose, function, responsibility.

Teach health instead of illness.

Health care needs of Indiana reflects nation wide needs with population over 55.

Chronic illness and aging.

Nursing/clinical teacher.

Self care practices.

"Live out life — NOT die out living."

Adapt to health/illness.

Existing ambulatory centers utilized.

Share clinic.

Health screening.

Medical history.

Medical Management.

Referral to diabetes, arthritis, hypertension, heart disease.

Wednesday at noon we picked up the A.N.A. history book which was a gift for registering early — "One Strong Voice" on our way out of the Albert Thomas Convention and Exhibit Center.

Wednesday we took a former housemother, Mrs. Bard, to a lunch at Vargas. As we drove up, two peacocks welcomed us and then promptly flew (did you know peacocks could fly?) I hadn’t known until I saw them! to the top of the building. Our table was under a glass roof by a live tree and the view beyond was a small waterfall and stream with swans — black and white — ducks and geese calmly swimming by. What a beautiful restful place to eat a delicious lunch.

Wednesday evening we ate in the Hotel Lamar dining room because we were still full from lunch. Mr. Bard’s daughter drove us around a section of Houston we hadn’t seen before — Rice University on one side and the Medical Center and Zoo on the other side. The Medical Center was so overwhelming and hard to believe.

As dusk was falling, we walked to the Hyatt Regency and enjoyed a view of the city from the "Spindletop." There really wasn’t much we missed! I felt like a little girl again seeing so many new and different things!

Thursday morning Doris and I were one of the first to arrive to hear Dr. Jerome Lysaught, professor of Education, Medical Education and Preventive Medicine, University of Rochester, Rochester, New York.

All week I was worrying that I wouldn’t have anything outstanding to tell you, until we heard Dr. Lysaught. He spoke for 2½ hours, was interrupted many times, but never used a note. He lost his train of thought. He is thoroughly believable and why nursing hasn’t followed his advice is hard for me to understand. Doris brought her tape and anyone who has a chance should take advantage of hearing it.

1966 the American Nurses’ Foundation, American Nurses’ Association, and National League for Nursing got funding from W. Kellogg Foundation, Mellon Fund and an Anonymous Benefactress.

Proposal developed:

1. Nurses should be represented but majority should not be nurses.

2. The Director of the study should not be a nurse.

At that time Dr. Lysaught was Acting Director of the Medical Division of Education at University of Rochester, Rochester. Emory Morris, head of the Kellogg Foundation, was to visit Evelyn Hall, Director of Nursing Education at Rochester and Dr. Lysaught set up a clinical sitting for Mr. Morris to see. Mr. Morris remembered this when the head of the commission was to be appointed, and he insisted Dr. Lysaught be that person. Formal implementation period was 1970-73 with two series of regional meetings. 1978-79 — initial change was not to make nursing a greater profession but to improve delivery of health care.

Characteristics to demonstrate commitment to expanded delivery of nursing service.

History and origin of proposal:

1900 — Limited knowledge base for doctors and nurses.

1969 — Rockefeller Foundation appointed Abraham Flexnor to study and report. It was issued in 1910.

So long as American medicine provides care without a scientific base.

1. Develop a stronger knowledge base.

2. Increase the length of preparation period. Continue to learn and do research.

Abraham Flexnor — a biologist — established that doctors should be well paid and should be based on client’s ability to pay.

1. Established accreditation and licenses rid of incompetents!

2. Relocate within the collegiate system into a collegiate setting.

3. Needs for college program as well as medical school.

University of Rochester in 1921 was the first school to adopt Flexnor’s model.

1923 — Nursing has not kept step with medicine.

Goldmark Commission on Nursing established because:

1. Public concern about influenza outbreak after World War I.

2. Medicine became more scientific than nursing.

Recommended:

1. American nursing follow lead of medicine’s move into the collegiate system.

2. Nursing be developed for community, health nursing to prepare foundation for specialization in either community or hospital.

No action was taken:

1925 — Esther Lucille Brown report similar to Goldmark Commission recommendations — nothing happened.

1926 — Characteristics.

1. Staying level of commitment.

2. Long and disciplined educational process.

3. Unique body of knowledge and skill.

4. Discriminatory authority and judgment.

5. Active and cohesive professional organization.

These studies were still not acted upon.

Reasons for nursing shortage:

1. Female high school graduates have a lot more choices. At the University of Rochester one in three are female applicants to Law school, engineering and management.

2. 1½ million maintain licenses but never practice nursing.

3. 1 in 4 work only part time.

Provisions:

1. As economists define a real manpower shortage, there is no nursing shortage.

2. In the face of the problem of nursing we have a tremendous problem of returning nurses for patient care.

Extrinsic or economic:

1. Nurses not paid well to direct patient care.

1978 — average salary for staff was $6.00 per hour or $12,000 per year.

Grocery clerks’ union affords a stock boy $11.87 an hour.

2. Nurses are not recognized and rewarded for work accomplished.
The College of Allied Health Sciences Alumni Special Achievement Award was established in 1977 to recognize the accomplishments of allied health alumni.

The 1980 distinguished alumna was Barbara G. Schutt, Class of 1939. The award is given for her many accomplishments in many fields of nursing and in education.

Among these were general duty at Jefferson, College health, camp and private duty nursing while working towards a Bachelor of Arts degree at Bethany College, Bethany, West Virginia. After three years in the Army Nurse Corps, Lt. Schutt used her nursing experiences in the fields of public service and journalism.

As assistant, associate and executive director of the Pennsylvania Nurses' Association, a branch of the American Nurses' Association, Miss Schutt concerned herself with nursing services and education and the economic welfare of the members, and the advancement of nursing in the state. During this time, 1946-1958, she served as editor of The Pennsylvania Nurse.

Sandwiched among all of these activities, Barbara earned a Master of Science degree in Education at the University of Pennsylvania in 1949.

From 1958-1971, Miss Schutt was editor of the American Journal of Nursing, the official magazine of the American Nurses' Association with a circulation of 325,000.

Her active career was finalized in 1979 after serving as Director, Division of Nursing, Mohican Community College in Norwich, Connecticut from 1974-79.

After such a busy and productive career in nursing, our best wishes go to Barbara C. Schutt for a happy retirement.

Congratulations, Barbara.

HARRIET WERLEY HONORED FOR CONTRIBUTION TO NURSING SCIENCE

Harriet Werley, Ph.D., FAAN, is the first recipient of the Award for Distinguished Contribution to Nursing Science given by the American Nurses' Foundation. The award was presented by Ray Showalter, ANF president, at a meeting of the Council of Nurse Researchers at the ANA convention in Houston.

Dr. Werley, who became associate dean at the School of Nursing, University of Missouri/Columbia in January, has been a researcher for 26 years. At the Walter Reed Army Institute of Research, she developed the department of nursing research, recognized as the first center for nursing research in the nation. At Wayne State University in Detroit, she developed the Center for Health Research, the first such program in the nation to be established in a college of nursing.

In accepting the award, she emphasized the importance of basing nursing's curriculum on its own research. While the volume of nursing research has increased, many problem areas remain to be investigated, she said. "Nursing must marshal its talent and resources to be more research productive, so that nursing's investigative capabilities and results are more readily recognized by the scientific community."

Dr. Werley is founder and editor of Research in Nursing and Health, a national refereed journal. She is the author of 50 articles published since 1954.

The award was made possible by a grant from the Bristol-Myers Fund. Members of the selection committee were Susan Gortner, Ph.D., FAAN, Barbara Hansen, Ph.D., FAAN, and Ada Jacob, Ph.D. Twenty-seven nurse researchers were nominated.

THE CONCHOLOGISTS

Two friends, Blanche Ford '31, and Emma Bahner '31, have for years shared a common hobby, conchology (shell collecting). They spent vacations at Sanibel Island, a place prolific in all varieties of shells. In addition to the collecting of these beautiful objects, they both used their shells to make jewelry, trays, boxes and other items. In addition, the shell motif is used throughout Emma's apartment — pillows, towels, pictures, etc.

Retirement has brought some enriching changes in both their lives. From all reports, their interest in conchology still persists, but both are contributing of themselves and their nursing skills in helping others.

Excerpted from an article in The Islander, a Sanibel newspaper — "It is Blanche's concern for other people that keeps her hustling today. Today, as a resident of the Periwinkle Trailer Park, she keeps busy baking goodies for friends and neighbors, carpooling for her church choir, and taking blood pressures. She creates wonderful shell craft art, visits the ill, and mails out 200 birthday cards a year. "Everything I do, I do because I want to. It's my way of contributing.

The pamphlet Purely Personal, April newsletter, reports, "Your reporter was lying in a hip-high broken-leg cast when she first heard Emma Bahner's mellow voice over the phone, "This is your friendly visitor from P.C.O.P. (Philadelphia Center for Older People)." That Emma had formerly been a nurse is just one reason she is our ideal comforter of the housebound. Her warmth and positive attitude add to her total aptness. Lately she has been volunteering in Crafts. Besides all this, there is Emma's alluring hobby of conchology. The minute you enter her apartment (like a warm museum) you feel transported to Florida's Captive or Sanibel Island. She shells confront you everywhere. Shells, as mysterious and varied as the myriad human faces in a crowd, but far more beautiful."

Blanche and Emma, in helping others, have enriched their lives and have endeared themselves to others. Keep going, Ladies!
CLASS NEWS

Class of 1909
Mary M. Robinson Godfrey (Robert — deceased), Lugmore, PA 15658. Thank you for The Bulletin and news of my husband at Jefferson, as well as the progress of nursing.

Class of 1915
Minerva Peters Bilger (Frank — deceased), 259 N. Union St., Middletown, PA. 19707. Mrs. Bilger has been confined to the Presbyterian Medical Center for over two years with heart trouble. She has an extra year. 28. 1966, the result of a brother's sudden death. She is now 90 years of age and is only 87 well, though painstaking on the eight hour live memory is very good and she eats well considering all the folks in the meadows. She suffered a stroke in her last as the result of improper care and the lack of her care. All of which goes to prove that much more training and authorized personnel could care less. It's a new old game since she learned the profession. Must care less. (Dorothy A. Peters, M.D.)

Class of 1916
Florence J. (Bonnie) Brown, 29 E Oak St., Oakland, MA 21550. Not much change in the picture. Me and the boys live in Portland. Oregon. Some time in February — the springs are much warmer. I am still very much interested in nursing. I have a baby daughter and a baby son. We are going by train to New York in September for our 51st Wedding Anniversary Luncheon. I will be in New Jersey at the luncheon date, so will be unable to attend. My eyes are very bad — do not get any help around.

Class of 1920

Class of 1921
Florence Cleveland Platt (Norma), 926 Lincoln Ave., Pine Beach, NJ 08741. Mrs. Platt has been ill for several years and at the present time is recovering from a fall which caused a fracture of her right hip.

Class of 1923
Ruth Knoll Thompson, 233 Adams St., PhiIon, MA 08671. The enclosed check is from my sister, Mabel Knoll Peters, class of 1930, same address. We are both well and therefore we are able to take care of ourselves, also able to get to the bank ourselves.

Mary Esther Borrow Bentley (Perry Bentley, Sr.), 802 New York Ave., Apt. 102-B, Deland, FL 32720. Retired — "hospital-volunteer."

Class of 1924

Class of 1925
Clara L. Lchinger, Montclair, OH 44067. (Jane, June Ave., Apt. B-14. I was very happy when I learned Dr. Subic of Ohio School of Nursing was being praised out, but I know it would happen sooner or later.

Gallinet R. Hendrickson Lawrence (Elizabeth Lawrence), 1514 Vista Way, Greenbelt, California 90804. Old class hospital staff duties until retirement in 1972.

Elizabeth Stewart Eveler (Mary J. — deceased), 202 Parkway, Elkton, MD 21921. Widow — 1983.

Class of 1926
Martha Ray Clark, 4025 Georgeberg Pike, Pittsburgh, PA 15221. My daughter, Grace, just returned from Florida — attended Chatter Training Center for Medical Technicians. She is employed in the Kentucky Institute for Maternity Hospital. She was honored for a lifetime of women’s Clubs and active in Forest Hills A.A.R.P. and Senior Citizens Programs.

Allice Harper White (Burton), 159 W. Vine St., Apt. #2, Hotlfield, PA 19440. My only daughter, Joan, is in the Armed Forces at the U. of Miami. I spend my very pleasant evenings with her in Coral Gables. My grand- daughter is in a Colorado and grandmother at Smoky Mtn. in Atlanta.

Ruth Evelyn Smith Davis (Chas. R. Davis — deceased), Box 700 Cokesbury Center, North Carolina, DE 19807. I am enjoying my last life at Cokesbury Center. I am a Methodist, and a member of the Order of St. Chris- tian Women, and one great niece.

Class of 1927
Pauline McShear Gillen (Denise R. Gillen, M.D.), 506 Park Towne, Benjamin Franklin Parkway, Philadelphia, PA 19130. My husband — class of 1921, Jefferson Medical College, and I am happy to announce that our granddaughter, Nancy Gillen, is in the graduating class this June — Episcopal School of Nursing. With two recent grandchildren born, we hope to attend.

Filomena Tischetto Doherty, 117 Lenape Rd., P.O. Box 322, Rochester, PA 19854. Retiring in a very short time as Director of Nursing in a hospital in South Carolina.

Elizabeth Ann Wheler (Alfred), 15th Ravage Ave., Retired, P.O. Box 185, 19820. Retired.

Eugene Margaret, 247 S. Juniper St., Phila., PA 19107. I have my second Life membership fee. It's worth saving.

Leila Yorgey, 956 1st St., Pottstown, PA 19464. Treasurer for Pottstown Blind Group and Business Manager.

Ruth Ellen Miller (John A.), 455 Maple Ave., Patton, PA 19149. Am living in same house and fairly well. Wish I could see you all.

Beatrice Noll Smith (A. H.), P.O. Box 168, Pleasant Gap, PA 16820. Retired.

Margaret E. Barger, 424 S. Juniper St., Phila., PA 19107. I have my second Life membership. The last one got away from me.

Jesse B. Houston (Jesse), 5700 Over Brook, W. N. Canton, Ohio 44709. We celebrated our 60th wedding anniversary, Nov. 29, 1979. We are going to tour in N. Carolina this winter.

Zelia Rowe Mercer (Howard E.), 910 S. 30th St., Camp Hill, PA 17011. Both retired — doing less traveling — enjoying our home and garden.

Class of 1930
Lucile Margarette L. (Howard). 1730 Lebanon Drive, Williamsport, PA 17701. Life is very much still worth living.

Thelma McArthur Wolford (C. P. Wolford, DDS), 908 Church St. Indians, PA. 19707. I am a widow living alone. Here it is children — lights and I only one at home. I am not employed — living on fixed income. Will not be able to be present for our 50th Anniversary Luncheon.

Elmira Durland Ross, 309th St., Pottstown, PA 18965. Retired and enjoying life. Formally with 33rd Supervisor and Assistant Director of Nurses, McKeesport General Hospital, McKeesport, PA. Travelled 2000 miles to be here.

Dorothy Confer Stephens 590 Fletcher Road Wayne, PA 19087.

Helen Duckworth Tiger R.D. #1, Milford, PA 18848.

Elga Engle Kelsh (attended Luncheon) Elberta Rt. #2 PO Box 363 Alabama 35033.

Gertrude Geist Evans (attended Luncheon) Germantown, PA 19038.

Edna Hannon Peters 51 Logan Street Lewiston, PA 17044.

Nina Irvin Studerbeek 4739 - 55th Street San Diego, CA 92115.

Myrtle Kuehn Shuman RD #1 Seminary Road Glenmore, PA 19343.

Lillian Kulpe Nelson 1518 W. Witlete Street Phoenix, AZ 85007.

Claire Lewis Lyons 43 Lyon Drive Creek Road De Land, FL 32720.

Trio, Marie Gilsey, (Gerard) 11 George Stown Ave., WILMINGTON, DE 19803. Our first child, Lisa Michelle, arrived Oct 26, 1979—weighing 7 lbs. 8 oz. to the truly beautiful. I am taking this year off from work, but hope to eventually return.

Tanya, Pat Vrenck, P.O. Box 689007 Tannyngr, Guam 96911. I am really sorry to miss this annual event. But we're not planning a visit home for another year. Since graduation I've been working as a JIF in Guam. Until last August, then in October I married Albert Vrenck who just finished his family residency at UH. We are now living in Guam USA. For 2 years at work for a HMO here and I am working in the hospital's ER. We really enjoy the culture and the pace of life. It really is quite an experience. I would really like to know what's going on with the rest of our class. Until Jan. 1982 my address is here in Guam. Hope you all enjoy yourselves and please remember me for the next one. Love and happiness to everyone if any one passes through Guam , Jan. 1982 my address is here in Guam. Hope you all enjoy yourselves and please remember me for the next one. HELP US — HELP YOU
Want to help your Alumni Association save money? We try to keep up to date, but with 3000 active members, it is really a big job.
The Postal Service returns every piece of Alumni mail that is not delivered; this costs us money, and the cost of returned mail may soon double.

Here Is How You Can Help Us — Help You!
Advise us if there has been any change whatsoever in the address we are currently using.
Also send us the address of a classmate or friend who is not receiving mail from the Alumni Association.
