Dear Alumni,

My first two years as your president have passed quickly. Thank you for the confidence you have given me by reelecting me. By the time you read this you will have had the chance to vote on some of the issues which were brought up on Alumni Day. I sincerely hope you will all give us some good feedback. 1982 and the actual closing of our diploma school of nursing is just around the corner!

Wishing you all the very best,

President
REPORT OF QUESTIONNAIRE RESPONSES

Dear Alumni,

We are happy to report that as of August 15, 1980 we have received 1058 returns to the questionnaire mailed in July. This represents a response of over one third and is considered excellent.

The responses to the five questions in the questionnaire are by a large margin "yes," this indicates that:

1. You do not wish the Baccalaureate Nursing Program to be known as the "School of Nursing" because this title has belonged to the Diploma Program since 1891.

2. The monies accumulated by the Alumni Association over the years are to be retained for the use of our Alumni as set up by our By-Laws.

3. We continue to have an Alumni Room.

4. We continue to have our Annual Alumni Day.

5. We continue to publish an Annual Bulletin.

In addition to the above, the following questions have been presented and we will make every effort to answer them to your satisfaction.

Q. Why does The Allied Health Review have the initials DN after the diploma names?
A. This is done to identify the program since there are nine programs in the College of Allied Health Sciences, i.e., CT - Cytotechnology; MT - Medical Technology, etc.

Q. Will the Diploma Program graduates be able to obtain a degree in conjunction with the new nursing program?
A. For information on this subject please write to the Office of the Registrar, College of Allied Health Sciences, 1020 Locust Street, Philadelphia, PA 19107.

Q. How will we be able to obtain pins, caps, transcripts and references?
A. For this information refer to the last page in this Bulletin. As the changes occur in the phasing out process you will be kept informed through the Bulletin or by special mailings.

Q. What positions will be available to graduates of the Diploma Program who are not presently working, but may wish to return to nursing after families are seen?
A. The process will probably be the same as it is now; if you have not been employed for a great number of years, a refresher course would certainly be advisable; if it has only been a year or two, you would probably have on-the-job training. At the present time refresher courses are not offered at Jefferson.

Q. What is the job outlook for the graduate of the Diploma Program who does not have a B.S. in Nursing?
A. Literature indicates that in many positions experience and a good work record are of prime importance, when an applicant is being considered for hire. However, because of the future trends in nursing it would certainly be advisable for the young graduate, with many work years ahead, to seek a B.S. in Nursing.

Q. Why is the Diploma School of Nursing being phased out?
A. This was elaborated on in the 1979 Bulletin in the articles written by Lewis W. Bluestein, M.D., President, Thomas Jefferson University, and Doris E. Bowman, Director, School of Nursing. After re-reading both articles, one of the chief reasons for the phasing out is that not enough qualified young people are seeking admission to the program. If you have the 1979 Bulletin I would suggest that you re-read both articles.

Q. What about the future employment of the present nursing school instructors?
A. This is difficult to answer; but, no doubt, some will seek employment elsewhere and some will transfer to other positions in the University.

Q. Will we have a merged alumni association and will we still be considered graduates?
A. By virtue of the fact that we graduated from Jefferson we are members of one Alumni; however, as of now and in the foreseeable future, we, the Diploma graduates, plan to retain our identity as the Alumni Association of the Diploma Nursing Program. You will always be a graduate of the Diploma Program regardless of what other letters you place after your name.

The Diploma Graduates have a rich heritage and I am sure we are all proud of being a part of it. This is certainly evidenced by the continuing loyalty, interest and support for the Alumni Association, which is made known through communications from you. We hear not only from our younger graduates but also from our golden ages, some are ninety plus years young.

I hope this lengthy message has answered some of your concerns.

God bless you all.
Sincerely yours,
Margaret Summers
Second Vice President

SCHOOL OF NURSING
ANNUAL REPORT TO THE ALUMNI ASSOCIATION 1979-1980

It seems like only yesterday that I was informing you of the need to close our School of Nursing by 1982. As mentioned at that time, this was not an easy decision for us to make but, we felt, a timely one. The two major reasons being, first, the recommendations of our professional organization that by 1985 the entry level for the professional nurse would be the baccalaureate degree, and second, the decreasing number of qualified applicants being attracted to our school.

We continue to receive letters from our graduates and others in support of the school and expressing regret at our closing. It has been rewarding to us to receive such documentation of support for our program.

In September, we will not be taking a new class and during June and July, we will be saying farewell and "Thanks for a job well done" to a third of our faculty members, some have been with us many years and have contributed considerably to the development of the school. These include the following:

- Eva Bayard — 5 years
- Joyce E. Brown — 5 years
- Janice Cranmer — 5 years
- Omer Davis (1941) — 18 years
- Vida Johnson — 18 years
- Linda Kolhoff — 4 years
- Margaret Mackenzie (1963) — 15 years
- Marilyn Miller (1955) — 10 years
- Ruth Pfitzner — 8 years
- Patricia Zarella (1951) — 22 years

One of our last graduating classes had Commencement on June 4, 1980, in the Ballroom of the Benjamin Franklin Hotel. Seventy-four students received the diploma and pin of our school. Six additional members of this class have time to make up and will become members of the graduating class of June 1981.

I was reluctant to say "yes" to the class idea for a gift but finally gave in. As a result, my portrait was unveiled during Commencement Exercises and later displayed in the Scott Memorial Library. To each member of the class I said, "I gave you such a hard time about the project, that is but I do appreciate your time, effort, the kind words you expressed and your just being "you." Thanks again!

Students remaining in the school for the next academic year will include sixty seniors and thirty-eight juniors. Even though our last graduating class will be small, it will be somewhat larger than the first graduating class in 1963 — three graduates.

One of our projects during the stepping down process in 1981 will be to convert our graduate records to a more compact and efficient microfilm system compatible with the College of Allied Health Sciences system. This is no small undertaking when you consider that we will have to convert over 5,000 graduate records. In 1982, all records will be transferred to the office of the Registrar, College of Allied Health Sciences.

Number one among extracurricular activities still seems to be basketball, though this year our cheerleaders were not active. Mary Ann Maxwell, '80, led this year's team to the league championship. She also was the recipient of the Thomas Jefferson Award for Athletic Achievement.

The class of 1979 should be pleased to know that our students are doing well in CPR using their gift of Resusci-Anne. Thanks for making this experience possible.

Many hours are going into the preparation of our final report for continued accreditation by the National League for Nursing. The visit is scheduled for November 10-12, 1980. When the words don't come easily and the proofreading gets to be a drag, we do succumb to asking, "Is it worth it?" Remembering our past and present commitment to excellence, the immediate answer is "Yes."

On the heels of the NLM visit will be the Middle States visit for accreditation of the university. Everyone seems to be involved in some phase of preparing that report.

You may or may not be aware that SEPTA has moved its general office (600 employees) into our building. This has required shifting of some of our departments; however, we have been assured that the school of nursing is to remain in the same location until it closes.

With the phasing out of the diploma program and the closing of the practical school, by 1982 there will be only baccalaureate programs in the college — Baccalaureate Nursing, Cytotechnology, Dental Hygiene, General Studies and Medical Technology.

Although the prospects for me in the coming year seem a bit gloomy, numbers get smaller, the future of nursing is bright — it is yours. By basking in your reflected glory as you impact on our profession, your future brightens considerably.

ANNUAL REPORT TO THE ALUMNI ASSOCIATION 
FROM THE CHAIRMAN OF THE STUDENT AFFAIRS COUNCIL 
OF THE SCHOOL OF NURSING

The school year 1979-80 showed that Student Affairs Council was once again involved in many activities. Projects included food raffle events, cultural projects, sporting activities and meetings.

May brought about the Senior party, which was well attended by members of all three classes. Gag gifts were awarded to members of the Senior class, illustrating outstanding characteristics displayed during their three years of dorm and class life. Pizza and soda were also provided, adding to the fun and success of this activity.

Revision of the Constitution of Student Affairs Council and the Student Handbook was the next task that the Council undertook in the spring. Members of the school also participated in the project by designing a new cover for the handbook, although it was a time consuming endeavor, incoming students found the book be helpful in familiarizing themselves with Jefferson and Philadelphia.

An activity questionnaire was prepared by Student Affairs Council and distributed to the student body to determine activities which would be of greatest interest to them. The Student-Faculty Picnic was one such activity that was enjoyed by both students and faculty. Also, Student Affairs, along with Martin House Council, co-sponsored a Christmas Party. All who attended enjoyed roast turkey, cold cuts and rolls, cakes and cookies. We look forward to enjoying another co-sponsored party next year.

Our largest fund raising activity this year was a "Night on the Town" which included dinner and the movies for two people. Money raised aided us in enjoying a Door Decorating Contest at Christmas which provided students with a chance to have fun during the Christmas season. Until October of 1979, we also continued to sponsor Albert, an American Indian Child, through the Lutheran Services.

The School of Nursing classes also kept busy throughout the year with various activities. In order to help finance the yearbook, seniors engaged in numerous bake sales, along with candy and hoopie sales. Two raffles were also conducted during the academic year. In addition, the class participated in a blood pressure screening program held at the Federal Reserve Bank, providing health care to its employees and the public. The senior class wishes to express its sincere thanks to the Thomas Jefferson University, College of Allied Health Sciences, School of Nursing (Diploma Program) Alumni Association and The School of Nursing Department of the Women's Board for their generous contributions which helped make the yearbook project a success. Perhaps the most meaningful project undertaken during their three years, will be the presentation of the Class gift; a portrait of Miss Doris E. Bowman, Director of the School of Nursing.

Junior Students worked hard raising funds with some very profitable activities such as a turkey raffle, a Tupperware sale, Easter candy sale, and baked goods sales. They also planned and participated in a beautiful capping ceremony — a historic event, as it was the last such ceremony of the Diploma Program.

The School of Nursing is extremely proud of their first-place basketball team which worked hard but nevertheless had fun during their exciting season. They completed the year with a 14-1 record, only losing their initial game. The highlight for the team was the dinner and flowers they received from the School of Nursing Department of the Women's Board and the Faculty, which they fully appreciated.

The entire school wishes to express its gratitude to the Student Body for their support and cooperation. The Student Affairs Council wishes the students success and good fortune in their future endeavors.

Margie Mullen, Kathleen O'Brien, and Suzanne Bradley represented the Student Body at the Dean's Student Advisory Committee where they attended many meetings and also helped to develop a successful semi-formal dance that was held in February.

In conclusion, the Student Affairs Council wishes the students success and good luck during their remaining years. Thanks to all for contributing to a great academic year.

Sincerely,

Margaret M. Mullen
Chairman
Student Affairs Council

COMMENCEMENT 1980

At Commencement Exercises — 1980, the graduating class presented to Thomas Jefferson University, a portrait of Doris E. Bowman with some of the following comments:

A member of the Jefferson Medical College Hospital School of Nursing, Class of 1942, Doris E. Bowman volunteered her services as a member of the Jefferson Hospital Army Hospital — the 33th General Hospital. After basic training in Bowie, Texas, the unit was shipped to Egypt.

Discharged in 1945, Miss Bowman returned to civilian life as a private duty nurse. Then, she enrolled at the University of Pennsylvania, receiving a Bachelor's degree in Nursing Education. After graduation, she left Philadelphia to teach Medical-Surgical Nursing, and later, Fundamentals of Nursing in a Northern New Jersey School. She returned to Philadelphia to enroll in graduate school at the University of Pennsylvania, earning a master's degree in Education.

With her M.S. in hand, she joined the faculty of her alma mater in 1954 as instructor in Pediatric Nursing. She later became Assistant Director of Nursing and when Nursing Service and the School of Nursing became separate departments in 1958, she was appointed to the position of Director of the School of Nursing. The School continued to function under the Hospital until 1969 when it became a unit under the College of Allied Health Sciences.

If you were to survey Miss Bowman's family, friends and colleagues to determine her outstanding characteristics, loyalty would no doubt top the list. Her loyalty to Jefferson is beyond question. She has given of her time, talent and energy to her position. There is always time in her busy schedule to keep in touch with alumni and former faculty and staff. Nothing pleases her more than an unannounced visit of an alumni member with a babe in arms or toddler in tow.

She delights in playing with the child — it is obvious to all who witness this that Miss Bowman has never lost her love for children.

Much of her leisure time is devoted to her family — her brother and his wife and their two children. Her recreational program includes quilting, the theatre and more recently riding a bicycle along the Ocean City boardwalk.

"The students all appreciate the quality of their nursing program and therefore in deep appreciation we present to Thomas Jefferson University this portrait of Miss Bowman with the hope that those who see it in years to come will remember her and her dedication, and be reminded of all that Jefferson has contributed to our lives."
THE BULLETIN

Many of the Alumni members have expressed a wish that the Bulletin include more news items about our graduates. We'd like to oblige them, but are dependent upon the members for articles about themselves and their activities.

We wish to express our thanks to all who contributed articles for this issue, for acquainting us with current information about nursing issues as well as telling us something about their own activities.

We regret, however, that others who are engaged in interesting fields of nursing could not contribute articles for your enjoyment this year. Did you know that one of our graduates is a Navy nurse assigned to the White House and travels with the President, or that another is working in the Frontier Nursing Service in Kentucky. There are many others who could help make the Bulletin a more informative and interesting journal. Please share your experiences with the Alumni members.

Our sincere congratulations to all of the new officers and members of the Board of Directors of the Alumni Association. We wish them well during their term of office.

RESUME OF MINUTES OF ALUMNI ASSOCIATION MEETINGS

September 11, 1979

18 members present

1. A letter was read regarding Faculty Club membership at Jefferson Hall. The office of president of the Alumni Association of the School of Nursing does not meet the requirement for membership in the Faculty Club.

2. The following recommendations were made and approved as follows:

(a) That the President respond to the Nursing Museum regarding Jefferson’s donations.

(b) That an invitation be sent to the Nursing Museum to come to speak to the Alumni Association as a special program.

(c) That we contribute $200.00 to the United Way.

(d) That we drop our insurance coverage with Inter-County. The President will notify all members of Inter-County to assure them they can continue coverage on their own, rather than through the Alumni.

October 8, 1979

14 members present

1. The nominating committee will meet 11/20/79 to plan the ballot for the following offices:

- President
- 2nd Vice President
- 3 Board of Directors

2. The nominating committee consists of E. Hippenstereil (Chairman), Beverly Rupp and Dee Hughes.

3. The following recommendation was made and approved:

That we give $150.00 as a Christmas Gift to those nurses who are in a nursing home or incapacitated in some way.

4. A guest speaker from the History of Nursing Museum presented a special program.

December 11, 1979

Christmas Party.

January 8, 1980

14 members present

1. The Christmas Party was held December 11, 1979 and enjoyed by everyone. There were 30 people present including, of course, Santa.

February 12, 1980

13 members present

1. The following recommendations were made and approved:

(a) That the $300.00 Junior Scholarship be awarded to the appropriate Junior student - Patricia Lindenmuth.

(b) That a cheese and punch party be held for the Senior students in the Faculty Club.

(c) That the President seek legal counsel for the purpose of reviewing the Alumni Will which has not been done in 5 years.

March 1980

Dinner and Auction Sale

April 8, 1980

16 members present

1. 29 members attended the Dinner and Auction Sale in March. Proceeds from the Auction amounted to $51.00.

2. The following recommendations were made and approved:

(a) That Miss Prevost Chair the committee to review the Will.

(b) That a donation of $150.00 be sent to the History of Nursing Museum.

(c) That Mrs. Perma Davis be sent to the ANA Convention June 8 - 13, 1980 in Houston, Texas.

Results of the election:

President — Mrs. Perma Davis
2nd Vice President — Margaret Summers
Board of Directors — Doris Bowman
Janet Hindson
Beverly Rupp

3. A special program on "Over-the-Counter Drug Abuse" was presented by a representative from Philadelphia
REPORT OF SICK AND WELFARE COMMITTEE

During the past twelve months, "get well" cards were sent to Alumni members who were patients at Jefferson, and known members who were ill elsewhere. We are happy to do this, if your illness is made known to us.

SOCIAL REPORT

The Nurses' Alumni Association held its annual Christmas Party and Auction Sale this past year in the Faculty Club of the Jefferson Alumni Hall.

The Annual Luncheon was held May 3, 1980 at the Benjamin Franklin Hotel. There were 321 in attendance. The graduation class of 1980 was guests of the Association. There were 51 members present. Class Vice President, Sister Bernadette Ravenstahl, was presented with a corsage by President Perma Davis.

The 50th Anniversary class was guests of the Association. There were 14 members present.

The guests at the head table were: Miss Doris Bowman, Director of the Diploma School of Nursing; Miss Elizabeth Sweeney, Director of the School of Practical Nursing; Miss Mabel C. Prevost, former Director, School of Nursing and Nursing Service and Assistant Hospital Director; Dr. Laura Merker, Director of Nursing Service and Associate Director of Thomas Jefferson University Hospital; Mrs. Caroline Masuda, Secretary-Treasurer; Miss Elizabeth Piersol, First Vice President and Miss Margaret Summers, Second Vice President.

Flowers were presented to the following Alumni: Mrs. Anna Craver and Mrs. Verna Roberts, class of 1926; Miss Frances Brunner, class of 1922; Miss Julia Ganster, class of 1924; Mrs. Marian Briggs, class of 1925; Miss Marjorie Workinger and Mrs. Pauline Still, class of 1928; Miss Lillian Mertz, Miss Martha Riland, Mrs. Clara Hardy, Mrs. Pauline Gillen and Mrs. Philomena Doherty, class of 1927; Miss Edna Scott, Miss Marjory Burger, class of 1928; Miss Frances Wildoner, Mrs. Grace Eichelberger, class of 1929.

The flowers at the head table were given to Mrs. Mary Dickerson, class of 1944 who was hospitalized on the day of the luncheon.

Following the luncheon, tours were held in the new Clinical Teaching Hospital and the Alumni Room was open for members to visit.

The Alumni Luncheon for 1981 will be the second Saturday in May. The date is May 9, 1981.

NURSING ALUMNI OFFICE

This coming year (1981) will be an interesting one for the Nursing Alumni. The School of Nursing will be ninety years old. When the School began, the first class of five students had a two-year program, graduating in 1893. Shortly after this the course was lengthened to a three-year program which has continued to the present time.

Another exciting date coming up in 1983 will be the fiftieth anniversary of the annual luncheon. Miss Helen Weber, Class of 1922, pioneered the idea during her term as president of the alumni, organizing and starting the tradition of the annual luncheon, which is the alumni's main event of the year.

Elizabeth Ent, class of 1932, has given the Alumni Office a lovely picture of the second luncheon held at the Adelphia Hotel on April 23, 1944. The picture is a document of the times when ladies wore hats and white gloves at social functions — come and see it!

Miss Breckin Boyle, Class of 1918, sent photographs of her classmates and interns taken in the children's ward for the Alumni Scrapbook. This memorabilia can be seen in the Alumni Office, M-2, Jefferson Alumni Hall. Many alumni and other visitors have enjoyed viewing these photographs.

Our number of active addresses is 3050. I appreciate the fact that so many of you responded by sending in changes of names and new addresses. Please keep sending them so you will continue to receive mail from both the Nurses' Alumni Association and Thomas Jefferson University.

If you wish to contact the Alumni Office in person or by telephone, the office is located in Jefferson Hall, 1020 Locust Street, on the Mezzanine level, Room M-2. The telephone number is (215) 928-8981. Miss Riland may be reached there every Tuesday from 10:00 A.M. to 4:00 P.M. She has Jefferson Cap charms available at a cost of $12 in sterling silver (with a $1.50 charge for mailing).

Calls or inquiries made other than on Tuesdays should be directed to the College of Allied Health Sciences Alumni Office, Room M-34, (215) 928-7709. Martha E. Riland Secretary
Much to Teach

"PN Vivian Moyer, of Philadelphia, PA, tutors nursing school graduates who've failed the state board examination in medical/surgical nursing. Ms. Moyer, who has multiple sclerosis (MS), can also teach many of us about living life to the fullest."

A graduate of the Jefferson Hospital School of Nursing in 1943, Ms. Moyer served as an army nurse in England during World War II. In 1953, she received a BS in nursing education from the University of Pennsylvania. She taught at Jefferson, then at Philadelphia General Hospital, and, finally, in 1964, at Pennsylvania Hospital School of Nursing, at which time the diagnosis of multiple sclerosis was made.

"Actually, I had noticed a disturbance in my vision back in 1950 while I was doing some practice teaching," she told us. "But it was told it was probably due to my tensions from teaching. The problems paused, and I guess I had a remission for 15 years. Then I began having difficulty walking, and the MS was finally diagnosed.

Now I was faced with learning how to continue going back and forth to classrooms and teaching on the floors. Fortunately, I was offered the position of student health supervisor. I stayed in that job for 8 years. After a time, I had to use a walking stick. But even with the stick, fell a number of times and suffered broken bones.

"In 1976, I had to begin using a wheelchair. Nobody pointed to it and said, "Here, you're going to be in this wheelchair the rest of your life." But I finally understood that this was going to be my life, and I'd better get used to it. I thought of the GIs we'd see on the ward after D-day — paraplegics, quadriplegics, amputees. We'd wonder how they were going to handle the handicap for the rest of their lives. I found out for myself. You have to make adjustments."

Ms. Moyer, who's able to walk short distances with the help of a walker, began tutoring students in her apartment about 2 years ago. "I started off teaching only registered nurses, but I've begun teaching practical nurses as well.

"Some people say I should charge more than I do, but I'm satisfied. I feel that I'm not only teaching, but also learning — that I'm still growing as a person. Everyone I've tutored has subsequently passed. If this is continuing contribution to nursing, I'm happy and proud."

"We're sure we speak for everyone when we say the profession's proud of her."

NOTE: The Bulletin Committee regrets that the author's name did not appear in the publication.

SPECIAL REPORTS

JEFFERSON'S PROFILES IN COURAGE — 1980

Our 1979 Bulletin seems to have been circulated beyond the Alumni membership because our attention was called to a report in the journal "Nursing — 80," April issue. We learned that the author had read our bulletin and impressed by the courage of Vivian Moyer, made an appointment with her, and following an interview, published the following article:

CREDENTIALING IN NURSING

by Anna Kuba, F '45

Thirty-five years ago I had my first experience in credentialing in nursing — I wrote the state board examination for licensure as a registered nurse in Pennsylvania. (Subsequently, I was licensed in Massachusetts and North Carolina by endorsement.) Later, as a faculty member and educational administrator, I became intimately acquainted with the approval process used by state boards of nursing for programs-preparing persons for licensure as nurses and national voluntary accreditation of educational programs. In the latter instance, I served as a member of the accreditation team to schools and colleges of nursing on numerous occasions and as a member of the Accreditation Review Board for the NLN Council on Baccalaureate and Higher Degree Programs as well as being on the receiving end of the process. Approval/accreditation of educational programs is another form of credentialling. More recently, while on the staff of the American Nurses' Association, I was involved in the certification programs offered by the ANA Division on Nursing Practice and served as the coordinator for the Council of State Boards of Nursing. Certification, too, is a kind of credentialling. As the executive director of a board of nursing (North Carolina), a member of the ANA National Accreditation Board for Continuing Education in Nursing, and a member of the Task Force on Credentialing in Nursing, my involvement in credentialling continues unabatedly. Therefore, it is indeed a pleasure to be addressing my fellow alumni on a subject of intimate, intense and far reaching concern to all of us — credentialling.

The action which ultimately set into motion a study of credentialling in nursing was the result of a territorial skirmish. A resolution was adopted by the 1974 ANA House of Delegates to examine the feasibility of ANA accrediting basic and graduate programs in nursing, a function then and now of the National League for Nursing. After a series of conferences involving representatives from nursing education, nursing practice, and experts in credentialling in other fields, a proposal emerged and was subsequently approved by the ANA to broaden the scope of the study to include all aspects of credentialling — accreditation, certification, and licensure — because it was realized that these mechanisms are inextricably tied together in the overriding purpose of providing quality assurance. The study was to include credentialling of all categories of individuals engaged in the occupation of nursing, as well as programs of nursing education and nursing service. The overall aim was to look at credentialling as it exists in nursing and to recommend future directions in credentialling for the profession.

The report, THE STUDY OF CREDENTIALLING IN NURSING: A NEW APPROACH, was released at the end of January, 1979. A major finding, as you might suspect, was that the current system of licensure and certification of nurses and accreditation of nursing services and nursing education is uncoordinated, fragmented and duplicative. The recommendations of the Study Committee call for a restructuring of credentialling and the establishment of a national credentialling center.

What quickly becomes apparent in studying credentialling is that there are a number of currents to be dealt with. While these currents are not divisible in practice, they may advantageously be separated out in attempting to deal as rationally and objectively as possible in developing solutions and in gaining rational and objective consideration of recommendations. One of these undercurrents is the territorial one of the control of the credentialling system and its various aspects. Again, one may identify separable questions and, thus, possible separable solutions. Who makes the definitions? who sets the standards? who conducts the process? who awards the credential? who establishes what the credential may be used for? The second undercurrent includes the more personal concerns of the credentialler, whether he be an individual or an institution. What are the credentials? what standards are required of the credentialler? what prohibitions and what entitlements accrue to the credentialler?

To a large extent, three of the recommendations of the Study Committee roughly parallel these streams, one focusing with the credentialling system itself, the other two with the credentialling system and its control.

In relation to the credentials, it is recommended that:

1. Licensure, as a mandatory, state governmental credentialing form, used to protect the public by assuring minimum level of professional competence, be required only of those individuals who are accountable for the full scope of practice.

2. Registration be the form of credentialling for assisting personnel, the second category of persons engaged in nursing, untitled but defined by education as associate degree prepared. Registration, as a national, non-governmental form of credentialling, by which individuals are listed on an official roster, would attest to employers an individual's ability to perform specific functions necessary to the practice of nursing, but which do not constitute the full scope of practice. (Under such a system, the term "registered," while conveying a different meaning from today's usage, would

The 80's: Decade for Decision

A.N.A. Convention Report
June 8-14, 1980
Houstan, Texas 52nd Biennial Convention

Doris Bowman and I arrived in Houston International on Saturday, June 8, and were driven to the Lamar Hotel by Doris' cousin and his wife who live in Houston. It was the hottest day of the year — 99° with the humidity to go with it.

We walked the eight blocks to the Albert Thomas Convention and Exhibit Center in time to register. Our registration pins were admission to everything.

After a quick bite (standing in line was the order of the day since everything was closed for Sunday) at the Hyatt Regency, we went to the Colliseum to hear the keynote address of Richard G. Dummer, MD, FAAN, deputy director, National Institute of Mental Health, Department of Health, Education and Welfare, Rockville, MD. Dr. Dumas is the first woman to hold this position.

Dr. Dumas has a great deal of enthusiasm for nursing in the 80's. The three major challenges, according to Dr. Dumas, are:

1. Improving the access and quality of health and mental health care for the underserved.
2. Controlling health and mental health care costs while assuring that nursing's contribution is not short-sightedly sacrificed, and
3. Shifting emphasis from a preoccupation with illness to a focus on prevention and promotion.

During the 80's nurses should be educated so they can greet tomorrow's health and care with confidence. The base for nursing practice is becoming even more scientific with every passing year. Hands-on care giving has not become obsolete but is needed more than ever.

Rising early and getting in early — 6:30 A.M. — breakfast was the rule of the day. Breakfasts were an event since the biscuits were freshly made and "grits" were part of each platter of eggs, etc.

Doris and I went to the Music Hall to the hearings on resolutions at 6:00 A.M. There was a lot of discussion and very little decision making at that meeting and we stayed for several hours.

In the afternoon I went to the continuing education program "Commitment to Self Care in the 80's" sponsored by the Division on Community Mental Health Nursing Practice. The moderator, Raymond C. Ginn, MPH, R.N., Vice Chairperson, EXCOMM, A.N.A. Division on Community Health, St. Paul, Minnesota, presented the speakers (1) Dr. Tony Sullivan, associate professor and director, BSN program, Fagin College, Lodi, New Jersey; (2) Jean McKibbin Smith, M.S., R.N., clinical instructor, staff development, Memorial Hospital, Gulfport, Mississippi; and (3) Dr. Carolyn Chambers Clark, director, The Wellness Institute, Statenburg, New York. None of the material was a new concept but an elaboration and in words that have been presented in the past few years in reference to handling stress either through diet or various self-care programs which these three presented.

After we went to the continuing education programs, we looked for the right taxi to take the examination. It was filled with nurses taking examinations. The examination was pertinent to the program just presented and we were told the results would be forwarded to us in a few months.

Monday night we went to Brennan's for dinner. The gardens and restaurant are lovely besides having good food. Tomorrow's nurses must be flexible and must be able to deal with high technology and sicker patients. She or he must be able to find solutions to problems for which no known techniques exist.

On Tuesday morning we met Dr. Harriet Horley. She was one of the moderators in a round table discussion we attended on "Behavioral Psychology." It was the first I knew that she publishes a magazine "Research in Nursing and Health."

Part of this day was spent in seeing the many worthwhile exhibits. It was surprising to see so many hospitals from all over the United States with booths. Most of the samples from drug companies were too large or cumbersome to bring back with us — such as a plastic yardstick.

Those of you on faculty remember Pat Tucker who taught Orthopedics. We spoke to her several times during the course of the convention. She is now an editor with the magazine "Nursing '80." She hasn't changed a bit except maybe she's more fun to be with.

Tuesday morning we continued another continuing education program was attended — "Impact of Alternative Modes of Care" sponsored by the Commission on Nursing Research with Nelba Bond, Pender, commissioned member and professor, School of Nursing, Northern Illinois University. Elle Weyrauch and Lynda Bernard Austin, nurse assessors from Alternative Health Services, Department of Medical Assistance, State of Georgia, Atlanta, presented this educational program.

Because of the rapid growth in the number of elderly, Georgia Medicaid sponsored an alternative home health care research over a three year period. Objectives: (1) prevent unneeded institutionalization; (2) provide comprehensive community health services at reduced costs, 1500 participants in 17 counties. Three means of accomplishment were: (1) Adult Day Rehabilitation with daily nursing visits, physical therapists, occupational therapists, physical aids and transportation to and from clinics and centers; (2) Alternative learning service — as needed — with foster care, board and congregate care, daily supervision of activities, meals, etc. was provided as needed. (3) Home delivered services. The cost advantage was a high volume of screening with an efficient line of professionals. Services are less costly than rising institutions and clients (this word substituted for "patients" where you went at the convention) receiving this kind of care live longer.

Dr. Loretta Nowakowski, executive director, Institute for Personal Health, and adjunct assistant professor of nursing, Georgetown University, School of Nursing, Washington, D.C., advocates health promotion through self health care. The role of the nurse in this is (1) Administrator, (2) Designer, and (3) Implementer. The nurse must deliver what has been promised. Two responsibilities are (1) Research at a national level. There is a high fear of costly illness of the clients. Nursing has not identified its purpose. Doctors say "health" but mean disease. Clients want someone to listen — not Preach — to them.

Dr. Joan Lasgaye, charperson, geriatric/gerontological nursing for Community Health, St. Luke's Medical Center, Chicago, Illinois. These clients were divided into William Jones apartments in 1983 with 144 people in 115 units providing costs for care. The John Barr and R. Bowem Health Management for the elderly cared for 1977. The clients are transported from the apartment to the Health Care Center for care.

Tuesday evening we took a taxi to the Galleria and Sackowitz's. The Galleria is something like our malls but much bigger. There's a hotel in one section of it. We ate in a Chinese Restaurant that evening and thoroughly enjoyed it.

Before starting another interesting day let me tell you a little bit about Houston. One sees NO GRAFFITI any-where. Each evening the sidewalks are "washed down" with hoses and each day you arise to a bustling CLEAN city with very little public transportation and some prob-lem crossing the wide, well-traveled streets. The build-ings look so new you'd think they'd just been built and most of them have been built within the last 10 years. There are underground parking areas. As the people arrive from outlying areas (except for hotels there is no living space in the downtown area) the traffic is very busy but this gradually subsides until about 4:30 P.M. when there is a mad exodus to their homes and apartments.

Wednesday 'Decade of Diversity: Strategies for Nursing Education in the 80's, a basis for innovation in clinical Learning Experiences' sponsored by the Commission on Nursing Education. The moderator was Dr. Gloria Smith, dean and professor, College of Nursing, University of Oklahoma, Oklahoma City. "The Rural Community: A Setting for Clinical Learning." Dr. Darlene Messery, director of continuing education, School of Nursing, University of Utah, Salt Lake City, began very hesitatingly to tell of their innovative program to give nurses in their community the help they needed to prepare for their future roles. We in the East have very little understanding of the difficulties some of these schools have providing this.

Characteristics of the area —

Wide distribution of population. 1/3 of population lives in 3 counties.
Transportation facilities are poor.
Nursing care needs as well as needs of students. Students evaluate their own feelings about working in these areas.
Rural clinical experiences are more expensive. The rural student must provide own transportation, meals and board expenses. Two hours driving time daily is needed.
Portapac TV unit to take on rural settings. These are shared with the students who do not participate in rural program.

Miss Rosemary Bell, MSN, R.N. "Innovative Approaches to Clinical Learning in the Urban Community." Associate professor, College of Nursing, and chief, Nursing Staff, Wayne State University, Detroit, Michigan.

There is a contrast between the Detroit Institute and Wayne University.

Moines are constantly being sought through United Fund, Medicare, Pharmaceutical Companies.

Students spend 60% time in service, 40% in time teaching.

Education time is reimbursed through University.

Miss Bell quoted Dr. Christman as "Education plus service equals power."

Dr. Elizabeth Gunnison, dean and professor, School of Nursing, Indiana University, Indianapolis. "Planning Clini-
ical Learning Experiences to Meet the Needs of Diverse Populations."

"The times change and we change with them."

Relevant curricula to keep abreast of changing needs of society.

1. Chronic and degenerative diseases have replaced infectious diseases.
2. Increased longevity.
3. Accidents are most frequent cause of death in ages 1 through 40.
5. Effect on clinical innovation. Data and commitment of faculty.

Indian University assisted faculty. Needs, circumstances, goals of school. Specialist degree with major in primary care. Leaders to practice teaching. Purpose, function, responsibility. Teach health instead of illness.

Health care needs of Indiana reflects nation wide needs with population over 55.

Chronic illness and aging. Nursing/clinical teacher. Sift care practices. "Live out — NOT die out living."

Referral to diabetes, arthritis, hypertension, heart disease. Wednesday at noon we picked up the A.N.A. history tape and anyone who has a chance to keep abreast of changing needs for community, health nursing to prepare foundation for specialization in either community or hospital.

No action was taken: 1925 — Esther Lucille Brown report similar to Goldmark Commission recommendations — nothing happened. 1926 — Characteristics. 1. Nursing shortage: 1. Nurses not paid for work done. 2. Nursing be represented but majority not. 3. Unique body of education. 4. Discriminatory authority and judgment.

University of Rochester in 1921 was the first school to adopt Flexnor's model. 1923 — Nursing has not kept step with medicine. Goldmark Commission on Nursing established because: 1. Public concern about influenza outbreak after World War I. 2. Medicine became more scientific than nursing.

Recommended: 1. American nursing follow lead of medicine's move into the collegiate system. 2. Nursing be developed for community, health nursing to prepare foundation for specialization in either community or hospital.

Proposed developed: 1. Nurses should be represented but majority should not be nurses. 2. The Director of the study should not be a nurse. At that time Dr. Lysaught was Acting Director of the Medical Division of Education at University of Rochester, Rochester. Emory Morris, head of the Kellogg Foundation, was to visit Evelyn Hall, Director of Nursing Education at Rochester and Dr. Lysaught set up a clinical setting for Mr. Morris to see. Mr. Morris remembered this when the head of the commission was to be appointed, and he insisted Dr. Lysaught be that person. Formal implementation period was 1970-73 with two series of regional meetings. 1978-19 — initial change was not to make nursing a greater profession but to improve delivery of health care.

Characteristics to demonstrate commitment to expanded delivery of nursing service. History and origin of proposal: 1900 — Limited knowledge base for doctors and nurses. 1909 — Rockefeller Foundation appointed Abraham Flexnor to study and report. It was issued in 1910. So long as American medicine provides care without scientific base.

1. Develop a stronger knowledge base. 2. Increase the length of preparation period. Continue to learn and do research. Abraham Flexnor — a biologist — established that doctors should be well paid and should be based on client's ability to pay.

1. Established accreditation and licenses rid of incompetents! 2. Relocate within the collegiate system into a collegiate setting. 3. Needs for college program as well as medical school.

Continuing education.

University of Rochester in 1921 was the first school to adopt Flexnor's model. 1923 — Nursing has not kept step with medicine. Goldmark Commission on Nursing established because:

1. Public concern about influenza outbreak after World War I.
2. Medicine became more scientific than nursing.

Recommended:

1. American nursing follow lead of medicine's move into the collegiate system.
2. Nursing be developed for community, health nursing to prepare foundation for specialization in either community or hospital.

No action was taken:

1925 — Esther Lucille Brown report similar to Goldmark Commission recommendations — nothing happened.

1926 — Characteristics.

1. Staging level of commitment.
2. Long and disciplined educational process.
3. Unique body of knowledge and skill.
4. Discriminatory authority and judgment.
5. Active and cohesive professional organization.

These studies were still not acted upon.

Reasons for nursing shortage:

1. Female high school graduates have a lot more choices. At the University of Rochester one in three are female applicants to Law school, engineering and management.
2. 1/2 million maintain licenses but never practice nursing.
3. 1 in 4 work only part time.

Proposition:

1. As economists define a real manpower shortage, there is no nursing shortage.
2. In the face of the problem of nursing we have a tremendous problem of returning nurses for patient care.

Extrinsic or economic:

1. Nurses paid not well to direct patient care.
2. 1978 — average salary for staff was $6.00 per hour or $12,000 per year.
3. Grocery clerks' union affords a stock boy $11.87 an hour.
4. Nurses are not recognized and rewarded for work accomplished.

System has got to be changed.

In nursing schools:

What have you published How much teaching.

Clinical competence

Emphasizes continuity of clinical excellence

Provide and teach others how to provide.

Greatest gift an instructor can provide is to demonstrate a role model of excellence.

Set up a program for:

reward recognition professional support

Primary nursing:

Full responsibility

Unification model to bring back concepts Teaching and Research

After listening to Dr. Lysaught it was ever so clear why nursing needs to change to a better system such as Rochester, Rush and Case Western Reserve have adopted.

We were to vote after the morning sessions. As I stated earlier, we could only vote for those running from our section of A.N.A. — not the officers of the organization.

Thursday evening was spent with a friend and her family in her suburban home. They are transplanted Philadelphians and have adapted very well.

Friday morning I took the time to see NASA — the space center — which is readying the space shuttle for March 1961. The entire tour took 3 hours, but going and coming took 50 minutes each way.

As you have noticed, I didn't touch on the issues. Anna Kuba will tell you about credentialing and the American Journal of Nursing tells you better than I can about the other issues.

Thank you all very much for sponsoring this trip. It was thoroughly enjoyed, enlightening and very therapeutic.

Respectfully submitted,

Perma E. Davis
HARRIET WERLEY HONORED FOR CONTRIBUTION TO NURSING SCIENCE

Harriet Werley, Ph.D., FAAN, is the first recipient of the Award for Distinguished Contribution to Nursing Science given by the American Nurses' Foundation. The award was presented by Ray Showalter, ANF president, at a meeting of the Council of Nurse Researchers at the ANA convention in Houston.

Dr. Werley, who became associate dean at the School of Nursing, University of Missouri/Columbia in January, has been a researcher for 26 years. At the Walter Reed Army Institute of Research, she developed the department of nursing research, recognized as the first center for nursing research in the nation. At Wayne State University in Detroit, she developed the Center for Health Research, the first such program in the nation to be established in a college of nursing.

In accepting the award, she emphasized the importance of basing nursing's curricula on its own research. While the volume of nursing research has increased, many problem areas remain to be investigated, she said. "Nursing must marshal its talent and resources to be more research productive, so that nursing's investigative capabilities and results are more readily recognized by the scientific community.

Dr. Werley is founder and editor of Research in Nursing and Health, a national refereed journal. She is the author of 50 articles published since 1954.

The award was made possible by a grant from the Bristol-Myers Fund. Members of the selection committee were Susan Gortner, Ph.D., FAAN, Barbara Hansen, Ph.D., FAAN, and Ada Jacox, Ph.D. Twenty-seven nurse researchers were nominated.

THE CONCHOLOGISTS

Two friends, Blanche Ford '31, and Emma Bahner '31, have for years shared a common hobby, conchology (shell collecting). They spent vacations at Sanibel Island, a place prolific in all varieties of shells. In addition to the collecting of these beautiful objects, they both used their shells to make jewelry, trays, boxes and other items. In addition, the shell motif is used throughout Emma's apartment — pillows, towels, pictures, etc.

Retirement has brought some enriching changes in both their lives. From all reports, their interest in conchology still persists, but both are contributing of themselves and their nursing skills in helping others.

Excerpted from an article in The Islander, a Sanibel newspaper — "It is Blanche's concern for other people that keeps her hustling today. Today, as a resident of the Periwinkle Trailer Park, she keeps busy baking goodies for friends and neighbors, carpooling for her church choir, and taking blood pressures. She creates wonderful shell craft art, visits the ill, and mails out 200 birthday cards a year. "Everything I do, I do because I want to. It's my way of contributing."

The pamphlet Purely Personal, April newsletter, reports, "Your reporter was lying in a hip-high broken-leg cast when she first heard Emma Bahner's mellow voice over the phone. "This is your friendly visitor from P.C.O.P. (Philadelphia Center for Older People)." That Emma had formerly been a nurse is just one reason she is our ideal comforter of the housebound. Her warmth and positive attitude add to her total aptness. Lately she has been volunteering in Crafts. Besides all this, there is Emma's alluring hobby of conchology. The minute you enter her apartment (like a warm museum) you feel transported to Florida's Captive or Sanibel Island. Sea shells confront you everywhere. Shells, as mysterious and varied as the myriad human faces in a crowd, but far more beautiful." Blanche and Emma, in helping others, have enriched their lives and have endeared themselves to others. Keep going, Ladles!
Class of 1930
Mary R. Robinson Godfrey (Robert — deceased), Ligonier, PA 15658. Thank you for The Bulletin and news of my husband at Jefferson, as well as the progress of nursing.

Class of 1915
Minnors Peters Bilger (Frank — deceased), 239 N. Union St., Middletown, PA 17077. Mrs. Bilger has been transferred to the Psychiatric Medical Center for the past 15 years, is now recovering from a cerebral arteriosclerosis which has caused her great distress. She was a triple threat: smart, witty, and with a sharp tongue. Now her memory is very good and she eats well considering all the things the hospitals, she enjoyed a fruitful life as the result of improved care and the lack of her chair. All of which goes to prove that most facilities could care less. It’s a new day when she learned the profession. Most care today.

Class of 1916
Florence J. (Binnie) Brownell, 29 Oak St., Oakland, MA 02150. Not much change in my life. I have spent my time this winter in Portland, Oregon. I have been visiting with old friends — I hope I will make it some time. Frances Butler Pangburn, Lewistown, PA 17046. No change in status, except a year older. Thanks for sending me The Bulletin. I will be in New Jersey at the luncheon date, so will be unable to attend. My eyes are very bad — do not go anywhere alone.

Class of 1920
Anne Campbell Trope (Albert L. — deceased), Maple Apts., Apt. 53, Potomac, MD 19704. Getting older — hardly able to get around.

Class of 1921
Florence Clinechlit Platt (Norman), 926 Lincoln Ave., Pine Beach, NJ 08741. Mrs. Platt has been ill for several years and at the present time is recovering from a total which caused a fracture of her right hip.

Class of 1923
Ruth Knoll Thompson, 223 Adams St., Clinton, MA 01510. The enclosed check is from my sister. Mathilde Knoll Petersen, class of 1923, same address. We are both well and thankful we are able to care for ourselves, also able to get to the luncheon these few days.

Class of 1924
Katherine Chas, 1216 Newton Rd., Warmminster, PA 19084 — Died, just retired.

Class of 1925
Claire L. Lachland, Maricopa, AZ 85004. 609 Jamestown Ave., Apt. (B-14). I was not unhappy when I learned that Clinical School of Nursing was being phased out, but I don’t think it would happen sooner or later.

Dorothy T. Hendricks, Lorelai Lawndale, (W. 179th St., Chicago, IL 60623). Dwell in Oak Creek, Wisconsin 53217. Did not graduate.

Elizabeth Stewart Evans (Murray J. — deceased), 202 Parkview, Elkton, MD 21921. Widow — 1923.

Class of 1926
Martha Ray Clark, 4206 Greenwich Pike, Pittsburgh, PA 15221. My daughter, Grace, just returned from Florida — attended Charing Tung Ceremonial Center for Medical Technicians. She employed in Hematology at St. Margaret’s Hospital. An enthusiastic member of Woman’s Clubs and active in Forest Hills A.A.R.P. and Senior Citizens Programs.

Allice Capey Wright (Burton), 159 W. Vine St. Apt. 42, Hatfield, PA 19440. My only daughter, Jan, is Dir. of Alcoholics Anonymous at the uh. of Miami. I spend my very pleasant winters with her in Coral Gables. My grand- daughter in a Colorado and grandson at Smokey Mount.

Ruth Evelyn Smith Davis (Chas. R. Davis — deceased), Box 700 Cookeville Village, Hickory, DE 19707. Am enjoying my life at Cookeville Village, a Methodists built retirement community of 100 cottages, 180 apartments and 50 beds. Have received many nice letters from your classmate patients in the Health Care Center which has 520, 600. Nothing new except that at age 75, I keep working full time as Director of Nurses at a 114 bed skilled nursing home.

Class of 1927
Pauline McQuillen Gillen (Dennis R. Gillen, M.D.), 506 Park Towne, Benjamin Franklin Parkway, Philadelphia, PA 19130. My husband — class of 1921 Jefferson Medical College, and I am happy to announce that our granddaughter, Nancy Gillen, is in the graduating class this June — Philadelphia School of Nursing. With two recent grandchildren born, we have more than enough kids.

Florence Tischler Doherty, 17 Lenore Rd., P.O. Box 732, Richmond, PA 19854. Reaching the age of 75! I am still working full time as the discharge of 114 beds skilled nursing home.

Class of 1928
Margaret Martin Lauchle (Harry C.), 8508 Grand Ave., Downey Grove, IL 60515. In September 1979 my husband and I celebrated our 50th Anniversary with our four children and their spouses, eight grandchildren and one great grandchild (there are two now)! A little one will arrive in March to complete the family circle. In May 1980 we celebrated our 50th wedding anniversary with a beautiful afternoon luncheon. I am still working full time as the discharge of 114 beds skilled nursing home.

Margaret S. Doherty, 1037 S. Maple St., Phila., PA 19143. Nothing new.

Class of 1929
Hazel Rebecca Everbank (Jubacz), 3208 Over Brook, N. W. Canton, Ohio 44709. We celebrated our 60th Wedding Anniversary, Nov. 29, 1979. We are going to try to make it to N. W. Canton this fall / winter.

Zelma River Mercer (Howard E.), 910 W. Chain St., Camp Hill, PA 17011. Both retired — doing less traveling — enjoying our home and garden.

Clara Lewis Perkins (John A.), 450 Maple Ave., Patton, PA 16678. Am living in same house and fairly well. Wish I could see you all.

Beatrice Noll Smith (A. H.), P.O. Box 156, Peasann Gap, PA 16570. Retired.

Margery E. Banner, 247 S. Juniper St., Phila. 19107. I have my second Life Membership card. The first one got away from me. Retired.

Class of 1930
Karen B. Wey (Charles E.), 2116 S. Kentucky Ave., Detroit, Michigan 48217. Retired. Am still living in Detroit 7 miles from home.

Martha McFarland (attended Luncheon), 5199 Vaudreuil, Montreal, PQ 1300. Am doing very well thank you.

Helen Rebert Murray (John A.) , 456 Magee Ave., Patton, PA 16668. Am enjoying my life — 54 years of marriage.

Wish you all the best for the future. Just wanted to say hello.

Virginia Miller Bruner (attended Luncheon), P.O. Box 548, Alamo, Texas 78516.

Edna Hannon Peters, 51 Logan Street, Lewiston, PA 17044.

Dorothy Confer Stephens 590 Fletcher Road Wayne, PA 19087.

Meredith Glavey, 5414 Carlton St., Philadelphia, PA 19139. I am a time student to obtain a B.S.N. degree. I am working in the medical/surgical area.

I've been working at Graduate Hospital to Med. School. I have a baby boy - Hanlon Harris Grose, born 2/28/80. I continue to work part time at West Jersey Eastern Division in Obst. Gen.

Joanne Marie Wilson (Thomas), 9910 Kingsbridge Dr., Fairfax, VA 22031. We are expecting our first baby in July.

We have a baby boy - Hanlon Harris Grose, born 2/28/80. I continue to work part time at West Jersey Eastern Division in Obst. Gen.

I am now working the Coronary Care Unit at the University of Virginia Hospital and have just been promoted to a Head Nurse. -- A position in which I am working in the ICU of the Clini. I'm usually full time in the ICU. All I need now is Public Health toward my BSN.

Joanne Marie Wilson (Thomas), 9910 Kingsbridge Dr., Fairfax, VA 22031. We are expecting our first baby in July.

I have been working for the Philadelphia Police Department for 5 years in E.N.T., and is quite an experience. I would really like to know what's going on with the rest of our class. Until Dec. 1982 my address is here in Guam. I hope you all enjoy yourselves and please remember me for the next one. Love and happiness to everyone.

Dorothy H. Barksdale, 5414 Carlton St., Philadelphia, PA 19139. I am a time student to obtain a B.S.N. degree.

NOTICES

CLASS ADDRESS LISTS
Class address lists will be available from the Alumni Office Clerk-Typist at a charge of $2.50 per list. Enclose a long self-addressed envelope.

ALUMNI BULLETIN
The Alumni Bulletin will be sent automatically to all association members; individuals who are not association members may obtain a copy of "The Bulletin" upon request at a cost of $5.00 per copy. An order form will be mailed to non-member graduates in the Spring of 1980.

MAIDEN NAME - YEAR OF GRADUATION
Whenever you have occasion to write to your Alumni Association, please use your first name, maiden name, then married name, and the year you graduated.

EXAMPLE: Janice Smith Green - 1972
"Mrs. John Green" makes it very difficult for the association to locate your card in the files. You are urged to notify the Secretary of the Alumni Association of any corrections, marriages, deaths, or changes of address. Please help us keep errors at a minimum and our files accurate.

CAPS
Jefferson caps may be purchased from Student Profiles, Inc., 11 Jamestown Street, Philadelphia, PA 19127. The minimum order is for two caps at a cost of $3.50 each, plus a one dollar postage and handling charge. Identification and an order blank may be obtained by directing correspondence to the Director, School of Nursing, Thomas Jefferson University, 130 South Ninth Street, Eighth Floor, Philadelphia, PA 19107.

PINS
Jefferson pins may be purchased from J. E. Caldwell and Company, Chestnut and Juniper Streets, Philadelphia, PA 19107 (graduates prior to 1969) and from Neff Jewelers, 742 Sansom Street (graduates 1969 and after). Identification may be obtained by directing correspondence to the Director, School of Nursing, Thomas Jefferson University, 130 South Ninth Street, Eighth Floor, Philadelphia, PA 19107.

THOMAS JEFFERSON UNIVERSITY
SCHOOL OF NURSING

TRANSCRIPTS
All requests for transcripts must be submitted in writing to the Director, School of Nursing, Thomas Jefferson University, 130 South Ninth Street, Eighth Floor, Philadelphia, PA 19107. Transcripts are only sent to institutions of higher learning. Requests should be submitted at least a month prior to the date needed, giving the name of the institution to which you want them to be sent. There is a $2.00 fee for each transcript. Checks should be made payable to the School of Nursing, Thomas Jefferson University.

REFERENCES
In view of recent legislation (The Family Educational Rights and Privacy Act of 1974), we maintain the confidentiality of student records as required by law. Therefore, if you need a reference sent to a prospective employer, you will need to write to the Director, School of Nursing giving your permission to write the reference. The form below may be used if you wish.

HELP US — HELP YOU
Want to help your Alumni Association save money?
We try to keep up to date, but with 3000 active members, it is really a big job. The Postal Service returns every piece of Alumni mail that is not delivered; this costs us money, and the cost of returned mail may soon double.

Here Is How You Can Help Us — Help You!
Advise us if there has been any change whatsoever in the address we are currently using. Also send us the address of a classmate or friend who is not receiving mail from the Alumni Association.
