|   |                             |   |
|---|-----------------------------|---|
| Electro-Therapeutics . . . . .                              |                             | Prof. BARTHOLOW.                                  |
| Experimental Physiology . . . . .                           |                             | Prof. CHAPMAN, assisted<br>by Dr. A. P. BRUBAKER. |
| Clinic on Venereal and Genito-Urinary Diseases              | } At<br>College<br>Hospital | Prof. S. W. GROSS.                                |
| Clinic on Anal and Rectal Diseases . . . . .                |                             | Prof. BRINTON.                                    |
| Clinic on Orthopædic Surgery . . . . .                      |                             | Dr. O. H. ALLIS.                                  |
| Normal and Pathological Histology . . . . .                 |                             | Dr. MORRIS LONGSTRETH.                            |
| Physical Diagnosis, with Practical Demonstrations . . . . . |                             | Dr. J. C. WILSON.                                 |
| Diseases of Children . . . . .                              |                             | Dr. W. B. ATKINSON.                               |
| Toxicology . . . . .  |                             | Dr. H. LEFFMANN.                                  |
| Urinary Analysis . . . . .                                  |                             | Dr. J. S. NEFF.                                   |
| Practical Surgery . . . . .                                 |                             | Dr. J. EWING MEARS.                               |
| Dermatology, with Practical Demonstrations . . . . .        |                             | Dr. J. V. SHOEMAKER.                              |

In addition to the special clinics mentioned in the above list of Lectures, Clinical Instruction will be given daily at the Jefferson Medical College Hospital, on Surgery, by Dr. R. J. Levis and Dr. O. H. Allis; on Medicine, by Dr. O. P. Rex; on Gynæcology, by Dr. F. H. Getchell and Dr. J. Ewing Mears; and on Ophthalmic Surgery, by Prof. W. Thomson. Medical Clinics will also be held at the Pennsylvania Hospital, by Prof. Da Costa and Dr. Morris Longstreth.

Of the entire number of Lectures, those on Electro-Therapeutics, Pathological Histology, Physical Diagnosis, Diseases of Children, Toxicology, and Dermatology are didactic. Urinary Analysis, Experimental Physiology, and Normal Histology, as well as Pharmacy and Experimental Therapeutics, are demonstrated in the respective Laboratories.

THE DISSECTING ROOMS will be open daily at fixed hours.

POST-MORTEM EXAMINATIONS will be made, and the pathological conditions explained to the Class, at the Jefferson Medical College and Pennsylvania Hospitals, by Dr. Longstreth.

Facilities will be afforded to graduates for special courses in the College Hospital, in Gynæcology, Ophthalmology, Otology, Laryngology, and Orthopædic Surgery. Private classes will also be formed for instruction in Normal and Pathological Histology, Practical Surgery, Physical Diagnosis, and Dermatology. These opportunities, added to the special and general Clinics, and to the practical work in the various Laboratories, are believed by the Faculty to constitute all that is needed by practitioners desirous of obtaining post-graduate instruction.

Matriculates of the College will be entitled to attend the entire Course on payment of a Registration fee of \$5. Non-Matriculates will pay, in addition, \$35, which will be deducted from the fees of the Winter Course, when the tickets for that Course are issued.

ELLERSLIE WALLACE, M.D.,

Dean.
