The President’s Message

Dear Fellow Alumni,

It has been my pleasure to have served another year as your president. I have earnestly tried to fulfill my commitment.

This year, the annual meeting was held the morning of the luncheon. Coffee and danish were served to all the early birds, before and after the meeting — this met with many favorable comments. The meeting was conducted as a regular business meeting, with presentation of annual reports. Election results were announced and the new officers assumed their responsibilities after the close of the luncheon. The short film on “Jefferson, A Tradition” was a plus! The meeting was rather well attended (for a first) but we missed YOU!

It was nice to hear so many positive comments about the luncheon itself. We owe a special thanks to our Social Co-Chairpersons for the souvenirs we received. The pens and pads with the Jefferson name or logo added a special touch as did the theme “We, the Nurses”.

Both the Scholarship and Relief Fund Committees have been active. If you need assistance, please use the applications in the back of your bulletin to apply. Our Satellite Committee has taken off — first stop — New Jersey. We’ll keep you updated.

To those of you who could /did not attend, announcement was made in reference to the new program at Jefferson for nurses out of practice for the past ten years or more. These pool nurses can name their own hours, day shift, Monday thru Friday, areas of patient care.

I wish to extend my gratitude to your Board of Directors, Committee Chairpersons, Committee Members and all the active members of the Alumni who have supported and encouraged me these past few years. I shall endeavor to do my best for the ensuing year.

Thanks for the Memories!

Flossie Roche, RN, CNOR — Class of ’56

**NURSES’ RELIEF FUND**

The Nurses’ Relief Fund is available to all Diploma and White Haven graduates. The purpose of the Relief Fund is to provide financial assistance annually toward hospital bills and/or bills incurred at home due to an extended illness and requiring the services of a physician.

All things being equal, first consideration will be given to Life and Active members. However, all applications received will be reviewed and given consideration.

For years school nurses have been ahead of their time by attempting to resolve problems without dispensing pills. Nurses first came into schools because of communicable diseases. They have turned their nursing and college skills to other areas now that vaccines help control communicable diseases. They do everything in their power to keep children in school, rather than exclude them from it.

For years the above article appeared in the Millville Daily Newspaper on March 7, 1987, and was written by June Reginak Duplock who is a nurse at Mt. Pleasant and Wood Schools in Millville, New Jersey, where she teaches family life and health education. She is a 1975 graduate of Jefferson’s Diploma School of Nursing, and is a member of the Nurses’ Alumni Association. June is a member of the New Jersey State School Nurse Association, and the Cumberland County School Nurse Association, having served as its president. She is currently chairman of the Cumberland County Board of Health.

The quiet little girl who stops by a busy health office who has been sexually assaulted is helped not by the nurse who rushes her back to the classroom after a pill, but by the one who takes time to talk to her to discover the tragedy.

The boy who comes in with a black eye after being hit isn’t helped by the nurse who gives an unnecessary aspirin to relieve physical pain, but by the nurse who takes the time to relieve the psychological trauma.

For years school nurses have been ahead of their time by attempting to resolve problems without dispensing pills. Nurses first came into schools because of communicable diseases. They have turned their nursing and college skills to other areas now that vaccines help control communicable diseases. They do everything in their power to keep children in school, rather than exclude them from it.

School nurses were instrumental in changing the laws in New Jersey about medication in school, realizing that the unnecessary use of aspirin and home remedies were wrong and only added to our drug dependent society. Today the school nurse is the only person who can administer medicine in school in accordance with the law.

Even though not all school nurses are able to formal classroom teaching, they are constantly teaching in the health office. Remembering the reminder with pink eye to throw away her mascara, and buy new make-up every six months, is certainly teaching.

The words of the late Christa McAuliffe are stimulating and thought provoking for everyone in education “I touch the future ... I teach.” Governor Kean proclaimed the 4th Wednesday of January as ‘New Jersey School Nurse Day’ to recognize the work of the school nurse. This year on January 28th many nurses had a day off from school due to the snowstorm.

Cumberland County School Nurses are proud of the schools they serve; they are proud to be part of the team that shapes the future of our youth, and they are proud of the stand they have taken against drugs in school, unless prescribed by a doctor.
I am replying to the plea from Alice Bookhert for someone else to write her memories of her days at Jeff. It seems so long ago that my memories are very hazy. Alice has done her duty so far I will try to remember some things that happened when I was a student.

I'll never forget 1033 Walnut Street. I think we, the class of 1949, were the last ones to occupy those palatial quarters. Mrs. Dick was the housemother. There were at least ten girls in my room. We each had a cot, and a foot-locker that we brought from home, and not much else. There were two showers for about 60 girls and loads of Roaches. Can you imagine how a small town girl who was sheltered from the world fell in an environment like this? I had never seen a roach before. Later when we looked back on our probie period spent here, we realized that some of the best times we had were spent in the soon to be condemned building.

After our first six months we moved to 1012 Spruce Street. It was like a palace after Walnut Street. I remember passing Horn and Hardart’s bakery and having breakfast at the hospital. The delicious odor from the bakery was a sharp contrast to the tiny eggs, cold toast, and that awful Philadelphia scrapple. We would have ended up with deficiency diseases if it hadn’t been for Pop Keosia’s restaurant. Remember those enormous fresh fruit salads sundays? Our bodies slurped up those good vitamins in the fruit.

I was now in a room with three other roommates. Our room was near the phone, and it was our job to answer it. And we took it seriously! City zoo—Mr. Lion speaking. City Hospital.

It was the spring of 1949, were the senior banquet. There were many references to a rhumba and we were to have the office desks cleaned with alcohol. One of us (I think it was me) got the wrong acriflavin, and they turned the hall closet. When they slammed the door, all the enormous fresh fruit salads from sundays were turned to mush. I had never seen a room so empty so quickly. Our senior banquet at the Latin Casino. I was looking through our yearbook at the notes my classmates wrote to get ideas for this article. And that is why I mentioned the senior banquet. There were many references to a rhumba.

Our senior year we spent three months at a psychiatric hospital. We had our senior banquet at the Latin Casino. I was looking through our yearbook at the notes my classmates wrote to get ideas for this article.

Sincerely,
Louise Marie Dietz Strayer, class of 1949

It could be said that I was made or came into being sometime in the fall of 1935. I am dressed as a Jefferson "probie" of that era and now reside in the display cabinet in the Nurses' Alumni Office. I like being here, it feels like I'm really home at last.

To get back to my story, it is so easy to ramble. During the fall of 1935, the graduating class of 1937, confusing, isn't it, was trying to raise money for their book expenses. The class decided to have three dolls dressed to chance off. One was dressed as a Nun, one as Miss Philadelphia, and me as Miss Jefferson. My clothes were made by C.D. Williams, located on 11th Street between Locust and Spruce. At that time C.D. Williams made all the student nurses uniforms. I even have a nurse's cape, which I really cherish.

Many chances were sold on "us dolls". I was so lucky, because I was won by Dr. Lewis C. Shelly, a world renowned obstetrician and gynecologist. Dr. Shelly was thrilled, because he wanted to give me, Miss Jefferson, to his little daughter Judy for a Christmas present.

Judy took very good care of me. After being packed away for many years, I again came to the light. Judy who is married and living near Reading, PA came across me one day as she was house cleaning. Feeling that I did not belong packed away in a drawer, Judy called her mother for suggestions. Mrs. Shelly said "We will take her in to the Medical College Alumni Office; they will know what to do with her.

So, the fall of 1946 I went to the Alumni Office. Of course, being a nurse, they were not in the least interested in me or my history. The natural thing to do was call the Nursing Alumni Office; they were thrilled to have me.

A letter was with me that had been written to Dr. Shelly by a student nurse from the class of 1937. The letter was to congratulate Dr. Shelly for winning me, the doll of his choice. The student's name was Helen Long, she is now Mrs. Marvin Romberg, and resides in Texas. Mrs. Romberg remembered about me being won by Dr. Shelly, and was willing to share her information with the author of my story. I would be most happy to have any of you stop by the Nurses' Alumni Office, M-6, Jefferson Alumni Hall, and visit with me.

FLORENCE NIGHTINGALE

Florence Nightingale was born in 1820 to wealthy, cultured, English parents, who at that time were residing in Florence, Italy. The family traveled extensively throughout Europe. Florence had a sickly childhood, the climate of England did not suit her, and contributed to her ill health. Florence and her sister had a governess, who was very strict. When she was 10 her father took over her education, teaching her Latin, Greek, and mathematics, and all that she knew.

She had a desire for music; but was unable to sing due to constant sore throats. At an early age she was interested in cultivating her intellect, even as a child she had a keen desire to nurse the sick; she dreamed of hospitals and visited them whenever she could.

According to Florence, her life was totally impractical, never having to do anything for herself, not even taking care of her own hair. When she was 17 there was a severe influenza epidemic in London, all her family had it. She nursed 15 servants who were in bed, her mother, and two children of her brother. The only assistant she had was the cook, who was not ill. This same year Florence was introduced in London, was presented at court, and her life of society began. This life did not appeal to her; she preferred to take care of the sick.

November 5th, 1854, she entered the Barrack Hospital at Scutari with 38 other women, nurses and Anglo-Omanis. She lay in the beds of nurses, and came to have a complete knowledge of the nursing profession.

According to Miss Nightingale, the Crimea was that she literally admired by men and women as if she had been a semi-deity. Her mental brilliance and her wide learning made her conversation and letters absorbingly interesting. Although she was slow to revise, for so many years, she was always in close touch, through her correspondence and her visitors, with groups and individuals the world over who were interested in hospitals, nursing, sanitary, or social betterment.

The Crimean experience cost her a glamour that never faded. The effects of her years of intense and unremitting intellectual and inspirational labors were traceable in the far corners of the earth. From 1854–1800 Susan C. Hearle, a graduate of the Training School for Nurses of St. Thomas Hospital, was Director of Jefferson's School of Nursing. Miss Hearle was an Englishwoman and had received her first training under Florence Nightingale. The Jefferson Nurse's Alumni Association was organized in 1895 by Miss Hearle, so we, even now, have an indirect or maybe a direct tie with Florence Nightingale.

In 1855 Florence Nightingale said, that the British Army, was a disaster. The army system, she procured equipment for a laboratory, and to her that he fell into the hands of men, and lodged in those of a woman, who must herself be a trained and competent nurse. During the Civil War she was closely associated with the United States Sanitary Commission and the many women who took charge of the army relief work. In 1865 began the transformation of infirmaries in Liverpool and London, England from places of horror to well managed, model hospitals. The International Committee of the Red Cross was organized in Miss Nightingale’s day and owed much to her advice and suggestions.

Though at 45, she might properly have been called a revolutionary, she showed in her later life, that at a given point the old cannot go on with the young, who then pass beyond to further stages of activity; either by evolution, or revolution, or both.

Miss Nightingale’s personality was so fascinating that she was literally adored by men and women as if she had been a semi-deity. Her mental brilliance and her wide learning made her conversation and letters absorbingly interesting. Although she was slow to revise, for so many years, she was always in close touch, through her correspondence and her visitors, with groups and individuals the world over who were interested in hospitals, nursing, sanitary, or social betterment.

END OF AN ERA

How many of you remember Minnie and Eddie Fins, also known as "mom" and "doc"? For fifty years plus, the Fins ran the Clinton pharmacy and luncheonette located on the S.W. corner of 10th and Spruce Streets.

This year the Fins have retired, but they are very sure they will miss all the many friends they made over the 54 years they were in business. Many, many of their friends have been Jefferson nurses, medical students, and doctors.

The pharmacy/luncheonette is an institution that will long be remembered. The luncheonette was known for its famous "best" milk shakes, and a really good cup of coffee. Min Field was always willing to listen to your problems, and if asked would offer advice.

"Sugar," as the Fins’ son Sigmund was nicknamed by his sisters, has worked beside his parents all his life. Sugar could have been a pharmacist himself, but many years ago he decided against the 12 years of school and apprenticeship that would have been required. Now, for the first time in his life he will have to go out and look for a job.

There are some stores left that really care about their customers. Many in the neighborhood have learned that when hard times left their pockets empty, they could always turn to the Fins for a hot meal or get a badly needed prescription filled on credit, with no questions asked.

High rents and a decline in business due to competition from the big downtown stores was the Fins’ only real choice but to close. Not only will they be missed; they will miss the daily activity of running a pharmacy/luncheonette.

Several times this summer I have met Min Fine on the street, she looked well and said she keeps busy doing volunteer work, and helping to care for an ailing aunt. Eddie keeps busy watching TV, which he enjoys doing. Minnie is 76 this year, and Eddie is 78. And so it is farewell to a living legend.

**LITTLE JEFF As I Remember It**

Fifty years is a long time to remember anything. And the remembrances may not always be accurate since we have a tendency to remember things as we wanted them to be. I will try to be as accurate as possible, but if my memory plays tricks on me, forgive this old lady.

The caste system did not prevail at Pine Street. We were one big, happy family. Everyone worked together to make life as pleasant as possible for patients and staff. The patients were our prime concern. It was a young population, approxi­mately ages 15 to 45. The girls tended to be somewhat younger than the men. All with tuberculosis, and they knew they were in for a long siege of treatments. Many were from upstate Pennsylvania or New Jersey, so they were quite far from home, and we were the nearest thing to family they had.

Sunday was the main visiting day. I think we had two a week. Some of the patients had very few visitors. Then the students would spend extra time with the patients who had no visitors, and help them to feel less lonely. I think this was one of the things that led patients to remark that they remembered the nurses always had time to listen to problems, and were there when a patient needed to talk to someone.

I shall begin with my student days. About 1930. It is odd that the only thing I remember is night duty.

The nights were long, dark, cold. Then the only treatment for tuberculosis was fresh air, good food, and rest. And those things they got in abundance. At night, and during rest periods (from 10 P.M. to 2 A.M.), windows were opened wide. I must have been there in the winter for I remember it as being very cold. The heat was turned down, khaki blankets were put on the beds, and hot water bottles and bed socks to the feet. The nurses’ stations were outside the wards, and with the doors closed to the ward and wearing sweaters, we kept reasonably warm.

Nights were very quiet. No patients ventured out of the depths of their blankets except for a dire emergency! (An intractable cough that needed some E.T.H.C., or to ask for a hot water bottle or an ice cap to be filled.)

So when did I go from 10 P.M. to 4 A.M.? There was a fire escape that joined the nurses’ home and the nurses’ stations in the hospital. Each of us had our speciality. Some liked to set hair. Others manicured nails. So after all patients were settled and everything was quiet, stealthily across the fire escape would creep a freshly shampooed head. A student on duty would promptly set it. Next, a scrubbed hand would present itself for a manicure. No harm done was there. There were two students for the three floors, and 36 patients. The bells were loud, and could easily be heard on all these floors. No patient suffered from lack of attention.

After midnight and all students off duty were snoozing in their blanketed beds, what to do? A small circle of light illuminated the darkness of the nurses’ station. A bare light bulb illuminated the stairwell. This was where the flying roaches disappeared to the depths of his / her blankets except for a dire emergency! (An intractable cough that needed some E.T.H.C., or to ask for a hot water bottle or an ice cap to be filled.)

So when did I go from 10 P.M. to 4 A.M.? There was a fire escape that joined the nurses’ home and the nurses’ stations in the hospital. Each of us had our speciality. Some liked to set hair. Others manicured nails. So after all patients were settled and everything was quiet, stealthily across the fire escape would creep a freshly shampooed head. A student on duty would promptly set it. Next, a scrubbed hand would present itself for a manicure. No harm done was there. There were two students for the three floors, and 36 patients. The bells were loud, and could easily be heard on all these floors. No patient suffered from lack of attention.
mother involved who made a successful business out of it. I, too, have kept an interest in it.

Patients were also instructions in various activities. When I admired their ability to tat, I said that I, too, could do it. I denounced, but they insisted. So when I made ward rounds, I stuck my shuttle and thread in my uniform pocket. In between checking the ice caps, and seeing that the san sets were properly in place on the patient with a new thoracoplasty, I would pull out my shuttle so patients could see how much I had done since the last time, and be chided for being so slow and inept. Eventually, I succeeded, although now I have neither the patience nor the dexterity.

"All the patients remember the days as pleasant and cheerful. One even characterized the experience as compared to a finishing school: "The only entrance requirement was having tuberculosis."

One might wonder, how 12 women, or men for that matter, could function with one bathroom and only two showers. It seems that they worked out a system that worked very well. The showers were situated back-to-back. There was no way in that era to allow two patients to shower simultaneously. Both were adored by the patients, and certainly esteemed, if not adored, by all their coworkers. Dr. Savacool seemed to always available for consultation, for advice, for caring for patients, and to help us when we were in a quandary.

Dr. George Wllaur — what can I say? He was a showman, as well as an A+ surgeon. He said he couldn't cut off my head and sewed it on to my great toe, and that would have been O.K. His patients also felt the same way about him.

On the day of surgery Dr. "George" sailed into the building in his long black coat, tossed it down, and strode masterfully back to the corridor of the O.R. And then, boy, did things pop! Ann remembers (as do we all) that he "screamed like a trooper." We knew he was not awing us. He was swarming at the perversity of a blood vessel that would not obey him and stop bleeding. Or at an instrument that wouldn't behave as it was supposed to. Some nurses couldn't understand him. We could.

To us, his super ability transcended all that.

While we're talking about "George," and ultimately about food, we should remember the jelly cake parties. Once a year he would deliver barrels of jelly cakes from Maine, and invited all those who had worked with him during the year. All the jelly cakes you could eat! —colleagues—beer and nothing else. What else could you possibly want? He never forget anyone.

Someone always had to stay at the department to cover. Ann reminds me of the time when the rest of us went, and she stayed home. Dr. Wllaur sent two jelly cakes back with us, complete with seaside, and EXPLICIT instructions for the preparation.

There we are, and Ann, in the kitchen at midnight, . . . We plopped those fellows into boiling water, headfirst. We sat in the dining room. We chatted, and she shared. Since Ann couldn't eat two jelly cakes, naturally I helped her. I paid for it that night! But can you imagine the luxury of being sick from eating too much jelly cake? Never before of since.

Again with Dr. Wllaur. I remember the first dose of penicillin. I never helped administer. The thermostically incubated curdled from the neck to the waist, so there was always lik­elihood of infections no matter how careful surgeon or O.R. staff. One patient I remember was unlucky enough to come down with a wound infection. It was during the war. Although penicillin was available, it was all conscripted for the war effort. On the day "Joe" developed a wound infection, Dr. Wllaur came in and said: "By golly, I am going to get some of the 'witches' brew for Joe." And, by golly, he did just that. How, we never did know. No longer is it such a rare magic brew. It worked for Joe.

Sandwiches, cookies, ice cream, etc. In the meantime nurses who were off duty and not otherwise engaged, (and financially solvent) went around the corner to Old Bookbinders at Second and Chestnut Streets for a basket of steamed clams, or to Arthur's Steak-House for mouthwatering steak.

In those days, all doctors were assumed to be great in God's. Not so at Pine Street. They earned the sobriquet. They treated nurses, students, and patients as human beings so they earned the title. They were indeed special, and taken by today's standards, were worthy.

Many of them had had bouts of tuberculosis themselves. They had walked in the patients' shoes. I'm sure that it was their caring that rubbed off on the nursing staff. No way can I remember all of them to give them credit. I will focus in on two while thinking of all of the rest so very fondly.

Dr. Woodrow Savacool and Dr. George Wllaur . . . Dr. Savacool was staff physician, and Dr. Wllaur, chief surgeon. Both were adored by the patients, and certainly esteemed, if not adored, by all their coworkers. Dr. Savacool seemed to always available for consultation, for advice, for caring for patients, and to help us when we were in a quandary.

Dr. George Wllaur — what can I say? He was a showman, as well as an A+ surgeon. He said he couldn't cut off my head and sewed it on to the great toe, and that would have been O.K. His patients also felt the same way about him.

As a friend and fellow worker Peg was loyal, thorough, strict and trustworthy, she always insisted if a thing was worth doing it was worth doing right, and this she did to the best of her ability. She will miss Jefferson, but Jefferson will find her irreplaceable.

Good luck Peg, we hope your retirement is happy and rewarding for you.

This was read at Peg's retirement dinner by Maryanne Werner, Assistant Nursing Director for Cardiopulmonary Nursing at Jefferson.

Happy Retirement Peg

Peg holding bronze nurses cap, presented to her by the N.C.C.'s

Twenty five years ago Margaret M. (Peg) Crosseman, '47 returned to work at Jefferson, and Jefferson has not been the same since her return. Peg worked most of that time from the Nursing Ant Program, the nursing clerical staff, and the summer projects she was involved with. As assistant to the Nursing Director, she held this position for several years prior to retirement.

Many who work or have worked in the past at Jefferson came under Peg's influence; she was a hard task master, but at the same time very fair and just in her dealings with people, demanding the best from everyone, and would think nothing of sending someone home if they came on duty with dirty shoes, shoes laces, uniform, etc.

For the twenty five years Peg was at Jefferson she was constantly working to keep their image up, and to wear them proudly. When Peg was on duty and in uniform she was never without her cap.

Peg was also recognized for her mechanical abilities, and was rarely seen without her tools, a real "Miss Fixit." Peg had a wonderful working relationship with all maintenance personnel, she respected them, and they respected her and because of this she was often able to accomplish the impossible.

Any move within the hospital was always made smoother because of Peg's ability to coordinate all aspects of the move. Her main concern was always the comfort of the patient.

Peg retired in June 1987 with the title of assistant to the New Hospital Building. Now the New Hospital was a formless void and God's spirit hovered over it. God said, "Let there be light' and there was light. God saw that the light was good and God divided light from darkness. God called light "emergency power" and darkness he called "a flashlight." Evening came and morning came: the first day.

God said, "Let there be a way to divide the New Hospital Building in two." And so it was. God made the atrium. Evening came and morning came: the second day.

God said, "Let the New Hospital Building produce different technologies. And so it was. The New Building produced technologies: dialogues units, operating rooms, critical care units of different kinds. God saw that it was good. Evening came and morning came: the third day.

God said, "Let there be authorities in the New Building to govern it and take charge both by day and night. And so it was. God made a great power: Nursing, to govern over all and to take charge of the day and night. God saw that it was good. Evening came and morning came: the fourth day.

God said, "Let the New Building term with departments. And so it was. God created every kind of creature: doctors, administrators, electricians and plumbers. God saw that it was good. Evening came and morning came: the fifth day.

God said, "Let us make someone in our own image, in the likeness of ourselves, and let her be master of the doctors, the electricians, the nurses, the administrators, the students and all the maintenance department.

God created Miss Crosseman and he blessed her and said, "See I give you all the plumbers and all the carpenters and all the painters. And so it was. God saw all that he had made, and indeed it was all good. Evening came and morning came: the sixth day.

Thus the New Hospital Building was completed in all its array. On the seventh day God completed the work he had been doing and he rested. For on the seventh day God Healed Miss Crosseman and placed her in charge to see that all the creatures he created did their work and that all their equipment was in order.

God blessed the seventh day because on that day he was able to rest knowing that all his work in the New Building was under the care of Miss Crosseman.

DISTINGUISHED CAREER ENDS

A distinguished nursing career came to an end on December 26, 1986, when Barbara G. Schutt, charter member of the American Academy of Nursing, recipient of ANA's Honorary Recognition Award, and former editor of the American Journal of Nursing, died after a prolonged and gallant struggle against cancer.

Barbara's professional career began with her graduation from the Jefferson Medical College Hospital School of Nursing in 1939. Later she earned the BA degree at Bethany College (WV) and the MS in Education from the University of Pennsylvania. In 1973 Bethany awarded her an honorary Doctor of Science degree.

After some time as staff nurse and instructor at Jefferson, Barbara joined the USNAC, serving seevice mainly in Ohio during World War II. Upon separation from the military, she joined the staff of the Pennsylvania Nurses Association, becoming executive secretary in 1957.

She was probably best known to the nursing community during her tenure as American Journal of Nursing editor, 1958-71, where her perceptive and forceful editorials made a lasting impression. Several years after leaving AJN (1968) she moved to her beloved pre-Revolutionary home in Connecticut. In 1974 she was appointed director of the Division of Nursing at Mohagen Community College, Norwich, CT. Upon her retirement from that position in 1979, she received the Presidential Citation. She received many other honors during her career: from both the Pennsylvania and Connecticut Nurses Associations, as well as from other institutions and agencies with which she had been associated.

A committed believer in collective bargaining for nurses, Barbara was a member and, later, chairperson of ANA's Economic and General Welfare Committee from 1952-58. Equally committed to organized nursing, she was an eloquent and influential voice at many ANA conventions, president of the Connecticut Nurses Association, 1977-79, and chairperson of ANA's Nominations Committee, 1972-74.

Barbara was also active in community affairs, serving in various capacities with Eastern Connecticut's Health Systems Agency and Southeastern Connecticut's Commission on Aging. A former participant in Senator Weicker's Senior Intern Program in Washington, D.C., she served as volunteer at Mystic Seaport, with the Literacy program, and at the Women's Center of Southeastern Connecticut.

September 3, 1986, at Thomas Jefferson University, College of Allied Health Sciences Alumni presented the Special Achievement Award to Barbara Gordon Schutt in recognition of her contribution to the profession of nursing in the areas of leadership, education and service.

She is survived by one sister, Bettina Schutt Jennings of Ithaca, New York, and by her long-time friend and companion Donna E. Haney, with whom she shared her home.

SPECIAL ACHIEVEMENT AWARD

September 9, 1987, Deidre Watkins Blank, R.N., D.S.N., a 1967 graduate of the Thomas Jefferson University Diplomacy Program, was honored with the College of Allied Health Sciences Alumni Special Achievement Award for her contribution to the nursing profession. Her current position, she says, is to represent nursing at the federal level, as an administrator at the National Center for Nursing Research, established in 1986.

The purpose of the center is to fund research and prepare trainees to be independent investigators. She awards and monitors grants supporting basic and applied nursing research, studies which will have an impact on the future of nursing care.

In September 1971, Deidre was in the Scott Memorial Library doing research when she met her future husband Michael Blank, Ph.D. (CGS '76) who was also in the library doing research. Michael is a senior staff scientist for Hutzler Biotechnologies Company. He develops immunosassays and biosassays for the pharmaceutical industry and for government and university clients.

The Blanks, who now live in suburban Washington, D.C., are involved in a new joint endeavor—the parenting of their daughter, Avery Morgan, who is almost two. Congratulations! Deidre, on your many accomplishments.

Resumé of Minutes of Alumni Association Meetings

September 9, 1986 — 26 members present.
The minutes of the previous meeting were distributed, read, and approved with one correction, that the Annual Meeting for 1987 will be held on May 2, 1987, the same day as the luncheon.
The Treasurer's Report was read and approved.
Committee reports were given.
Since our last meeting, birthday flowers were sent to the following: Frances Grove, '17, Henrietta Spruance, '21, and Edna Scott, '28.
Correspondence was read to the group.
It was recommended and approved that we contribute $150.00 to United Way.

November 11, 1986 — 16 members present.
The minutes of the previous meeting were distributed, read, and approved.
The Treasurer's Report was read and approved.
Committee reports were given.
Since our last meeting, birthday flowers were sent to the following: Margaret Carey, '27, Estelle Llewellyn Fleming, '20, Claudia Starr Wedlund, '22, Isabelle Kevel Hevery, '27.
We received a doll dressed as a Jeffersonian student "probie" nurse from the daughter of Dr. Lewis Scheffey. It is on display in our Alumni Office.
The Satellite Committee met, and a letter in the form of a questionnaire will be mailed to our graduates who live in and around South Jersey.
Correspondence was read.
It was approved that the Alumni Association send Christmas cards to those who are chronically ill or confined to nursing homes.

Scholarship Committee Report 1986–1987

We are pleased to report that interest in scholarships seems to be increasing among our graduates. Hopefully, this trend will continue. From letters received, it appears that graduates not only appreciate the financial help they are given but have become even more aware and appreciative of the foundation given them at Jefferson. We value these affirmations and have attached a few as received.

Awards granted were as follows:

Fall 1986
Anne (Spohrer) Woods, 1975
Susan Nulph, 1976
Maria Longworth, 1969
Patricia Pryor, 1977
Patricia (Appell) Dunn, 1971
Linda Critzer, 1976

Spring 1987
Catherine (Gisvey) Dowhy, 1975
Karen (Chilandese) D'Aionzo, 1977
Kathryn (VanDyke) Hayes, 1971

Fall 1987
Nancy (Nevin) McClees, 1969
Kathleen (Sibert) Carlson, 1969
Dorothy (Widney) Lucas, 1965

Doris E. Bowman
Chairman

The following excerpts are from letters received by Miss Doris E. Bowman, chairman of the Scholarship committee. We hope by publishing these comments it will encourage other Jefferson graduates to apply for a scholarship.

Alumni Office News

Well! we did it again. November 26, 1986 the Alumni Office moved to the rear of M-6, Jefferson Alumni Hall. We hope this will be the last move for a long while. Our new office is very nice, bright and cheerful, there is a beautiful big tree right outside the window. The window covers the entire south wall of the office. We continue to keep busy with address changes, marriages and deaths which are reported to us. It is a challenge keeping the records straight, and we appreciate it so much when you do send in your address changes. It is real when we have to remove an address because mail has been returned marked, "moved, no forwarding address.

As in past years, we sent our older graduates, 80 and over, and whose birthdays we know, a card and a floral arrangement from the Alumni Association. If you know of anyone having a birthday, let us know the birth year, day, month, address and telephone number.

A big thank you to the volunteers, who so faithfully help us with stuffing envelopes and putting on labels, for the luncheon and annual giving letters. Without your willing assistance it would be nearly impossible to get the mailings out on time.

Our office continues to work closely with the CAHS Alumni Office. Elsa Lang and Gale Dryden have been a great help to us; we value their friendship, and the good working relations between the two offices. The address of the Nurses Alumni Office is: Thomas Jefferson University, 11th and Walnut Streets, Philadelphia, Pennsylvania 19107. M-G, Jefferson Alumni Hall. The telephone number is 215-928-4881. We are usually in the office every Tuesday, from 9:30 A.M. to 4:30 P.M. and occasionally on Wednesday. All phone calls will be answered by the secretary when we are not in the office) by the CAHS Alumni Office, room M-G, Jefferson Alumni Hall, 1020 Locust Street, Philadelphia, Pennsylvania 19107.

If you happen to be in the vicinity on a Tuesday, you are most welcome to stop and see us, it might be wise to call first, to be sure we are in the office.

Betty Piersol and Peg Summers
Alumni Office Coordinators

The Satellite Committee

For a variety of reasons, representation at our regularly established Alumni Meetings has been rather poor, with only the same 20-25 members present at most meetings. In order to increase our active membership, the idea of establishing satellite alumni groups in other geographic areas was born. Since there is a large concentration of Jefferson graduates living in southern New Jersey, this was the area selected for the initial program.

Accordingly, 142 questionnaires were mailed to graduates who live in this area. Thirty-seven questionnaires were returned over a period of several weeks, most indicating an interest in alumni meetings nearer home. A Satellite Committee report given at the Annual Meeting elicited further interest and, shortly thereafter, a member of the Class of 1950 called to say that she had arranged a meeting to take place at the Garden State Hospital, Marlin, New Jersey and invited the Committee to attend.

Members of the Satellite Committee and the President, Florence Roche, then met with the group which assembled at the Garden State Hospital, and were pleased at their enthusiasm. After much discussion, they expressed interest in setting up a new alumni branch. It was decided that since the next planned Alumni Meeting would be held on Tuesday, September 8, 1987, the satellite group would schedule its first meeting 2 weeks later. At 7:00 P.M. on Tuesday, September 22 and send invitations to the meeting using the Satellite Committee's mailing list.

We hope that anyone who is interested in learning more about her or his nurses' Alumni Association and would like to keep in touch will contact the Satellite Committee Office, M-6 Jefferson Hall, 11th & Locust Streets, Philadelphia, PA 19107. Learn the benefits of being a member and help our Association grow!

Social Chairman Report

The Annual Luncheon was held May 2, 1987 at Jefferson Alumni Hall, 1020 Locust Street, Philadelphia, PA 19107. There were 255 members attending from 24 states.

States represented were Alabama, Arizona, California, Colorado, Connecticut, Delaware, Florida, Georgia, Illinois, Indiana, Maine, Maryland, Massachusetts, Minnesota, New Hampshire, New Jersey, New Mexico, New York, Ohio, Pennsylvania, Tennessee, Texas, Virginia and Washington State.

The May Business Meeting was held in the Sotes-Cohen Auditorium prior to the luncheon. The 25th Anniversary class of 1962 had the largest attendance with 35 members present. The class of 1937 celebrating their 50th anniversary had 17 members present and each received a red carnation. The class of 1932 celebrating their 55th anniversary had 15 members present and each received a red carnation. The class of 1937 celebrating their 50th anniversary had 17 members attending each wearing white gloves and a hat. Vera Keller Roberts from the class of 1901, celebrating her 85th anniversary was the oldest member present. The Alumni Association presented her with a membership pin.

The Annual Luncheon for 1988 will be at Jefferson Alumni Hall on Saturday, May 7, 1988. Please mark your calendar and plan to attend.

Class News

Virginia Miller Bronner (Ed. C.), P.O. Box 658, Alamo, TX 75831. We have a pleasant time traveling and spending time with our family. The year 1986 was a busy one for all. The Bronner's will return to Texas in the fall. I hope to get to the 1990 Alumni Luncheon.

Class of 1931

Margaret A. Beamer (William B.), Rt. 1, Box 276, Lacrosse, LA 70445. Nothing new this year. Bill and I are still enjoying life in the slow lane. Always glad to hear from our friends and family and to see them when we can.

Mary C. Deane (Marriner) (Mary B.), 2512 Lincoln Ave., St. Louis, MO 63105. Nothing new this year. I am active and in good health, and enjoying all the fall activities of a "senior citizen."

Emma M. Bahan (Robison) (Art), 4114 Woree Street, Sarasota, FL 33580. I have been living in Sarasota, FL, for the past 3 years. Visited Edith Hoover Fritz, and we are both fighting with arthritis. I enjoy the climate and the good of the sun. Bill's still living in the big city.

Marion R. Horner (Brody) (Iwado), 807 Groucher Street, C-150, Johnstown, PA 15905. We are celebrating our 50th anniversary in August.

Mary Heasge DeStefano, 78 South Willow St., Wilkes-Barre, PA 18702. I have a 1 meal diet in living in New Jersey.

Virginia Emmett Lee, 1745 Edgewood Hill Circle, Apt. 101, Hagers­town, MD 21740. Each year I keep hoping I'll be able to invite the alumni luncheon, but it seems that week end is always a busy one, so I'll try to invite all my classmates. I'll never forget those wonderful years at Jefferson College.

Evelyn Reiner Arnold (Walter), 3207 Blue Water Circle, 90402, Boca Raton, FL 33433. We finally have settled in a lovely life care retirement center called Edgewater Estates, and are very contented and busy attending many activities every day. Both of us are very happy for our ages. I can use my nursing experience as a volunteer to help others when needed.

Mildred English Hively (J. Paul H.), 10824 Caron Drive, San, AZ 85331. I am still traveling. I belong to the Trexer's Century Club having visited 107 countries and it is still I will go to China this year.

Blanche Ford, Box 13, Periwinkle Trailer Park, 1191 Periwinkle Way, Saratoga, CA 95670. I am still very active in church and club work and I enjoy it very much.

Henry W. Hubard, 126 Montgomery Street, 1-C, Highland Park, NJ 07202. I am so glad Betty Youngblood and I were not able to greet you at our 50th anniversary in 1986. Many thanks to all for your wishes.

Walter T. Williams, 176 Highland Street, Wilkes-Barre, PA 18702. I am still very active in church and club work and I enjoy it very much.

Virginia Cluff, 1308 Periwinkle Street, Wilkes-Barre, PA 18702. I am still very active in church and club work and I enjoy it very much.

Margaret M. Beyer, 133 Center Street, Ashland, PA 17921. March 18th 1987 I moved to live with my sister at the above address.

Class of 1932

Margaret G. Appleton (Jeffers) (Arthur W.), 306 West 19th Street, Ship Bottom, NJ 08080. Everything is going well. I am glad this winter is over. We have been fortunate. Looking forward to the luncheon on May 2nd. Best wishes to all my classmates.

Dorothy Bales Young, 2714 Big Drain Street, Easton, PA 18042. I retired in 1972 after 26 years as a School Nurse (S.B. Kutztown University). I am widowed for 6 years, I have 5 grandchildren (previously one child in college and one in high school, 1 great grandson. I am doing OK for an old gal at 77 years. I live alone, one room in my house, and in church and church activities, and in good health. I am so happy for my many blessings.

“From the Editor’s Desk”

Lee McLaughlin, 1202 Exchange Plaza, Lewisburg, PA 17837. I have been very active in many activities and have been doing well. It is nice to hear from the Alumni Bulletin, my thanks to the publication committee.

Ann McCall (Hochman), 276 W. Main Street, Lewisburg, PA 17837. It is a busy year for me. I have been 8 years old. Thanks to all the alumni.

Adeline Roth Miller (Benjamin). 6704 Glen Avenue, Glen Dale, MD 20768. As the years go by, it is good having contact with good friends. The pleasure I receive from visiting with my school colleagues becomes more meaningful every year. I am eager to participate during the 50th anniversary year.

Norma Sisk Bond, 10 Beam Lane, Easton, PA 18042. I am recovering from cataract surgery. There sure is a great advancement in the treatment of cataracts.

Emma H. Phoebe Kelly (Warren), 1110 Burmont Road, Drexel Hill, PA 19026. Nothing new. I'm still breathing, and enjoying my home in Maryland. I am looking forward to my 55th reunion.

Marie Scher Maxwell, 40 West River Drive, Pennington, N J 08534. I am still enjoying retirement. I took 2 very interesting trips this year. I flew from California to Narberth, PA via Buenos Aires, Argentina.

California's Los Angeles climate, the 55th anniversary year of our class, is Overlooking the foothills of the Blue Ridge Mountains. I continue to enjoy golf, gardening, and cooking.

Class of 1933

Marion Politi Carey (James T.), 2103 King Drive, Lewes, DE 19958. Health problems have started as of the first of the year. I enjoy reading the Alumni Bulletin. A warm hello to my classmates.

Martha M. Long Gerber (Charles K.), 220 North Naborth Avenue, Northport, NY 11768. All teams well with us except the hockey teams, they are being towed by too far. Hello to all of my classmates, and I hope you continue to keep well.

Anna M. Woodring Craddock (James H.), 45 Sullivan Road, Wayne, PA 19087. I am going to request membership to the Quaker Women's Union. I had surgery for kidney stones in August 1988, and galbladder and stories in February. I am proud of Overlook's accomplishments at Bryn Mawr Rehabilitation Hospital, where she is a clinical nurse specialist in neurogenontology.

Elizabeth Remich Cobb, 12 High Street, Carlisle, MA 01741. I am very grateful to participate here in the 50th reunion. Marion Politi Carey and Peg Couc Lodleter at Christmas time. Peg Lecktor not being able to be here. I am still taking care of her. Doctor Lecktor during such a prolonged illness. I always appreciate the Alumni Bulletin.

Class of 1934

Betty Pierall Pennsylvania Avenue C-P 852, Philadelphia, PA 19130. Another year has "rolled" around. I continue to be active in alumni activities. I also travel, and we plan to visit to England and Scotland in August 1987.

Elizabeth Zajac Sedway, 1040 New York Avenue, Los Angeles, CA 90041. I am still working in Los Angeles and makes life easier. I try to keep up with what's new in medicine and nursing, and find it is overabundant.

Julia Tyler McCracken, Logan Square East #205, 2 Franklin Town Blvd., Philadelphia, PA 19130. Evelyn Fraser and I are planning a get-together tour in July. Classmates! 2 more years and 50th will be here.

Anna Jacobs Getz, 3404 Romy Avenue, Reading, PA 19609. In 1986 I finished surviving on the church council of St. Luke's Evangelical Lutheran Church in Reading, PA 19604. In 1987 I was made a life member of O.E.S. of D.E. #303. I'm happy with my family of 4 married daughters and 4 grandchildren.

Marie D. Keneen Laxton (Benjamin), 121 Old Littleton Road, Harvard, MA 01451. I am still in good health and the "elders.

Heeler Reiner Motsy, 24 Lake Valley Trail, Apt. 101, Port St. Lucie, FL 33452. I am really enjoying my new home in Florida. The people I have met here have been very pleasant and interesting. Even though we are from all parts of the country, with different careers, we have much in common.

Margaret Varnell Smear (Clayton), 111 East 4th Street, Merlo, PA 19063. We seem to be holding up OK, and we have our first great granddaughter, Jessica Martin.

Class of 1935

Melissa Clisny Hall (George), 2525 2nd Lane, Sacramento, CA 95814. Nothing new, still hanging around in the best of flocks of Jefferson.

Margaret Summers (Ludence), 7600 Pennsylvania Avenue, C-852, Philadelphia, PA 19130. Betty and I keep busy working here. We enjoy the work, by and we now feel we know all the "jeffs" at our graduate.

Our travels this year will take us to Scotland and Iceland.

Class of 1936

Charlotte Davenport, Route 2, Box 669, Troutville, VA 24175. I am approaching my 70th birthday this month (March), but still active, though weakened musculature is just outside of reach in the foothills of the Blue Ridge Mountains. I continue to enjoy golf, gardening, and cooking.

Class of 1940

Elder Former Felini, 635 Plum Street, Indiana, PA 15701. Hi! Everyone! Sorry to miss the luncheon and visiting with everyone. I expect to be passing through several places this spring, so it will be impossible to see you all. Have fun!

Frances Sally Wibke (Theodore W.), 1623 Market Street, Reading, PA 19602. We are doing just fine. I hope to see you at the 52nd reunion.

Sara L. Westerling, 814 Lancaster Avenue, Apt. 4, Bryn Mawr, PA 19010. I am still enjoying retirement. I would like to send greetings to all my classmates.

assisted by a team of people who are just as dedicated and willing to do their bit in order to make these events possible.

Barbara Jean (Jim), 2341-1/2 Avenue S.E., Kent, WA 98030. She is employed as a nurse and feels extremely comfortable in this position.

I'm looking forward to a trip to Los Angeles, CA in May to present a paper at a conference on nursing research.

Laura L. Horn Chiles, 7804 Chimney Corners, Austin, TX 78721.

My daughter Pam graduated from Texas A&M in 1991 with a B.S. in accounting.

She is currently working in the accounting department of a large corporation in Houston. She is enjoying her work very much and is planning to continue her education in the future.

Loretta L. Horn Chiles, 7804 Chimney Corners, Austin, TX 78721.

I am looking forward to seeing old friends and making new ones. As always, we leave without our hearts behind in London, but we return knowing that... in London until we return again.

Here at home, we are planning on remodeling our house and adding a new room, new furniture, etc.
