ALUMNI ASSOCIATION OF THE SCHOOL OF NURSING
College of Allied Health Sciences
Thomas Jefferson University

---

Inside Front & Back Cover
Dear Alumni:

This has been a pretty good year, despite the fact we had no one to fill the pending vacancies. Our treasury is solvent and we have a fair cushion to fall back on. The Relief Committee could help eight of our Alumni who are having difficulties and the Bulletin was better than ever.

We have two satellite groups that are active. The Harrisburg area meets five times a year and the Western South Jersey area meets once a year. There are nibbles from other areas, but nothing has taken hold.

We do believe that the satellites are means of continuous contact with the Board of Directors as minutes of the meetings are sent to the chairmen. The satellite meetings also help to identify our members who are in need of assistance from the Relief Committee. This is of great importance. If we can help each other we are truly a membership of nurses in the best sense of the word.

The most troubling aspect of our organization is the lack of participation. We're well aware of the reluctance women have about coming into Philadelphia late in the day. We have toyed with the idea of a Saturday meeting during the Fall. Then comes the question "Where could we meet?" Jefferson Hall is for students, and in the Fall classes are full speed ahead. The room we use for the Luncheon is where the students have their meals, and is in use most of the day. Also, there has been no feedback from the members that they would like it.

The luncheon this year (1993) had the smallest attendance in a number of years. Then we realized there were no more 10 year anniversaries. We have entered the 15 years. But Mildred Kroupa Okunishi, class of 1925 was there again. She has been the representative of the earliest class for the past several years. It is always a pleasure to see her beautiful face when she comes forward for her corsage. Jefferson School of Nursing has the most beautiful nurses in the world!

We have received a 1925 CLINIC, published by the Medical College. The book includes the Department of Nursing. We thank Alyce Casper Wright, 1926 for donating the book, and Martha Willing King, 1935 for presenting it to us the day of the luncheon.

Respectfully,
Alice C. Boehret, RN,EdD

### Tribute to Mabel C. Prevost

The University and the Jefferson Nurses’ Alumni Association were saddened by the death of Mabel C. Prevost on August 14, 1993. Miss Prevost was a loyal Jeffersonian and held many important positions during her long association with Jefferson and the Alumni Association.

On the occasion of the celebration of 100 years of nursing at Jefferson, Miss Prevost commented, “I am very proud of the nursing profession as it has developed and of Jefferson nursing today . . . .” Not only was she proud of the nursing at Jefferson, she was also proud to be a “Jefferson Nurse.”

Her most recent position was liaison to the hospital Women’s Board, a capacity in which she served from 1978 until 1987, devoting her energies to every aspect of the board’s fundraising activities.

She was also a member of the Run-Meisfurpe Department which now supports patient-care enhancements in the department of rehabilitation medicine. Upon her retirement, she was honored with membership on the board itself.

Miss Prevost’s Jefferson affiliation began when she matriculated at the School of Nursing from which she received her diploma in 1929. She then did private duty until 1946. During World War II, she joined the Army Nurse Corps in the Pacific. When the Army’s 38th General Hospital was reactivated in 1949 as a U.S. Army Reserve Unit, she joined the unit and later became Chief Nurse, retiring after 20 years of service, as a Lt. Colonel. She was a very active member of the Helen Fairfax Nursing Post #412.

From 1961 to 1968, she was Jefferson’s Director of Nursing (Nursing Service and School of Nursing). During her tenure, the school continued to grow through rigorous recruitment efforts, and a campaign was undertaken for a more modern nurses’ residence. This resulted in the 1969 opening of the James R. Martin Residence for student nurses.

In 1958, Miss Prevost was appointed assistant hospital director with administrative responsibility for the School of Nursing (until 1967), the Practical Nurse Program, operating rooms, the pharmacy, the volunteers, the Women’s Board liaison, and several other departments.

While assistant hospital director, from 1958 to 1974, Miss Prevost established an Exchange Visitor Program for Filipino nurses, this program also included nurses from the Netherlands, England, India, Greece, Taiwan, and Jamaica. She established the Practical Nurse Program, and served on the committee for the construction of the Fooderan Pavilion, the intensive care nursery and the helipad, made possible through the contributions of the Women’s Board.

Miss Prevost was a loyal supporter of the Jefferson Nurses’ Alumni Association, she served as chairman of many committees, and offered valuable guidance and direction.

Her love of animals was well known at Jefferson, she became a friend to many stray dogs and cats over the years, taking them into her home until she could find another home for them.

Surviving are her sister Meline R. Prevost, and four cousins.

Miss Prevost will be missed by her many friends and the Nurses’ Alumni Association.
The Decade Fund
Nursing Scholarship

The University asked the Alumni Association to participate in a fund drive in the eighties. The monies we raised were divided so half would go to nursing service as seed money for scholarship aid to students who were changing careers. Our first scholar graduated last year (1992) and we now have a second scholar.

We are presenting to you, a letter from Dr. Pamela Watson and one from the student. As you read them, you will be impressed by the changes in education for nursing and by the caliber of the women entering the profession.

It’s a pleasure to tell you about Alice Drumm, the recipient of this year’s School of Nursing Alumni Scholarship. Alice, a third-year student, is 51 and has made a mid-life career change so that she can work closely with people. “I want to make a contribution in a personal way,” she said.

Currently, Alice has a successful career in financial administration, but feels that the executive environment is a closed circle. “I could be around people.”

As a non-traditional student, it is difficult balancing the responsibilities of school, home and work. “I feel that since becoming a baccalaureate nurse, the evening program was going to accomplish this due to the fact that since graduating from Jefferson Hospital School of Nursing and the U.S. Army Nurse Corps, saw active duty and was established the Army Nurse Corps. Not until World War I were women permitted to enlist and hold military rank. Thus, Ethel Faust was one of the first enlisted women in the armed forces. According to family members Ethel never talked much about the war or her experiences.

She was discharged July 14, 1917, with commendations for exemplary service. Shortly after discharge, she resumed her position as a private duty nurse at Jefferson Hospital. In 1947 Ethel went home to Huntington, PA to help ill family members.

Ethel worked at the J. C. Blair Memorial Hospital in Hunting­ton as a staff nurse, also doing private duty in the area, usually the 11 pm to 7 am shift, finally hanging up her cap in 1962 at age 72. 1st Lt. Ethel Faust, nurse, veteran and mas­ter-care-giver, died November 25, 1976.

Sincerely,

Professor and Chairman
Department of Nursing

Letter from scholar, Alice Drumm:

I have recently been notified that I have been awarded the School of Nursing Scholarship. I would like to express my deep appreciation for the support of the Association.

I am a student in the Generic BSN Accelerated Evening Program. I am employed as an Executive Assistant for a Center City firm that is involved in manufacturing operations and real estate investment. Some of my major areas of re­sponsibility are: risk management, profit sharing plan admin­istration, personnel, etc. I have formerly worked as an accountant for a software company and an automotive dealer with supervision duties. As a student, I believe part of the learning experience is to become involved and, there­fore, I am student government representative and member of the Curriculum Committee.

In 1990, I made a decision to pursue a long held dream of becoming a baccalaureate nurse. The evening program was the only way I was going to accomplish this due to the fact that since I maintain a home for my daughter and myself, I am not in a position to leave my job (or accept part time employment). The decision, in 1992, to attend Thomas Jef­ferson University was filled with uncertainty because of the financial implications. The scholarship that has been awarded to me goes a long way toward relieving the burden. It is particularly heartwarming because, as an older student, I was fearful that no funding would be available to me.

As a non-traditional student, it is difficult balancing the responsibilities of school, home and work. It is through, not only the emotional support of family and friends, but the generosity of people such as you, that many of us are able to accomplish our goals and, hopefully give something back to the future. Thank you.

Yours truly,

Alice Drumm

Loretta Suber Heyduk, '71, R.N.C., M.S.N. has been appointed director of the recently created Division of Partial Hospital Services at Friends Hospital. This division encompasses all partial hospital programs of the private psychiatric hospital, including a Day Program for adults at its main Northeast Philadelphia campus and the Passage, a partial program for adolescents located in the Centennial School School District in Warmminster, Bucks County. Under her leadership, the hospital is also developing additional partial programs at its main campus, including a program for the elderly and another for adolescents. "Changing patterns of delivery of mental health care have resulted in a much greater emphasis on ambulatory or outpatient programs," comments Malcolm Strickler, M.B.A., acting CEO of Friends Hospital.

Loretta, a resident of Northeast Philadelphia, has worked at Friends Hospital since 1971 in key nursing management positions. In 1984, she helped create and was appointed senior nurse coordinator for its Day Program. As director of partial hospital services, she is responsible for planning, marketing, and managing daily operations of all the hospital's partial hospital programs, including supervising program coordinators. She holds an M.S.N. in nursing with concentration in nursing administration from Villanova University, a B.S.N. in nursing from LaSalle College, and in 1971 a diploma in nursing from Thomas Jefferson University Hospital School of Nursing. She was certified in psychiatric and mental health nursing by the American Nurses Association in 1985.

PHILOSOPHY

THOUGHTS FOR YOU TO PONDER

Abe Lincoln walked 20 miles to borrow a book. Now they close libraries to celebrate his birthday! The best thing about the future is that it comes one day at a time. Even if you are on the right track, you get run over if you just sit there! The three essentials of happiness are something to do, someone to love, and something to hope for. There is no tranquility in the world more effective than a few kind words. Our duty is not to see through one another, but to see one another through. Blessed are those who give without remembering and receive without forgetting. The time to make friends is before you need them. Joy shared is joy doubled. Sorrow shared is sorrow halved. Faith does not demand that we win, it does demand that we keep trying. If you think education is expensive, try ignorance. Some things are expensive, but very worthwhile. Education is one of them.

WHAT KIND OF BONE ARE YOU?

There are four kinds of bones in every organization. There are the WISH-BONES, who spend their time wishing someone else would do the work. There are the JAWBONES, who do all the talking, but very little work. There are the KNUCKLEBONES, who knock everything anyone else tries to do. Finally there are the BACKBONES, who get under the load and do the work. What kind of bone are you?

SEIZE THE DAY

I am not allowed to leave the city with Septa Paratransit, although I travel far along their routes, such as junkets to Neiman-Marcus Mall, Roosevelt Mall, or Andora Shopping Center. However, my friend, Harry, has driven me on many out-of-town trips. Last summer he drove me to the Beach to meet with my family for a seafood lunch in Avalon, New Jersey. Traveling with Harry (who is also in a wheelchair) is an interesting experience. He manages to get in and out of the van by himself, but I need help to be lowered on the lift. Because I thought it might prove helpful, one Saturday we drove to Edison, New Jersey to the Farlan Exhibit Hall to see the disability exhibit. We learned about the new van service called WHEELERS ACCESSIBLE, designed to make traveling easier and less restricted for wheelchair users. I had the pleasure of riding in one of their mini vans which has no lift. Sitting in the wheelchair, you just shoot to the side of the van, turn to the windshield, and you are sitting next to the driver. It's a fantastic, normal feeling! So much better than being strapped and locked in the wheelchair in the back of a van.

This new van service is offered in the United States, but has not come to Philadelphia yet. When it does, the vans can be rented daily or weekly at reasonable rates.

A few favorite memories

A delightful outing with Harry and a home health aide was a trip to watch square dancing. Fun-loving people from age 18 to 80, danced with their hearts and souls. The women in colorful outfits and their partners in blue jeans do-as-doo-glee with glee. Amazingly, I was approached by several people who informed me that they are starting square dancing classes for people in wheelchairs. I will try to get more information regarding classes in the Philadelphia area. I'm afraid this is something I must back away from entirely. M.S. is a robber. It has robbed me of the great, great joy of dancing.

In the past, I was a good dancer. There was nothing like jitterbugging or having a partner with his arms around my waist as we danced to Misty. Now when I hear appealing music, I dance to it by tapping my left foot.

Several years ago at the Shubert Theater (now the Mariam Theater) in center city, I sat at the top of the aisle to see "Sugar Babies." I wore notes backstage to Mickey Rooney and Ann Miller, the stars. Later, Mickey Rooney's manager appeared and said, "Are you Vivian Moyer?" Mickey would like to meet you, and I suggest you stay right where you are until the matinee crowd has left the theater." Soon Mickey Rooney came across the stage and yelled, "Hello, Vivian!" Then he walked to the back of the theater, planted a kiss on my cheek, and presented me with an autographed playbill and a huge glossy photo of himself. He told me that if I had Ann Miller would have liked to say hello but was not up to it that day.

As I look back, I am often reminded of the ways Multiple Sclerosis is a robber. Twelve years ago, I was able to meet

Continued on page 10.
a friend for the mime performance of "Chorus Line" in center city. At that time I could transfer to an end seat, and my friend folded up the wheelchair and put it in the back of the theater. This no longer can be done. Nevertheless, I have a new electric chair which allows me even more inde­ pendence. I no longer need to be pushed by anyone. I just press my joy stick, say goodbye, and I proceed! The battery must be charged every night. It's interesting to me that air­plane pilots use a joy stick mechanism to fly the planes.

The Cuban Missile Crisis

Coverage of the anniversary of the Cuban missile crisis left an impression on me this year. It was hard for me to believe that 30 years have gone by since this crisis. I met a naval officer right after it took place, and he said that "they had orders to shoot." We were all on the verge of extinction the day before. Only because President Kennedy's wise decision, and his agonized choice, was the world saved from nuclear war. I'm happy to write this article 30 years later.

A Military Honor

During World War II, I was an Army nurse based overseas for two years. Today there is the Women in Military Service for America Memorial, authorized by Congress and sup­ ported by the Department of Defense and the Department of Veterans' Affairs. However, money must be raised through private donations. A dear friend of mine honored me by mak­ ing a private donation on my behalf. And photo and a sum­ mary about my service record is now included in the computerized database memorial register.

The memorial for Women in Military Service is at the gate­ way to Arlington National Cemetery. The Memorial includes a red, white and blue apple and a sky. Should you visit there, you'll be able to learn about Vivian Moyer's years as an Army nurse by "punching up" my name on the computer.

Church Ties

Whenever I go to church, the Reverend Edgar G. Adams, and his assistant, the Reverend Lynne A. Grillo, always deliv­ er a meaningful and encouraging message. Pastor Lynne is a great help to me, and I'm always inspired by Pastor Adams' message.

My Family

My niece, Laurie, (an attorney) is married to Bob Gunther (also an attorney). Their three children are Russell, age 11; Paul, age 9; and Allison, age 4-1/2. We have delightful visits about once a week when Pat, the babysitter, brings them for pizza and a play session. For the boys, it's baseball cards and the active competition of shooting basketballs into the hoop on the backyard goal. Pat brings only Allison for lunch that week, and Allison says, "No boys, no noise!"

My younger niece, Becky, (a banker) is married to Andy Denker (a television producer). Their three children are Marg­ aret, age 6-1/2; David, age 4-1/2, and baby John, age seven months. They visit on weekends, and the toy box in my apart­ ment remains of great interest.

I'm amused at the lingo I've picked up from the children—"radical," "cool." The children tell me what they are learning in school, who their favorite teachers are, and how they han­ dle their homework. You can be sure I'm crazy about all the children, and they tell me they love their "Auntie." Sister Coce pops in and out for visits, and we see a lot of each other. It's a good feeling to know that my sister, my nieces and their husbands are close by and that we can enjoy many visits through the year.

Vivian Moyer '43

Notes from the Nurses Alumni Bulletin, School of Nursing, College of Allied Health Sciences, Thomas Jeffer­ son University.

Vivien Moyer graduated from Jefferson Hospital School of Nursing in 1943. Her clinical experience was wide and vari­ ous. In addition, she served in the Navy Nurse Corps World War II and spent 18 months in a general hospital in England.

In 1953 she received a B.S. in Nursing Education from the University of Pennsylvania, after which her teaching career began. She taught Medical and Surgical Nursing at Phila­ delphia General Hospital, Jefferson Hospital School of Nurs­ ing and Pennsylvania Hospital School of Nursing.

VISIONS OF ART

"He's a brave man," the clerk at the counter said. "Most of us would give up if we were blinded at such a young age. During his recovery, he made a vow his life wouldn't change. So, as before, he and his wife come in whenever there's a new art show." I watched them a moment and decided she was doing all the talking. I admired her patience, for putting up with her constant parade of woes. Distracted by her voice, I moved on.

I encountered them several times as I moved through the various rooms of art. Each time I heard her constant gush of words, I marveled at her ability to rally and pull herself out of the white object. He extended it into a long cane and then tapped his way into the courtroom to get his wife's jacket.

PSYCHOLOGY AND NURSING

a Healthy Union

When asked to write on what I do, I eagerly agreed to the writing of the love I have for all things professional in life. Now, many months later, as I note I've not even structured my thoughts on the topic. I ask friends "which way and where to begin?" Funny, it isn't, how easy dimin­ ishing and erasing comes due, and the blinking cursor implies urgency. Out steps one little judge saying, "Oh DO get on with this, you'll wonder!" while another asks "What of REAL consequence DO you do?" or some such. Not always kind, these internal judges.

Which brings me to the matter at hand, so to speak. Half­ time employment by the University of Washington at Har­ borview Medical Center in Seattle includes a faculty appoint­ ment as a Clinical Assistant Professor in the Psychology and Behavioral Sciences.

A small part of my responsibilities at Harborview includes educating new staff, medical students, and residents about the involuntary treatment Act (ITA). However, the bulk of my work there is as a forensic psychologist (court evaluator) for ITA patients.

During their first 72 hours of detention, my job is to evalu­ ate the patients to see if they have a mental disorder and, if so, to determine if treatment is essential and, if so, if they will be a "good faith" voluntary patient or need a court order for further detention. If a court order is indicated, I file a petition with the court. Since the patients have the right to a hearing prior to detention beyond the 72 hours, I often end up before the judge testifying as to the mental disorder and the patients need further involuntary psychiatric evaluation and treatment.

All other court evaluators in the Harborview system are licensed psychologists as I am. However, being a Registered Nurse gives me the additional advantage of being able to testify in court as an expert witness on medical matters rela­ tive to those patients who are gravely disabled due to a medical disposition. After 10 years at Harborview, it is still the best job I've ever loved, in that it provides the opportunity and stimulate to keep me forever at the edge of cutting edge med­ icine, the law, and the medicine. Besides, assessing ITA patients has quite an impact in preventing psychotherapy with people like you and me.

The Department of Employment is my private practice as a psychologist in Bellevue, Washington. When the occasional patient there says, "I know you've gotta think I'm crazy..." it's quite natural to ask them that they are NOT "(Trust me, I work at Harborview, that's where I know from crazy.)"

Cognitive Behavioral Therapy is my treatment modality of choice. Stress management and psychosocial rehabilitation are major areas of emphasis in my work. I attempt to sort out whether I chose this as a major line of personal endeavor, the only economical, or just came by the interests naturally for a bent toward the science of life. In any case, once again my nursing background comes pretty exciting to provide a kind of psychotherapy which helps others maximize their own internal resources in deal­ ing with physical, environmetal, and other stressors.

These things plus reading, writing, making tapes of Relaxa­ tion Technique (and/or imagery), occasionally lecturing, and presenting workshops on stress management have been pretty rewarding. The combination of nursing, music and clinical psychology is one I can strongly recommend.

(Tell THAT to the little judges within!) Joyce Shaffer, Class of 61, Diploma School of Nursing.

A PRAYER

Give us, Lord, a bit o' sun, a bit o' work and a bit o' fun.
Give us in all the struggle and sputter, our daily bread and a bit o' butter.
Give us health our keep to keep, And a bit to spare for other's sake
Give us, too, a bit of song, A tale and a tale to help us along.
Give us, Lord, a chance to be Our good deeds, and others to be free.
Our goodly best for ourselves and others Till all men live to learn as brothers.

Alumni Office News

The Alumni Office continues to be a “beehive” of activity. It amazes us the number of requests we get, either by phone and/or letter or in person, and we really go the “extra mile” to provide a satisfactory answer.

BIRTHDAYS — By the end of 1993 flowers and/or birthday cards will be sent to 42 of our 80 and over graduates, more if we learn about their birthdays. If you are 80 or more (or if you know of a graduate who is in this category), please send the following: Name — first, maiden, married. Year of gradu­ ation. Birthday — month, day and year. Social Security num­ ber and telephone number.

RELIEF FUND COMMITTEE

Jefferson Diploma Nurse! As you know, we, the Jefferson Nurses’ Alumni Association, have a Nurses “Relief Fund Trust.” This trust is available to assist graduates of the School of Nursing (Diploma Program) and the White Haven School, who are ill, disabled or in need of additional support or maintenance.

Please let us know if you, or another graduate needs as­sistance. The preliminary application found in the back of the bulletin can be sent to the Alumni Association. A second application will be sent to the applicant by the committee.

When completed and returned the committee will evaluate the request, and the applicant will be notified as soon as possible. The amount of assistance is determined by the committee. All information on the application is confidential.

This past year we have been able to assist eleven of our graduates. Some receiving a monthly stipend, and others a one-time gift.

The Relief Fund Committee also sends monetary gifts at Christmas time to those graduates known to be home bound or in a nursing home. Birthday flowers are sent to our gradu­ ates who we know will be celebrating their 80th or over birt­ hday.

Lorraine McCall
Chair, Relief Fund Committee

BULLETIN COMMITTEE

The committee wishes to thank all of you who have in any way contributed to the 1993 Bulletin. We hope you enjoy reading it.

Again, we ask you to forgive any misspellings and/or other errors. We try so hard to have everything okay, perhaps we try too hard.

Please continue to send interesting bits of news about you and your family. If your job is unusual you find it very rewarding consider writing a short article about it. We need material for our 1994 bulletin.

Remember — the bulletin is only as interesting as the materials we receive from you, our fellow graduates. Thanks again for all your help.

Peg Summers
Chair, Bulletin Committee
CLARA MELVILLE/ADELE LEWIS SCHOLARSHIP COMMITTEE 1992 — 1993

Kathleen Carley Gregg ’90
Karen Guida Shaufer ’76
Susan Gallagher ’77

Doris A. Bowman
Chair, Scholarship Committee

PLEASE NOTE

THE BOARD OF DIRECTORS OF THE NURSES’ ALUMNI ASSOCIATION MET WITH OUR ATTORNEY ANN LOFTUS ON MAY 27, 1992. THE SCHOLARSHIP FUND (A RESTRICTED FUND) WAS REVIEWED. AFTER REVIEW, THE ATTORNEY ADVISED US THAT, LEGALLY, THE FUNDS ARE RESTRICTED FOR USE TO GRADUATES OF THE DIPLOMA PROGRAM ONLY; HOWEVER, IF THE RELATIVE OF THE GRADUATE PLANS TO ATTEND JEFFERSON’S NURSING PROGRAM, A SCHOLARSHIP COULD BE GRANTED, PROVIDED ALL OTHER REQUIREMENTS ARE MET.

THE BOARD OF DIRECTORS

TRACK RECORD

There are two kinds of running — the athlete’s kind and running in the real world, which entails trying to get somewhere on time. Real-world running needs its own championships and recognized events. The following is suggested:

The Airport Half Mile. A race to the gate, commencing with the last call for the flight. Contestants carry two suitcases, and the course must include one moving walkway, which is not moving, and 150 tourists coming the other way.

The Supermarket Surge. This occurs when people lining up notice that a new cashier has just opened for business. A short race, but probably the most competitive of all.

The Pequot Bus-Stop Race. You have to get to the bus stop first, so that the driver is forced to stop. He will try to get there first so he can pretend he hasn’t seen you running for it and accelerate past. Thrills, spills and a challenge for everyone.

REMEMBER, OLD FOLKS ARE WORTH...

a fortune, silver in their hair, gold in their teeth, stones in their eyes and a heavyweight in their stomachs.

I have been a little older since I saw you last and a few changes have come into my life since then. Frankly, I have become quite a frivolous old gal. I am seeing five gentlemen everyday.

As soon as I woke up, WIR Power helps me get out of bed. Then I go see John. Then Charlie Horse comes along, and when he is here he takes a lot of my time and attention, without notice. Arthur pits shows up and stays the rest of the day. He doesn't like to stay in one place very long, so he takes me from joint to joint. After such a busy day, I'm really tired and glad to go to bed with Ben Guy. What a life! P.S. The preacher came to call the other day. He said at my age I should be thinking about the hereafter. I told him, Oh, I do all the time. No matter where I am, in the parlor, upstairs, in the kitchen, or in the basement, I ask my self — "Now what am I here for?"
wedding this year and 2 more grandchildren, making a total of 6. We had a family reunion in August in 1992. The moment was memorable. We have a "family reunion" every January with good results. Things have really changed since then. Our days are spent enjoying each other's company.

Anna M. Jacoby Gehrke, 3443 Reading Avenue, Philadelphia, PA 19131. My husband and I observed our 60th wedding anniversary July 18, 1992. I couldn't have married a nicer man.

Anna Marie Hall, 1234 S. Sunset Drive, Camano Island, WA 98282. I was married to my husband John Hall in 1960. We have two children and 10 grandchildren. Now that we're together, I'm much happier. Jim and I were married 2 weeks after his graduation from Princeton Seminary. We've flown to New Jersey for that special anniversary. The day was perfect. In those 2 weeks we were in one place, but in the past we've been in 2 places. We hope we can stay together. Hope Kramer Moore (Paul), 12072 Punda,urga, FL 33931. Best wishes to my classmates. Sorry I didn't make it to the luncheon on May 13.

Dorothy McComb Taltot, 229 Kirkwood Chapel, Dickson City, PA 18514. I continue to live in North Carolina in the summer and Arizona in the winter. With a little extra money, I try to buy a big lot of strawberries in my small motor home. I'm glad to have been selected by the Journal of Public Health Nursing. DON’T WE KNOW IT! The typographical error is slippery brain thing and you can’t catch it 10 out of 100, but it somehow will get by.

‘Till the forms are off the press, it is strange how still it sleeps; it shrinks down in a corner, and it never stirs or peeps.

That typographical error is too small for human eyes, too small to see.

‘Till the ink is on the paper, when it grows to mountain size.

The remainder of the issue may be as clean as the typographical error is the only thing they see.”

I graduated from LUNU on December 18, 1992 with my BSN and was inducted into Sigma Theta Tau. Hopefully I can begin my master’s program once we get settled on the East coast. John has decided to do a paid fellowship for one year. With luck, we will be at either Eastern Gray or Northwestern University in Chicago or Culver College in Charlotteville. Both are places we would love to call home. Sorry I can’t make the luncheon this year.

Jantel Holdiday Reed (David, M.D.), 159 Lost District Drive, New Canaan, CT 06840. I hoped to make the luncheon but as we moved that weekend it didn’t work out. I’m busy with Jessica (6), Lindsay (6) and David (4). I work in David’s office part time and seem to do endless volunteer work. All in all I’m very happy and wonder how are you.

Carol Miller Muller (Carl), 192 Hooten Road, Mt. Laurel, NJ 08054-6739. We are a little behind , not working as a nurse, instead my husband and I just started working in home care 4 years ago (Lourdes Home Care, Home Health). We love county life in the deep south. I’m almost finished my BSN, it is the Time of Precious

We had a terrific vacation this year in Italy. It was especially nice because we went with our good friends Gene and Debbie (Timpana). After midnight mass at St. Peter's celebrated by the Pope, the four of us went to throw coins in the fountain to bring "good fortune." Robin would especially like to thank Debi for letting her bake her signature cake of the 30s, since she left her handbag back at the hotel.

Karen Hollander Bernardi (Richard), 424 Dartmore Road, Scarborough, NY 11421. I'm happy that our new home in September. I'm working at CHOP part time in day surgery. I keep busy at home with Lisa (9) and Sandra (6).
