JEFFERSON NURSES ALUMNI ASSOCIATION
1995 - 1996 MEETING DATES

Dear Alumni,

Regular meetings of the Alumni Association will be held on the following dates:

- September 12, 1995
- November 14, 1995
- January 9, 1996
- March 12, 1996
- May 4, 1996 (Annual Meeting)

Regular meetings will be held in Suite 315, Ben Franklin House, 834 Chestnut Street, Philadelphia, PA at 4:30 PM. Annual meeting will be held in Solis-Cohen Auditorium, Jeff Hall, 1020 Locust Street, Philadelphia, PA at 10:00 AM.

There are two things which the President must do each year. One is at the beginning of the year and it is very pleasurable; it is the recognition of forty years membership in the Association. The second thing is the acknowledgment of the member who has "ceased to breathe". That is sad because we have lost a friend and colleague. It also reduces our membership number and this, too, is sad. I'm sure you know that it is the dues of the members, plus the annual giving which finances our operation and maintenance.

The University provides us with office space, meeting room, ordinary postage, telephone, and printing which helps us a great deal. Our office staff is our responsibility which we provide via the dues and annual giving. Fortunately, our staff are our Alumnae which adds that additional touch of interested personal attention and care. The University staff is very supportive and helpful, but it is so nice to hear a cheerful voice we remember from our "training days".

So, you see, we really appreciate the funds you send for annual giving, and we hope you continue your good response to this request.

Sincerely,

Alice C. Boehret, '42
President

**“GRANDMA IS A QUILTER”**

It happened when I took a quilting class in 1979 and I got hooked. Being a working nurse at that time I couldn't get much quilting done but when I retired I went full speed taking classes, reading books, exchanging ideas with other quilters.

My husband took me to Lancaster often on fabric buying trips. He helped me with colors and fabric selections. My daughter cooked and kept house while I quilted. I made wall hangings, baby quilts, quilted vests and jackets and many full size quilts.

When my granddaughter would visit she would sit at my frame and put in huge stitches. She's better now.

I joined the "Pennsylvania Quilters" a group of about three hundred. On one of our quilt trips I heard a girl say she was a Jeff nurse. I turned around to find out who she was. It turned out to be one of my classmates Joan Shaver Herman. What a thrill, a fellow nurse quilter. I then found out quite a few members are nurses. I guess the patience required in nursing is also needed in quilting. It takes many hours to make a quilt.

One of the magazines I subscribed to asked for pictures of scrap quilts to be entered in a contest. Scrap quilts are just what they say, made out of small pieces of assorted scraps. I never entered a contest but had made many scrap quilts so I sent in three pictures of different quilts. I received a notice saying all my quilts were winners and one would be on the cover of the summer issue 1994 of "Quilt" magazine.

To my surprise the "Sunbonnet Sue" quilt I made for my granddaughter's eighth birthday was the winner. They also wrote a beautiful article about me.

Quilters are wonderful people, I exchange blocks and letters with quilters all over the world. I especially enjoy their letters.

I've made friendship quilts with blocks I received in the mail. I recently received another honor, my "Bear Paw" quilt is featured in the fall (1995) issue of "Old Fashioned Patchwork" magazine. Retirement is never boring. It's true when one door closes another opens.

Scholarship Funds at Work

The following letter was written to our President, Alice C. Boothen, RN, Emeritus and Pamela G. Watson, ScD., Chair of Department of Nursing.

Dear Alice:

It is once again my pleasure to provide information to you about the students who benefited from the School of Nursing Scholarship Fund and the Margaret Barnett Memorial Nursing Loan Fund at the College of Allied Health Sciences for the 1994-1995 academic year.

This year, the School of Nursing Scholarship Fund was able to award $1,500 to repeat recipient Susan Johnson Lucas, who was married last September.

As you know from our last report, Susan has a B.S. degree in psychology from Rutgers University and a graduate degree in clinical neuropsychology from Drew University.

Susan will be graduating from Jefferson this May. She saved her secret that she did not attain straight ‘A’s for the first time last September - she got one ‘B’.

Susan has applied for graduate studies in the University of Pennsylvania’s Pediatric Primary Care Nurse Practitioner Program. She hopes to attend Penn on a part-time basis, and also work part-time. In addition, Susan continues to care for her three children and manage a licensed daycare center in her home.

The following students were 1994-95 recipients of the Margaret Barnett Memorial Nursing Loan Fund, who were selected based on their excellent academic standing, dedication to nursing care, and need for financial assistance.

This year, the fund awarded $10,000 in loans to nine students. Repeat recipients are indicated with an ‘*’.

Jane DeGulio, a junior from Exton, received a loan of $500.

Mandy Fraser*, a senior from Philadelphia, received a loan of $1,400.

Rachel Garry, a senior from Bryn Mawr, received a loan of $500.

Darlene Heimme, a junior from Deptford, NJ, received a loan of $1,000.

Maureen Kelly, a junior from Philadelphia, received a loan of $2,000.

Ruth Montague*, a senior from Philadelphia, received a loan of $1,900.

Alex Pugachevsky, a junior from Philadelphia, received a loan of $1,075.

Bradley Sheats*, a senior from Philadelphia, received a loan of $1,000.

Bernadette Wyperman, a senior from Warnimont, received a loan of $250.

Alice, the generosity of the School of Nursing Scholarship Fund and the Margaret Barnett Memorial Nursing Loan Fund has benefited the education of many nursing students at Thomas Jefferson University. These students feel the impact of your assistance now, and will certainly continue to value your support in the coming years. It is therefore a distinct pleasure for me to thank you most sincerely for the kind and thoughtful commitment of the Nurses Alumni Association.

Sincerely,

Pamela G. Watson, ScD.
Alumni News

We continue to function like a bee hive - with lots of activity. You are welcome to visit our office when you are in town. Tuesday is our usual day in the office, but call first to be sure we are in.

This past year we sent out 5 mailings, (not counting the individual letters we wrote) each mailing is approximately 2800 copies. Each mailing involves, 1) writing a letter or whatever we're mailing, 2) getting it printed, 3) stuffing the envelopes, 4) putting on address labels and postage and the envelopes in boxes to be picked up by Mail-Messenger service to be stamped and mailed. Without the able assistance of our volunteers (primarily Alumni Nurses) mailings of this volume would be almost impossible for the two of us.

Thanks to the University for the many things they do for the Alumni Association. To name just a few: 1a) beautiful office - rent free, 2) free telephone, 3) use of the conference room for meetings, 4) free printing, if done at Jefferson, 5) free postage and mailing, and 6) we are able to call or ask anyone in the University complex for help with advice.

BIRTHDAYS - By the end of 1995 flowers and/or birthday cards will be sent to over 60 of our graduates who are 80 or over. If you know of any diploma graduate who is 80 or over, send the following: Name - first, maiden, married, Year of graduation. Birthday - month, day, year. Social Security and telephone numbers.

COMMITMENT TO EXCELLENCE - If you did not receive a copy of this newsletter when the Diploma School of Nursing closed in 1982 and would like a copy, (no charge) let us know and we will send you a copy as long as our supply lasts.

CAPS - Eight caps left. We ask a $5.00 donation plus $1.00 for handling and postage.

NOSOKOMES - Can you help? We need a 1968 Nosokome to complete our set of year books in the Alumni Office.

PHOTOS - We have 5x7 photos, in a folder, of the painting "Jefferson Student Nurse" available for a donation of $2.00 plus $1.00 for handling and postage.

1971 YEAR BOOKS - Need a copy! We have 6 extra copies of the 1971 Nosokomes, they're free, if you want a copy, let us know.

CAP CHARMS - Sorry, cap charms are no longer available.

Diploma School Represented on the CAHS Alumni Board

The Diploma School of Nursing is represented on the Board of the College of Allied Health Alumni Association by two of our Nursing Alumni. The CAHS Alumni Board meets three to four times each year. This gives us an opportunity to continue to be a part of the College of Allied Health, which is recognized for the loyalty of our alumni. The CAHS Alumni organization is 20 plus years old and is trying to get more involvement from their alumni.

We worked on a project, Case Management Program, for a couple of years to bring the various med-

SOCIAL SECURITY NUMBERS - Your Social Security number serves as the primary identification number in our alumni computer. Our lists and labels are sorted by the social security number. To be sure you are included, won't you help us keep our office records complete by sending your SS number when we ask for it.

DOUBLE YOUR DOLLARS - If you or your spouse work for a matching gift company or double or even triple your gift, by including a completed matching gift form with your gift.

HOTELS - If you are staying at a hotel in Philadelphia - when you register in or make a reservation ask if they give Jefferson rates, and tell them you are affiliated with Thomas Jefferson University. It would be wise to have your alumni identification card with you.

DISCOUNT PARKING FOR ALUMNI - Alumni can receive Jefferson employee discount parking rates by purchasing coupons for use at the parking garage on 11th Street. The $4 coupons may be used between 3 PM and 5 AM, weekdays and any time on weekends and holidays to a maximum of 18 hours parking. These coupons can be purchased at the Commuter Services Office, 131 S. 10th Street, Monday through Friday, 7 AM to 6 PM, or on Saturdays, 11 AM to 1 PM. To purchase coupons, present your Jefferson Alumni identification card and one other form of identification. If you have lost your card, please call the Alumni Office at (215) 955-7709 and ask for a replacement card.

VOLUNTEERS - What would we do without our volunteers? They are truly a blessing to us, and their willingness to help overwhelms us. We do appreciate your help and friendship. Thank you.

August 7, 1995 Thomas Jefferson University (TUJ) and the Main Line Health System (MLHS) signed agreements that would establish a new corporate entity known as Jefferson Health System. The two organizations have worked toward this goal since they announced their intent to form an integrated healthcare system more than a year ago.

Paul C. Brucker, MD, president of TUJ, is named chairman of the Board for the Jefferson Health System, and Douglas S. Peters, president of MLHS is named the new organization’s president and chief executive officer.

Jefferson Health System includes The Bryn Mawr Hospital, Bryn Mawr Rehab, Community Health Affiliates, The Lankenau Hospital, Paoli Memorial Hospital and Thomas Jefferson University Hospital. The system has been created to position its members for the future of health services in the region. The foundation of the network is based upon the combined strength of the network hospital’s and Thomas Jefferson University’s outstanding academic programs. Dr. Brucker and Mr. Peters characterized Jefferson Health System as a new model of healthcare delivery.

“Two respected healthcare organizations - Main Line Health and Jefferson are bringing a new type of health care to our region,” Dr. Brucker said. “It will remain community based on acquisition and collabora-tion rather than one based on acquisition and central control. It will use its strengths to enhance cost effective delivery of care and extend the best medical practices throughout the system. Jefferson and Thomas Jefferson are bringing a new type of healthcare delivery system. The new healthcare partnership initially will bring together these two organizations to form a nonprofit, integrated healthcare delivery system. Additionally, both West Jersey Health System and Riddle Memorial Hospital have signed letters of intent to evaluate joining Jefferson Health System, a nonprofit organization, to respond to these market changes.

JHS will develop into a larger network of carefully selected organizations and linked physician groups that will offer a full range of cost-effective healthcare services that are accessible throughout the region. This is enhanced by affiliation with Thomas Jefferson University and its academic programs.

JHS organizations will use its strengths to enhance cost effective delivery, manage financial risk of capitaled populations, document quality and cost-effectiveness, and use resources effectively by sharing technologies and clinical innovations.

Simple Things

The fragrance of the early morn, The sunlight on the sill, The smell of coffee perking, and Outside, the robin’s trill. A friend’s voice on the telephone, A child with a smiling face, A letter from a loved one near. Some flowers in a vase. Just little things, these treasures mine, And yet, somehow, I find They brighten my entire day of peace.

A pioneer Navy nurse, her career spanned 59 years and included serving as director of nurses at three Pennsylvania state mental hospitals. She graduated from the Jefferson's College Hospital in 1905 and served as director of nurses at Norristown, Torrance and Wemmersville state hospitals. Leaving the state hospitals in 1946, she did private duty nursing at Thomas Jefferson Hospital until 1968. She was a member of the Heritage United Methodist Church of Ligonier, the Helen Fairfield Nurses Post No. 412 of the American Legion, and the Byers-Tosh Post No. 267 American Legion of Ligonier. Profile of a Senior

Who is a senior citizen? What is one? A senior citizen is one who was here before the Pill and the population explosion. We grew up listening to 78s, TV, penicillin, polio shots, open-heart surgery and hair transplants. Before frozen food, nylons, Dacon, Xerox, radar, fluorescent lights, credit cards, ball-point pens and Frisbees.

For us, time-sharing meant togetherness, not computers or condos. Co-eds never wore slacks. We were before parachute hose and drip-dry clothes, before ice makers and dishwashers, clothes dryers, electric blankets. Before Hawaii and Alaska vacations. Before men wore long hair and earrings and women wore bell-bottoms.

We were before Leonard Bernstein and Ann Landers, plastic, the 40-hour week and minimum wages. We got married first and then lived together. How quaint.

Clothes were for clothes-not for coming out of. Girls wore Peter Pan collars and thought cleavage was what butchers did.

In our day, cigarette smoking was fashionable; grass was for mowing. Coke was a refreshing drink, and pot was illegal. Closets were for clothes—not for coming out of. Girls wore Peter Pan collars and thought cleavage was what butchers did.

We are today's senior citizens, a hardy bunch when you think of how our world has changed and the adjustments we have had to make. I'm pretty proud of us.

Nurses' Alumni Association Celebrates 100th Anniversary

1995 marks the 100th anniversary of the Nurses' Alumni Association of Jefferson's School of Nursing. The Nurses' Alumni Association was started in 1895 by Miss Susan C. Hearle, who received her early training in Great Britain under Florence Nightingale. Between 1891 and 1982, more than 5,000 graduates received their nursing diplomas. Countless alumni have continued their education and have distinguished themselves in many areas of nursing. Over 80 of our graduates are employed in the department of nursing service at Jefferson Hospital where they help to enhance Jefferson's reputation for excellence in patient care. When the first male student graduated in 1976, the association dropped the feminine suffix of ae after "alum" to the more comprehensive "alumni" form.

The Clara Melville-Adele Lewis Scholarship Fund helps graduates from the Diploma School of Nursing Program move up the academic ladder as they pursue a baccalaureate or higher degree in nursing. This fund also provides scholarships to the children and grandchildren of diploma graduates who are pursuing a career in nursing at Jefferson's College of Allied Health Sciences.

We have the Marguerite Barnett Student Loan Fund to assist students pursuing a nursing career at Jefferson. The Alumni Association also established a scholarship fund for the baccalaureate degree student during Jefferson's Decade Fund campaign in the mid 1980's, to assist the many students attending Jefferson's nursing program.

Our commitment to the Jefferson 2000 Fund campaign is to establish a new nursing scholarship fund to provide assistance for an outstanding undergraduate student. We sincerely hope and believe that by the year 2000 we will have met our goal of $150,000. The Nurses Relief Fund Trust is available to assist diploma graduates who are ill or who have fallen on hard times.

On May 1, 1993, a new memorial fund was established and named in memory of Elizabeth C. Enright Class of 1932. This fund is, as funded by gifts sent in memory of one of our deceased graduates. We have given two memorial gifts: 1) Walnut Home Therapeutics - this organization gives home infusions in the community and 2) BETAK - an organization to assist people who have AIDS. At the end of each year the Board of Directors of the Alumni Association designates a community organization to receive the money, also at the end of each year $10,000 from the general fund is placed in the memorial fund in memory of each deceased Diplomate.

We are proud of all our graduates (space prohibits listing their names) who have served with honor and distinction in the Armed Services of the United States, from World War I up to and including the most recent conflicts involving the Armed Services. We congratulate you on your loyalty to your country.

May 6, 1995 marked the 62nd annual luncheon for the Alumni Association, with an attendance of 300, they represented all of our 50 states and some even come from foreign countries to renew friendships and remember the good old days.

The Nurses Alumni Bulletin is published yearly (each Fall). This publication helps alumni keep up-to-date on the change happening Jefferson scene and in touch with each other.

The Alumni Association has made remarkable progress in 100 years and with your loyalty, support and interest we look to the 21st century for a bright and progressive future.

My Dilemma

Mirror, mirror, on the wall
You're no good to me at all
When I look into your space
And see the reflection of my face
Is that person that I see
Is there anyone real?

Sure, I know it's been awhile
Since I was a juvenile,
But I really feel the same
I'm really feeling fine
Only I'm still a little lame
Hair's turned gray, getting thin,
Lots of wrinkles and a double chin.

But I'm really feeling fine,
Work at something all the time.
Still I wonder when I see
That reflection that is me.
Which one of us is really real?
The one I see or the one I feel?

Pearl Harbor Remembered

Sara Entiken, an Army nurse and Helen, a Navy nurse were both stationed in Hawaii and were eye witnesses to the sneak attack on Pearl Harbor.

That day remains clear in their memory. Both sisters were invited to Pearl Harbor in 1991 to be a part of the 50th anniversary celebration of that unforgettable day in 1941. They were interviewed while on the USS Arizona Memorial in Pearl Harbor.

Sara graduated from Jefferson Hospital Diploma School of Nursing in 1935. During World War II she served at Hickam Air Force Base and Helen, her twin was stationed at the Pearl Harbor Naval Hospital.

The attack found Helen on duty on a male medical ward at the Naval hospital, and Sara was preparing to go on duty in the emergency clinic. Officers from Hickam gave Sara a ride to the hospital since bombs were raining down, (some of the Japanese planes flew so low they could see the gunners faces). The hospital was located very near the runways of the Japanese planes.

One bomb hit the enlisted men barracks and caused a large number of casualties since it was Sunday and many of the men were "sleeping in".

Sara says the patient load got so heavy that they were overwhelmed, the staff worked 24 hours. Because of the many casualties their 50 bed hospital was turned into a first aid station. The patients were given first aid and then evacuated to Tripler General Hospital in Honolulu.

Helen was also very busy since so many of their casualties were burn cases. Fire from sinking ships spread across the water and the men had to swim through it. The Naval hospital was much larger, therefore, they had more patients and so were very busy. A patient of Helen’s was who was well enough to get a call through to Sara's hospital to see if she was okay.

Sara and Helen agree that war is a hideous thing, the loss of life seems so wasteful, and both sisters say they are happy they were able to serve in the military and help in the time of need, also, they feel no animosity toward the Japanese and said situations were reversed we would do the same.

Excerpts from notes by - Sara Entiken, '35

This year 1995, has stirred up memories and long forgotten events. Nothing jumps out as a particular year nor are the events in chronological order. They are all jumbled, and to try to keep them orderly is a real chore.

It all started on a Sunday when we went to Atlantic City to visit a roommate who was working at the hospital there. We were walking the board when a newsboy hawked the bombing of Pearl Harbor. This triggered excitement and decisions which have shaped my life. The whole direction shifted that day. It was December 7, 1941.

The next day the hospital moved rapidly. The Jeff Unit - Base Hospital 38 was on everyone’s lips and talk began about joining up and where it would be sent. Within three weeks the requisite 100 nurses were signed up. As rumors of U-boats off the coast spread, the windows of the hospital were painted black making it dark all the time. We had a forbidden radio hidden under a bolt of gauze in CDR so we could listen to the events as they were aired.

For who you were never in CDR (central dressing room), we had to make all the dressings used in the hospital. Hence the bolt of gauze, we made all the IV solutions, we also washed, dried, powdered and autoclaved all rubber gloves.

Excitement charged the air as we waited the actual activation of the Unit. Finally, we were directed to an Army recruitment station for physicals. To my great disappointment, I was assigned to limited service because I needed glasses.

Meanwhile, at the hospital, we were busy training Gray Ladies, and trying to stockpile dressings.

The day finally came when we went to Broad Street Station to say "good-bye and God speed" to the 38th. It seemed that half my class boarded that train which headed for Texas.

A notice came for me to go to the Customs Building on July 15th to be sworn into the Army, followed by reporting to Fort Story, Virginia. The young officer who administered the oath asked why I was joining the WAAC’s. As usual, I was indignant and said it was the Army Nurse Corps I was joining. He apologized, and we went through the short ceremony. My mother was thrilled even more than I, believe.

The trip to Fort Story was a totally new experience.

Sleeping on a train it was really the beginning of many new experiences.

I reported in, and was assigned a room, and went to supper. Fort Story is really a Coast Guard Post which guards the entrance to the Chesapeake Bay. All sand dunes and pine trees. We had dirt that night, so we could learn to march, something we did when there was a lack in events. I'm told that around and said "My God, stuck here for the duration".

The hospital was busy. As the war effort really got under way and more recruits were brought into the area, the hospital expanded, a new nurses quarters were built. Because I was a Jeff graduate, the head dentist assigned the fractured jaws to my ward. He had spent a dental internship at Jeff, so they were the only nurses who could care for his patients. Thank the Lord I learned to make eggnog at Pine Street.

This time finally came when I was assigned to overseas duty. So I traveled to Fort Jackson, Columbia, South Carolina to join the 74th General. There were four Jeff nurses in that unit, me, VA Hensley, Elizabeth Wittmeyer and Ann Trostle.

The chief nurse had trained and later worked under a Jeff nurse at Atlantic City Hospital. She made no bones about it. She told me that I thought I knew everything; and she cured with four Jeff nurses.

So, who was the first 2nd lieutenant to be put as night supervisor of a thousand bed hospital? ME!

But that occurred later. We first went to a little town in England, on the Irish Sea and were billeted with families. I was told that I was the loser of two evils - an American sister or a British tommy. He was reputed to destroy everything he touched.

While at Haylake, we marched every day and learned British currency, made friends and awaited our assignment. It came the end of May and we moved to Tynemouth Park to take over a hospital. This was outside Bristol which proved to be our off-duty port.

On "D plus six" we got the first of the casualties. Our wards were extended by 1 or 2 tents. I worked in the operating room and they were long hours. Nursecall was a new product and the circulating nurse would pull your mask down and hold a cup to your mouth to give you a drink of coffee.

I was put on as night supervisor and made the rounds twice a night a Miss Shifler. I did try to talk to as many patients as possible between 7 and 8 when lights went out.

The night staff slept in tents in the middle of the field. Our cots were damp when we crawled into them in the AM, and we needed our coats on top to keep us warm. We were dry when we waked. I was on a month and shortly after coming off, developed atypical pneumonia. I was sick enough to require nurses around the clock (105 F). As a result I had bilateral pneumothoraces and lost my hair. After recovery, I was on half-day duty, 7-12 instead of 7-3.

In June we moved to Francis. By then the war in the ETO was over and all that was needed was clean up. And there was a lot of that. I remember an Italian who had been a POW. He had surgery somewhere along the line but had not healed.

When he was opened we found a 5 yard pack had not been removed. On another patient the MD told me to feel the omen.

I'm told it felt flyby, and I was told it was milky TB.

In time I was assigned to come home. As usual it was a hurry up and wait operation. But it was a new area and new experiences. When I got home, I had leave which included Thanksgiving, Christmas and New Year. By then, I wanted out.

I made up my mind I would take advantage of the GI Bill and satisfy a desire held since 4th grade. Get a liberal arts degree. I had no idea what it was, but that is what I wanted. And I got it.

Janet C. Hindson, RN, Retires and With Her, a Tradition

To paraphrase the 1950 yearbook of the School of Nursing, Jefferson Medical College and Medical Center, Janet C. Hindson has a fun-loving personality and is bound to be noticed everywhere.

From the time Miss Hindson began her training here until she retired several weeks ago, she has achieved recognition for many things: her superb organizational skills, her commitment to excellence and, from the 1950s on, wearing her cap. With her retirement, you won't be seeing anymore white caps at Jefferson.

Miss Hindson's commitment to excellence, whether in patient care or the attire of the nurses she supervised, was the gold standard against which she measured her own performance and that of her colleagues," said Mary Ann McGinty, RN, MSN, the hospital's associate executive director for patient services. When Ms. McGinty was a floor nurse, Miss Hindson was a supervisor.

In the 1970s, when nurses nationwide began to shed their white caps, Miss Hindson steadfastly continued to wear hers, as well as her traditional all-white uniform.

"I was proud of my cap; I worked hard for it," she says. And was she ever noticed!

Over the years, patients, doctors and nurses have made comments about her attire such as "I love that cap," and "You really look like a nurse." This reinforced Miss Hindson's decision to retain her cap and uniform.

"In the last few years, when Janet's responsibilities spanned the entire nursing department and spread throughout the hospital complex, she inspired respect among other nurses for continuing to dress traditionally," Ms. McGinty said. "When she represented the nursing department on the safety or infection control committees, her cap and uniform made the nursing presence felt strongly."

Along with friends Betty Piersol, RN, and Margaret Summers, RN who staff the Jefferson Nurses Alumni Association Office, Miss Hindson reminisced about what it was like to be a nurse 45 years ago. "We did everything," she said.

"In addition to patient care, we were expected to keep rooms and nursing stations clean," Miss Piersol said.

"We dished out the patients' food individually from food carts that came to each floor, and came in at 6 a.m. to prepare food for patients with diabetes," Miss Summers said.

"My philosophy about patients was that I looked at all of them as members of my family and wanted them to have the same fine care I'd want my own family to have," Miss Hindson said.

The History of the Jefferson Nurses' Cap

Jefferson graduated its first class of nurses in 1893. At that time, the cap that was worn had a high crown and a wide brim with a ruffle around it. The cap was made of delicate material called "lawn," similar to material used for handkerchiefs. The cap resembled the Philadelphia General nursing school cap, which at that time was made of similar material.

In 1954, Susan Hearn, a graduate of Philadelphia General, became director of nurses at Jefferson. When Miss Hearn noticed the similarity between the two caps, she decided that Jefferson nurses should have their own distinctive one.

The crown was lowered, the ruffle was removed and the brim was narrowed, flattened and spread like wing tips across the front of the cap. The material was changed to organdy, which gave the cap a more body. In 1932, the cap was worn with the brim starched and the wings made to stand out - and that is how the cap was worn until the closing of the School of Nursing in June 1952.

Initially, it was traditional to receive the cap after passing the six-month probationary period. In later years, it was given to the students when they entered the school. Wearing the cap was a great responsibility because it symbolized humility and service to humanity.

It was a responsibility also because the Jefferson cap was recognized and respected worldwide as being worn by the school's 5,078 graduates. Students were entrusted with the cap and were expected to wear it with dignity and to uphold the Jefferson tradition.

BULLETIN COMMITTEE

The Bulletin committee wishes to thank all who contributed articles and items for our 1995 Bulletin. We hope you enjoy reading it.

I have one request - when hand written information and articles are sent, please write legibly and DO NOT use abbreviations, which can cause printing errors.

We welcome and need interesting articles and news items for our next publication in 1996. Let us know what you are doing.

As in the past we try to avoid errors, but, if we "good" please don’t think too badly of us. Thanks for all your help.

Peg Summers
Chair, Bulletin Committee

SATELLITE COMMITTEE

We are still in the process of organizing a Suburban Philadelphia Satellite Division. If you are interested in membership contact one of the following: Jane Ryan Dietrich ’59 (610)272-0109, Barbara Hand Brodovsky 74 (215)645-7055. We hope, with support to establish the Suburban Philadelphia Division, and that in time it will be equally as enjoyable and purposesful as the Central Pennsylvania Division.

The Central Pennsylvania Division remains very active under the able leadership of Dorothy Ranck Long ’39. They meet in Harrisburg. I attended one of their meetings, it was revealing, an enjoyable social as well as educational meeting. Dot Long says it takes time and perseverance to establish satellite divisions.

South Jersey Division has had several productive meetings over the past several years, none this past year, seems as if it has fallen by the wayside.

The following areas have so far been unsuccessful in establishing satellite divisions: Baltimore Area, Eastern Allegheny County (area), NE. Philadelphia, Bucks and Lower Montgomery Counties area, and Wilkes-Barre, Scranton area.

SOCIAL COMMITTEE

Dear Fellow Alumni,

The Social Committee had a wonderful time planning the 60th Luncheon for May 6, 1995. This year represented the 100th anniversary of the Alumni Association and we wanted to make the luncheon especially memorable and special. From the compliments we received our goal was achieved.

The basic format of the day was maintained. The membership meeting took place at 10:00 AM in the Solis-Cohen auditorium, the cocktail/social hour was in the Eakins lounge and the West courtyard; and the luncheon was in the Jefferson Alumni Hall main dining room. The special part of the day is always seeing our classmates, but it was enhanced by pictures of Jefferson nursing sights and surroundings of years gone by. The pictures were presented on a repeating carousel slide projector so fellow nurses could reminisce throughout the entire day. Many of the approximately 300 attendees remembered many of the old buildings and patient care areas. It was surprising how easy it was to recognize everyone in the slides. I guess we really haven’t changed that much after all.

The main dining room was decorated like an English garden with a beautiful variety of plants on the tables. The variety provided us with a luscious bouquet scent.

Hope the people taking the plants home were able to have them planted in the ground and will continue to enjoy seeing them bloom for many years.

The gift for each attendee to commemorate the 100 years anniversary was a digital clock with the Jefferson logo on it. I use my clock all the time, hope everyone else is.

Grace E. Eissely

RELIEF FUND COMMITTEE

Please remember, the Jefferson Nurses’ Alumni Association has a nurses “Relief Fund Trust,” and we have money to help any of our graduates who are in need.

This year we are sending help six of our graduates with monthly stipends, and three with single checks.

I know some of our nurses need help but they will not fill out an application. We can send one check and then, we must have a completed application before we send any more.

I know some of you think of this as “welfare” but can’t you think of it as a group of nurses (your friends and classmates) helping another nurse who is in need. We have the money to help. Remember, the money we don’t use is turned over to our Scholarship Fund.

Your names and applications are known only to the Board of Directors, and all information is confidential.

If you need monetary assistance complete the application in the back of this bulletin. If you know of any one who needs help, please urge them to fill out an application.

Lorraine McCall
Chair, Relief Fund Committee

Grin

It is interesting to note that when God made man He didn’t arrange any of the joints of his bones so he could easily put himself on the back.

As long as there are final exams, there will be prayer in public schools.

Only in America: A man will jog five miles for exercise and then take an escalator to the mezzanine.

Two ants were racing across a cracker box. One said, “What are we running so fast for?” And the other answered, “Can’t you read? It says “tread across the dotted line.”

Hugs and thanks go to Vera Pasteletti and Jeanne Kane for their parts in having the luncheon go off beautifully. Special thanks to Betty Piersol and Peg Summers who took care of the invitations and money each year. The luncheon was a success because we all work together like a synchronized watch. That watch would appreciate enhancements from other alumni - please contact me through the Jefferson Nurses Alumni office. We welcome new ideas.

Next luncheon is Saturday, May 4, 1996. Please mark your calendar - we look forward to seeing you.

Pleasing News

The Board of Directors of the Nurses’ Alumni Association met with our attorney Ann Lottus on May 27, 1992. The Scholarship Fund (a restricted fund) was reviewed.

After the meeting, the attorney advised us that, legally, the funds are restricted for use to graduates of the diploma program only. However, if directives of the graduate student plan to attend Jefferson’s Nursing Program, a scholarship could be granted, provided all other requirements are met.

Frances Butler Pangburn, 39 South 4th Street, Lewistown, PA 17045. I broke my hip last winter and spent several months recuperating at the "Limited Methodist Home" in Lewistown. Although I would like to go to New Guinea in 1995 for the Great Highland Sing, I may chicken out. My granddaughter, Janette, is a senior at Penn State, and grandson a freshman at Penn State. They both are very therapeutic. We all enjoy life to the fullest, keep busy and happy—for which I am grateful. Plan to attend the luncheon in 1997, only 2 more years to go. It is nice to have a pleasant and enjoyable summer.

**Unsolved Mysteries of Anatomy**

Where can a man buy a cap for his knee, Or to the key of a lock in his hair? Can his eyes be sharpened? Where can a man buy a cap for his knee, Or to the key of a lock in his hair? Is the crown of your head where jewels are found? Who travels the bridge of your nose? Can the calf in your leg eat the corn off your toe? "If the crown of your head where jewels are found?"

"How can you sharpen your shoulder blades?" I'll be damned if I can't buy corn on the ear. From a collection by Ann Landers

The following letter was received by Peg Summers and with the writer's permission it is be reprinted.

Dear Peg,

I feel compelled to write you how much I enjoyed reading the Nurses Alumni Association Bulletin which arrived today. I just spent the last two hours reading it from cover to cover. What a marvelous job you and the committee did! Especially enjoy reading the "Class News." Each time the Bulletin arrives I scan all alumni addresses to see if anyone is living in my neck of the woods. Reading each person's contribution brings mixed feelings of joy and sorrow. Joy for each individual accomplishments and sorrow for those who have lost loved ones or suffered other misfortune.

As I contemplate all that I have just read, I find stepping back and thinking for a few moments how precious life is and how we need to take care of those who have been there for us.

In my busy life as an emergency room nurse and nursing professor, I sometimes forget that my patients fortunate I have been. In my busy life as an emergency room nurse and nursing professor, I sometimes forget that my patients fortunate I have been. In my busy life as an emergency room nurse and nursing professor, I sometimes forget that my patients fortunate I have been. STUFF

Every fall I start staring in my stuff! There is closet stuff, drawer stuff, attic stuff, and basement stuff. I separate the good stuff from the bad stuff. Then I stuff the bad stuff anywhere the stuff is not too crowded until I decide if I will need the bad stuff.

When the Lord calls me home, my children will want the good stuff, but the bad stuff — stuffed wherever there is room among all the other stuff — will be stuffed in bags and taken to the dump where all the other people's stuff has been taken!

Whenever we have company, they always bring bags and bags of stuff. When I visit my children, they always move their stuff so I will have room for my stuff. Their stuff and my stuff — well, it would be much easier to use their stuff and leave my stuff at home with the rest of my stuff.

This fall I had an extra closet built so I would have a place for all stuff too good to throw away and too bad to keep with my good stuff.

You may not have this problem, but I seem to spend a lot of time with stuff! Food stuff, cleaning stuff, medicine stuff, clothes stuff, and outside stuff. Whatever would life be like if we didn't have all this stuff?

Now there is all that stuff we use to make us smell better than we do. There is the stuff to make our hair look good; stuff to make us look younger; stuff to make us look healthier; stuff to hold us in; and, stuff to lift us out. There is stuff to read, stuff to play with, stuff to entertain us, and stuff to eat. We stuff ourselves with the food stuff.

Well, our lives are filled with stuff — good stuff — bad stuff — little stuff — big stuff — useful stuff — junky stuff — and, everyone's stuff. Now, when we leave all our stuff and go to Heaven, whatever happens to our stuff won't really matter. We will still have all the good stuff God has prepared for us in Heaven!

P.S. The author of this treatise is unknown — or maybe, he/she is stuck in his/her own stuff!

For Senior Citizens to Chuckle Over

There is nothing whatever the matter with me
I'm just as healthy as I can be.
I have arthritis in both my knees
And when I talk, I talk with a wheeze.
My pulse is weak and my blood is thin
But I am awfully well for the shape I am in.

All my teeth have had to come out
And my diet I have to talk about.
I'm overweight and I can't get thin
But I am awfully well for the shape I am in.

Arch supports I need for my aching feet
Or I wouldn't be able to walk on the street.
Sleep is denied me right after right
But in the morning I find I am alright.
My memories failing, my head in a spin
But I am awfully well for the shape I am in.

Old age is golden - I've heard it said
But sometimes I wonder as I go to bed.
With my ears in a drawer, my teeth in a cup
And my eyes on a shelf until I get up.

And when sleep dims my eyes, I say to myself
Is there anything else I should lay on the shelf.

The reason I know my youth has been spent
Is that my get up and go has got up and went.
But, really, I don't mind when I think with a grin
Of all the places my get up has been.
When I get up each morning and dust off my wits
I pick up the papers and read the Obit.
If my name is missing, I'm therefore not dead.
So I eat a good breakfast and jump back in bed.

The moral of this, as my tale doth unfold
Is that for you and me who are growing old,
It is to say 'I'm fine' with a grin,
Then to let people know the shape I'm in.
