Board Members and Committee Chairs of the Jefferson Diploma Nurses’ Alumni Association
Greetings to my fellow Jeff Grads,

Another year has come and gone and my presidency will be done in 2016 when I give up the gavel at the May 2016 Annual Meeting to Rae Matz Fierro ’77, our President Elect.

This also corresponds with my 40th Anniversary from graduating Jefferson, 40 years working at Jefferson as well as my 40th Wedding Anniversary in October 2016. Much to celebrate especially my upcoming retirement!

Along with my celebrations, 2016 will be a big year for the Jefferson College of Nursing which just changed their name on July 1, 2015. Along with them we will be celebrating our 125th Anniversary since we are the foundation for all of Jefferson Nursing. Plans are in the works to celebrate this milestone all year long. At this time, the following event details are being worked out, please check the nursing website for details as they become available.

- **January 2016**: Historical Exhibit with a reception
- **March 2016**: Speaker with a reception
- **May 7, 2016**: Diploma Nurses 83rd Annual Luncheon
- **June 11, 2016**: Nursing Alumni Day
- **October 2016**: Visiting Scholar and a DNP Symposium
- **November 14 to December 31, 2016**: Library exhibit of “Pictures of Nursing: The Zwerdling Postcard Collection”

Our 83rd Luncheon will be on Saturday, May 7, 2016 and we have secured the Hamilton Building for our Annual Meeting @ 1030 a.m., Social Hour @ 11:30 - 1 p.m. and Annual Luncheon begins at 1 p.m. The invitations will go out in early March. We will honor the Class of 1966 who will celebrate their 50th Anniversary. The classes of 1941, 1946, 1951, 1956, 1961, 1971, 1976 and 1981 will also celebrate their milestone anniversaries.

Please call the Diploma Nurse’s Alumni Association for a class list at 215-955-8981 and leave a message. You can also e-mail us at nurse.alumni@jefferson.edu. Please gather your classmates and save that weekend!

Sincerely,

Aileen (Ish) Ishuin Mac Millan, ’76

- Class of ’80 (35) – 11 members

There was also one member from the class of 1940 who celebrated her 75th anniversary.

Congratulations to you all once again.

There were 16 states represented from as far away as California and Idaho, also TX, MD, NJ, PA, DE, FL, OH, VA, NV, CT, MA, IL, MS and NC. The luncheon was held in the Dorrance Hamilton building again this year. It is a perfect facility for our alum to gather with ease and catch up with one another.

Please join us next year on May 7, 2016 at our 83rd Annual Nurses Luncheon. We will also be celebrating the 125th Anniversary of Jefferson Nurses.

Scholarship Recipient’s THANK YOU!

I am pleased to be a Clara Melville-Adele Lewis Scholarship recipient again this year. Thank you for your generous financial support towards my higher education. Since elementary school I have wanted to become a nurse and am extremely proud to follow in my Grandmother and Aunt’s footsteps as a third generation Jefferson Nurse. I am finishing my final semester in the pre-licensure BSN program and will graduate later this month (May 2015). I am anxious to live my dream of becoming a nurse and excited that it will be coming true very soon. By awarding me the Clara Melville-Adele Lewis Scholarship, you have greatly alleviated my financial burden which allows me to focus on the more important aspects of school, learning and eventually practicing. I will be forever grateful.

A gift from Flora...

Arriving home from my vacation a huge pile of mail confronted me. Imagine my delight and surprise that in that mail were 2 unexpected gifts! I opened the first one, a copy of the Jefferson School of Nursing “A Commitment to Excellence” history from 1891-1982 — I haven’t seen my copy since my last move 25 years ago! I read through it and admired all of the pictures. I then opened the mystery box, filled with anticipation. Wrapped carefully in the box was a porcelain Jefferson Student Nurse doll!

With her little pinafore and Jefferson cap, she was in incredibly good shape. In the box was a note-

Dear Susan,
Please accept this doll to do with as you please. The doll has been with me since my senior year at Jeff. I won her in a raffle in early 1946. It is dressed in the uniform we wore then, although I wore black shoes and stockings for two years.

Much love,
Flora Fanucci Simpson
June ’47

What a lovely gift to receive! The book and doll are now on display in the Alumni office to share with all. If anyone else has treasures, memorabilia, mementos and you aren’t sure what to do with them, we would appreciate the unique items for the Diploma Nurses’s archives. Thank you again Flora, for thinking of me and our alumni association —what a great surprise! Bless you.

The Miss Janet C. Hindson Award
Jennifer exemplifies the confidence, the excellent interpersonal skills and the smart and savvy decision-making it takes to earn the charge nurse role and to implement it with aplomb.

The Miss Janet C. Hindson Award recognizes individuals whose work celebrates the caring and service to others that characterize Miss Hindson’s life. The award is given annually to the nurse who demonstrates steadfast caring for the most vulnerable individuals in society.

Jennifer Gallagher is a Charge Nurse on the night shift of two extremely high activity critical care units. In her role as a charge nurse, she is very instrumental in the successful workflow on the units and the patient flow plan. Jennifer collaborates with the patient flow management center to ensure there are no unnecessary delays in patient placement for all admissions, transfers, and discharges. She is always creating strategic plans for these complex activities on multiple units. Jennifer frequently scans the environment, gathers patient acuity information and solicits staff feedback prior to executing her plan. When Jennifer is confronted with challenging situations on the unit, she seeks others’ input and expertise to increase the quality of her decision. Jennifer’s approach with nurses and all members of the interprofessional team is so engaging that others do not hesitate to work as a team under her tutelage to get the job done.

Jennifer has the utmost respect and confidence that her team will always do what is best for the patients regardless of the activity on the unit. Jennifer is recognized for her leadership skills within the unit and across the department of nursing. She is often sought out to provide guidance and direction to her colleagues on her units and on other areas, as well as to other non-nurse clinicians. Jennifer exemplifies the confidence, the excellent interpersonal skills and the smart and savvy decision-making it takes to earn the charge nurse role and to implement it with aplomb.

Jennifer identifies specific areas of opportunities where change is necessary and provides feedback to the unit leadership. She takes personal responsibility in delivering expected results in quality initiatives. Jennifer takes ownership of her practice, is committed to excellence and takes pride in what needs to get accomplished. She holds herself and colleagues accountable for improvement initiatives and will offer constructive feedback when warranted. Jennifer is supportive and instrumental in all education programs related to nursing quality initiatives. She facilitates learning opportunities either in groups or one to one for the night shift staff on the units. Jennifer leads the post-fall huddles in a non-judgmental manner; her tactic is a mentor, teacher and coach. This approach has had a great impact on the staff’s engagement to fall prevention. Over the past year both the SICU unit and the ISICU unit have reduced rates from 4.48 down to 2.1 and 3.19 down to 1.54, respectively.

Pressure Ulcer Prevention is very challenging in high acuity environments. Our goal was at zero, and, for this reason, staff have given this initiative serious attention. Jennifer has applied a real sense of urgency by identifying high-risk patients during patient rounds. Once an at-risk patient
is identified, she collaborates with her peers and makes recommendations for interventions based on the Pressure Ulcer Care Reference Guideline for our hospital. She will also consult with her Clinical Nurse Specialist and WOCN to insure an appropriate plan of care is in place. Our unit acquired pressure ulcer rates were undesirably high and after four months of proactive monitoring and prevention initiatives the rate had impressively decreased to zero. The unit is also consistently below the NDNQI mean for unit acquired pressure ulcers due in part to Jennifer's surveillance and support of the staff as they carry out their work and prevention efforts.

In the unfortunate event we experience an undesired quality outcome, we conduct a Root Cause Analysis. Jennifer plays an integral part on the team. She provides accurate and relevant information related to the circumstance. She offers valuable and viable solutions to problems and engages the staff to execute the plan of action.

Jennifer truly exemplifies a palpable confidence and focus in her practice. She responds appropriately to all inquiries and delivers expected results in line with her job requirements. She assists in developing and supporting the goals of the unit, as well as the organization. Jennifer takes the time out to recognize the strengths in her peers and addresses and builds on opportunities when deemed necessary. I have observed her in many situations and circumstances. She evaluates, analyzes and applies evidence-based or historical-based information when making decisions. Whether it is performing a difficult procedure or functioning in an emergent situation, she conducts herself with grace and ease.

Jennifer maintains a calm, efficient working environment despite otherwise tense conditions. This candidate is truly the night shift "problem solver" for not only her co-workers and other nursing units but also for the resident medical staff. She has the temperament of a great coach; she is always trying to get her peers to "step up their game." She has an excellent approach to challenging the status quo and to enhancing patient safety and improving quality. Jennifer is extremely confident in her decisions and identifies specific areas where change is necessary. I must also comment on the resilience and professionalism of this candidate. During one of her shifts the wife of one of our extremely ill patients was found, after several hours, coding in a hallway bathroom here at Jeff. Our staff attempted to resuscitate this woman for quite some time but to no avail. This nominee was truly instrumental during this terribly stressful time for our patient and our staff members. She worked to calm and reassure Mr. M and to provide support for him when he learned about his wife's death. She also was quick to rescue Mr. M from a life-threatening condition precipitated by his situational anxiety and requiring resuscitation and transfer back to the intensive care unit. Throughout his prolonged stay with us Jennifer was an ongoing support and a sensitive caregiver; always willing to talk with Mr. M about his wife or whatever else was on his mind but especially about her funeral arrangements. In addition, Jennifer pulled the staff together as they not only administered care to the patient but aggressively resuscitated his wife. The aftermath of this was made more tolerable by Jennifer's attention to everyone's stress levels and how best to move past the events to continue the work of the units. Jennifer truly picked up the pieces of this traumatic night by her smart, thoughtful and intuitive ways and strived for the best possible outcome.

Dear members of Jefferson Diploma Nurse’s Association,

I just wrote a short thank you for your remembrances of 80th and above birthday flowers. I did not know the address, so I looked it up on the computer and found a wealth of history of graduates of the past classes. I graduated in 1958.

I worked for one year prn at Jefferson. Then got married and went to Germany with my husband who was in the airforce there. While there I worked for 6 months in the nursery at the army hospital in Heidelberg. My son was born there at that hospital and because I had been working in the nursery, I was given VIP treatment even though my husband was not an officer.

We returned to Philadelphia, where I worked for several years at Nazareth Hospital.

When my children were all in school, I became a school nurse in the Philadelphia school system for 24 years. I retired in 1993 from Philadelphia School District and moved to Souderton Pa. I then was a school nurse for 5 years at Lakeside school for delinquent junior and senior high school students.

Then I worked at the Souderton school district part time with special needs students. By this time I was nearing 80 years of age so rode on a school bus with students on class trips. While on one of those trips that I was asked to drive a golf cart up a wooded area to pick up a student who had been injured. Somehow, I was unable to control the golf cart and fell off coming down the hill and suffered multiple injuries. Fortunately, I recovered after several months but I realized it was time to retire at 81 years of age.

My husband had passed away 3 years earlier. We were both living in a retirement home, here in Lansdale. So shortly after my recovery a gentleman here at Elm Terrace Gardens started courting me. We were married here at ETG on April 5, 2014. The activity department here took us to a local jeweler who donated the wedding rings, then to a florist who donated all the flowers for the wedding, and to a local bakery who donated a 3-tier wedding cake.

All the residents here attended the wedding. After the wedding we all had dinner, including our outside guests. While we were having dinner, the Activity Committee decorated our large cafe and brought in a band with dancing and celebration. The next day our picture was on the front page of the local newspaper with our story.

So I am now learning to relax and enjoy these last years, even though I still am very active in volunteer jobs and committees here at this retirement home.

So once again, I want to say thank you for the lovely birthday flowers that arrived a few days after my birthday.

Lois Foxen (Lois Russell Foxen ‘65) shared her husband Gary’s obituary with us.

Gary died peacefully at his home on November 13, 2014 after a month long battle with gastrointestinal cancer. Gary had received a lung transplant in 1999, he never dreamed he would get 15 ½ years on a donated lung — he defied the odds and was so grateful. Gary wanted to show his appreciation and after contacting OneLegacy, he was responsible for bringing the Donate Life organ donation float to the Rose Parade. He believed that a float in the annual New Years Day Rose Parade would garner positive attention for organ donations and encourage organ donor registration, and after Donate Life partnered with the Department of Motor Vehicles registration numbers skyrocketed.

Gary and Lois wanted to help organ recipients meet and thank the families of their donors. Every year the recipients and donor families would gather from around the world to help decorate the float, give thanks and pay tribute to those who had given such a generous gift. Lois plans to continue this legacy.
The cap that was worn by the first Jefferson graduating class in 1893 and had a high crown and a wide brim with ruffle around the brim. It was made of a delicate material called "lawn", similar to the material used to make handkerchiefs. The cap resembled the Philadelphia General Cap, which at that time was made of a similar material.

In 1894, Susan Hearle, a graduate of Philadelphia General, became Directress of Nurses at Jefferson. When she noticed the similarity between caps, Miss Hearle decided that Jefferson Nurses should have their own distinctive cap.

The crown was lowered, the ruffle was removed and the brim was narrowed, flattened and spread like wing tips, across the front of the cap. The material was changed to organdy, which gave the cap more body. In 1932, the cap was worn with the brim starched and the wings made to stand out.

Initially, it was traditional to earn the cap by passing the six-month probationary period. Later, the cap was given to the student to wear as soon as she entered nursing school.

The cap was a symbol of humility and service to mankind.

Replica Caps available for purchase in the office and at the Annual Luncheon, please contact the office if you are interested at **215-955-8981**.

I may not be the most important person in your life… I just hope that when you hear my name… you smile and say, “That’s my friend!”

As the Bulletin editor, I appreciate all of the Luncheon speeches and memories, however we usually only have one or two nurses from each anniversary class share at the luncheon. I know you ALL have an interesting or valuable story to tell. I would like to incorporate a new section to our Bulletin to include EVERYONE’S input. Our memories are fading as we age yet we have so much wisdom, advice, and interesting stories to share. I would love to hear from you in a few paragraphs about one of the following suggested topics. Please feel free to create your OWN topic.

- What advice would you pass on to a new nurse?
- Any pearls of wisdom you learned at Jefferson School of Diploma Nursing, or throughout your nursing career?
- Who was your favorite patient and why? (Please use initials only to describe your patient)
- What is your BEST nursing school memory?
- Why did you become a nurse?
- What was the BEST lesson you learned at Thomas Jefferson University School of Diploma Nursing and from whom?

I would love to make a compilation of these memories for posterity and share as many as I can in the Bulletin, or share a compilation of these “Pearls” at our 125 Anniversary of Jefferson School of Nursing Luncheon on May 7, 2016.

The following is an example of an essay I wrote a few years ago for local high school’s “Career Day”:

**PEARLS OF WISDOM**
Caring for People
As a young girl I enjoyed the feeling of helping others. Nursing is a hands on way to help people who are in need. Along with that comes a rewarding feeling. From calming a crying child with an ear infection to holding a dying man’s hand, nursing is the art of caring.

Sharing your Knowledge
Almost every aspect of nursing involves teaching and sharing your knowledge to promote health. Teaching others to care for themselves requires that a nurse be well versed in everything medical. From teaching a patient about their medications to explaining the signs of a heart attack, or showing a young mother how to care for her baby: nurses share their knowledge daily.

Gaining Knowledge
Working with a wide range of people from all walks of life, and situations from birth to death and everything in between, nurses learn about life, love and how to cope with every situation that will come down the pike.

Comfortable Uniforms
True, uniforms may not be the fashion statement of the century, but it is easy and comfortable to wear scrub uniforms. It means you can spend a lot more money on fashionable “street clothes” since you don’t need to wear them every day.

Flexible Hours
As a nurse you can work any shift that works with your personal life: from full-time to part-time, three 12 hour shifts, four 10 hour shifts, or five 8 hour shifts, day shift, evening shift, or night shift, most nurses find a way to successfully juggle work and family.

Variety
Nurses work in hospitals, doctor offices, in administrative roles, in schools, business, and in people’s homes. You can work with babies, children, teens, adults, or the elderly, whatever specialty you choose; the Emergency Room, Operating Room, Pediatrics, Med-Surg Units, Intensive Care, Maternity, Oncology, or Hospice. Whatever you prefer — the possibilities are as varied as the people you care for. I have done a variety of nursing jobs during my career and though I like having so many options for work, I prefer working in the hospital with adult patients. Everyone seems to find their “niche”.

Co-workers
Nurses are a fun and funny bunch. Because we deal with life and death, we help each other and care for each other as we face life’s daily challenges. Nurses love to laugh, so there is always comic relief (or a shoulder to cry on) depending on what is needed at the end of the day.

Continuing your Education
As we live with need to grow and learn—we all need to be perpetual learners to thrive in life. Advanced degrees, certifications and conferences, nurses are forever learning about the rapid changes in the practice of medicine.

Pay
Depending on your education level, your role and chosen specialty, nurses generally make a decent living. A starting RN will make about $50,000 a year. Not a bad living, and there is always a need for nurses, so unemployment is rare.

I Love Being a Nurse
I love helping people, sharing my knowledge, learning from others, wearing scrubs (almost as comfy as pajamas) to work, working whatever shift that blends with my family’s needs. I adore my co-workers, all wonderful men and women. I love to continue to learn and I make decent money doing a job I love. If you love what you do, and you do what you love, you’ll never regret working a day of your life.
A few “Thank You” quotes from our flower and card recipients...

Dear Jefferson Alumni,

Your thoughtfulness is appreciated!!! The flowers arrived in beautiful condition. It contains pink and yellow roses and other lovely blooms. I can’t describe how REALLY GREAT this made me feel! (No one ever sends me flowers!)

Very sincerely,
Charlotte Cooper Phillips ’45

To Jefferson Nurse’s Alumni,

With many thanks I am enjoying the beautiful flower arrangement I received for my 80th birthday. This was a surprise since I had forgotten about this tradition. I sent a picture of the flowers but since I am a new I-phone owner I am not sure if it got to you.

Fondly,
Suzanne Ritter Daveler ’56

Dear Alumnae and Friends,

Thank you so much for the beautiful bouquet of flowers for my 88th birthday. I think of our days at Jefferson often- todays hospitals have changed so much from then, especially nursing. My best wishes to all.

Elsie Skvir Nierle ’49

Many thanks for the beautiful bouquet of flowers I received for my birthday #84 – Holy hell – How did I get this old! (Excuse the English!) Oh well, I can honestly say I enjoy most days. Maybe the hardest work I do is feed and walk my dogs and love them.

Ethel Dewitt Rust ’48

Thank you so much for the beautiful bouquet of fall flowers. Your kind gesture was greatly appreciated. My husband and I are in good health and keep busy. This is what keeps us on the go!

Thanks again!
Mary Ann Stitzer ’50

Thanks to all for the beautiful bouquet of flowers. It was such a pleasant surprise and they really brighten up my room. Thanks for remembering me on my birthday.

Love to all,
Elizabeth Shirk Troback ’51

To the Jefferson Nurses Alumni Association,

Many thanks for the beautiful flower arrangement sent on my 85th birthday. I addition a nice birthday card arrived. How fast the years have gone by.

When I started at Jeff I had five roommates and we so enjoyed our years together. Today Barb Arkes and I are the only two left and in the winter we are both in Florida with our husbands.

Thanks again,
Barb Edwards Beam

Class of 1940
Norma Zeigler Smith

First allow me to introduce my guests who brought me, my cousins Joseph Proulx and his wife Margaret. Dr. Proulx is a professor at the University of Maryland School of Nursing and his wife is a legal nurse. Thank you.

In 1936, from a small town in Pennsylvania, I came to Thomas Jefferson Hospital School of Nursing to join my friend Mary Shelly who already was a student here. Three years later after completing the necessary requirements I was asked to remain in the hospital. Starting as a night nurse in the Pediatric Ward, I was soon transferred to become the first female head nurse in the Urology Ward, finally becoming the fourth floor supervisor of the men, women’s surgical, the urology and the eye ward. After these promotions I felt a need for a raise in my salary which was 60 dollars a month.

At the time it was customary to ask the Directress of Nurses for the raise when she was making her evening rounds. I did, she listened and then revealed that she knew I was wearing an engagement ring. To my knowledge at the time only one married nurse was employed in the hospital and marriage was frowned upon. I gave her a future date. As she was leaving I quickly said, ”Miss Shoemaker I cannot lie to you, I am married.” She quickly turned around and said, “Never the less you did” and left. During the following days every time the telephone rang, I expected to be dismissed. When I did leave in 1943 to join my husband, now an army officer, she gave me a very good reference.

In 1954, 12 years later I was asked to be the school nurse in a school for mentally limited children where my second daughter was attending. For the next 30 years, I cared for mentally and physically disabled youngsters, connected with parents and trained other nurses to do the same.

During those years I was able to return to school securing degrees in Nursing and Education.

Later I traveled throughout the world. Three of these trips were sponsored by nursing organizations. We went to Greece, Russia and the Far East. I highly recommend these special tours to whoever can participate. From these trips my husband and I gave many slide shows to senior groups.

Several years ago I was so happy to be able to attend ceremonies where the School of Nursing became an entity again as it was in 1936.

Deep feelings for Jefferson have been part of me all of my life and I am so thankful. As I have heard “Once a Jefferson nurse always a Jefferson nurse”.

Class of 1950
Nancy Dunkle Konstanzer
Jane Heffelfinger Whipple

Greetings to the officers, board members and alumni members and guests of TJUH Diploma School of Nursing.
My name is Nancy Konstanzer. I am a member of the class of 1950. We are celebrating our 65th anniversary. We have 9 members present. In addition, two guests. One is my daughter. Without her, I would not be here. I do not drive anymore. They took my keys.

Thank you to the alumni members who serve as officers and board members. They plan our luncheon and perform many other services such as, the annual bulletin that we receive in the fall, as well as making available scholarship and relief funds. As older graduates, we have received flowers and cards. Many thanks.

Congratulations to all the anniversary classes and for all of us for being Jeff Nurses.

My name is Jane Heffelfinger Whipple class of 1950. Nancy asked me to say a few words. In our trip down from Allentown, PA., Peg Henry Jones, Barbara Fisher Ackerman, Donna Fleck Gearhart, Eleanor Lingle Sauler, and I couldn’t help but remember among other things all of the O2 tanks we rolled down the hall plus Wangensteen Suction, the ice water from the O2 tents which usually spilled on the floor. Also, because there was no resuscitation in those days, each one of us had found a deceased patient in bed, especially on night duty. Oh the joys of preparing them for the morgue.

As I said 5 years ago, I did not want to be a nurse, but I did not like the alternatives. My mother wanted to take me home after we climbed the spiral staircase to the fourth floor in 1010 to my first room. But I stayed! These past 65 years have been a wonderful journey. Thanks to all that Jeff stands for. We are the BEST!
Hello Classmates from 1970!

It is hard to believe that 45 years have passed since we were nursing school graduates here at Jefferson. We had some great memories while we were here at Jefferson including the 3-months-time spent at Byberry Hospital for our psych rotation. Currently I am a faculty member teaching in the BSN nursing program, and I doubt most students today would believe the program restrictions that we endured during our training program back in 1970! When reminiscing about the various activities that were offered to us, such as being on the basketball team, caroling at Christmas time (throughout the hospital) in our nursing uniforms and capes, and participating in the Ms. Jefferson pageant, the positive aspects of our education here emerge.

Do you remember how special the capping ceremony was for us in the fall of our freshman year? Our caps were worn with great pride. We really believed that we were called to be health practitioners, and looked forward to our nursing careers. By graduation time all of the students felt that we were very qualified to work in many areas of the hospital, and in other venues such as clinics and schools as well. Although many years have passed since we were students here at Jefferson, I think we can all agree that our training provided us with excellent education, both in clinical and leadership skills that we utilized throughout these past 45 years, and are still using at this time. We learned to be lifetime learners; many of our graduates have become leaders in the nursing profession, have achieved advanced degrees, and continue to be advocates for our patients and our families as well.

With our retirement time on the horizon, let us renew old friendships and become advocates for new nurses working in this profession. Let us continue to be role models in the community and advocate for the less fortunate members of society who strive to have health equity and strive to adapt preventative methods of care. Let’s work to incorporate methods for prevention of illnesses, rather than treating disease processes that may have been prevented in the first place with proper education. New models of care include methods of prevention, for example, smoking cessation programs for people who smoke. This would theoretically decrease lung cancers, and other diseases from developing in the first place. This year Jefferson School of Nursing will be celebrating 125 years of excellence in education. Perhaps you might connect with other classmates and join us in the various alumni celebrations that will be offered in this coming year. There is a Jefferson Alumni tab located on the computer under Jefferson Health, that will enable you to participate in the various opportunities listed there for alumni. In addition, please consider joining us for the luncheon next year on May 7, 2016, to celebrate our history and rejoice in the excellent nursing education that Jefferson continues to embrace!

Sincerely,

Maria Gratzik Marinelli

Welcome to all the members of the School of Nursing, but most especially the Class of 1975.

It is a pleasure to be part of this wonderful Jefferson tradition.

The class of 1975 was fortunate to get 24 of our original 88 nurses together to celebrate our 40th Anniversary. It really is hard to believe that 40 years ago we began our nursing journey from Jefferson Hospital. When we started back in 1972 we were young, excited and terrified of the days ahead. We had no idea how or where our life would be as we made that journey. We shared so many memories, good and bad, of our days as Jefferson students. We grew to be wonderful nurses during our three years and were so prepared for all the great adventures ahead of us.

The last 40 years have gone by so quickly. Our personal changes have been as steady as the changes that occurred in the past four decades since graduation. When we arrived at Jeff, we were happy to have two hall telephones. Today, we have devices that are glued to our hips and we are in constant communication with our world. We have learned to text, tweet, and twitter and take all of our photos with our phones! We have microwaves instead of hotplates and the food in the cafeteria is at a gourmet level of dining! Our classmates are scattered all over the United States, with a small number at TJUH. Mary Reustle Eddis, Cathy Glavey Dowhy, Ruth Keers Eanes and myself are still at Jefferson after 40 years!

This year our nursing colleagues have traveled from many states, (including California and Washington State) to celebrate our anniversary. Last night many of us spent the night at a local hotel and shared many memories and much laughter with the class of 75. It was hard to believe that we were not 21 again and back at the Martin Residence. Years can pass but the good memories and the wonderful friendships can and will stand the test of time. Stay connected with your Jefferson nurses; the ties will bring much joy and happiness in the future. Next year is the 125th Anniversary of Jefferson Nursing. How fortunate for us that we are a part of the legacy!

Hello Everyone. I am Susan Albrecht Curcio, a 1980 graduate of Jefferson. As we all know, when you hear a song, it can take you back to a different time and place. This journey down memory lane is interspersed with musical references from the Class of 80’s era. I cannot carry a tune in a bucket, so please bear with me as I share these memories with you. Thankfully, I have coerced a dear friend and classmate, Carolann McNeil Pilla, to join me in the embarrassment as a backup singer. (All italicized parts sung)

Over 35 years ago, our loving families dropped us off at 11th and Walnut, to a “Brick House” known as the Martin Building, our home for the next 3 years. Under the watchful eyes of our new housemothers, Mrs. Lahr, Mrs. Parks and Mrs. Edmonds we settled...
into our new home. “At First We Were Afraid We Were Petrified”, but within a few weeks we found new friends and were into studying how to be a nurse.

We were learning the “Fundamentals of Nursing” such as hospital corners and air quiescence thanks to our early clinical instructors Miss Zarella and Miss Heckenberger.

Every day we crammed onto the Edison elevators to our classroom – room 904. “Was It Just My Imagination” or was that elevator operator Tony with the “Kong” tattoo checking us all out? I have “More Than A Feeling” that he was.

We tried to balance our studies with fun and soon discovered that “What A Fool Believes” was that attending every Pub night, “T.G.I.F” party, late nights and early mornings on clinical was not truly conducive to “Stayin Alive.”

Many times we were “Running On Empty” but somehow we persevered, filling our blue skills checklist books with all of our new found expertise, gaining confidence with each “sign off.”

We went through many “Ch-Ch-Ch-Changes” spending so much time together that we discovered that “We Are Family.”

When young men came to visit, they had to pass “muster” with our eagle eyed house mothers, a daunting assessment. Those boys knew they had better charm Mrs. Lahr or they weren’t getting near us. The guys in our class Steve and Paul had it easy – they spent most of their time with all of their female classmates.

By our second year, we were really on our way to becoming nurses. We could “Fly Like An Eagle” clinically and our friendships and bonds to each other became even stronger.

We often comforted each other as “Here Come Those Tears Again.”

We cheered each other on…our motto was “I Will Survive.”

At 100 Days, uniforms dangled out of our windows as we anticipated proudly wearing white soon…we had a celebration Hawaiian Luau on the roof and “Partied Like It Was 1999.”

By graduation, we were all capable of competently running an entire hospital unit – we could handle it all – a rarity amongst new nurses, but a tribute to our fantastic education.

At our graduation, our class advisor, Ruth Rodenberg shared these thoughts with us. “I want you to know that if I am ever sick, I will always be looking for a nurse with a Jeff cap. Support yourself, each other and your patients. Enjoy life, see every experience as an opportunity and always remember to stop and smell the flowers.

Of course nurses no longer wear caps, but you can “Still” spot a Jeff nurse a mile away.

“Reeling In The Years,” we have moved on, advanced our schooling, working in every nursing field using those skills and training every day of our lives.

These memories may all be like “Dust In The Wind,” but gathering here today brings back such fond memories.

Everyone here shares our strong foundation of excellence revered by other nurses. We will always be indebted to those strong roots planted at Jefferson.

In conclusion, always remember to stop and smell the flowers and that as Jefferson Diploma Nurses Alumni “We Are The Champions.”

Thank you.

“A friend is someone you tell your stories to, A best friend was in all those stories.”

Death is nothing at all
If I can stop one heart from breaking,
I shall not live in vain:
If I can ease one life the aching,
or cool one pain,
or help one fainting robin
unto his nest again,
I shall not live in vain.
