This Article is brought to you for free and open access by the Jefferson Digital Commons. The Jefferson Digital Commons is a service of Thomas Jefferson University's [Center for Teaching and Learning \(CTL\)](#). The Commons is a showcase for Jefferson books and journals, peer-reviewed scholarly publications, unique historical collections from the University archives, and teaching tools. The Jefferson Digital Commons allows researchers and interested readers anywhere in the world to learn about and keep up to date with Jefferson scholarship. This article has been accepted for inclusion in *Sci-Tech News* by an authorized administrator of the Jefferson Digital Commons. For more information, please contact: [JeffersonDigitalCommons@jefferson.edu](mailto:JeffersonDigitalCommons@jefferson.edu).

## ***Beyond the Chemistry Web...***

Bob Buchanan, Chemistry Librarian, Auburn University

---

Every wonder how the Google search page looked on a particular day? See Google Holiday Logos (better known as Google Doodles) for a historical record of these cutesy homepage-for-a-day designs. A search box is provided to locate past designs but beware – indexing is surprisingly thin. The most productive search is to browse for specific holidays.
