THE JEFFERSON MEDICINE FORUM

From the Acting Chairman of Medicine

The Jefferson Forum has become an important part of the scholarly activities of our medical residency. It reflects the commitment, dedication, and enthusiasm of our residents toward furthering medical knowledge through their observations and studies.

This third edition of the *Jefferson Forum* will be another volume attesting to the excellent editorial work of our medical residents and the Forum's staff.

I am proud to be part of such an outstanding medicine residency program.
