The Disease Management Colloquium

at Jefferson Medical College

www.DMConferences.com

The Leading Forum on Innovations in Chronic Care and Disease Management

June 21 - 24, 2005

Classes Held:
Department of Health Policy
Jefferson Medical College
Philadelphia, PA

Colloquium Hotel:
Marriott Philadelphia Downtown
Philadelphia, PA

"We are very pleased to be able to welcome everyone to our campus in Philadelphia. We believe this is an outstanding conference and we know you will all enjoy it immensely. We have assembled a top notch faculty and the interaction will be first rate. Disease Management is a dynamic field and in order to stay on top of the details it takes hard work and attention to what the experts have to say."

David B. Nash, MD, MBA, FACP
Jefferson Medical College

OVERVIEW

The Colloquium seeks to better educate government agencies, the health care industry (including health plans and providers), employers, and the general public about the important role disease management programs play in improving health care quality and outcomes for persons subject to chronic conditions.
