With STN, you can find exactly the science and technology information your business needs to make important decisions. A change in molecular stereochemistry can radically alter the strategic direction of your entire research project and possibly your entire company. That's why STN gives you so many ways to research substances, your competitors, and your industry. Our tightly integrated system ties together published research, journal literature, patents, structures, stereochemistry, trade names, physical properties, sequences, and other data from the world's largest collection of chemical substance information—CAS Registry.SM So when you're dealing with issues vital to your business, use STN and get the results you want. Precisely.
