News in Brief

- **Benjamin Youdelman, MD** has joined the Department of Surgery’s Division of Cardiothoracic Surgery. He completed three fellowship programs in Cardiothoracic Surgery, Congenital Heart Surgery and Thoracic Surgery.

- **John Kairys, MD**, (JMC Class of 1993), Assistant Professor of Surgery, has joined the Dean's Office as Assistant Dean of Graduate Medical Education, but will remain as the Vice Chair for Educational Affairs in the Department of Surgery. He served as Program Director since 1999.

- **Karen Chojnacki, MD** was named Program Director for the Department of Surgery’s Residency Program. Her clinical practice specializes in minimally invasive surgery (see cover story).

- **Gerald Isenberg, MD** was named the Director of Undergraduate Education in the Department of Surgery. He is also the Program Director of the Colorectal Fellowship Program.

- A new Fellowship in Vascular Surgery has been awarded to the **Department of Surgery** by the ACGME. The two-year fellowship will train two fellows each year at Thomas Jefferson University Hospital and Methodist Hospital.

- **The Division of Vascular Surgery** recently opened a new endovascular surgical suite on Gibbon 5, featuring Phillips FD20 imaging technology. This is the first Philadelphia area suite where this degree of imaging is available in a fully functional operating room.

- On January 1, 2008, seven surgeons of **Jefferson University Physicians (JUP)** assumed responsibility for the Mid-Atlantic Surgical Practice based at Ritner Street and Methodist Hospital. Patients will be seen at St. Agnes Continuing Care Center at 1900 South Broad Street. For more information, please call JUP at 215-551-0360.
The Face of Medical Education: The Philip J. Wolfson, MD, Memorial Education Fund

Among the illustrious Jefferson surgeons whose portraits hang on the 6th floor of the College Building is Philip J. Wolfson, MD. The 2002 Jefferson Medical College class commissioned this portrait to recognize Dr. Wolfson’s excellence as a teacher, role model, and mentor. The painting now serves as a memorial, after Dr. Wolfson’s untimely passing in late August 2007. The image captures his kindness, generosity, wisdom, and gentle spirit.

During his 25 years at Jefferson, Dr. Wolfson served as Chief of Pediatric Surgery and Director of Undergraduate Medical Education (UME) for the Department of Surgery. A nationally recognized educator, he introduced several new surgical techniques and established a neonatal program—among the first in the nation—for extracorporeal membrane oxygenation (ECMO), which dramatically increased the survival rate for newborns with lung problems.

As Chair of the Jefferson Medical College Curriculum Committee—a position he held for 8 years—Dr. Wolfson worked closely with Susan Rattner, MD, Senior Associate Dean for UME, to redesign the medical school curriculum. She remembers him as a man “whose work reflected his belief in excellence in medical education, in the Golden Rule,” she reflects. “As passionate as he was about teaching, he was also a devoted learner. He treated his students as colleagues.”

Dr. Wolfson’s tireless energy and initiative extended well beyond Jefferson. A frequent lecturer and prolific author, he received numerous awards, including the 1999 Outstanding Teacher Award from the Association for Surgical Education (ASE). He also served as Chair of the USMLE Step 2 Surgery Committee for the National Board of Medical Examiners (NBME) and served as President of ASE from April 2007 until his death.

To honor Dr. Wolfson and the hundreds of lives he touched, Jefferson Medical College established the Philip J. Wolfson, MD, Memorial Education Fund to award a prize to a medical student who has demonstrated exceptional professionalism and leadership. The first student prize will be awarded this spring to a member of the Class of 2008—the last to have had the privilege of knowing Dr. Wolfson personally. Additionally, the Fund could support a lectureship in medical education, named in Dr. Wolfson’s honor, to be presented at the annual Jefferson Medical College Curriculum Retreat. For more information, or to make a donation in Dr. Wolfson’s memory, please contact Lara Allan Goldstein at 215-955-8797 or Lara.AllanGoldstein@jefferson.edu.
