A Message From The President

Serving as your President in the past year, I have encountered challenge, sustained change, and growth in our Association. Our bi-monthly meetings have been informative and stimulating, but still lack participation on your part as fellow alumni. As years pass, I still see the same 20-25 faces at our meetings who hold your Alumni Association together. If we are to remain viable, we must have your participation and input.

I know all of you enjoy the Bulletin and the luncheon. However, it takes people to make all of these things happen. These same people manage your funds and the contributions you make to the Association. But, the managers of today may not be here for tomorrow; therefore, I am appealing to you for your help and participation to assist in the endeavors of your peers in keeping the Association alive.

Benefits from new changes are occurring with our Scholarship Fund and as we mature, our Relief Fund will be more active. There have been several gifts and bequests from Alumni which have created minor legal problems and a lot of painstaking time to solve. Please use the forms in your Bulletin to allay some of these problems with Scholarship, Relief and Bequests.

I extend my wholehearted gratitude to your Board of Directors, Committee Chairpersons and their committee members and those of you who actively participated in Alumni meetings and affairs. Your support and encouragement have been most valuable to me, and I look forward with pride to my next year in serving as the President.

Fondest wishes,

Flossie Roche, R.N., CNOR

NURSES' RELIEF FUND

The Nurses' Relief Fund is available to all Diplomas and White Haven graduates. The purpose of the Relief Fund is to provide financial assistance annually toward hospital bills and/or bills incurred at home due to an extended illness and requiring the services of a physician.

The fund is also available for use in cases of adversity. Nursing Home cases will be given special consideration. All things being equal, first consideration will be given to Life and Active members. However, all applications received will be reviewed and given consideration.

All or a portion of the amount distributed to a recipient from the Relief Fund may have to be reported to the Internal Revenue Service as taxable income. Each recipient will receive a statement at the end of the year showing what portion of the distribution to her/him should be reported.

During 1984 we have been able to assist eight of our graduates from the relief fund. If you know of any Jefferson or White Haven graduate in need of assistance, please let us know as soon as possible.

An application for Relief Fund benefits can be found in the back of this bulletin.

NURSES' SCHOLARSHIP FUND

The Clara McVillo-Adole Lewis Scholarship Fund continues to provide scholarships to Diploma and White Haven graduates.

Scholarships will be available for summer, fall and spring

Each application received will be reviewed by the Scholarship Committee. Preference will be given to the applicant who has been a member, who is most active in the Alumni Association, and who has most nearly completed requirements for a degree.

Please read the Scholarship Committee report, see index for page.

A Scholarship application can be found in the back of this bulletin.

Barbara D. Schraeder, a 1985 graduate of the School of Nursing, recently received her Ph.D. degree from Temple University in 1984. Her dissertation is titled, Developmental Progress and Behavioral Styles of Very Low Birth Weight Infants During the First Year of Life.

Dr. Schraeder earned her baccalaureate and master's degrees at the University of Wisconsin in Madison. Since 1978, Dr. Schraeder has been on the faculty of the College of Allied Health Sciences' Department of Nursing. She is currently an associate professor and teaches in family normal pregnancy, perinatal care, human sexuality, care of well and sick infant and child, and leadership.

Before coming to Jefferson, Dr. Schraeder was head nurse in the Pediatric Intensive Care Unit at the Children's Hospital of Philadelphia.

In the field of knowledge, Dr. Schraeder has been supported by the American Nurses' Foundation and the James Picker Foundation.

Dr. Schraeder has contributed numerous articles to nursing journals on maternal child nursing, intensive care nursing, and low birth weight infants. She collaborated with M. Donor on The Child in Chronic Respiratory Failure, a chapter in the book, Neonatal and Pediatric Critical Care Nursing.

Dr. Schraeder is a member of the American Nurses Association, Pennsylvania Nurses Association, Sigma Theta Tau, Sigma Xi, and many other professional organizations.

As summer approaches, I find myself getting restless. I study my photo albums; scan the book store shelves for the latest editions of Staecker and Fodder's' guides; remember the fun of stocking up on "travel goodies"—portable clothes lines, blow-up hangers, tiny tubes of tooth paste and bottles of shampoo. It is summer and it is travel time.

The month of June brings the annual Sigma Theta Tau international research conference held this year in Tel Aviv, and the International Council of Nurses' Meeting in Jerusalem.

The increasing interest of my fellow nurses in attending these and other international meetings mirrors my own enthusiasm for international travel; and more specifically, international travel as a nurse.

In 1983 I had the opportunity to present a research paper in Madrid, Spain; and in 1984 I presented a paper in Seoul, Republic of Korea. During the latter meeting and a subsequent study tour, I met formally and informally with nurse colleagues in Korea and Taiwan, Republic of China. Also joining us on the tour were nurses from Australia, Nigeria, Liberia and Thailand.

To my dismay I will not go abroad this year, but would like to reminisce about my adventures and to share with you my thoughts about traveling internationally as a nurse.

"Welcome! Honorable Nurses" proclaimed the sign outside our Seoul hotel. It is safe to say that not one of us in the study tour, from newly graduated staff nurse to dean emeritus, had ever before been described as "honorable nurse." The name of our group, Sigma Theta Tau, National Nursing Honor Society, had obviously picked up something in the translation, and we were thrilled. We felt suffused with pride in ourselves and in our profession. This professional pride was at a very high level throughout the tour as we celebrated ourselves and our profession.

My memories of some peak experiences have sustained this pride for me. In particular I remember the opening sessions of the Korean conference which was co-sponsored by Sigma Theta Tau and the Korean Academic Nurses' Society. I was especially stirred by the calling of the roll of delegates from the countries represented at our meeting. As each delegate stood up I felt a surge of energy and pride. It was wonderful to consider that despite our differences in dress, color and language we shared a very fundamental value of commitment to helping others. In addition to my conscious awareness of lofty ideals, I found myself delighted to be a member of such an exotic group. It was fun to see nurses in dashikis and turbans, others in the beautiful hankies of our host country, and my American colleagues dressed to the "nines" for the gala opening of the meeting and planning sessions.

Thanks to the diversity of dress and culture and the Koreans' gift for form and celebration the meetings were a visual delight. Equally memorable and often moving were the papers presented by this international group of nurses. The papers discussed frankly the needs of the people and the challenges which face nurses who care about those needs.

A highlight for all of us was a paper presented by Susie Kim, R.N., D.N.S., an outstanding nurse in the field of women's health care. She described some of the cultural and

legal barriers experienced by Korean women in their traditional patriarchal society. We learned of the three rules which have shaped women's experiences. The first rule, the Virtue of Three Obediences prescribed that a woman was subject to her parents before marriage, to her husband after her marriage, and to her sons in later years. This rule effectively placed control of all aspects of a woman's life in the hands of her father, her husband and her sons. The second rule, Women's Seven Evils subjected a woman to divorce if she dishonored her parents-in-law, failed to bear a son, was talkative, committed adultery, was jealous, had "bad" diseases or stole. The third rule, Dishonor of Two Husbands was to give women's lives meaning in the context of a system of primary care in the village. Family nurses who delivered sons were given the most nutritious foods and had up to 100 days to recuperate from the birth, while women who delivered daughters were considered to have 'lost face,' and were expected to resume their normal activities between two to three days of their delivery. Another example of the misery caused by the three rules was the blame placed on a daughter-in-law if her new family experienced physical or financial hardship within three years of her marriage. The daughter-in-law was considered the cause of the misfortune. In general, the effect of the rules was to give women's lives definition only in the context of a relationship with a dominant superior male.

Dr. Kim's speech was particularly striking to the American nurses who could not help but look at their sophisticated, confident, well-educated and well-respected Korean colleagues and wonder how they had overcome such discriminatory beliefs which seemed to be so deeply embedded in their culture. We were further impressed by Dr. Kim's description of the enormous progress that has been made and her outline of solutions to the problems of ensuring optimal health care for women and children. These suggestions have worldwide applicability and include:

- the creation of a system of primary health care that provides access to services for everyone.
- a greater role for women as health care providers.
- the creation of programs that strengthen the family and the position of women within the family.
- increased emphasis on health education in the schools.
- the development of a life-long health education program directed toward women.

Dr. Kim's recommendations and her willingness to share with us some of the powerful cultural influences that shape Korean women's lives heightened our appreciation of the style and accomplishment of our Korean nurse colleagues.

Their style was one of sophisticated assertiveness combined with gentleness and sensitivity. And their accomplishments are impressive. There is university based education for all nurses. Korea now has 13 Master of Nursing Programs and two Doctor of Nursing Science Programs. Community health practitioners, nurses who have completed their basic nursing education and a 24 week program, provide primary health care in the rural towns and villages. A highlight of our study tour was a site visit to a village to see a nurse practitioner in action. This young woman provided all of the primary health care to the village. Data presented at the conference confirmed that there was widespread acceptance of and satisfaction with these community nurses. On every measure the people in the village preferred them to the public health doctor.

A study from two major health institutions indicated that the care provided by community nurses was qualitatively equal or economically more efficient than care provided by regular medical doctors. We learned that even internationally, when it comes to health, "nurses do it better." After bidding a tearful and affectionate farewell to our Korean nurse colleagues we flew on to Taiwan, the Republic of China. Like Korea, the clearest impression of my visit there is again, a visual one. Representatives from the Taiwan Nurses Association met us at the airport with banners proclaiming: "Welcome to Taiwan!" We learned of Taiwan's economy, its culture, and its people. We learned of the enormous progress that has been made and our appreciation of the style and accomplishment of our Korean nurse colleagues.

nursing team to provide health teaching, pre-operative preparation, and discharge teaching to all cardiac surgery patients. It also has a well-appointed and very modern intensive care nursery and adult critical care unit. We spoke with the director of nursing who shared with us her goals for the coming year:

- increase the education level of her staff.
- introduce a less "task-oriented" approach to nursing care.
- find ways to provide flexible scheduling for nurses who wished to combine their nursing careers with the responsibilities of a young family.
- Sound familiar? Nursing with its values and challenges is truly a world-wide profession. Returning to my original premise I urge you to travel and do it as a nurse. It's a great way to meet new colleagues, and it can broaden your perspective, putting you in touch with the universal importance of our profession. It's a sure cure for burn-out, it's fun and tax deductible!

Introduction

One of the functions of an Annual Bulletin for an Alumnae organization is to keep the Alumnae up-to-date on the events and happenings of the school. However, because our school has completed its mission and closed, our Bulletin has or should take on a different mission: that of recording our past as seen through the eyes of the people who lived through the experiences.

When classmatess get together there is a period of sharing. We really did learn by trial and error. The head nurses, if you had one, would help if necessary, but you were expected to know how to do anything that had been discussed in class.

Despite our trials and troubles, we managed to get through those first six months. Miss Shoemaker had told us in Ethics class that we were a liability to the hospital until we were capped and could walk with a few exceptions which were twelve hour shifts. Although we had been sixty-three strong to start, a total of forty-five were capped in the Jefferson College auditorium in February 1939.

We were the first class to be capped outside the Nurses’ Home, and besides our mothers and other female relatives, our fathers and brothers could also attend. The February class had had a ceremony in the “Flo” room but most men were excluded because they were only permitted in the parlor of 1012. It was quite proper for the one straight pin that Miss Shoemaker used didn’t hold too well, and the cap were tipped over. It has done it ever since. I must have a crooked head.

The next morning Miss Shafer gave us our first “nursing” assignments. Mine was Central Dressing Room. CDRI was located in what had been the Accident Ward of the old hospital. You could enter through the ground floor or by way of the court yard. Miss Umberger demonstrated the dressing carriage technique because we had not yet had sterile dressing technique, or any clinical nursing courses. We had had microbiology and were expected to utilize all we had learned there about germ transferance. This experience lasted three weeks. We were not put on night duty until the student was expected to have one week of nights and it was twelve hours for seven nights a week. Now that we were capped we looked forward to a half-day off each week. Of course, we only worked half-day on Sunday.

My second assignment was Women’s Special. That was real nursing! I learned to give hypodermics to real people, not an orange. It was there that I first assisted with drawing blood for a transfusion. The student’s job was to be lower than the donor’s arm, and he was on a stretcher, and suck the air out of an Erlenmyer flask to form a vacuum so the blood would flow in. All the time, swirling the flask to mix the citrate so the blood wouldn’t clot. It was also her job to watch the amount in the flask so the donor would not be over-bled.

Here, too, began relief hours for me. This meant two extra hours off during the day; unless, of course, classes were scheduled. Then, the time off was spent in class.

Sleeping in class was the only way to go. After the rushing and work of the wards, no one could stay awake when she sat down in class. Elbowes were jabbed into one’s neighbor, as well as requests for an ink transfusion when pens ran dry. Notes were usually sparse because notebooks were rarely remembered.

But today memories crowd in and those busy and generally exciting days cause classmates to reminisce about many common recurring events. How many can remember knocking the chart rack over and breaking all the thermometers for the ward? Because we were in training at the end of the
depression, money was scarce, and to replace ten to fifteen thermometers at sixty cents each was a real disaster. How many can remember Miss Hawke holding up the wall on third floor? She had total visual command of the whole floor from that vantage point.

From third floor, I went to sixth floor and the domain of Miss Lewis and Miss Dute. I was assigned to Center Corridor, a complex of six private rooms and two baths. I believe I learned more nursing there than anywhere else in the hospital. Probably because we had classes in medical and surgical nursing and I was able to apply and utilize the material. Of course, it was on sixth floor that you looked forward to two half-days a week — yours and Miss Lewis. If the two fell on the same day, you felt cheated. But the summer finally came and it was vacation time.

Vacation was a trip to the 1939 World's Fair in New York. That is all I remember of that three weeks — one day at the Fair.

In the fall, the class moved into specialties and night duty. The course in Urology proved to be a killer and more than half the class had to repeat when it was given to the February half of the class. I still don't know the components of urine or the parts of a cystoscope.

I was on night duty over Christmas in Corridor (third floor again). It was cold sitting by that balcony door. Miss Shafer told me to "take the clean linen out of the dirty linen hamper and push it against the door jam." Corridor was six semi-private rooms which were full most of the time. Night duty was from 9 P.M. to 7 A.M., seven days a week and lasted for eight weeks. Classes, of course, were held as usual, but were generally scheduled for early morning (before going to bed) or late in the afternoon, so you could get supper. Meals were served to the nurses at times which would not interfere with patient's meals. And, you had a half hour for a meal, this had to include bathroom, waiting for an elevator, and waiting in line. Yet, we did gain weight.

This second year also included Pine Street. The water bugs came out at night and scared the bejabbers out of you. They were three inches long and would fly. It was at Pine Street that I learned what a "red light" house was. There would go on and off all night long in the little street behind the hospital. Watching it was one way to pass the twelve hours of each night.

Our third year included Maternity and Forty-ninth Street. All our belongings had to be moved out to Pennsylvania Hospital for Mental and Nervous Diseases, because we were to be there for three months. While there, we had a whole day off a week. And, if we took a patient to an evening activity, we were given extra time off.

We did get one full day off at Jeffer in our three years. It was during the Christmas Season of our senior year. I was in Diet Kitchen at that time, Diet Kitchen is memorable for the funny things that happened. Mary Rita and I were the cooks and we burned ten cups of rice. We tried to fix spaghetti so it would be long, so we stood it up in the pot. Needless to say — disaster. However, I did learn to make an egg souffle which did not fail.

At last, it was time to finish the 1096 days required by the State of Pennsylvania. I ended training in CDR, but making IV solutions. This was the job I was to have as a graduate. My finishing day is a very clear memory. I wore the same clothes I entered in and walked up Chestnut Street to Wagner's crying.

Our graduation date was April 30, 1942. Everyone had to have taken State Boards and the February class was included. The U.S. Army Nurse Corps got most of our class and there are many times my experiences from Jeffer got me through a difficult situation. Jeffer gave me a deep and firm belief in the value of nursing and what good nurses can do for those entrusted to their care. Although this belief has grown and changes as degree of degree of college work has enlarged it, it did come from our few teachers and many head nurses who pushed, demanded and helped me learn the values I hold today.

The friendships formed under these trying conditions have lasted as true friendships throughout the years. I hope others might submit their memorableness of training at Jeffer.

Nursing Students Benefit From Grant Program

The Nursing Education Grant Program which was instituted at CAHS is based on a similar program at Rush University in Chicago. The program provides nursing students who show need with $2500 annually. That amount is exchanged for a commitment to work as a nurse, at full pay and benefits, at Jefferson Hospital within 30 days of graduation. Someone who begins the program as a junior makes a two-year work commitment to the hospital; the commitment is one year for a student who receives the aid only as a senior. If that commitment is honored, fully and satisfactorily, the CAHS graduate has "paid" his or her grant — and doesn't have to face years of indebtedness.

The program, which was three years in the planning and development stages, currently involves 15 juniors and 5 seniors, and the number of students will increase next year.

The Nursing Education Grant Program is a collaborative effort benefiting the College of Allied Health Sciences, Nursing Service of Thomas Jefferson University Hospital, and our nursing students. These grant programs are "self-help" programs for our students," says William Thygeson, CAHS director of student affairs and services.

"The hospital benefits because the program reduces the need for costly recruitment, orientation and training. The hospital is guaranteed a certain number of well-prepared nurses, all of whom have completed rotations there, and have some familiarity with the hospital's personnel and practices. Also, the hospital staff can become acquainted with students when they are in the Department of Nursing. It seems appropriate that Nursing Service would consider the college as a prime source of qualified professionals," comments Thygeson.

Although similar programs exist, they were usually not established to provide financial aid. They evolved during a nursing shortage and were used primarily to enhance recruitment. The emphasis of the CAHS Nursing Education Grant Program is on helping students who need financial aid, and providing a flexible work commitment. As students the participants have no special obligation to the hospital, but best of all, there's a guaranteed job waiting.

"First jobs are hard to find now, even for nurses," says Heidi Shore-Brown, a nursing senior in the program. "I'm glad I won't have to look for a job — especially since I'd have to do that around finals time."

"CAHS benefits too, "because it provides us with additional aid money," says Thygeson. "How? The Jefferson Hospital's Department of Nursing Service provides the funding for the program, but as the nursing graduates fulfill their employment obligation, Nursing Service will be reimbursed by the University Benefits Program."

Though the program is need-based, it is also competitive, and only outstanding students are selected. To stay in the program, students have to maintain satisfactory academic grades.

"If this program proves to be a success in nursing, we will consider similar grant programs for our other allied health programs, " concluded Thygeson.

Nursing Education Grants Award — Key figures in the new Nursing Education Grant Program are Lawrence Abrams, Ed.D., left, dean, CAHS; Mary Ann McNally, R.N., M.S.N., associate director for nursing services; John McGulgan Jr. and Katherine Weidner, juniors in the CAHS department of nursing, two of the 20 grant recipients this year; Mary D. Naylor, R.N., Ph.D. chairman, department of nursing, CAHS; and William Thygeson, director of student affairs and services, CAHS. Not pictured but also instrumental in establishing the program was Michael J. Bradley, executive hospital director. A cooperative effort of CAHS and TJUH, the program provides one-year grants of $2500 to eligible students. In return, graduates agree to accept a year's employment at TJUH as clinical nurses, at full salary and benefits.

Bequests

We have received a number of questions concerning bequests to the Nurses Alumni Association. If you are thinking about such a bequest, we would suggest the following sample paragraph for your consideration:

I give to the Nurses Alumni Association of the School of Nursing, Diploma Program, College of Allied Health Sciences, Thomas Jefferson University, located in Philadelphia, Pennsylvania, or its successors, the sum of $x,000 dollars (or identify the property, such as stock, or indicate a percentage of the estate, if appropriate), to be used for its general purposes.

This suggested clause is exclusively for the information of our alumni and friends. You should, of course, consult your own attorney as to the applicability of any item to your own situation.
Nursing Alumni Association Hosted by Alumni Office and Department of Nursing

Members of the Nurses Alumni Association attended an Open House in the Department of Nursing on January 8, 1985. Dr. Mary Naylor, chairman of the department, welcomed the group. Following her remarks, she introduced Assistant Professor Sharon Renshaw, R.N., M.S.N., who is coordinator of the Learning Resource Center. Ms. Renshaw gave the alumnae a preview of what they would see when they toured the Learning Resource Center later that evening.

The center, located on the star floor of the Edison Building, was built in 1983. It was designed to help student nurses acquire special skills before they need to use them. The center houses a 12-bed clinical unit used for simulated patient care experiences, and individual study carrels where students can practice their clinical skills or view instructional and audiovisuals without interruption.

Alumnae had the opportunity to chat with students and faculty members during the tour. Students demonstrated how they use the computer and clinical equipment to strengthen their skills.

Florence Roche, R.N., president of the Nurses Alumni Association, expressed her thanks to Dr. Mary Naylor and Mrs. Janet Waxman, assistant director of development and director of alumni programs, for their efforts in coordinating the nursing alumni visit.

"The tour of the Learning Resource Center for the alumnae was both eye-opening and educational," Ms. Roche said. "Our members thoroughly enjoyed the tour and the dinner. We were impressed by the students' enthusiasm in their demonstrations of their clinical skills. Such advanced technology in education as television and video cassettes plays a remarkable role in today's learning arena. The facility was very impressive in its experiential and interest in the program."

September 11, 1984—16 members present.
Committee reports were given.
Flowers were sent to Frances Pangborn, class of 1916, to honor her 99th birthday, and to Helene Weber, class of 1929, to honor her 90th birthday.
Scholarships were given to Joanne Farley, class of 1976.

November 13, 1984—17 members present.
Committee reports were given.
Flowers were sent to Alice Worthington, class of 1919 and Vilette Emig, class of 1923, in honor of their birthdays.
The satellite committee will plan a program and select a date for a seminar to be held in the spring of 1985.
It was recommended and approved that we continue to give Christmas checks to our graduates who are sick or in nursing homes.

January 8, 1985—22 members present.
Committee reports were given.
The satellite committee reported that there will be an all day seminar on Saturday, March 23, 1985.
Following the meeting, the group was invited to be guests of the Department of Nursing. We toured the teaching facilities, including the Learning Resource Center, located on the 13th floor of the Edison Building. We were also guests at a delicious buffet dinner, which was served in the department.

March 12, 1985—18 members present.
Committee reports were given.
The ballot was presented and accepted.
A seminar will be held on Saturday March 23, 1985, the theme is "Challenge of Nursing in the Eighties."
Flowers were sent to Bonnie Browning to honor her 93rd birthday and to Mary Godfrey to honor her 99th birthday.
It was recommended and approved that the $1,000.00 bequest from the estate of Maude L. Metzger, class of 1934, be placed in the general fund.

May 14, 1985—16 members present.
Committee reports were given.
Flowers were sent to Henrietta Bigney, class of 1920 for her 94th birthday.
Four scholarships were given:
Aileen Ishum MacMillen—class of 1976
Catherine Glavey Douth—class of 1976
Katherine Gillen Leslie—class of 1980
Judith Ann Troutman—class of 1980
The Scholarship committee recommended and it was approved that scholarships be given to diploma graduates who are attending school on a part-time basis, working toward a degree in nursing. The only specification is that they carry a minimum of six credits a semester.
The seminar held on Saturday March 23, 1985 was very interesting and enjoyed by those present. The attendance was fair.

ALUMNI OFFICE NEWS

On June 10, 1985, it was two years since we moved into our present office, room 105, Edison Building; time moves on and this past year has been a busy one.
Betty Pierrel and Peggy Summers have so generously taken over the "running" of the office for me, while I have been recuperating from a total hip replacement, done late in 1984.
The names and addresses of all our graduates are on the computer and one of my aims this year was to have the maiden names of married graduates included on the computerized listing, which is updated monthly. The computer list gets constant use and is often referred to as "the bible." With the maiden names included on the computer list it will make it much easier to identify our graduates.
I am proud of our office, and it is a pleasant place to work.
The plants on the window sill, facing Ninth Street, attract a lot of attention from passers-by.
You are always welcome, and, of course, you are invited to visit the office. Located in room 105, Edison Building, 130 South Ninth Street, Philadelphia, Pennsylvania 19107.
The phone number is (215) 928-6891. I am usually in the office on Monday, Tuesday, Thursday, Friday, 9 A.M. to 3:30 P.M., and occasionally on Wednesday.
You are always welcome, and, of course, you are invited to visit the office. Located in room 105, Edison Building, 130 South Ninth Street, Philadelphia, Pennsylvania 19107.
I am not in the office, phone calls will be answered by the CAHS Alumni Office, room M-6, Jefferson Alumni Hall, 1000 Locust Street, Philadelphia.
Our office works closely with the CAHS Alumni Office, its staff, Janet Waxman and Carolyn Robinson who have been a great help to us, we value the good working relationship between the two offices.
The following Graduation Exercises Programs are missing—1918, 1919, 1925, 1945, 1946, 1952, and 1956. If you do not wish to part with the original copy, we would be happy to have a copy made for our files and return the original copy to you.

SCHOLARSHIP COMMITTEE REPORT
1984-1985

The Scholarship Committee met several times during the year and we are pleased with the increased number of applications and requests for information. We hope that this apparent interest in seeking additional educational preparation in nursing will continue and wish to encourage our graduates who are enrolled in a program leading to a degree in nursing to apply for scholarship assistance.

The following graduates of the School of Nursing were awarded scholarships:

Spring 1985
Aileen (Ishuni) MacMillan (1976)
Katherine (Gilen) Leslie (1980)

Permission was given for reprinting portions of the following letters:

Graduates Appreciate Alumni Scholarships

To encourage our graduates to apply for scholarships sponsored by the Nurses Alumni Association, Miss Doris Bowman, chairman of the scholarship committee, would like to share with you excerpts from the letters of some of our recent scholarship recipients:

Kate G. Felix, a 1973 graduate who was recently accepted in a graduate program at the University of Washington, Seattle, shared her feelings with Miss Bowman. Because certain educational documents were not available for Ms. Felix, she had to take equivalency exams in order to be accepted. I passed the exams and I received some of the highest scores ever recorded by any nurse seeking admittance to the University of Washington’s nursing program. My passing is the result of Jefferson’s legacy of educational excellence and your efforts as director of nursing of Jefferson’s program. At Jefferson, we were not educated as nursing professionals. I am, and always will be proud to say, I am a Jefferson nurse, Kathy Gayle Dowty, ’75.

I wish to express my sincere thanks and gratitude to the committee for granting me a scholarship that will enable me to complete my bachelor’s degree in nursing. Though I realize the importance of continuing education, I will always cherish my basic nursing training received at Jefferson. I am, and always will be proud to say, I am a Jefferson nurse, Kathy Gayle Dowty, ’75.

A 1956 graduate, Marguerite Domenick, has recently been accepted at St. Joseph’s University. She recently thanked the scholarship committee for her scholarship. She writes: ‘I will continue to support the Nurses Alumni Association, so that in the future other alumni will be able to take advantage of this wonderful opportunity.’

The Committee in May took action to grant scholarships to part time, as well as full time applicants, provided the applicant is enrolled in a program leading to a degree in nursing and awarded for a minimum of 6 credits.

We are encouraged by the following letters received from our graduates and wish them well in the pursuit of an advanced degree.

COMMITTEE REPORTS
SATELLITE COMMITTEE REPORT

The Satellite Committee of the Nurses’ Alumni Association held its second annual seminar program on Saturday, March 23, 1985 in Jefferson Alumni Hall.

Collaboration: The Future of Nursing At Jefferson: Clinicians and Educators Collaborate
— Mary Naylor, R.N., Ph.D.
— Therese S. Richmond, R.N., M.S.N., CORN
— Judith Winterhalter, R.N., M.S.N.

Careers: Finding Your Niche in Nursing
— Jane Brown Nowak, R.N., Ed.D.

Communication: Luncheon and Program
— Systems Theory: A Tool to Unify Professional Practice
— Ruth R. Levine, Ed.D., OTR

The response of those who attended was enthusiastic. However, due to the decreased number of participants and rising costs, the committee will need to address the feasibility of sponsoring future programs.

Janet Waxman, Assistant Director of Development and Director of Alumni Programs for CAHs and CGS coordinated the efforts of the Program Committee consisting of Alice Chase, ’52, Jacqueline Harris, ’61, Dorothy Heckenberger, ’55, Sandra Payne Kenton, ’68, Kay K. Kinsey, ’63, Valerie O’Donnell, ’74, Florence Roche, ’56, Barbara Schraeder, ’66, Grace Spena, ’71. The committee is indebted to Janet Waxman for her continued support and commitment.

Respectfully submitted,
Grace A. Spena, R.N., ’71

SATELLITE COMMITTEE REPORT

The satellite committee report for 1986.

The program was most timely and provided an educational stimulus to all present, as well as an opportunity for our alumni to share ideas and experiences.

Respectfully submitted,
Grace A. Spena, R.N., ’71

SOCIAL COMMITTEE

The annual luncheon was held May 4th, 1985 at Jefferson Alumni Hall. There were 315 in attendance. A business meeting was held in the Solie-Cohen Auditorium prior to the luncheon. The anniversary class of 1945 had the largest number present for the luncheon.

The fiftieth anniversary class (1935) were guests of the Alumni Association. Mrs. Verne Keeler Roberts, class of 1921 was the oldest member in attendance and was presented with a corsage.

Twenty states were represented at the luncheon. The flowers from the head table were given to Janet Hindon, class of 1950. Janet was a patient in Thomas Jefferson University Hospital on the day of the luncheon.

The annual luncheon for 1986 will be Saturday May 3rd, at Jefferson Alumni Hall, 1020 Locust Street, Philadelphia, Pennsylvania.

Help me from getting talkative, and my friends at the end. And my vast store of wisdom, it seems a pity not to grow older, and maybe someday be old.

Keep me from getting talkative, and particularly from the fatal habit of thinking I must say something on every subject and every occasion. Release me from craving to try to straighten out everybody's affairs. Make me thoughtful, but not moody; helpful but not bosey. With my vast store of wisdom, it seems a pity not to use it all—but Thou knowest Lord, that I want a few friends at the end. Keep my mind free from the recital of endless details; give me wings to get to the point. Seal my lips on my many aches and pains. They are increasing, and my love of rehearsing them is becoming sweeter as the years go by.

Teach me the glorious lesson that occasionally it is possible that I may be mistaken. Help me to extract all possible fun out of life. There are so many amusing things around us, and I don't want to miss any of them. Amen.

Class of 1944
Thelma Shetzley Fleming (John B.), 319 Ridgewood Road, Springtown, PA 19013. I am still "cleaning out" and plan to send some old pictures for the Alumni "scrapbook."

Jean Mckellin Koutsous (Abe), 1207 Widgeon Road, Flourtown, PA 19010. I am still working, by chance there are some new pictures.

Mary Elizabeth Dickerson, Rt. 2, Box 203A, Buchanan, VA 24066. My best regards to everyone.

Marjorie Fink Searing, 1613 Wright Street, Wall, NJ 07719. It was so nice to see and visit with our classmates on our 40th anniversary at the 1984 luncheon. My husband, Bob, died in September 1984 after a lengthy illness. I am retired from nursing and keep busy with various activities and interests.

Elizabeth Wilson Smith Allott (Lowell), 205 Virginia Avenue, Petersbug, WV 26801. I am on the Board of Directors of the Potomac Highlands Mental Health Guild.

Mary Snook Smokela, 31 Sandra Place, Hamburg, NY 14065. I am still enjoying good retirement, horses, hounds, family and friends. I am so happy to correspond with my old roommate Maureen Sharpsell McCool.

Class of 1945
Evelyn Louise White Collett (Jim J.), 268 E. 6545 South, Sandy, UT 84070. Our girls are all married and I am grandmother to five granddaughters and one grandson. I am not able to work anymore, following back surgery. Love to all my classmates and friends.

Ann Flock Barron (Walter H.), 5132 Arbor Street, Philadelphia, PA 19120. I am working in an alligator's office. We have three daughters, all married, and six grandchildren. They give us much happiness.

Ruth Ruhl Staten (Wendell-Richard), Rt. 1, Box 249, Newton, PA 17240. I have had open heart surgery, vertigo-relapse and by-pass. Dr. J.V. Templeton was the surgeon. In January 1985 they performed a bypass, and Joe is doing well.

Doris M. Heaps Parish, 147 Hurt Park place, Sacramento, CA 95825. After my trip East to the Jefferson reunion, I went on a mini-cruise in September, plus a few other trips to see family. I am still working part-time, quite enough to keep me busy.

A. Janice Khan Joyce, 2505 Sittertown Drive, The Timbers, Wilkes-Barre, PA 18706. My husband, Don, died of a heart attack on October 26, 1984. He had been a teacher in the area schools for thirty-two years.

Gerardine Flanigan Wagner (Walter), 1022 Kendall Road, Woodland Heights, Wilkeskbrre, DE 19685. I retired after twenty-three years as a refil nurse for General Motors.

Charlotte Cooper Phillip (Earnest A.), 201 Sierra Way, Auburn, CA 95603. My daughter Adde and I visited Bob and his family in Los Angeles last summer and went to six events of the Olympics. I am "in-attendance" at my husband's retirement and I spent nine days in Oahu, Hawaii. Our first time there and it was great. We have four granddaughters, one male, 11 years, Melissa; 10, Christopher; 5 years, Jared, and 4 years, Jane.

Anne C. Hankin Shotton, 1532 Vista Road, Lancaster, PA 17601. I have retired since 1985. I was a staff nurse at Lancaster Ophthalmic Hospital.

Thelma Stetsy Fleming (John B.), 319 Ridgewood Road, Springtown, PA 19010. I am no longer working after forty-five years, from the Mary J. Drexel Home in Bala Cynwyd, PA.

Kathryn Fowler Hood, P.O. Box 759, Fort Pierce, FL 33454. I am still getting, or already active in geriatric nursing, a new field for me.

Marlen Mary Keever Carver (Clarence E.), 5201 Atlantic Blvd., Apt. 107, Jacksonville, FL 32207. I am still working as a staff nurse on oncology floor at Baptist Medical Center, Jacksonville, FL. I left the job after four weeks. It was a struggle to heal the patient and to relate to patients in many areas. I am thinking about quitting back when I become 62 in September. My husband is disabled and in a wheelchair now. Our daughter and her family live close by. My husband of two years is a recovered cancer patient. We have been fortunate to have kids. Hello to all.

Catherine T. Beto (Terry), 3425 CRAGO El Paso, TX 79906. I am well and happy enjoying my retirement, playing golf and traveling. Best wishes to all my classmates on our 40th anniversary -- where have the years gone?

Dorothy Dunsmore Mowrey (Charles W.), 16 Stone Mountain Road, Elwood, FL 33533. I really enjoyed the alumni luncheon on the occasion of the 40th anniversary of my class (1944). It was too to see so many familiar faces.

Christine W. Lindes Sauer (Dennis), 484 Mountain Spring Road, Farmington, CT 06032. I am a program coordinator in the Congressional Church. I like everything about it. I am also a story teller called "three wise women," and perform a great deal telling stories to grown up.

Class of 1946
Betty Kimmell Froment (J. Calvin), 502 Rangmo Avenue, Pompton Lakes, NJ 07442. We welcomed our sixth grandchild in December 1984. I have finally updated Cal from his practice long enough to enjoy ministering vacations.

Betty Winford Saunders (Leslie), Box 91, Garion, NV 89027. This summer we toured Norway, Sweden, and Denmark. We are enjoying retirement.

Jeanne Nill Coluccio (Tom), 17 Linda Drive, Allendale, NJ 07401. I am enjoying good health and working on a part-time basis.

Class of 1947
Janet Edwards Mauer (Calvin), 7592 Carleigh Parkway, Springville, UT 84352. It was nice to see Elvis Himeshizer this year at the Berwick Hospital in Pennsylvania. She was in the Know just a few years ago. Then she was with a mother who had undergone a successful hysterectomy. Afterwards it was like the new disease to nurses and medical students for eleven years. I have four children (twins) and two grandchildren.

Jillie C. Stee, 214 Shady Hill Road, Sharmak, PA 17692. I retired in July 1985, after thirty-seven years at Sharmak General Hospital. It's hard to believe, but I have looked forward to retiring. My best wishes to all of you.

Martin Edward Spencer (Richard), 125 Folcroft Avenue, Folcroft, PA 19032. I am a registered nurse in school, doing physical therapy.

Martha O. Bixler (Richard), 112 Farmdale Boulevard, Bel Air, MD 21014. I would love to hear from former classmates.

Robert Irene Herbert, 2419 E., Herron Manor, Boothwyn, PA 19061. My husband, Wilbur, is a medical engineer, is President of the Board, Turbonit, Inc., San Diego, California. You bet your bippy I'm proud.

M. Arntzak (Donna J.), 802 Oak Avenue, Lehigh City, PA 18026. I continue with VMC in Lehigh City, where we are currently working on our new nursing home facility of one hundred beds. This is the first we have ever done. Sorry I couldn't make the luncheon this year. Greetings to all my old friends.

Barbara Fisher Ackerman (Parr), 2425 Spruce Street, Philadelphia, PA 19103. I am still working as a registered nurse in the psychiatric unit. I was a registered nurse in the psychiatric unit for two years. I have five children and five grandchildren.

Margaret E.having (Richard), 133 Louise Drive, Milliton, NJ 08850. My husband is retired. We spent a month traveling in Switzerland, Austria, Italy, and Greece. My husband, who is a former student of yours, and I have put a lot of our time on the trip in the last year. It was too emotional. My second half of my life is wonderful. My surgery is now a success story.

Muriel Rege (Bernard B.), 1214 Lipton Road, Lancaster, PA 17602. Our grandson, Tyler Cameron Groff, was born January 7, 1985. We have been so fortunate.

Mary Louise Moe Brumbaugh (Bruce), 7337 Central Avenue, Lemon Grove, CA 91945. I am still working. We have two children. The girls are in health-related fields, and our son is pre-med at Princeton University this year.

Mary Louise Moe Brumbaugh (Bruce), 7337 Central Avenue, Lemon Grove, CA 91945. I am still working. We have two children. The girls are in health-related fields, and our son is pre-med at Princeton University this year.

delighted. I’ve given up thoughts of nursing and have started a small business doing hand knitting. I’m known as ‘Ann Loosn by Jane’. Quite a switch. Moving to California in May, 1984, so reasons for visiting the East are slowly disappearing.

Dolores Ann Pauster Gorham (William A.), 406 Atwater Road, Broomall, PA 19008. Writing for our twenty-fifth reunion next year!

Marian E. Hoffman Narbuth (Benjamin), 1628 St. John’s Drive, El Paso, TX 79902. Our son Edward graduated magna cum laude from Texas Tech University in May, 1984. In August our daughter Carol received a M.S. in chemistry. Barbara is an honor student in the nursing program at the University of Texas, El Paso. This past year I’ve assisted in the work in the school where Nancy teaches. It has been satisfying to give that extra push to prow students and witness their success.

Mary Thorp Williams (Arthur R.), 5812 Saul Street, Philadelphia, PA 19149. We are enjoying our grandchildren, Richard Tustin III and Lauren Williams Tustin, born May 1, 1985.

Class of 1962

Nancy L. Geisinger Williams (George A.), 920 Bellane Lane, Rockledge, FL 32955. A really great year for us! We are tickled blue—blessed with our first grandson Joseph Hans Willink in August 1984. I had a quadruple bypass-car-pas-by in November 1984. Quite an experience, and nursing has really changed since those first heart surgery patients to “Dear John, Dr. Gibbon. I feel great and am very busy, as usual, but gradually learning to cut out that “superwoman” complex and take time to do the things that are essential to my own well being. Predicting what you preach can really be difficult, at times, but we are all happy and well. Sorry to hear of “Ridkins” (Jean Hardish Reid) 1952 passing away. Remember how we used to sing “Denny Boy” out the windows of Shippard Pratt when she was saying goodnight to Denny! They have a good year.

Class of 1959

Irene Gibson Breen, 22 Tomahawk Drive, Marion, NJ 08053. I am employed at Garden State Community Hospital, Marlton, New Jersey. I work in hematology and orthopedics.

Class of 1954

Rena Savagovtz Graham (Charles), 2, R 63731 Hanna Road, Quitter City, OH 43064. I am still school nurse and CPR instructor. Our second grandson arrived in June, our grandson is in kindergarten. I’m teaching first aid and CPR to area 4Hs and Vo-Agriculture Clubs.

Mary Catherine Deutscher (W. Horton), 4815 Manfield Terrace, Louisville, KY 40222. Our daughter Cheryl has a B.S. in nursing, is married and working for Blue Cross Blue Shield in Dallas, Texas. My son Charles is married and working in New Orleans.

Estelle Lee Warrill Wilson (Hamilton), Box 552 Locust Grove, VA 22526. At the present time I am assisting in an office’s internal as a volunteer. After taking liberal arts courses at the college and Mary Washington College. I belong to a great books program, travel and play lots of golf.

Greetsch Aschenbach Baker (Theodore), 3 Linden Hill, Woodstock, VT 05091. I continue to be active in nursing as supervisor for our local visiting nurse association. Live in Woodstock Vermont with my husband. My children and grandchildren have shared many experiences with our five grandchild. Our wonderful little boy, Five year old, is always teaching me! I love my life.

Mary Catherine Eichman Cowan (Max), 3632 Greenville Avenue, Dallas, TX 75217. Our daughter Maia, got married in August.

Class of 1958

Barbara Jane Nord Brodovsky (Harvey S.), 13 Scarlet Oak Drive, Lafayette Hill, PA 19444. Our son, Bill, graduated from Idaho College in May of 1985, majoring in physical therapy. Our daughter, Julie, is a freshman, taking chemistry at Moravian College; he also plays soccer there, too.

Genevieve Hunsberger Bowman, 111 St. Joseph Street, Lancaster, PA 17601. The last of my three children graduated in June and entered the Air Force this fall. My work in psychiatry continues to be a challenge, which I enjoy.

Yvonne R. Foster King, 2386 Dulin Drive, Spring Hill, FL 32656. Since my retirement from the Air Force, I have been living in Florida, where I work as an ob-gyn practitioner. I’m getting used to that good Florida living with a swimming pool in the back yard.

Barbara Bartunek Rundel (Bernard B., M.D.), 303 Windy Bush Estates, Spring Hill, FL 34687. Our daughter, Deborah, 23 years old, is an R.N., graduating from Jacksonville in 1982, and from Jacksonville University in 1986. She is working in the nursery at the hospital, where I work as an ob-gyn practitioner. I’m getting used to that good Florida living with a swimming pool in the back yard.

Carolyn M. Bressler Gospertl (Joseph A.), 310 Miller Avenue, Southampton, PA 18966. Our daughter, Stephanie, went to college in June, 1984. She is a graduate of the Pennsylvania State University College of Nursing with a B.S. in Nursing, and is starting her internship in health services at Domain National Company, where I’ve worked since 1976. It is lots of work but a great challenge. I visited Carol in Philadelphia in August of 1984 when she was in low, I hadn’t seen her since 1984. We had a wonderful time reminiscing. Her two daughters are in college. They are very busy, ages 14, 10. I still am trying to get my B.S., maybe by 1990!

Dorothy J. Sampsel, LL. Col., has been decorated with the Meritorious Service Medal. I am retired from the Navy. I have an avocation of gardening. I am a chief nurse with the Air Force Clinic. The Meritorious Service Medal is awarded specifically for outstanding non-combat meritorious achievement and service to the United States.

Class of 1961

Betty Lee Simonson Woods, 114 Grand Parkway North, Lewiston, ME 04244. Sorry I was unable to attend the luncheon this year due to another commitment the same day. I am now vice president for nursing services at Lewiston Hospital and enjoy all the challenges of this difficult time we are in. Our children are grown—son Jamie, was married last fall, daughter Kimberly is in beauty school in Philadelphia. We welcomed a new member, our first grandchild in April. Saileigh, an eight week old Doberman puppy. She’s our second Doberman and we are delighted with her. I think about our education and can’t help comparing it to today’s experiences. I wonder if the days have changed or not? It sometimes makes me appreciate the orderliness of a world which will never return.

Edwin Wilson Breen (Thomas), 413 E. Penn Blvd., Woodbury, NJ 08096. I’m still working part time for Reutter-Daisey in Thorofare, NJ. Our children are growing too fast, Amy is 16 and in 10th grade, Colin is 7 and in 2nd grade.

Marjorie K. Ross Berrier (William A.), 11-19th Narrow, Huntington, PA 16652. Our daughter, Linda, is graduating this May from Pennsylvania State University. May 1984 on the dare list. He received a B.S. in aerospace engineering and was commissioned 2nd lieutenant in the United States Air Force. He was recently awarded an exchange to the Air Force Institute of Technology to pursue a master’s degree in astronautical engineering. Our second daughter, Cindy, graduated in September 1985. I continue to work for the Pennsylvania Department of Health, where I am the area nurse coordinator for Huntingdon County, and recently accepted a position in Community Health Nursing through the American Nurses Association in December 1984.

Carolyn Dooley Vizard (Joseph A.), 2008 Stevens Street, Philadelphia, PA 19136. I am the coordinator of staff development education at James Hospital.

Barbara Barnett Fieselman, 275 Sibel Court, Des Moines, IA 50317. I am working now on a research project at the University of Iowa. My husband is working in the office of Chambersburg Hospital.

Barbara Canfield Oul (Andrew), 20 Magnolia Avenue, Denville, NJ 07834. I am 36 years old, still employed in pediatric cardiology. We are planning to attend the reunion for our twenty-fifth anniversary.

Kathy Askrenhould Cochell (Robert), 477 Stewart Drive, West Chester, PA 19380. We are pleased to announce the birth of our son, Bill Thomas Cochell, who was bom September 28, 1985. He is a real charmer and is the apple of our eye. We love being parents and are very happy to have him.

Leslie Wilkinson Stilesley (Bill), 546 Parkway Avenue, Perdido, PA 19701. I'm in the hospital now for about four days a week. My bill is now district coordinator for HGPC. Our son, Brian, 6, has been in the hospital for just over a week. Rachel Marie was on July 7. They keep us busy, but both are our pride and joy.

Kara C. Goldie Saugeman (Deane), 550 Wayne Drive #2109, King of Prussia, PA 19406. On September 7, 1985, I was married to Deane Saugeman.

Class of 1977

Karen A. Mirecki Webster (Phil), 711 Seminole Avenue, Philadelphia, PA 19139. Our son, Bill, was born October 8, 1984. I am now working in a supplementary unit at Holy Redeemer Hospital on a medical-surgical unit.
Theresa McGlynn Rupp (James P.), 62 Northshore Drive, Sudworth, DE 19973. We are proud to announce the birth of our second child, Christopher James, born July 2, 1985.

Dyana Callahan Stabler (Craig), 7474 Camelot Drive #200, Miami, FL 33144. I really earned my B.S.N. in December 1984, at the University of Miami. I'm still working in NCU. Craig is in his final year of orthopaedic residency and will be doing a sports medicine fellowship for a year in Cincinnati, starting in July 1986.

Judy DiCioccio, 3218 Red Lion Road, Philadelphia, PA 19114. I am enjoying a new apartment and a new place to work. Looking forward to completing my B.S.N. in December 1985. I'm ready to make changes in all.

Class of 1980

Marisanne Maxwell Ots (Curt), 131 Polohe Avenue, Bembrin, NJ 08012. I graduated in June 1985 from Jefferson's APPR program, and received my BSN. I am looking forward to earning my master's degree.

Kristen M. Sharpe Haag (Betz), T1 1111 11th Street, Middletown, NJ 07747. I am finishing my orthopaedic residency and am enjoying a new apartment and new life. Looking forward to completing my B.S.N. in December 1985. I'm ready to make changes in all.

Kristin M. Sharpe Haag

Our first baby, Ryan Callahan Stabler, was born November 25, 1984. We have a home in suburbia and we are getting a station wagon.

Donna S. Kloss Casey (Sparrow), 34389 Chestnut Drive, Monroeville, PA 15146. We are proud to announce the birth of our son, Daniel Robert Casey, on August 18, 1984. We have a home in suburbia and we are getting a station wagon.

Katherine E. Martens (Dyer), 27407 B Red Lion Road, Philadelphia, PA 19114. I'm still looking forward to earning my master's degree.

Emily, Box 3354, King Faisal Specialist Hospital and Research Center, Riyadh 11211, Saudi Arabia. Our second visit from the stork in July.

Lisa Kirkpatrick (Spencer), 3717 Pecan Road, Aston, PA 19014. I have my BSN. I'm finally done. Hi Paula!

B.S.N.

I'm not married to Raymond Rodriguez on April 8, 1985; weighing in at 8 pounds, 12 ounces and being 24 inches old; Jim and I are really enjoying it. I'm still working at the Hospital of University of Pennsylvania in Chocolatetown.

Sylvia Spanith Brayton (Charles), 2101 Chestnut Street, #1519, Philadelphia, PA 19103. Probably by the time this is printed I will be Sylvia M. Sharp-Brayton. I will be or was married on October 5, 1985 here in Philadelphia. My thanks to Argo & Sibila Mihara for being a part of my wedding party. I'm still at the Hospital of University of Pennsylvania on an oncology unit and am nursing and attending the APPR program at Jefferson. I really enjoy being back on campus. My best to all of the class of 1981 and remember 1982 for the fun we have this year. Let's all get together and share the good times again.

Linda Koch Martin (Stevens), 162 Whitemarsh Way, Delran, NJ 08075. We are married to Raymond Rodriguez on April 8, 1985. We are both TJUH employees.
