MESSAGE FROM THE
PRESIDENT OF THE ALUMNI ASSOCIATION

My Dear Fellow Alumni:

At the annual meeting of your Association in Philadelphia January 31, 1952, I was elected your President. During the past three years the continual progress of the Jefferson Alumni has been very much in evidence. In this 127th year your Alumni Association is planning greater future usefulness for Jefferson. This I am sure will be accomplished by the help of all Jefferson Alumni and their friends, by their continued loyalty and activities; and by the help of an active Executive Committee whose loyalty is unsurpassed in their teamwork on all the committees and by maintaining perfect understanding and cooperation between your Association, the Board of Trustees and the Faculty.

I am looking forward to a fruitful year for Jefferson and humbly accept this opportunity to be of service to you.

Marshall C. Rumbleugh

PRESIDENT'S REPORT
ANNUAL BUSINESS MEETING

The Annual Business Meeting and Dinner was held at the Barclay Hotel on January 31, 1952, planned so that the men here for the Post Graduate Assembly might attend.

Admiral Kauffman gave a short talk, presenting present problems of the College which he thought would be of interest to the members. We found them very challenging.

Your Committees reported briefly on their activities of the preceding year.

Dr. Lewis C. Scheffey, Chairman of the College Endowment Committee, laid particular stress on the fact that the Alumni of Jefferson have since 1922 given the Trustees for use in the College the total sum of $798,161.38. Of this amount, $708,161.38 was contributed in the past 10 years. We are proud of this splendid achievement.

Dr. Robert B. Nye reported on the activities of the various Alumni Chapters and Meetings throughout the world, his report showing the widespread activities of our Association.

Dr. Nelson presented to the Board of Trustees, through Admiral Kauffman, a check for $2,000.00, a bequest from the late Dr. Norman B. Marshall, Class of '83, which completes the Alumni Nursing Fund Endowment of $10,000.00.

The results of the labors of the Entertainment Committee, under the Chairmanship of Dr. J. Wallace Davis, were appreciated by everyone who has attended the various dinners during the past year.

Dr. Tocantins was very successful as Chairman of the Committee on New Graduates, reporting that 150 of the Class of 1951 joined the Alumni Association.

The Publication Committee, under the able Chairmanship of Dr. John B. Montgomery, has produced four Bulletins during the year. The Bulletins speak for themselves, and surely everyone will agree that they seem to improve with each issue.

Dr. Austin T. Smith reported for the Class Organization Committee on the various Class Reunions held last year, 10 of the 5 year Classes having held reunions during this time.

Dr. James M. Surve, Chairman of the Clinic Committee, reported that 3 days were devoted to Clinics during Commencement Week.

Dr. Anthony F. DePalma reported for the Convention Committee. This Committee endeavors to assist any state vice-president or any other Alumnus who will be responsible for a Jefferson get-together at any state or national meeting.

Dr. Fred B. Wagner reported that the books of the Association were audited and found to be correct.

Dr. George J. Willauer, Chairman of the Resolution Committee, reported that because of several deaths during the year, Resolutions had been spread upon the Minutes, copies of which were sent to the families.
The Necrology list since our last Annual Meeting was read by Dr. Baldwin L. Keyes. The list will be published in the June Bulletin.

The Rosenberger Memorial Fellowship Fund Committee reported a balance of $5,016.50.

Dr. Arno E. Town has done a fine job as Chairman of the Jefferson Graduate Assembly. This year’s program was well received and the attendance was excellent. The Committee deserves to be congratulated.

Dr. Theodore R. Fetter, Chairman of the Annual Giving Fund Committee, stressed the difficulties the Committee is having this year. The fund is slightly behind that of last year, partly due to the Hospital Building Fund Drive. The Annual Giving is now an integral part of the College Financial structure; it behooves us all to do at least as well as last year.

The Committee on Out-of-Town Speakers has done a fine job in obtaining speakers for the various Alumni gatherings. The Chairman, Dr. John J. O’Keefe, sometimes had his problems. We hope everyone will see that the Chairman receives notice early so that the Speakers may be notified in time.

Dr. F. Johnson Putney has had an active year as Chairman of the Committee on Alumni Placement. This is an important good relations project, and do not hesitate to let this Committee know if positions are wanted or replacements are needed.

Dr. J. Wallace Davis is anxious to have any old material for the Committee on Archives.

The changes in the By-Laws as published in the October Bulletin were approved.

The Nominating Committee, Dr. Thaddeus L. Montgomery, Chairman, presented the following nominations for officers:

Marshall C. Rumbaugh, M.D., President
Carroll R. Mullen, M.D., President-elect

Vice-Presidents

Austin T. Smith, M.D.
Pascal F. Lucchesi, M.D.
Francis J. Braceland, M.D.
John T. Farrell, M.D.
Charles Lintgen, M.D., Treasurer
Frederick B. Wagner, Jr., M.D., Recording Secretary
Benjamin F. Haskell, M.D., Corresponding Secretary

The various state Vice-Presidents and the Executive Committee nominees were all presented and duly elected.

Your President then asked Admiral Kaufman to present the new President, Dr. Marshall C. Rumbaugh, Class of 1908, who thanked everyone for the honor shown him.

Your President then asked Dr. Theodore R. Fetter and Dr. Arno E. Town to present the President-elect for 1953, Dr. Carroll R. Mullen, Class of ’26.

The following is a list of Chairmen for Class Reunions:

1892 — Joseph H. Cloud, M.D.
1897 — Lehighton F. Appleman, M.D.
1902 —
1907 — Clarence D. Smith, M.D.
1912 — Robert M. Lukens, M.D., Chairman
Louis H. Clerf, M.D., Co-Chairman
1917 — Harold W. Jones, M.D.
Baldwin L. Keyes, M.D.
Adolph A. Walkling, M.D.
1922 — J. Bernard Bernstein, M.D.
1927 — Herbert A. Widin, M.D.
1932 — Lewis C. Manges, Jr., M.D.
1937 — John J. O’Keefe, M.D.
1942 — J. Wallace Davis, M.D.
1947 — Martin M. Mandel, M.D.

Please note change of Alumni Dinner usually held Thursday evening, this year will be Wednesday, June 11th, at 7 p.m., at the Bellevue Stratford Hotel.
REVELLE W. BROWN ELECTED TO BOARD OF TRUSTEES

Revelle W. Brown, outstanding civic and business leader, was elected a member of the Board of Trustees of Jefferson Medical College on January 21, 1952. Mr. Brown is Chairman of the Executive Committee of the Reading Company.

Mr. Brown, an experienced fund-raising leader, is giving vigorous leadership as General Chairman of Jefferson's New Hospital Building Fund.

Mr. Brown was born August 5, 1883, at Carlyle, Illinois, the son of Porter W. and Mary (Randall) Brown. After attending public schools and Carlyle High School, he entered railroad service July 19, 1901, on the Illinois Division of the Baltimore & Ohio Railroad. Starting as a laborer in an ash pit, fifteen months later he became fireman and on November 26, 1905, a locomotive engineer. Mr. Brown continues to hold his place at the head of the engineer's seniority list on the Illinois Division of the Baltimore & Ohio Railroad.

In 1912, he was made road foreman of engines, Indianapolis Division under R. B. White, now President of the Baltimore & Ohio Railroad. He served in various official capacities in Operating and Maintenance Departments on seven divisions until January 20, 1926, when he was made general superintendent of the Maryland District.

On December 1, 1930, Mr. Brown was appointed Vice President and General Manager, Central Railroad Company of New Jersey at New York, and later was made Vice President in Charge of Operation and Maintenance, Reading Company and Central Railroad of New Jersey, the position he held until elected to the Presidency of the Lehigh Valley Railroad on July 9, 1941. He was elected President of Reading Company on July 1, 1944, retired from Presidency August 31, 1951, and was elected Chairman of the Executive Committee June 1, 1951, which position he still retains.

Mr. Brown has served as Chairman of committees representing the eastern railroads in negotiations with railroad labor organizations, and in 1946 was an arbitrator in the national railroad wage dispute. He served as a member of the standing committee on labor relations of the eastern railroads and Chairman of the Committee on Public Relations of the Eastern Railroad Presidents Conference. Shortly after retiring as President of the Reading Company, Mr. Brown spent two months in Norway as Railroad Consultant to the Norwegian State Railroad. He received the degree of Doctor of Laws at the University of Pennsylvania on June 18, 1947, and at Dickinson College on May 4, 1949, and Doctor of Letters at Ursinus College, May 24, 1951.

Mr. Brown is Director of several Banks and Insurance Companies, as well as a number of subsidiary railroads. He is a member of clubs in Philadelphia, Chicago and New York City and holds membership in numerous Chambers of Commerce and Traffic Clubs throughout the Country.

He was General Chairman of the 1948 Community Chest Campaign of Philadelphia and has been president of the Philadelphia United Fund for the past two years. Mr. Brown is interested in youth work as well as health affairs and is President of the Boy Scout Council of Philadelphia.

Mr. Brown married Carolyn Holdener of Carlyle, Illinois, on December 9, 1903, and has two daughters and one son: Mrs. Mary C. (C. O.) Vickery, of New Brunswick, N. J.; Mrs. Pauline R. (John F.) Deems, of Cincinnati, Ohio; and Ralph W., of Pittsburgh, Penna.

Mr. and Mrs. Brown reside at The Barclay, Philadelphia, Penna.

PRESIDENT JAMES L. KAUFMAN HONORED

Vice Admiral James L. Kaufman USN (Ret) President of Jefferson Medical College was awarded the degree of Doctor of Humane Letters at the Temple University Annual Founder's Day Celebration and mid-winter Commencement Exercises on Friday, February 15.
NEW HOSPITAL BEGINS ON SCHEDULE

The question frequently is asked, "Are there any pictures of Jefferson's old buildings and previous locations?" The two photographs below are now historical records. In a few months this lot will be transformed as Jefferson's new $6,000,000 hospital pavilion soars into space. It will alter the look of this whole section. From time to time, progress pictures will follow and one of these days you will be invited to a great house-warming.

As the BULLETIN goes to press, the Medical Staff and Faculty have pushed their contributions up to $560,708, within 9% of their revised goal. Led by Dr. Shallow, this group is fighting vigorously to attain its full quota. Already, however, staff and faculty have set a world’s record for giving by doctors and an article on this subject will appear in the March issue of Medical Economics.

The Initial Gifts Division has distributed its cards and workers are now calling on the larger corporate and individual prospects. The size of the gifts sought requires many call-backs and intensive propagation. Reports on this division will be coming in the latter part of this month and will be available in the next issue of the BULLETIN.

The Advance Gifts, Commercial, and Women's Divisions are rapidly organizing an army of workers, which will be taking the field at succeeding intervals.

Right: The parking lot at Eleventh and Walnut as it looked in January, with the wreckers just beginning work on the buildings at Eleventh and Sansom. Below: On Feb. 10, only a bit of wall remains and the excavators are now busy on the new wing's foundations.
Mr. J. Howard Pew turns the first spade of earth at the site of the new Jefferson Medical College Hospital Pavilion at Eleventh and Walnut. President Kaufman, left, presides at the ceremony.

APPOINTMENT OF JEFFERSON MEN

Officers of the American Board of Neurology and Psychiatry are all Jefferson men, either Alumni or members of the Faculty.

Dr. Francis J. Braceland, '30, President.
Dr. Bernard J. Alpers, Vice-President.
Dr. David A. Boyd, Jr., '30, Secretary.

DR. JAMES R. MARTIN, M.D.

Associate Dean

Dr. Martin was honored January 6, 1951, at a luncheon given by the York Rotary Club in appreciation of his eleven years of "fine and unselfish service" as director of the Crippled Children's Clinic of the York Hospital.

ALPHA OMEGA ALPHA

presents a
Panel Discussion on Hypertension
with
Dr. William Stroud as Moderator
and an equally distinguished panel
to be held at
The Jefferson Medical College Auditorium
April 4, 1952 — 7:30 P.M.
EDWARD J. G. BEARDSLEY, M.D.

When, in 1941, Doctor Beardsley resigned from his position as Clinical Professor of Medicine, after thirty-five years of active association with the Jefferson Medical College and Hospital, there was removed from the Jefferson scene the last major survivor of a glorious era of teaching in that department.

Edward John Gillespie Beardsley was born in Roxbury, Connecticut, May 31, 1879. Coming to Jefferson from the Philadelphia College of Pharmacy, he received his M.D. degree in 1902 and served his internship at the Philadelphia General Hospital and the Municipal Hospital for Contagious Diseases. After a year of study in London, during which he became a Licentiate of the Royal College of Physicians, he entered the practice of medicine in Philadelphia in 1906 and was appointed Assistant Demonstrator of Physical Diagnosis and Chief Clinical Assistant of the Medical Dispensary on March 25, 1907. This was the first step on the academic ladder, which he climbed steadily to the rank of Clinical Professor of Medicine, which position he attained in 1927.

This is, happily, not an occasion for recording the numerous professional affiliations, academic accomplishments and other bibliographical minutiae which a person of Doctor Beardsley's stature accumulates during a long and distinguished career. Our purpose is to assure him of the enduring place which he holds in the hearts of all of us who were privileged to come in contact with him, and to remind ourselves of the indelible impression he has made upon our minds. We do not always appreciate sufficiently the fact that great teachers and personalities, such as he, through precept and example, occupy a permanent place in our subconscious minds, setting a pattern which, if we are fortunate, guides our thoughts and actions throughout our lives.

Who can forget his insistence on systematic, painstaking and thorough history-taking and physical examination, still the fundamental basis of accurate diagnosis, and too frequently neglected in this era of rapid development of physical and chemical methods of investigation of disease. Who can forget his thoughtful consideration of all problems presented by patients and the kindness with which he handled them. Who can forget his deep affection for children, to whom he would surreptitiously dispense funds, during ward rounds and in the dispensary, for the purchase of ice cream and sweets. His deep feeling for suffering humanity and his firm belief in the principle that examination of the patient is the cornerstone of the practice of medicine are reflected in the fact that he continued to serve, regularly and faithfully, as Chief of the Medical Clinic up to the time of his resignation. He has for some years been Director of the Medical Department of the Municipal Court of Philadelphia, another indication of his sincere interest in the underprivileged.

He had a remarkable appreciation of the important role of emotional factors in the production of symptoms long before modern "Greeks had a name for it." When he thought it necessary for the welfare of the patient, he could be just as firm as he would be gentle with others. He is a "doctors' doctor," testimony to the regard in which he is held by his colleagues. Many of us remember, with deep gratitude, evidences of his kind and generous interest in young men entering upon their medical careers. A great man, a great teacher and a great physician, we wish for this distinguished alumnus many more years of continued happiness and service to humanity and to Medicine.

NEUROSURGERY RESIDENCY AVAILABLE

An appointment is made each July 1st to fill the position of resident in the Department of Neurosurgery at Jefferson Hospital. It is hoped that this choice position can be filled from Jefferson alumni. The residency is approved by the Board of Neurosurgery and is for a period of three years. Application should be made to Dr. Rudolph Jaeger, Chief of the Department of Neurosurgery at Jefferson Hospital, Philadelphia 7, Pa.
KENNETH GOODNER, Ph.D., Professor of Bacteriology and Immunology and Head of the Department.

THE DEPARTMENT OF BACTERIOLOGY

Randle C. Rosenberger, M.D., organized the Jefferson Department of Bacteriology in 1909 and held the chair until his death in 1944. His methods of teaching were effective, and the results of the National Board Examinations were a matter of constant pride with him. He had a firm idea that each student was not merely a part of a large group but that the emphasis must be on the individual, and that each individual had possibilities. Teaching was to Rosenberger an opportunity for service.

These are the traditions of the department. Every effort is made to maintain them. Aside from these traditions there have been many changes. This article is intended to acquaint the alumni with the present situation.

The present head of the department, Kenneth Goodner, M.D., came to Jefferson in 1946 directly from the International Health Division of the Rockefeller Foundation. Prior to that period he had served with the Rockefeller Institute for Medical Research during the period 1930-1940. Previous associations had been in teaching at Harvard and at Kansas and in connection with the state health departments of Massachusetts and Kansas.

During the past six years the department has been built up as rapidly as circumstances have permitted. The objectives of this development have been four-fold. The first is that the course in Medical Microbiology be arranged and presented in the best possible fashion, a friendly fashion, and one which might succeed in long-term implantation of ideas rather than in simple preparation for examinations. The field encompassed is a rapidly changing one as to "facts," and it is important that men develop a point of view which will prepare them for the inevitable developments. A second point of policy is that each student is a friend and as such should receive the encouragement and understanding due a friend. A third aspect is that research must be stimulated (although never at the expense of teaching or of student contacts). A fourth matter concerns integration with the community at large.

The course in Medical Microbiology as now presented includes not only the standard coverage of bacteria and of immunology but also includes the viruses, the fungi, animal parasites, and the antibiotics. The association of these matters in a single course represents the natural evolution of a general subject with continual change in emphasis to meet the changing character of the general field. In presentation, reference is had constantly to the fact that the students are to become physicians and not bacteriologists. The laboratory exercises have been greatly elaborated both for direct benefit to the student and in order to furnish a meeting ground with instructors in the matter of individual instruction.

The broadened scope of instruction has presented many problems in the matter of personnel. Medical bacterio-
gists in the old sense of the term are now at a considerable premium, for there are many openings in government and in industry. Men now entering the field usually find it more profitable to become specialists in some single aspect. Hence coverage in authoritative objective teaching now requires a group of specialists. There must, however, be a common point of view which will tie all of these matters into some unity.

The present staff is a matter of pride. In addition to the head, four are full time while six others contribute a significant portion of their time to the department. William G. Sawitz (M.D., Rostock, 1920) brings to the students a beautifully prepared sub-course in parasitology. His new text is one of the first directly designed for medical students. W. Paul Havens (M.D., Harvard, 1936) possesses a wide experience in clinical microbiology, in public health, and in investigative medicine. Lolita Pannell (Ph.D., Kansas, 1950) has a broad background in the laboratory aspect of clinical bacteriology as well as a wealth of experience in research. Carl Clancy (Ph.D., Yale, 1942) is Bacteriologist to the Pennsylvania Hospital but has also had long years in investigative work. John Hodges (M.D., Jefferson, 1939) brings his clinical acumen and teaching skill. Bernard Koft (Ph.D., Pennsylvania, 1950) and Robert Mandle (Ph.D., Pennsylvania, 1951) are bacterial physiologists, while Henry Stempen (Ph.D., Pennsylvania, 1951) is a morphologist with strong interests in medical mycology. Pasquale Bartell and Eileen Randall are graduate students who serve as Assistants as a part of their training.

A program of investigative work has been instituted within the past several years and is being pursued vigorously. Due to the range of interests, no single line is emphasized, for an opportunity must be given that each individual develop in his own specialty. For the most part the research work is supported by various grants. Dr. Goodner has continued his interest in applied immunology and he
together with several persons on the staff are engaged in studies connected with immunization against cholera and plague. Dr. Havens conducts an extensive research program on the subject of infectious hepatitis.

Both Dr. Goodner and Dr. Havens serve as advisors in connection with the Armed Forces Epidemiological Board. The Commission on Immunization of that board was actually organized here, and Dr. Goodner continues his service with that organization. Dr. Havens is a member of both the Commission on Liver Diseases and the Commission on Neurotropic Viruses. Each of these staff members has travelled extensively in connection with the work of these Commissions. Dr. Sawitz serves on the National Amebiasis Committee.

Courses for graduate students in the medical sciences were inaugurated in 1949. The department has been fortunate in the selection of students, and their presence has served as a marked stimulus to the interests of the staff members. The full effect of this program has yet to be realized, but a considerable amount of investigative work has already been achieved by these students. The degree of Doctor of Philosophy has been awarded to two candidates. The degree of Master of Science has been achieved by three. For the benefit of these students as well as of others who may be interested, a number of elective advanced courses have been organized.

Physically, the department occupies a large portion of the sixth floor of the College Building. As funds become available the various rooms are being refurbished and new equipment is being added. The present lay-out compares favorably with that of any medical school.

There are few tangibles which can serve as measures of success in teaching in any one department. Actually these yard-sticks would constitute false evidence, for this department as well as all others must strive to do its part in the over all program of medical training.
WILLIAM H. ZIEGLER, M.D.

Dr. William H. Ziegler, M.D., received his degree in medicine in 1880, and since that time has been a most loyal alumnus, always eager to assist in any way that will help to make a greater Jefferson. He has been a member of the Philadelphia Board of Education for the last thirty-five years. His hobby is fishing; during the summer he fishes near Ocean City and in the winter in Florida.

Dr. Ziegler has been spending the early part of 1952 at 231 N.E. 19th Street, Miami, Florida, where he will celebrate his 97th birthday April 4, 1952.

CHRISTMAS CONCERT

The annual Christmas Concert and carol singing in memory of Dr. Randal C. Rosenberger was held in McClellan Hall in the College on Wednesday, December 19th. The concert combines the choruses of the Medical Students and Nurses. A string ensemble directed by Dr. F. William Sunderman made a very pleasant addition. The evening’s entertainment added much to the spirit of Christmas and was enjoyed by all those who attended.

Dr. Frederick B. Wagner, Jr., Director, is to be congratulated on the fine work he has accomplished over the past seven years.

FACULTY PROMOTIONS AND NEW APPOINTMENTS

PROMOTIONS:
JOHN H. HODGES, M.D., from Associate to Assistant Professor of Medicine
WILLIAM J. SNAPE, M.D., from Assistant to Associate in Medicine (Cooper Hospital).
ANGELO P. ANGELDES, M.D., from Assistant to Instructor in Medicine (Lankenau Hospital).
ROBERT L. BRECKENRIDGE, M.D., from Associate to Assistant Professor of Pathology (Jefferson Hospital to pay salary).
JOSEPH F. McCLOSKEY, M.D., from Associate to Assistant Professor of Pathology (Methodist Hospital).
PHILIP TONG CHU, M.D., from Associate to Assistant Professor of Pathology.

NEW APPOINTMENTS:
IRVIN MORGANROTH, M.D., as Assistant in Pediatrics.
FREDERICK L. HARTMANN, M.D., as Associate Professor of Medicine (Lankenau Hospital).
RUBEN SHARP, M.D., as Assistant Professor of Medicine (Cooper Hospital).
WALTER A. CRIST, M.D., as Associate in Medicine (Cooper Hospital).
E. N. MURRAY, M.D., as Associate in Medicine (Cooper Hospital).
DANIEL B. PIEerson, Jr., M.D., as Associate in Medicine (Lankenau Hospital).
LOUIS MERVES, M.D., as Instructor in Medicine.
W. A. HALBEISEN, M.D., as Instructor in Medicine (Cooper Hospital).
EARL A. DAUGHERTY, M.D., as Instructor in Medicine (Lankenau Hospital).
NICHOLAS PADS, M.D., as Instructor in Medicine (Lankenau Hospital).
HENRY FELCH PAGE, M.D., as Instructor in Medicine (Lankenau Hospital).
L. A. PRINCIpATO, M.D., as Instructor in Medicine (Cooper Hospital).
RENDALL R. STRAWBRIDGE, M.D., as Instructor in Medicine (Lankenau Hospital).
H. ROEBLING KNOCH, M.D., as Assistant in Medicine (Lankenau Hospital).
CHARLES S. STAinNECKER, M.D., as Assistant in Medicine (Lankenau Hospital).
MORRIS L. YODER, Jr., M.D., as Assistant in Medicine (Lankenau Hospital).
GUSTAV W. ANDERSON, M.D., as Assistant in Neurology.
ABRAHAM FREEDMAN, M.D., as Assistant in Psychiatry.
PHILIP DARRELL GIBERT, M.D., as Instructor in Radiology (Cooper Hospital).
JOHN B. Flick, Jr., M.D., as Instructor in Surgery (Pennsylvania Hospital).
WILLIAM C. HERRICK, M.D., as Instructor in Pathology.
JASPER GLADSTONE CHEN see, M.D., as Assistant in Pathology (Effective July 1, 1952).
CHARLES N. WANG, M.D., as Assistant in Pathology (Effective July 1, 1952).
JOSEPH L. WILkerson, M.D., as Assistant in Urology.

RESIGNATIONS:
CAPERS B. OWINGS, M.D., Assistant in Otology.
VICTOR M. SBOROV, M.D., Research Associate in the Department of Medicine.

THE DEATH OF
CARL J. BUCHER, M.D., Associate Professor of Pathology.
(October 9, 1951)
Lieutenant Colonel Clarence B. Hewitt, Class of January 1944, has completed his third and final year of residency training at Letterman Army Hospital, San Francisco, as part of the program of career advancement for military medical personnel. The colonel is now qualified for certification in his medical specialty of urology. He is currently serving as assistant chief of the urology section at Letterman.

Colonel Hewitt was originally commissioned in the Infantry Reserve in 1940. He subsequently earned his doctor’s degree and joined the Army Medical Corps. He has seen service in Italy and Germany.

His wife, Emilee, and their two children, Larry, 6, and Richard, 4, are currently residing with him at Presidio of San Francisco. His father, Commander Orrin R. Hewitt, USN, Retired, lives in Vallejo, California.

Capt. Lewis E. Jones, USAF, ’47, (MC) was recently appointed Chief of the Research Requirements and Liaison Branch of the Aviation Medicine Division, Office of the Air Force Surgeon General.

His duties are concerned with determining, evaluating and reviewing Air Force medical research requirements and their implementation. The Branch also provides medical liaison with the USAF Director of Research and Development, and other governmental and civilian research groups.

Captain Jones pursued preliminary medical study at the University of North Carolina and received his MD degree from the Jefferson Medical College. He attended the Course of Basic Sciences given at the Army Medical Center Graduate School, and is board eligible in internal medicine. Married to the former Margaret L. Williams of Milford, Delaware, they have two children, Lewis, Jr. and Vance, and reside in Takoma Park, Maryland.

First Lieutenant Alfred S. Cook, Jr., ’47, 142 Dougherty Avenue, Fort Bragg, North Carolina, writes:

“I read with great interest the Christmas Issue of the Alumni Bulletin. I was particularly glad to see the news of several of my classmates of the class of ’47. I have lost contact with most of them and it is nice to hear about them from time to time.

I know I have been negligent in furnishing news of my activities since graduation. I will try to bring you up to date.

After graduation in May 1947, I interned for one year at Mercer Hospital, Trenton, New Jersey. The following year, 1948-49, I took a residency in medicine at the same hospital. In 1949-50 I took the course in Internal Medicine at the University of Pennsylvania Graduate School of Medicine.

In 1950 I entered the practice of Internal Medicine with my preceptor, Dr. J. F. Pessel in Trenton, New Jersey. In February 1951 I went on active duty with the Army and have been stationed at the Station Hospital at Fort Bragg.

Fortunately, I have been assigned to the Medical Service and have been able to practice my specialty. My particular duty is to head the Dependents’ Medical Clinic and Ward.

I am also fortunate to have my wife and two daughters, Sandra, age 5, and Mary Ann, age 3, with me. We have pleasant living quarters all things considered.

I appreciate receiving news from Jefferson whenever possible. I am enclosing a small contribution for the Alumni Fund. I wish I could afford more, but maybe better days will come soon.

May I wish you a most successful year in your Alumni Fund Drive.”

Lt. Colonel Stephan Mourat, S’44, of the Army Surgeon General's Office is now serving as Chief of the Psychiatry Branch in the Army Psychiatry and Neurology Consultants Division in Washington. He completed his residency training at Walter Reed Army Medical Center in July last year.

Colonel and Mrs. Mourat, the former Thelma Lee Sides of Taladega, Ala., and their two children, Stephen, Jr., aged 20 months, and Elizabeth Ann, 2 months, now live in Silver Spring, Md.
For many years the Hawaiian Islands have been represented by students at Jefferson who have returned home to become outstanding practitioners, both in general practice and in the specialties. Most of our alumni with their families live in Oahu and chiefly in Honolulu, but the islands of Hawaii, Kauai and Molokai are represented too. In addition to those alumni native to the islands, there are several who have gone out from the mainland to practice in this garden spot of the Pacific. From the time a visitor disembarks, whether by steamer or by plane, he is the recipient of hospitality in the true sense of the word. Leis, of gorgeous beauty, orchids, and the most exotic of native flowers are the gifts of these generous hosts to appreciative visitors.

When an invitation to participate in the Pan-Pacific Surgical Association Congress in Honolulu for November 1951 was accepted, we were soon contacted by Dr. Hoichiso Uchiyama ’29, President of the chapter, and by other alumni, anxious to arrange entertainment for Mrs. Scheffey, our daughter Cornelia, our Honolulu hosts Dr. and Mrs. Steele Stewart, and myself. Traveling from San Francisco on the “S.S. Larline,” we arrived early on the morning of November 7, receiving the famous Honolulu Aloha reception at the pier, numerous alumni and their families being in the welcoming group together with others officially present.

Prior to the scientific sessions there was an opportunity for sightseeing and visits with various alumni and their families in addition to the social program arranged for the visitors by the Pan-Pacific Surgical Association. The Hawaiians are proud of their history and there are many places of interest to be seen and enjoyed, not only in Oahu, but in the other islands too. There is much modern architecture to be seen, and the various Honolulu hospitals.
are adequate and well-equipped. Our alumni are on the staffs of the Queen’s Hospital, the Kapiolani Hospital (obstetrics and gynecology), St. Francis Hospital, Children’s Hospital, Shriners’ Hospital, and the Maluhia Home. The Tripler Army Hospital is a magnificent institution that also helps to serve the community. The scientific sessions were especially well arranged and attended, continuing for a week with an attendance of 700 physicians, the majority of whom came out from the mainland. The Philippines, Japan, Formosa, Australia, New Zealand and Alaska are participants in the Council of the Association, and were represented by physicians and surgeons from these areas.

The high lights of the visit from our viewpoint were the reception and Chinese dinner given in our honor at the beautiful restaurant, Waikiki Lau Yee Chai by Dr. and Mrs. Robert Wong ’36, and Dr. and Mrs. James Wong ’44, attended by the alumni and their families, by other Honolulu physicians and visiting doctors to the Congress; and the reception and Japanese dinner—“Sukiyaki”—at the picturesque Ishii Gardens, tendered officially by the alumni chapter, and attended by their families. Hawaiian and oriental costumes were worn and the menu served in traditional style with the diners sitting on the floor about a long, low table. Following Hawaiian entertainment there were talks by various alumni, eager for news of Jefferson and anxious to do their part in supporting their Alma Mater, for which they have tremendous enthusiasm. Thanking them for their gracious hospitality, we extended to them the sincere greetings of the parent body, which is so interested in them, and told them of the expansion and the new developments going on at Jefferson. The nineteen alumni present are identified in the accompanying group photograph, and another photograph, including the families as well, is a prized possession of Mrs. Scheffey and myself. We are happy to emphasize again how very much we were impressed by the warmth of the hospitality extended to us, how impressed we were with their enthusiasm for, and interest in all things Jeffersonian, and how proud we can all be of our worthy alumni upholding the traditions of Jefferson in the Territory of Hawaii.

LEWIS C. SCHEFFEY

ANNUAL GIVING AT HALF-WAY MARK
THEODORE R. FETTER, M.D., Chairman

The Fourth Annual Alumni Roll Call has now reached the half-way mark with a total of 1513 contributions for the sum of $49,316, as of February 13, 1952. While, at the moment, we are lagging somewhat behind last year's amount, we expect the total to rise substantially from now until the close on Alumni Day, June 11. Members of the Hospital Staff and the College Faculty have not been appealed to yet this year by their Class Agents, for Alumni Giving. The new policy approved by the Alumni Giving Committee has been to allow the Hospital Building Fund to complete Staff solicitation prior to presenting the appeal for the Alumni Fund.

The leading classes in amount contributed are 1908, Marshall C. Rumbaugh, M.D. and Frank M. Phifer, M.D., Class Agents, $2,434; 1928, Elmer J. Elias, M.D., Class Agent, $2,280; and 1934, L. K. Collins, M.D. and F. Johnson Putney, M.D., Class Agents, $2,256. The Class of 1894, Frederick H. Mills, M.D., Class Agent, leads in percentage of participation with 80%; while the Class of 1951, James B. Cox, M.D., Class Agent, is second with 39.7%; closely followed by the Classes of 1950, David J. Lieberman, M.D., Class Agent, and 1947, Martin M. Mandel, M.D., Class Agent, both with 39%. The two classes most recently graduated lead in number of contributors with 1951 in the lead, having 64 participants; and 1950 following with 55. Grouped in a tight race for third place honors are 1947, with 53 contributors; 1935, Joseph L. Finn, M.D., Class Agent, with 52 contributors; 1934 also with 52 contributors; and 1924, Aaron Capper, Class Agent, with 51.

As one of the Class Agents recently wrote, "I might add that Jefferson is going forward at a thrilling pace—never before have the strides been greater in academic growth and physical development. There are many new workers, much needed equipment and plans for increasing activities in research and teaching . . . It seems absolutely true that Jefferson cannot be stopped and as one may interpret the events of this forward movement are due largely to the loyal support of the Alumni."

I am confident that, as always, Jefferson Alumni will to the best of their ability maintain our high record of giving to the Annual Alumni Fund, an example which has no precedence in the United States. I, therefore, urge all Alumni who have not contributed, to do so in loyalty to their Alma Mater and for the continuance of the high standards of medical education set by Jefferson.

CHAPTER MEETINGS

On December 13, 1951, the Puerto Rico Chapter of the Jefferson Medical College Alumni held its annual meeting and social gathering. This meeting was held during the Puerto Rico Medical Association Convention December 12th to 16th in the Conference Room of Clinica Antillas. Clinica Antillas is a Tuberculosis Hospital whose board of Directors is presided by Dr. Jose Rodriguez Pastor, '21. The Chapter was the guest of Dr. Rodriguez Pastor. Of the 38 Jefferson graduates practicing in Puerto Rico the following were present:

Jose S. Belaval '04
Pablo Bonelli '06
Nicolas Sanabria '12
Edgardo Quinonez '16
Armando Garcia Soltero '16
Calixto Rodriguez '17
Cesar Dominguez '20
Julio Palmiero '20
Antonio Navas '20
Manual Maeso '21
José Rodriguez Pastor '21
Enrique C. Koppisch '27
Juan A. Pons '28
Manuel Garcia Estrada '29
Frank J. Veve '42
Armando Garcia Castillo '43
Manuel E. Carreras, Jr. J-44
Juan E. Veve '49
Agustin M. de Andino J-44
Simon Piovanetti Bonelli '51

The next meeting will be held late in May 1952 at the country home of Dr. Enrique Matta '12 located in Villalba, one of the high mountainous spots of Puerto Rico. At the meeting it is expected to appoint a new Board of Directors.

On Tuesday, February 12, 1952, the Hawaii Alumni group met in Honolulu, enjoying a delicious dinner and a profitable business meeting. The following officers were elected for the coming year:

President ......................... S. H. Tong '30
1st Vice-President .................. G. M. Halpern '34
2nd Vice-President .................. Robert Wong '36
Treasurer .......................... Randall Nishijima '41
Secretary ......................... Francis Au '49

Others present included: Out-going President, H. Uchiyama ('29), M. H. Li ('22), Benjamin Li ('29), Richard Chang ('23), L. T. Chun ('44), Albert K. T. Ho ('42), F. T. Kaneshiro ('40), Thomas Min ('40), S. Nishijima ('38), George Tyau ('31) and James Wong (J-44), G. Rosenheim ('45).

RICHARD D. MOORE (J-44)
Corresponding Secretary
Dr. S. Dale Spotts, Class of 1922, died at his home, 6101 Columbia Avenue, on February 1, 1952.

A native of Kelly Point, near Lewisburg, Pa., Dr. Spotts attended Bucknell University, where he received his degree in 1918. He was outstanding as an athlete as well as a Phi Beta Kappa scholar. He played basketball and baseball but was best known for his backfield work on the football team. Sports writers more than once referred to him as "the human torpedo."

In 1922, when he graduated from Jefferson, he was awarded the following prizes:

- The Henry M. Phillips Prize in Medicine.
- The Henry M. Phillips Prize in Surgery.
- The Pathology Prize.
- The Gynecology Prize.
- The Genito-Urinary Prize.
- The Pediatrics Prize.
- The Alumni Prize for the best general average gained in the entire course.
- The W. B. Saunders' Prize.

He served a two year internship in Jefferson Hospital. In 1924 he became an assistant to the late Dr. Warren B. Davis, and in 1925 became associated with the Philadelphia General Hospital and the late Dr. Harvey M. Righter, whom he eventually succeeded as chief in surgery.

His association with the late Dr. John F. X. Jones at St. Joseph's Hospital led to his appointment as Chief in Surgery at that Hospital.

He was a member of the County and State Medical Societies, the American Medical Association, the West Philadelphia Medical Club, the Jefferson Academy and the American Legion. He also was a fellow of the American College of Surgeons, a trustee of Bucknell University and President of the Philadelphia Bucknell Alumni Association.

In 1949 Bucknell University conferred upon Dr. Spotts the honorary degree of Doctor of Science, and in 1950 he was elected a trustee of the University.

His dynamic personality and love for work earned for him the respect and esteem of his associates and patients. His great sympathy and generosity were well known to all who knew him.

Dr. Spotts death is a real bereavement for Jefferson where his many friends will miss him and remember him with affection.

ULRICH MEMORIAL LECTURE

The annual Ulrich Memorial Lecture will be given on Wednesday evening, March 19, 1952, at eight o'clock in McClellan Hall. Nicholson J. Eastman, M.D., Professor of Obstetrics at Johns Hopkins, will speak on "Spontaneous Premature Rupture of the Membranes." This lecture is sponsored yearly by the Epsilon Chapter of Alpha Kappa Kappa in memory of the late George A. Ulrich, M.D., Clinical Professor of Obstetrics at Jefferson. All are invited to attend.

HARRY STUCKERT DIES

As the Bulletin goes to press we hear with regret and deep sadness that Dr. Harry Stuckert, '07, Assistant Professor of Obstetrics and Gynecology of the Jefferson Medical College, died Monday, March 3rd, 1952. The next issue will carry our complete information.
TWENTY-FIFTH ANNUAL BANQUET

The Twenty-fifth Annual Dinner of the Jefferson Society for Clinical Investigation was held on October 24, 1951, in the Mirage Room of the Barclay Hotel. The attendance was approximately 100, including Mr. Forde,er, Chairman of the Board of Trustees; Dr. Martin, Associate Dean; Dr. Nye, Retiring President and Assistant Dean; Dr. Hamrick, Medical Director of the Hospital; Founder Members; Emeritus and Active Members; and Associate Members, consisting of Fellows, Residents, and Interns.

Dr. Abraham E. Rakoff, Clinical Professor of Obstetric and Gynecologic Endocrinology, gave a scholarly oration on "Our Present Knowledge of the Estrogens" in which he traced the researches on this subject at Jefferson during the past 10 years.

Dr. Kenneth Goodner, Chairman of the Prize Committee, presented the McCrae Award to Dr. Paul Fried for his paper on "The Effect of Chorionic Gonadotrophin and Luteotrophin on the Maintenance of Corpus Lutem Function." Dr. Robert Breckenridge received the Eshner Award for his paper on "Sternocleidomastoid Tumors in Congenital Torticollis."

Dr. Frederick B. Wagner, Jr., assumed the Presidency of the Society for the forthcoming scholastic year. Other officers for the year are Dr. Russell Wigh, Secretary, and Dr. Joseph Long, Treasurer. Dr. Warren Lang is Chairman of the Program Committee.

ALUMNI PLACEMENT SERVICE

POSITIONS AVAILABLE

Wanted: Two Surgical Residents in Wilkes-Barre General Hospital.

Wanted: General Practitioner in Sharon Hill, Pennsylvania.

Wanted: General Practitioner in Salem, New Jersey.

Wanted: Associate in General Practice in New Kensington, Pennsylvania.

Wanted: Recent Graduate to take over office and practice of Jefferson Alumnus in Rural and Industrial small towns.

Wanted: Partnership in General Practice in Taneytown, Maryland.

Wanted: General Residency and General Practice available in Chambersburg, Pennsylvania.

Wanted: Recent graduate for General Residency in the Washington Hospital, Washington, Pennsylvania.

Wanted: Young graduate for Rural Practice in Lyme, New Hampshire.

Wanted: Assistant in General Practice in Phillipsburg, Ohio.

Wanted: Young Physician by large Railroad Company.

Wanted: General Practitioner in Somers Point, New Jersey, connected with 65 Bed Hospital.

Wanted: Full time Medical Director:

"A well-equipped institution with a wide range of interesting cases and staffed by doctors who have had excellent training in various parts of the country. The majority of the staff physicians are sincerely and deeply interested in the establishment of a sound educational program and in maintaining, improving and extending the intern and resident training. This has been done each year, but since all of these men are busy practicing physicians, they are unable to devote enough time to the above aims and programs to make them as comprehensive, complete and effective as they should be. As a result, we have decided to establish a Department of Medical Education and to appoint a full time Director who will be in charge of:

1. The intern and residency programs.
2. The educational programs of the House, Attending and Courtesy Staffs.
3. The Out-Patient Department.

We believe that the man who fills this position should be a physician who:

1. Has had excellent training and experience in various fields of medicine.
2. Is well acquainted with the organization and functioning of intern and residency programs.
3. Is keenly enthusiastic about both teaching and patient care.
4. Has had excellent organizational ability and interest.
5. Possesses leadership, imagination, ability to work with others, tact and courage.

We would prefer someone in his thirties or forties."
FACULTY NOTES

Dean Bennett addressed the joint meeting of the Medical Society of New Jersey and New Jersey State Dental Society (Essex Club, Newark, N. J.) December 19, 1951; they are considering ways and means for establishment of a medico-dental school.

J. Lawrence Angel, Ph.D., Associate Professor of Anatomy and Physical Anthropology (at the Daniel Baugh Institute of Anatomy) of the Jefferson Medical College, was among the 99 distinguished scientists who were elected to Fellowships in the New York Academy of Sciences on December 5, 1951, at its annual meeting held at the Waldorf-Astoria Hotel in New York City. Each candidate for this honor was nominated to Fellowship by the Council of the Academy from among the current 6,356 active and sustaining members of New York Academy of Sciences, in recognition of outstanding scientific achievements. The New York Academy of Sciences, organized in 1817, is the fourth oldest scientific society in the United States, and its present membership is located in all forty-eight states, the District of Columbia and forty foreign countries.

At Symposia held by the American Philosophical Society and the American Association for the Advancement of Science Dr. Angel recently spoke on the anatomy of the Palaeolithic human remains excavated by Dr. C. S. Coon at Hotu Cave in Northern Iran.

Dr. Mario A. Castallo, Assistant Professor of Obstetrics and Gynecology at the Jefferson Medical College, and Mrs. Castallo are making a tour of South America. They are flying from New York City on February 16th and will remain in Rio de Janeiro until February 27th. They are then going to spend several days in Montevideo and five or six days in Buenos Aires. From there they are going to Santiago in Chile, where they will remain about a week; then to Lima, Peru, where they expect to be the guests of Dr. Rodrigo Franco-Guerra, '26, who is Professor of Obstetrics at the San Marco University in Lima. They will then go to Quito, where Dr. Castallo expects to lecture to the students, and be back in the United States by the end of March.

Dr. John T. Eads, Assistant Professor of Medicine at the Jefferson Medical College, spoke at the meeting of the Gloucester County Medical Society in January at the Woodbury Country Club.

Dr. Lowell A. Erf, Professor at Jefferson Medical College, spoke at a Symposium on Cancer sponsored by the Oak Ridge Institute of Nuclear Studies and the United States Atomic Energy Commission at the annual meeting of the American Association for the Advancement of Science.

Dr. C. Wilmer Wirts, Assistant Professor of Medicine, Jefferson Medical College, has been invited to present a paper on “The Irritable Colon Syndrome” at the Indiana Academy of General Practice in Indianapolis, April 15-16, and to take part in a symposium on “Diseases of the Pancreas” at the Pan American Gastroenterological meeting in Mexico, May 11-15.

Dr. C. Wilmer Wirts and Dr. Martin E. Rehhus have received a renewal of their grant in the amount of $5,700.00 to study the effect of tea on digestion.

The following men have spoken to the First Year students at Daniel Baugh Institute of Anatomy:

February 25, 1952
Harold Cummins, M.D., Department of Anatomy, Tulane University, New Orleans.
Discussed some aspects of dermatoglyphics.

February 27, 1952
Dr. J. C. B. Grant, Professor of Anatomy, University of Toronto, Toronto, Canada.
Review of gross anatomy (highlights).

February 29, 1952
Dr. Joseph C. Hinsey, Dean, Cornell University Medical College, New York, New York.
Informal talk on medical education.

Dr. Wm. T. Lemmon, Clinical Professor of Surgery, Jefferson Medical College, was elected Treasurer of the Doctors' Hospital, 17th and Summers Streets, Philadelphia.

Dr. Robert B. Nye, Assistant Dean of the Jefferson Medical College, was presented a check for funds to be used in combating diabetes by the Philadelphia Diabetic Society at the Society's Luncheon in the Bellevue Stratford, November 29, 1951.

Dr. Abraham Cantarow, Professor of Biochemistry at Jefferson Medical College, spoke on “Diseases in Sex Hormones in Hepatic Diseases” at a meeting of the Hartford Medical Society December 3, 1951. Dr. Cantarow also spoke on Clinical Biochemical Problems at St. Francis Hospital on December 3rd.

Dr. Cantarow will speak on “Production of Neoplasms by Injection of Cell Fractions,” at the Second National Cancer Conference in Cincinnati on March 5th.

Dr. Bernard J. Alpers, Professor of Neurology, Jefferson Medical College, was elected vice-president of the American Board of Psychiatry and Neurology.

The Pennsylvania State Medical Society has named Dr. Theodore R. Fetter, President-elect, to confer with the Secretary of Welfare, William Brown, on bringing low state hospital charges in line with those of the Commonwealth's private hospitals.

Dr. Lewis C. Scheffey, Professor of Obstetrics and Gynecology and Head of the Department and Director of Division of Gynecology, Jefferson Medical College, was Visiting Chief at the Atlantic City Hospital during the week of January 27th.

Dr. Scheffey also acted as Moderator of a panel discussion at a regional meeting of the American College of Surgeons held in Atlantic City, N. J., February 12, 1952, entitled "Hysterectomy — Total, Sub-total, vaginal."

Dr. Baldwin L. Keys, Professor of Psychiatry, Jefferson Medical College, and consultant for the Veterans Administration and Philadelphia General Hospital, spoke on "Juvenile Delinquency" during a session under the joint sponsorship of the Civic Club of Philadelphia and the Women's City Club, December 13, 1951.

Dr. Peter A. Herbut, M.D., Professor of Pathology and Head of the Department at the Jefferson Medical College, and Director of Clinical Laboratories at the Jefferson Medical College Hospital, has recently published two volumes on Urological Pathology.

Dr. Paul H. Fried spoke at the Psychosomatic Forum of the American Psychosomatic Society and the Committee on Research of the American Psychoanalytic Association in New York on February 18, 1952, on "Pseudocyesis: A Psychosomatic Study in Gynecology."

Dr. Herman L. Rudolph, Clinical Assistant in Physical Therapy, delivered a talk on "Physical Medicine and Rehabilitation in the General Hospital" February 19, 1952, at a general staff meeting of the Sacred Heart Hospital, Allentown, Pennsylvania.

Dr. J. Bernard Bernstone, Associate Professor of Obstetrics and Gynecology, is leaving for Puerto Rico and will visit many of the Alumni there.
CLASS NOTES

1878 Andrew B. Harrison, M.D., Crescent City, Florida, writes: "I am enclosing contribution to the Alumni Fund for the Class of 1878. I hope the Association will have a successful collection this year."

1880 Adolph C. Herff, M.D., died Tuesday, February 19th, at his home, 312 Broadway, San Antonio, Texas. Dr. Herff was in his 93rd year. He was the son of a pioneer Texas physician, Dr. Ferdinand Herff. He gained his first medical knowledge from his father, whom he credited as being one of the finest physicians of all times.

While a medical student, Adolph Herff assisted his father in the world's second successful operation for making a permanent opening in a patient's stomach to introduce food which could not be taken by mouth. His first independent operation—opening the windpipe of a child—was performed on the porch of the child's home. The patient recovered.

1886 Chevalier Jackson, M.D., R. D. #2, Schwenkville, Pa., was honored at the Annual Founders' Day Dinner, Temple University, when he was given the Russell H. Conwell Award, presented each year to a non-alumnus who has distinguished himself in a special field.

John M. Thorne, M.D., Fox Chapel Manor, Guszuta Rd., Pittsburgh 15, Pa., writes: "The good wishes and flowers on my 87th birthday were very cheerful and pleasant."

1887 Dr. Frank L. Shaw's daughter, 209 Beacon Street, Boston 16, Mass., writes: "My father, Dr. Frank L. Shaw, was deeply touched by your gift of lovely flowers on his 88th birthday. He wishes me to thank you for your kind thought, and I can assure you that nothing could have given him greater pleasure."

Hayward G. Thomas, M.D., 594 Blair Avenue, Piedmont, California, writes: "A very beautiful bouquet from the Alumni Association arrived February 6th, and also your kind letter to me. This is a most gracious thing to do and it means a great deal to the recipient."

John T. Waltemeyer, M.D., 1475 Humboldt Street, Denver, Colorado, writes to Dr. Thomas that he has not been well and has been confined to his apartment. We hope he will improve soon.

1888 Mrs. Hubert W. Dudley writes: "In memory of Dr. Dudley I am sending a check to the Alumni."

Edgar M. Marbourg, M.D., 1825 N. Cascade Avenue, Colorado Springs, Colorado, writes: "The beautiful flowers which you so kindly sent to me upon my 87th birthday have touched me very deeply, and I want to express my heartfelt thanks for your very kind remembrance of the day. It will always be a memory which I will cherish.

When I look back upon the days when, as a student, I sat on the benches at the Jefferson lecture rooms and the amphitheatre (benches not so soft) and listened to the words of Professors Gross, Da Costa, Bartholomew, Forbes, Holland, Brinton and others as well as the Demonstrators, many of whom rose to eminence in later years.

"To bring up memories of those days is not a sign of old age but is a case of what Kipling said 'Lest we forget.'"

H. P. Lakin, M.D., North Wales, Pa., writes: "I wish to thank the Association for the beautiful flowers and your note of congratulations on my 87th birthday. They gave me much pleasure. It is not likely I will have many more birthdays to come."

William H. Rote, M.D., 415 Hepburn Street, Williamsport, Pa., writes: "I received today, my birthday, a most beautiful bouquet, and please accept my thanks."

1890 S. S. Cooper, M.D., 47 N. Owen Street, Lansdowne, Pa., writes: "I want to wish you and all Jefferson all that you desire, and the best wishes of the Season."

Milton H. Dougherty, M.D., 103 W. Keller Street, Mechanicsburg, Pa., died January 22 at his home.

Dr. Dougherty was a practicing physician in Mechanicsburg for sixty years. He was former clerk of the Cumberland County Courts, a former postmaster in Mechanicsburg, a former school director and a former member of the borough council. He is survived by his wife, three sons and a grandson.

1896 Jesse O. Arnold, M.D., Connellsville, Pa., writes: "I have entirely discontinued my practice."

Joseph A. Moenk, M.D., 29 Park Avenue, Park Ridge, New Jersey, sends us a telegram — "Thanks for birthday gift and best wishes on occasion of my birthday."

Byron F. Prunk, M.D., Knights of Pythias Bldg., Indianapolis, Indiana, writes:

"On December 20, 1952, my eighty-fifth birthday, you gave me the surprise of my life. There arrived at my home a beautiful bouquet of American Beauty roses from the Alumni Association. Later at the office I found a letter from Dr. Walking extending congratulations and best wishes to a Jefferson Graduate eighty-five years along."

"I want you to know how much I appreciate your thoughtfulness in remembering me. It gave me a great deal of pleasure.

"Although I retired five years ago I still maintain my office. It is good to keep up the old routine if only for a few hours a day."

Louis L. Thompson, M.D., retired Medical Examiner for the Shomokin, Pa., division of the Reading Co., died at his home, 522 Greenwich Street, Reading. Dr. Thompson became associated with the Railroad in 1896. He retired from his position after 50 years of service. He is survived by his wife and a sister.

1897 Gilbert D. Dare, M.D., 184 Cornelia Street, Plattsburg, New York, reports that he has given up practice but interests himself as custodian of the Kent-Delord House in Plattsburg, N. Y., which is a memorial of the Battle of Plattsburg and houses furnishings and other memorials of the owners at the time of the war of 1812.

To those of the Alumni who have occasion to pass through this section of New York State, I am sure it would be worth a visit. I will be glad if they will make themselves known to me.

William T. McMillan, M.D., 1928 N. Berendo Street, Los Angeles, California, reports that he has retired from active practice, being 80 years old last June. He and his wife celebrated their 54th Wedding Anniversary recently and are both feeling fine. Dr. McMillan takes care of his own lawn for exercise, and takes a drive nearly every day. Our congratulations and best wishes to Dr. and Mrs. McMillan.

W. A. Mitchell, M.D., Colfax, Washington, reports that he passed his 80th birthday on April 29, 1951, and while he has given up office practice, he still carries on as Physician to his County Infirmary. He hopes that he maintains his vigor and professional interests for many more years.

1898 A. Wingrove Daniell, M.D., 242 Long Lane, Upper Darby, Pa., writes:

"It was good to hear from one of my old classmates. Many times I have intended to 'phone you and even thought of calling on you — so near and yet so far.

"Have also attended many class reunions, but saw no one that I knew so felt out of place."

William J. Weaver, M.D., R. F. D. #4, Asheville, N. C., writes:
“Although I am in my 78th year I am still active and doing my regular General Practice.

“I am happy to be able to contribute to Dear Old Jefferson.”

1899

ALONZO H. DURHAM, M.D., 318 Grafton Avenue, Dayton, Ohio, died at his home of a heart attack.

Dr. Durham had practiced in Dayton for more than fifty years. He was past president of the Dayton Obstetric and Gynecological Societies. For fifty years he served as an elder of Westminster Presbyterian Church. In April 1931 he and his wife celebrated their Golden Wedding Anniversary.

He is survived by his widow, Constance Holmes Durham, a daughter and four sons, a brother and twelve grandchildren.

JAMES W. KENNEDY, M.D., Liberty Hall, Rt. 3, Junction City, Kansas, writes: “We are here in Kansas in my boyhood home, and I’m a farmer once again.”

1900

B. J. CALLAHAN, M.D., was retired from the Veterans Administration. He had had a long period of service in the Federal Government, entering the service as a medical examiner, Public Health Service, Des Moines, Iowa, later being transferred to the Wichita sub-district office of the U. S. Veterans Bureau, where he held the position of General Medical Examiner, both in the regional office and combined facility.

HENRY L. BASSETT, M.D., Yardley, Pa., writes: “I am sending you a drop for your bucket for 1901. Hope you hit the 100%, why not?”

EDMOND DOAK, M.D., Taylor, Texas, writes: “I’m located in the City of Taylor, Texas, in the heart of the richest cotton country in the State. For the past fifty years I have enjoyed a very extensive practice and surgery, and though not entirely retired at present, I am limiting my activities to the ones most interesting and remunerative. For the past ten years I have acted in the capacity of City Health Officer and with the County Health Unit. This has given me ample opportunity for educational and personal contacts to bring about a remarkable change in the sanitation and hygienic living not only among the individuals but in many city administrative projects for a cleaner and healthier community.

“Some really gratifying and remarkable results have been accomplished as underground sewerage, standard inspection, garbage disposal, regulation inspection of foods as well as careful examination of individuals so engaged, etc., etc.; in fact, all standard recommendations of State and National Health Agencies. Thus proving that these activities in smaller places can be successfully and profitably accomplished. Our State Health Department informs me that in discussing sanitation in other towns they frequently quote “This is the way it’s done in Taylor.”

“All this is not without reward, for this year I received a beautiful plaque from the City of Taylor, having been voted by the citizens as the most Unselfish and Outstanding Citizen for 1951. It may be egotism, but I do feel and appreciate very highly that honor. I regret that I have performed no greater deeds, but have gotten great satisfaction from the results of my efforts so far.”

SIMEON M. FREEDMAN, M.D., a practicing Dallas physician for more than fifty years died at his home in the Maple Terrace Apartments.

He was known for the extent of charitable work he did for his patients. He was affiliated with every hospital in Dallas for 51 years and was for 8 years on the Dallas County Board of Health.

He was a member of the board of St. Paul’s Hospital, a member of the State and National Medical Associations, a member of the Dallas County Medical Society and a fellow of the American College of Physicians.

SIMON SHAHAM, M. D., S. E. Cor. 9th & Snyder Ave., Philadelphia 48, Pennsylvania, writes to Dr. Stauffer:

“I was glad to see you at the County Medical Society, and I am glad to know that there are still 41 of our class around.

“As to my health, I feel pretty good now. I had a bad 1950 — on September 5, 1950, I met with an accident that threw me against my steering wheel, which bent in half. Fortunately, I didn’t fracture my sternum, but I was laid up for eight weeks. Last July I was again taken to the hospital but have been slowly regaining my health.”

Dr. NATHAN STAUFFER received a letter telling him of the unfortunate accident Dr. BENJAMIN W. HORNE, 1908 E. Allegheny Avenue, Philadelphia, Pennsylvania, had. We are glad to hear that Dr. Horne is improving.

A friend of Dr. Horne’s writes: “There never was a more sincere physician in my opinion. He is good and always loyal to his patients. He practices medicine to help the afflicted and not to accumulate money. He never has a patient returning to his office for something that is a job for a specialist. He has practiced medicine for more than 50 years and never sent a single bill. There are many old patients in Kensington who will miss him.”

EDWIN STEINER, M.D., 33 Lincoln Park, Newark, N. J., writes:

“I want you to know that I enjoyed having you and some of our classmates at the reunion.

“Although I am a Consulting Gynecologist, I still do surgery and maintain an office.

“I am physically well and play golf every week (the vis-a-tirgo is not what it used to be). I have just passed 74, and I feel like the late Chief Justice Holmes expressed himself (If I was only 20 years younger).

“It was nice to hear from you and I want to wish you many years of happiness and good health.”

1902

JAMES C. BURT, M.D., 6 Von Long Place, Pittsburgh, Pennsylvania, Chief Surgeon at Allegheny General Hospital, died January 18. He is survived by his wife Margaret C. Burt.

1903

MEYER J. KATZ, M.D., 449 E. 14th Street, New York 3, New York, writes:

“I was shocked to read about Dr. Hudson. I think we are getting old. I am enclosing a check. I would like to send a larger amount but I have so many demands that I must contribute accordingly.”

FREDERICK C. SMITH, M.D., writes: “Thanks for acting for the Class of 1903. Sorry to hear about Harry Hudson. My new address is 2301 Connecticut Avenue, Washington, D. C.”

1904

EBEN ALEXANDER, M.D., Box #546, Knoxville, Tennessee, writes:

“I don’t believe any accomplishments of mine are worthy of note. I entered Jefferson in my junior year from the University of North Carolina, worked awfully hard and by the Grace of God got one of the appointments at Mount Sinai in New York City, where I spent four wonderful years. Since that time I have done surgery and obstetrics here, have had the happiest life of any man I know of. My son is now Professor of Neurosurgery at Bowman Gray School of Medicine in Winston-Salem.”

LUCIUS L. HOWWOOD, M.D., Colonel U. S. Army Retired, 227 Burr Road, San Antonio 9, Texas, writes:

“Incidentally, I read with interest the doings of Jefferson as portrayed in the several publications put out by the Alumni Association and coming to me now and then. They are appreciated. The magnificent growth in every
way that has been Jefferson's since my graduation — Class of 1904 — is something that in the telling seems akin to a fairy tale — excepting that it is true.

CHARLES FAY LONGFELLOW, M.D., died suddenly January 30, 1951, of a heart attack. Dr. Longfellow was President of the G. W. Camrck Co., Newark, New Jersey, and had been vice-president and Medical Director of the Pharmaceutical house for the last 30 years.

He is survived by his wife, a son and three grandchildren.

LeRoy C. WaggoneR, M.D., Brownsville, Pennsylvania, writes to Graydon D. Mervine — "There is not much to tell you about myself except that I am still working at the office and doing some operating. I am hoping that I will be able to attend the meeting in June."

1905 GEORGE S. SPENCE, M.D., died at his home, 726 Grape Street, Vineland, N. J., after a prolonged illness. He is survived by his wife, a son and a daughter.

J. HARRIS UNDERWOOD, M.D., Woodbury, N. J., co-founder of the Hospital which bears his name, delivered the 10,000th baby since he began practicing medicine 46 years ago. The baby girl will be named Sara Ann Underwood Young in honor of the Physician's wife.

Dr. Underwood was given a testimonial dinner by the Woodbury Kiwanis Club in recognition of his Community Service since establishment of the Hospital in 1916.

WALTER C. SHAW, M.D., 102 Center Street, Ridgway, Pa., died December 8, 1951, following a long illness. Dr. Shaw was a former Chief Surgeon at the Ridgway and St. Mary's Hospital and was a Fellow of the American College of Surgeons. He served with the National Guard during the Mexican Border Campaign and also served during World War I. He is survived by his widow, a son and a daughter.

1908 HENRY L. MECCKSTROTH, M.D., has been ill for some time, and is now in the Nursing Home, St. Marys, Ohio, and will enjoy hearing from his classmates.

OTTO M. ROTT, M.D., 1828 - 1st Avenue, Spokane, Washington. We are glad to say that Dr. Rott, who has been ill for some time, is fully recovered and would be pleased to hear from any of his classmates.

ROBERT C. KIRKWOOD, M.D., 3810 Chesapeake Avenue, Hampton, Va., tells us that he has been ill for some time but is improving daily. We hope it won't be too long before Dr. Kirkwood is again able to take up his duties.

FRANK M. PHIEER, M.D., is sojourning in Miami. Any of his classmates who would like to write to him may do so care of F. B. Miller, 2215 S.W. 57th Court, Miami, Florida.

JOHN M. SMITH, M.D., 4288 Main Street, Rowland, N. C., died February 18, 1952, after a long illness. He is survived by his widow.

1909 JOEL T. HOLCOMB, M.D., Marine on St. Croix, Washington Co., Minn., says, "Greetings to the Class of 1909."

1915 SAMUEL F. GORSON, M.D., 2005 Pacific Avenue, Atlantic City, New Jersey, died January 27, 1951, of a heart attack. He is survived by his wife Clara and a son, Dr. Jerome J. Gorson of Philadelphia.

EDWARD I. SALISBURY, M.D., F.A.C.S., Medical Director, United Fruit Company, writes: "I have a son, Edward, who is now in the second year at Jefferson. I have another son, a senior at Villanova, who will be getting a Commission in the Navy in June as he is in the R.O.T.C. there. My youngest son is in High School and has not yet made up his mind what he wants to do so there may be a chance of still having another doctor in the family."

J. H. WATSON, M.D., 1341 Dyre Street, Phila., Pa., writes to his Class Agent for Annual Giving, "Sorry not to give more, but not being in practice prevents me from doing so."

1916 NORMAN M. MACNELL, M.D., 5707 N. Chew Street, Philadelphia, Pa., has become President of the American Catholic Historical Society.

CHARLES F. NETZEL, M.D., 205 Nesbitt Street, Plymouth, Pa., Chief of Surgical Service at Nesbitt Memorial Hospital, Kingston, died January 18, 1952, of a heart attack.

1919 HARRY S. FIRST, M.D., 6317 Wilshire Blvd., Los Angeles, California, has recently been made Professor Emeritus of Obstetrics and Gynecology of the College of Medical Evangelists, Los Angeles.

R. D. GREEN, M.D., Chief Medical Officer, Veterans Administration, 2501 W. 22nd Street, Sioux Falls, South Dakota, writes Dr. Burgess Gordon, President, Woman's Medical College, Philadelphia 29, Pa., as follows:

"I was very happy to receive your letter and wish to congratulate you on your new position as President of the Woman's Medical College of Pennsylvania. I have also read within the past few months the articles in the Saturday Evening Post as well as in Post Graduate Medicine regarding your work on siliconis. It is quite refreshing to note that some of our boys have been able to get above the sticks."

HENRY SLEEPER MARTIN, M.D., 113 W. Buffalo Street, Warsaw, New York, writes Dr. Burgess Gordon:

"Thank you for your recent letter. It's good to know that you are now settled down in your new office as President of the Woman's Medical College. Please accept my hearty congratulations on your new position of great responsibility. I am positive that the College made a wise choice.

"The Class of 1919 would greatly regret losing you for Class Agent — possibly you can see your way to continue. Quite probably you are excessively busy. I am also very busy. In October I got the job of President of the Eighth District Branch of the New York State Medical Society. The District comprises eight Counties of Western New York with sixteen hundred fifty physicians."

A. J. ORENSTEIN, M.D., Johannesburg, Africa, was elected an Honorary Fellow of the Royal Society of Medicine.

1920 DR. AND MRS. HAROLD RAMBO, 5525 Wayne Avenue, Philadelphia, Pa., announce the engagement of their daughter, Miss Elizabeth Rambo, to Mr. Richard Fred Holliday of Philadelphia.

SAMUEL A. THOMPSON, M.D., 850 Park Avenue, New York, N. Y., spoke at a meeting of the Harrisburg Academy of Medicine December 18, 1951, on "The Surgical Rehabilitation of the Coronary Cripple."

1921 CAPTAIN JOHN M. BREWSTER, M.C., U.S.N., writes: "Sorry it can't be larger, but it's a rugged season for such a cause."

DR. AND MRS. WILLIAM T. LEMMON, Ardmore, Pa., announce the engagement of their daughter, Miss Jane Pierce Lemmon, to Mr. LeGrande Ridgway Howell of East Monriches, Long Island.

1922 FRANCIS T. O'DONNELL, M.D., 345 N. Main Street, Wilkes-Barre, Pa., has been a recent patient in the Wilkes-Barre General Hospital. We wish him a speedy recovery.

1923 ERNEST L. NOONE, M.D., Wilde Avenue and Cedar Lane, Drexel Hill, Pa. — "Sorry it's not more."

1924 BENJAMIN CHANDLIE, M.D., 1132 Kenyon, Frankford, Phila., Pa., died January 6, 1952.
Dr. Chandler was Chief of Staff at the Frankford Hospital for the past ten years. He was clinical instructor at the Woman's Medical College and a member of the American College of Surgeons.

O. Spurgeon English, M.D., 3401 N. Broad Street, Philadelphia, Pa., addressed the J. H. Brown Home and School Association at the Brown School Auditorium January 16th. His subject was "How to be a Good Father to Grade-school Children."

1925 Vincent A. Androfe, M.D., 302 S. Main Street, Scranton, Pa., was elected to active fellowship of the American Academy of Obstetrics and Gynecology.

1927 Charles B. Bertolet, M.D., 39 N. 23rd Street, Reading, Pa., has just returned from a trip to Florida which he took with Mrs. Bertolet. They enjoyed the tour sponsored by the Audubon Society, flew to Nassau and returned by boat from there.

Leo M. Levi, M.D., Radiation Therapist at the Los Angeles County Hospital, Associate Professor of Radiology, School of Medicine, University of Southern California and College of Medical Evangelists, died at the Hospital of the Good Samaritan on December 25, 1951.

1928 C. Kenneth Schloss, M.D., 11 E. Xenia Drive, Fairborn, Ohio, writes: "Not too much — but I haven't missed a year in giving yet. I have two boys in College — one of which I hope to have in Jefferson in two years."

1929 Ruben Davis, M.D., 1513 Surrey Avenue, Phila., Pa., died December 24, 1951. Dr. Davis was Assistant Professor of Medicine at Temple University School of Medicine and a staff physician at R.C.A. Victor in Camden, N. J.

1930 David A. Boyd, M.D., Professor of Psychiatry in the Graduate School of the University of Minnesota and consultant to the Mayo Clinic, has been elected secretary-treasurer of the American Board of Psychiatry.

Francis J. Braceland, M.D., Hartford, Conn., Psychiatrist-in-chief of the Institute of Living, has been elected President of the American Board of Psychiatry and Neurology. The election took place at the meeting of the Board in New York City. Previous to his election Dr. Braceland had been serving as secretary and treasurer.

Henry D. Staley, M.D., Sonoma County Hospital, 3325 Chanate Road, Santa Rosa, California, writes:

"I recently received a letter from Frank Braceland, having noted in a late issue of Medical Economics that he had been appointed head of some psychiatric setup at the Institute of Living in Hartford, Conn. He seems to be the same old Frank and apparently the cares of the world have not made any inroads upon his sense of humor.

"I also recently received a letter from Joe Cocke, Headquarters of the Third Army, Fort McPherson, Georgia. I haven't seen Ed Guyer since we went to Seattle last spring to attend the meeting of the Western Hospital Association. He seems to be doing quite well and enjoying life."

1931 Austin F. Brunner, M.D., of 144 Garvin Blvd., Sharon Hill, Pennsylvania, died December 2, 1951. He was a member of the staff of the Methodist Hospital and the Taylor Hospital, Ridley Park, Pa. He is survived by his wife and two sons.

Charles D. Driscoll gives us information regarding Rollin H. Smith, M.D., West Plains, Missouri. Dr. Smith is one of the vice-presidents of the Missouri State Medical Associations, Coroner of Howell County, Missouri, City Physician of West Plains and is starting construction on a $30,000.00 Medical Clinic.

Nathan M. noble, M.D., 900 W. Fisher Ave., Phila. 41, Pa. — "Only news of interest I can think of is

1. My marriage in June 1951.
2. Promotion to full Colonel in Medical Corps Reserve, in which I am still quite active."

J. Thomas Williams, M.D., 1238 S. Main St., Wilkes-Barre, Pa., was advanced from Assistant Surgeon to that of Associate Surgeon in the Department of Surgery at the meeting of the Board of Directors of the Wilkes-Barre General Hospital.

1932 Stiles D. Ezell, M.D., 9 Highland Ave., Middletown, New York, has been selected Secretary to the New York State Board of Medical Examiners and will discontinue his practice of Medicine as of February 1st.

F. Frederick Fortin, M.D., 20 Maple Street, Springfield, Mass., writes: "It occurred to me that we might have some fun at our 20th reunion with a Class Survey."

Dr. Francis D. Maloney's new address is 821 Franklin Avenue, Garden City, New York.

1933 Anthony Ruppersburg, Jr., M.D., 500 S. Drexel Ave., Columbus, Ohio, is still doing fine work with the Ohio Chapter. Congratulations!

1934 Leonard A. CINBERG, M.D., 1951 W. Erie Ave., Philadelphia, Pa., writes: "You ask for news items. Not much to report on myself — same daily busy routine, and the years whiz by with alarming speed. Only thing new with me is the fact that I finally had enough guts to take the Board Examination in Internal Medicine during the last year and passed them (much to my surprise)."

Stephen A. Jonas, M.D., 203 Prospect Street, Nanticoke, Pennsylvania, was promoted to Attending Surgeon (1950) at Mercy Hospital, Wilkes-Barre, Pa.

Roscoe P. Kandle, M.D., 20 Edgemere Ave., Trenton 8, N. J., writes his Class Agent, "Your conscientious work does not go unappreciated, we like your patience and insistence too."

Arthur F. Liu, M.D., 45 Mott Street, New York City, took a little vacation to Virginia.

Edward F. Rosenberg, M.D., 109 N. Wabash Avenue, Chicago, Illinois, has been taking a European trip.

Harold J. Shanks, M.D., 800 Main Street, Pleasanton, California, writes that he has been doing General Practice in Pleasanton for the past sixteen years. He has two daughters, the eldest one is married and the youngest is a sophomore at the University of California. Harold Junior will soon be twelve.

1935 J. Douglas Corwin, M.D., 55 Morgan Ave., Washington, Pa., tells us that his oldest son will be admitted to the first year class of Jefferson in September, 1952. Dr. Corwin says that he is glad that it is his son and not he about to enter Medical School.

Jean G. N. Cushinig, M.D., 11 E. Chase Street, Baltimore 2, Md., is Assistant Professor of Psychiatry at the Baltimore Psychoanalytic Society and President-elect of the Maryland Psychiatric Society. He will read a paper on "The Social Impact of Individual Psychotherapy" at the
National Meetings of the American Psychiatric Association in May in Atlantic City. Jean has a son 10 and a daughter 7. His wife, Mary, is also a practicing psychiatrist.

ERNEST E. HARKSHMER, M.D., 420 S. Wood Ave., Lindentown, New Jersey, is practicing in Linden, doing EENKT. His hobby is tournament bridge and he is a senior master in the national ratings.

R. MARVEL KEABY, M.D., 401 - 4th Avenue, Altoona, Pa., has been certified by the Pediatric Board. At the last meeting of the Academy of Pediatric Meetings, Sprigg Jacobs, Tom Kochendoff and Keagy had a small class reunion. They are all certified pediatricians.

JOHN A. MCCORMICK, M.D., 225 S. 69th Street, Upper Darby, Pa., is president-elect of the Delaware County Medical Society. He is chief of Obstetrics and Gynecology at Misericordia and Fitzgerald-Mercy Hospitals. John resides at "Inis Cara" in Wallingford, Pa. He has four boys and two girls.

Seth Revere, M.D., 822 S. 17th Street, Chickasha, Oklahoma, is associated with the Chickasha Hospital and Clinic.

1936 Richard R. Cameron, M.D., Lt. Col., MC USA, Fitzsimons General Hospital, Denver 8, Colorado, writes: "It is very gratifying to see Jefferson holding her head proudly during this uncertain period of national, social and economic crisis. One can do very little planning concerning the future these days. I certainly hope to get back to Philly some day and have a small reunion with some of you good people."

John L. Gompertz, M.D., 3420 Webster Street, Oakland, California, writes: "As you may notice we have moved to a new address. Taking in a third partner made more room necessary."

Alexander E. Pennes, M.D., 6333 Wilshire Bldg., Los Angeles, California, writes, "Once again I am happy to make my contribution to the Annual Roll Call."

Nicholas R. Varano, M.D., Box #2, Buckros Beach, Virginia, "I am finishing a Residency in Urology."

R. L. Weinstein, M.D., Weinstein Clinic, Fairmont, North Carolina, writes, "Will see you after January 1st. Hope you are fine — I am still working too hard."

1937 Dr. and Mrs. John J. O'Keeffe of Merion announce the birth of twin sons December 8, 1951, Scott O'Keeffe and Barry O'Keeffe.

1940 Dr. Franklin C. Fetter, M.D., has been appointed administrator of the Albert Einstein Medical Center's Northern Division, formerly Jewish Hospital.

Louis T. Gabriel, M.D., announces the opening of his office for the practice of General Surgery at 941 Hamilton Street, Allentown, Pa.

1941 Manuel G. Carmona, M.D., announces the opening of his office for the practice of General Surgery at 1938 Harrison Street, Professional Building, Hollywood, Florida.

Charles Appel, 56 Lexington Street, Watertown, Massachusetts, writes that he is doing Internal Medicine in suburban Boston.

John F. Appel, M.D., 42 Brookline Street, Holyoke, Massachusetts, writes: 'I notice that the Jefferson Medical College Alumni Fund is being looked up to by the Profession as a whole, as noted in the editorial page of the 'New England Journal of Medicine,' Page 35-36. Good work.'

Clement A. Lightcap, M.D., 2754 Springhill Ave., Mobile, Alabama, writes: "Glad to know our Class had such an enjoyable reunion. Certainly wish that I might have been there."

1945 John C. Beard, M.D., writes: "At the present time I have a residency in surgery at the John Gaston Hospital, Memphis, Tennessee. The hospital is the teaching institution for the Medical School of the University of Tennessee. The Medical School graduates from 180 to 200 men each year."

"I see Wilford Gragg and Hubert Turley rather often, but must admit not often enough. Hubert completed his residency in Urology at the Gaston about a year and a half ago and is now practicing in Memphis and is doing well. Wilford has another year and a half to go before he completes his residency in Thoracic Surgery."

John C. Kelleher, M.D., 1050 Secor Hotel, Toledo 4, Ohio, writes: "I have just completed my first year of practice of plastic and maxillofacial surgery here in Toledo and it has been most encouraging. I found the surroundings pleasant, the professional associations very pleasant and cordial and all together it looks like it's going to be a good town to hang my hat for the next twenty years. That is, if it's not interrupted with another hitch of duty with Uncle Sam."

Dr. and Mrs. Charles F. Taylor, 715 Market Street, York, Pennsylvania, are being congratulated on the birth of a son, Barry William Taylor, born February 20, 1952.

Raymond F. Hain, M.D., has accepted an appointment to the staff of the Pathology Department of the University of Washington in Seattle.

James H. Lee, M.D., is stationed with the U. S. Naval Hospital, Beaufort, South Carolina.

William T. Lineberry, M.D., Lt. MC USN, U.S.S. Yellowstone AD-27, c/o F.P.O., N. Y., N. Y., writes:

"I have been keeping in touch with the changes at Jefferson by means of the Alumni Bulletin which I have been receiving, and I must say it is growing by leaps and bounds. I regret that my duty in the Navy made it impossible for me to attend the last Alumni Reunion but perhaps when my ship returns to the United States I will be able to attend the next one."

"I have met Lt. (jg.) Robert Kienhofer, Class of 1950, at the U. S. Naval Hospital, Newport, Rhode Island, but chances are that he may have been transferred elsewhere by now. My ship was in Newport last summer and fall, and at that time I also met Lt. (jg.) John R. Bowen (MC) USN, Class of 1947, who was at that time on the U.S.S. Rehoboth AGS-50, c/o F.P.O., N. Y., N. Y. Lt. Robert Rowan (MC) USN, Class of 1945, is stationed at the U. S. Naval Dispensary, Naples, Italy (via Oranzio, No. 15-A). My mother saw him in October while she was on a tour in Naples. I expect to see him in February when my ship visits Naples.

"While in Newport, R. L., I managed to get to Providence to visit Vincent M'Andrew, a classmate of mine (Jefferson 1945) who is now in a Urology residency at Rhode Island State Hospital. My ship left the United States in October 1951 and since then we have been travel-
ling about the Mediterranean as part of the Sixth Fleet. The cruise has been most interesting and to date we have visited Cannes and Golfe Juan, France, Suda Bay, Crete, Piraeus, Greece, Cagliari, Sardenia, Augusta, Sicily and Cartagena, Spain. I was able to go on tours to Athens, Greece, and Paris, France, both of which I found most interesting. I am the senior medical officer on the ship and have another doctor and three dentists on board. My department functions as a hospital for all the smaller ships without doctors or hospital beds. I consider it to be very good sea duty, but of course will be looking forward to the time my tour is up and can expect shore duty at a naval hospital where I can do full time surgery."

1947 NORRIS M. BEASLEY, M.D., announces the removal of his office to 1020 E. Broward Blvd., Fort Lauderdale, Florida. We hear from DR. AND MRS. CHESTER L. SCHNEIDER, Glennallen, Alaska, that "The hospital resembles a building now, with the sides up, roof on, and two doors on. The windows are on their way up here from the States. It is very slow work when most of it is done by one person, mainly Vincent Joy. Chet Schneider and Chuck Parmenter help when they have time, but that is not the steady help Vincent really needs. The medical work and starting a hospital is certainly a big undertaking."

John A. Surmonte is now in Japan. His address is 1st Lt. John A. Surmonte, #02028267, A.P.O. 613, c/o Postmaster San Francisco, California.

ARTHUR VAUGHN, JR., M.D., is a Captain in the Air Corps, U.S.S., stationed in Omaha, Nebraska, with Captain La Max's Flying Unit. His father is Dr. Arthur Vaughn, '19.

1948 JOHN DANIEL BEALER, M.D., Lt. (jg.), is now Senior Medical Officer U. S. Naval Supply Act, 29th Street and 3rd Avenue, Brooklyn 32, New York.

ALBERT J. FINGO, M.D., office address is 1201 DeKalb Street, Norristown, Pa.

PAUL G. BRENNEIAN, M.D., writes: "This is to notify you of a change of address from Kansas to La Plata, Puerto Rico.

"I am working in a small mission hospital with another American doctor. I have found the work to be very interesting and at times quite challenging. I plan to be here for only two years and then return again to the states.

"I shall be looking forward to receiving the Bulletin from time to time."

1949 SAMUEL M. CLEVELAND, M.D., Merion, Pa., died suddenly November 22, 1951, at the Fitzgerald-Mercy Hospital, Darby, Pa. Dr. Cleveland leaves a wife and two daughters, a son and his mother.

1950 THOMAS J. DOUGHERTY, M.D., 132 S. White Street, Shenandoah, Pennsylvania, was married to Miss Letitia Collins of Mahanoy City, Pennsylvania, January, 1952.

After a honeymoon trip to New York, Dr. Dougherty will enter the United States Navy. He will serve as a lieutenant (jg.) at the Philadelphia Naval Hospital.

SHERROD N. WOOD, M.D., is now living in Enfield, N. C. His previous address was Scotland Neck, N. C.

1951 LEON SHMOKLER, M.D., Mt. Sinai Hospital, Phila., Pa., has announced his engagement to Miss Eleanor Friedman of 5358 Akron St., Phila. The wedding will take place in the Spring . . . Congratulations!
