TO THE STUDENTS OF JEFFERSON

OUR MEDICAL COLLEGE WAS ESTABLISHED IN 1825 THROUGH THE VISION, INITIATIVE, AND GENEROSITY OF A SMALL GROUP OF PHYSICIANS. LOYAL ALUMNIS AND FRIENDS HAVE SINCE CONTRIBUTED TO ITS SUPPORT AND TRADITIONS. THESE BENEFACIORS ASK NO RETURN SAVES THAT YOU MAKE THE MOST OF THE OPPORTUNITIES THEY HAVE HELD TO PROVIDE, AND THAT YOU, AS FUTURE ALUMNI, CARRY ON THEIR FAITH IN YOU IN MEDICINE AND IN JEFFERSON.

THE ALUMNI OF JEFFERSON

PUBLICATION COMMITTEE

Mrs. Melrose E. Weed, Executive Secretary
Alumni Office of The Jefferson Medical College
1025 Walnut Street, Philadelphia 7, Pa.
A MESSAGE FROM THE PRESIDENT

To the members of the Alumni Association:

It is a privilege, on behalf of the officers and members of the Executive Committee, to extend to you a special invitation to be present for the activities of Commencement Week.

Elsewhere in the Bulletin you will find a detailed listing of the many events which have been arranged for your interest and enjoyment. We do hope that you will join with us during these days.

There is no greater inspiration to the faculty, administration, or the Board of Trustees, for the building of a greater Jefferson than that which derives from the returning at Commencement time of the large number of alumni from all over the world.

We know that you will be richly rewarded and Jefferson will be immeasurably strengthened. We look forward to seeing you.

Cordially yours,

President
A MESSAGE FROM THE DEAN

May 12, 1954

My dear Friends:

As the months go by I look forward with pleasure to the time when I send you a letter of greeting and invite you to come to the Commencement festivities. We deem it a great pleasure to have you with us through Commencement Week, and I trust you will permit nothing to interfere with your coming this year.

Jefferson is constantly growing, you will be interested in noting the many changes that have been made; we hope there will always be something new for you to see when you visit us.

We are keenly aware of your unwavering interest in your Alma Mater. We are proud of our Alumni and their achievements; they hold a very special place in our hearts.

Trusting I shall see you in June and have the pleasure of greeting you personally, I am

Cordially yours,

[Signature]

George A. Bennett, M.D., Dean
For many years the Department of Pathology of the College and the Department of Clinical Laboratories of the Hospital were completely separate units. With the retirement of Professor Virgil H. Moon in June, 1948, Doctor Peter A. Herbut, who was then Assistant Director of Clinical Laboratories and Assistant Professor of Pathology, was appointed Professor and Head of the Department of Pathology and with the death of Doctor Carl J. Bucher, in October 1951, Professor Herbut was also appointed Director of Clinical Laboratories. Thus two closely related major departments were for the first time combined under one directorship. Physically, the Pathology division occupies the entire fifth floor of the College while the Clinical Laboratories division will occupy most of the third floor of the New Hospital on Eleventh and Walnut Streets and also comprises separate laboratories on the eighth floor of the Curtis Clinic and the fourth floor of the Barton Memorial Hospital.
PERSONNEL

The present permanent professional personnel consists of the following:

PETER A. HERBUT, M.D., Professor and Head of the Department and Director of Clinical Laboratories.

DAVID R. MORGAN, M.S., M.D., D.P.H., Associate Professor and Curator of the Museum.

MARSHALL M. LIEBER, M.D., Associate Professor.

JOSPEH STASNEY, M.D., M.S., Associate Professor.

A. REYNOLDS CRANE, M.D., Assistant Professor.

WILLIAM T. READ, JR., A.B., M.D., Assistant Professor.

JOSPEH F. MCCLOSKEY, A.B., M.D., Assistant Professor.

ROBERT L. BRECKENRIDGE, A.B., M.D., Assistant Professor and Associate Director of Clinical Laboratories.

WILLIAM V. MCDONNELL, A.B., M.D., Assistant Professor.

WILLIAM C. HERRICK, B.S., M.D., Assistant Professor and Assistant Director of Clinical Laboratories.

PAUL H. JERNSTROM, B.S., M.D., Assistant Professor and Assistant Director of Clinical Laboratories.

HALVEY E. MARX, M.D., Associate.

HITOSHI TOM TAMAKI, M.D., Associate.

ABRAHAM E. RAKOFF, A.B., M.D., Endocrinologist, and ELLA PERKINS, M.Sc., Biochemist.

In addition the following physicians compose the Assistant-Resident-Fellowship group:

ERIC A. EVERTS-SUAZER, M.D.

HENRY L. KAZAL, B.S., M.D.

JASPER GLADSTONE CHEN SEE, B.S., M.D.

CHARLES N. WANG, B.A., M.D.

NORMAN W. HENRY, B.S., M.D.

GONZALO E. APONTE, B.S., M.D.

To supplement the above professional personnel the combined Department employs nine secretaries, forty-three technicians, five maids, and four orderlies.

The overall functions of the Department are threefold — teaching, laboratory diagnosis, and academic pursuits.
TEACHING

The teaching responsibilities encompass education of Medical Students, post-doctoral training in Pathology and other specialties, and instruction in Medical Technology.

The education of Medical Students is, of course, the primary teaching assignment and is the most important function of the Pathology division. Currently three courses in Pathology are given to members of the Sophomore Class. They consist of General Pathology, Surgical Pathology, and Neuropathology. General Pathology occupies one-half of the students' time during the first semester. It consists of a series of seventeen lectures on general pathologic changes followed by sixty lectures on the pathology of Internal Diseases. The latter comprises a systematic review of nonsurgical diseases of each of the systems (cardiac, vascular, respiratory, etc.) of the body. The corresponding laboratory course comprises three three-hour periods a week during which time (1) the important histologic changes are studied individually by students from provided loan-sets, (2) the corresponding gross pathologic changes are demonstrated to small groups of students, and (3) postmortem examinations are observed by similar groups of students. The study of Surgical Pathology is conducted in a similar vein. The course is given during the second semester and comprises a one-hour lecture and a three-hour laboratory period each week. The course consists of a systematic presentation of diseases of each of the organs and systems of the body of surgical importance. The course in Neuropathology is given by Professor Alpers and members of the Department of Neurology. Aside from instruction in Pathology to Sophomore students a one-hour weekly Clinico-Pathologic Conference conducted jointly by members of the Departments of Pathology and Medicine is presented each Satur-
Dr. David R. Morgan, who was not included in the group picture because he was recovering from an operation.

day for the combined Junior and Senior Class. In addition, members of the Department participate in sectional instruction to Junior and Senior Medical Students who are assigned to other Departments.

Post-doctoral training in Pathology has recently been re-organized along the lines suggested by the American Board of Pathology. Instruction has been approved for a total of ten candidates at any one time. The course consists of two years training in Pathologic Anatomy and an equal number of years in Clinical Pathology. As far as possible the sequence of rotation consists of Postmortem Pathology — 1 year, Surgical Pathology — 1 year, Biochemistry — 6 months, Bacteriology — 6 months, Clinical Microscopy — 5 months, Hematology — 5 months and Cytology — 2 months. Following such a rotation a candidate is fully qualified to take the American Board of Pathology Examinations. Formal training in other Specialties is extended to all branches of Medicine and currently encompasses Residents and Fellows in Gynecology and Obstetrics, Urology, Orthopedic Surgery, and Radiology. Candidates in each of these departments are assigned to Pathology for periods varying from three to nine months. During this time they are required to study all surgical pathologic specimens submitted to the laboratory but are especially responsible for specimens pertaining to their particular specialty. In order to prepare these and other candidates for the various American Specialty Board Examinations, three formal evening courses are made available. They consist of the following (1) Urological Pathology — by Professor Lieber, (2) Surgical Pathology — by Professor McCloskey, and (3) Gynecological and Obstetrical Pathology — by Professor McDonnell. Other courses (also with loan-sets) in Ear, Nose and Throat, Orthopedics, and Dermatology are now being organized and will be presented as the demand increases. Other post-doctoral training is that extended to interns of our Hospital. Currently each intern is assigned to Pathology for four weeks. During this time he rotates through each of the Subdivisions of the Clinical Laboratories and participates in the performance of each Postmortem examination. In addition, members of the Department play important roles in the scheduled conferences of the various specialties of the Hospital for members of the Staff, Residents, Interns, and Students. They include weekly Medical, Surgical, Gynecological and Obstetrical conferences and the Tumor Clinic.

SECRETARIES
Left to right seated: Barbara Richman, Geraldine Ballistreri, Jane Logan, Mildred Weist and Maria Sebastian. Left to right standing: Evelyn Radke, Lucille Holmes, Margaret Ashton and Thelma Harper.
Instruction in Medical Technology is an extremely important activity of the Clinical Laboratories division. Our school for Medical Technologists is approved by the American Society of Medical Technologists for a total of twenty candidates at any one time. A candidate is eligible and accepted only if she has a minimum of two years of approved college education. The course is of twelve months duration and consists of a series of semi-weekly lectures by members of the Department and of forty-four hours a week of practical work under supervision of trained workers and instructors. Following the twelve month period each candidate receives a certificate from the Hospital and is eligible to take the examination of the American Society of Medical Technologists. In addition to the above, arrangements have been made with the University of Delaware (and negotiations are now in progress with other Colleges) whereby a candidate is admitted to our School of Technology after she has completed her third year of College training. Then, following a year's training at Jefferson, she returns to her college to be given a Bachelor's Degree.
LAbORATORY DIAGNOSIS

The second main function of the Department of Pathology and Clinical Laboratories is laboratory diagnosis. The Pathology division of the Department in the College is concerned chiefly with Postmortem examinations of which there was a total of two hundred and seventy seven performed during the last year. Each Postmortem examination is attended by at least one senior staff member of the Department, a trainee in Pathology, and the intern assigned to Pathology. Once each week a Departmental Conference is held at which time all examinations performed two weeks previously are discussed. The Clinical Laboratories division of the Department in the Hospital is concerned with all the other diagnostic laboratory tests of which there was a total of 343,904 performed during the last year. This includes about 8,000 Surgical Pathology specimens. In this work the Director of Clinical Laboratories acts as consultant while the other members of the Department divide the work as follows: (1) Surgical Pathology — rotated by Professors Breckenridge, Herrick, and Jernstrom, (2) Bacteriology and Clinical Microscopy — Professor Breckenridge, (3) Biochemistry — Professor Herrick and Miss Perkins, (4) Hematology — Professor Jernstrom (5) Endocrinology — Professor Rakoff and (6) Cytology — Professors Herbut and Rakoff. Each of the trainees in Pathology and each intern in Pathology is assigned to each division as his turn arises.

ACADEMIC PURSUITS

The third main function of the Department of Pathology and Clinical Laboratories is in the academic field. In this respect efforts have been turned both toward literary pursuits and fundamental research. The chief literary endeavor has been the publication of books on various aspects of Pathology by Professor Herbut. They include (1) Surgical Pathology — 1st edition, 710 pages, 1948, and 2nd edition, 893 pages, 1954, (2) Urological Pathology — 2 volumes, 1272 pages, 1952, (3) Gynecological and Obstetrical Pathology — 683 pages, 1953, and (4) Pathology — expressly for students, about 1400 pages, complete and to be published in January 1955.

Research activities in the Department are on both a cooperative and individual basis. Currently members of the Department are engaged in sundry projects with members of the Department of Medicine, Orthopedics, Urology,
and Physiology. In addition, fundamental investigation in the field of Cancer is being conducted by Professors Herbut and Stasney.

Professor Herbut is concerned with Experimental Chemotherapy of Cancer. The work is part of the extensive program of the Elizabeth Storck Kraemer Memorial Foundation, of which Professor William H. Kraemer is Director. The Foundation has three main divisions — the Chemical Unit located at the du Pont Experimental Station on the Brandywine, Delaware, the Biologic Unit located in the Department of Pathology at Jefferson, and the Tumor Clinic located on the fifth floor of the Curtis Clinic at Jefferson. Professor Herbut is in charge of the Biologic Unit which is concerned with the screening of chemicals prepared by the Chemical Unit for tumor inhibitory properties. The animals used are the Sprague-Dawley strain of rats and the tumor is the transplantable Walker rat mammary carcinoma 256. Six tumor-bearing rats are used for each chemical and these are pitted against six tumor-bearing rats receiving normal saline and six similar rats receiving TEM. The criterion for effectiveness of the compound is complete regression of the tumor. The program is so set up that approximately thirty new chemicals are screened each month. In addition to the R 256, five other tumors are carried in the Laboratory for use when an encouraging compound is discovered. Following such preliminary investigation, and after proper toxicity studies are completed, the plan is to use the compounds on patients studied in the Tumor Clinic.
Professor Stasney's research is being carried out in conjunction with the Division of Endocrine and Cancer Research of Jefferson Medical College and the National Cancer Institute, Bethesda, Maryland. For several years experiments have been performed to determine which fraction of the malignant cell is able to transmit the disease in transplantable tumors of mammals. Isolated fractions were obtained from tumor cells by differential centrifugalization and the most consistent positive results have been obtained with the chromatin fraction. Subcutaneous, intramuscular or intramedullary injections of chromatin prepared from rat lymphosarcoma cause local tumor growth, and in a number of cases leukemia. A hepatoma originally induced in AXC rats by feeding acetoaminofluorene is readily transplantable in AXC rats. Chromatin prepared from this tumor induces hepatomas when injected into liver but never upon subcutaneous or intramuscular injection, whereas inoculation at these sites with tumor cells yields takes in almost 100% of the recipients. Experiments were also carried out with transplantable mouse melanomas. Mice of the susceptible C strain were inoculated with chromatin and mitochondria fraction. These fractions are "tagged" inasmuch as they contain melanotic pigment. Pigmented tumors were obtained after injection of the chromatin fraction. In addition to the main project there are many other experiments on tumor genesis being investigated such as growth of tumors in hepatectomized rats and growth of lymphosarcoma in adrenalectomized animals and in corticosterone treated animals.

Although the three main activities of teaching, laboratory diagnosis, and academic pursuits have been reviewed briefly under separate headings, actually they are not only closely related but are intimately interwoven. Each supplements the other and the combination creates a well-rounded, well-balanced department. This is in sharp contrast to the division of effort, the duplication of activities, and the incomplete utilization of facilities that inevitably accompanied the previously split Department. The change, which all the members of the new combined Department now enjoy has, of course, been made possible only by the foresight and complete cooperation of the Dean, Professor George A. Bennett, the Medical Director and Vice-President, Doctor Hayward R. Hamrick, and the Board of Trustees.
FRANK CROSER KNOWLES, M.D.
Professor of Dermatology, Emeritus and Director of the Department of Dermatology

Frank Croser Knowles, the son of Gustauus Warfield and Emma Croser Knowles was born in Philadelphia, January 26, 1881. His medical career began in 1898 when he entered the Medical School of the University of Pennsylvania. After graduation he interned at Presbyterian Hospital but this training was cut short by illness in the form of diphtheria closely followed by typhoid fever. A year abroad helped to regain his health and further his medical knowledge. On returning to the United States Dr. Knowles became interested in Dermatology studying under such world famous dermatologists as Stelwagon, Duhring, Van Harlington, Hartzell and Davis. Because of his retentive memory and exceptional abilities he advanced quickly in his chosen field acting as clinical Professor of Dermatology at Women’s Medical College, Dermatologist to Pennsylvania and Presbyterian Hospitals and Consultant to a number of other institutions. In 1917 Dr. Knowles went overseas as Dermatologist to the Pennsylvania Hospital Unit U.S. Base Hospital No. 10. Later he was detached and served as Dermatological Consultant to the A.E.F. After 23 months of duty in the European Theater he was detailed to Washington in 1919 to write up the Section on Dermatology in the permanent Medical War Records. His last commission was Colonel in the Medical Officers’ Reserve Corps.

In 1919 Dr. Knowles was elected to the chair of Dermatology at Jefferson. Here he remained to actively head the department till his retirement in 1947. In 1940 he served as president of the American Dermatological Association and in 1954 he was elected to honorary membership in that Association after an active membership of 44 years duration.

During his career Dr. Knowles achieved greatness by his gentlemanly manner, by his interest in the teaching of Dermatology, and by his numerous contributions to the Dermatologic literature including a widely used textbook on Diseases of the Skin. He was so highly esteemed by the students at Jefferson that the class of 1937 dedicated “The Clinic” to him and had his portrait painted as a permanent record of his importance to Jefferson. The college itself honored him in 1947 by awarding him the degree of Doctor of Science.

At present Dr. Knowles spends his winters at his home in Wynnewood enjoying his hobbies of collecting antique furniture and chinese porcelain, and his summers at Cape May are brightened by golf and bridge.

He is still Director of the Department of Dermatology at Jefferson, for which his friends and former students are deeply grateful.

HERBERT A. LUSCOMBE, M.D.

DR. FRANK F. ALLBRITTEN, JR.

Dr. Frank F. Allbritten, Jr., Associate Professor of Surgery at Jefferson Medical College and Hospital has been appointed Professor of Surgery and Head of that department of the School of Medicine of the University of Kansas.

The appointment will be effective July 1, it was made known by Dr. Franklin D. Murphy, chancellor of the University in Kansas City, Kansas.

Dr. Allbritten has been a faculty member at Jefferson since 1946, where he has also been active in surgical research. He graduated from the University of Kansas in 1935 and completed his degree in medicine at the University of Pennsylvania in 1938. He interned at the University Hospital and had his residency in surgery under Dr. John B. Flick at Pennsylvania Hospital. He served for three years in the medical corps of the army in various army general hospitals.

Dr. Allbritten has been surgical director of the Barton Memorial Division of Jefferson Hospital since 1947, and is on the staff of Pennsylvania Hospital. He is consultant in thoracic surgery at Valley Forge Army Hospital, consultant in cardiovascular surgery at Philadelphia Naval Hospital and consultant in thoracic surgery at the Philadelphia Veterans Administration Hospital.

Dr. and Mrs. Allbritten and their five children live in Penn Valley.
Friends and graduates of Jefferson will be pleased to learn that Dr. Norris Wistar Vaux, our Professor Emeritus of Obstetrics and Gynecology, is in good health and is enjoying a restful life, dividing his time between his apartment in Philadelphia and his Chester County farm at Glenmore, Pennsylvania.

Although retired from the active practice of his profession, Dr. Vaux still maintains a great interest in Jefferson and in medicine. This is well attested to by his response during the past winter when he gave his wise counsel to Dean Bennett in screening and interviewing matriculates for the freshman class of 1954 at Jefferson.

To his many close associates and friends his accomplishments have been numerous, outstanding and unforgettable. Perhaps the very recent graduates of Jefferson have not had the opportunity and honor of knowing him and his attainments. The editors of the Alumni Bulletin are pleased to include a resume of some of these attainments and a word picture of Dr. Vaux, the man.

Dr. Norris Wistar Vaux was born on September 1, 1881, at Rosemont, Pennsylvania, the son of Jacob Wain Vaux and Emily Norris Pepper Vaux. His early life was spent on his family's farm at Penllyn, Pennsylvania. After attending the Delancey School, he matriculated at the University of Pennsylvania, from which he graduated with the degree of Doctor of Medicine in 1905. During his student days there he was actively interested in athletics and became a member of the crew. He was also a member of Delta Psi fraternity, the Pennsylvania Varsity Club and in his senior year was elected to the Sphinx Senior Society as an outstanding member of his class.

From 1905-1907 Dr. Vaux served a rotating internship at Pennsylvania Hospital. His interest in obstetrics and gynecology developed there, and upon completing his training, he travelled to Dublin, Ireland, with his bride, the former Honora A. Dixon, to spend a year of post graduate work in this specialty at the Rotunda Hospital.

Upon returning Dr. Vaux started in private practice in Chestnut Hill and Philadelphia. His great interest in medical students and his exceptional teaching ability soon became apparent to his associates and with Dr. Edmund Piper, he became Chief of Obstetrics at the Philadelphia Lying-In and Maternity Hospital at Eleventh and Cherry Streets.

His work was interrupted in 1917 when World War I began. He immediately enlisted in the Medical Corps and served with distinction for the next seventeen months. His tour of duty included the American Expeditionary Force — Base Hospital #10 (Pennsylvania Hospital Unit) and the British Expeditionary Force — Base Hospital #16. At the end of the War he was discharged with the rank of Major.

Dr. Vaux resumed his practice and teaching and in 1925 was elected to the teaching staff at Jefferson. He was made Professor of Obstetrics in 1936, a position which he held until his retirement in 1947. During this time his efforts in organization made this department one of the finest and together with Dr. Lewis Scheffey, Professor of Gynecology, he started the resident training program at Jefferson, which today occupies a leading and enviable position in Obstetrics and Gynecology in the United States.

His academic attainments are many and to mention only a few is perhaps to overlook others of equal importance. He was the first Chairman of the Section of Obstetrics and Gynecology of the Pennsylvania State Medical Society in 1936; President of the American Gynecological Society 1946-1947, one of the highest honors in American Gynecology and Obstetrics. During this year, too, the Senior Class of Jefferson, presented his portrait to the College.

Many appointments of trust and honor were held by Dr. Vaux during these years: Chief of Obstetrics and Gynecology, Philadelphia Lying-In, 1919-1946; Director, Division of Obstetrics and Gynecology, Pennsylvania Hospital, 1938-1946; President of the Obstetrical Society of Philadelphia; member of the American Board of Obstetrics and Gynecology, 1943-1947. Contributions by Dr. Vaux to medical and scientific journals were numerous and important.

In 1947 Governor James Duff of Pennsylvania asked Dr. Vaux to join his cabinet as Director of Health, a position which he accepted and in which he performed meritorious service for the following four years. Some of the lasting attainments that Pennsylvanians will long remember were...
his efforts to establish improved facilities for tuberculosis patients in the State, expansion of the State Nursing Aid program, and the elimination of pollution of the streams and waterways of the State.

In 1951 Jefferson conferred the honorary degree of Doctor of Laws upon Dr. Vaux at the graduation ceremonies.

These many attainments and honors are but a part of Dr. Vaux, the man. Gracious, gentle and modest with all these accomplishments, his intense interest in his friends, associates and students remains undimmed with the passing years. Kindly and thoughtful of each, he takes a great deal of time from the horticultural and agricultural pursuits of his farm, to keep in close touch with his adopted alma mater, Jefferson, and communicates frequently with all of us.

We are sure the memories, both past and present, must be satisfying ones, as he contemplates the long and faithful years he has devoted to professional service, and to the friendships and love that all hold for him. The example he has set serves as an inspiration to us all.

The Alumni, Students, and his friends wish for Dr. Vaux good health and happiness in the years to come.

JOHN C. ULLERY, M.D.

A LETTER FROM AFRICA

Alexander J. Orenstein, M.D., '05, Health Department, The Corner House, Johannesburg, Africa, writes:

"Many thanks for the Alumni Bulletin and the Announcement and Calendar. Both are beautifully produced, and of much interest to so old a graduate as myself. Both record amazing progress and achievement of which all who contributed towards it may justly feel proud. I have had some small part in the birth and infancy ailments of the local medical school, only about 30 years old now, and can appreciate perhaps more than many others the forethought and work entailed upon the Trustees, the Faculty and not least Admiral Kauffman in the process of reaching the pinnacle on which the College now stands. One is moved to admire and congratulatate.

Jefferson has indeed been fortunate throughout its long life to have had the devoted services of so many fine men and women. May such people never be lacking in the future!

On a personal note, this month I shall have completed 40 years in my present employment. It is probably a unique instance of the same person initiating a health project and continuing it for so long a time."

Our congratulations to Dr. Orenstein. May he enjoy a continuation of the fine work which he organized.

STUDENT AMERICAN MEDICAL ASSOCIATION DAY AT JEFFERSON

The entire student body of Jefferson Medical College, numbering 666, attended American Medical Association Day at the school, May 5th, the first of its kind in this country, arranged by the Jefferson Chapter of the Student American Medical Association. Speakers from the American Medical Association, Chicago, the Medical Society of the State of Pennsylvania, Harrisburg, and The Philadelphia County Medical Society outlined the objectives, activities and achievements of organized medicine.

"As most of these students will enter the practice of medicine and will join a medical society, it is to their interest and that of organized medicine that they become acquainted with some of the problems, legislative, economic, social and public relations wise with which they will be confronted," declared Dr. Gilson Colby Engel, of Philadelphia, chairman of the Board of Trustees of The Medical Society of the State of Pennsylvania, and advisor to the Jefferson Student American Medical Association.

The AMA was represented by Dr. George F. Lull, secretary-general manager, and a Jefferson alumnus; class of '09, Russell Staudacher, executive secretary of the SAMA; Joseph Stetler, secretary to the AMA's Committee on Legislation, and Leo E. Brown, director of the Department of Public Relations. Mr. Brown directed a forum on public relations with panel members including Dr. Samuel B. Hadden, Philadelphia, member of the Committee on Public Relations, State Society; Dr. Paul C. Swenson, chairman of the Committee on Public Relations of the Philadelphia County Medical Society, and Jefferson's Professor of radiology; and Robert L. Richards, staff secretary and public relations director, State Society.

State Medical Society speakers on the program included Dr. Gilson Colby Engel and Mrs. Frederic H. Steele, Huntingdon, president of the Woman's Auxiliary to the State Medical Society. Dr. Hugh Robertson, Class of '25, president of the Philadelphia County Medical Society, discussed society activities, and James L. Kauffman, Vice Admiral, U.S.N., Retired, president of Jefferson Medical College, welcomed the students and guests.

This AMA day was conceived and arranged by G. Richard Dickerson, of Upper Darby, president of the Students American Medical Association at Jefferson. Two films, "Your Doctor" and "Operation Herbert" were shown as illustrative education material aimed to improving doctor-patient relationship. All those attending the program were luncheon guests of Smith, Kline and French Laboratories.
The American Surgical Association at its annual meeting, April 29, 1954 in Cleveland, Ohio, elected Dr. John H. Gibbon, Jr., as its President.

This rare honor which has come to Doctor Gibbon has been accorded to only four other Jefferson Surgeons, one of whom was his father, Dr. John H. Gibbon, Class of 1892, who was President of the Association in 1925.

Dr. John H. Gibbon, Jr., was born in Philadelphia, September 29, 1903, graduated from Penn Charter School, Philadelphia, 1919. He is a Graduate of Princeton University, A.B., 1923, and a Graduate of Jefferson Medical College, M.D., 1927. He interned at Pennsylvania Hospital, November 1927 to November 1929. He was a Research Fellow in Surgery, Harvard Medical School, 1930-31, 1933-34. He was a Fellow in Medicine in the School of Medicine, University of Pennsylvania, 1931-32, and a Harrison Fellow of Surgical Research, School of Medicine, University of Pennsylvania, 1936-42. He was Assistant Surgeon, Bryn Mawr Hospital, Bryn Mawr, Pennsylvania, 1936 to 1946, Surgeon of the Pennsylvania Hospital, Philadelphi, 1937 to 1950, and Assistant Professor of Surgery, University of Pennsylvania, December 1945 to January 1946.

Dr. Gibbon was appointed Major in Medical Reserve in November 1940. He went on active duty as Major on January 5, 1942 with the 52nd Evacuation Hospital (Pennsylvania Hospital Unit), and was overseas in the Southwest Pacific for 32 months, was made Lieutenant Colonel AUS in April 1944. He was Chief of Surgical Service of the 364th Station Hospital from September 1943 to August 1944, and then returned to the States. He was then Chief of Surgical Service at the Mayo General Hospital, Galesburg, Ill., from January 1945 to October 1945. His terminal leave expired February 2, 1946.

Dr. Gibbon is now Professor of Surgery and Director of Surgical Research, The Jefferson Medical College, from January 1946 to date; Attending Surgeon, The Jefferson Medical College Hospital, January 1946 to date; and Consulting Surgeon to the Pennsylvania Hospital, 1950 to date. He is a member of the Board of Health, City of Philadelphia; a member of Surgery Study Section, U. S. Public Health Service; Chairman of the Editorial Board of the Annals of Surgery; a member of Examination Committee, American Board of Surgery; a member of Examination Committee, National Board of Medical Examiners; and Consultant in General Surgery, Veterans Administration Hospital, Philadelphia. He is Diplomate of the National Board of Medical Examiners, Certified by the American Board of Surgery, and Certified by the American Board of Thoracic Surgery.

Dr. Gibbon is a member of the following societies:

International Society of Surgery
American College of Surgeons, Governor
American Surgical Association (Recorder 1947-1952) Vice President (1953) President (1954)
American Association for Thoracic Surgery, Member of Council
Society of Clinical Surgery, President, 1953-54
American Medical Association
Halsted Club
The Laennec Society of Philadelphia
College of Physicians of Philadelphia
Philadelphia Academy of Surgery, Vice President (1933)
J. Aitken Meigs Medical Society
Pennsylvania State Medical Society
Philadelphia County Medical Society
The American Surgical Association will celebrate its 75th year during Dr. Gibbon's term of office. It is the oldest national surgical organization in the United States. It was founded by Samuel D. Gross and formally organized at its first meeting in New York City on Monday, May 31, 1880, when the forty-seven invited surgeons became the original members of the American Surgical Association. Dr. Gross was elected as its first President, which office he held until 1883.

The five Jefferson Professors of Surgery serving as President of the Association are:

Elected
1893- James Ewing Mears, A.M., M.D., L.L.D.
1898- William W. Keen, A.M., M.D., F.R.C.S. (Eng.)
1925- John H. Gibbon, M.D., Sc.D.
1954- John H. Gibbon, Jr., A.B., M.D.

Another honor recently given to Doctor Gibbon on May 12, 1954, is the John Scott Award of the City of Philadelphia for his invention of the artificial heart-lung apparatus used successfully in heart and lung surgery, at a joint meeting of the College of Physicians of Philadelphia and the Philadelphia County Medical Society. The presentation was made by Ernest T. Trigg, Vice-President of the Board of Directors of City Trusts.

Dr. Gibbon joined a long list of distinguished scientists and inventors who have received the John Scott Medal, which is accompanied by $1000, which Dr. Gibbon presented to the Building Fund of the College of Physicians of Philadelphia.

A.M.A. CONVENTION
June 21-25, 1954
San Francisco, California
Dinner of the Alumni Association of the Jefferson Medical College
June 23, 1954
8:00 P.M.
Saint Francis Hotel
Please send reservations to:
Edward Matzger, M.D.
3550 Jackson Street
San Francisco, Cal.
The Members of the Class of 1954 presented to the College, on April 22, 1954, a very beautiful portrait of Dr. Lewis C. Scheffey, Professor of Obstetrics and Gynecology, painted by the internationally known artist John C. Johansen.

The opening remarks and introductions were made by Mr. G. Richard Dickersin, President of the Senior Class. Mr. Eugene G. Stec, Chairman of the Portrait Committee, unveiled the portrait, which was accepted by the President of the College, James Laurence Kauffman, Vice Admiral, United States Navy, Retired. Dr. George J. Willauer, Clinical Professor of Surgery, gave a very delightful biographical sketch of Dr. Scheffey. Dr. Scheffey then made a brief address, thanking the Senior Class for the honor its members had shown him and telling of his great enjoyment of the hours spent with Mr. Johansen while sitting for the portrait. Because of illness in his family, Mr. Johansen was unable to be present. His absence was a great disappointment. The closing remarks were made by Mr. G. Richard Dickersin.

ALUMNI ANNUAL GIVING FUND
IN FINAL PHASE

Theodore R. Fetter, M.D., Chairman

I am very happy to report to you once again on the status of the Alumni Annual Giving Fund. As we approach the final weeks of this year's efforts, I am somewhat saddened that we may not attain the goal of $125,000 which we decided upon last fall. One of the most heartening things that has continued to amaze me, as your chairman, is the inspirational loyalty of the class agents and their associates. I cannot thank these men too often or too much. The very least we can do is to lighten their burdens. This may be accomplished in a painless manner by giving and thus answering their appeals. Their work is indispensable.

The story of the continuous need for funds cannot be told too frequently. Our administrative officers can tell you in more detail the needs of the college than I am able to do. Dean Bennett is constantly and repeatedly pointing with pride to the record of achievement compiled by the alumni in the past.

This year we should make an effort to surpass our previous records, impressive as they have been. President Hamrick of the Alumni Association must be supported in his efforts to demonstrate to outside friends of the college just what the alumni are doing. If we will only take another look and check to see whether we have given to this year's Fund or possibly even make a second contribution, I am sure that our goal of $125,000 may be attained by Commencement Week.

It is deeply gratifying to all who are associated with Jefferson that alumni throughout the world have responded so generously to our college's needs, making it possible for the Pre-clinical Departments to maintain their excellent standard of work through an enlarged and well-qualified teaching force. For this loyal support we are most thankful to you.

On May 14 our total number of alumni gifts is 2,761 or 79% of our highest objective of 3,500 donors. The amount to date is $92,625.67 or 74.1% of the goal. We are slightly behind our total of this date in last year's campaign which secured $110,000.

There remain many hundreds of Jefferson alumni who have contributed to prior Roll Calls but have not yet responded to the appeal made by the class agents this year. Our only hope for reaching the goal, and thus meeting the budget needs of the college, rests on the renewed activity of the class agents and the support of those who have given in previous years.

The needs of our medical college in the Pre-clinical Departments continue to be urgent and they merit your support. It should be a matter of great pride to alumni of all classes to note both academic advancement and physical expansion of these recent years. We may expect that Jefferson will continue to grow in knowledge, attainments and prestige in the field of Medicine and take satisfaction that it is our privilege to share in the present and future accomplishments. We hope you feel a sense of partnership that can hardly be gained in any other way.

If you have not contributed to this Sixth Annual Giving Fund, please make contact with your Class Agent now and join in the giving. Don't let him down and don't forget your Jefferson.

It is indeed an honor to serve as Chairman of the Fund for our Alma Mater which has done so much for us.

Leading classes are shown below. Note the position of your own class in the tabulation on the adjoining page.

Amount $5,480.00 — 1929 Dr. Mario A. Castallo and Dr. James M. Surver, Associate Number 61.

Percent 90.9% — 1894 Colonel Frederick H. Mills.

COMMENCEMENT WEEK

ENDOWMENT COMMITTEE
Dr. Guy M. Nelson, Chairman

SUMMARY OF ALUMNI CONTRIBUTIONS
ANNUAL MEETING
February 4, 1954

Total contributions from members of the Alumni Association and earnings of Alumni Funds from 1922 to January 31, 1954 for use by the Trustees of Jefferson Medical College have totaled $1,054,712.30.

The following amounts have been turned over to the Board of Trustees by the Alumni Association:

<table>
<thead>
<tr>
<th>Purpose</th>
<th>Amount</th>

</thead>
<tbody>
<tr>
<td>For the purpose of completing the DaCosta Research Room on the 6th Floor of the College, 1930</td>
<td>$100,000.00</td>
</tr>
<tr>
<td>For the purpose of completing the Department of Pharmacology on the 7th Floor of the College Building, 1930</td>
<td>125,000.00</td>
</tr>
<tr>
<td>For the purpose of payment of salaries of full-time laboratory teachers, and research workers (preference being given to graduates of Jefferson) provided by income from the Endowment Fund</td>
<td>54,310.87</td>
</tr>
</tbody>
</table>

Turned over to the Administration from Annual Giving—Funds contributed in the first five years (to July 1953), exclusive of receipts under the Note Plan: 401,540.50

These expenditures totaled 680,851.37

Balance: $373,860.93

This balance has been set-up in three divisions of the Alumni Fund, as per resolution adopted at the Annual Meeting of the Alumni Association held January 25, 1951.

1. Building Fund, to receive 50% of the Alumni Endowment Fund; to receive 50% of the future payments under the Note Plan; to be available to the Board of Trustees for building needs.
   Present Balance: $130,561.70

2. Teaching Fund, to receive the total assets of the "Permanent Endowment Fund", to receive 25% of the Alumni Endowment Fund; to receive 25% of future payments under the Note Plan; the income of this fund is to be available to the Board of Trustees for applying to the payments of salaries of full-time laboratory teachers and research workers, preference being given to graduates of Jefferson.
   Present Balance: 146,108.22

3. Discretionary Fund, to receive the remaining 25% of the Alumni Endowment Fund; to receive 25% of future payments under the Note Plan; to be allotted annually to the Board of Trustees for use at their discretion in either the Building Fund or Teaching Fund.
   Present Balance: 65,695.39

Included in the above figures is $103,014.90, the sum contributed through the Note Plan, collected in the past three years by Annual Giving Drives.

In addition the following Endowment Funds have also been created by the Alumni Association:

- The Rosenberger Alumni Memorial Nursing Fund (an accumulative fund)
  Present Balance: 5,239.04

- The Alumni Endowed Room Fund, 1910-1941
  Present Balance: 13,729.60

- The Alumni Free Nursing Fund, February 1941 to 1954
  Present Balance: 12,526.98

The foregoing figures show a total of $1,054,712.30 as the Alumni Association's support of The Jefferson Medical College.
JEFFERSON ALUMNI IN THE UNITED STATES SERVICES

"Since 1948 I have been stationed in the United States with frequent moves. I returned to become Commanding Officer of Tilton General Hospital at Ft. Dix, N. J. This hospital closed one year later. I then moved to Percy Jones General Hospital at Battle Creek, Michigan. This hospital closed one year later. At the time of closure, I was Commanding Officer. Then for two years I was Post Surgeon at Fort Sill, Oklahoma and for the last two years, have commanded Murphy Army Hospital, at Waltham, Massachusetts. The closure of this hospital is expected momentarily and my next assignment will probably be in Europe."

LT. COL. ROBERT E. LAU, M.D., '42, sends us his new address which is: 1100th Medical Squadron, Bolling A. F. B., Washington, D. C.

CAPTAIN RAYMOND F. HAIN, MCO '45, 1725350, 2402 Dexter Avenue, Silver Springs, Maryland, sends us his new address and informs us that he now has two boys and one girl.

RICHARD C. TOZER, M.D., '45, was discharged from the Army in February, 1954. He is now practicing neurosurgery at the Menninger Foundation in Topeka, Kansas.

PAUL EISEMAN, M.D., '48, 21st Station Hospital, Pusan, Korea, writes:
"As of today, April 3, 1954, I have 99 more days to go, then I will be back in the States."

CAPT. EDWARD J. SALTMAN, M. C., '49, U. S. Army Hospital, Camp Kilmer, New Jersey, has completed his pediatric training at Children's Hospital in Philadelphia. At present, he is chief of pediatrics at Camp Kilmer. There is an Edward, Jr., who makes the civilian evenings and weekends at Plainfield, New Jersey, quite interesting.

CAPT. SAMUEL J. SILBERG, M. C., '49, has been appointed Chief of Urology at the 98th General Hospital in Birkfeld, Germany. Captain Silberg is married to the former Miss Serita Rittenberg.

MILTON S. GREENBERG, M.D., '50, 6964 East Second Avenue, Denver, Colorado, is stationed at Lowry Air Force Base, Denver, Colorado. With one more year to serve, he is Chief of the Neuro-Psychiatric Section.

1ST LT. WILLIAM B. HOLMAN, M. C., '50, recently helped improve medical facilities for South Korean civilians. Members of his unit, the 171st Station Hospital, built a medical dispensary and two houses for the aged as part of the Armed Forces Assistance to Korea program. Dr. Holman's wife, Jane, lives at 92 Christie Avenue, Norwalk, Ohio. Lieutenant Holman is the son of Mr. and Mrs. Merlin Holman, 80 S. Linwood Avenue, Norwalk. He entered the Army in November, 1952 and is coming home April 20th.

SOUTHWESTERN PENNSYLVANIA CHAPTER

The meeting of the Southwestern Chapter of the Alumni Association was held on the evening of May 5, 1954, at the South Hill Country Club, Pittsburgh, Pennsylvania. There were 62 in attendance.

Dr. Henry B. Decker, '20, Professor of Dermatology and Head of the Department, talked on "The Importance of the Human Side of Medicine". Dr. John E. Deitrick spoke on "The New Plan of Teaching at Jefferson".

It was a very enthusiastic and successful meeting.

Dr. Lester L. Bartlett, '29, was elected President.

Dr. T. Ewing Thompson, Jr., '33, was elected Secretary-Treasurer.

The County Vice Presidents are:

Allegheny, Dr. Robert Lewis Patterson, '35, Pittsburgh
Armstrong ... Dr. Harry W. Allison, '11, Kittanning
Beaver ........... Dr. Darius C. Moore, '03, Beaver
Butler ............. Dr. Amil Duster, '24, Butler
Fayette .. Dr. John W. Gordon, Jr., '26, Belle Vernon
Greene .......... Dr. Albert J. Blair, '35, Waynesburg
Indiana .... Dr. David H. Buchman, '30, Blairsville
Lawrence ...... Dr. Homer R. Allen, '32, New Castle
Washington ..... Dr. Roy S. Clark, '17, Washington
Westmoreland ... Dr. John P. Hamill, J-44, Latrobe
NORTH CAROLINA CHAPTER

The North Carolina Chapter of the Jefferson Alumni Association held its annual luncheon meeting in the Crystal Room of the Carolina Hotel, at Pinehurst, North Carolina, at 1:00 P.M., May 4, 1954, in conjunction with the meeting of the Medical Society of the State of North Carolina.

Dr. George W. Paschal presided, and Dr. Robert P. Morehead, '36, acted as Secretary-Treasurer. Representing Jefferson were Dr. George A. Bennett, Dean, and Dr. Hayward R. Hamrick, '35, Vice-President of Jefferson, Medical Director of the Hospital, and President of the Alumni Association.

Dr. Bennett spoke to the assembled group of approximately 80 Alumni and told them of the progress of the medical school with particular reference to the new Pavilion and the improvements in the various departments. Dr. Hamrick talked about the activities of the Alumni Association.

General George F. Lull, '09, Major General, U.S.A. retired, Secretary and General Manager, American Medical Association, a speaker at the Society Meeting was a guest at the luncheon.

Mrs. Bennett, Mrs. Hamrick, and the wives of other Alumni also attended.

Dr. Karl B. Pace, Class of 1914, was chosen the General Practitioner of the year for North Carolina.

Dr. Paschal was elected First Vice-President of the State Society for the coming year.

At the conclusion of the luncheon meeting the following officers were elected for the North Carolina Alumni Chapter:

President, Dr. Archibald K. Maness, '28, from Greensboro, N. C.

Vice-President, Dr. Jacob C. Leonard, Jr., '28, from Lexington, N. C.

Secretary-Treasurer, Dr. Walter T. Tice, '27, from High Point, N. C.

The outgoing officers were:

President, Dr. Howard H. Bradshaw, '27, from Winston-Salem, N. C.

Secretary-Treasurer, Dr. Robert P. Morehead, '36, from Winston-Salem, N. C.

George W. Paschal, M.D.

WASHINGTON CHAPTER

On March 26, 1954, the Alumni living in the area of Washington, D. C., held a meeting to formulate a chapter for the district of Washington. The meeting was held at the District Medical Society Building in Washington, D. C. Edward L. Bauer, M.D., '14, Professor of Pediatrics, and Mario A. Castallo, M.D., '29, Clinical Professor of Obstetrics and Gynecology, attended.

The following officers were elected:

Aaron Deitz, M.D., '32 — President
Desmond S. O'Doherty, M.D., '45 — Vice-President
James Patrick Scanlon, M.D., '40 — Secretary
Adolph A. Friedman, M.D., '43 — Treasurer

Dr. Bauer spoke to the group concerning future aims at Jefferson and Dr. Castallo gave a resume of the fine work being done by the Alumni Association which has grown to great proportions during the past few years. The Fund, contributed by the Alumni has been most beneficial in helping the College to attain some of its goals.

He spoke of the District around Washington, D. C., as being a very important one and he knew the Alumni were pleased that they were organizing. Many of our famous and notable men have come from this district among whom are: James C. Magee, M.D., '05, Former Surgeon-General of the Army; Major General George F. Lull, M. C., '09, who is now Secretary-General Manager to the A. M. A.; Major General Howard M. Snyder, M. C., '05, Personal Physician to President Eisenhower; Hugh Grady, M.D., '34, Director of the American Registry of Pathology; Harold L. Stewart, M.D., '26, Director of Pathology, Cancer Research Institute, U. S. Public Health Service; and many others.

Those attending the meeting were: Richard D. Bauer, M.D., '45; Robert E. duPrey, M.D., '45; William A. R. Stecher, M.D., '29; Samuel M. Dodek, M.D., '27; I. Lewis Sandler, M.D., '26; Arthur I. Sims, M.D., '39; Henry A. Davidson, M.D., '28; and Everett J. Gordon, M.D., '37.

REMEMBER

All Alumni of Jefferson Medical College residing in the Metropolitan Washington area are invited to a "Get-together" Cocktail Party at the University Club, 1135 16th Street, N.W., Washington, D. C.

Date — Tuesday, June 8th, 8:00 P.M.

Your Hosts —

Dr. Aaron Deitz
Dr. Samuel Dodek
Dr. I. Lewis Sandler
Dr. Everett J. Gordon

Let's talk it over about "Good Ole Jeff"!
Elevator brings up Brettell '30, Prexy Hamrick (Alumni Assoc.) and Mrs. Jacques

OHIO CHAPTER

FOURTH ANNUAL JEFFERSON ALUMNI-OHIO DINNER MEETING

Fifty dinners were served to an enthusiastic group of Jefferson Alumni, wives and guests at the Fourth Annual Dinner Meeting of Jefferson Alumni-Ohio, on April 13th, 1954, in the University Club of Columbus, held in conjunction with the annual Ohio State Medical Association Meeting.

Cocktails preceding the dinner, afforded an exceptionally pleasant fellowship hour where alumni and friends exchanged greetings and stories of both past and present.

At a U-shaped banquet table decorated with colorful spring flowers in soft, candle-light, the group was served an excellent dinner.

A warm greeting was then extended from the Jefferson Alumni Association, by its new president, Dr. Hayward R. Hamrick '35 followed by some interesting stories concerning the executive offices of Jefferson in the handling of bequeaths and grants to our Alma Mater.

Dean George A. Bennett in his own inimitable style then addressed the alumni and guests on the philosophy of education yesterday and today, quoting statistics and stories of the present student body at Jefferson.

After a brief question and answer session participated in by all present, the meeting was duly adjourned until next year.

The following were non-Alumni guests — Doctor Mills, University of Pennsylvania, Doctor and Mrs. H. B. Rogers, University of Georgia, and Doctor and Mrs. Patten, Queens, Ontario.

Doctor Bennett spoke at length concerning the present status of Jefferson, its building program and its future. The audience was most enthusiastic and showed their desire to continue further meetings.

At a short business session the following officers were elected for the ensuing year: Doctor William M. Davis, '02, President, of St. Petersburg, and Doctor Leo M. Wachtel, '38, Secretary, of Jacksonville.

JOHN CHELEDEN, M.D.

The South Central Pennsylvania Alumni Chapter held its Dinner Meeting at The Harrisburg Academy of Medicine Building at 7:30 P.M., May 13, 1954. Approximately 62 members were present, which included doctors from 10 of the 16 counties in the present South Central Alumni Chapter. The oldest class represented was 1897, by Dr. Clarence R. Phillips. The youngest class was the graduating class of June 1954, represented by Jerry Stacks, a senior student.

The speakers were Dr. George A. Bennett, Dean, Dr. Leandro M. Tocantins, Class of 1926, and Dr. Felix E. Karpinski, Jr., Class of S-44.

They were very cordially received. The meeting was a most enthusiastic and successful one.

RAYMOND C. GRANDON, M.D.
Secretary Treasurer
Dr. Norman B. Shepler, '10, President

Reading from left to right, First Row Row, Dr. Felix Karpinski, S-44, Dean George Bennett, Second Row, Dr. Clarence Phillips, '97, Dr. Norman B. Shepler, '10, Dr. Daniel L. Backenstos, '50, Dr. Robert Berger, '48.

Standing, Dr. Raymond C. Grandon, Secretary-Treasurer, '45, Seated, Dr. John J. Hanlon, '46.

Reading from left to right, Dr. David A. Johnston, '28, Dr. Percy J. Andrews, '36, Dr. Guy C. Crist, '22, Dr. Paul Karlik, '44.
NORTHEASTERN PENNSYLVANIA CHAPTER

The annual dinner meeting of the Northeastern Pennsylvania Chapter of Jefferson Medical College Alumni Association took place at Irem Country Club, Dallas, Pennsylvania, April 26, 1954.

Dr. P. J. Morgan, President, opened the meeting at 7:45 P.M., at which 62 were present.

The reading of the minutes of the 1953 meeting at Scranton was made by Dr. Albert Schiowitz, Secretary, and approved as read.

Treasurers' report was also read and accepted.

There was a short business meeting at which the officers for the coming year were elected. The following were the officers elected for 1954:

President ..................... Dr. J. William White
First Vice President ........ Dr. John Delahanty
Second Vice President ........ Dr. Ray Davis
Third Vice President .......... Dr. James J. Grace
Fifth Vice President .......... Dr. F. P. Judge
Honorary Member ............ Dr. J. O'McLean
Secretary-Treasurer .......... Dr. William Howell

Speakers at the 1954 meeting were: Dr. John Templeton of the Department of Surgery, Jefferson Medical College; Dr. Baldwin Keyes, Professor of Neuropsychiatry, Jefferson Medical College; Dr. James Martin, Assistant Dean, Jefferson Medical College.

Dr. Templeton outlined the newer methods of teaching in the Department of Surgery. He made brief mention of large series of cases of bronchogenic carcinoma, some 632 cases since 1946, and of the great progress in cardiac surgery at Jefferson.

Dr. Baldwin Keyes showed slides of the new building and various states of construction.

Dr. James Martin spoke concerning the procedure for the selection of the freshman class at Jefferson Medical College.

At the completion of the talks, there was first a discussion by Dr. Albert Feinberg with reference to the "art of medicine".

Dr. Michael O'Brien, Scranton, talked on "Intern Situation".

Dr. J. Ziemba inquired as to the reason why Jefferson did not have a Department of Anesthesia and was answered to the effect that such a department was under consideration.

Dr. Kaufman discussed the problem of "Supply and Demand" as far as interns were concerned.

In response to Dr. O'Brien's comments, Dr. J. Hyman questioned Dr. Martin as to the type of college that would be advisable for prospective Jefferson students.

After a rising vote of thanks for the speakers, the meeting was adjourned at 10:15 P.M.

ALBERT SCHIOWITZ, M.D.
Secretary-Treasurer

NORTHERN NEW JERSEY CHAPTER

The annual spring meeting of the Jefferson Alumni Association of Northern New Jersey was held at the Essex Club, Newark, New Jersey on April 28, 1954.

After a pleasant hour of cocktails and "small-talk," an excellent dinner was served and enjoyed. Our Faculty Guests, James R. Martin, M.D., '10, and John Y. Templeton, III, M.D., '41, were then introduced in turn. They both gave highly interesting off-the-cuff talks as to what is new and news at Jefferson. A brief business meeting followed and the following officers were elected:

President, Harry E. Thomison, M.D., '18
Vice-President, William R. Tilton, M.D., '17
Secretary-Treasurer, Frederick C. DeTroia, M.D., '35

FREDERICK C. DETROIA, M.D.
Secretary-Treasureer

Please send changes of address directly to the Alumni Office. We are constantly revising our files so that you may receive your mail promptly.

Send your class notes to the Alumni Office. We are always glad to get pictures or any items of interest that may be used in the Bulletin.
EX-INTERNES' AND EX-RESIDENTS' DAY, CLASS REUNION DAY

EX-INTERNES' AND EX-RESIDENTS' DAY
TUESDAY, JUNE 15, 1954
10:00 A.M. Dr. Jose H. Amadeo, '52, Philadelphia, Pa. 
"Experiences With Mitral Valvotomy."
"Improved Pulmonary Ventilation During Surgical Operations. Use of Mechanical Positive Pressure and Vacuum Phase Ventilator."
10:40 A.M. Dr. Wallace G. McCune, Germantown, Pa. 
"Management of Renal Failure."
11:00 A.M. Dr. John J. Gartland, S-44, Philadelphia, Pa. 
"Some Clinical Uses of Hyaluronidase."
"Recognition and Treatment of Depressions in General Practice."
11:40 A.M. Dr. F. Johnson Putney, '34, Philadelphia, Pa. 
"Benign Lesions of the Lower Esophagus."
12:00 Noon Dr. Aaron Capper, '24, Philadelphia, Pa. 
"Newer Concepts of the Pathogenesis of Sudden Death in Infancy and Childhood."
1:00 P.M. Luncheon and Annual Business Meeting — Student Nurses' Dining Room, 7th Floor, Jefferson Hospital.
6:30 P.M. Cocktails and Annual Dinner, The Barclay Hotel, 18th St. and Rittenhouse Square, Philadelphia, Pa.

CLASS REUNION DAY
WEDNESDAY, JUNE 16, 1954
5th Class Reunion
10:00 A.M. Dr. Robert G. Johnson, '49 
"The Diagnosis of Cardiac Septal Defects"
11:00 A.M. Dr. Gerald M. Marks, '49 
"The So-Called Post-Hypercapneic Phenomenon"
10th Class Reunion
10:20 A.M. Dr. Ronald Bernardin, Jan. '44 
"Treatment of Erythroblastosis"
10:30 A.M. Dr. Wallace B. Hussong, Jan. '44 
"Preventing Iatrogenic Illnesses"
10th Class Reunion
10:40 A.M. Dr. Stacy L. Rollins, Jr., Sept. '44 
"Subdural Hematoma in Adults"
10:50 A.M. Dr. John H. Bland, Sept. '44 
"Clinical Uses of Fluid and Electrolytes"
15th Class Reunion
11:00 A.M. Dr. Fred Faux, '39 
"The Fern Test as an Early Test of Pregnancy"
11:10 A.M. Dr. Henry H. Stroud, '39 
"Erythroblastosis Fetalis in an Average City Hospital"
20th Class Reunion
11:20 A.M. Dr. Arthur Foo-Sen Liu, '34 
"Loeffler's Syndrome"
11:30 A.M. Dr. Frank D. Conole, '34 
"Surgical Management of Carcinoma of the Rectum"
25th Class Reunion
11:40 A.M. Dr. William Stecher, '29 
"Some Interesting Congenital Gastro-Intestinal Anomalies from a Roentgenologic Viewpoint" 
11:50 A.M. Dr. Foy M. Wheitsell, '29 
"Suction Cup Removal of 500 Cataracts — A Review"
30th Class Reunion 
12:00 Noon Dr. Harry Subin, '24 
"Unusual Findings in Trauma"
35th Class Reunion
12:10 P.M. Dr. Lowrain E. McCrea, '19 
"Hematuria: Its Clinical Significance"
40th Class Reunion
12:20 P.M. Dr. Roy Deck, '19 
"Epistaxis"
1:00 P.M. CLASS REUNION LUNCHEONS
7:00 P.M. CLASS REUNION DINNERS

ALUMNI DAY CLINICS
THURSDAY, JUNE 17, 1954
10:00 A.M. Clinico-Pathologic Conference
Presented by Members of the Graduating Class
ALFRED SPIVACK, Moderator
ANDREW ZWEIFLER
NELSON MOURY
MURRAY SILVERSTEIN
JOSEPH GREEN
NORRIS GROVES
11:00 A.M. Dr. Garfield G. Duncan
"Simplified Measures in the Diagnosis and Treatment of Diabetes"
11:15 A.M. Dr. Thaddeus L. Montgomery
"Oxygen Saturation Determinations on the Newborn—Spontaneous Delivery and Cesarean Section"
11:30 A.M. Dr. William T. Lemmon
"Resection of Aortic Aneurysm with Replacement by a Homologous Graft"
11:45 A.M. Dr. Louis H. Clerf
"The Present Status of Cytologic Diagnosis of Bronchogenic Carcinoma"
12:00 Noon Dr. Theodore R. Fetter
"Diagnostic Problems in Pediatric Urology"
12:15 P.M. Dr. Thomas A. Shallow
"A Survey of the Results of 800 Personal Cases of Carcinoma of the Large Intestine, Including the Rectum" 
DEAN'S LUNCHEON—McClellan Hall, Second Floor of the College—immediately following the Clinic.
7:00 P.M. ANNUAL ALUMNI BANQUET—The Bellevue-Stratford Hotel, Broad and Walnut Streets

COMMENCEMENT DAY
JUNE 18, 1954
11:00 A.M. Commencement Exercises of the Class of 1954 at the Academy of Music, Broad and Locust Streets
MEMBERS OF THE GRADUATING CLASS, WITH "JEFFERSON" RELATIONS

1953-1954

CLASS REUNIONS

60th ANNIVERSARY
The Class of 1894 will meet in the Alumni Office June 16th before going to the Benjamin Franklin Hotel for luncheon. Members will attend the Alumni Dinner on the 17th.

Colonel Frederick H. Mills, Chairman
127 Heather Road
Upper Darby, Pa.

55th ANNIVERSARY
The Class of 1899 is celebrating its 55th Reunion and will have a luncheon at 2601 Parkway, June 17th. They will attend the Annual Alumni Dinner at 7 P.M., June 17th.

Harry F. Weber, M.D., Chairman
4601 Wayne Avenue

50th ANNIVERSARY
The Class of 1904 has made arrangements to hold a Dinner, Wednesday, June 16th in celebration of its 50th Reunion. It will be in the Pink Room on the first floor of the Bellevue-Stratford Hotel, at 6:30 P.M.

Louis Chodoff, M.D.
1520 Spruce Street

Graydon D. Mervine, M.D.
204 W. Main Street
Lock Haven, Pa.

CLASS OF 1906
The Class of 1906 will hold its Annual Reunion, June 17, 1954. They are planning a luncheon at the Bellevue-Stratford Hotel.

45th ANNIVERSARY
The Class of 1909 has completed plans for their reunion on Thursday afternoon, June 17, 1954, and notices have been sent to the members of the class, giving them all the details.

George T. Faris, M.D., Chairman
129 Roberts Avenue
Glenville, Pa.

40th ANNIVERSARY
Plans are being made for a get-together Luncheon on Wednesday, June 16th, 1954 for the 40th Reunion of the Class of 1914.

George L. Armitage, Jr., M.D., Chairman
400 E. 13th Street
Chester, Pa.

35th ANNIVERSARY
The Class of 1919 has made the following plans for their 35th Reunion:
On Thursday, June 17, 1954, a Cocktail Party will be held in the North Garden of the Bellevue-Stratford Hotel at 5:30 P.M.

Milton B. Emanuel, M.D., Chairman
625 Vine Street

30th ANNIVERSARY
The Class of 1924 is planning a Cocktail Party, June 16th at 5:30 P.M. There will also be a dinner at 7 P.M., at the Barclay Hotel, June 16th, wives included.

William Clarence Wilson, M.D.
Chairman
520 South 46th Street

Albert R. Feinberg, M.D.
186 South Franklin Street
Wilkes-Barre, Pa.

25th ANNIVERSARY
The Class of 1929 is celebrating its 25th Reunion and has made the following arrangements:
Wednesday, June 16th, 1954.
2 P.M. to 6 P.M.—Cocktails. “Mirror Room” at the Warwick Hotel, Stag.
7:30 P.M.—An informal dinner-dance.
7:00 P.M.—June 17, 1954, Thursday.

Patrick S. Pasquariello, M.D., Chairman
2422 W. Allegheny Avenue

20th ANNIVERSARY
The Class of 1934 is celebrating its 20th Anniversary. They plan to have Dinner and Golf at the Aronimink Country Club, June 16th, the wives included.

Edward Joseph Moore, Jr., M.D.
Chairman
204 Meeting House Lane
Merion, Pa.

The Class of 1949 in celebration of their 5th Reunion, will hold a Cocktail Party at the Bellevue-Stratford Hotel on June 17th. All members are urged to contact the Chairman of the Committee as soon as possible.

ROBERT G. JOHNSON, M.D.
The Jefferson Hospital
10th and Sansom Streets
Philadelphia 7, Pa.
MARVIN M. LINDELL, JR., M.D.
150 W. Evergreen Avenue
Philadelphia 18, Pa.

A LETTER FROM

DR. MARTIN B. TINKER, JR.

"Please accept my thanks for the floral tribute to my father, Dr. Martin B. Tinker, which arrived yesterday. I judge it was intended as a birthday remembrance.

I know you will be sad to learn of my father's demise which appeared on February 26, 1954. He was age 84 years and would have reached his 85th birthday if he could have lived until yesterday.

My father was born and brought up on a very small and unpromising hill farm in the village of Granville, which is not far from Westfield in Western Massachusetts. His years there as a boy were hard ones. His father was not able to help him much with his education. At the age of 9 or 10 years he started working in a military drum factory which was located in this little village and among other duties there operated a lathe turning out drum sticks for ten hours a day. In spite of this handicap my father went on and achieved enviable academic background of training, which he earned entirely himself. After graduating from Jefferson, he went to Harvard and obtained his B.S. degree, teaching physiology there while he was an undergraduate. He then went to the University of Berlin where he obtained a second M.D. Degree. After that, he had a year at the Boston City Hospital; then for three years he assisted Dr. W. W. Keen and following that, he was a resident on the staff of Dr. William Halsted at Johns Hopkins in Baltimore. This and further facts about his training are recorded in American Men of Science and in 'Who's Who In America'. When he left Baltimore my father came to Ithaca, New York, where he became Assistant Professor of Surgery at Cornell University. At the same time he was Chief Surgeon at the Clifton Springs Sanatorium, a small place about sixty miles from Ithaca. While he was in Berlin, he had made a trip to Kocher's Clinic in Berne, Switzerland, and along with his duties teaching and his work at Clifton Springs Sanatorium he pioneered the surgical treatment of goitre, and soon became widely known for his work in this field. As far as I can determine from studying his records, and as far as my secretary and friend, Mrs. Brown, who was also with him for many years, can ascertain my father performed four or five thousand thyroidectomies. These operations were attended with a remarkably low mortality rate (of less than one-half percent) with very satisfactory results. In 1909 in the New York State Medical Journal my father published an article on the subject of wound excision, in which he enunciated about the same principles for the work as La Maitre, who gained credit, when he started doing what he called debridment in World War I. During World War I, my father was Chief of the Surgical Service at the Reconstruction Hospital #26 at Fort Des Moines, Iowa. In addition to the running of the affairs of the surgical service, he did a great deal of the peripheral nerve surgery himself, having been selected for this on the basis of his experience with Dr. W. W. Keen. In about 1914 he severed his connection with the Clifton Springs Sanatorium and the surgical teaching had been moved to New York City, after he had been teaching about eight years. He came to Ithaca in 1903. His last operative work was done in 1947.

"During his professional career my father published eighty articles which have appeared in various surgical books and journals. He reawakened interest by critically studying the effectiveness of skin preparation for operation. He also pioneered the development of electro-surgery with special reference to its use in goitre operations.

"My father also found time for his family and devoted much time to my mother and to us when we were children growing up at home. In addition to this he was very active in Boy Scout work and received the Silver Beaver award for his work in connection with this movement. Like Dr. W. W. Keen my father had a firm religious belief and his character as well as his technical skill were highly regarded by all who knew him.

"For several years now my father had not been well and was living in retirement. He suffered an attack of pneumonia about ten days before his death and before this had finally cleared he developed an acute abdominal emergency, which was apparently of the nature of an obstruction due to an adhesive band. He was in no shape to stand surgical exploration and passed away on February 26, 1954 at the age of 84 years.

"Hoping that this information will be interesting to you and those in Philadelphia who may still remember him."

It is with deep regret that we learned of Dr. Tinker's death and we extend our sympathy to Dr. Tinker, Jr. and the members of his family.
DR. ZUKOSKI in the process of conducting a tour with KING SAUD on his left and young KING HUSSEIN of Jordan on his right with one of the staff physicians beside him.

DR. DAVIS HEARS FROM CLASSMATE

Frank J. Zukoski, M.D., Trans-Arabian Pipe Line Company, Medical Director, writes:

"Thank you very much for your letter dated November 17, 1953, although it was very late in getting here.

"The past six months have seen a lot of changes around here, and a great deal of activity in the Medical Department. We are in the process of closing down our hospital in Beirut, and opening up a similar sized one in a central location along the pipe line in Saudi Arabia. In addition to that we are opening up three smaller hospitals along the pipe line in other locations. To take care of our hospital needs in Beirut, we are transferring our clinical facilities from the hospital building to the main office building occupied by the Company. There we expect to have a very complete clinic, the work of which will be handled by three physicians. For the hospitalization of our patients we have made an agreement with the American University Hospital to occupy a unit consisting of ten beds which will be operated by the Tapline Medical Department. Our physicians in this arrangement will be appointed to the staff of the A.U.B. My position will be Associate Professor of Industrial Medicine on the University Hospital staff. In this manner I will have the privilege of taking care of the Tapline patients even to the extent of operating on them in the University Hospital operating room facilities. All these changes must be completed within six weeks because during the first week of May I am planning to depart Beirut for my home leave.

"Perhaps this item will be of interest to you all back home. During the first week of January I had the unique privilege of escorting two kings through our newly constructed hospital in Arabia. This photograph enclosed shows the undersigned in the process of conducting the tour with King Saud on my left and young King Hussein of Jordan on my right with one of my staff physicians beside me. Another highlight that has taken place out here recently was—Mrs. Zukoski had a mold arthroplasty done on her left hip during October last. The procedure was done by Dr. Otto E. Aufranc of the Massachusetts General Hospital, who kindly accepted to come out to Beirut to perform the operation. I had assisted Dr. Aufranc at this beautifully executed procedure, and the result was very successful, although it is a slow grind as you know until Mrs. Zukoski is able to ambulate again. Under the circumstances which the operation was done the resultant expense was very high. Therefore, please accept my enclosed cheque to the Annual Alumni Giving Fund.

"Thank you very much, I hope to see you all in Philadelphia during June 1954."

PROMOTIONS, NEW APPOINTMENTS

PROMOTIONS

F. JOHNSON PUTNEY, M.D., from Assistant Professor to Associate Professor of Laryngology and Broncho-Esophagology.

RICHARD MILTON PADISON, M.D., from Assistant to Instructor in Neurology.

PAUL J. POINSARD, M.D., from Instructor to Associate in Psychiatry. (Was approved by interim action).

LAWRENCE J. McSTRAVOG, M.D., from Instructor to Associate in Otolaryngology. (Effective as of July, 1954).

NEW APPOINTMENTS

ALBERT J. KAPLAN, M.D., as Instructor in Psychiatry (Reappointment).

WARREN W. HAMPE, JR., M.D., as Assistant in Psychiatry.

LEONIDAS LEVENBOOK, PH.D., as Assistant Professor of Biochemistry.

ROLAND WILLIAM MANTHEI, PH.D., as Assistant Professor of Pharmacology.
POSITIONS AVAILABLE

Wanted: Cambridge, Maryland. Opportunity for young man, ophthalmologist, board credentials, can do operative eye work, who would be interested in locating in community of Cambridge, Maryland. Good general hospital. Town 14,000 with county making up 30,000.

Wanted: Chambersburg, Pennsylvania. Good opportunity for general work. Seven and a half miles from Chambersburg, Pennsylvania, near well-equipped hospital.

Wanted: Opportunity for a good country practice for general man.

Wanted: General practice in Pennsylvania. Two hospitals within 20 miles.

POSITIONS WANTED

Wanted: I am available after July 19, 1954, and am interested in a group practice in Philadelphia or New Jersey. Have had adequate training in Obstetrics and Gynecology.

Wanted: General practice wanted for insurance company or industrial fill-in. Will be glad to assist physician during his vacation. Area within Montgomery and Delaware Counties.

FACULTY NOTES

GEORGE A. BENNETT, M.D., Dean

On Tuesday, April 13, 1954, Dr. Bennett spoke to the Ohio Chapter, at the Fourth Annual Dinner Meeting of Jefferson Alumni, in the University Club of Columbus, held in conjunction with the annual Ohio State Medical Association Meeting. He addressed the alumni and guests on the philosophy of education yesterday and today, quoting statistics and stories of the present student body at Jefferson.

On Sunday, April 25, 1954, Dr. Bennett spoke before the Florida Proctologic Society. His presentation was, "The Newer Concepts of the Anatomy of the Liver and Its Relationship to Proctology".

On Monday, April 26, 1954, Dr. Bennett spoke before the General Assembly of the Florida Medical Association on "Recent Trends in Medical Education".

Dr. Bennett attended a dinner meeting of the Florida Chapter of Jefferson Alumni held at the Hollywood Beach Hotel. He spoke on the present status of Jefferson, its building program, and its future.

On Wednesday, May 5, 1954, Dr. Bennett attended the North Carolina Chapter of the Jefferson Alumni, at a luncheon meeting in the Crystal Room of the Carolina Hotel at Pinehurst in conjunction with the meeting of the Medical Society of the State of North Carolina. Dr. Bennett's subject was the progress of the medical school, with particular reference to the new Pavilion, and the improvements in the various departments.

On Thursday, May 13, 1954, the South Central Pennsylvania Alumni Chapter held its dinner meeting at the Harrisburg Academy of Medicine Building. Sixty-two members were present. Dr. Bennett spoke on the progress of Jefferson.

Mario A. Castallo, M.D., Clinical Professor of Obstetrics and Gynecology, was guest speaker at a formal dinner meeting of the Washington, D. C., Gynecological Society held in the Crystal Room of the Willard Hotel in Washington, D. C., the night of March 27, 1954. His subject was "Surgical Management of Closed Tube Sterility".

Mario A. Castallo, M.D., Clinical Professor of Obstetrics and Gynecology, has been asked to head a panel for the discussion of Tubal plastic procedures, in the Treatment of Sterility, at the Meeting of the American Society for the Study of Sterility, in San Francisco, just prior to the A. M. A. meeting, in June. Dr. Castallo's associate, Amos S. Wainer, M.D., has been extended this same invitation.

David M. Davis, M.D., Professor of Urology, Emeritus, was the guest of the George Washington Medical Society in Washington, D. C., Wednesday, April 21, 1954, and addressed the meeting on the subject of "Suppression of Urine".

On Thursday, April 22, 1954, Dr. Davis presented a paper on "Vesical Orifice Obstruction in Women, and Its Treatment by Transurethral Resection, With Analysis of 56 Personal Cases" before the Annual Meeting of the Mid-Atlantic Section of the American Urological Association.

John E. Deitrick, M.D., Magee Professor of Medicine and Head of the Department, was one of forty eminent leaders in the various health, vocational guidance, and allied fields to speak at the 1954 National Health Forum, March 24th and 25th at the Hotel Statler, New York. This program of the National Health Council was devoted to the subject of "Changing Factors in Staffing America's Health Services".

Theodore R. Fetter, M.D., Professor of Urology and Head of the Department, received a Degree of Doctor of Science on May 31st, 1954 from the Lebanon Valley College.

Howard C. Leopold, M.D., Assistant in Medicine, was a guest speaker of the Pennsylvania Allergy Society at its meeting in Pocono Manor Inn on Sunday, May 9th, 1954. The paper presented was "Ocular Allergy".

James R. Martin, M.D., Associate Dean, attended the Centennial of Lincoln University on April 29, 1954.

Herman L. Rudolph, M.D., Associate in the Department of Physical Medicine, spoke on, "Clinical Impressions of Common Problems More Adequately Treated with Physical Medicine as an Adjunct", at a staff meeting of the Veterans Administration Hospital in Wilkes-Barre, Pennsylvania, Wednesday, April 7, 1954.
CLASS NOTES

1878  E. B. MONTGOMERY, M.D., 1461 Vermont Street, Quincy, Illinois, writes:

"I wish to express to you my thanks for the beautiful flowers sent me on my 96th birthday. Such kind remembrances are very grateful and serve to make life worth living."

From the Secretary's Letter of the American Medical Association we read:

"DOCTOR, AGE 95, IN PRACTICE 75 YEARS. A few weeks ago I referred to a Winchester (Virginia) Evening Star story which claimed that 88 year old E. C. Stuart, Sr., of Winchester, has practiced medicine longer — 66 years — than any other physician now living in the United States. Apparently Dr. Stuart is just a youngling, for Dr. Harold Swanberg, Quincy, Illinois, writes that the Adams County (Illinois) Medical Society claims Dr. Edmund B. Montgomery is 95 years old and has practiced medicine for 75 years.

Dr. Montgomery, whose life story will appear in the January issue of the Mississippi Valley Medical Journal, was born in 1838, was graduated from Jefferson Medical College in 1878, and still maintains an office in Quincy where he began practicing in 1878. He has been a member of the Illinois State Medical Society since 1879. He enjoys fairly good health and attends medical meetings. He attended the meeting of the Mississippi Valley Medical Society in Springfield, Illinois, last September, and, last June, was given an honorary degree at the Jefferson Medical College when he attended the annual commencement services in Philadelphia.

1882  JOHN F. MENTZER, M.D., 16 N. State Street, Ephrata, Pa., writes:

"Thank you so much for your thought of me, and for the joy your flowers brought."

1888  C. E. DOWNES, M.D., 314 15th Street Court, Brandenton, Florida, writes:

"The floral piece received on my birthday was a masterpiece and was admired by my friends and myself. Many thanks for the compliment. The care showered upon me by friends and relatives recalls the aphorism: 'Once a man, twice a child'."

1890  LUDWIG LOEB, M.D., 250 South 17th Street, Philadelphia 3, Pa.

"I want to thank you very much for your kind letter of congratulations, and good wishes which I very much appreciate. I was much pleased with the beautiful flowers the Alumni sent me. The flowers came yesterday morning and I wrote a letter of thanks shortly after they arrived."

ORAN A. WOOD, M.D., A-6 Oak Street, Westville, New Jersey

"I wish to extend to the Alumni my sincere thanks for the beautiful bouquet of flowers and for the kind letter of congratulation and best wishes. I can think of no greater reward in life than to be remembered by one's Alma Mater which helped to make my birthday one of the finest. With all good wishes and again my thanks."

1891  IRVIN A. FRIES, M.D., Wallingford, Delaware County, Pennsylvania. Mrs. Marie Fries McLaughlin writes:

"Dr. Fries wishes to thank you for the beautiful bouquet he has been receiving during the past years. Your remembrance for his 93rd birthday, a delightful spring assortment of flowers was greatly appreciated. Thank you again for your harbinger of good wishes."

JOHN H. GIBBON, SR., Lynfield Farm, Providence Road, Media, Pennsylvania, writes:

"Thank you very much for your thoughtful note on my 83rd birthday. It was so kind of you."

1892  J. H. CLOUD, M.D., 111 St. Paul's Road, Ardmore, Pa.

"Thank you very much for remembering me on my 82nd birthday. I am glad to say that our son, Lawrence graduated at Jefferson in 1952."

CAMERON SHULTZ, M.D., 116 Bloom Street, Danville, Pa., writes:

"Your letter of the 20th duly received, congratulating me upon reaching the age of 83 was appreciated. I have slowed up very considerable, but still take care of some office work, feeling I would rather wear out than rust out. Thank you for your kind wishes."

1893  EDWARD I. RICH, M.D., 2624 Taylor Avenue, Ogden, Utah, sends us the following:

"Your congratulatory letter of April 7th, was duly received and appreciated also a lovely bouquet on April 9th, my 86th birthday and our 60th wedding anniversary. I am very sorry to report, however, that my dear companion passed away January 6th, 1954, three months before our anniversary. We had planned a big celebration, but were denied that pleasure. I am very well and have been greatly blessed all my life. We have two sons, both M.D.'s; also five wonderful daughters, twenty-seven grandchildren and twenty-six great grandchildren. All of them are well and prosperous. I greatly appreciate your letter and bouquet and say, 'God Bless Old Jefferson and all her children'."

CHARLES WYETH, M.D., 1100 South Seventeenth Street, Terre Haute, Indiana, writes:

"Thanks very very much for the beautiful flowers on my 85th birthday. Thanks too for the congratulatory letter. Both are much appreciated. It's nice to be remembered."
M. D., wrote that a neighbor got a buck from the back door at the old place where I was born and brought up. While in my time, I never saw a deer in that locality."

HARRY B. KING, M.D., 547 Main Street, Reynoldsville, Pennsylvania.

"Enclosed find my check. I have enjoyed hearing from you, but owing to failure of eyesight, I have not been able to write to you."

CHARLES F. LEHNKERING, M.D., 335 South Main, Darlington, Wisconsin, writes:

"I want you to know I deeply appreciate your bouquet sent in remembrance of my 85th birthday. Such kind thoughts keep alive the knowledge that here in our grand country, mankind always has and always will cherish kind thoughts and deeds and the freedom of thought, action, and the desire to accomplish good.

"Although I have retired from practice, I continue to keep busy by reading and visiting with many old patients. My son, who is a physical therapist, takes me down to the office we shared for many years. There, of course, I can regain that old feeling of being back in the harness again. Becoming accustomed to retirement was difficult at first but I now accept it with the knowledge I have done my part and that the younger men can take over."

S. BANKS TAYLOR, M.D., 126 Oley Street, Reading, Pennsylvania.

"My sincere thanks to you and the Alumni Association of the Jefferson Medical College for the kind letter, and attractive floral expression of congratulations sent me upon my 86th birthday. Both were deeply appreciated."

JULIUS WOLFSON, M.D., 602 Spruce Street, Philadelphia, Pennsylvania.

"Many thanks for your kind greetings on my birthday. It is indeed gratifying, when years accumulate, to receive kind greetings from old comrades of a great institution like Jefferson. It is like the cheering of dear friends, saying, 'Cheerio. We are right behind you'."

HIRAM A. HOLT, M.D., Winter Harbor, Maine.

"My sincerest thanks to the Alumni Association of Jefferson for their good wishes and the beautiful bouquet sent to me on my 86th birthday. I have retired from active practice but I have a patient who is over ninety years old. Her birthday comes a few days after mine, so I took some of the deep red carnations and yellow jonquils to her. She was most happy to have shared my lovely bouquet. Thank you my good friends."

JOHN WILLIAM HENRY RANKE, M.D., 3112 Beaver Avenue, Fort Wayne, Indiana. Mrs. John William H. Ranke writes:

"Thank you so much for your kind words of congratulations on my husband's 84th birthday. I am sorry to say that he just passed away on February 12th, just a few days before his birthday. He did not receive your message which he would have enjoyed so much."

WILLIAM H. TREIBLE, M.D., 845 - 14th Avenue, S. Street, Petersburg, Florida. Mrs. W. H. Treible writes:

"It is again my pleasure to express the appreciation of Dr. Treible, for the bouquet of beautiful flowers and congratulatory letter, sent him on his 88th birthday. Had you seen the expression of his countenance upon its arrival, no words were necessary to show his happiness.

"I join with him in thanking you for the kind remembrance. The poet has said, 'Flowers are the most beautiful things God created and forgot to put a soul into.'

"May God add His blessing for continued growth of Jefferson."

JACOB A. TREXLER, M.D., 201 South 2nd Street, Lehighton, Pennsylvania.

"I have not practiced since January 1, 1950. Enclosed is my check for Annual Giving. Wish you all success."

The Class of 1904 is celebrating their 50th Reunion.
GRAYDON D. MERVINE is Class Agent for '04.

J. HARRIS UNDERWOOD, M.D., 445 N. Broad Street, Woodbury, New Jersey, celebrated his 77th birthday on January 27, 1954 and on that day delivered his 11,000th baby. Dr. Underwood delivered his first baby when a student at Jefferson. Our congratulations to Dr. Underwood. May he have many more birthdays.

EDWIN R. LESCHER, M.D., 1014 N. Spring Street, Elgin, Illinois, writes:

"Guess it's about time I send my usual check for Alumni Fund, so find it enclosed.

"Sorry that I will miss the reunion this year but, as Phifer has probably informed you, Mrs. Lescher and I sail from
New York on April 21st for a tour of Europe and will not return until the last of June. Expect to visit Casablanca (my son is there), Spain, Riviera, Italy, Switzerland, Germany, France and England. There are four of us in the party so expect an interesting trip. My best to you and all my classmates when you see them.'

1910 E ARL M. B EVIS, M.D., Wenatchee, Washington, writes: "Enclosed is my check for the Giving Fund."

"Mrs. Bevis passed away last September after over forty years. You may remember that she had her dietitian's training at Jefferson. We have two sons near here that help out. One is an Annapolis graduate; the other a law graduate, but running an orchard now. Have re-opened my office down town and do enjoy working again."

"My best wishes to you and to my friends."

Our sincere sympathy goes to Dr. Bevis in his bereavement.

1913 H UBBARD T. B UCKNER, M.D., 1223 Spring Street, Seattle 4, Washington, veteran surgeon who organized Seattle's famous 50th General Hospital, has retired from active practice after 41 years as a specialist in orthopedic and traumatic surgery.

H UBBARD T. B UCKNER, M.D., 1223 Spring Street, Seattle 4, Washington, was honored on February 27, 1954 at the Rainier Club, Seattle, by a reception which formally brought to a close Dr. Buckner's forty-one years of practice as Bone Surgeon.

1914 JAMES R. REULING, JR., M.D., 217-07-40th Avenue, Bayside, L. I., New York, was presented the Will Ross Medal, established a year ago in memory of another former president, for Distinguished Service in the Tuberculosis Movement in a field other than the Medical Science.

1918 H. HARRIS PERLMAN, M.D., 1737 Chestnut Street, Philadelphia 3, Pennsylvania was appointed Chief of the Dermatological-Pediatric Service and also appointed a member of the medical board, at the April meeting of the Medical Board and the Board of Trustees of the Skin and Cancer Hospital, Philadelphia.

1919 The Class of 1919 are celebrating their 35th Reunion. BURGESS L. GORDON is Class Agent for this class.

1920 FREDERICK EWENS, M.D., 765 Manhattan Beach, California, Chief of Staff of Torrence Memorial Hospital, was elected recently to the post of chairman of the General Practice Section of the American Medical Association.

1924 SYLVESTER F. DEROSA, M.D., 20 Cook Avenue, Meriden, Conn., was appointed as School Physician by the Board of Health of Meriden, Connecticut.

ALBERT FEINBERG, M.D., 186 South Franklin Street, Wilkes-Barre, Pa., was installed as 95th president of the Luzerne County Medical Society.

ALBERT R. FEINBERG, M.D., 186 S. Franklin Street, Wilkes-Barre, Pa., was installed as 95th President of the Luzerne County Medical Society.

1925 JEREMIAH B. PEARAH, M.D., 2416 Kutztown Road, Hyde Park, Reading, Pennsylvania, is Chief of the Department of Arthritis and Endocrines at St. Joseph's Hospital, Director of the Department of General Practice at St. Joseph's Hospital and member of the Executive Committee at St. Joseph's Hospital.

1926 CHARLES HYMAN, M.D., 2807 Pacific Avenue, Atlantic City, New Jersey, has recently been elected President of the Atlantic City Hospital Medical Staff.

BUENAVENTURA RAPPACCIOLI, M.D., Medico Y Cirujano, Diriaamba, Nicaragua, C. A., writes:

"Enclosed you will find my check for the Annual Giving Fund. I may go to the States next July; if I do, I will certainly call on you. I hope that this year the Annual Giving Program will be a success and that you will beat all the previous records."

1928 ROBERT S. BOOKHAMMER, M.D., 209 Rittenhouse Claridge, Rittenhouse Square, Philadelphia, Pa., Assistant Professor at Jefferson College is President of the Psychoanalytic Society.

G ARRETT C. MCCANDLESS, M.D., has opened his office at 1238 Elk Street, Franklin, Pa., after practicing in Cochran ton for the past three years.

1929 G EORGE J. BOINES, M.D., 413 N. Broom Street, Wilmington, Delaware, is President of the Delaware Academy of General Practice.
1933 Karl Habel, M.D., 8590 Locust Hill Road, Bethesda, Maryland, writes:
"I've been in Medical Research in the U.S. Public Health Service for the past 15 years, which is a far cry from that clinical training I got at Jefferson, for my research is mostly in the laboratory."

1934 Roscoe P. Kandle, M.D., New York Department of Health, 125 Worth Street, New York City, N.Y.
Dr. Roscoe P. Kandle, who directed the study of health and welfare by the Mayor's Committee on Management Survey in 1952, has been appointed deputy commissioner of the Department of Health. Dr. Kandle succeeds Dr. Samuel Frant.

"Enclosed please find my check. I have been out of my office for almost seven months and at the present time, I am still working only part time due to illness. I am slowly recovering my strength and hope to be back in full swing eventually but the convalescence is indeed slow and sometimes quite discouraging."

Charles A. Wagner, M.D., Suite 110 Medical Arts Building, 201 North El Molino Avenue, Pasadena 4, California.
"Jane and I are still looking forward to seeing some of the old gang out here in 'Sunny Southern California' so this is an open invitation to all concerned. We now have adequate room plus a swimming pool, so come out and enjoy yourselves."

1935 Donald W. Crittenden, M.D., 202 Hickory Street, Andover, Ohio, has been appointed Director of the Dickinson-Iron County Health Unit by the health committees of both counties. Dr. Crittenden has been in private practice at Andover, Ohio for the past 17 years.

Joseph F. Hughes, M.D., 1605 Shipley Road and Boulder Brook, Wilmington, Delaware.
A former resident of Woodbury and now of Wilmington, Delaware was honored at a testimonial dinner, on Sunday, May 16, 1954 in St. Patrick's Church Hall, Woodbury, New Jersey.

Donald W. Crittenden, M.D., 202 Hickory Street, Andover, Ohio, was appointed director of the Dickinson-Iron County Health unit by health committee members of both counties.

1936 Edmund J. Brogan, M.D., Thomas Wynne Apts., Wynnewood, Pa., has been appointed Assistant Medical Director of the Provident Mutual Life. He joined the company in 1952 after fifteen years experience in private practice.

Harvey Doe, M.D., has moved to Edgerton, Ohio with his wife and daughter.

James H. Cope, Jr., M.D., Arroyo Sanatorium, Livermore, California, is Secretary-Treasurer of the Trudeau Society Medical Association, 130 Hayes Street, San Francisco 2, California.

1937 J. Lawrence Evans, Jr., M.D., 254 Christie Heights Street, Leonia, New Jersey, Attending Neuro-Psychiatrist and Chief of Staff of the Neuro-Psychiatric Clinic at Englewood Hospital, was one of the experts on the panel held at a meeting on Thursday, March 11, 1954, of the Roosevelt P. T. A. The subject was, "Your Junior High Child, His School and You".

Robert S. Garber, M.D., New Jersey State Hospital, Station A, Trenton 8, N. J., Superintendent of the New Jersey Neuro-psychiatric Institute at Skillman, spoke at the Smally School on "Developing Responsibility in Children". Dr. Garber has been associated with the State Department of Institutions and Agencies for many years.

1939 Leonard P. Lang, M.D., 701 River Road, Wilmington 3, Delaware, has been appointed Director of the Department of Medicine at Memorial Hospital, Wilmington, Delaware.

1940 Walter D. Bauer, Jr., M.D., 1229 Cornell Avenue, Drexel Hill, Pa., has been appointed Assistant in the Department of Anesthesiology at Geisinger Memorial Hospital, Danville.

1942 Robert T. Fox, M.D., has changed his address to 3712 Atlantic Avenue, Long Beach 7, California.

Edmund T. Hackman, M.D., 10 Post Road, Edgewood 5, R. I. reports all is under control in Edgewood, Rhode
Island. He challenges the class with six children including four boys.

DAVID O. JOHNSON, M.D., 711 W. 14th Street, Austin, Texas, the "dean" of anesthesiologists in Austin, Texas, sends two new addresses: office: 711 W. 14th Street; home: 4401 Barrow Avenue, both in Austin.

THOMAS S. MIN, M.D., 1230 Beretania Street, Honolulu 46, T. H., sends us news of the birth of their third child and his certification by the Board of Internal Medicine. He also guarantees good golf the year around.

1943 EDWARD V. HENSON, M.D., 1319 Virginia Street, East Charleston, West Virginia, was married to Miss Lois Brown, daughter of Dr. and Mrs. Henry Brown of New Vienna, Ohio. After a wedding trip to Nassau, Dr. and Mrs. Henson will reside at Virginia Place. Dr. Henson is Medical Director of South Charleston plant of Carbon and Carbitol.

1944-J JOHN C. BEARD, JR., M.D., 658 Alabama Avenue, Memphius, Tenn. "Only a short time ago, Hubert Turley and his wife, Aggie had several of us out to their spacious and attractive home for dinner. Other than myself those who attended the dinner were: Wilford Gragg, his wife, Vivian, and David Dunavant (S-44) and his wife, Dora. The dinner was delicious and the company was most enjoyable. I am eager to see both of you. Extend my regards to 'Breck', Robert Breckenridge.

BENJAMIN ELY COLE, JR., M.D., 10 Second Street, Pittsfield, Mass. Congratulations to Dr. and Mrs. Cole on the birth of their daughter, Candace Habian Cole born March 26, 1954.

1944-S DAVID R. BREWER, JR., M.D., 112 N. Broad Street, Woodbury, New Jersey. On March 18, 1954, the Gloucester County Board of Freeholders elected Dr. David R. Brewer, Jr. of Woodbury, County Prison Physician to fill the vacancy caused by a previous resignation.

1945 J. ELDER BRYAN, JR., M.D., 6253 Hollywood Blvd., Los Angeles 28, California, had a Scientific Exhibit on Megaloblastic anemia with Drs. Tracy O. Powell and H. H. Edelbrock at the Meeting of the American Academy of Pediatrics in Los Angeles, April 4 to 7, 1954. The exhibit demonstrated bladder neck obstruction in children due to loose folds of bladder wall (mucosa) probably in the basis of an intrinsic nerve dysfunction.

A sound movie was shown of the work-up and surgery on this type of patient. Clinical material was from the Children's Hospital, Los Angeles.

PAUL GOLD, M.D., is serving as Assistant Resident at Will's Eye Hospital, Philadelphia, Pa. Dr. and Mrs. Gold have one son.

RAYMOND GRANDON, M.D., 131 State Street, Hanesburg, Pa., writes: "Practice of internal medicine, Medical Director of the post-graduate training program of the Harrisburg Hospital, member of the Commission of Post-Graduate Education of the Medical Society of Penna., Pharmacology Instructor in the Harrisburg Hospital School of Nursing, member of the Advisory Committee of the Division of Alcoholism of the State of Pa., and Medical Director of the Alcoholic Classification Unit of South Central Pennsylvania." Dr. and Mrs. Grandon have two boys and one girl.

MAXWELL E. HAGEDORN, M.D., 55 West Main Street, New Britain, Conn., has opened an office for the practice of bone and joint surgery. He is located in the orthopedic office of Dr. Stephen P. Donnelly.

ROBERT R. MCDONNELL, M.D., 641 Ringe Road, Hamden 17, Conn., writes: "I am practicing neurosurgery. I have four daughters."

JAMES F. OLLEY, M.D., 25 Linden Avenue, N.E. Atlanta 5, Georgia, certified in pathology one and a half years ago. He has been Assistant Professor of Pathology at Emory University for the past three years.

ROBERT H. STOCKDALE, M.D., 1126 Lane Avenue, Tarentum, Pa., received notification of his certification by the American Board of Internal Medicine. Dr. Stockdale is a member of the staff of the Allegheny Valley Hospital.

WILLIAM TAYLOR LINEBERRY, JR., son of Rear Admiral and Mrs. William Taylor Lineberry of the Garden Court Plaza Apartments, Philadelphia, Pa., has become engaged to Miss Nina Patricia Hole, of Upsal Garden Apartments, Germantown, Philadelphia, Pa., and the daughter of Mrs. Benjamin Hole, Jr., of Rowan Road, Greensboro, North Carolina. The wedding will be in the spring. Miss Hole attended the University of North Carolina. Dr. Lineberry, at present, is a medical officer in the U.S. Navy.

1946 WILLIAM Hewson Baltzell, M.D., 208 Rex Avenue, Philadelphia, Pennsylvania, son of Mrs. E. Diddy Baltzell, Chestnut Hill and the late Mr. Baltzell, was married to Miss Sarah Handy Edwards, daughter of Mr. and Mrs. Archibald C. Edwards, 5631 N. Kelly, Oklahoma City, Oklahoma, April 23, 1954, in the Church of the Redeemer,
Baltimore, Maryland. The couple will be at home at 121 Bethlehem Pike, Chestnut Hill. Our best wishes for many years of happiness.

Sidney Koretsky, M.D., informs us of his new address: Office, 520 Beacon Street, Boston 15, Massachusetts.

1947 John Robert Pender, III, M.D., 2209 Sherwood Avenue, Charlotte, North Carolina. Mr. and Mrs. J. Dewey Dorsett of 77 Heights Road, Ridgewood, New Jersey, announce the engagement of their daughter, Mary Minerva, to Dr. John Robert Pender, III, son of Mr. and Mrs. John Robert Pender, Jr., of Charlotte, North Carolina. A May wedding is planned. Dr. Pender is now an assistant resident in Surgery at the North Carolina Memorial Hospital at Chapel Hill.

1948 Howard L. Shaffer, M.D., The Doctors Hospital, Seattle 1, Washington, writes: "I am taking a year's residency at Doctors Hospital."

Thomas A. E. Datz, M.D., 109 Ida Avenue, Donora, Pennsylvania, is a member of the consulting staff of Somerset Community Hospital. He has completed a three year residency at Allegheny General Hospital in 1953. Dr. Datz is married to the former Mary Ann Weiss of Pittsburgh. The young couple have two children.

1949 Robert V. Anderson, M.D., Geisinger Memorial Hospital, Danville, Pennsylvania. Mr. and Mrs. Hower E. Bitler, Kulpmont, Pennsylvania, announce the engagement of their daughter, Miss Cleda M. Bitler, to Dr. Robert V. Anderson, son of Mr. and Mrs. John C. Anderson, Somerville, New Jersey. Dr. Anderson is now the senior resident in Ophthalmology at the Geisinger Memorial Hospital-Foss Clinic. His fiancée is head nurse of the south wing in the Hospital.

Irvin H. Blumfield, M.D., 5532 South Shore Drive, Chicago 37, Illinois, completed his OB-GYN training in Michael-Reese in Chicago. The Army then taught him the rigors of living in Northern Japan. He is now enjoying the search for a permanent location for his family which will soon be three.

Sanford M. Goodman, M.D., Resident in Medicine, Montefiore Hospital, New York City, New York, came out of the Air Force in December, 1952. Dr. Goodman was married to Miss Ina Margolis on October, 1953. He plans to spend his final year at the V. A. Hospital in Philadelphia.

Harry J. Hurley, Jr., M.D., Andover Road, Aronwald, Newtown Square, Pennsylvania, seems quite happy working at the Army Medical Research Laboratory in Fort Knox, Kentucky. He has a blonde, blue-eyed girl of 2½ years and a nine-month-old boy.

Duane R. Larkin, M.D., 14176 Riverview, Detroit 23, Michigan, has been out of the Air Force since March of 1953 after sojourning in Europe. He is now in general practice, looking forward to his surgical training. Dr. Larkin married a very attractive young lady in 1951 and in his very own words is "very much a settled, married man."

Gerald Marks, M.D., Jefferson Hospital, 10th and Sansom Streets, Philadelphia 7, Pennsylvania, has succumbed to the occupational hazard and married Barbara Ann Hendershot in 1950. After two years with the Air Force doing pulmonary physiology in the aero med lab, he is now on Dr. Shallow's surgery and colon-rectal boards.

Henry M. Perry, M.D., Robert Packer Hospital, Sayre, Pennsylvania, is on the permanent full time staff of the Packer Hospital as an assistant in Gastro-Enterology doing a good bit of endoscopy, and has been working as a co-exhibitor at meetings in New York, Pittsburgh, Cleveland, Chicago and Atlantic City.

1952 Harry H. Hoffman, Jr., M.D., Box 397, Landisville, Pennsylvania, has been appointed to the clinical staff of Lancaster General Hospital.

1953 Richard G. Barr, M.D., Fitzgerald Mercy Hospital, Darby, Pennsylvania, writes: "I have recently received an appointment for two years beginning July 1954 as a resident in Pediatric Medicine at The Children's Hospital of Philadelphia."

Dale Charles Rehanek, M.D., Western Pennsylvania Hospital, 4800 Friendship Avenue, Pittsburgh, Pennsylvania. Dr. and Mrs. William T. Holland, Sr., of Springdale, Pennsylvania, announce the engagement of their daughter, Martha Gene, to Dr. Dale C. Rehanek, son of Dr. and Mrs. Charles L. Rehanek of Mount Pleasant, Pennsylvania. The recently accepted a fellowship in surgery with the Cleveland wedding will take place on June 25th. Dr. Rehanek Clinic.
The Executive Committee of The Alumni Association has chosen a chair made of hard wood, finished in antique black with the Jefferson seal screened in gold.

Before offering it to you, we have had one in the Alumni Office, which has been used by some of the Alumni, who find it attractive and comfortable and believe it would be an addition to your home or office. Any alumnus desiring to purchase the chair may do so by filling in the attached.

The Alumni Association
The Jefferson Medical College
1025 Walnut Street
Philadelphia 7, Pa.
