THE JEFFERSON MEDICAL COLLEGE
ALUMNI BULLETIN

VOLUME XI AUGUST 1960 NUMBER 8

PUBLICATION COMMITTEE

John H. Hodges, Chairman
Warren R. Lang, Alternate
James E. Clark
Robert G. Johnson

Mrs. Joseph J. Mulone, Executive Secretary
Alumni Office of The Jefferson Medical College
1025 Walnut Street, Philadelphia 7, Pa.
HONORARY DEGREES GIVEN TO DR. J. EARL THOMAS, MR. CRAWFORD H. GREENEWALT AND DR. ERIC A. WALKER

The Forest Theatre was the scene of the 136th Commencement of The Jefferson Medical College on June 17, 1960, and the capacity audience saw 162 Seniors receive their degrees as Doctors of Medicine. Two students were awarded Doctor of Philosophy Degrees and three received Master of Science Degrees.

The Honorary Degree of Doctor of Humane Letters was conferred upon Mr. Crawford Hallock Greenewalt, President of E. I. DuPont deNemours & Company; the Honorary Degree of Doctor of Science was given to Dr. J. Earl Thomas, Professor of Physiology, Emeritus, and Dr. Eric Arthur Walker, President of the Pennsylvania State University was given the Honorary Degree of Doctor of Literature.

Mr. Lessing J. Rosenwald, senior member in length of service of the Board of Trustees, read the citation accompanying Mr. Greenewalt's degree. In the citation Mr. Greenewalt was characterized as a "research chemist, business executive, social philosopher and promoter of charitable and cultural movements..." who "combines the qualities of an outstanding mid-twentieth century corporation president with versatility, understanding, ability, decision and action."

Dr. Thomas' citation was read by Dr. M. H. F. Friedman, Professor of Physiology and Head of the Department. After reviewing Dr. Thomas' distinguished career, the citation lauded him for his skill in experimental surgery and ingenuity in instrumentation, as well as his contributions to medical literature which "mark him as the world's leading experimental gastroenterologist."

The citation honoring Dr. Walker was read by Mr. James M. Large, Chairman of the College Committee of the Board of Trustees. In it, Dr. Walker was highly praised for his outstanding leadership as President of the largest State university in the East. "America needs a citizenry educated first to appreciate and to protect our basic democratic ideals," it was stated in the citation, "and then to contribute in some special field. This is Doctor Walker's approach."

(below) MR. BODINE Delivers Convocation
In his convocation address, Mr. Bodine stated that in adding the names of the graduating class to our present alumni body, we would increase its size to over 6,500, the largest number of practicing physicians of any medical college in the United States.

"But the quality," Mr. Bodine pointed out, "of Jefferson's contribution to humanity must continue to be our primary objective. Medical education in the United States, as in all progressive nations of the world, has made tremendous advances in recent years, and today, our medical schools have as their three-fold challenge the training of the physician; the seeking of new knowledge; and the caring of the sick. It follows that the quality of this education and research determines the standard of medical care which the men, women and children of America will receive."

Following the conferring of Degrees in Course, Dean William A. Sodeman awarded the prizes to the Seniors who had done outstanding work in various fields. Five of these awards went to William Thomas Lemmon, Jr., son of Dr. William T. Lemmon, Clinical Professor of Surgery of the College. He received the Pascal Brooke Bland Memorial Prize for aptitude and excellence in practical obstetrics, the Urology Prize for general excellence in Urology during the Junior and Senior years, the William Potter Memorial Prize given to the graduate attaining the highest general average in the final two years, the Albert Einstein Medical Center Award given to the graduate attaining the highest average in the medical course and the Alumni Prize for the best general average obtained in the examinations for the entire curriculum. Two of the awards and three honorable mentions were given to another student, Marvin Eugene Jaffe. He received the Obstetrics and Gynecology Prize for the best examination in that field, the Edward J. Moore Memorial Prize in Pediatrics which is given to the student demonstrating the greatest aptitude in Pediatrics, and he received honorable mention for the William Potter Memorial Prize, the Albert Einstein Medical Center Award and the Alumni Prize.
Robert A. Nichols, whose stepfather is Dr. F. X. Hausberger, Associate Professor of Anatomy of the College, and Edward Birkin Lipp were each awarded two prizes, with the latter student also receiving an honorable mention. Dr. Nichols won the Clinical Surgery Prize for excellence in that field and the Lowell Ashton Erf Prize which is given to the senior student demonstrating seriousness of purpose, aptitude and ability in the field of Medicine. Dr. Lipp received the Orthopedic Surgery Prize, the Neurology Prize and honorable mention for the Surgery Prize. Thomas Kenneth Howard also won two awards: The Henry M. Phillips Prize, awarded upon the recommendation of the Professor of Medicine to the graduate, in his opinion, most worthy and the W. B. Saunders Company Prize given to the student passing the best general examination at the end of the senior year.

Other awards were: The Henry M. Phillips Prize awarded upon the recommendation of the Professor of Surgery to the graduate, in his opinion, most worthy, to Joel Richard Temple; the Practice Prize for the best essay on a subject pertaining to the practice of medicine to William Henderson Mahood; the Surgery Prize for the best essay on a subject pertaining to Surgery, to Fred Carpi Cristofori; the Solomon Solis-Cohen Memorial Prize for the best essay in the field of Clinical Medicine to Paul Joseph Schneider; the Gynecology Prize for the best examination, thesis and general excellence in Gynecology to Karl Francis Finnen; The Albert Strickler Memorial Prize for the best essay on Cancer to Irving Melnick; the Pediatrics Prize awarded to the student showing the most promise in Academic Pediatrics to Robert Paul Bridenbaugh; The Henry Keller Mohler Memorial Prize awarded to the student manifesting the greatest aptitude and interest in the general field of Therapeutics to Arnold Martin Goldman; The C. V. Mosby Company Prizes to Robert Paul Bridenbaugh, George Robert Constable, Edward John Haberern, Earl David Nordberg and Raymond John Vivacqua; the American Psychiatric Association Prize awarded for the best thesis on Psychiatry to William Robert Fair, with honorable mention of Edward Kaufman; the S. MacCuen Smith Memorial Prize awarded for outstanding ability in Otology to Richard Romeo Soricelli, with honorable mention of Robert Thomas Wankmuller.
Dr. Eric A. Walker delivered a most provocative address to the graduates and guests, in which he first spoke of the great advances in medical science and our economic growth during the past fifty years and pointed out that the difference in life as we know it and as Thomas Malthus described it 150 years ago is a measure of the success we have had in exploiting the scientific frontier.

He said that continued exploitation of this frontier is our highest priority challenge and that it can be met "through our willingness as a people to support education and research—to invest in people—and of the type and quality of education we provide."

In discussing these two factors, Dr. Walker pointed out that until a few years ago medicine had very little competition for the sort of young men it needed to supply the country's need for doctors but that for economic reasons this is presently not the case, since the cost of a medical education is much greater than that for a physical scientist, for example. He suggested that a partial solution to this situation might be for medical schools to establish teaching and research assistantships, such as are available to graduate students in other fields, and he said that obviously the amount of loan funds available and scholarship aid must be increased, all of which will require additional support from all sources.

As an example of this thought, he pointed out that while 3500 more doctors will have to be graduated in 1975 than in 1959 to maintain the present ratio of physicians to population, the expensive clinical facilities necessary in the last two years of medical training are not being used to capacity at many colleges.

"In planning, then," continued Dr. Walker, "for the expansion that will be needed in medical education, I hope that serious consideration will be given to the establishment of additional schools of basic medical sciences—schools that can provide the first two years of medical education without the costly equipment needed for instruction during the last two years. By increasing the number of pre-clinical students, such schools could increase significantly the utilization of existing clinical facilities.

"If located at universities, such schools could also offer opportunities for coordination between medicine and such
related disciplines as sociology, anthropology, chemistry, psychology and other graduate areas."

He explained that there is a growing awareness of the importance of a union between independent sciences, such as biochemistry and biophysics, which can "solve problems and make discoveries that could never be made within the narrow restrictions of either member of the union."

Dr. Walker said he believes that one of the most promising undeveloped fields is that involving the design of medical instruments, in which medical research could be combined with research in physics and engineering. Again, according to Dr. Walker, this coordination among sciences probably explains why the Flexner Report insisted that a medical school is properly a university department. That there would be an economic advantage in this is evidenced by the fact that a nuclear reactor, for example, is important in research in many different fields but costs approximately half a million dollars and can be afforded only if fully utilized.

Dr. Walker then spoke of the present emphasis on research and specialization with the resulting decrease in the number of general practitioners. He said that although the American Medical Association has recommended a two-year training program for general practitioners which medical students can enter immediately upon graduation, he wondered if it might not also be necessary to adjust our medical education program along lines similar to the structural system developed for engineering students. "This system provides three separate and distinct types of programs: (1) the two-year technical institute program to train people for the routine jobs of construction and testing, (2) the regular four-year program for training those needed to carry out the design and engineering problems—the professional practitioners, as it were—and (3) the seven year doctoral program to provide both the broad interdisciplinary base and the intensive specialization needed by those who had the ability and desire to become engineering scientists."

Since it may be that the general practitioner does not need the same amount and type of general training as is needed by the future specialist and the research worker, Dr. Walker said that it might be feasible to consider something along the lines of this engineering program to solve "the combined problem facing medical education of crowding more and more subject matter into a steadily lengthening and increasingly expensive program that must serve to prepare young people for a widening variety of professional activities."

"In any event," concluded Dr. Walker, "I am certain that continuing searching examination and critical evaluation is necessary to keep medical education abreast of advances in medical research and medical practice. If that examination is carried out with the same thoroughness and insight that have given us those tremendous advances, it cannot help but result in improved programs of medical education. The result will be further profits on our investment in people—on our investment in education. It will be one more step forward in our efforts to achieve the sort of life we should like to live."
Jefferson is proud that at the 136th Commencement, Twenty-eight of Her Alumni and One of Her Non-Graduate Faculty Members had Sons in the Graduating Class. Many of These Fathers and Sons are Pictured Below.
HONORARY FACULTY MEMBERS AND FATHERS AND SONS HONORED AT DEAN'S LUNCHEON

Dean William A. Sodeman entertained visiting Alumni at a Luncheon in McClellan Hall of the College following the Clinics on Thursday, June 16.

One of the highlights of the occasion was the introduction to the guests of members of the Faculty who are being made Honorary Members, having reached the age of 65. They are Adolph A. Walkling, M.D., Clinical Professor of Surgery; David W. Kramer, M.D., Associate Professor of Medicine; William J. Harrison, M.D., Associate Professor of Ophthalmology; Sidney L. Olsho, M.D., Assistant Professor of Ophthalmology; J. Scott Fritch, M.D., Assistant Professor of Ophthalmology; David H. Rosenfeld, M.D., Instructor in Medicine and Arthur R. Vaughn, M.D., Instructor in Medicine.

All but two of these Faculty Members were present and were seated at the head table. Dr. Sodeman introduced each of them to the Alumni and honored them for their long and loyal service to the College.

This year twenty-eight Alumni and one of our non-graduate Faculty Members have sons in the graduating class. Dr. Sodeman had invited these Senior students to attend the Luncheon with their fathers and many of them did so. Special tables had been designated for them so that the group could be seated together and Dr. Sodeman welcomed them and extended his congratulations to both the boys and their fathers.

(below) Honorary Faculty Members who were Honored at the Dean’s Luncheon are shown with Members of the Board and Administration. Standing, l. to r., DR. SIDNEY L. OLSHO, DR. ARTHUR R. VAUGHN, DR. J. SCOTT FRITCH, DR. DAVID W. KRAMER, and DR. DAVID H. ROSENFELD. Seated, l. to r., MR. PERCIVAL E. FOERDERER, DR. WILLIAM A. SODEMAN, MR. WILLIAM W. BODINE, JR., DR. SODEMAN'S SON, DR. WILLIAM A. SODEMAN, JR., and DR. J. WARREN BROCK, Esquire.
The Annual Dinner of the Alumni Association was held in the Ballroom of the Benjamin Franklin Hotel on June 16, 1960, with some 600 alumni, Board members, faculty, seniors and guests attending.

Dr. Benjamin F. Haskell, Vice President of the Alumni Association, presided in the absence of Dr. John H. Gibbon, Jr., President, who was ill.

Dr. Haskell said that he felt like a pinch hitter in baseball who was in the freak position of substituting for one of the strongest hitters on the team. In characterizing Dr. Gibbon as one of these "strongest hitters," Dr. Haskell pointed out that last year he had been made an Honorary Fellow of the Royal College of Surgeons of England and within the past week had assumed the Presidency of the American Association for Thoracic Surgery.

Dr. Haskell introduced those at the head table and explained that a special table had been provided for the Executive Faculty or, if they chose, they were seated with their classmates. He then recognized the "Old Guard," among them a graduate of the Class of 1897, Dr. Leighton F. Appleman. Dr. Haskell announced that 123 residents and interns were attending the dinner as guests of the "Pool
Fund" and that 128 members of the Senior Class have thus
far joined the Alumni Association.

He then read a congratulatory telegram directed to Dr.
Isaac Alexander, of the Class of 1910, by his colleagues
in Oakland, California and a telegram of greetings from Dr.
Anthony Ruppersberg, Jr., Vice President of the Alumni
Association for the State of Ohio.

Dr. Haskell introduced Mr. Percival E. Foerderer, Chair­
man of the Board of Trustees, and remarked on Mr. Foer­
derer's long and faithful service to Jefferson for some 32
years.

Mr. Foerderer first congratulated the Seniors and wished
them happiness in their life work. He then commented that
for more than a century and a quarter, Jefferson has been
doing more than its share in providing America and the
free world with trained physicians. He pointed out that
with the graduation of the present 162 Seniors we would
be approaching the impressive milestone of awarding the
20,000th medical degree.

Mr. Foerderer then presented the speaker of the evening,
Mr. Albert J. Nesbitt, member of the Board of Trustees,
and an outstanding business and civic leader in the City.
His activities include chairmanship of the Board of Directors
of Drexel Institute of Technology, Vice Presidency and
Directorship of the Community Chest Council of America,
Inc. and membership on the Boards of many other educa­
tional and charitable organizations.

Mr. Nesbitt opened his remarks with an amusing story
of having refused an honorarium upon conclusion of what
he had considered a successful speech, only to have the
young lady who had proffered it say that it would be placed
in a special fund—a fund her organization was building up
to obtain better speakers!

In a serious vein, Mr. Nesbitt said that we might consider
two problems in the field of medicine which have recently
been extensively publicized by various magazines and news­
papers. The first of these problems is that it is felt that
medical education is failing to keep pace with the need for
doctors and that by 1970 we will have to graduate 10,000
physicians annually. He pointed out that this would be
approximately a 40% increase which would entail an in­
crease in funds of some three billion dollars. It seems evident
that much of these funds must come from the Federal
Government and Mr. Nesbitt suggested that each alumnus
has a responsibility to encourage such Federal participation
in providing the capital funds necessary to underwrite a
major part of the cost of these new educational facilities.

The second problem to be considered, he continued, is that we are being told via magazines and newspapers, that the public image of the doctor is changing. Whether this is true or not, Mr. Nesbitt said, "the point is that the public image of the doctor is out of focus, if what we were accustomed to years ago was in focus." He suggested that it would be a splendid thing for the physician to participate in the civic life of his community, as did the "horse and buggy" doctor.

In concluding his remarks, Mr. Nesbitt said "You men who have just had the benefit of this education at Jeff—if you feel that other men should have this benefit, why don't you do something about seeing that Jefferson can build more buildings. You can be helpful. You have to be politically active through your affiliations, for certainly the Government is going to have to put up a lot of its money. Finally, if we don't like the public image of the doctor, why don't you do something about it?"

Dr. Haskell then introduced Mr. William W. Bodine, Jr., the new President of Jefferson Medical College and Hospital. He mentioned briefly some of Mr. Bodine's past achievements as a business and civic leader and said, "A friendly man, who is easy to know, he has thrown himself into the cause of Jefferson with the same fervor that a physician brings to a critical patient. Our situation at Jefferson is not critical, but farsighted and enlightened leadership can guarantee our future progress. And Mr. Bodine, we believe, will provide such leadership."

After commenting upon the great spirit and loyalty of Jefferson's Alumni body which he first saw evidenced at the Dinner last June, Mr. Bodine spoke of his first year as President and what he considers his responsibility in this office.

"I see it as a responsibility of your President to take the leadership in charting Jefferson's future, in establishing its long-range goals and then, in guiding its various major segments—Trustees, Administration, Faculty, Alumni and Staff—to the realization of those objectives. This responsibility I gladly assume and pledge myself, with your assistance, to do all within my ability to help move Jefferson forward on a broad front."

The main portion of Mr. Bodine's address dealt with Jefferson's physical rehabilitation and expansion. He first called attention to the new Student Nurses' Residence which was completed last year at a cost of almost $2,000,000. He then spoke of the Research Laboratories of the Cardeza Foundation which are being consolidated in a recently ac-
quired building at 1015 Sansom Street opposite Thompson Annex, and said that this $500,000 investment will be ready for use late this summer.

Mr. Bodine told the Alumni and guests that after extensive study, the Board of Trustees has decided upon a complete rehabilitation, over a period of years, of our main Hospital Building, the program to cost approximately $4,000,000. He said that the first move in this project has already begun with the consolidation of Barton with our main Hospital at a cost of $400,000.

He said that in addition to these specific improvements, much thought has been given to "developing the general concept for Jefferson's physical plant of the future." He expressed the hope that those present had had an opportunity to study the scale model and related site plans which were on display in the Franklin Suite before dinner, which illustrated the following plans.

"The two block area, extending south from Walnut Street to Spruce Street, between 10th and 11th, would be utilized for our expansion and development needs. Highest on our list of priorities for new structures, is a Basic Science Building, which would not only replace the existing D.B.I. but would also enable us to consolidate therein the various pre-clinical activities now carried on in the college building, thus freeing up much needed space for expanded clinical research on those floors.

"Thus, you noted from the model that we hope to construct a Medical Offices Building and Diagnostic Clinic, which in all likelihood will be located immediately west of the new Pavilion so as to have convenient access to the various hospital facilities.

"We want to provide a Commons Building, with dining rooms, recreation facilities and an auditorium and housing accommodations for our single and married students and members of the hospital's House Staff. And finally, we hope to provide an Administration Building. All of these hoped-for structures are to be attractively landscaped in a campus setting with parking facilities provided throughout."

Mr. Bodine pointed out that Jefferson will celebrate its sesqui-centennial in 15 years and he remarked how wonderful it would be if at that time we could have accomplished the development envisioned in the model.

"Philadelphia was the admitted center of leadership of our nation when it was young—not only in matters of..."
medicine, but in politics, law, finance and other professions. It is within our power to bring again to Philadelphia—and to Jefferson—that mantle of leadership if we are really determined to do so. We must believe that here we can shape the future, break new ground and lead the way for all of medical education to follow,” concluded Mr. Bodine.

In his introduction of the next speaker, Dean William A. Sodeman, Dr. Haskell said that few men so young bring so wide an experience to the Deanship, Dr. Sodeman having held four professorships in three different medical schools before coming to Jefferson, in each instance heading his Department.

Dr. Sodeman said that in his first appearance at an Alumni Dinner he had just seven weeks before assumed the Deanship so that he could only discuss future plans; on the second occasion, last year, he told of the expansion and integration of the teaching program, while on this occasion he said he would discuss some of our accomplishments of the past year.

He first announced, however, that of the 162 members of the Senior Class, 42 have blood relatives who graduated from Jefferson, which is a little over 25%, and he too said, as did Mr. Bodine, that he has learned well the depth of feeling and loyalty our graduates have for Jefferson, which he believes is unmatched throughout the country.

Continuing regarding the Class of 1960, Dr. Sodeman said it is the first to have taken Part II of the National Boards examination, and he said the results had been most gratifying, with “our boys up to standard all the way down the line.” In fact, he stated that we had fewer in the lower bracket of the curve and a higher percentage in the upper bracket than the average medical school throughout the country. This means that the quality of our boys is satisfactory.

As to the quantity, Dr. Sodeman said that if the 85 medical schools in the country were to do the job that Jefferson is doing today, the number of graduates this week would be 13,000 rather than 7,500.

So that, as to quality and quantity of our graduates, Jefferson is in a good position. “But,” said Dr. Sodeman, “we are not satisfied and we know that as our plans for development progress, we will find ourselves in the forefront in medical education.”

He then discussed some of these developments which have been accomplished and which are underway, the first of these being the renovation of the research facilities of the Department of Pathology. This area is being reconstructed for extensive research in nuclear metabolism.

“We are developing now and are about two-thirds of the way through the construction of a new cardio-pulmonary laboratory on the second floor of the Annex,” Dr. Sodeman said. “This will be finished and the pulmonary function aspect of it will correlate both geographically and functionally with the moves that are being made from Barton up to the main Hospital.”

He emphasized the fact that Barton is not being closed, but only moved to the new hospital, where its activities will actually be bettered through the availability of the cardio-pulmonary laboratory which will encompass work in cardio-vascular disease as well as pulmonary disease.

Dr. Sodeman then discussed needs and developments in research. While, as he said, every student is not going to go into research, the mental discipline and the techniques developed in this field are important to the student throughout his career. He stated that important research work is going on in many departments and there is new work being carried on in fields where there had been little before—such as in arthritic disease—enzymatic studies in the Department of Dermatology—studies of irradiation biology and its biophysical aspects in the Department of Radiology and new and expanded activity in the Division of Physical Medicine.

In commenting on the 50-week school year, Dr. Sodeman said that while there have been a few rough spots, on the whole it has been successful and has brought the students closer to the patient as an individual and the patient as a total problem on our ward and out patient services.

“We’ve extended quite remarkably the integrated teaching
that is part of the departmental lines," Dr. Sodeman said, "and this is very important today because much of the knowledge that previously seemed to belong to one department or another is now known to be important to many departments." He gave as an example of this the teaching going on in Psychiatry interrelated with Anatomy at the beginning of the very first year, which is important because the presentation of Anatomy in the Freshman year has more meaning if it can relate to some of the problems the student will encounter in his third and fourth year.

Dr. Sodeman spoke of our research program outside of Philadelphia, particularly with reference to our relationship with the Lovelace Foundation where research is being carried on in blast biology and its aspects, which affect the safety of the Nation in the future. He said that the same importance attaches to our research program in our relation with State medicine and so it is understandable that our "campus," so to speak, now extends beyond the Mississippi river.

"The other item I think most of you are concerned about," said Dr. Sodeman, "is the announcement that women will be taken into the College in September of 1961."

He pointed out that this was not an administrative decision but had been voted on by the Executive Faculty, many of whom are Alumni. That there are mixed feelings regarding the change, he said is understandable and to be expected in a traditionally male college. He pointed out that such feelings had existed at Yale when it began to accept women students and, in closing, read the following parody on a poem in this connection which came from Yale:

"Can it be true, what people say
That Jeff's admitting girls?
Will floors of nearby barber shops
Be littered now with curls?
Will all of Jeff's high and towering peaks
Now echo with their strident shrieks?
And calls to classforeverafter
Compete with screams of distaff laughter?
Will windows now in future Springs
Be hung with dainty underthings?
Will Jeff's songs now rise octaves higher?
Our fiscal needs are not that dire!
Will all our manly intellects
Be clouded o'er with thoughts of sex?
And, possibly, in future years
DePalma's team will wear brassieres.
Oh, comfort me and reassure
That Jeff will not become impure.
If so, I tell you male humans
I'll surely send my sons to Woman's."

At Dr. Haskell's request, Dr. Sodeman then presented the 50-year button to Dr. Norman B. Shepler and the 50-year certificate to Dr. Edward R. Kramer from Los Angeles. Both accepted these awards on behalf of the Class of 1910.

The Master of Ceremonies then introduced the President-elect of the Alumni Association, Dr. John B. Montgomery.

The next speaker was Dr. Carroll R. Mullen, Chairman of the Annual Giving Fund Committee, who began by stating that the total for the 10th Roll Call had been $112,900 and the total for 11th, $112,782 which was a slight decrease. He said that in the 10th Roll Call 3,266 made contributions while in the 11th the number of contributors dropped slightly to 3,134.

In the present Roll Call Dr. Mullen announced that to date 3,147 of Jefferson's Alumni had contributed and that their contributions amounted to the record sum of $127,100.

"As usual," said Dr. Mullen, "you have come through and well. The Alumni Association is proud of what you have done in your efforts and how you have done it and the amount you have raised."

Dr. Mullen also announced that there had been 312 'new' gifts, from men who had not heretofore contributed and 770 increased gifts. He stated, however, that our 46% participation is not particularly good, but that the size of
the average gift had been increased to a little over $40.00.

The third record set in the Drive is that of an individual class—the class of 1935 who, under the Chairmanship of Dr. Edmund L. Housel, raised $8,636, the largest amount to be raised by any one class in the history of Annual Giving.

Dr. Mullen then gave the awards to the winning classes; the plaque for the largest amount going, of course, to the Class of 1935, Dr. Housel, Agent. The Class of 1956, Dr. Eugene Bonacci, Agent, again won first place for the highest percentage of participation, with 71% and also placed second in number of givers. Non-graduates were again first in number of givers with 130 and in the absence of the Agent, Dr. Andrew J. Ramsay, the plaque was accepted by the former Agent, Dr. Peter A. Herbut.

Dr. Mullen then spoke briefly regarding the desirability of alumni contributing directly to the Alumni Association rather than through the American Medical Education Foundation, since funds contributed through that organization go directly to the College, are unrestricted and are not included in Class totals.

He then publicly thanked Dr. John R. Kuhn, Jr., of Joplin, Missouri, Class of 1930, for his contribution of $1,000 which was the largest single amount given and he read the names of the following men who contributed $500 or more in the Drive: Dr. L. Sabow, Class of 1929; Dr. Samuel J. Bishko, Class of 1931; Dr. Lee W. Hughes, Dr. William Lermann and Dr. Robert K. Finley, all of the Class of 1916; Dr. Walter J. Larkin of the Class of 1923; Dr. Willis Frick of the Class of 1933, and Dr. Welland Hause, of the Class of 1938.

Dr. Haskell then introduced the speaker for the Class of 1910, Dr. J. Lawrence Evans, who is the Administrator of the North Hudson Hospital in Weehawken, New Jersey. Dr. Haskell told the audience that Dr. Evans married Mary Helen McClellan, a descendant of the founder of Jefferson, Dr. George McClellan. Dr. Evans' father-in-law was graduated from Jefferson in 1879 and Dr. Evans has two sons who are also Alumni: Dr. J. Lawrence Evans, Jr., Class of 1937 and Dr. Robert L. Evans, of the Class of 1952. A grandson, J. Lawrence Evans, III, is a student at the College and will graduate in 1961.

Dr. Evans stated that he was reminded of the occasion 50 years ago on the night he graduated when the master of ceremonies introduced him to his classmates, since he had been around the College so little during his student days.

He explained that the reason for this was that he had worked during the time he attended College and, indeed, had worked continually since he was 12 years old. He said that he holds a teachers certificate and also studied accounting at Peirce Business School, later teaching at Drexel Institute in the evenings.

Dr. Evans reminisced regarding his old Professors and their methods of pedagogy, and then told something of his own activities after leaving Jefferson.

Some 28 years ago he accepted the position as Administrator of North Hudson Hospital at a time when the Hospital was in poor financial shape. Dr. Evans said that the Hospital is now sound financially, but that they have a number of other problems, such as the number of foreign graduates it is necessary for them to take, since until recently New Jersey did not have a medical school. Dr. Evans feels, however, that the situation is considerably improved now, although he urged that care be exercised in checking the credentials of foreign graduates.

Dr. Haskell then introduced Dr. Edmund L. Housel, speaker for the 25 year Class, and commented that he looks as if he should be in the Class of 1955, rather than 1935. He said that Dr. Housel conducts an active practice in internal medicine and has also become an expert on finances, insurance and economics for the County Medical Society.

"Yesterday was a most thrilling day for me," Dr. Housel said. "Our Class of '35 held its 25th reunion, with a luncheon at the League and a dinner-dance at the Barclay.
Nearly 60 men were back. From 12 noon until 12 midnight each of these men, at one time or another, got up and spoke. They are from different sections of the country and different types of practice. Their words were in different styles, but they echoed the same theme—love of Jefferson. These men were deep in their devotion to the College; not to the buildings but to the faculty—to the men—and everyone involved who made it possible for them to become doctors. Some of the men were speaking for themselves only, and others were speaking in gratitude for one son or, in two instances, two sons who have graduated from Jefferson.

"The outpouring of money for the Giving Fund was gratifying. Everyone was so enthusiastic and wanted so much to break the record. Dr. Rumbaugh’s Class had established the previous record in the 2nd Annual Giving Fund. When he heard that our Class was approaching that record, he said to Mrs. Mulone ‘I hope they break our record.’ Our class too hopes that our record will be broken next year. This is typical of the unselfishness of Jeffersonians. The money is for the school—records mean nothing.”

Dr. Housel then spoke of the changes which have taken place on the National scene and on the medical scene. In connection with the latter, he mentioned new drugs, improvements in pre- and post-operative care, operative procedures and anesthesia.

"The research men," Dr. Housel stated, "have given the tools to the teachers to give to the practicing physician who actually treats the sick patient. The care of the sick patient being the sine quanon of medicine. A word to the young graduates who are here tonight. In my opinion, the care of the sick patient—the maintenance of the doctor-patient relationship are all important. We cannot take a continuation of the status quo for granted. I urge you early in your professional life to join organized medicine—to join your County Medical Society and ask to serve on the Committees. Soon you will be a delegate to the State Society and possibly later to the A.M.A. Organized medicine preserves the ethical structure which allows American medicine to be free and to be the best in the world. Organized medicine also receives and communicates scientific information. It is concerned with affairs of public health and with the perplexing problem of medical economics. Don’t let Joe do it—you do it!

"The only appropriate closing sentence for a 25th Reunion speaker would seem to be ‘Oh, to be young again’!"

The final speaker of the evening was Mr. William Hushion, President of the graduating class.

"Tonight is a memorable occasion for the Class of 1960, for it is the eve of graduation," Mr. Hushion said. "Tomorrow we will join the ranks of the many thousand Jefferson graduates and take a big step forward in our careers. So
it is a joyous occasion, but it is not without some feelings of sadness that we look toward Commencement. The many friends we have made in our Class, fraternities, staff and faculty whom we will miss as we begin our internships. Also, it is with some sadness that we see the end of Barton at its present location where many fine teaching hours were spent. However, I am sure Jefferson will continue to improve as time goes by; at least it will change, as witness the entrance of the distaff side to our undergrad portals—may they be pretty ones.

"The opportunity to speak tonight on behalf of the graduating class permits me to offer my thanks along with all the other members of the Class for the help of our alumni, our fine faculty, relatives, friends and other sources of aid without which our four years of education at Jefferson would not have been possible. Most of us have struggled through our four years both financially and academically and we must realize how small a proportion of the cost we actually shared. So again thanks to the alumni and faculty for the privilege of attending so fine a school and we eagerly anticipate becoming alumni tomorrow and sharing these responsibilities."

At the conclusion of Mr. Hushion’s speech, Dr. Haskell declared the meeting adjourned.
On May 3, 1960 the Tri-City (New York, Boston and Philadelphia) Obstetrical Society met in the Jefferson Medical College Hospital. The program was as follows: Operative Clinics from 8:00 a.m. to 10:00 a.m.—Dr. Roy W. Mohler, Clinical Professor of Obstetrics and Gynecology, D & C, Endocervical Resection; Dr. David M. Farrell, Associate Professor of Obstetrics and Gynecology and Dr. Simon Kramer, Professor of Radiology, Planned Therapy in Carcinoma of the Cervix; Dr. Mario A. Castallo, Clinical Professor of Obstetrics and Gynecology, Tuboplasty; Dr. Amos S. Wainer, Assistant Professor of Obstetrics and Gynecology, Removal of Graeffenberg ring; Dr. John B. Montgomery, Professor of Obstetrics and Gynecology and Co-Chairman of the Department, D & C, Ovarian Cyst with Cushings-like Syndrome; Dr. George A. Hahn, Associate Professor of Obstetrics and Gynecology, D & C, Ovarian Resection, Uterine Suspension.

From 10:30 a.m. to 12:00 noon the Didactic Program was held in the Clinical Amphitheatre of the Hospital and the following papers were presented: Dr. John Franklin, Resident, "A New Technic for the Production of Congenital Malformations"; Dr. Arthur Lee, Resident, "Transplacental Passage of Meperidine"; Dr. A. E. Rakoff, Professor of Obstetric and Gynecologic Endocrinology, and Dr. Zigmunt A. Piotrowski, Professor of Psychology, "Endocrine and Psychometric Studies in Anovulatory Women"; Dr. Warren R. Lang, Associate Professor of Obstetrics and Gynecology and M. A. Fritz, M.S., "Statistical Study of Bacteria with Trichomonal and Candidal Vaginitis"; Dr. A. T. Gregoire, Instructor in Physiology and Research Biologist in Obstetrics and Gynecology and Dr. Doung Deun Gongakdi, Fellow in Obstetric and Gynecologic Endocrinology, "Carbohydrates in Tubal Fluid"; Dr. Leon N. Prince, Assistant Professor of Obstetrics and Gynecology, "Perinatal Mortality Studies," and Dr. T. L. Montgomery, Professor of Obstetrics and Gynecology and Head of the Department, "Estimation of Intrauterine Fetal Size."

**Dr. W. Randolph Lovelace Visits and Lectures at Jefferson**

(right) l. to r., DR. ELLSWORTH R. BROWNELLER, DR. W. RANDOLPH LOVELACE, DR. WILLIAM A. SODEMAN, MR. WILLIAM W. BODINE, JR.

As a part of the reciprocal arrangement recently consummated between The Jefferson Medical College and the Lovelace Foundation in Albuquerque, Dr. W. Randolph Lovelace, II visited the College on May 13, 1960 and lectured to the faculty and students on "Altitude Physiology." Dr. M. H. F. Friedman, Professor of Physiology and Head of the Department, presided at this session.

From 10:00 a.m. until 12:00 noon, Dr. Lovelace visited the Department of Surgery and Surgery Research Laboratories, with Dr. Walter F. Ballinger, Instructor in Surgery, conducting the tour.

He was entertained by the Board of Trustees and President Bodine for luncheon at the Philadelphia Club and at 3:30 p.m. conducted a seminar in the College Auditorium on "Space Physiology," moderated by Dr. Friedman.

Dr. Lovelace was the guest of Dean Sodeman and the Executive Faculty at dinner at the Racquet Club in the evening.
College Faculty Members and Alumni on AMA Program

Jefferson was represented on the program of the 109th Annual Meeting of the American Medical Association by a number of faculty members and alumni.

Dr. Haviland Flickinger, Assistant in Anesthesiology, Dr. William Fraimow, Instructor in Medicine, Dr. Richard T. Cathcart, Assistant Professor of Medicine and Dr. Thomas F. Nealon, Jr., Associate Professor of Surgery, presented the results of a study they had conducted, entitled "Depression of Cardiac Output by Induction of Anesthesia."

Dr. Louis H. Clerf, Class of 1912, Professor of Laryngology and Broncho-Esophagology, Emeritus, delivered an address before the Section on Laryngology, Otology and Rhinology and was the guest of honor at the Luncheon of that Section.

Dr. Joseph W. Cooch, Class of 1934, with two associates, presented a paper on "The Physician's Role in the Defense Against Biological Agents" on the program of the Section on Military Medicine.

Dr. Oscar Creech, Jr., Class of 1941, with four other physicians, gave a paper on "Regional Perfusion with Antibiotics in Treatment of Chronic Infections." He also acted as a panelist in a color television presentation of an operation involving Regional Perfusion.

Dr. Wingate M. Johnson, Class of 1908, presented a paper on "Medical Management of the Older Patient."

Dr. Warren R. Lang, Associate Professor of Obstetrics and Gynecology, lectured on "Experiences in a Vaginitis Clinic."

Dr. Walter Sussman, Class of 1926, spoke on "Detection of Gynecologic Cancer by Fluorescence Microscopy."

The following men had Exhibits at the Convention: Dr. Anthony F. DePalma, James Edwards Professor of Orthopedic Surgery and Head of the Department, with Doctors Thurman Gillespy, Jr., Irvin I. Kricheff, Russell Miller and James Hunter—"Systemic Disease as Manifested in X-rays of the Hands and Wrists;" Dr. Alvin F. Goldfarb, Associate in Obstetrics and Gynecology—"Pathogenesis and Therapy of Premenstrual Tension;" Dr. Cathcart, Dr. Burgess L. Gordon, Visiting Professor in Medicine and Dr. Peter A. Theodos, Assistant Professor of Clinical Medicine, were among those who arranged a special Exhibit on Pulmonary Function and Dr. Gordon also acted as one of the Demonstrators for the Exhibit; Dr. Kenneth M. Kron, Class of 1954, with three of his colleagues, had an exhibit—"The Patient with Rheumatic Disease—What is your Diagnosis;" Dr. William K. Jenson, Class of 1953, Dr. Richard B. Freeman, Class of 1957 and Dr. W. Taylor Brandfass, Class of 1955, with two of their associates from Pennsylvania Hospital, had an Exhibit entitled "Modern Treatment of Hypertension."

Jefferson Men Participate in American Psychiatric Association Meeting

Several Alumni of the College as well as members of the Jefferson Faculty participated in the program of the 116th Annual Meeting of the American Psychiatric Association in Atlantic City, New Jersey, on May 9th through May 13th.

Dr. Francis J. Braceland, Class of 1930, chaired a session during which papers concerning suicide were presented.

Dr. John E. Davis, Class of 1933, acted as Discussant for a panel on "Certain Socio-Cultural and Economic Factors Influencing Utilization of State Hospital Facilities in Indiana."

Dr. Harry R. Draper, Associate in Clinical Psychiatry, Dr. Robert A. Matthews, Class of 1928, Professor of Psychiatry and Head of the Department, Dr. Seymour Parker, Assistant Professor of Cultural Anthropology and John E. Kilfeather, a Senior student, presented a paper on "The General Practitioner and his 'Psychiatric Practice.'" Excerpts of this report will be published in FACTOR magazine.

Dr. Zygmunt Piotrowski, Professor of Psychology, gave a paper on "Digital Computer Rorschach Personality Analysis and Neuropsychiatric Diagnosis."

Urology Department Personnel Speak at Meeting of American Urological Society

At a recent meeting of the American Urological Association, Doctor Theodore R. Fetter, Nathan Lewis Hatfield Professor of Urology and Head of the Department, and Doctor Joseph L. Wilkerson, Associate in Urology, participated in a discussion on 17-Ketosteroids as related to Infertility in the Male.

At the Society of Pediatric Urology's Meeting at Children's Hospital, Chicago, Illinois, a discussion was participated in by Doctor Fetter on hydrenephrosis.

Doctors Willard M. Drake, Jr., Assistant Professor of Urology, Jose A. Perez, and Theodore R. Fetter participated in a scientific exhibit of "Uroflowmetric Observations in Public School Children" of the American Urological Association. Doctor Fetter discussed a paper on "Functioning Parathyroid Tumors: Clinical Pathology and Diagnostic Criteria." Other members of the staff who attended were Doctors George H. Strong, Associate Professor of Urology and Eugene S. Felderman, Instructor in Urology.
Five Members of Class of 1910 Honored by Medical Societies

Five members of the Class of 1910 were honored this spring by their respective medical societies for their fifty years of outstanding service in the medical profession. Jefferson is very proud of these men who have given so much to humanity during their many years of unselfish devotion.

Dr. J. Lawrence Evans was given the Golden Merit Award by the Medical Society of New Jersey at its Convention in Atlantic City. Dr. Evans is the Administrator of North Hudson Hospital and is now in his 28th year in that post.

Dr. Herman C. Grim, of Trumbauersville, Pennsylvania, was presented with a plaque from the Pennsylvania Medical Society at a meeting of the Bucks County Medical Society in May. Dr. Grim is Chief Surgeon at Grandview Hospital in Sellersville where he has been for 25 years. He is a Fellow of the American College of Surgeons.

Dr. Russell W. Johnston, of Selinsgrove, was given a testimonial dinner sponsored by the Northumberland County Medical Society and its Auxiliary at the Susquehanna Country Club in April. The Pennsylvania Medical Society plaque and a gift from the Staff of Sunbury Community Hospital were presented to him at the dinner. Dr. Johnston opened his office in Selinsgrove in May of 1914 and has practiced in that community ever since.

Dr. Samuel Rich, of East Liverpool, Ohio, was honored by his fellow physicians at a testimonial dinner in June. He was presented with a watch by the President of the city staff and with a 50 year pin and certificate of the Ohio State Medical Society. The President of the Columbiana County Medical Society lauded Dr. Rich and Dr. A. L. Turner, Jefferson Class of 1920, reviewed Dr. Rich’s career as an eye specialist.

Dr. Norman B. Shepler, of Harrisburg, received the plaque of the Pennsylvania Medical Society at a meeting of the Dauphin County Medical Society. Dr. Shepler is a past President of the Harrisburg Academy of Medicine and has served as President of the Medical staff at Harrisburg Hospital. He is the President of the South Central Pennsylvania Chapter of the Jefferson Alumni Association and is Class Agent for the Class of 1910.
The 12th Annual Giving Fund Drive closed with a new record total of $128,093.00. On behalf of your Committee, I wish to extend sincere thanks to the Class Agents for their hard and productive work and to all contributing Alumni for their gratifying response to our appeals.

Two other records were set in this 12th Drive. The Class of 1935, with Dr. Edmund L. Housel, as Agent, contributed $8,636.00, the largest amount ever given by an individual Class. Dr. Housel is certainly deserving of congratulations for his enthusiastic efforts in spearheading the collection of this impressive sum.

A third record set was for the average gift of $40.23, representing a substantial increase over last year’s $35.98. This indicates many of our Alumni recognized the increased needs of the College and responded in kind.

It was encouraging, too, that we received some 314 “new gifts” from members of our Alumni body who had never contributed, or who had not given for several years. We are grateful for your awakened interest in the progress of your Alma Mater.

We are most grateful to the widows of our Alumni who, as a group, contributed $1,695.00. It is heartwarming to know that these kind ladies still have concern for the school their husbands loved.

We cannot say enough about the efforts of our Class Agents. They responded enthusiastically and promptly to our every suggestion as to ways we might go about reaching our goal. Several newly appointed Agents took over this year and in each case did extremely well. The Committee looks forward to continuing this happy association in the forthcoming 13th Annual Alumni Drive.

That we did not reach our goal of $150,000 can be attributed to only one factor—our non-contributing brother Alumni. Of our 6,500 Alumni with known addresses, only 3,184 sent contributions. The goal was short by approximately $22,000. It is startling to realize that if each of those who did not contribute had sent even $10.00, we would have exceeded our goal and regained our position as a fore-runner in medical college campaigns.

We hope that with this realization, all of our non-contributors will give most serious consideration during the coming year to the important part they can play in determining whether or not we will achieve our goal as a loyal Alumni body.

To those devoted Alumni who, year after year, have given their support, your Committee wishes to say “thank you” once again. You are continuing to carry the burden and without your gifts, many of which were substantially increased, we could not have raised our new record of $128,093.00. We are grateful to you.

We congratulate all of the Classes on their records, but particularly the following, who finished in first, second and third places in the categories of amount, number and percentage of participation:

Dear Fellow Alumni:

I should like, first of all, to express my most sincere regret at having been unable to preside over the annual banquet of our Association this June. I was, unfortunately, at the time confined to bed with a bad back. However, it was a great satisfaction to realize that you would have a very able and skillful presiding officer in our first vice-president, Dr. Benjamin F. Haskell. The fact that I know he did a superb job that evening alleviates somewhat my disappointment at not having been with all of you on that happy occasion.

As you heard that evening from our very able Chairman of the Alumni Giving Fund Committee, Dr. Carroll R. Mullen, we succeeded in breaking three records in this past Drive. First of all, the total of $128,093 was greater than ever before. This is approximately ten percent higher than the largest amount raised in any of the preceding years. It is most encouraging and heartening to all of us who are endeavoring to carry on the high level of education of our Alma Mater to find that our Alumni are enthusiastic in their support of this great institution.

The second record was achieved by the class of 1935 in their 25th reunion year. This class, under the able, hard-working leadership of Dr. Edmund L. Housel as Class Agent, raised $8,636.00, which tops the greatest contribution ever made before by any class.

The amount of the average gift to the 12th Fund was $40.00, which was our third record-breaking achievement this year, and I hope that in the years to come we will still be setting new records in support of Jefferson.

Finally, I should like to express to you my firm conviction that The Jefferson Medical Center—the College, the Hospital, and all the ancillary institutions—has never in the past generation been so strong as at the present time. I am also sincerely convinced that the institution will continue to grow in strength in the future. The elements of this strength lie first and foremost in the Faculty of the Medical College. Secondly, they lie in the facilities made available to Faculty and students by the loyal and devoted Board of Trustees, who ensure that the institution remains on a sound financial basis and who give freely, and without recompense, loyalty, devotion and time to the service of the institution. Next, we have an extremely competent group of administrators. Dr. William A. Sodeman, our Dean, has exhibited vision and wisdom and far-sighted executive ability. Dr. Ellsworth R. Brownell, as Medical Director of the Hospital, has built up a strong and capable staff, and the Hospital is now better run than it has been for many years. Our new President, Mr. William W. Bodine, Jr., has in the brief space of one year endeared himself to every member of the Jefferson family. His accomplishments in this one short year are little short of miraculous. He has raised wages and shortened hours of the nonprofessional personnel of the institution, at the same time eliminating an anticipated huge hospital deficit. He has created a spirit of unity and loyalty throughout Jefferson with his charming personality, his outstanding executive ability and his wise visions of the future.

The final element of our strength lies in all of you, who have in this past year expressed as never before your confidence in the great future of this institution.

My best wishes and thanks to all of you.

President
Dear Friends:

It is with the deepest gratitude that I extend my thanks to all of the Alumni of The Jefferson Medical College for their contributions to the 12th Annual Giving Fund Drive. I am personally grateful to you, for it seems to me that your outstanding support of this Campaign is evidence of your faith in the Administration of the College, of which I am a part.

The duties and responsibilities of a Dean are always challenging and sometimes perplexing, but when I have the opportunity of meeting and talking with all of you, as I have at the Alumni Dinner and the other attendant functions, I am always encouraged anew by your interest in and loyalty to your College. I go back to my desk and its problems with a fresher outlook and a greater confidence in our future.

This year, of course, you have responded to the appeals of your Class Agents more generously than in any prior Roll Call and I am sure this is because all of you recognize the very real needs of your Alma Mater and believe in our plans for her progress. Many changes in medical education are taking place throughout the Country and it becomes more obvious each year that Jefferson cannot keep pace with other medical colleges with regard to these changes without both the monetary and spiritual support of its Alumni.

I cannot adequately express my thanks for your generous gifts, but I can assure you that as far as it is within my power to do so I shall see to it that these funds are wisely used for the best interests of Jefferson.

With my very best wishes to all of you,

Sincerely yours,

Wm. A. Sodeeman
Dean
Promotions, New Appointments and Resignations

Promotions

SIMON KRAMER, M.B., from Clinical Professor to Professor of Radiology (with no seat on the Executive Faculty).

ZYGMUNT ANTHONY PIOTROWSKI, Ph.D., from Clinical Professor to Professor of Psychology (Department of Psychiatry) with no seat on the Executive Faculty.

JUNE N. BARKER, Ph.D., from Instructor to Assistant Professor of Physiology.

MARVIN J. BLEIBERG, Ph.D., from Instructor to Assistant Professor of Pharmacology.

DOMINIC A. DEBIAS, Ph.D., from Instructor to Assistant Professor of Physiology.

GERALD EDWARD CALLERY, M.D., from Instructor to Associate in Clinical Orthopedic Surgery.

JOHN JOSEPH DOWLING, M.D., from Instructor to Associate in Clinical Orthopedic Surgery.

JOHN JOSEPH GARTLAND, M.D., from Instructor to Associate in Orthopedic Surgery.

FRANZ GOLDSTEIN, M.D., from Instructor to Associate in Medicine.

ARTHUR JACOBS WEISS, M.D., from Instructor to Associate in Medicine.

RUDOLPH C. CAMISHION, M.D., from Assistant to Instructor in Surgery.

JEROME M. COTLER, M.D., from Assistant to Instructor in Orthopedic Surgery.

FARID ISKANDER HAURANI, M.D., from Assistant to Instructor in Medicine.

HERBERT KRAMER, M.D., from Assistant to Instructor in Medicine.

PETER VICTOR KUBIAK, M.D., from Assistant to Instructor in Orthopedic Surgery.

DAVID J. LaFIA, M.D., from Assistant to Instructor in Neurosurgery (Department of Surgery).

PETER W. ROMANOW, M.D., from Assistant to Instructor in Orthopedic Surgery.

HERBERT ARTHUR YANTES, M.D., from Assistant to Instructor in Medicine.

GIANGARDO FRANCESCO RABOTTI, M.D., from Visiting Research Assistant to Research Instructor in Hematology (Medicine).

New Appointments

BURGESS L. GORDON, M.D., Visiting Professor in Medicine.

WALTER WOLF BAKER, M.D., Associate Professor of Psychiatry (Neuropharmacology) dual appointment.

LOUIS A. KAZAL, Ph.D., Associate Professor of Research Hematology (Department of Medicine) dual appointment.

DAVID BRYK, M.D., Instructor in Radiology.

ROBERT B. CAHN, M.D., Instructor in Psychiatry.

HOWARD LAWRENCE FIELD, M.D., Instructor in Psychiatry.

BERNARD JOSEPH MILLER, M.D., Instructor in Anatomy.

DAVID ERNEST BULLUCK, M.D., Assistant in Medicine.

Havliland Flickinger, M.D., Assistant in Anesthesiology.

WILLIAM FISHER HAINS, II, M.D., Assistant in Medicine (Allergy).

NORMAN R. HILLMER, M.D., Assistant in Anesthesiology.

ALLAN OSGOOD HOWLAND, M.D., Assistant in Pediatrics and Assistant in Psychology (Department of Psychiatry) dual appointment.

JOHN JOSEPH KELLY, Sr., M.D., Assistant in Medicine.

LEON A. PERIS, M.D., Assistant in Obstetrics and Gynecology.

EVALYN FRANCIS REPPINGER, A.B., Assistant in Research Hematology (Department of Medicine).

IGNATIUS M. SEGOVIA, M.D., Assistant in Anesthesiology.

JACOB SAMUEL WEINER, M.D., Assistant in Medicine.

LEON JACOB WEINER, M.D., Assistant in Medicine.

SIAMAK ADIBI, M.D., Research Fellow in Medicine.

WILLIAM BENNETT ASHBY, M.B., Ch.B., Research Fellow in Surgery.
Activities of Department of Surgery

Dr. John H. Gibbon, Jr., Samuel D. Gross Professor of Surgery and Head of the Department, became President of the American Association for Thoracic Surgery at the Association's Annual Meeting in May.

Members of the Department presented three papers at this May meeting of the Association in Miami: "Instrumental Perforation of the Esophagus," by Dr. Gibbon, Dr. Thomas F. Nealon, Jr., Associate Professor, Dr. Vincent D. Cuddy, Resident, and Dr. John Y. Templeton, III, Clinical Professor of Surgery; "Treatment of Bank Blood by Resins" by Dr. Edward McLaughlin, Resident (on leave), Dr. Nealon and Dr. Gibbon; "The Culture of Tubercle Bacilli from Resected Specimens of so-called 'Negative' Patients" by Dr. William P. Coghlan, Instructor, Dr. George J. Willauer, Clinical Professor, Dr. Charles Fineberg, Associate and Dr. Robert G. Johnson, Associate in Clinical Surgery.

Dr. John Y. Templeton, III, acted as a panel moderator and presented a paper on "Deep Hypothermia and Cardiac Surgery" at the Annual South-Alabama Scientific Session on Cardiovascular Disease sponsored by the Alabama Heart Association on June 25, 1960.

Grants from the National Institutes of Health have recently been received for support of the following projects: Changing Stored Blood to Approximate Fresh Blood—Dr. Gibbon and Dr. Nealon; Studies of Deep Hypothermia—Dr. Templeton and Dr. Nealon; Function and Blood Flow in Hepatic Transplantation—Dr. Gibbon and Dr. Walter F. Ballinger, Instructor in Surgery. The amounts of these grants are $17,020, $19,987 and $25,393 respectively.

Dr. Nealon, Dr. Herbert E. Cohn, Resident, and Dr. Gibbon had an exhibit at the Annual Meeting of the Medical Society of the State of New Jersey in Atlantic City in May.

Dr. George J. Haupt has moved his office for the practice of general and thoracic surgery to the Lankenau Medical Building. He continues in his position as Associate in Surgery on the Faculty of the College and on the Hospital Staff.

Alumni and Faculty on Chest Disease Symposium

Several Alumni participated in a Symposium on Chest Diseases held on April 23, 1960 at the Emily Bissell Hospital in Wilmington, Delaware. The Symposium was sponsored jointly by the Delaware Academy of General Practice, the Delaware Anti-Tuberculosis Society and the Delaware State Board of Health.

Dr. Harold I. Israel, Class of 1934, who is also Clinical Professor of Medicine at the College, spoke on "Acute Pulmonary Diseases."

Dr. Gerald A. Beatty, Class of 1930, and Dr. James M. Hofford, Class of 1952, participated in a panel concerning "The Medical Aspects of Chest Diseases."

Dr. Albert Gelb, Class of 1949, moderated a panel on "The Surgical Aspects of Chest Disease" on which Dr. Frank T. O'Brien was a panelist.

Members of Pharmacology Department Speak at New Jersey Meetings

Three members of the Department of Pharmacology recently participated in post graduate sessions on basic pharmacology and orthopedics for members of the New Jersey Chiropodists' Society, which was sponsored by Seton Hall College.

Dr. Charles P. Kraatz, Professor of Pharmacology, spoke on "General and Local Anesthetics," and on "Narcotics, Analgesics and Sedatives"; Dr. Walter Baker, Associate Professor, discussed "Tranquilizers and Muscle Relaxants" and "Steroids and Vasodilators," while Dr. R. W. Manthei, Associate Professor, talked about "Antibiotics and Antifungal Agents."
MISS MARIAN L. GRAY, Cashier, Receives Congratulations from DR. ROBERT B. NYE, Assistant Dean, at a Reception Given by her Office in Honor of the 25th Anniversary of her Association with Jefferson.  l. to r. MRS. CLARA B. GILLARD, MISS MARY M. MARCOLINA, MISS GRAY, DR. NYE, MRS. DOROTHY W. ELY and MISS GLADYS A. AUCHY.

Faculty Notes

DR. ANTHONY M. ALBERICO, Assistant in Medicine, participated in a television discussion of the Forand Bill on a program entitled “Speak Up” presented by station WRCV Channel 3, and also in a radio discussion in reference to the Blue Cross and Catholic Hospitals controversy in June.

DR. BERNARD J. ALPERS, Professor of Neurology and Head of the Department was a speaker at the 65th Annual Meeting of the Seaboard Medical Association of North Carolina and Virginia at Nags Head, North Carolina in June.

DR. MOSES BEHREND, Associate in Surgery, Honorary, was a speaker at the May meeting of the International College of Surgeons in Italy and participated in the I.C.S. meeting in Israel later that month.

DR. EDWARD L. BORTZ, Associate Professor of Medicine, was installed as President of the American Geriatric Society at its recent convention in Miami, Florida.

DR. HEINRICH BRIEGER, Professor of Industrial Medicine, in the Department of Preventive Medicine, and DR. CHARLES W. LABELLE, Research Associate in Preventive Medicine, presented the results of their studies on "Patterns and Mechanisms in the Elimination of Dust from the Lung" at the International Symposium on Inhaled Particles and Vapours, held in Oxford, England, in April, 1960. They also will speak on the "Basic Physiologic Mechanisms in the Pulmonary Response to Inhaled Particles" at the XIII International Congress on Occupational Health, in New York, July 28, 1960.

Dr. Brieger is Chairman of the Subcommittee on Education and Training and Chairman or member of other Committees charged with the preparation of the Congress.

DR. JAMES B. CARTY, Instructor in Surgery, has been appointed Surgical Department Director at Delaware County Memorial Hospital. Dr. Carty is also Associate Chief of Surgery at Presbyterian Hospital and Instructor in Surgery at University of Pennsylvania School of Medicine.

DR. ABRAHAM COHEN, Associate in Clinical Medicine, has been invited to deliver a paper at the Czechoslovakia Congress of Rheumatology in that country in September. His subject will be "After Ten Years—the Safety of Steroids."

He has also been asked to speak in Basle, Switzerland, on August 25th, and his subject there will be "The Medical Treatment of Cervical Osteoarthritis."

DR. ELMER J. ELIAS, Associate in Clinical Physical Medicine and Health Officer of Trenton, New Jersey, recently addressed the Zonta Club of Trenton.

At the May 14-16 meetings of the American Association of Physical Anthropologists at Howard University, Washington, D. C., DR. JOHN LAWRENCE ANGEL, Associate Professor of Anatomy and Physical Anthropology, gave a paper entitled "Civilization, Diet, Mouth Form, and Dental Health" (later abstracted by Science Service). He presented
other phases of this study at the VIIth International Congress of Anatomists, April 11-16, in New York City.

The Director of the National Service Foundation has invited Dr. Angel to serve as a member of the NSF's advisory panel for Anthropology and the History and Philosophy of Science.

**DR. MILTON J. FREIWALD**, Assistant in Ophthalmology, was elected a Fellow of The International College of Surgeons at the recent meeting of the Executive Council of the United States Section.

**DR. JOHN H. GIBBON, JR.,** Samuel D. Gross Professor of Surgery and Head of the Department, spoke at a recent meeting of the Society of Clinical Surgery at Baptist Hospital and the Institute of Pathology in Memphis, Tennessee.

**DR. JOHN W. GOLDSCHMIDT,** Associate in Physical Medicine, attended the Medical Education for National Defense (MEND) Symposium on Radiation, Clinical Research and Rehabilitation at the United States Naval Hospital, Oakland, California from April 20 to 22, 1960.

Dr. Goldschmidt was also appointed a member of the Advisory Committee on Prosthetics in Pennsylvania for the National Academy of Sciences and was elected a member of the Board of Governors of the Heart Association of Southeastern Pennsylvania, for a three-year term.

On April 27, 1960, Dr. Goldschmidt presented a paper entitled, "Occupational Therapy in Rehabilitation" at the Ninth Annual Conference of the National Rehabilitation Association, Region II, held at the Benjamin Franklin Hotel.

**DR. FRANZ GOLDSTEIN,** Associate in Medicine, and **DR. GEORGE A. HAHN,** Associate Professor of Obstetrics and Gynecology, were guest speakers at a post-graduate conference held recently in Memorial Hospital, Johnstown, Pennsylvania. The subject of the conference was: "Current Concepts of Bilirubin Metabolism and Its Application to the Patient with Jaundice."

**DR. KENNETH GOODNER,** Professor of Bacteriology and Immunology, was toastmaster at the President's Banquet of the Society of American Bacteriologists Meeting at the Bellevue-Stratford, Philadelphia, May 3, 1960.

**DR. GEORGE A. HAHN,** Associate Professor of Obstetrics and Gynecology, as Chairman of the Philadelphia Division of the American Cancer Society's medical and scientific committee, directed the program of appropriating funds to purchase cancer detection equipment. Jefferson was one of 30 area hospitals to receive an appropriation.

**DR. HAROLD L. ISRAEL,** Clinical Professor of Medicine, was guest speaker at the post-graduate seminar of Mt. Sinai Hospital, Miami Beach, Florida, on May 14, 1960. His subject was "The Changing Patterns of Pulmonary Disease."

Dr. Israel also participated in the International Conference on Sarcoidosis sponsored by the National Academy of Sciences and the National Research Council, which was held in Washington, D. C. from June 1 through June 3, 1960.

**DR. J. RUDOLPH JAEGERS,** Professor of Neurosurgery, Dr. WILLIAM H. WHITELEY, III, Assistant Professor of Clinical Neurosurgery, and **DR. HENRY KEEN SHOEMAKER,** Assistant in Neurosurgery, attended the annual Harvey Cushing Society meeting in San Francisco, California, April 14-15-16.

Dr. Jaeger was host at the President's Dinner of the Philadelphia Medical Club April 22nd at the Union League.

**DR. HANS G. KEITEL,** Professor of Pediatrics and Head of the Department, spoke on infant feeding at the Northeast (Pennsylvania State) Society; made a presentation at the Child Health Conference in Kansas City, was Chairman of the scientific exhibits at the American Academy of Pediatrics Meeting in Atlantic City, N. J., in April and spoke at the Pan-American Medical Association Congress.

**DR. SIMON KRAMER,** Professor of Radiology, delivered a two-hour lecture before the Staff of the Atlantic City (New Jersey) Hospital on April 14, 1960. Dr. Kramer has assisted in the teaching program at the hospital in its application with Jefferson regarding neoplastic diseases.

**DR. WARREN R. LANG,** Associate Professor of Obstetrics and Gynecology, spoke at a meeting of the Philadelphia Society for Cytologic Study on the subject "Cervical Atypias."

**DR. HERBERT A. LUSCOMBE,** Professor of Dermatology and Head of the Department, and **DR. ELLIOTT GOODMAN,** Associate in Clinical Medicine, were speakers at the recent Convention of the Pennsylvania Allergy Society in Philadelphia. Dr. Luscombe's subject was "Atopic Dermatitis" and Dr. Goodman discussed "Pulmonary Physiology."

Dr. Luscombe, as the retiring President of the Philadelphia Dermatological Society, was honored by the presentation of a key on the occasion of the Society's Annual Banquet at the Union League, May 20, 1960.

**DR. NORMAN M. MACNEILL,** Clinical Professor of Pediatrics, was the principal speaker at the graduation exercises of the Sacred Heart Hospital School of Nursing, Allentown, Pennsylvania, on Sunday, May 22nd.

**DR. LEWIS C. MANGES, JR.,** Associate in Surgery, has been elected a Trustee of Gettysburg College on June 4, 1960 for a six year term. Dr. Manges was graduated from Gettysburg in 1928.
DR. VIRGIL HOLLAND MOON, Professor of Pathology, Emeritus, was honored by Friends' University's Alumni Association on May 28 when he was presented with a Distinguished Alumnus Award.

Dr. Moon was graduated from Friends' University in 1909.

DR. PAUL J. POINSARD, Clinical Professor of Psychiatry, was guest speaker at a Dinner Meeting of the Lebanon County (Pennsylvania) Mental Health Association on April 28, 1960. His subject was: "Psychiatric In-Patient Unit and Out-Patient Clinic in a General Hospital."

DR. F. JOHNSON PUTNEY, Clinical Professor of Laryngology and Broncho-Esophagology, has been chosen President of the American Broncho-Esophagology Society.

DR. A. E. RAKOFF, Professor of Gynecologic Endocrinology, was guest speaker at a recent meeting of the Gloucester County Medical Society in Woodbury, New Jersey. Dr. Rakoff's subject was "The Female Sex Hormones."

DR. HERMAN L. RUDOLPH, Assistant Professor of Physical Medicine, attended the meetings of the Board of Governors of the American Academy of Physical Medicine and Rehabilitation in Chicago, April 24th and 25th.

Dr. Rudolph, representing the Mayor of the city of Reading, also attended the meetings of the President's Committee on the Employment of the Physically Handicapped, May 5th and 6th in Washington, D.C.

DR. JOSEPH SATALOFF, Assistant Professor of Otolaryngology and Head of the Department, was re-elected President of the attending staff of the Hospital.

DR. WILLIAM A. SODERMAN, Dean, was the principal speaker at the annual meeting and luncheon of the Women's Auxiliary to the Philadelphia County Medical Society at The Barclay on Tuesday, May 10. His subject was "Doctoring Your Doctor."

DR. MARTIN J. SOKOLOFF, Clinical Professor of Medicine, has been elected President-elect of the Pennsylvania Trudeau Society.

DR. PETER A. THEODOS, Assistant Professor of Clinical Medicine, participated in a panel discussion on Air Pollution and Carcinogenesis and was a discussion leader in a Fireside Conference on Occupational Diseases of the Chest at the 26th Annual Meeting of the American College of Chest Physicians at Miami Beach, Florida.

DR. JOHN F. WILSON, Associate Professor of Dermatology, DR. C. WILMER WIRTS, Associate Professor of Medicine and DR. DANIEL W. LEWIS, Assistant Professor of Clinical Medicine, participated in the Ninth Annual Seminar of the joint meeting of the Lycoming County Medical Society and the medical staff of Divine Providence Hospital, Williamsport, Pennsylvania, on April 22.

Dr. Wilson discussed "The Management of Common Dermatoses"; Dr. Wirts ' "The Management of Common Ulcer Problems," and Dr. Lewis ' "Problems in Management of Cardiovascular Disease."

Dr. Wirts also addressed the Scientific Session of the Lackawanna County Medical Society at Scranton, Pennsylvania, on May 24th, on "Medical Emergencies of the Gastrointestinal Tract."

DR. HERBERT A. YANTES, Instructor in Medicine, was appointed Chief of Medicine at Frankford Hospital.

Election of College Officers Announced by Board of Trustees

Announcement was recently made by the Board of Trustees of The Jefferson Medical College, of the re-election of Dr. Peter A. Herbut, Professor of Pathology and Head of the Department, as Chairman of the School's Executive Faculty.

Dr. Hans G. Keitel, Professor of Pediatrics and Head of the Department, was named Recording Secretary, and Dr. Theodore R. Fetter, Nathan Lewis Hatfield Professor of Urology and Head of the Department, was re-elected President of the attending staff of the Hospital.

Drug Company Grant Goes to Jefferson Senior

Smith Kline & French Laboratories has made a grant of $180,000 to send 90 American medical students into remote corners of the world in the next three years. This program, which will be administered by the Association of American Medical Colleges, will enable 28 students this year to study diseases not common in America. The individual grants range from $900 to $3,000.

One of Jefferson's Seniors, John C. Buterbaugh, has been awarded $1,053 to spend nine weeks at a mission clinic near La Paz, Bolivia.
Ohio Alumni Have Dinner Meeting

On Tuesday, May 17, 1960, Jefferson Alumni-Ohio held their 10th Annual Dinner Meeting in the comfortable Terminal Room of the Sheraton-Cleveland Hotel, Cleveland, Ohio. Following the past custom, the affair was planned in conjunction with the annual convention of the Ohio State Medical Association.

The friendly fellowship hour started a gala evening filled with "tall tales" and "sweet stories."

Forty-four dinners were served to Alumni and guests featuring an excellent menu complete through fruit cocktail and roast prime ribs of beef to rainbow parfait.

Following the repast a brief program started with roll call and recognition of Dr. John F. Evans '08, Cleveland, Ohio, oldest alumnus present, accompanied by his charming wife.

As a pleasant surprise, Dr. Frank Krusen '21, Director of Physical Medicine and Rehabilitation, Mayo Clinic, currently on the OSMA program, was able to be present; his brief words of greeting and reminiscence spiked an initial peak for the program.

Dean William A. Sodeman as usual held his audience with a fabulous review of past and present developments at our Alma Mater preceding a preview of future plans—all entitled "The News from Jeff." His sincere, friendly manner gained many new friends.

No less fascinating were the remarks of Dr. Leandro M. Tocantins '26, newly appointed Thomas Drake Martinez Cardeza Professor of Clinical Medicine at Jefferson. Under a title "Developments in Jefferson Medicine," he sketched the background of research beginning in the 1920's and carried its outline meticulously to the present day, emphasizing that Jefferson still predominates in teaching "bedside medicine."

Carrying a message from Dr. Carroll R. Mullen, Dr. Tocantins mentioned the Annual Alumni Giving Fund, crediting its origin to Dr. Harold "Red" Stewart '26, through the medium of "Student Notes."

With the announcement of the next (11th) Annual Jefferson Alumni-Ohio Dinner to be held Tuesday, April 11, 1961 in Cincinnati, the delightful dinner meeting adjourned.

Anthony Ruppersberg, Jr., M.D. '33
Vice President for Ohio
Jefferson Alumni Association
Washington, D. C. Chapter Elects New Officers

On April 21, 1960 the annual Spring meeting of the Jefferson Medical College Alumni Chapter of Washington, D. C., was held at the Army-Navy Club. The dinner was preceded by an hour of liquid refreshments and good fellowship.

The speaker of the evening was Dr. Joseph Davis of the Food and Drug Administration, who spoke informally on current items of medical interest before the administration.

Following the speaker, a short business meeting was held at which the following men were elected to office for the forthcoming year: President, Dr. Stacy Rollins; Vice President, Dr. Robert Duprey; Treasurer, Dr. Simon Weiner and Secretary, Dr. William Stecker.

Those members in attendance were Dr. Vernon Dettor (La Plata, Maryland), Dr. Aaron Deitz, Dr. Robert Duprey, Dr. Adolph Friedman, Dr. Everett Gordon, Dr. Desmond O'Doherty, Dr. Nelson Podolnick, Dr. Stacy Rollins, Dr. Walter Romejko, Dr. William Ross, Dr. I. Lewis Sandler, Dr. James P. Scanlon, Dr. William Stecker, Dr. Simon Weiner, Dr. William Weintraub, Dr. Jack Woodside.

Dr. Sodeman Visits with New Mexico Alumni Group

Dr. William A. Sodeman, Dean, visited the Lovelace Foundation in February and at that time was entertained by Dr. Albert L. Maisel, Class of 1939, at his home for dinner. Other guests at the dinner were Dr. Burgess L. Gordon, Class of 1919, Dr. Randolph V. Seligman and Dr. Marshall L. Clevenger, both of the Class of 1950, their wives, and the two students who are externing at Lovelace, John Coyle and Gerald Collins.

During Dr. Sodeman's visit Dr. Maisel arranged for a clinic to be held with the residents at the County Indian Hospital, at which he discussed two of their cases.

Hawaii Chapter Meets

The annual meeting of the Hawaii Chapter was held on May 2, 1960, with the following members present: Drs. F. Au, L. Bonin, J. Carson, H. C. Chang, L. T. Chun, B. Fong, G. Halpern, A. Ho, F. Kaneshiro, B. Li, G. Li, M. H. Li, G. Liu, J. Marnie, T. Min, R. Nishijima, S. Nishijima, G. Tyau, R. Wong, P. Yap, and H. Yim.

Dr. Randal Nishijima '41, President, and Dr. Gordon Liu '48, Secretary-Treasurer, were both unanimously re-elected to another year in office.

Dr. Sodeman and Dr. Nye are Guests at North Carolina Chapter Luncheon

The North Carolina Chapter of the Alumni Association held a luncheon meeting during the Annual Meeting of the Medical Society of the State of North Carolina in Raleigh in May. Twenty-five members of the Chapter were present and Dr. William A. Sodeman, Dean, and Dr. Robert Bruce Nye, Assistant Dean, were guests.

Dr. W. Howard Wilson was elected President of the Chapter for the coming year, succeeding Dr. Charles K. Padgett, and Dr. Louis T. Kermon was elected Secretary.

(below) DR. SODEMAN and DR. NYE with North Carolina Alumni. 1. to r. DR. LOUIS T. KERMON, Chapter Secretary; DR. NYE; DR. CHARLES PADGETT, Chapter President; DEAN SODEMAN; DR. GEORGE PASCHAL, Alumni Vice President for State of North Carolina; and DR. W. HOWARD WILSON, President-elect of the Chapter.

(below) DR. SODEMAN with DR. KARL B. PACE, Class of 1914, Who Was AMA “Practitioner of the Year” Some Years Ago.
Dr. Gibbon and Dr. Wise Speak at Connecticut Chapter Meeting

The Annual Meeting of the Connecticut Chapter of the Alumni Association of the Jefferson Medical College was made doubly successful by the presence of Dr. John H. Gibbon, jr., and Dr. Robert I. Wise. After a pleasant cocktail hour and leisurely dinner, Dr. Gibbon told us of present and future plans for Jefferson and gave us some insight into the recent advances in cardiac surgery. Dr. Wise rounded out the Jefferson picture and discussed in particular the Department of Medicine.

At the business meeting the following officers were elected: President—Robert R. McDonnell '45, President-Elect—Gustave W. Anderson '46, Secretary-Treasurer—William H. Ryder '20, Regional Secretaries—Frank Turchik '27, George A. Lundberg, Jr. '53, Maurice R. Turcotte '50.

All interns and residents serving in Connecticut and their wives were guests of the Connecticut Chapter.

Northeastern Pennsylvania Chapter Holds Dinner Meeting

The 45th Annual Meeting of the Northeastern Chapter of the Jefferson Alumni Association was held at the Glen Oaks Country Club, Glen Summit, Pennsylvania, on May 25, 1960.

Dr. Samuel R. Kaufman, President, presided over the business meeting and then introduced the guest speakers.

Dr. John H. Killough, Associate Professor of Medicine at Jefferson, told us of the progress and recent advances made by the cardiac-catheterization laboratory. Dr. James E. Clark, Instructor in Medicine, made a few remarks about the work being done on the artificial kidney. Dr. Ralph A. Carabasi, Assistant in Medicine, spoke to us on the work being done in cancer chemotherapy. The advances and changes being made in the Surgery Department at the College were discussed by Dr. Thomas F. Nealon, Jr., Associate Professor of Surgery.

Dr. Marshall C. Rumbaugh, of the Class of 1908, of Kingston, encouraged continued contributions by the Alumni to the College.

The nominating committee presented the following slate of officers and it was unanimously accepted: President, Dr. R. C. Davis; First Vice President, Dr. Charles Burns; Secretary-Treasurer, Dr. Eugene Curtin.

Emil P. Howanitz, M.D.
50th Reunion—Class of 1910

The Luncheon of the Class of 1910 was held at the John Bartram Hotel at one o'clock on Wednesday, June 15, 1960. There were eighteen members present, from the following States: California 2, Washington 1, Florida 1, Illinois 1, Ohio 1, New Jersey 3, Pennsylvania 9.

After the Luncheon, letters and telegrams were read from those members who were not able to be present, and each man at the luncheon gave an account of his activities during the fifty years since graduation.

(right) Eighteen Attended the Luncheon of the Class of 1910 at the John Bartram Hotel.
45th Reunion—Class of 1915

The 45th Reunion of the Class of 1915 was held on Thursday, June 16th at 1:00 p.m. in the English Room at the Barclay Hotel in Philadelphia. Nineteen members were present at that time, as follows: Allsop, Aspel, Blaugrund, Dershimer, Durham, Goldburgh, Kinderman, LaRochelle, Lavin, Marsteller, Mays, Means, Pryor, Reese, Salisbury, Singer, Summey, Tyson, Watson.

It was very interesting to watch the reactions of the various members of the Class in their efforts to recognize other members. Dr. LaRochelle, of Massachusetts, had returned for the first time since he graduated 45 years ago. It was amazing to see the number that he could call by name.

There was a general discussion around the festive board concerning the changes that have taken place in the last 45 years. The tremendous growth of the physical structure of Jefferson Medical College created a good deal of comment and, perhaps, a little bit of homesickness, for the structures that our Class was accustomed to see. Perhaps the loss of all our former teachers, except Dr. Appleman, was a big factor in the feeling of the members of our Class.

A few other of our mates had been expected to appear, but due to illnesses in their families found it necessary to decline the visit to the old School.

RALPH M. TYSON, M.D.
Reunion Chairman

40th Reunion—Class of 1920

The Class of 1920 held its 40th Reunion on June 15, 1960. Stanley Conklin of Sayre, Pennsylvania, spoke on Simmonds-Sheehan Disease at the morning Clinics. As usual, the acoustics in the amphitheatre were terrible, so that much of his talk, and of the other talks, could not be heard.

Forty-six class members and wives assembled at The Barclay for refreshments and dinner in the evening. Dr. J. Parsons Schaeffer honored the dinner with his presence. He gave a most delightful talk about his early days at Jefferson. One of the things that we have wondered about is the reason for the Alumni spirit that has continued amongst Jefferson graduates. Dr. Schaeffer's talk made it clear. We were exposed in our youth to teachers who were completely dedicated to medicine and to teaching. This could not help but rub off on us and influence us during our lives.

HENRY B. DECKER, M.D.
Reunion Chairman

(left) Class Members, Wives and Guests Enjoyed the 40th Reunion Dinner at The Barclay.
35th Reunion—Class of 1925

The Class of 1925 had a luncheon on Wednesday, June 15th. There were about twenty members present at the Union League, and we had a very enjoyable time.

Various topics were discussed and among them it was suggested that we have a dinner every year at graduation time and have our wives present.

Letters will be sent later to members of the Class in order to get reservations ahead. Watch your mail.

CHARLES LINTGEN, M.D.
Reunion Chairman

(left) The Class of 1925 was well represented at the Alumni Banquet.

30th Reunion—Class of 1930

The Class of 1930 held its 30th Reunion on Wednesday, June 15, 1960. A paper on "The Use of Alpha Chymotrypsin in Cataract Surgery" was given that morning in the amphitheatre by Dr. Patrick J. Kennedy as Class representative. A stag luncheon at the John Bartram Hotel was attended by thirty-five members. In the evening fifty-six members and their wives enjoyed a dinner at the same hotel. Cocktails were served before the Alumni Dinner in the Class suite at the Benjamin Franklin Hotel. A good time was had by all.

PATRICK J. KENNEDY, M.D.
Reunion Chairman

(right) Members of the Class of 1930 at the Annual Dinner.
Fellow Classmates:

Thanks to all who participated and made the 25th Reunion such a tremendous and "howling" success.

To the absentees, even to those who did not answer our communications at all, you missed a good party and a really pleasant renewal of old friendships and acquaintanceships.

You will be proud to know that our Class broke the previous existing record for the Alumni Giving Fund. You will also be happy to know that our Class was ably represented by Dr. George Craddock at the Reunion Day Clinics on Wednesday morning and at the Alumni Banquet by Dr. Housel, who was almost shut out, but who spoke briefly and well after being delayed a rather remarkable length of time through a situation unavoidable in any manner by him.

I think it might be of interest to the men who could not, or would not, attend to know that forty-seven were in attendance at the Class Reunion Luncheon on Wednesday, the 15th of June.

There were seventy-one present at the Dinner Dance at the Barclay on Wednesday evening. This included three unattached gentlemen. The band that Larry Housel had provided was tremendous. I am sure some of us never knew so many of our class had Masters Degrees in Terpsichorean Art and I am sure many of us did not realize we are quite as old as we are in re our staying powers as regards late hours.

Dr. and Mrs. Ralph Hoerner, Dr. and Mrs. Joseph Finn, Dr. and Mrs. John Luders and Dr. and Mrs. Philip Cronlund, as well as Dr. and Mrs. Glen Dickson and all the Philadelphia group were tireless in their efforts to make everything accommodating and I understand the New Hope Soiree was a huge success.

Thanks to Larry Housel and Craig Clark through whose efforts we were fortunate enough to have our Stag Luncheon at the Union League.

Approximately five who had not attended other affairs put in an appearance at the Alumni Banquet. This also added to the success of the occasion. I think everything considered, namely graduations of our classmates' sons and daughters and the fact that the AMA was taking place in Miami Beach, hurt our attendance.

Dr. Fred DeTroia has suggested a Yearbook so when and if he communicates with you personally as I have suggested, please answer his letter and aid in such a project.

The only disappointing thing was the fact that many of the fellows whom we looked forward to seeing were not present and many of those we had hoped to see did not even answer our letters.

Greetings to all of you and maybe sometime in the near future, you will be able to make it.

JOHN A. MCCORMICK, M.D.
Co-Chairman
25th Reunion—Class of 1935

(above) Luncheon at the Union League was one of the Reunion Activities of the Class of 1935.
The Class of 1945 prepared for its 15th Reunion by sending out a questionnaire to each member of the Class and the summary of the replies showed physiologic aging, balding and a nice (?) gain in weight. In the family count, bachelors are few, divorces apparently non-existent. The population explosion got a good boost from '45. Two-hundred and fifty children, boys 126 to girls 124—McStravog, Pechstein and Ruby helped to fatten the average, each with one set of twins. However, Joe Larkin is champ to date with eleven. Most of the members of the Class are in solo practice, the GPs having a very slight edge over the collective specialties. Solo practice was followed by partnerships and then groups; three are regular Navy and one Army. Recreation-wise, golf was the leader followed by hunting, fishing and photography. Vic Ruby probably has the most unusual hobby—he has a regularly scheduled radio program as a classical music “disc jockey.”

15th Reunion—Class of 1945

Reunion activities began on Wednesday morning, June 15, with Clinics at the College, followed by golf at Rolling Green Country Club and then a dinner-dance at the John Bartram Hotel, which was a most pleasant affair. Everyone enjoyed having the opportunity to get together again and all are looking forward to the 20th Reunion of the Class of ’45.

20th Reunion—Class of 1940

The Class of 1940 held a very successful dinner dance in the Mirror Room of the Warwick Hotel on Wednesday, June 15, with 63 in attendance.

Approximately 40 attended the cocktail party which was held at the Benjamin Franklin Hotel prior to the Annual Dinner on Thursday, June 16.

Class Officers were elected so that plans for our 25th Reunion and a special 25th Anniversary Giving Fund could be initiated. They are: Thomas B. Mervine, President; John J. Cotter, Vice President and Herbert A. Luscombe, Secretary and Treasurer.

(left) Class Members and Their Wives at the 1940 Class Dinner Dance.

(below) Members of the Class of 1945 Enjoy Themselves at the Alumni Banquet
10th Reunion—Class of 1950

A social and mildly professional triumph was scored at the Drake Hotel on the night of June 15th, when the Tenth Year Reunion was held.

Some forty-five survivors in the Class of 1950 were found to be withstanding the loss of hair and the mounting golf score quite well.

Don Franks was on hand from California to give the late report on Hollywood, and John Thompson was on hand to deflate the specialists.

The party at the delicatessen afterward was presided over by John McGuijan and Fred Fay.

All hands are looking forward to number twenty.

WILLIAM B. McNAMEE, M.D.
Reunion Chairman

5th Reunion—Class of 1955

The Fifth Reunion of the Class of 1955 was held at the Old Bookbinder’s Restaurant on June 15, 1960. Ninety-six enthusiastic classmates and wives were welcomed back by our Vice-President and Master of Ceremonies, Robert Berry. Prexy Bob Senior and wife Gwen were awaiting the stork in Chapel Hill, North Carolina, and were unable to join us. Our most distant participant was Tom Voshell from North Carolina, and our most distant classmate present in spirit was Bob Frazier who sent us a telegram from Kotzebue, Alaska, which is just north of the Artic Circle.

The evening was energetically spent in good drink, good food, and good conversation with much of the success of the evening being due to Bookbinder’s wonderful cooperation. The conversation was of two varieties: first, pleasant and humorous reminiscences participated in by all; and secondly, those of us still in residency programs peered thoughtfully and quietly through our ice cubes as the general practitioners from Pittsburgh to Lebanon told us of the problems of a large practice.

As part of the Reunion, a “What I Am Doing” brochure was prepared by Bob Berry and has been forwarded to those unable to attend. The festivities ended with fervent promises being made to return again to the Mecca five years hence.

MICHAEL G. CHRISTY, M.D.
(above) DR. SODEMAN Chats with DR. J. LAWRENCE EVANS, Class of 1910 (seated) and his son, DR. ROBERT L. EVANS, Class of 1952.

Positions Available

Wanted: Board qualified or board certified Obstetrician-Gynecologist is needed to practice, in a partnership arrangement, with a twenty-doctor group at a hospital located in Montgomery, Alabama.

Wanted: Excellent opportunity for General Practitioner in Southwest Bar Harbor, Maine.

The combination of good hospital facilities, a large contingent of summer residents, a year ’round population accustomed to good medical care should be very attractive to a doctor, particularly a young man just starting his practice.

Wanted: Excellent opportunity for General Practitioner to work in association with elderly physician. Opening should be very challenging and rather remunerative.

The area covered is growing rapidly—is on new route 110, the outer circumferential highway from Boston. There are two small accredited hospitals in the immediate vicinity and three larger accredited hospitals in Clinton, Leominster and Fitchburg.

Wanted: Large General Practice available in Pitman, New Jersey. Doctor moving to Florida.

Wanted: A new housing development in Pomona, Atlantic County, New Jersey, is urgently in need of a General Practitioner.

Pomona is located in Galloway Township, with a population of approximately 5,000. It is the center hub of a population of 20,000 within a five mile radius with no doctor in the entire township or within five miles of this area.

Wanted: Opportunity to form partnership with busy General Practitioner. Practice is in a residential area of 2,000 population and two miles from a city of 30,000.

Wanted: Two physicians seek a third man in General Practice in New Jersey, twelve miles from central Philadelphia. Offices located in 100 bed general hospital. Practice includes large amount of traumatic surgery.

Wanted: Opening for an Internist in Clinic located in suburb of Kansas City, Missouri.

Positions Wanted

Wanted: 1954 graduate who just completed his tour of duty in the Air Force is interested in an association with another doctor or in a group or clinic practice in Pennsylvania or New Jersey. He will also consider a position with an industrial concern or with an insurance company. He has had five years of experience in general practice, including ten months of ophthalmology training.

PENNSYLVANIA ALUMNI — PLEASE NOTE

Jefferson Alumni Dinner

During Pennsylvania Medical Society Convention

Wednesday
October 5, 1960

Rutland Room, Haddon Hall
Atlantic City, New Jersey

Wives Cordially Invited
Class Notes

1882
WARREN L. EWEN, M.D., Freed Apartments, Salem, New Jersey, celebrated his 100th birthday on May 4, 1960.
On that afternoon Dr. G. A. Nitsche, Jr., President of the Salem County Medical Society, called on Dr. Ewen and presented him with a large-print Bible as a gift from the Society.
On the evening of his birthday, members of Woodstown Lodge No. 138, Free and Accepted Masons, called and commemorated Dr. Ewen’s 76th year as a member of their Lodge.
The Alumni Association of Jefferson Medical College sent a congratulatory telegram and a medallion engraved with Dr. Ewen’s birth date and date of graduation.

1886
J. ELMER PORTER, M.D., 344 High Street, Pottstown, Pennsylvania, dean of Pottstown medics and bankers, has left for an extended European vacation.

1904
J. Howard Anderson, M.D., 89 Maple Avenue, Welch, West Virginia, was given the honorary degree of Doctor of Science by Washington & Jefferson College at its 161st commencement recently.
Dr. Anderson, who just observed his 85th birthday, graduated from Washington & Jefferson in 1895. In 1956 he was selected as “Doctor of the Year” by the West Virginia Medical Society.

1905
ALEXANDER J. ORENSTEIN, M.D., Health Department, The Corner House, Johannesburg, Africa, is the subject of one of a series of character studies, appearing in The Star Johannesburg, “of men and women numbered among the great because they helped to build the Union of South Africa.”

In paying tribute to Dr. Orenstein, the author says “There have been no consulting rooms in his life, no prescriptions, no hurried visits to deal with severe attacks of indigestion. His ‘practice’ has covered the whole of Africa south of the Equator. His ‘patients’ are to be counted in millions.”

Dr. Orenstein has served in South Africa since 1914 and has been internationally honored for his work in the prevention of silicosis among the miners.
Dr. Orenstein holds the rank of Major General and served as Director General of Medical Services in the Union of South Africa during the Second World War.

1910
SIMON C. BRUMBAUGH, 7335 Central Avenue, Lemon Grove, California, in writing to Dr. J. Lawrence Evans regarding the Class Reunion, said that after having practiced in Windber, Pennsylvania, until 1948, he and his family moved to Lemon Grove because of his wife’s health. They have lived there since that time and of their three children, two reside in Lemon Grove also. Dr. Brumbaugh’s son, Simon, Jr., is a 1951 Jefferson graduate and also practices in Lemon Grove. The Brumbaugh’s have 12 grandchildren and one great-grandson. Dr. Brumbaugh keeps active with gardening and woodworking.

1917
HARRY W. BAILY, M.D., 131 West Broad Street, Tamaqua, Pennsylvania, has been elected President of the Schuylkill County Medical Society.

1919
HAROLD HIRSHLAND, M.D., Captain M.C., U.S.N., Ret., 12 Cinnamon Lane, Portuguese Bend, California.
Dr. Hirshland writes that he is presently Chief of Obstetrics and Gynecology at County of Los Angeles Ranchos Los Amigos Hospital. He also meets with U.C.L.A. medical students at the Harbor General (L.A.C.) Hospital and has been appointed Assistant Clinical Professor on the Obstetrics and Gynecology Staff of the U.C.L.A. Medical School.
Dr. Hirshland is a fellow of the American College of Surgeons, the American College of Obstetricians and Gynecologists and an associate fellow of the Los Angeles Obstetrical and Gynecological Society.
He expects to be on the East Coast next month and looks forward to seeing some of his classmates.

1920
JOHN A. O’DONNELL, M.D., 500 Penn Avenue, Pittsburgh, Pennsylvania, has been elected President of the Allegheny County (Pennsylvania) Board of Health.
Dr. O’Donnell is a practicing internist and is past President and Board Chairman of the Allegheny County Medical Society. He is also past Governor of the Western Pennsylvania Diabetes Association.
1923
LOUIS ANTUPIT, M.D., 242 Trumbull St., Hartford, Connecticut, is Surgeon at St. Francis Hospital and Mt. Sinai Hospital, Hartford, also Consulting Surgeon of Veterans Hospital, Newington, Connecticut. Dr. Antupit recently returned from a very enjoyable trip to Nassau.

JOSEPH JACOBSON, M.D., 11 E. Chestnut Street, Kingston, New York, was honored by his colleagues of the Dominican Republic during his recent vacation there, at a reception in Ciudad Trujillo. Years of giving many vacation hours to aid local doctors and surgeons in the treatment of tuberculosis and other chest ailments started ten years ago when Dr. Jacobson chose the Dominican Republic for a rest. Recognized and invited to visit a local hospital, he began his work with the doctors, and gave lectures at the University of Santo Domingo, where he received honorary title of Professor last year.

1926
GEORGE C. GRIFFITH, M.D., 1136 West Sixth Street, Los Angeles, California. Dr. Griffith writes that he has just returned from a six-weeks' visit in the Southern Hemisphere, where he enjoyed New Zealand and Australia very much. He says their medicine should not be underrated, since it is tops. He is looking forward to attending the 35th reunion of his Class next year.

CLIFFORD H. TREVXLER, M.D., 3004 Allen, Allentown, Pennsylvania, was recently elected Chief of Staff and Chief of the Division of Surgery of Allentown Hospital. He has been a staff member of the hospital since 1928 and an Associate in the Surgical Department for more than 20 years. Dr. Trexler is a past president of the Lehigh Valley County Medical Society. He held surgical posts in several Army hospitals during World War II, and served as Chief of Surgery and Commanding Officer of the 14th Station Hospital in North Africa and later as Commanding Officer of a 2,000 bed hospital in Italy.

1928
ERNST BROCK, M.D., 200 South Imperial Avenue, Imperial California. Dr. Brock has written to Dr. Elmer J. Elias, Class Agent, to say that he has been ill with acute pericarditis and myocarditis since November of 1959, but that he is now much better and hopes to return to his practice soon. Dr. Brock mentioned that last summer Dr. Joseph M. De los Reyes had stopped in to see him on his way back from Mexico.

JOHN A. DAUGHERTY

JOHN A. DAUGHERTY, M.D., 1311 N. Front, Harrisburg, Pennsylvania, President of the Medical Association of Pennsylvania (Blue Shield), was recently elected President of the National Association of Blue Shield Plans at the group's annual meeting in Los Angeles, California.

Dr. Daugherty, who is Chairman of the Medical Department at Harrisburg Hospital and faculty affiliate of Hahnemann Medical College, Philadelphia, has been President of Pennsylvania Blue Shield since 1943. The national association comprises 74 Blue Shield plans with 45 million members in the United States, Canada and Puerto Rico.

At a recent meeting of the Philadelphia Chapter of the American Society of Chartered Life Underwriters Dr. Daugherty discussed economic problems peculiar to the medical profession.

HERSCHEL S. MURPHY, M.D., 320 Chestnut Street, Roselle, New Jersey, was elected President General of The National Society of The Sons of the American Revolution at the Society's 70th Annual Congress held recently in Memphis, Tennessee.

1931
ROLLIN H. SMITH, M.D., 620 W. Main Street, West Plains, Missouri, Vice-President for the State of Missouri, represented Jefferson at the inauguration of Paul Hannott Morrill as President of Park College, Parkville, Missouri, on June 4, 1960.

1932
C. EARL ALBRECHT, M.D., Deputy Secretary of Health, Department of Health, Harrisburg, Pennsylvania, was guest speaker at the 40th Annual Meeting of the Johnstown, Community Nursing Service, Johnstown, Pennsylvania. His subject was "Community Health Objectives."

Dr. Albrecht is a Fellow of the American Public Health Association and of the Arctic Institute of North America and a Diplomate of the National Medical Examiners.

1934
JOSEPH W. COOCH, M.D., 1539—44th Street, N. W., Washington, D. C. Dr. Cooch, who is a Lieutenant Colonel in the Medical Corps of the Army, presented a paper on "Sarcoidosis in the United States Army" at the recent International Conference on Sarcoidosis in Washington, D. C., sponsored by the National Academy of Sciences and the National Research Council.

(below) DR. and MRS. JOSEPH J. WEBSTER Celebrated Their 25th Wedding Anniversary as well as the 25th Anniversary of DR. WEBSTER’S Graduation from Jefferson in the Class of 1935.
1936
J. Edward Berk, M.D., 6767 West Outer Drive, Detroit, Michigan, presented a paper on "General Considerations of Gallbladder and Biliary Tract Disorders" at the Tenth Annual Post Graduate Seminar of The Mount Sinai Hospital of Greater Miami on May 14, 1960. Dr. Berk is Director of the Department of Medicine, Sinai Hospital of Detroit and Associate Professor of Clinical Medicine of the Wayne State University College of Medicine.

Ralph W. Geise, M.D., Captain (MC) USN, is Chief of Orthopedics at the United States Naval Hospital in Beaufort, South Carolina, but has orders this summer to the Physical Evaluation Board, Washington, D.C.

1939
Frank A. Perri, M.D., Colonel, USAF, MC, USAF Hospital Wright-Patterson, Wright-Patterson Air Force Base, Ohio, writes: "At the present time I am still practicing clinical ENT and Broncho-esophagology at the Wright-Patterson Air Force Base Hospital. I recently presented a paper entitled 'Stapes Manipulations and the Fenestra Nov-Ovalis in an Air Force Hospital' at San Francisco to the Society of Air Force Clinical Surgeons."

1940
John F. W. King, M.D., 600 Warren Avenue, Hohokus, New Jersey, writes: "Full time cancer control is as financially unrewarding as teaching, although it is most interesting. I'm still with the American Cancer Society's national staff (since '53), although I miss Ob-Gyne very much. Maybe we can lick this job in a few years and I can spend my declining years back in the pelvis. "I travel quite a bit, and, as luck will have it, I'll be away at the time of our Reunion."

Lindsay R. Riddle, M.D., Captain (MC) USN, is Chief of Surgery at the United States Naval Hospital in Pensacola, Florida.

John M. Willis, Jr., M.D., Colonel, MC, Senior Medical Advisor, U.S. Army Advisor Group, Korea, APO 102, San Francisco, California. Dr. Willis writes that he was unable to attend his Class Reunion since he was then in Korea, but that his new assignment for early August is at Headquarters of the Third United States Army, Ft. McPherson, Georgia.

1944
Paul Cutler, M.D., 39 S. Tallahassee Ave., Atlantic City, New Jersey, has been touring Europe for the past ten months.

1945
Commander William T. Lineberry, Jr., M.D., Qtrs. "E", U.S. Naval Hospital Beaufort, S.C., Vice-President for the United States Navy, writes: "I have been here at Beaufort, South Carolina, as Chief of Surgery for almost a year and my family and I are delighted with the duty here. We have quarters overlooking the Beaufort River, which is part of the inland waterway, and I have an outboard motor boat which I can launch from my backyard. I have recently been selected for promotion to Captain and hope to get my extra stripe soon. "We have two little girls, Libby, aged three years, and Laura, aged eight months. Laura was born here at Beaufort. "My wife Pat and I have recently become interested in art and are active members of the Beaufort Art Association. Pat was recently elected one of the Vice-Presidents, and I am on the program committee. We both do a little painting on the side and enjoy it.

"I regret that unless there are some last minute changes in plans I will be unable to attend my 15th Reunion in June. "Incidentally, if any of the Alumni are ever heading South on Rt. 17 enroute to Florida and care to detour about 25 miles, turn left at Gardens Corner via Rt. 21 to Beauford and look me up at the Naval Hospital, and I'll be glad to show them our quaint and historic city."

1946
David G. Simons, M.D., 342 Royal Oaks Drive, San Antonio, Texas. Dr. Simons writes that he has been made Chief of the Bioastronautics Branch under the Division of Space Medicine at the School of Aviation Medicine and there are presently two research projects under way in this Branch; one the Bio effects of space radiation and the second the Neurophysiological responses to the Stresses of Space Flight with particular emphasis on the "space" monitoring instrumentation. Dr. Simons is now a Lieutenant Colonel and is also the co-author of a book, released in June by Doubleday, entitled "MAN-HIGH," which tells of his record breaking balloon ascent.

1947
John J. Gaffney, M.D., 802 Hosfeld Road, Clarks Summit, Pennsylvania, has
opened an office for general practice in Throop, Pennsylvania.

Dr. Gaffney had practiced in that community from 1948 to 1951, when he entered the United States Army Medical Corps, from which he was discharged in 1950 with the rank of Major.

During his Army Service, he served in Korea and Japan and took training in Internal Medicine at Letterman Army Hospital in San Francisco and Fitzsimmons Army Hospital in Denver. After completion of this training, he was Chief of Medical Services at U. S. Army Hospital, Fort Chaffee, Arkansas and U. S. Army Hospital, Fort Jackson, South Carolina.

Dr. Gaffney is married to the former Marie F. Kane, and they have one son, who is two years old.

Robert I. Jaslow, M.D., writes that he has given up his private practice of Pediatrics in Chambersburg, Pennsylvania, to assume the position of Clinical Director of the Plymouth State Home & Training School for mentally retarded in Northville, Michigan.

1948
RALPH LEV, M.D., 222 Whittlesly Road, Trenton, New Jersey, Director of the Cardio-pulmonary Laboratory at St. Peter's General Hospital, New Brunswick, New Jersey, was the featured speaker at the Second of a series of Rheumatic Fever Conferences, held Thursday, May 26, 1960, in the Auditorium of the Perth Amboy General Hospital. He explained the "why" and "when" of heart surgery for rheumatic patients and showed films to supplement his talk.

Dr. Lev took graduate work in Pathology at Yale University, and has held Fellowships in Surgery at the Mayo Clinic and in Cardiovascular and Thoracic Surgery at Brooklyn Hospital.

1950
JAMES RIPEPI, JR., M.D., 6422 Overbrook Avenue, Philadelphia 31, Pennsylvania, passed his supplementary boards in Neurology in December 1959, and was recently appointed Chief of Neurology and Psychiatry at St. Joseph's and Methodist Hospitals.

JAMES H. WILLIAMS, M.D., 30 El Camino Real, Berkeley 5, California.

Dr. Williams has taken a law degree at the University of California and is the co-author with David W. Louisell, a Professor of Law at that College, of a book "TRIAL OF MEDICAL MALPRACTICE CASES" (Matthew Bender & Company, publishers).

1951
EARL KANTER, M.D., 2 S. Frontenac Ave., Margate City, New Jersey, was recently made a Diplomate of the American Board of Obstetrics and Gynecology. Dr. Kanter received his specialty training at Cooper Hospital in Camden, where he was senior resident and obstetrician-gynecologist. Upon completion of his residency, he opened his office in Margate.

He is a member of the staff of the Atlantic City, Shore Memorial and Mercer Hospitals. Dr. and Mrs. Kanter have two children, Blair, four, and Beth, three.

1952
ROBERT C. EYERLY, M.D., Geisinger Memorial Hospital, Danville, Pennsylvania, was recently entertained by the Centre County (Pennsylvania) Cancer Fund workers. Dr. Eyerly is working on transplanting cancerous tumors in hamsters.

His work is a result of the special gift of the Centre County Unit, in conjunction with special gifts from other Pennsylvania units, designed specially for research. His own field of special interest has been chemo-therapy—the use of chemicals to treat cancer tumors—and he said the field has come a long way in the last 10 or 15 years.

1953
WILLIAM F. X. COFFEY, M.D., 951 South West 14th Avenue, Rochester, Minnesota, recently graduated from the University of Minnesota with a Degree of M.S. in Medicine and has completed a residency in Medicine at Mayo Clinic.

The Coffey's fifth child, a boy, was born on May 31, 1960.

T. WILLIAM COOK, M.D., 206 Gourde Street, Rockford, Illinois, writes that he finished his residency in Ophthalmology at Manhattan Eye, Ear and Throat Hospital last year and also passed his Boards in Ophthalmology. In October 1959 he opened an office in Rockford.

Dr. and Mrs. Cook's first daughter, Wendy Louise, was born on April 12, 1960.

1954
HARVEY J. BRESLIN, M.D., 39 Spruce Street, Great Neck, Long Island, New York, writes:

"On July 1, 1960, I completed a residency in Ophthalmology at the New York University-Bellevue Medical Center and was then appointed to the staff of the New York University Post-Graduate Medical School, University Hospital, and Bellevue Hospital. My office is located at 36 Barstow Road, Great Neck, New York."

MILTON IVKER, Bronx Municipal Hospital Pelham Parkway and Eastchester Road, Bronx, New York.

Dr. Ivker writes that he is now completing his residency in general surgery on the head and neck service. He is not absolutely certain of his future plans but believes he will probably be at the Bronx Veterans Administration Hospital.

IRVING B. KORETSKY, M.D., 18 Wheeler Road, Lexington 73, Massachusetts, writes: "I was discharged from the Navy last July after two years of service at the Naval Air Station, Patuxent River, Maryland. I am now doing full time Pediatrics in a partnership in Arlington, Massachusetts. I practice in a Medical Building where most of the other specialties are represented.

Since last writing, I have become the father of a boy, Douglas Aaron, aged eleven months. We are living in Lexington, a residential suburban community about seven miles northwest of Boston.

EARL T. LEWIS, M.D., 1611 Jackson Avenue, Evansville, Indiana.

The appointment of Dr. Earl T. Lewis as Associate Director of Clinical Research was recently announced by Mead Johnson and Company, Evansville, Indiana, nutritional and pharmaceutical firm.

(above) DR. EARL T. LEWIS.
with initiating and co-ordinating all clinical testing of new products developed in the Mead Johnson research laboratories.

Dr. Lewis joined the Company after serving as a resident physician in Internal Medicine at the University of Mississippi Medical Center, Jackson. Prior to that he was in private practice for four years in Mendenhall, Miss., and Magee, Miss.

Dr. Lewis is married to the former Mary Sue Enoch of Memphis, Tennessee. The couple have three children.

MURRAY N. SILVERSTEIN, M.D., a fellow in medicine of the Mayo Foundation, Rochester, Minnesota, was the recipient of the Judson Daland Travel Award for special achievement as a fellow in internal medicine at the First Awards Convocation of the Mayo Foundation on June 24, 1960.

1955

EDWIN D. ARSHT, M.D., recently announced the opening of his office for the practice of medicine and surgery at 611 West Woodland Avenue, Springfield, Delaware County, Pennsylvania.

Dr. Arsh was appointed to the Staff of the Delaware County Memorial Hospital in Drexel Hill, Pennsylvania and the Haverford Hospital in Havertown, Pennsylvania. He was also appointed Medical Director of the Civil Defense Council, Springfield, Pennsylvania.

Dr. and Mrs. Arsh welcomed a daughter, Frances Debra, into their family on September 4, 1959.

BURTON S. BENOVITZ, M.D., 218 Butler Street, Kingston, Pennsylvania, recently announced the opening of his office for the practice of Obstetrics and Gynecology at 272 Pierce Street, Kingston, Pennsylvania.

1956

GERALD F. CLAIR, M.D., will open an office in State College, Pennsylvania, in August for the practice of Obstetrics and Gynecology.

J. MOSTYN DAVIS, M.D., 141 E. Sunbury Street, Shamokin, Pennsylvania, Professional Education Chairman for the American Cancer Society, was guest speaker at a free Cancer film showing on April 6, 1960, at the Victoria Theatre in Shamokin. Two films were shown: "Man Alive" and "The Other City".

THOMAS G. DAVIS, JR., M.D., recently announced the opening of his office for the practice of Internal Medicine at 12 North State Street, Ephrata, Pennsylvania.

PAUL J. DUGAN, M.D., has announced that he will begin general practice in Dubois, Pennsylvania on July 1, 1960. He will be associated with Dr. Earl E. Houck (Jefferson Class of 1938), Dr. W. A. Houck and Dr. T. C. Klein in a group practice.

Dr. Dugan has just completed a year of Neuropsychiatry at Jefferson Medical College Hospital and Friends Hospital.

Dr. and Mrs. Dugan and their son will be living at 409 West Weber Avenue in DuBois, Pennsylvania.

RICHARD L. LIPSON, M.D., 839 Second Street, South West, Rochester, Minnesota, who is a fellow in medicine of the Mayo Foundation, Rochester, Minnesota, was the recipient of the J. Arnold Bargen Award for excellent research in gastroenterology at the First Awards Convocation of the Mayo Foundation on June 24, 1960.

CAPTAIN DAVID C. SCHECHTER was one of twelve United States Air Force physicians selected to present a paper before the 35th Anniversary Congress of the Pan American Medical Association. The Congress was held May 2 to 11 in Mexico City, and was attended by delegates from twenty-two countries.

Dr. Schechter is currently serving his second year tour of duty in the Surgical Section of the 3415th USAF Hospital, Lowry Air Force Base, in Denver, Colorado.

1957

ROBERT D. AYRES, M.D., 1630 Claremont Drive, San Bruno, California, is serving a residency in Urology at the University of California Hospital, San Francisco.

JOSEPH B. HESS, M.D., 902 S. Strong Drive, Gallup, New Mexico, writes that he is still Medical Officer in charge of the Kayo Clinic (USPHS) in Gallup.

Dr. and Mrs. Hess have two children, Joseph Bradley, born July 17, 1958, and Julie Lynn, born March 4, 1960.

RONALD E. TRAUM, 395 E. Upsal Street, Philadelphia 19, Pennsylvania, a resident in Obstetrics and Gynecology at Jefferson Hospital, spoke at a recent meeting of the Philadelphia Endocrine Society. The title of the paper was: "Effects of Thyroid Hormone on the Female Reproductive System of Obese Hypothalamic Lesioned Rats."

1958

ROBERT F. CONIFF, LT. MC USNR, MAAG Taiwan, APO 63, San Francisco, California. Dr. Coniff writes that he and his wife, the former Virginia Lee Davis of Danville, Pennsylvania, are leaving their home in Bethesda about July 1 and will be in residence in Taiwan, probably in Taipei, sometime in August. While there during the next two years Dr. Coniff will be practicing general medicine with the Navy in association with the Military Assistance Advisory Group on Taiwan.

DONALD M. DILL, M.D., LT., United States Navy, after completing 24 weeks of post-graduate training in the specialized medical aspects of Aviation Medicine and flight training in single and multi-engine and helicopters, has received his Flight Surgeon Wings.

He has received orders to the North Island Naval Air Station, San Diego, California.

RICHARD J. HANRATTY, M.D., 641 Meadowbriar Road, Rochester 16, New York, has just entered General Practice at 2170 Ridge Road West, Rochester 15, New York.

Dr. and Mrs. Hanratty now have two children, Eileen, two years old, and Katherine, five months old.

JEROME L. SANDLER, M.D., Assistant Resident in Surgery, has been given a fellowship grant of $3,600 by the Arlene Dickler Grass Auxiliary Heart Association of South-eastern Pennsylvania to study cardiovascular problems for one year.
HARRY D. SNYDER, M.D., Lt., United States Navy, recently received his Flight Surgeon Wings.

Lieutenant Snyder completed the 24-weeks of postgraduate training in the specialized medical aspects of Aviation Medicine, and has flight training in single and multi-engine aircraft and helicopters.

He has received orders to the Naval Air Station, Norfolk, Virginia. His new responsibilities will include the selection and care of aviation personnel, the study of the aviator's operational problems and continued research in the ever-expanding field of aviation.

DR. JOHN A. CRAIG, JR., Class Agent for the Class of 1958, has requested that the following list of names and addresses, where known, be published so that the Class members may have news of each other and be able to contact friends if they so desire:

ROBERT F. CONIFF—U. S. Navy, M.A.A.G. Taiwan, A.P.O. #63, San Francisco, California

SKIP SNYDER—U. S. Navy, Flight Surgeon, Naval School of Aviation Medicine, Naval Air Station, Pensacola, Florida

RICHARD T. BERNSTINE—U. S. Air Force in the Pacific

DAVID R. HERR—U. S. Public Health Service, now in the Pacific

MALCOLM L. COWEN—U. S. Navy, 927 Murray Drive, Radford Terrace, Honolulu, Hawaii

JOHN K. KREIDER—Navajo Mission Hospital, Bloomfield, New Mexico

HERBERT G. HOPWOOD, JR.—Surgical Resident at U. S. Naval Hospital, San Francisco, California. Plans OB-GYN Residency next year.

EDWARD FINE—Surgical Resident at V. A. Hospital, Bloomfield, Pennsylvania

JAY A. KERN—Medical Resident at Jefferson Hospital

LEON P. SCICCHITANO—Surgical Resident at Jefferson Hospital

PETER AMADIO, JR.—General Practice in Levittown, Pennsylvania and Chief Resident at Bucks County Hospital. His address is 37 Neptune Lane, Levittown, Pennsylvania

JEROME I. COHEN—Orthopedic Resident at Charity Hospital of Louisiana, New Orleans, Louisiana

JOHN A. CRAIG, JR.—OB-GYN Resident at Misericordia Hospital, Philadelphia, Pennsylvania

ROGER H. BRODIN—Dermatology Resident at New York Skin and Cancer Hospital

HARLOW J. KOZLOORO—Medical Resident at Jefferson

ELMO J. LILLI—General Practice in Gilbert, Pennsylvania

SAMUEL RUDOLPH, JR.—U. S. Navy, M.O.Q. #934B, U. S. Naval Air Station, Patuxent River, Maryland

FRANK J. CAULFIELD—U. S. Navy, Auxiliary Air Station, Mayport, Florida (Dispensary)

NORMAN A. FOGEL—Dermatology Resident at Skin and Cancer Hospital, Philadelphia

PATRICK J. MCKENNA, JR.—Medical Resident at Philadelphia V. A. Hospital

GEORGE E. HUDOCK—Pathology Resident at Wilkes-Barre General Hospital, Wilkes-Barre, Pennsylvania

RICHARD F. FEUDALE—General Practice in Gordon, Pennsylvania

JULIAN D. FELDMAN—OB-GYN Resident at Jefferson

JOHN A. RUFFINI—General Practice in Ridge Park, Pennsylvania

JOSEPH T. ENGLISH—Psychiatry Resident at Eastern Pennsylvania Psychiatric Institute, Philadelphia 29, Pennsylvania

FREDERICK W. FLOYD, JR.—Pediatrics Resident at Children's Hospital, Washington, D. C.

GEORGE M. DECURTIS—General Practice in Wilkes-Barre, Pennsylvania

JOHN L. DUNN—Pathology Resident at Cornell. His address is 5 Rivercrest, Lyme Road, Hanover, New Hampshire

BERNARD GOODMAN—General Practice in North East Philadelphia

MELVIN HANKIN—OB-GYN Resident at Albert Einstein Medical Center, Northern Division, York and Tabor Roads, Philadelphia 41, Pennsylvania

HOWARD K. JOHNSON, JR.—Medical Resident at Philadelphia General Hospital, 34th and Curie Avenue, Philadelphia 4, Pennsylvania

DEAN MONACO—Medical Resident at N. Y. U. His address is 34-15 87th Street, Jackson Heights, New York

DOMINIC F. NAPPI—Resident (General) at St. Agnes Hospital, Philadelphia 45, Pennsylvania

FILINDO P. DI GIA COBB—General Resident at St. Agnes Hospital, Philadelphia 45, Pennsylvania

TEMPLE F. PRABHAR—Neuro-Surgical Resident at Jefferson

BLAIR L. RYDER—with Firestone Tire and Rubber Company, Harbel Plantation, Liberia, West Africa

(above) His Wife Proudly Pins on DR. SNYDER'S Newly-Won Flight Surgeon Wings.

JOHN A. CRAIG, JR.—OB-GYN Resident at Misericordia Hospital, Philadelphia, Pennsylvania

ROGER H. BRODIN—Dermatology Resident at New York Skin and Cancer Hospital

HARLOW J. KOZLOORO—Medical Resident at Jefferson
Arnold Singer—OB-GYN Resident at Albert Einstein Medical Center, Northern Division, York and Tabor Roads, Philadelphia 41, Pennsylvania
Frank R. Vanoni—Medical Resident at Hartford Hospital, Hartford, Connecticut
Richard A. Cautilli—Orthopedic Resident at Jefferson
Jerome L. Sandler—Surgical Resident at Jefferson
Vito M. Vaccaro—Psychiatry Resident at Byberry State Hospital, Philadelphia, Pennsylvania

Gino Mori—Surgical Resident at V. A. Hospital, Philadelphia, Pennsylvania
William Eliades—Medical Resident at Jefferson
Howard N. Epstein—General Practice, 2786 Princeton Avenue, Trenton, New Jersey
Joseph J. Turchi—Medical Resident at Misericordia Hospital, Philadelphia, Pennsylvania
George A. Jack—U. S. Navy, School of Aviation Medicine, Naval Air Station, Pensacola, Florida. Plans Medicine Residency at Jefferson
Warren M. Barrett—U. S. Marines, Camp Lejune, North Carolina. Plans Surgical Residency
Vernon G. Wong—Ophthalmology Resident at Graduate Hospital of the U. of P., Philadelphia, Pennsylvania
Richard C. Hedges—Surgical Resident at Graduate Hospital of the U. of P., Philadelphia, Pennsylvania
Robert A. Cooper, Jr.—Pathology Resident at U. of California Hospital, San Francisco, California

ENGAGEMENTS AND WEDDINGS

1953
Dr. John C. Herrman, Medical Arts Building, 21801 Lakeshore Boulevard, Euclid, Ohio, was married to the former Mary Pauline Murray on Friday, May 20, 1960, in Philadelphia.

1954
Dr. Barry R. Halpern, Duval Manor, Johnson and Greene Streets, Philadelphia 44, Pennsylvania, was married on May 1, 1960, to the former Arlene Joan Rudney in Philadelphia. Dr. Halpern is at present starting his final year of residency in Urology at Philadelphia General Hospital.

1955
Dr. Thomas W. Georges, Jr., 2524 W. Diamond Street, Philadelphia 21, Pennsylvania, was recently married to the former Miss Jody Williams of Mitchell Place, East Orange, New Jersey.
Mrs. Georges was graduated cum laude from Howard University. She also attended Seton Hall University and the Graduate School of the New School of Social Research.
Dr. Georges is a district director with the Philadelphia Department of Health.

The marriage of Dr. William L. Kanenson to the former Miss Marilyn Roth of Allentown, Pennsylvania, recently took place.

Mrs. Kanenson, an alumna of the Berkeley School in New York, also attended the Columbia University School of General Studies.
Dr. Kanenson, who served in the United States Navy, is presently serving an internship at Philadelphia General Hospital.

1956
The engagement of Dr. Stewart E. First to Miss Sandra Dym of Harrisburg, Pennsylvania, was recently announced.
Miss Dym is a student at Beaver College, where she is a member of Epsilon Eta Phi, national business honor society.
Dr. First is a senior resident at Philadelphia General Hospital, and a Captain with the Reserve Army Medical Corps.

1957
Dr. Gilbert S. Farfel was married on June 15 to Miss Ursula B. Feer, daughter of Herr and Frau Anton Feer of Zurich, Switzerland. The wedding took place in Scarsdale, New York.
Mrs. Farfel was graduated summa cum laude from Ohio University and is working for a Ph.D. at the University of North Carolina. They will reside in Houston, Texas, where Dr. Farfel is completing a residency at Baylor University.

Dr. Bronson J. McNierney was married to the former Jane Marie Canada June 18, 1960, in Titusville, Pennsylvania. Mrs. McNierney is a 1960 graduate of Mercyhurst College in Erie and a 1956 graduate of St. Joseph Academy, Titusville.
Dr. McNierney is now in his third year of residency in Internal Medicine at Jefferson Hospital.

Dr. Kirwin H. Stief, 158 S. Wilson Boulevard, Mt. Clemens, Michigan, was recently married to the former Miss Mary Joan Lowry of Detroit, Michigan.
Mrs. Stief was graduated from Grosse Pointe Country Day School, attended Hillsdale College, where she was a member of Chi Omega Sorority, and received her bachelor's degree from Wayne State University. She is a graduate of Harper Hospital School of Nursing.
Dr. Stief is a resident in Ophthalmology at Harper Hospital.

1958
Dr. Frank R. Vanoni was married to the former Miss Vivienne Valli on Saturday, May 14, 1960, in Torrington, Connecticut.

1959
The engagement of Dr. L. Reed Altemus, Jr., to Miss Mary Frances Olds of Akron, Ohio, was recently announced. The wedding will take place in Westminster Presbyterian Church, Akron, late this summer.
Miss Olds received the Degree of Bachelor of Science in Nursing from Ohio State University in June.

Dr. Altemus, who completed his internship at Ohio State University Hospital in July, will return to Jefferson for a residency in Radiology.

The engagement of Dr. Gaetano Francis Gumina, Jr., to Miss Lynne Mary Wolfe of Audubon, New Jersey, was recently announced.

Miss Wolfe is a graduate of the Jefferson Medical College School of Nursing.

Dr. Gumina recently finished his internship at Jefferson Hospital.

Dr. Terrence Joseph Thomas was recently married to the former Miss Jo Ann Crawford of Ebensburg, Pennsylvania.

Mrs. Thomas is a staff nurse at Conemaugh Valley Memorial Hospital. She is a graduate of Central Union High School of El Centro, California, and of the Conemaugh Valley Memorial Hospital School of Nursing.

Dr. Thomas has just completed his internship at Memorial Hospital.

1960

Dr. Charles W. Balaicuis, was married to the former Eunice Ruth Heacock on June 4, 1960, in Flourtown, Pennsylvania. Mrs. Balaicuis is a graduate of Springfield High School and of the Chestnut Hill Hospital School of Nursing and is now a registered nurse.

Dr. Balaicuis is serving his internship at Mt. Sinai Hospital of Greater Miami, 4300 Alton Road, Miami Beach, Florida.

Dr. David A. Ginns, was married to the former Joyce Rosalie Basch, on June 19, 1960, in Scranton, Pennsylvania. Mrs. Ginns was graduated from the Pennsylvania State University and is an audiologist at Jefferson Hospital, Philadelphia.

Dr. Ginns is presently serving his internship at Jefferson Hospital, Philadelphia.

Dr. Louis H. Sweterlitsch, Jr., was married to the former Rachel Evans Gilmore on Saturday, June 18, 1960 at St. John’s Church in Philadelphia. Mrs. Sweterlitsch, Jr. is a graduate of the Franklin School of Science and Arts.

On July 1, Dr. Sweterlitsch began his internship at Mercy Hospital, 1400 Locust Street, Pittsburgh 19, Pennsylvania.

BIRTHS

1954

Dr. and Mrs. Marvin Dannenberg, 1349 President Street, Brooklyn, New York, announce the birth of a son, Mark Edward, on May 23, 1960.

1956

Dr. and Mrs. Robert N. Cottone, 806 West State Street, Trenton 8, New Jersey, announce the birth of a son, Robert Neil Rosario Cottone, on June 25, 1960.

Dr. Demmy is on the Neuropsychiatry Staff of the United States Naval Hospital, Philadelphia.

Dr. and Mrs. Richard Lewis Lipson, 839 Second Street, North West, Rochester, Minnesota, announce the birth of a son, Jonathan Mark, on March 29, 1960.

In September, Dr. Lipson will complete his fellowship training in Internal Medicine at the Mayo Clinic, after which he will serve two years in the United States Air Force.

Dr. and Mrs. Robert M. Pearl, 3432 Southern Oaks Boulevard, Apt. C, Dallas 16, Texas, announce the birth of a daughter, Helaine Beth, on May 23, 1960.

Dr. Pearl is a Resident in Oto-Laryngology.

1957

Dr. and Mrs. George H. Reichling, 1249 School Lane, Rydal, Pennsylvania, announce the birth of their second son on May 21, 1960.

1958

Captain and Mrs. Henry Clair announce the birth of a daughter, Beth Ellen, on April 14, 1960.

Captain Clair is stationed at the Air Force Hospital, Scott Air Force Base, Belleville, Illinois.

Dr. and Mrs. Bruce C. Lushbough, 481 Oaklawn Avenue, Apartment A, Chula Vista, California, announce the birth of a daughter, Kathryn Diane, on April 17, 1960, in San Diego, California. The Lushboughs also have a son, Bruce, Jr., who is a year old.
Twelfth Annual Giving Fund Drive

HONOR ROLL OF DONORS

During the 12th Drive the following loyal alumni, faculty members and friends contributed a total of $128,093.00 to Alumni Annual Giving. Of the 6,495 living alumni with known addresses 3,184 were contributors, making our percentage of participation 49.0%. Contributions to Jefferson through the American Medical Education Foundation totaled $9,346.24.

To all we wish to express our thanks.
