Number 3

Mrs. Joseph J. Mulone, Executive Secretary
Alumni Office of The Jefferson Medical College
1025 Walnut Street, Philadelphia 7, Pa.
ON Friday, June 16, 1961, at its 137th Commencement Exercises, Jefferson Medical College awarded its 20,000th degree of Doctor of Medicine. Its recipient was Doctor Arthur N. Meyer, of Wilkes-Barre.

President Bodine stated in his convocation address that the conferring of this 20,000th degree marked another national "first" for Jefferson. He pointed out that the graduation of the 167 members of the Class of 1961 increases Jefferson's living Alumni body to over 6,627, the largest number of practicing physicians of any medical college in the United States.

Following the Academic Processional and the Invocation, President Bodine opened the ceremonies, which this year were held at the Academy of Music, by welcoming the guests and describing briefly the Class of 1961.

"A little over four years ago", he said, "we received 1,754 formal applications from senior college students desirous of obtaining their medical education at Jefferson. After the most careful evaluation by our Admissions Committee, based on proven abilities and expected potentials, 178 of those applicants — or about 10 percent — were admitted to the Freshman Class in 1957. They represented some 76 different colleges and universities and came to Philadelphia from 17 states.

"Since that time, 13 members of the class have failed or withdrawn, and two new members were admitted at the end of the second year, so that today we are graduating a total of 167 doctors of medicine — of whom 52 have Jefferson relationships — together with seven candidates who have successfully completed their graduate course in the medical sciences."

After telling the assemblage of our record number of graduates, Mr. Bodine pointed out that the "quality of Jefferson's contribution to humanity must continue to be our primary objective."

"Medical Education in the United States," he said, "as in all progressive nations of the World, has made tremendous advances in recent years and today our medical schools have as their three-fold challenge the training of the physician; the seeking of new knowledge; and the caring of the sick. It follows that the quality of this education and research determines the standard of medical care which the men, women and children of America and the free world will receive. In order to meet our fair share of that three-fold challenge which now confronts all those concerned with medical education, Jefferson has undertaken a $40,000,000 development program which is destined to meet her requirements for new and rehabilitated physical facilities through the end of this century. We will need the cooperation and assistance of all those assembled here this morning in addition to all other friends of Jefferson, if we are to fully realize the objectives of that program."

Mr. Bodine spoke of the gratification which lies ahead for the members of the Class of 1961 in their opportunity to work intimately with fellow human beings and to use their knowledge and skills to create happier and healthier lives.

"But”, he concluded, "Jefferson will not be satisfied that you have fully carried on her great tradition if you are merely to gain distinction as a Doctor of Medicine. For in addition to being charged with the physical health of your fellow men, you are also, as citizens of the United States, obligated to take a leading role in the civic welfare of your community, state and nation. The challenge of society is such today that a citizen must prove himself highly competent in both his profession and his grasp of world events if he hopes to realize success.

"Jefferson will follow your careers with much interest; she will rejoice in your success as practicing physicians, researchers and teachers; and will watch your progress and contributions as citizens. Indeed, Jefferson's progress in the future will be your progress."

AT the request of the graduating class, Dr. John H. Gibbon, Jr., Samuel D. Gross Professor of Surgery and Head of the Department, led the graduates in repeating the Oath of Hippocrates, after which Dean Sodeman presented the candidates for Degrees.
DR. SODEMAN also awarded the following prizes to members of the Class of 1961: to Dr. John Very Bennett, The Henry M. Phillips Prize in Medicine, the Obstetrics and Gynecology Prize, the Pediatrics Prize and the W. B. Saunders Company Prize; to Dr. Robert Wolf Solit, The Henry M. Phillips Prize in Surgery and one of The C. V. Mosby Company Prizes; to Dr. Jerry Dewitt Harrell, Jr., the Surgery Prize; to Dr. Kenneth Marshall Given, the Clinical Surgery Prize, the William Potter Memorial Prize, the Alumni Prize and Honorable Mention for the Urology Prize; to Dr. Frederick Arthur Dodge, the Solomon Solis-Cohen Memorial Prize, the Lowell Ashton Erf Prize, The Edward J. Moore Memorial Prize in Pediatrics and Honorable Mention for the Albert Strickler Memorial Prize; to Dr. Gerald Salen, The Henry Keller Mohler Memorial Prize; to Doctors Jay Shickley Barnhart, Emilio Anthony Roncace, Jack Charles Sabo and Jerome Spivack, The C. V. Mosby Company Prizes; to Doctors Lewis Hilliard Dennis and Jack Krauss, the American Psychiatric Association Prize; to Dr. Norman Richard Robinson, the S. MacCuen Smith Memorial Prize, with Honorable Mention going to Dr. Herbert Igor Moselle; to Dr. Harlan Dale Sponaugle, The Carroll R. Mullen Memorial Prize in Ophthalmology; to Dr. Karl Robert Herwig, The Pascal Brooke Bland Memorial Prize, with Honorable Mention going to Dr. Robert Ralph Conte; to Dr. Jerome Spivack, the Gynecology Prize with Honorable Mention going to Dr. James Shields Harrop; to Dr. William John Antognoli, the Orthopedic Surgery Prize; to Dr. William Anthony Wimsatt, the Urology Prize and to Dr. Charles Edward Lutton, the Albert Strickler Memorial Prize with an Honorable Mention going to Dr. Joseph Harold Rosen.

DEAN SODEMAN then announced that this year two new awards were to be given.

"The Christian R. and Mary F. Lindback Foundation", he said, "through its Trustees, Miss Frances E. Paulson, Mr. Jesse S. Bloom, Mr. Morris Duane and the Fidelity-Philadelphia Trust Company, has made available the Christian R. and Mary F. Lindback Award for distinguished teaching. This award is given to Faculty members 'in recognition of distinguished teaching performed by the recipients during the present college year.' The first award to a senior Faculty member for outstanding leadership of the faculty in curriculum changes, I am proud to present to Thaddeus L. Montgomery, M.D., Professor of Obstetrics and Gynecology and Chairman of the Department. The second award, to a junior Faculty member is given in recognition of his addition to the Jefferson curriculum of
the newer advances in his field of medicine and his outstanding ability in teaching them — to John W. Goldschmidt, M.D., Associate in Physical Medicine.”

HONORARY Degrees were then conferred upon Dr. Louis H. Clerf, Class of 1912, Professor of Laryngology and Broncho-Esophagology, Emeritus; Dr. William H. Kraemer, Class of 1906; Associate Professor of Oncology and General Alfred M. Gruenther, United States Army (Retired), President, the American National Red Cross.

Dr. John H. Gibbon, Jr. read the Citation presenting Dr. Clerf for the Honorary Degree of Doctor of Letters. Dr. Clerf became Professor of Broncho-Esophagology in 1930, succeeding Dr. Chevalier Jackson as Head of the Department, and in 1934, following the retirement of Dr. Fielding O. Lewis, he was also appointed Professor of Laryngology. Under his leadership, the Broncho-Esophagologic Clinic achieved international fame and Dr. Clerf became the outstanding laryngologist in the Americas. The esteem in which he is held by his colleagues is evidenced by the fact that he has been President of the American Broncho-Esophagological Association, the American Laryngological Association, the American Laryngological, Rhinological and Otological Society, the Pennsylvania State Medical Society, the Philadelphia County Medical Society and The Alumni Association of Jefferson Medical College. Dr. Clerf was cited not only for his scientific attainments but for those “Qualities of mind and heart which make a truly great physician.”

THE citation presenting Dr. Kraemer for the Honorary Degree of Doctor of Science, was read by Mr. James M. Large, Chairman of the College Committee of the Board of Trustees. In it, Dr. Kraemer’s distinguished career was traced from his graduation from the College of Pharmacy in New York and Jefferson Medical College, through his active and successful practice in Wilmington, Delaware, to his present position as Director of the Elizabeth Storck Kraemer Memorial Foundation for Cancer Research. This Foundation, which has now been in existence for thirty-three years, was originally financed by Mr. Pierre S. duPont and his brother, Mr. Lammot duPont, and is now supported by the Estate of Pierre S. duPont, Mr. Lammot duPont Copeland and the Longwood Foundation. The Citation praised Dr. Kraemer for having given unstintingly of his time, money and effort to further the objectives of the Foundation which are the care of cancer patients and the furtherance of knowledge regarding the cause, nature and treatment of the disease.
Mr. Percival E. Foerderer, Chairman of the Board of Trustees, read the Citation presenting General Alfred Maximilian Gruenther for the Honorary Degree of Doctor of Humane Letters. In it, General Gruenther's career was described as personifying the traditional role of a professional military leader in this country, providing an inspiring example of devotion to duty.

General Gruenther was graduated fourth in his Class from the United States Military Academy at the end of the First World War and his career progressed steadily until, in 1951, he was advanced to the Country's highest military rank of full General. From 1953 to 1956 he served with distinction as Supreme Allied Commander in Europe and, upon completion of that duty, retired from active military service. In 1957, however, he accepted the appointments as President of the American Red Cross and for the past four years, in his role as a humanitarian leader, he has visited Red Cross installations in every part of the Free World.

The Citation stated that General Gruenther was being honored by Jefferson for his leadership in advancing the objectives of United States and her Allies and further stated that "America can be grateful that his talents for planning and leadership, which contributed so markedly to our victory in War, are now dedicated to such humanitarian goals."

General Gruenther delivered the Commencement Address to the Class of 1961 and its keynote was the importance of our projecting an image which is not one of materialism among the countries of the world. He said that it appears that some individuals, even in the United States, believe that we are more intent on material things than in concentrating on matters of national interest.

"You", General Gruenther told the graduating class, "are going to be able by reason of your leadership positions in the community, to do a great deal to inspire younger people to have philosophies which are not materialistic.

"And, in the event that there is any doubt in your minds as to the necessity for it, let me tell you that we are in an implacably serious contest, with great hostility toward our way of living and, unless we are very alert and very dedicated, we could come in second in a contest for which there is no second place prize."

He spoke of his impressions, while traveling in the Soviet Union, of the discipline that exists there and he said that it seemed to him that what we are going to have to do is, without altering our society, to be able to put life into the concept of the individual, which means that we have to make individual responsibility a real thing.

He added that we must get to know more about the world in which we live. "We have to know more about other peoples and their cultures and their traditions. Because it makes no difference how strong we are going to

General Gruenther Given Honorary Degree of Doctor of Humane Letters. Dr. Ramsay Adjusts his Hood.

be in a military sense; if we lose a large part of the uncommitted peoples of the world we 'have had it', no matter what we have in this way of our arsenal to carry on military strength.

"The population of the world now is 2,900,000,000 and about half of that number are living under substandard conditions. I noticed this morning a man from India graduated here. In his country, which has a population now of 435,000,000 people, there is an income of $58 per person per year, as against ours, which is the highest in history, $2,300 per person per year. When you have that degree of difference the chances of misunderstanding and jealousy and envy are very, very great, and it is going to require great wisdom and sympathetic consideration for us to be able to deal with this situation, and bear in mind that because of this proposition, if they should go over to a totalitarian form of government we would be in real difficulty."

General Gruenther said that he might be regarded, rightfully, however, as an optimist, since he said that he has faith in our religious civilization and the concept of the dignity of the individual which stems from that doctrine.

"You are coming out at a very challenging time", he concluded. "You are coming out at a time when occasionally you may think that the hero of the day is the man who is clutching a rocket in one hand and a satellite in the other; that the physical sciences have taken over. But I am sure that in your more deliberate moments you know that that is not the case. You are going to play an extremely important part in the future, and what I am hoping — and I am sure you will do it when you get the time to cogitate — is that you will be able to exercise your full influence, even beyond the medical field, in helping to develop this sense of individual responsibility and this wider knowledge of world problems."
As has been his custom in past years, Dean Sodeman entertained visiting Alumni, Faculty members and guests at a luncheon following the Alumni Day Clinics on June 15, 1961. This year McClellan Hall was filled to capacity and among the guests was a group of some twenty members of the Graduating Class with their Fathers who are Jefferson Alumni.

After welcoming the guests, Dean Sodeman introduced those at the Head Table: Chairman of the Board of Trustees, Mr. Percival E. Foerderer; Mr. Brandon Barringer, a member of the Board; J. Warren Brock, Esquire, Secretary of the Board; Mr. William W. Bodine, Jr. President of the College and Hospital; Dr. Robert B. Nye, Associate
Dean; Dr. Samuel S. Conly, Jr., Assistant Dean; Mr. A. C. Eglin, Jr., Controller and Dr. Ellsworth R. Browneller, Medical Director of the Hospital.

He then gave special recognition to Dr. Louis H. Clerf, Professor of Laryngology and Broncho-Esophagology, Emeritus and said that, unfortunately Dr. Thaddeus L. Montgomery, who will become Emeritus Professor of Obstetrics and Gynecology on July 1, 1961, was unable to be present.

Dr. J. Rudolph Jaeger, Professor of Neurosurgery; Dr. S. Dana Weeder, Clinical Professor of Surgery; Dr. Harold L. Goldburgh, Clinical Professor of Medicine and Dr. Harry L. Rogers, Assistant Professor of Clinical Medicine. Dr. George B. German, Assistant Professor of Clinical Obstetrics and Gynecology, had been unable to be present at the luncheon. Dr. Sodeman then asked the fathers and sons to rise and pointed out that three generations of Alumni were represented in the Evans family: Dr. J. Lawrence Evans, Class of 1910; his son, Dr. J. Lawrence Evans, Jr., Class of 1937 and Dr. J. Lawrence Evans, III, Class of 1961.

Since most of the Reunion activities had taken place on the previous day, the guests lingered in McClellan Hall after the luncheon, chatting with Faculty members and other Alumni.
Many Alumni Return for Annual Banquet

William Potter Wear Speaks for Board of Trustees

At six o'clock that evening, visiting and local Alumni, Faculty members, Seniors and guests gathered at the Benjamin Franklin Hotel for cocktails and the Annual Banquet.

Dr. John B. Montgomery, President of the Alumni Association, presided at the Annual Banquet and, after welcoming the guests, expressed his gratitude for the honor of his election to the presidency.

He greeted the Class of 1961 and announced that all of the members had joined the Alumni Association and said that this evening they were having their first real opportunity to observe the enthusiasm, spirit and loyalty which characterized the "Jefferson family".

Dr. Montgomery read a telegram of best wishes from Dr. Anthony Ruppersburg, Vice President for the State of Ohio, on behalf of all those Alumni in his State who were unable to be present.

He announced that over 600 Alumni and guests were present in the Banquet hall and that of these, 88 were guests of subscribers to the "Pool Fund" whose generosity makes it possible for our Residents and Interns to attend this Dinner.

Dr. Montgomery then paid tribute to the "Old Guard". "Men in this age group", Dr. Montgomery said, "who have been in the practice of medicine for many years represent something even over and above their spirit and devotion to Jefferson. They represent the ideals of the free practice of medicine in this country. They are the men and the generations before them who have given service to the people of this country, and by virtue of this service, we, or you, younger men, enjoy the free practice of medicine in the United States."

He then introduced Dr. Leighton F. Appleman, Class of 1897; Dr. Charles J. Stybr, Class of 1900; Dr. Francis W. Langstroth, Class of 1901; Dr. Samuel M. Beale, Class of 1902; Dr. G. Harvey Severs and Dr. T. Lamar Williams, both of the Class of 1905; Dr. L. D. Miller, Class of 1906; Dr. C. C. Leydic and Dr. Marshall C. Rumbaugh, both of the Class of 1908 and Dr. Clarence R. Farmer, Class of 1909.
D. MONTGOMERY then introduced those seated at the speakers' table, and asked the Chairman of the Board of Trustees, Mr. Percival E. Foerderer, to say a few words to the guests.

Mr. Foerderer paid tribute, on behalf of the Board, to the "Old Guard" and, also on behalf of the Board, extended congratulations and best wishes to the class of 1961.

He then introduced the speaker for the Board of Trustees, Mr. William Potter Wear, who, Mr. Foerderer said, is known to his many friends as "Potter". He pointed out that Mr. Wear's family has given valuable service to Jefferson over a period of 67 years. His grandfather, for whom he is named, was elected to our Board in 1894 and was President at the time of his death in 1926. Mr. Wear's father, Joseph Wear, became a Board member in 1931 and served until his untimely death in 1941. In this year, Potter Wear was elected to membership and serves as a member of our College Committee.

Mr. FOERDERER said that following his graduation from Yale in 1925, Mr. Wear has been active in many areas of education and public service. He has been publisher of a group of weekly newspapers and, from 1938 to 1941, was Chairman of the Educational Board of Public Assistance in Harrisburg. He has served for many years as a Director of the Pennsylvania School for the Deaf and at Fife-Hammill Memorial Hospital. He has also been Secretary of the Charity Ball for a number of years. From 1941 until 1945 he was on active duty with the Navy.
"Unfortunately", Mr. Foerderer said, "Mr. Wear suffered a coronary in 1951 and, upon the advice of Jefferson physicians, he was required to lighten his activities which had to do with special publication work. At that time, his avocation, namely animal breeding, became his vocation to which he has devoted a great deal of interest and time over the past ten years and I am hoping we may hear something about that aspect tonight, for it is most interesting".

After congratulating the Class of 1961, and wishing all Jeffersonians the best of luck, Mr. Wear said that while he realized the difficulties of a layman talking to a group of doctors, he had decided to "undertake the dubious task of asking you a few questions about yourselves and your profession".

"MY first question", Mr. Wear said, "is 'why do so many of you doctors pay so little attention to diet?' Now I know that all through medical school and in your practice you are concerned with the curing of the sick and have very little time to spend on prevention of diseases and when the average layman asks you about diet, you generally answer 'Eat a balanced diet'. But to an animal dealer, the words 'Eat a balanced diet' are not the answer to health. Livestock dealers know that the so-called 'balanced diet' is not enough. It also depends on how and where the food is raised. Ranchers, breeders and farmers have discovered that there are certain trace minerals which are highly important to livestock health. These minerals: cobalt, manganese, iodine, copper, iron, zinc, etc. are needed in only minute amounts but they seem to act as catalysts in the human body. Could some of your patients have been suffering from a mineral deficiency for quite some time? Now, some of the most successful cattle raisers test all the in-
ingredients in their feed, including hays, for protein content, mineral content, total digestible nutrients, etc. Most animal dealers feel that many diseases, particularly the degenerative types which plague the declining years, are the end result of long term dietary deficiency. I ask you to consider, could the same be true of humans?“

Mr. Wear’s next question was "Does the medical profession pay enough attention to the sprays that are used on foods today?" He pointed out that a number of hematologists at Mayo Clinic have expressed the view that DDT and sprays containing it can cause various blood disorders which may even be fatal. He suggested that in purchasing sprays, one should be careful to read the label and carry out the instructions exactly, although he questioned the possibility of measuring the dose of an aerosol spray. He also stated that other substances making up our national diet, such as additives, stabilizers, coloring matters, etc. may have dangerous side effects.

Mr. Wear then discussed the civic responsibility of the physician, pointing out the importance of voting for councilors, commissioners, school board members and — above all — for local committee men and women, since he feels that persons holding these offices have a profound effect on the type of Government we have.

"AND now", said Mr. Wear, "for my last subject. At the outset let me state that no one could believe more than I do in the dictum of Thomas Jefferson—namely, that the best government is the least government. But, as one who spent a great part of his life connected with newspapers, I also believe in being realistic. Today the youth of America is looking for security. The majority of the young coming out of school and college look for jobs that promise security, good pension plans, etc. and only a small percentage are willing to go out on their own without such inducements. The whole nation has been infected by the virus of government help; in other words, the protection from the cradle to the grave. What I am leading up to is the question — 'Who is going to control medicine in this country?' The bureaucrats are those interested primarily in the alleviation or prevention of sickness or pain. Let us see for a minute how the general public looks at a doctor; some people regard him as just below the Almighty and others see him at the very opposite end of the scale. Most people place him somewhere between these two extremes.

"In this 20th century no one has enough time and it is certainly the age of specialization. Specialization, as the word implies, is looking at a part and not at the whole. I feel strongly, even though many or most of you may become specialists, that it is essential that if you wish to keep the confidence of the American people, you must think and act as general practitioners. The old family doctor treated not only the patient but the family as well. He was regarded as probably the most important family friend. If the medical profession can regain such a position in the eyes of their countrymen, you may be able to hold your influence over the course of medicine. Otherwise, socialized medicine will rule the day. The decision is in your hands; individually and collectively you will decide who shall dominate medicine — the bureaucrat or the family doctor."

AFTER introducing the members of the Executive Faculty present at the Dinner, Dr. Montgomery presented President Bodine.

"Coming on the eve of Commencement", Mr. Bodine said, "these Alumni Banquets are always one of the most important highlights of the year. But this evening's gathering is especially significant, for your 1961 reunion finds Jefferson on the eve of recording still another national "first" in medical education.

"Tomorrow Jefferson will grant its 20,000th M.D. Degree. The ninety-first student in alphabetical order will have the honor of accepting that historic degree. He will personalize Jefferson's unparalleled contribution to physician needs in the long line that reaches back to George Baldwin, a Pennsylvanian, who on April 14, 1826, received our first M.D. Degree.

"Thus, every Jefferson graduate who made up the preceding 136 classes has contributed equally to this latest distinction.

"And so it is most appropriate that as we welcome graduates from the 5-, 10-, 15-, 20-, 25-, and 50-year classes, we hail 1961 as a worthy successor to those that have gone before."

Mr. Bodine then spoke of the indispensable role played by Jefferson's founder, Dr. George McClellan.

"CERTAINLY anyone who teaches medicine or practices medicine," said Mr. Bodine, "much less founds a medical college, must have a sense of humanity and history. McClellan had those values, plus initiative, inspiration, and optimism. I never cease to marvel that McClellan was only 29 years of age when he founded Jefferson and that he was already a widely known surgeon.

"But I am more impressed with his burning sense of urgency. Stated negatively, it would be this: McClellan's many qualities as a man of destiny did not include patience. Stated positively, it would be this: McClellan was too close to the problems of medical treatment to believe that medical education could wait.

"We all know that he obtained our charter by the in-
Nine Members of the "Old Guard" were present at the Dinner

*genious device of setting up in Philadelphia the medical faculty of Jefferson College, then in Canonsburg, Pennsylvania, and now functioning as the Washington and Jefferson College in Washington, Pennsylvania."

"This was June, 1824. What had he beyond a charter? He had no alumni, no cash reserves, no endowment, no building, no wealthy patrons. But happily he did have that burning sense of urgency.

"Certainly he had prudent associates who advised a period of planning, a period of fund raising, a period in which a building could be erected or a suitable structure obtained to house the projected college.

"But in June, 1824, he had no patience with long delay.

"Hence, some eight months later, March 8, 1825, McClellan opened the Jefferson Medical College in a rented and hastily renovated theater in Society Hill. Was the site ideal for his long-range goals? Definitely not. But practical for immediate medical education it most certainly was. And in 1826, Jefferson granted the first 20 of those M.D.s which have now reached the record total of 20,000."

Mr. Bodine then considered the importance of McClellan's not having waited until all conditions were propitious for the opening of a medical school. He pointed out that had Jefferson not granted its first degree in 1826, it is very possible that some other medical college would have been the first to confer its 20,000th degree.
He also questioned whether some of our distinguished Alumni, such as Samuel David Gross, for example, would have matriculated at Jefferson had it opened at a later time.

Mr. Bodine then related his remarks regarding Jefferson's beginnings with our present situation and our future plans.

"LAST year at this Banquet," he said, "I made the first mention of our development program. Tonight, as you know, that $40,000,000 program is publicly announced and under way.

"On that occasion, I ventured the hope that our expansion could be completed by 1975 for our sesquicentennial. Tonight, in conformity with McClellan's sense of urgency, I say that it must be in full operation before 1975!"

"This evening it would be inappropriate of me to ask for contributions, vital as they will be to the one third or approximately $13,000,000 of the $40,000,000 total we must raise in a national fund raising campaign. You can be sure, however, that no one will be denied an opportunity to make a thoughtful capital contribution to assist Jefferson in realizing that challenging objective at the earliest possible time.

"But I am asking for assistance almost as vital as funds. I am asking you most urgently to tell the story of Jefferson's deeds and needs to your friends.

"Tell your friends that Jefferson, the first American Medical College to reach 20,000 M.D.s will not rest on past glories; that Jefferson seeks to expand its research programs and to enlarge its enrollment for a still greater contribution to physician needs; that Jefferson will triple its physical facilities in order to provide, among other goals, residential units for single and married medical students; that our carefully conceived development program has been devised by our Dean and Faculty in order to meet Jefferson's needs through the end of this Century. Do this and we cannot fail.

"We have utilized the printed media, television and radio to publicize our development program, but word of mouth circulation of our message by men who enjoy your prestige in your communities will be even more effective.

"MATCH the fervor of our 1826 graduates in circulating the story of the infant Jefferson, and the future Jefferson we seek will be operating before 1975!"

"Let's remember that Philadelphia was the admitted center of leadership in our nation when it was young — not only in medicine, but in politics, law, finance and other professions. It is certainly within our power to bring again to Philadelphia — and to Jefferson — that mantle of lead-
ership if we are really determined to do so. We must believe that here we can shape the future, break new ground, and lead the way for all of medical education to follow.”

Dr. Montgomery then presented Dean Sodeman, who spoke of our pride in the Class of 1961, not necessarily because of our 20,000th graduate’s being one of its members, but because the Class represents quality in medical education. Dr. Sodeman stated that the most important standard of excellence is that established through National Board examinations and said that this Class had done very well, ranking in the first four in the country.

He discussed the problem of the decrease in applications which has been brought about by the opportunities presently existing in engineering, physics and electronics, but he said that the quality of our freshman Class is excellent and that we have reason to be proud of our student body.

“There are a number of things,” Dr. Sodeman continued, “that will tell you of the interest and concern of our students in medicine generally. This year, for example, we have more students interested in research than we have ever had. We have had 96 students this year who have taken jobs in medical research projects. This does not mean that we expect all these boys to go into medical research, but it does mean that this group of 96 will be able to evaluate what comes their way in terms of treatment and in terms of techniques regarding a patient and they will be able to do this with the critical sense which those who have participated in research can do.”

Dr. Sodeman pointed out, however, that while the quality of our students is improving, there are attendant problems, since the bright boys are not always those who have money, and support for these students is important. He said that in 1958 and 1959 twelve loans and scholarships, totaling $14,600, had been granted while in 1960 we had given 73 in the total amount of $55,475. He said that support for these academically outstanding, but needy, students will probably come partly from Federal sources, from county and state medical societies and, since the American Medical Association is concerned with this problem, it is to be hoped that funds will be forthcoming from the medical profession rather than wholly from Government help.

“A Medical School,” Dr. Sodeman said, “is represented by three things: by students, by a faculty and by a library. I told you the quality of our students is going up. We have the best library of any medical school in Pennsylvania. We have a faculty that’s getting better all the time. Our faculty can be measured, I think, somewhat in terms of our research activity. One may say that research is disassociated
from teaching, but this is not true. Those who are concerned in the fundamentals of medicine are concerned with the teaching of medicine and these are so intertwined that one cannot separate them. We can use research as a measure of the quality of our faculty and I want you to know again that in this respect we are improving remarkably.

"In 1957, for example, we had only 47 active, solid, research projects going on in Jefferson Medical College. Today we have 127. We have increased our research activities 174.4% since 1957-58. This shows some of the academic progress that has gone on in the last few years and much of this progress has taken place during the past year. This is one of our fundamental gains and represents the real academic fibre of Jefferson."

DEAN SODEMAN then analyzed the importance of the fact that Jefferson is graduating its 20,000th doctor.

"Medical practice in the United States," he pointed out, "is represented by patient care and at the present time this care is dispensed by more Jeffersonians than any others. These new seniors have to accept the responsibility that is confronting them in entering this select group of Alumni who have the greatest responsibility of any group in this Country and, I think, in the World today."

He said that while we have this distinction of being the largest Alumni body, we must plan to increase our size since by 1975 the Country will need 4,500 more graduates in medicine and to reach this goal, all medical schools will need to participate.

"Jefferson also," he continued, "must expand to some degree. With better students, better faculty and our need for larger classes, we must have space — square footage for teaching and research activity. We need it now — we needed it last year — and we cannot wait until 1975 to obtain it. Jefferson cannot afford to remain static; we must move forward.

"We needed a basic science building yesterday — not tomorrow or in 1963 — and we're going to operate under a handicap until we have it. Any Jeffersonian who does not help in accelerating this development program, particularly in making this basic science building a reality, is hurting Jefferson."

He pointed out that considerable progress has been made in the recent past; that our Pathology Research Laboratories are under way; our Cardio-pulmonary Laboratory is in operation as are the Cardeza Foundation and Dermatology Laboratories.

Dean Sodeman then reviewed some of the new developments at the College in the past year; such as the reorganization of the Division of Physical Medicine and the addition of the cancer research laboratories under the Eleanor Roosevelt Foundation, with Dr. Philip J. Hodes, Professor of Radiology and Head of the Department, having been put in charge of them.

He then discussed our development in the field of continuing education as a further aspect of Jefferson's progress.

"We are now", he said "taking the frontiers of medicine to all those in practice whom we can reach. Part of this program is being carried on in cooperation with the Pennsylvania State University but, otherwise, we are doing much as well. The Department of Psychiatry, for example, has educational courses going on throughout the State for those in general practice and in the past year we have had a number of pilot programs in general medicine in various communities where the doctors practicing attend from one to six conferences during the year to help their status in medicine."

He stated that Jefferson is in the foreground among medical schools in continuing education and that we mean to maintain this position. He pointed out that funds for our continuing education programs have to come from outside sources and that we have been successful in obtaining such monies without appealing to our Alumni for aid in this respect.

"We need money from you gentlemen, however," he concluded, "for other fundamental things at home, if we can get it. We want your help; we want your support and we want you to know that the academic aspects of Jefferson are on the move and that we are going to continue to progress."

AT the request of Dr. Montgomery, Dean Sodeman then presented the Fifty-year Lapel Button to Dr. Francis F. W. McNamara and the Fifty-year Certificate to Dr. Edwin C. Boyer, as representatives of the Class of 1911.

Dr. Montgomery then called Dr. John H. Gibbon, Jr. to the podium and presented him with a gavel commenrating his term, just ended, as President of the Alumni Association. Customarily, this gavel would have been presented to him at the June 1960 Dinner but Dr. Gibbon was ill at the time and unable to be present.

Dr. Montgomery introduced Dr. George Willauer, Class of 1923, President-elect of the Alumni Association and then paid special tribute to each of the Reunion Classes and to their Class Agents.

Dr. David K. Subin, President of the graduating class, then spoke for its 167 members and briefly reviewed the history of the Class of 1961. He told of their "baptism by fire" in Anatomy courses as Freshmen; the "volume" which characterized their Sophomore year and, in their Junior
year, the difficulty of translating academic medical and surgical knowledge to live patient care.

In speaking of their Senior year, Dr. Subin said “It was during that year and in the final stage of our medical labor that we began to feel worthy of our approaching birth into the field of medicine. We have also, in this year, begun to understand the wisdom behind the satire of Voltaire when he said ‘Doctors are men who prescribe medicine of which they know little; cure diseases of which they know less and deal with human beings of whom they know nothing.’”

He spoke enthusiastically of the changes which have occurred in the College during the past four years.

“‘There is,’” he said, “‘a candid awareness that we are moving ahead toward the time when Jefferson will again become the epitome of medical learning in the United States. I believe that the new enthusiasm is a true reflection of the sincere efforts of the Administration and Faculty to provide future Jeffersonians with the finest medical education attainable. I also believe that it is appropriate for us, as green graduates, to pause before we plunge into the practice of medicine to consider those people in our lives who have made our careers possible, and to whom we are deeply indebted. To our teachers we owe a debt we cannot hope to repay. They have given of themselves intellectually and contributed to our accumulation of knowledge and, what is more, most of them have done this at considerable personal sacrifice. To our predecessors we are indebted for the progress they have achieved in our profession and to their preservation of the high standards and ideals that are traditional in medicine. To our classmates we owe credit for having provided rigorous competition which continues to make our system of medical education the best in the world. Above all others, we are most deeply indebted to our parents. None of us could begin to enumerate the sacrifices our parents have made that we might have the privilege of studying medicine. To them and to the devoted Faculty of Jefferson we owe our heartfelt and everlasting gratitude.’”

Dr. Subin then presented the following Certificate from the Class of 1961 to Dr. Thaddeus L. Montgomery, Chairman of the Department of Obstetrics and Gynecology, who, on July 1, 1961 becomes Professor of Obstetrics and Gynecology, Emeritus:

“In recognition of his many years as a member of the Faculty of Jefferson Medical College of Philadelphia; in recognition of his numerous achievements, professional and academic; in recognition of his devotion to...
teaching the principles of obstetrics and gynecology, upon his retirement from active teaching at Jefferson Medical College, the Class of 1961 presents this Certificate to Thaddeus L. Montgomery, M.D. as an expression of our deepest affection and sincere appreciation. Given this day, June 15, 1961 and signed by the Class of 1961 of Jefferson Medical College."

DR. MONTGOMERY accepted the Certificate with deep appreciation and said that, having begun his teaching as a proctor in Anatomy while a Junior student, he had really spent most of his life as a teacher which has been a great privilege.

Dr. Subin presents Certificate from Class of 1961 to Dr. T. L. Montgomery, as Dr. J. B. Montgomery and Mr. Bodine applaud
Dr. Fry Reports on Success of the 13th Drive

The President then asked Dr. Kenneth E. Fry to present the report for the 13th Annual Giving Fund Drive.

Dr. FRY said that he would speak of Jefferson loyalty in terms of dollars, but that he first wished to pay tribute to Dr. Louis H. Clerf who served as the first Annual Giving Fund Chairman when the project was initiated. He also paid tribute to the late Dr. Carroll R. Mullen, under whose Chairmanship plans for the 13th campaign were made.

He gave great credit to the hard-working Class Agents, whose efforts insured the success of the Drive and also to the geographic solicitors whose work was a valuable adjunct to that of the Class Agents. He thanked the Annual Giving Fund Committee members and the personnel of the Alumni Office for the part they played in the campaign.

Dr. Fry then announced that the total for the Fund, which breaks all previous records, as of June 15, 1961 stood at $140,102.45 from 3,387 contributors. These figures will, of course, be raised before the close of the campaign on June 30, 1961. He stated that there had been 448 "new gifts" to date this year, which are probably the result of the geographic solicitation, and there have been 680 increased contributions.

He then announced the leading Classes in the three categories and awarded placques to: the Class of 1936, Dr. Leonard W. Parkhurst and Dr. Patrick J. Devers, Agents, for the record breaking amount of $8,753.70; the Non-graduates, Dr. Andrew J. Ramsay, Agent, for the largest number of contributors, 133, and the Class of 1951, Dr. Frank J. Sweeney, Jr. and Dr. Vincent J. McPeak, Jr., Agents, for the highest percentage of participation, 80.0%.

In the "Amount" category, the Class of 1931, Dr. Donald C. Smith, Agent, was second with $6,610 and the Class of 1941, Dr. John Y. Templeton, III, Agent, was third with $4,402. The Class of 1951 also took second place in the "Number of Givers" category, with 119 contributors, while the Class of 1956, Dr. Eugene F. Bonacci, Agent, placed third with 111. The Class of 1936 also took second place in the "Percentage of Participation" category with 77.5%, and the Class of 1954, Dr. John R. Patterson, Agent, placed third with 69%. Dr. Patterson’s Class was also given an
Members of the Class of 1936 which broke all previous records for Annual Giving by a single class

award for being the most improved Class in participation this year.

Dr. Montgomery then called on Dr. Leonard W. Parkhurst to speak on behalf of the 25-year Class.

Dr. Parkhurst said that upon the eve of his graduation 25 years ago, he spoke for the Class of 1936. He said that although he does not now remember the speech he made, he recalls that, in common with all the representatives of graduating classes who had gone before and who have spoken since, he emphasized two things.

"First", he said, "that we hoped individually and collectively that we could add a little more lustre to our Alma Mater and, second, that we pledged loyalty and faithful help to Jefferson in the years ahead."

Dr. Parkhurst said that while not many of his Class have blazed neon lights across the pages of medical literature, a few have, and all have contributed to the lives of their communities and have upheld the honor of Jefferson.

He commented that his Class has been fortunate in that only four members of the 133 who graduated have died and he said that it is interesting to note that of the remaining 129, 118 have been contributors to Jefferson's Annual Giving Fund Drives. He spoke of his pride in the response of his Class to his appeals this year which enabled them to break all previous records for contributions by a single class.

"If I was proud, and my Classmates were proud 25 years ago," Dr. Parkhurst concluded, "we are more proud today — proud of the present and proud of the plans for the future. If we were enthusiastic about our future 25 years ago, we are equally enthusiastic about our future in the next 25 years — our future in our profession and as Alumni of Jefferson. In the next quarter century we pledge our continued support and enthusiastic loyalty to Jefferson."

Following Dr. Parkhurst's talk, Dr. Montgomery declared the meeting adjourned.
The Department of Obstetrics and Gynecology paid tribute to Dr. Thaddeus L. Montgomery on May 19, 1961 when they presented his portrait, painted by Mr. Roy Spreeter, to Jefferson Medical College.

Dr. John B. Montgomery, Professor of Obstetrics and Gynecology and Co-Chairman of the Department, gave a most interesting biographical sketch of Dr. "T.L.", tracing his distinguished career from his undergraduate days through his years as a student at Jefferson, to his present position of eminence in the field of medicine.

Dr. Montgomery was graduated from Jefferson in 1920 and began his teaching career at the College while a Junior student as a Proctor in Anatomy. Following a two-year internship at Jefferson Hospital, he was appointed Assistant in Surgery and Assistant Demonstrator in Anatomy.

In 1926 Dr. Montgomery began his work in the Department of Obstetrics and advanced from Assistant Demonstrator to Clinical Professor and also served as personal assistant to Dr. E. E. Montgomery and Dr. P. Brooke Bland. From 1940 to 1946, he was associated with Temple University School of Medicine, heading the combined Departments of Obstetrics and Gynecology. In 1946, at the time Dr. Lewis C. Scheffey was asked to head the Department of Obstetrics and Gynecology at Jefferson, Dr. Montgomery returned to his Alma Mater as Professor of Obstetrics and Gynecology and Director of the Division of Obstetrics. On July 1, 1955, upon the retirement of Dr. Scheffey, Dr. Montgomery became Chairman of the Department of Obstetrics and Gynecology and in this post he has served ably and with distinction for the past six years.

Dr. Montgomery's professional activities are many and varied. He is a member of the Philadelphia County Medical Society and has served as a Director of that organization. He is a member of the Pennsylvania Medical Society, the American Medical Association and the Obstetrical Society of Philadelphia, having also served as its President. He also served as President of the Jefferson Alumni Association and is a Founding Member and Past President of the Jefferson Society for Clinical Investigation, as well as a Charter Member and Past President of the Ex-Internes and Ex-Residents Society.

Dr. Montgomery is a member of the College of Physicians of Philadelphia and has been a member of the Advisory Committee on Obstetrics and Gynecology of the Philadelphia Department of Health. He is a member and former Chairman of the Committee for the Analysis of Stillbirths, a member of the Committee on Maternal Welfare, a Founding Member of the Philadelphia Committee for the Study of Pelvic Cancer and a member of the Philadelphia Committee for the Study of Breast Cancer.

He is a Diplomate of the American Board of Obstetrics and Gynecology and has been an Associate Examiner of the Board. In addition, he has participated actively in the work of the National Board of Medical Examiners and has served as Chairman of the Committee on Obstetric and Gynecologic Examinations. He has also served as Secretary of both the American Gynecologic Society and the American Gynecological Club. He was also President of the American Association of Obstetricians and Gynecologists.

Dr. Montgomery has made significant contributions to medical literature, having written extensively on analysis of maternal mortality, anesthesia and analgesia in obstetrics, analysis of causes of stillbirth, physiologic labor and natural childbirth and the rooming-in program for mother and baby. He is also co-author of the book "Practical Obstetrics".

For recreation, Dr. Montgomery enjoys golf, literature, music, art and painting. He belongs to the Philadelphia Country Club, the Sea View Country Club and the Art Alliance of Philadelphia.

In 1922 Dr. Montgomery married the former Pauline Woods, who had been a nurse at Jefferson. He has two sons, one of whom was graduated from Jefferson in 1960.
Dr. John Montgomery said that his years of association with Dr. "T.L." had been both fruitful and most enjoyable ones and that Dr. "T.L." had made significant contributions in the way of curriculum changes and improved teaching techniques during his tenure as Chairman of the Department of Obstetrics and Gynecology.

Dr. David M. Farrell, Clinical Professor of Obstetrics and Gynecology, presented Dr. Montgomery's portrait, and Dr. Amos S. Wainer, Assistant Professor of Obstetrics and Gynecology, unveiled the painting.

Dean Sodeman accepted the portrait on behalf of the Board of Trustees and the Administration and spoke of his sincere admiration for Dr. Montgomery and the pleasure he has derived from working with him in the years since he became associated with Jefferson.

Dr. Montgomery then thanked his Department for this great honor and expressed his appreciation to all his colleagues for their loyalty and help through his years as a teacher and Department Head at Jefferson.

**Dr. John B. Montgomery Becomes Chairman of Department as Dr. T. L. Montgomery Becomes Emeritus Professor of Obstetrics and Gynecology**

Having reached the retirement age prescribed for Faculty members by the By-Laws of the College, Dr. Thaddeus L. Montgomery became Professor of Obstetrics and Gynecology, Emeritus on July 1, 1961. He will continue his private practice and other professional activities, however.

Dr. John B. Montgomery, who had served as Co-Chairman of the Department of Obstetrics and Gynecology, has assumed the Chairmanship and all the duties attendant upon that position.

Promotions, New Appointments, Resignations and Deaths

PROMOTIONS

ANGELO P. ANGELIDES, M.D., from Assistant Professor to Associate Professor of Clinical Medicine.
JOHN B. ATKINSON, M.D., from Associate to Assistant Professor of Clinical Medicine.
WALTER F. BALLINGER, II, M.D., from Associate in Surgery to Assistant Professor of Surgery.
DANIEL S. ROWE, M.D., from Instructor to Associate in Pediatrics.
HERBERT S. BOWMAN, M.D., from Assistant to Instructor in Medicine.
LEONARD S. DAVITCH, M.D., from Assistant to Instructor in Medicine.
ROGER EVAN FOX, M.D., from Assistant to Instructor in Medicine (Lankenau Hospital).
ELMER H. FUNK, Jr., M.D., from Assistant to Instructor in Medicine.
DALE HORACE PALMER, M.D., from Assistant to Instructor in Psychiatry.
PAIGE V. SENCINDIVER, M.D., from Assistant to Instructor in Surgery.
ABRAHAM JACK ZAGERMAN, M.D., from Assistant to Instructor in Medicine.

NEW APPOINTMENTS

RICHARD L. ROVIT, M.D., Associate Professor of Surgery (Neurosurgery).
HUGH WORTHINGTON ASHMORE, M.D., Instructor in Pathology.
HARVEY S. BRODOVSKY, M.D., Instructor in Medicine.
LEANDER T. ELLIS, M.D., Instructor in Psychiatry.
SHELDON G. GILGORE, M.D., Instructor in Medicine.
JAMES P. HARBISON, III, M.D., Instructor in Radiology.
NORMA RURIE KOBAYASKI, B.S. (E.E.), Instructor in Radiation Physics (Department of Radiology).
ROBERT J. KUREY, M.D., Instructor in Psychiatry (Eastern Pennsylvania Psychiatric Institute).
WILLIAM A. RUTTER, M.D., Instructor in Psychiatry.
HENRY D. SCHMITZ, M.D., Instructor in Audiology (Department of Otorhinolaryngology).
HALL EDWARD SNEDDEN, M.D., Instructor in Orthopedic Surgery.
GASTON G. TRIGGIO, M.D., Instructor in Psychiatry.
MISAO TAKEDA, M.D., Instructor in Pathology.
LEWIS MARTIN WIEHER, M.D., Instructor in Neurology (Philadelphia General Hospital).
WILLIAM X. COFFEY, M.D., M.S. (Med.), Assistant in Medicine.

JOEL DAVID HOFFMAN, M.D., Assistant in Orthopedic Surgery.
LEOPOLD S. LOEWENBERG, M.D., Assistant in Obstetrics and Gynecology.
JOHN R. PATTERSON, M.D., Assistant in Medicine.
MARY LEONA RESINSKI, M.D., Assistant in Pediatrics.
HENRY HUBER SHERK, M.D., Assistant in Orthopedic Surgery.
FRANCIS WILLSON DAILY, M.D., Associate in Clinical Anesthesiology.
LEOPOLDO F. MONTES, M.D., Research Associate in Dermatology.
VEDAT MELMET SEZAR, M.D., Research Fellow in Pediatrics.

RESIGNATIONS

JAMES J. GALLAGHER, M.D., Instructor in Urology.
JOHN L. MCCORMICK, M.D., Instructor in Surgery.
JAMES FLOYD CARLIN, M.D., Assistant in Psychiatry.
CHESTER F. CULLEN, M.D., Assistant in Neurology.
ROBERT E. STEWART, M.D., Assistant in Pediatrics.
WALTER A. CRIST, M.D., Associate in Medicine.
WILLIAM T. MCLEAN, JR., M.D., Associate in Neurology and Associate in Pediatrics.
JEAN B. DEINHART, Ph.D., Research Associate in Medicine.
GLORIA FRETER, M.S., Research Associate in Microbiology.
ROSALIN YI MING TING, M.D., M.P.H., Research Associate in Pediatrics.
MAKATO IGAHASHI M.D., Research Fellow in Otolaryngology.
KAZI ABUL MUNSUR, Ph.D., Research Fellow in Microbiology.
P. C. NAIR, M.D., Teaching Fellow in Anesthesiology.

DEATHS

ROBERT A. MATTHEWS, M.D., Professor of Psychiatry and Head of the Department (June 23, 1961).
LUCIUS P. TUTTLE, M.D., Assistant Professor of Physiology (May 4, 1961).
DOUGLAS H. ATKEN, M.D., Associate in Medicine (February 19, 1961).
Robert A. Matthews, M.D.
1903-1961

THE death of Dr. Robert A. Matthews, Professor of Psychiatry and Head of the Department, in an automobile accident on June 23, 1961 has shocked and deeply grieved his many friends and associates, both at Jefferson and throughout the country. He will be missed by his colleagues everywhere but most particularly at Jefferson, since he was not only a distinguished member of our Faculty but an active and loyal Alumnus as well.

Born in Johnstown in 1903, Dr. Matthews received his undergraduate education at The Pennsylvania State University and then attended Jefferson, graduating in 1928. After a two year interneship at Philadelphia General Hospital, he became chief resident physician of the Philadelphia Hospital for Mental Diseases (now the Philadelphia State Hospital) and subsequently served four years as Clinical Director of that institution, at the same time serving as physician in charge of the Philadelphia Institution for the Feeble Minded.

Dr. Matthews began his teaching career at Jefferson in 1930 and from 1946 to 1949 was acting Head of the Department of Psychiatry while Dr. Keyes was in the military service. In 1958, upon Dr. Keyes' retirement, he succeeded him as Professor of Psychiatry and Head of the Department.

Always intensely interested in the furtherance of psychiatric education, Dr. Matthews last year instituted a series
of psychiatric seminars as part of Jefferson's joint program of graduate studies with The Pennsylvania State University. In addition to having been a most able teacher, Dr. Matthews administered the affairs of the Department of Psychiatry with vision and sagacity. He was admired and loved by those who worked with him and deeply respected by the students he taught.

That he was highly regarded in his field is evidenced by his having been President of the Philadelphia Psychiatric Society, the Pennsylvania Psychiatric Society and Chairman of the American Psychiatric Association Committee in Liaison with the American Academy of General Practice. He was a fellow of the American College of Physicians, the American Psychiatric Association, American Medical Association, American Association on Mental Deficiency, College of Physicians of Philadelphia and a member of the Pennsylvania Medical Society, the Philadelphia County Medical Society, Philadelphia Neurological Society, the Southern Psychiatric Society and the New Orleans Society for Neurology and Psychiatry.

Dr. Matthews' hospital appointments were many, having included positions as Consulting Psychiatrist, DePaul Sanatorium, New Orleans; Psychiatric Consultant, VA Hospital, Reno, Nevada; Senior Psychiatric Consultant, Washoe County Medical Center, Reno, Nevada; Consultant in Neuro-Psychiatry, VA Hospital, Coatesville, Pa.; Chief, Department of Neuropsychiatry, Delaware County Hospital; Chief Neuropsychiatrist, Nazareth Hospital, Philadelphia; Active Consulting Psychiatrist, Philadelphia General Hospital; Attending Psychiatrist, Philadelphia General Hospital and Psychiatrist, Institute of Pennsylvania Hospital in Philadelphia.

He was married to the former Mary Paxson and there are five daughters, Mrs. William Coghan, Barbara, Sandra, Ann and Jean, who was injured in the collision which took her father's life.

His close friend and associate, Dr. Kenneth M. Appel, paid eloquent and moving tribute to Dr. Matthews during his funeral services on June 27.

"THERE are many happy memories," Dr. Appel said. "The sparkle and alertness of the eyes, showing the keenness, the awareness of things obvious and often deeper implications than were first apparent. There was the not infrequent turning of his head and glance and attention to make sure those present were with him — that they knew and he knew what it was all about. There was a kind of social inclusiveness — his lines of sight with their comprehensive shifting and searching. There was a kindness and warmth and gaiety in his expression — from the eyes, to the face, to the voice, with its expression of words, phrases and opinions. His observations and conclusions came readily but not impulsively and casually. They were restrained and kindly but had cogent, deep and forceful implications. His pace and gait were lively but not driven.

His greetings were friendly, whether the occasion was of serious business or for festivity. He had his repertories whether of humorous stories and incidents, or of 'telling' experiences which drove home a point. He had the psychological and the biological in balanced proportion in psychiatry."

In describing Dr. Matthews' illustrious career, both in the field of teaching and in public service, Dr. Appel said that while Chairman of the Department of Psychiatry and Neurology at the Louisiana State University School of Medicine, he had continually striven to improve the quality of psychiatric education in medical schools and that the community and state hospitals had also benefitted by his influence.

IT was in his regime as Pennsylvania Commissioner of Mental Health that the Western State Psychiatric Hospital burgeoned into one of the great centers of psychiatry in the country and Eastern Pennsylvania Psychiatric Institute began to realize a dream of a new development in psychiatry in Philadelphia — where public psychiatry could offer not only the best in modern methods of treatment, but also could develop a phalanx of basic research, rising to refinements and penetrations that are represented by the best in the world. Under his regime the state hospitals, too, developed and progressed in their functions.

In his memorial address Dr. Appel expressed the feelings of Dr. Matthews' host of friends when he said, "There is a presence here we commemorate. It will always be in our hearts and its influences in our minds and decisions. As we commemorate, we dedicate our energies anew to the great and the constructive — taking with us his homely, humorous and balanced views of the ideal and the practical — dedications and directions for which Bob Matthews stood and lived."

On June 28 the Senate of the Commonwealth of Pennsylvania, by Resolution, noted with sadness the death of the State's first Commissioner of Mental Health. This Resolution read in part: "Dr. Matthews' memory will remain enshrined in the hearts of his fellow men for his unexcelled dedication to the cause of mental health in Pennsylvania which he so superbly and devotedly espoused."
A NUMBER of Jefferson Alumni and Faculty members participated in the program of the recent Annual Meeting of the American Medical Association, both as speakers and exhibitors.

Peter A. Herbut, M.D., Professor of Pathology and Head of the Department; Theodore T. Tsaltas, M.D., Associate Professor of Pathology and William H. Kraemer, M.D., Associate Professor of Oncology, presented their study on "The Natural Resistance of Animals to Cancer" during the Symposium on Cancer.

During the Symposium on Normal and Abnormal Coagulation and Hematopoiesis, a paper on "In Vivo and in Vitro Survival of Glycerolized Frozen Platelets" was presented by Walter F. Ballinger, II, M.D., Assistant Professor of Surgery, A. J. Weiss, M.D., Associate in Medicine, L. G. Jackson, M.D. and M. A. Barr, M.T.

"Restoration of Bank Blood to Biochemical Normalcy" was the subject of the paper given by Jerome L. Sandler, M.D., Resident; Thomas F. Nealon, Jr., M.D., Associate Professor of Surgery and John H. Gibson, Jr., M.D., Samuel D. Gross Professor of Surgery and Head of the Department.

Burgess L. Gordon, M.D., Visiting Professor of Medicine, was a member of the panel which discussed "Respiratory Acidosis" and Robert I. Wise, M.D., Magee Professor of Medicine and Head of the Department, participated in a panel discussion of "The Staphylococcus Problem."

A panel on "Allergic Diseases of the Respiratory Tract" was moderated by Harry L. Rogers, M.D., who became an Honorary Faculty Member in June, having served as Assistant Clinical Professor of Medicine.

Harold I. Israel, M.D., Clinical Professor of Medicine, was a panelist in the discussion on "Sarcoidosis."

With three colleagues from Philadelphia, Hyman Menduke, Ph.D., Associate Professor of Biostatistics, presented a paper on "The Reduction of Serum Cholesterol by Sodium Dextro-Thyroxine."

F. Johnson Putney, M.D., Clinical Professor of Laryngology and Broncho-Esophagology and Daniel C. Baker, M.D., (Jefferson, Class of 1933) opened the discussion of a paper on "Corrosive Esophagitis" during the program of the Section on Laryngology, Otology and Rhinology and Fred Harbert, M.D., Professor of Oto-Rhino-Laryngology and Broncho-Esophagology and Head of the Department gave a paper on "Clinical Application of Newer Hearing Tests."

Robert S. Garber, M.D., (Jefferson, Class of 1937) presented a paper on "A Comprehensive Survey of Three Seminar Series of Psychiatry for the General Practitioner" and Henry A. Shenkin, M.D., (Jefferson, Class of 1939) discussed "The Control of Cerebral Circulation" during the Section on Nervous and Mental Diseases.

Frank H. Krusen, M.D. (Jefferson, Class of 1921) participated on the panel on "Aging," discussing "Rehabilitation of the Aging."

David A. Culp, M.D. (Jefferson, Class of S'44), moderated the panel discussion on "Renal and Adrenal Hypertension."

A motion picture entitled "Office Surgery" was presented by Samuel D. Kron, M.D. (Jefferson, Class of J'44).

THE special exhibit on Pulmonary Functions and program of demonstrations was developed by a number of physicians, among them Richard T. Cathcart, M.D., Associate Professor of Medicine and Peter A. Theodos, M.D., Assistant Professor of Clinical Medicine. Dr. Cathcart also served as a Demonstrator of "Blood Changes in Pulmonary Failure" during the sessions on Testing and Physiological Therapy.

William A. Sodeman, M.D., Dean, moderated a panel discussion on "Routine Methods of Evaluating Cardiac Function."

"The Hygienic Treatment of Persistent Staphylococcal Furunculosis" was the title of the scientific exhibit by Frank J. Sweeney, Jr., M.D., Instructor in Medicine; Robert I. Wise, M.D., Magee Professor of Medicine and Head of the Department and T. G. Bell, M.D.

Franklin B. Peck, Sr., M.D. (Jefferson, Class of 1923) and an associate had an exhibit entitled "Everyday Problems in Diabetes: 201 Crystal-Clear Answers."

In the Section on Obstetrics and Gynecology there were three exhibits by Jefferson Faculty members. Alvin F. Goldfarb, M.D., Associate in Obstetrics and Gynecology,
presented "Reproductive Failure; a Planned Approach to Management." Thaddeus L. Montgomery, M.D., Professor of Obstetrics and Gynecology, Emeritus; Paul A. Bowers, M.D., Assistant Professor of Obstetrics and Gynecology and W. Clark Kittleberger, M.D. (Jefferson, Class of 1948) presented "Physiologic Concepts of Obstetric Care" and "Pediatric Vaginitis" was the title of the exhibit by Warren R. Lang, M.D., Associate Professor of Obstetrics and Gynecology.

ONE of the social highlights of the Convention for Jefferson Alumni and their wives was a cocktail party on Wednesday evening, June 28, at the Park-Sheraton Hotel. Approximately 60 attended, including a number of the Executive Faculty members and their wives. Several Alumni came from considerable distances — Puerto Rico, Texas and Florida.

There were representatives from many classes present, including the Class of 1906 and the Class of 1960. All who attended thoroughly enjoyed the opportunity of chatting with classmates and friends.

PRINCETON UNIVERSITY
HONORS DR. GIBBON

Dr. John H. Gibbon, Jr., Samuel D. Gross Professor of Surgery and Head of the Department, was honored by Princeton University at its Commencement Exercises on June 12, when he was awarded the Honorary Degree of Doctor of Science.

The Citation accompanying the Degree read as follows:

"Professor of surgery at the Jefferson Medical College of Philadelphia, a fifth-generation physician whose professional skill and bold pioneering initiated a direct approach to open heart surgery, an epoch-making achievement in the relief of suffering and the saving of lives. Such technical mastery and dedication of spirit make shine with new meaning the prayer-book’s injunction to lift up our hearts."

The Exhibit pictured below, which was the work of Dr. John Y. Templeton, III, Clinical Professor of Surgery; Dr. Ralph Lev, Instructor in Surgery and Dr. Benjamin Bacharach, Resident, won an Honorable Mention in Class I at the 195th Annual Meeting of the Medical Society of New Jersey.

Dr. Lev (left) and Dr. Bacharach hold the Award
JEFFERSON OFFICIALS REPORT ON BARTON RESEARCH

PRESIDENT Bodine, Dean Sodeman, and Dr. Martin J. Sokoloff, Clinical Professor of Medicine, went to Washington, D.C., recently to report to Mr. Thomas Kennedy, President of the United Mine Workers of America, on the work being carried on in Barton Memorial Division of Jefferson.

A considerable portion of the research done in this Division is supported by means of funds supplied by the Anthracite Health and Welfare Fund, of which Mr. Kennedy is one of the Trustees.

FACULTY MEMBERS TAKE COMPUTER COURSE

FORTY-THREE members of the Faculty of the College have been enrolled in a special course in programming for electronic computers at the Computing Center of The Franklin Institute in Philadelphia.

The primary objective of the course is to relieve administrative, teaching and research staff of time-consuming arithmetic and endless sorting through voluminous files.

The course program, initiated by Dean Sodeman, will enable medical personnel to speak in computer language and establish a common meeting ground for the exchange of ideas, methods and information between College personnel and staff members of the Franklin Institute’s Computing Center.

Faculty members in research in clinical medicine and the medical sciences hope to expand research activities which would otherwise be prohibitively time-consuming. Greater use of a wealth of information contained in the medical records library and tumor registry, for example, will be possible, as will the application of a more complex mathematical analysis of data.

"JOGERS" HOLDS SCIENTIFIC MEETING

"JOGERS" (Jefferson Obstetrics and Gynecology Ex-Residents Society) held a scientific meeting on Friday, May 19, 1961, from two to four p.m. in the Tumor Clinic on the fifth floor of Curtis Clinic.

Dr. Warren R. Lang, Associate Professor of Obstetrics and Gynecology, acted as Moderator and the following papers were presented: "Chromosomal Sex", Herman Seguin, M.D., Fellow; "Relationship of Placental Function to Alkaline Phosphatase Activity", Arthur Lee, M.D., Resident and Paul Lewis, M.D., Department of Pathology; "Testicular Feminization Syndrome", Benjamin Kendall, M.D., Resident; "Cervical Cultures in Acute Salpingitis", Joseph Riggs, M.D., Resident and "Surgicel and its Application in Obstetrics and Gynecology", L. Loewenberg, M.D., Resident and Burton L. Wellenbach, Associate in Obstetrics and Gynecology.

FRENCH PHYSICIAN SPEAKS AT GASTROINTESTINAL FORUM

ONE of the highlights of the Spring Meeting of the Philadelphia Gastrointestinal Research Forum held May 31 at Jefferson Medical College was a presentation by Dr. Pierre Housset of Paris, France, on his experiences with the Direct Vision Gastroscopic Biopsy and Electronic Flash Gastroscopic Color Photography. He is the co-developer with Professor Debray of both of these instruments. His visit was made possible through support by Wyeth Laboratories.

Others participating in the program were: Dr. C. Wilmer Wirts, Associate Professor of Medicine; Dr. M. H. F. Friedman, Professor of Physiology and Head of the Department; Dr. Simon Kramer, Professor of Radiology; Dr. Francis McKeon, Instructor in Pathology; Dr. Franz Goldstein, Associate in Medicine; Dr. Bronson McInerney, Resident; Martin Tansy, Teaching Fellow in Physiology; Evan Overstreet, Fellow in Physiology; Anne M. Ambrovage, Graduate Teaching Assistant in Physiology; Frank Campellone and Margarita San Juan, both Research Technicians.
ADMINISTRATION
OFFICIALS AND
HOSPITAL STAFF OFFICERS
REELECTED

At the 136th Annual Meeting of the Board of Trustees of Jefferson Medical College and Medical Center, Mr. Percival E. Foerderer was re-elected Chairman of the Board and a new position of Vice Chairman was voted for Mr. James M. Large. Mr. William W. Bodine, Jr. was re-elected to the office of President and J. Warren Brock, Esquire, was re-elected as Secretary of the Board.

At the May meeting of the Attending Hospital Staff, the following officers were re-elected: Dr. Theodore R. Fetter, Nathan Lewis Hatfield Professor of Urology, as President; Dr. Leandro M. Tocantins, Thomas Drake Martinez Cardeza Professor of Clinical Medicine and Hematology, Vice President and Dr. Herbert A. Luscombe, Professor of Dermatology, Secretary-Treasurer.

FACULTY WIVES CLUB
FORMED

Mrs. Sodemau Heads Group

A NEW club, for the purpose of creating good social relationship with the medical students' wives, composed of the wives of Jefferson faculty members, held a dessert lunch on May 23 in McClellan Hall of the College. Wives of all faculty members were invited.

Mrs. William A. Sodemau is President of the Club, whose membership presently numbers 192, and other officers are: Mrs. Thaddeus L. Montgomery, President-elect; Mrs. Leandro M. Tocantins, Vice President; Mrs. Julius M. Coon, Recording Secretary; Mrs. John B. Montgomery, Treasurer; Mrs. Peter A. Herbut, Assistant Treasurer and Mrs. Abraham Cantarow, Corresponding Secretary.

Plans were discussed at the luncheon for activities to be carried on during the 1961-62 season on behalf of the College.

R. G. Rincliffe, Jefferson Trustee and President of Philadelphia Electric Company, received the 1961 Award of the Philadelphia Public Relations Association in May. He is shown reading the Citation as James M. Kiss (right), President of the Association and Frank C. P. McGrath, Chairman of the event, look on.
CALIFORNIA CHAPTER HAS FUND-RAISING DINNER-DANCE

An Alumni dinner-dance, fund-raising event took place May 25th at El Poches’ Cafe in San Gabriel (Los Angeles) California. Seated at the speakers table were: Dr. John B. Montgomery, Dr. Joseph de los Reyes, Dr. George C. Griffith, Dr. and Mrs. J. Elder Bryan and Dr. and Mrs. J. Earl Thomas. Dr. Montgomery spoke about the present and future of Jefferson Medical College.

A friendly reunion of classmates and alumni seemed to be enjoyed by all. Dancing to the Latin rhythms of Al Escobar and his combo followed a delectable filet mignon dinner. Numerous lovely door prizes donated by various pharmaceutical manufacturers were received with enthusiasm.

Members present, their wives and guests hailed mainly from the Los Angeles area, but several were present from the San Diego area and north to San Francisco and Oakland, California.

A profit of $480.55 resulted, which was donated to the Alumni Association’s Annual Giving Fund.

John E. Mills, M.D.

FLORIDA CHAPTER MEETS

The Florida Chapter of the Jefferson Alumni Association met on Thursday, May 25, at the Hotel Americana, Bal Harbour, Florida, during the sessions of the Florida Medical Association. The guest speaker, representing the school, was Dr. Kenneth E. Fry, Clinical Professor of Surgery. Dr. Fry’s address was interesting and instructive and he elaborated on the plans for expansion at Jefferson using projection slides. He supplied the alumni with much information concerning changes in the curricula, and faculty changes — keeping us southermost alumni up to date.

There was quite a class difference, with Dr. Herbert Ralph Rafferty of Sebring, class of 1899 and Dr. Garland P. Brown, class of 1958 representing quite an age span.

We feel that the turnout was exceptionally good and included in the group were two Past Presidents of the Florida Medical Association, Dr. Leigh Robinson, class of 1912 and Dr. Robert B. McIver, class of 1916. Dr. Leo Wachtel, class of 1938, was outgoing President of the Florida Medical Association for the past year.

Chapter officers elected for the year 1961-62 were: President, Dr. Ralph J. Haws, class of 1915; and Dr. John Schwab, class of 1938 as Secretary-Treasurer.

Over 150 Jefferson Alumni now reside in the State of Florida and we are looking forward to bigger and better meetings in the future.

John Cheleden, President
Wilton R. Kane, Secretary

Florida Chapter Members, their Wives and Guests
Faculty Members Speak at Northeastern Pennsylvania Chapter Meeting

THE 46th annual dinner meeting of the Northeastern Chapter of the Jefferson Medical College Alumni Association was held at Fox Hill Country Club, West Pittston, Pa., on May 17, 1961.

Dr. Raymond Davis, President, opened the meeting and presided over the business meeting. Minutes of the previous meeting were read. The Treasurer's report was read and approved. Two guests of the Chapter, Dr. Leonard Wolf and Dr. J. O. MacLean, were introduced. Dr. Donald Smith and Dr. James Grace spoke on behalf of the Alumni Giving Club.

The Nominating Committee consisting of Drs. Kaufman, Smith and Meyer Kline presented the names of a proposed slate of officers and this was accepted with the unanimous election of the following: President, Dr. Jacob Hyman; Vice-President, Dr. John Murphy and Secretary-Treasurer, Dr. Joseph Lentini.

Dr. Davis then presented the guest speakers of the evening. Dean William Sodeman outlined plans for extensive developments in the physical plan of Jefferson Medical College. Dr. Edmund Housel of the Department of Medicine spoke on behalf of Alumni Giving and also urged participation in the Graduate Assembly in November. Dr. Thomas Nealon of the Department of Surgery spoke of the role that research was playing in his department at Jefferson.

Dr. J. Norman White moved that Dr. Nealon be elected an honorary member of the Chapter and this was approved by the members.

The meeting was adjourned at 10:15 P.M.

EUGENE A. CURTIN, M.D.
Secretary-Treasurer
South Central Pennsylvania Chapter
Has Successful Dinner Meeting

THE South Central Pennsylvania Chapter of the Jefferson Alumni Association had an extremely successful annual meeting on June 3, 1961 despite the fact that they were running competition with the many commencement weekend exercises of the colleges in the Central Pennsylvania region. As a result, the number attending was somewhat smaller than the usual 100 plus. The total of 85 who turned out seemingly had an exceptionally pleasant evening as judged by the delayed ending of the meeting. If the ladies would have their way, the meeting might have lasted another hour; that is, the ladies' entertainment portion which was arranged by Mrs. Nathan Sussman (husband Class of '35).

This year's session was held in the Penn Harris Hotel in the capital city. The social hour began in the Plantation Room at 7 P.M. and was followed by dinner at which the President, Dr. Norman B. Shepler ('10) presided. Dr. R. Edward Steele informed the group of the Jefferson trip to Paris and suggested that all who could avail themselves of any similar future opportunities should not overlook such an educational and entertaining time.

Dr. Herbert Jordan ('46) Assistant Secretary-Treasurer did the honors of class roll call and President Shepler informed the group of some local Jeffersonians' achievements the past year. These included: Dr. E. Allyn ('37)—President of the Dauphin County Medical Society; Dr. Fred Hooper ('37)—President of the Medical and Dental Bureau of Harrisburg and Dr. Charles Snyder ('14)—Marysville Lion Club's outstanding man of the year award.

Others included Dr. Guy Crist ('22)—President again of the Pennsylvania Proctologic Society; Dr. J. A. Daugherty ('28)—President of Blue Shield, was present as usual. Dr. William J. Albright, III, class of '54 was given the award as man of the year in Highspire, Penna., where he practices.

At the conclusion of the dinner, the ladies adjourned to the Governors Room under the care of Mrs. Nathan Sussman and the alumni continued with their business and scientific session.

Officers elected for the coming year were as follows:
President: Norman B. Shepler, Class of 1910
Vice President—Eastern Section: Miles Harringer, Class of 1952
Vice President—Western Section: Raymond J. Lantos, Class of 1951
Vice President—Northern Section: J. Donald Wentzler, Class of 1946
Vice President—Southern Section: Leonard Potter, Class of 1937
Secretary-Treasurer: Raymond C. Grandon, Class of 1945
Assistant Secretary-Treasurer: Herbert Jordan, Class of 1946
Publicity Director: Louis Wright, Class of 1913

The scientific section was opened by Dr. C. Wilmer Wirtz who gave a succinct and stimulating presentation of present day problems in Gastric Ulcer and Dr. Herbert Luscombe reviewed the recent scientific and administrative activities of the college. In his presentation, the financial situation of the college was discussed and the role of the alumni in the success of the expansion. The alumni present were certainly impressed with the need and it was the impression of those attending that each alumnus should do what he can to insure the future success of Annual Giving Drives.

RAYMOND C. GRANDON, '45

Dr. Montgomery Speaks At North Carolina Chapter Meeting

THE North Carolina Chapter of the Jefferson Alumni Association met at a social hour at 5:30 P.M. in the Grove Room of the Battery Park Hotel, in Asheville, on May 9, 1961. This meeting was held during the annual meeting of the Medical Society of the State of North Carolina. The meeting was well attended.

Dr. John B. Montgomery, President of the General Alumni Association, spoke to the group concerning happenings at Jefferson. He gave an interesting and stimulating talk about current activities and future plans of Jefferson Medical College. Dr. Howard Wilson, President of the North Carolina Chapter presided at the meeting.

New officers elected for the coming year are: Dr. Louis T. Kermon, Raleigh, President; Dr. V. Watson Pugh, Raleigh, Secretary-Treasurer.

There seemed to be considerable interest manifested by the group in support of the Alumni Annual Giving Fund. Many of the group indicated plans for attending the reunion at Jefferson in June.

GEORGE W. PASCAL, JR.

Dr. Gerald C. Gallery visited in Tucson, Arizona in March and, with Alumni from the Area, was entertained at the home of Dr. Philip G. Derickson. (seated l. to r.)
(standing l. to r.) M. R. Chappel, '35; R. R. Lacock, '46; F. M. Kenan, '37;
B. W. Saylor, '40; L. C. Baldauf, '59
Alumni Association and College Honor Dr. Porter

JEFFERSON Medical College and The Alumni Association honored Dr. J. Elmer Porter, Class of 1886, at a luncheon at the Brookside Country Club in Pottstown on June 9, 1961.

President Bodine; Dean Sodeman; Dr. John B. Montgomery, President of the Alumni Association; Dr. L. M. Tocantins, Dr. Porter’s physician, and Dr. Adolph Walkling, long-time friend of Dr. Porter, attended the luncheon which commemorated Dr. Porter’s 75th Anniversary of his graduation from Jefferson. Dr. Porter’s wife and two daughters and Jefferson Alumni from the Pottstown area were guests, as were a number of local persons who have been associated with the 96-year-old physician in his varied community activities through the years.

Mr. Bodine acted as Toastmaster and said that the College wished to honor Dr. Porter for “an exceptional and outstanding career covering a broad field of enterprises.”

In presenting the Citation by the College, Dean Sodeman pointed out that Dr. Porter was one of the few living Alumni to be honored by a Resolution adopted by the Board of Trustees and the Executive Faculty of the College. He spoke of Dr. Porter’s full and active life as a physician, civic leader and banker and said that Dr. Porter holds an extraordinary claim to distinction in that he has delivered more than 2,500 babies in the Pottstown area, this figure representing a large portion of the population of the community.

Dr. John B. Montgomery, President of The Alumni Association, presented Dr. Porter with a medallion, bearing the Jefferson Seal and an inscription commemorating his 75th Anniversary of graduation.

Dr. Walkling, a long-time associate of Dr. Porter, spoke of his appreciation for the early training Dr. Porter gave him and said that without Dr. Porter’s guidance he would have had a difficult time in his early days in Pottstown. Although he is now Clinical Professor of Surgery at Jefferson, Dr. Walkling continues to serve as Chief Surgical Consultant at Pottstown Hospital.

DR. PORTER expressed his great appreciation to the representatives of the College and the Alumni Association for the honors paid him and spoke of the existing need for support of medical education.

For sixty-three years Dr. Porter, who is now retired, practiced medicine in Pottstown. He was a member of the Committee which broke ground for Pottstown Hospital in 1889 and he served on the hospital’s surgical staff until 1946. In 1960 he ended a 32-year tenure as President of the Security Trust Company, but he remains Chairman of the Board of Directors. From 1903 to 1905 he served as Burgess of Pottstown and was Montgomery County delegate to the Democratic National Conventions of 1944 and 1948. He is also involved in ownership and operation of several industries in the Pottstown area.
JEFFERSON ALUMNI
RECEIVE SIGNAL
HONORS

On June 7, 1961 at the 195th Anniversary Commencement of Rutgers University, President Mason W. Gross conferred the Honorary Degree of Doctor of Science on HILTON S. READ, M.D., F.A.C.P., Director of the Ventnor Diagnostic Center and Founder - Executive Director of the Ventnor Foundation.

DR. H. MACLEOD RIGGINS, Class of 1924, of 1031 Fifth Avenue, New York City, one of the world's leading specialists on thoracic diseases, has received the Distinguished Service Award at the University of North Carolina on April 14, during the annual Alumni Day program.

On the same occasion, DR. JAMES H. WALL, Class of 1927, Medical Director of the New York Hospital, Westchester Division, White Plains, N. Y., also received this award for his achievement in medicine.

DR. GEORGE C. GRIFFITH, Class of 1926, was recently awarded the honorary degree of Doctor of Science by the University of Southern California. He is an international expert in the field of cardiology and in 1959 was given an Award of Merit by the Annual Heart Association. He was also named the Humanitarian Man of the Year by the AID—United Givers of the West.

Following his graduation from Jefferson, he attended the Harvard Post-graduate School of Medicine and served his internship at Presbyterian Hospital. He practiced in Philadelphia until 1946 and then moved to Los Angeles, where he became attending physician at the 3,600 bed Los Angeles County General Hospital. In that same year he joined the faculty of Southern California and later served as the head of its Cardiology Department.

Dr. Griffith is a Diplomate, American Board of Cardiology; a past President of the Los Angeles County Heart Association; and a former President of the California Heart Association. Dr. Griffith makes his home in Los Angeles.
50th REUNION—CLASS OF 1911

Eleven of twenty-eight survivors of the class of 1911 returned to Jefferson on the occasion of their 50th Reunion to renew their note of loyalty and indebtedness to their Alma Mater.

The Reunion Dinner was held at Bookbinders Restaurant on the evening of June 14th. It was a spirited and enthusiastic meeting, thoroughly enjoyed by all. Those present were: William H. Annesley, Edwin C. Boyer, Erwin D. Funk, George E. McGinnis, Patrick F. McHugh, F. W. McNamara, Morris I. Moss, Herbert C. and Mrs. Oelschlegel, Sidney A. Quinn, William F. Ryan, Francis P. Shannon.

The class members wish to express their deep appreciation for the gold pins and scrolls presented at the Alumni Banquet. It was amazing to learn of the program for new facilities for the College, one of great vision and enterprise and one worthy of generous support.

FRANCIS W. MCNAMARA, Chairman

45th REUNION—CLASS OF 1916

The Class of 1916 celebrated their 45th Reunion with a Luncheon Meeting at the Benjamin Franklin Hotel. Responses were received from 45 members of the class, and 31 attended the luncheon.

Lee Hughes acted as Master of Ceremonies and successfully extracted the news of medical successes, grandchildren (willingly), travels, and future plans (unwillingly) from all those present.

Fifteen members of the class remained for the Alumni Dinner Meeting that evening and some attended Commencement the following day.

A. R. GAINES, Chairman

35th REUNION—CLASS OF 1926

The Class of 1926 celebrated its 35th Reunion with a cocktail party and dinner for members at The Drake Hotel on Wednesday, June 14.

Forty-three of the Class attended and, in addition, Peter Fahnrey, son of the late Dr. Henry L. Fahnrey, and Dr. Lewis Sandler's nephew were guests.

Several members came from considerable distances to attend the Reunion; Dr. Gerrit J. Bloemendaal from South Dakota; Dr. Maurice Hopkins from California; Dr. Neal R. Moore from Michigan and Dr. Alvord L. Stone from Florida.

All who attended had a wonderful time and agreed that they would make every effort to return for their 40th Reunion in 1966.

PHILIP S. CLAIR, Chairman

30th REUNION—CLASS OF 1931

The Class of 1931 celebrated its 30th Reunion with a luncheon for Class members at the Union League on Wednesday, June 14, and a Dinner-dance that evening in the Ballroom of the Barclay. Dr. Louis H. Clerf and Dr. J. Parsons Schaeffer were guests of honor at the luncheon and both spoke most interestingly about their early days at Jefferson. Forty-seven Class members, with their wives attended the Reunion.

Dr. Dwight T. Bonham represented the Class on the Reunion Day Clinic Program and discussed "Cardiology as Viewed Over the Past 30 Years."

DENNIS R. GILLEN, Chairman

25th REUNION—CLASS OF 1936

The Class of 1936 held its 25th Reunion on Wednesday and Thursday, June 14th and 15th, and to all those who attended it was a great success. We are sorry all the Class could not have been present. Jack Berk represented the Class most ably at the Reunion Day Clinics, presenting a paper entitled "The Use of Cholecystokinin in the Diagnosis of Biliary Tract Disease." Immediately following this we were transported by bus, accompanied by our wives, to the very attractive home of Nick and Olive Varano in Broomall, where the afternoon was spent in relaxation, refreshment and reminiscence.
The Class Dinner Dance was held in the Mirage room of the Barclay Hotel on Wednesday evening and was attended by 41 Classmates and 34 wives. Two others were present on Wednesday but did not get to the dance, while four additional Classmates joined us for the activities on Thursday, bringing the total number to 47.

The Stag Class Cocktail Party was held at the Benjamin Franklin Hotel prior to the Alumni Banquet. The writer was proud to represent the Class at this event and made a few closing remarks, closing the banquet as well as his term as Class Agent.

We are all proud of the fact that the Class of 1936 contributed more to the Alumni Giving Fund this year than any Class has contributed previously, thus setting a record for future classes to exceed. Your Class Agent is equally proud of the fact that 102 Classmates, 78.4% joined in this contribution.

To those who did not attend may we say that we missed you and look forward to seeing you at the next Reunion.

Thanks is due to Nick Varano, Pat Devers and Pop Freeman who, together with the writer made up the Committee, for putting on such a successful Twenty-Fifth Reunion.

LEONARD W. PARKHURST, Chairman

15th REUNION—CLASS OF 1946

The 15th Reunion was celebrated by the class of 1946 with a Dinner Dance at the Drake Hotel on June 14th. Thirty-three couples attended and thoroughly enjoyed reminiscing with their classmates. The feeling prevailed that more such affairs would be held in the future. Dr. John Griffith and Dr. James Mackell were selected as Co-Chairmen for the Twentieth Reunion.

RALPH A. CARABASI, JR., Chairman

10th REUNION—CLASS OF 1951

The class of 1951 held its 10th Reunion on June 14 and 15. Fifty-two members of the class attended one or more of the functions, and thirty-seven members were accompanied by their wives.

The two days of celebration were highlighted by a dinner dance held at the Benjamin Franklin Hotel on the evening of June 14. The honored guest was Dr. Andrew J. Ramsay, one of our initial teachers at Jefferson and now Professor of Anatomy and Head of the Department. Dr. Ramsay gave a most provocative discussion of the past and future at Jefferson, as well as the future of medical education in general. Vince McPeak acted as toastmaster and in his own inimitable way relived our student years. Dr. John Hodges, to whom we dedicated our yearbook, also reminisced about the class of '51.

Irv Stoloff presented the class paper on Reunion Day. Irv has been doing basic research at Jefferson in the Department of Medicine and spoke about "Problems of Organ Transplantation." Simon Piovanetti and Joe Gibson had the distinction of traveling the greatest distance for the reunion, Pio from Puerto Rico and Joe from Kermit, Texas. Other distinctions were also made, some had turned gray, some had lost weight, some had gained, but — by and large — few had basically changed. The arrangement of the tables at the dinner in many instances was almost identical to the Gross Anatomy tables in 1947.

The two days of festivities were climaxed by a cocktail party before the Annual Alumni Banquet and by the presentation to the class of the award for the 20th REUNION—CLASS OF 1941

A stag luncheon attended by 17 members of the class was held at the Union League on Wednesday, June 14th. This was followed that evening by a dinner-dance in the Washington Room of the Benjamin Franklin Hotel and 43 were present at this gala affair. Dr. Norton Paden was a most entertaining toastmaster and excellent dance music was provided at the twin Baldwin organs by Ralph and Buddy Bonds who are widely known as recording artists.

Prior to the Alumni Banquet on Thursday, June 15th, a cocktail party was held in the Jefferson Room of the Ben Franklin Hotel with an attendance of 30. Old acquaintances were renewed and further interest in Jefferson stimulated.

FREDERICK B. WAGNER, JR., Chairman

FRIDAY, JUNE 14TH

Astag Luncheon was held in the Union League on Wednesday, June 14th. This was followed that evening by a dinner-dance in the Washington Room of the Benjamin Franklin Hotel and 43 were present at this gala affair. Dr. Norton Paden was a most entertaining toastmaster and excellent dance music was provided at the twin Baldwin organs by Ralph and Buddy Bonds who are widely known as recording artists.

Prior to the Alumni Banquet on Thursday, June 15th, a cocktail party was held in the Jefferson Room of the Ben Franklin Hotel with an attendance of 30. Old acquaintances were renewed and further interest in Jefferson stimulated.

FREDERICK B. WAGNER, JR., Chairman
highest percentage of givers in the 13th Annual Drive. 80% of our class gave to the last Fund.

Needless to say, we are all looking forward to 1966 and our 15th Reunion.

VINCENT J. McPEAK, JR.
FRANK J. SWEENEY, JR.
Co-Chairmen

5th REUNION—CLASS OF 1956

The Fifth reunion of the class of 1956 was held on June 14th, 1961, at the Old Original Bookbinders Restaurant. Cocktails were served before dinner and a sumptuous meal followed. One hundred sixteen (116) alumni and their wives attended. We would like to thank all of those who came to the affair and those who replied to our questionnaires and helped to make this Reunion a most memorable one.

LEOPOLD S. LOEWENBERG, Chairman

Class of 1916 Reunion Luncheon. All present signed cards (pictured above right) which were sent to those who did not attend.
(above) Reunion luncheon — Class of 1931

(below) Members of Class of 1941, with their wives, at Reunion Dinner Dance
(right) Many members of the Class of 1951, with their wives, attended 10th Reunion.

The 116 members of the Class of 1956, and their wives, who
attended 5th Reunion dinner are shown in the two pictures below
DR. ANTHONY M. ALBERICO, Assistant in the Department of Medicine, has been appointed Director of the educational program of St. Mary's Franciscan Hospital, Frankford Ave. & Palmer Street, Phila., Pa.

DR. GONZALO E. APONTE, Assistant Professor of Pathology, spoke recently on "Oxalosis" at the Medical Staff Conference of Brookhaven National Laboratory.

DR. WALTER F. BALLINGER, II, Assistant Professor of Surgery, is one of the 25 Markle Scholars in Medical Science selected from the nation's 84 medical schools for 1961.

DR. JAMES O. BROWN, Associate Professor in Anatomy, was inducted recently as a Fellow in the International College of Surgeons (Allied Sciences) at the Twenty-Sixth Annual Congress of the North American Federation of the International College of Surgeons, in May, in Chicago. Although elected to membership in 1957, Dr. Brown had not previously participated in the formal induction procedures.

DR. RALPH A. CARABASI, Jr., Instructor in the Department of Medicine, attended an International Symposium on the Biological Interactions in Normal and Neoplastic Growths at the Henry Ford Hospital, Detroit, Michigan, on May 18-20.

DR. DAVID M. DAVIS, Professor Emeritus of Urology, addressed the Mexican Urological Society in Mexico on "Pyelonephritis and Urodynamics", in May and was awarded Honorary membership in the Society. He attended the meeting of the American Association of Genito-Urinary Surgeons in Las Vegas, Nevada and spoke on "Progress in Urodynamics", in May. He also attended the annual meeting of the American Urological Association in Los Angeles, California.

DR. CHARLES FINEBERG, Associate in Surgery, has been elected to the American Association for Thoracic Surgery.

DR. JOHN J. GARTLAND, Associate in Orthopaedic Surgery, read a paper entitled "Treatment of Mid-Shaft Fractures of the Humerus in Adults" at the 35th Annual Meeting of the New York Orthopaedic Hospital Alumni Association held at the Columbia Presbyterian Medical Center, New York, June 22-23.

DR. JOHN GOLDSCHMIDT, Associate in Physical Medicine, recently appeared on Ed Harvey's "Talk of Philadelphia" Show in a program devoted to the medical needs of the geriatric patient.

He also attended a week long Institute on teaching of Rehabilitation Medicine at Baylor University in Houston, Texas, and he participated in a Conference on the Geriatric Amputee sponsored by the National Academy of Sciences in Washington, D.C. and also attended the National Rehabilitation Association meetings in Atlantic City, N. J. He was guest lecturer, discussing "Medical Aspects of Spinal Cord Injuries" at the University of Pennsylvania, and also participated in meetings of the Pennsylvania Advisory Council for Amputees in Harrisburg.

DR. FRANZ GOLDSTEIN, Associate in Medicine, addressed the Monroe County Medical Society in April, on the subject of hepatitis, its national significance, its diagnosis and treatment.

DR. W. PAUL HAVENS, Jr., Professor of Medicine, lectured at the Altoona Veterans Hospital on May 29, on the subject of "Hepatitis".

DR. HAROLD L. ISRAEL, Clinical Professor of Medicine, served as physician-in-residence of the University of Montevideo Faculty of Medicine, during the week of April 8th, followed by lectures in Buenos Aires, Santiago, Guayaquil and Quito.

Dr. Israel also gave talks on "Sarcoidosis" and "Pulmonary Embolism" at the annual meeting of the Wisconsin State Medical Society in Milwaukee on May 2 and 3.

DR. RUDOLPH JAEGER, Professor of Neurological Surgery (Honorary) has announced that he has moved his office for private practice to the Jefferson Building, 1015 Chestnut Street, as of July 1, 1961.

DR. WARREN R. LANG and DR. LEON PRINCE, both Associate Professors of Obstetrics and Gynecology, visited the Department of Obstetrics and Gynecology at the University College of West Indies, Mona Jamaica. They also visited the School of Medicine — School of Tropical Medicine, University of Puerto Rico, San Juan, Puerto Rico, recently.

Both Dr. Prince and Dr. Lang attended the annual meeting of the American College of Obstetricians and Gynecologists in the latter part of May. Dr. Prince took a postgraduate course in "Biostatistics" and Dr. Prince took a postgraduate course in "Genetics".

FACULTY
DR. SIDNEY S. LERNER, Associate in Otolaryngology, recently presented a paper before the American College of Angiology and the Third Annual Meeting of the International College of Angiology in New York on Vascular Problems in Clinical Otology. In recognition of his contribution to the program, Dr. Lerner was awarded the Certificate of Merit.

DR. DANIEL LEWIS, Assistant Professor of Medicine and Chief of the Heart Clinic, has been presented with a grant to study the relationship between high-fat diet and anginal pain in heart patients, by the Heart Association of South-eastern Pennsylvania.

DR. H. HARRIS PELLMAN, Clinical Professor of Pediatrics, was asked for the third time in five years to address the residents and internes of the Freeman’s Hospital of Howard University, Washington, D.C. During the morning session Dr. Perlman spoke on the subject of "The Maculo-Papulo-Squamous Eruptions in Infancy and Childhood", which was illustrated by means of lantern slides and in the afternoon he addressed the members of the junior and senior classes at Howard University Medical School on "Atopic Dermatitis, its Diagnosis and Management with special emphasis on Differential Diagnosis".

Dr. Perlman also addressed the members at the 195th Annual meeting of the joint meeting of Dermatology and Pediatrics of The Medical Society of New Jersey, at Haddon Hall, Atlantic City, May 17. His subject was "Management of Some Common Pediatric Dermatologic Problems", which was illustrated by color slides.

DR. JOSEPH SATALOFF, Assistant Professor of Otology, and an associate were awarded a Certificate of Merit for their exhibit entitled "Conductive Hearing Loss in Children", at the New Jersey State Medical Society meeting in Atlantic City on May 15.

MARTIN J. SOKOLOFF, M.D., Clinical Professor of Medicine, was recently installed as President of the American Thoracic Society at its Annual Meeting which was held in Pittsburgh, Pennsylvania.

DR. F. WILLIAM SUNDERMAN, Clinical Professor of Medicine, was one of the speakers on the topic "Living in the Atomic Age", at an alumni seminar in conjunction with Gettysburg College’s 129th commencement.

DR. LEANDRO M. TOCANTINS, The Thomas Drake Martinez Cardeza Professor of Clinical Medicine and Hematology, discussed "Normal Mechanisms of Blood Coagulation", at one of the seminars on blood disease at the Robert Packer Hospital in Sayre, Pa.

DR. PETER A. THEODOS, Assistant Professor of Clinical Medicine, presented a paper on "The Pneumoconioses — A Pennsylvania Problem", before the Pennsylvania Academy of General Practice in Atlantic City in May, and participated in a panel discussion on "Rehabilitation of the Respiratory Cripple", at the annual meeting of the National Tuberculosis Association in Cincinnati, Ohio, in May.

DR. NICHOLAS VARANO, Assistant Professor of Urology, DR. FRANK J. Sweeney, Jr., Instructor in Medicine, and DR. JOHN MCKEOWN, Associate in Clinical Surgery, presented a program entitled "Fever of Unknown Origin" at the annual Spring Clinic of the Westmoreland County Medical Society, Inc., at the Hillcrest Country Club, New Kensington, in May.

DR. C. WILMER WIRTS, Associate Professor of Medicine, participated in a panel discussion of the "Aging Intestinal Tract" at a postgraduate course on problems of Growth and Aging, given by the American College of Physicians at the Lankenau Hospital, April 13.

On April 14, he presented "Evaluation and Management of Pancreatic Disease" at the Staff Meeting of the Germantown Hospital, Philadelphia.

Dr. Wirts also presented a paper on "Nutrition in Gastro-intestinal Disease" in May at the Scientific Assembly of the 13th Annual Convention of the Pennsylvania Academy of General Practice in Atlantic City.

He also participated in a symposium on Modern Clinical Medicine and Surgery of the Springfield Chapter of the Massachusetts Academy of General Practice in June and presented "Problems Involved in the Management of Disease of the Pancreas."

DR. ROBERT I. WISE, Magee Professor of Medicine and Head of the Department was a guest speaker at the annual seminar of the Monroe County Medical Society in May.

Dr. Wise also lectured at the 94th annual Texas Medical Association convention in April, at the Moody Center, Galveston, Texas.
COLLEGE RECEIVES N.I.H. GRANTS

JEFFERSON MEDICAL COLLEGE has received renewal of Grants-in-Aid for 1961-1962 period from N.I.H. and the Public Health Service for the continuation of research, fellowship training and the cytologic diagnosis of gastrointestinal cancer by the division of Gastroenterology in the amount of $42,000.

DR. McLAUGHLIN WINS MEAD JOHNSON AWARD

Dr. Edward D. McLaughlin, Resident in Surgery, on leave of absence to the N.I.H. was awarded first place honors for a paper he presented in March at the 1961 Scientific Forum of the Student American Medical Association. The subject of his paper was the effect of serum from cancerous and non-cancerous patients on hepatic regeneration in rats. This award, which is offered by Mead Johnson and Company, consists of an illuminated plaque, a $500.00 prize and the opportunity to present the same paper at the 1961 meeting of the American Medical Association, as well as being on the program of the Student A.M.A. on May 5 in Chicago.

ALUMNI PLACEMENT BUREAU

Position Available

Two alumni of the class of 1951, together with a third associate are seeking a fourth physician for general practice in Fort Edward, New York, which is in the Adirondack region.

Position Wanted

Alumnus, class of 1957, just completed 3 years of University Hospital training in Internal Medicine, would like to associate with another Internist or group of Internists, preferably in a small community in the East Coast or in the North Coast.

UROLOGY RESIDENTS PRESENT PAPERS

DR. ROBERT N. COTTONE, Resident in Urology, presented a paper on "Effect of Epsilon Aminocaproic Acid on Post-Prostatectomy Bleeding" at the meeting of the Philadelphia Urological Society, April 24, 1961.

DR. JOSE R. YUNEN, Resident in Urology, presented the findings of his work on prostatic carcinoma in a paper "Seminal Vesculography: Aid in Prostatic Cancer".

Rockefeller Fellow from Turkey to Train at College

DR. VEJAT SEZER, a Rockefeller Fellow from Ankara, Turkey, has started training in Pediatric Dermatology at the Pediatric Department of Jefferson Medical College. His program will be directed jointly by Dr. Luscombe, Department of Dermatology and Drs. Keitel and Perlman of the Department of Pediatrics.
1904
Dr. Frank Keagy, 401-4th Avenue, Altoona, Pa., is recovering from an emergency operation for a ruptured duodenal ulcer.

1905
Dr. Howard Everett Blanchard, 59 Elmwood Avenue, Providence, R.I., writes he is in active practice 9 months of the year. He spends January, February and March at his winter home, Miami Beach, Florida.

Dr. George F. Doyle, a retired ear, eye, nose and throat specialist, is making his home with his son, Dr. G. F. Doyle, who is a psychiatrist, at 2553 Trevilian Way, Louisville, Ky. The elder Dr. Doyle, one of Winchester's (Ky.) foremost "hobby historians", compiled hundreds of records on the community's early history. Some of these are now in the libraries of the University of Kentucky and Wesleyan College.

1908
Dr. Wellington D. Griesemer, 39 New Holland Avenue, Shillington, Pa., writes: "I have gotten married for a second time last October and have moved back to Shillington. Have also gotten back to work on part time basis for the Social Security program on disability. It is the examination of medical reports, so that a decision can be made as to eligibility. Have my own hours. It is very interesting and I can be of some service, as it is very difficult to get any doctors to do this kind of work."

1910
Dr. Russell W. Johnston, 116 S. Market Street, Selinsgrove, Pa., has been named chairman of the board of Directors of the First National Bank of Selinsgrove.

1911
Dr. Charles G. Boyer, Annandale, N. J. The community of Annandale observed Dr. Charles G. Boyer Day in June in recognition of the half century of service the physician has given to the area. About 275 persons turned out for the event and Dr. Boyer was given a large leather reclining chair from the people. About 25 persons in the audience wore lapel signs stating, "I am a Dr. Boyer baby". Although poor health forced Dr. Boyer to go into semi-retirement last fall, he continues as physician for 3 schools in the area, and as medical inspector for the Clinton Township Board of Health.

Dr. J. Elmer Croop, 124 High Street, Waterford, Pa.
Dr. Croop recently observed the 50th anniversary of his medical practice. Following the outbreak of World War I, Dr. Croop enlisted in the Army and was transferred to England for attachment to the British Army as a medical officer. On Feb. 22, 1919, he received from King George the Military Cross for "the efficient and valuable services rendered to his troops for one and one-half years". Dr. Croop wrote a book on his experience entitled "Twenty Months with the British Army". Dr. Croop's practice is now concerned with the diseases and processes of aging.

1912
Dr. Walter Hardee, 123 W. Main Street, Durham, N. C., writes: "You may tell the boys that I am enjoying good health and still keeping the practice active. The thought of retirement makes me shudder since I get a thrill out of my work. What would I do if I quit?"

Dr. Claude E. Snyder, 1201-6th Avenue, Altoona, Pa., writes: "Retired—health is good except for an advanced glaucoma in left eye. My wife died of cancer two years ago. Spend a lot of my time fishing, photography and I like my own cooking.

1913
Dr. Roscius I. Downs, 430 Cooper Street, Woodbury, N. J. Dr. Downs is currently recovering from a coronary.

Dr. Louis W. Wright, 414 N. Second Street, Harrisburg, Pa. Dr. Wright returned in May from an enjoyable three weeks Caribbean cruise, visiting Venezuela, Jamaica, Haiti, and other islands.

Dr. William D. Rodgers, Warrenton, N. C., writes that he suffered a severe heart attack in September 1959, which forced his retirement from active practice of medicine. At present he is able to enjoy an occasional automobile ride.
Dr. D. H. Parke of New Kensington, Pa. has retired from practice and now resides at 10517 Desert Hills Drive, Sun City, Arizona.

Dr. William B. Fort, 2001 N.E. 30th Street, Pompano Beach, Florida, writes: "Give my best regards to all the classmates in Philadelphia and tell them to stop in and see me when in my vicinity. It is quite a different life when you are retired but I have learned to 'loaf' very easily and am enjoying the Florida sunshine."

Dr. Carroll F. Crain, Oakland, Arkansas, writes: "Because of ill health I have been forced to retire and am now living at Oakland, Arkansas."

Dr. Lawrence N. Durgin, 66 Amity St., Amherst, Mass. Dr. Durgin has resigned as Chief of Medicine of the Cooley Dickinson Hospital. He is also retiring from the active hospital staff and has been appointed to the consultant staff. Dr. Durgin has been awarded a life membership in the American College of Physicians.

Dr. Lyle G. Ellis, Travelers Insurance Company, Hartford, Connecticut. Dr. Ellis will retire from his position with The Travelers Insurance Company in September 1961.

Dr. Louis Antupit, 242 Trumbull Street, Hartford, Conn., writes: "I now have 2 grandchildren, Lisa 2, and Jenifer 1. My son, Samuel, is Assistant Art Director, Harper's Bazaar."

Dr. Clifford H. Trexler, 2004 Allen Street, Allentown, Pa., is the new president of the medical staff and board of the Allentown Hospital.

Dr. Murray Elkins, 159-14 - 102nd St., Howard Beach 14, N. Y. Dr. Elkins' son, Robert William Elkins, has been admitted to the Jefferson Medical College Class of 1965.

Recent investigative interests: Fluorescent antibody techniques in determining possible antigen differences between normal and carcinomatous breast tissue, blood coagulation—particularly in respect to the thromboplastin factor.

Dr. Mitchell Seltzer, 600 S. Gray Street, Phoenixville, Pa., will give up general practice on August 1 to accept an appointment to the administrative staff of the U.S. Veterans Hospital in Philadelphia.

Dr. Joseph G. Cocke, 422 Laramie Drive, San Antonio, Texas, writes: "I will retire as of June 30. At that time Vi and I will return to San Antonio, Texas, and regain occupancy of our home. I have a nice job with the San Antonio State Hospital in the field of neuropsychiatry. I am looking forward to going into this work and am sure that it will be a challenging field."

Dr. Sylvester E. Lentz, 104 S. 3rd Street, Lehighton, Pa., writes: "My son Ronald graduated from the Jefferson Medical School in 1961; in 1960 my son Conrad graduated from Jefferson; my wife, Esther, graduated from Jefferson Nursing School in 1931; my daughter Lorene graduated from Jefferson Nursing School in 1958."

Dr. Claude H. Butler, Retreat State Hospital, Hunlock Creek, Pa., superintendent of Retreat State Hospital, has completed 25 years of service to the Commonwealth of Pennsylvania's mentally ill.

Dr. Michael Scott, 57 Derwen Road, Cywyyd, Pa., who is Professor and Chief of the Department of Neurosurgery, Temple University Medical Center, discussed "Cranial Nerve Syndromes — Diagnosis and Treatment", at a meeting of the Harrisburg Academy of Medicine.

Dr. Robert S. Garber, The Carrier Clinic, Belle Mead, New Jersey. Dr. Robert S. Garber, Medical Director of the Carrier Clinic, served as an Examiner for the Mental Hospital Administrators at the APA Annual Meeting in Chicago in May, 1961. He was also discussant of the paper "Does Psychotherapy Change Patients' Attitudes?" at the APA Meeting.

Dr. Edward V. Stanton, 1315 Genesse St., Utica, N.Y. writes that he is practicing OB-Gyn in Utica. He is Chief of the OB Department at St. Luke's Memorial Hospital. Also "have 4 children—2 boys—at least one a Jefferson candidate."

Dr. Carl G. Whitbeck, 431 Warren Street, Hudson, N.Y., writes: "I have one girl in college now—expect my son to enter next fall ('61). Have hopes of getting to Philadelphia sometime soon and see all you fellows."

Dr. Edward B. Maremus, Medical Tower, Phila., Pa. Dr. and Mrs. Edward B. Maremus and their sons plan to take a trip to Europe in August, 1961, at which time Dr. Maremus will attend the Medical Convention in Vienna, Austria.

Dr. George A. Silver, 162 Manhasset Woods Road, Manhasset, N.Y., was a speaker at a birthday dinner in North Haven in honor of the 13th anniversary of the founding of Israel and the opening of the new cancer research laboratory at the Hadassah Hebrew Medical Center in Israel. Dr. Silver set up the social medicine division at the center.

Dr. Jacob S. Wiener, M.D., 2408 S. Fifth St., Phila., Pa. Dr. Wiener was promoted to Adjunct in the Department of Medicine of the Einstein Medical Center, Southern Division. Also, he was recently appointed to the Membership and Organization Committee of the Philadelphia County Medical Society by Dr. Pascal F. Lucchesi.

Dr. Morris Parmet, 40 Dogwood Lane, Princeton, N. J., has been named to the consulting staff with privileges in Child Psychiatry at the Princeton Hospital.
Dr. Alexander W. Simmons, 423 Webb Ave., Burlington, N. C.
Dr. Simmons has been appointed to the advisory committee of Campbell College, where he will advise and assist the Board of Trustees in raising necessary funds for converting the college from a two-year to a four-year liberal arts institution.

In this capacity, he appeared on a filmed one-half hour documentary over most of the state's television stations on June 22.

Dr. Norman J. Skenesky, 6810 Castor Avenue, Philadelphia 49, Pennsylvania, has been appointed attending physician, Peripheral Vascular Section, Dept. of Medicine, Northern Division of the Albert Einstein Medical Center in Philadelphia.

1940

Dr. William B. Robinson, Menninger Foundation, Topeka, Kans.
Dr. Robinson attended the third World Congress of Psychiatry held in Montreal, Canada, June 4 to June 10, 1941, as the representative of the Menninger Foundation. Dr. Robinson entered the U. S. Army in the Medical Corps in 1942 and served as a neuro-psychiatrist in Fort George Meade Hospital, Baltimore. In 1947 he qualified for a three-year scholarship for study and training at the Menninger Foundation, and in 1951 received his degree as a national registered psychiatrist.

1941

Dr. Charles N. Burns, 23 N. River, Wilkes-Barre, Pa., has become President of the Luzerne County Unit of the American Cancer Society. He is presently engaged in private practice in Wilkes-Barre.

Dr. Clyde C. Greene, Jr., writes:
"Still in San Francisco—Private office at 490 Post St. with 2 partners. Also General Medical Director of Pacific Telephone Company and Secretary Treasurer of the American Society of Internal Medicine. Married with three children (13, 12 and 6). Still on Stanford Medical Faculty as Assistant Clinical Professor of Medicine.

Dr. Edward A. Ricketts, Suite 108, 3731 Stocker Street, Los Angeles 8, Calif.
Dr. Ricketts writes that he is now in private practice following a 12 year stint in the RA, then three years in a Beverly Hills group.
"Have a boy entering premedical work this September. Others in the family are two girls and another boy."

1943

Dr. George F. Rumr, Lt. Col., M.C., Army Service Medical School, Brooke Army Medical Center, Fort Sam Houston, Texas, writes:
"I am enjoying my work as Director of the Department of Medicine and Surgery here at the Medical Field Service School very much. My major duties for the past year have been in the field of Emergency Medical Care, both in the military and in the promotion of similar programs in those medical schools affiliated with the MEND program. This involves considerable travel and speaking commitments. I feel so strongly about the Emergency Medical Care Program, particularly as it can be applied by the average individual and its importance to survival in this country, that I don't mind the travel too much."

1944

Dr. Stacy L. Rollins, Jr., 1150 Connecticut Avenue, N.W., Washington 6, D.C.
Dr. Rollins represented Jefferson Medical College at the inauguration of the new President of George Washington University on May 3, 1961.

1945

James A. Cady, M.D., 54 Heather Lane, Levittown, L. I., New York.
Dr. Caddy was one of the five physicians to be awarded the President's Citation as an outstanding New York physician. The Citations were presented at the Annual Meeting of the Medical Society of the State of New York, which was held in Rochester recently.

Dr. William C. Gaventa, c/o 7006 Tenth Street, Tampa, Florida, writes:
"Alice and I returned to Nigeria in July, 1960, in time to get settled before Nigeria's Independence Day. Now have an approved School of Nursing to look after—and probably an internship program next year."

Dr. George B. Johnston, 455 E. Kivett Street, Asheboro, N. C., presented a paper on Multiple Severe Automotive Injuries Evaluation and Management to the North Carolina State Medical Society section on orthopedics and trauma at the annual meeting in Asheville on May 8. Dr. Johnston is a surgeon, associated with Randolph Hospital.

Dr. Samuel Rex Kennamer, Institute for Medical Research, Cedars of Lebanon Hospital, 4751 Fountain Avenue, Los Angeles 27, Calif.
Dr. Kennamer counts numerous film stars among his clientele. One of his most famous patients is Liz Taylor. He flew to London during her near-fatal bout with pneumonia. Dr. Kennamer says he still does research work and is only a part-time practitioner.

Dr. Desmond S. O'Doherty, Dept. of Neurology, Georgetown University Medical Center, Georgetown University Hospital, writes:
"I am Professor of Neurology and Chairman of Department of Neurology at Georgetown. Here in the Washington area are three others from our class, Bob DuPrey, Dick Bauer and Bill Ross."

(right) Presentation of Citations to N. Y. State "Physicians of the Year."
Dr. Caddy is second from right.
1946

Dr. Howard Isaacs, 7348 Drexel Road, Philadelphia 31, Pa. has been appointed Chief of Service in the Department of Obstetrics and Gynecology at Haverford Hospital, Haverford, Pa.

Dr. Marvin O. Lewis, Tahlequah, Oklahoma, is medical officer in charge at the Public Health Service Indian Hospital in Tahlequah, having assumed his duties here in June, 1959. Dr. Lewis and his family live on the hospital grounds.

1947

Dr. Lewis E. Jones, Veterans Admin. Center, Dublin, Ga., writes: "I am with the Veterans Administration and have been since 1954. In April, 1958, I was most fortunate to be certified by the American Board of Internal Medicine. However, more recently I made a decision to enter administrative medicine and since doing this I haven't been able to spend much time in the direct practice of internal medicine. I should add that I am enjoying this type of work and at the present time am serving as Director, Professional Services at this Center.

"You will probably recall my wife, the former Margaret (Peggy) Williams. She was nursing at "Jeff" (Class of 1946) while we were in school and was head nurse on the third floor obstetrical service. We have two sons, Lewis, Jr. and Kemp, who are 12 and 9 years of age respectively. "We both enjoy very much reading the 'Alumni Bulletin'."

Dr. Albert J. Kraft, 430 E. Wadsworth Street, Philadelphia, Pa.

Dr. Kraft's wife, Peggy, writing to Dr. Mandel, says, "Al started back into a medical residency last July 1st at the Veterans Administration Hospital. We had our 6th child in September, a son, after 5 girls."

Dr. Gail G. Li, 1523 Kalakaua Avenue, Honolulu, 14, Hawaii, writes, "Had the pleasure of meeting Dr. Frederick Dodge, his wife and four children this past week as they arrived to start their internship at St. Francis Hospital in Honolulu. Dr. Dodge, class of '61 brought me up to date on what is happening at Jefferson. I am presently serving as Chief of Obstetrics and Gynecology at St. Francis Hospital, and was recently elected to serve as President of the Honolulu Obstetrics and Gynecological Society. I am still making plans for the 15th Re-union and hope to see you then."

1948

Dr. Robert P. Laning, U.S. Naval Hospital, Phila. 45, Pa., Cdr., M.C., USN.

Dr. Laning is one of the physicians who was assigned to the Medical Recovery Team stationed aboard the U.S.S. Champlain on May 5, 1961. In his capacity of senior officer of this team, he examined and escorted the first American Astronaut and witnessed his historic flight into space.

Dr. Alan B. Michelson, 83 Nahant Street, Lynn, Mass., became a Fellow in the American College of Physicians at Miami Beach in May, with fellow alumnus Harold Wurzel, Class of 1947.

Dr. Robert D. Rector, 817 E. Catherine Street, Chambersburg, Pa.

Dr. Rector has taken offices in the Professional Arts Building, Chambersburg, for the practice of general surgery.

Dr. and Mrs. Rector have two sons, 7 and 9.

Dr. Nelson H. Schimmel, 2017 Berkeley Road, Norristown, Pa., has been appointed Director of Clinical Research of the Warner-Lambert Research Institute.

1949

Dr. Thomas D. Michael, Box 297, RFD 2, Frederick, Md.

Dr. Michael's wife, Helge, writes, "We are now country folk. One office and one hospital—it's great. Mike still teaches one day a week at the University of Maryland, so we're keeping in touch. Baltimore is only 40 miles away so we're not completely isolated. Business is booming here and these farmers pay their bills."

Dr. Edward A. Schauer, 53 Main Street, Farmingdale, N. J., writes: "Brother Joe and I are still going strong after three years together trying to do more State Medical Society and State A.G.P. Committee work."

Dr. Joseph M. Valloti of Rose Valley Road, Wallingford, Pa., has been named Chester plant physician of the Scott Paper Company, and will be responsible for all phases of the plant health program, including those for the foam and molded container divisions.

1950

Dr. Charles L. Saunders, Jr., 523 Willow Lane, Burlington, N. C., has been made a diplomat of the American Board of Obstetrics and Gynecology.

1951

Dr. Harry Boretsky, 1005 W. Sutter Road, Glenshaw, Pa. was certified in anesthesiology by the American Board in 1959. He has been chief of anesthesiology at the Suburban General Hospital in Pittsburgh, Pa., since 1957, and is now President-elect of the Pittsburgh Society of Anesthesiologists.

Dr. Boretsky and his wife, Marie, have 2 boys, aged 4½ and 1.

Dr. Charles S. DeBonis, 62 John Street, Kingston, Pa.

The Board of Directors of Nesbitt Hospital recently announced the appointment of Dr. Charles S. DeBonis, as Associate Chief of Cardiology.

Dr. Daniel Erhard, 1 Sugar maple Lane, Levittown, Pa., has been elected as the new President of the Medical Staff of the Lower Bucks County Hospital. Dr. Erhard, elected for a two year term, is one of the few General Practice physicians in the State to be elected President of a hospital's Medical Staff.

Dr. Erhard has been practicing medicine for over nine years and he has had offices in Levittown, Pa., ever since the community was built. Dr. Erhard graduated from the University of Scranton and the Jefferson Medical College and interned at the Reading Hospital. He served three years in the Navy as an enlisted man. Dr. Erhard is past President, and now Secretary of the Bucks County Medical Society. He is a member of the American Academy of General Practice.

Dr. Erhard and his wife, Joan, have six children.

Dr. William C. Field, Kings Highway East at Montana Avenue, Haddonfield, N. J., writes: "Am enjoying my Pediatric practice immensely and am taking in an associate. We have 2 children—Cynthia Ann, 1 yr. and Gregory, 3 yrs."

Dr. John W. Langley, 4960 Challen Avenue, Arlington, Calif., writes: "You've heard about the rolling stone, that's me. After one year of Internal Medicine at Riverside County Hospital 1957-58, I have been with Southern California Permanente Medical Group (Kaiser Health Plan). We have six children (two female, four male). No muss but plenty of children.

Dr. Armand A. Wallack, 6204 Christian Street, Philadelphia, Pa. was appointed Di-
rector of Medical Education at Philadelphia General Hospital. Dr. Wallack will be in charge of the training programs of 90 interns and 125 residents who are completing their graduate work in medicine.

1952

JOSÉ H. AMADEO, M.D., Veterans Administration Hospital, San Juan, Puerto Rico. Dr. Amadeo left Philadelphia in June to become Chief of Surgical Services at the Veterans Administration Hospital, San Juan, Puerto Rico.

D. BURWELL M. KENNEDY, Oasis Hospital, Buraimi (via Dubai), Trucial States, Persian Gulf, writes:
"We came to the Near East in 1956. After the revolution in Iraq we went to serve temporarily in a T.B. Sanitarium in Jordan. From there we made survey trips to the Persian Gulf and as a result are at last settling down here at the Buraimi Oasis, upon the invitation of the ruling Sheik. We have begun medical mission work among the desert Arabs. Our hope is that within the next year we may have a fully equipped clinic including an operating room, obstetrical unit, and x-ray set up—as requested by the ruler.
"We have our four children with us."

1953

DR. JOHN CLINTON HERRMAN, has announced the opening of his office at the Willo Medical Arts Building, 36001 Euclid Avenue, Willoughby, Ohio. He will practice general surgery. Dr. Herrman became a Diplomat of the American Board of Surgery in March, 1961.

DR. GEORGE L. SEXTON, JR., 223 Cherry Drive, Wyomissing, Pa., was certified by the American Board of Obstetrics and Gynecology in May, 1961. He is engaged in group practice of obstetrics and gynecology in Reading, Pa. Dr. and Mrs. Sexton have two children, Cynthia 5 and Anne 3.

1954

DR. JOSEPH L. ABBOTT has announced the opening of his office at 507 N. High Street, West Chester, Pa., for the practice of obstetrics and gynecology.

DR. MILTON IVKER, 227 Bronx River Road, Yonkers, N. Y., writes:
"At present I am spending some time at Bronx V.A. Hospital, getting some additional Head and Neck training.
"I met Merle Katzman. He is chief resident in orthopedic surgery at Columbia Presbyterian Hospital, and will finish his training this July."

DR. MILTON R. OKUN, 1683 Beacon St., Brookline, Mass., writes:
"I opened an office for the practice of dermatology last July here in Brookline. In addition I have a part-time teaching and research job at the New England Medical Center-Tufts University."

DR. JOHN D. WOFFORD, 1605 Peachtree Street, Jackson, Mississippi, has been named outstanding alumnus of the year by the Millsaps College chapter of Alpha Epsilon Delta, national premedical honor society.

1955

JOSEPH R. JOHN, M.D., Penna. Ave., R.D. No. 2, Sayre, Pa., writes:
"I am now in a radiology residency, after floundering for four years after my internship. I was in general practice, the Army, a surgery residency, and am now finishing my first year in Radiology at the Robert Packer Hospital in Sayre, Pa. I did a lot of traveling and a lot of looking before coming here, and am still convinced this is about the finest radiology residency available in the east. Dawn and I now have three children; Stephanie, three; Joseph, III, 18 months; and Alison Ann, 5 months. Sorry I missed the fifth reunion; will certainly make the tenth."

HARRY G. LIGHT, M.D., University Hospital, 34th & Spruce Sts., Phila. 4, Pa. Dr. Light is finishing his fifth year of surgical residency at University of Pennsylvania. He and his wife have four children.

DR. DON G. MILLER, 103 Brown Street, Middlebury, Indiana, writes:
"I'm still in general practice in a small Indiana town and like it fairly well, although I expect to go back to school in a few more years, when we're a bit more 'out-front-under'. Our family has now grown to the extent of three boys and a girl, and I think we have made enough contributions to the population explosion. We missed the five-year reunion but hope to get back sometime."

DR. ROGER E. PARENTAU, 731 Grattan Street, Aldenville P.O., Chicopee Falls, Mass., writes that he and his wife now have five children.

He is in his 2nd year of OB-Gyn Residency at the Carney and St. Margaret's Hospitals in Boston and will be finishing in July, 1962, and will then enter practice in the Holyoke-Springfield, Mass. area.

1956

DR. GEORGE M. ARNAS, 208 S. Aitken Avenue, Pittsburgh, Pa. Dr. Arnas writes that he will be entering the U.S. Navy this summer.

DR. HUGH W. ASHMORE, 21 Sims Avenue, Portsmouth, N. H., writes:
"My wife and I now have a daughter, Susan Lynne, who is 20 months old. I had been Chief Resident in Pathology at Jefferson Medical College Hospital but entered the U.S. Navy on July 6th as Pathologist at the Naval Hospital at Portsmouth, New Hampshire."

EUGENE F. BONACCI, M. D., has entered the military service as a Captain in the Medical Corps of the United States Army. He will be in the service for the next two years and his present address is—Base Hospital, Fort George Meade, Maryland.

DR. J. MOSTYN DAVIS, 301 Sunbury Street, Shamokin, Pa. Dr. Davis' wife, Dottie, writing to Dr. Bonacci, says, "J. Mostyn was named 'Man of the Year' by the Shamokin Jay Cees and we were very pleased. It is quite an honor since we've only been here four years."

DR. STEVEN E. FIRST, 301 Twin Oaks Drive, Havertown, Pa., has been awarded a research fellowship for studies at Graduate Hospital over the next 12 months, by the Heart Association of Southeastern Pennsylvania.

DR. G. GORDON GIVEN, JR., 449 E. Penncrest Drive, Langhorne, Pa., has been named assistant medical director of the Paul Revere Life.

51
Dr. Russell H. Harris, Minneapolis General Hospital, 619 S. 5th Street, Minneapolis 15, Minn., writes:

"Presently I'm a captain in the USAF stationed at Tyndall AFB, Florida. My tour of duty ends in July, 1961 and then we go back to Minneapolis General Hospital to finish my surgery residency. My wife's name is Mary Ann and in November, 1960 our first child was born, a son, Jeff."

Dr. Joseph R. Rairn, Children's Hospital, 219 Bryant St., Buffalo 22, N.Y.,writes:

"I will complete my Pediatric Residency at Buffalo Children's Hospital in June. This last year I have served as Chief Resident which has kept me quite busy. I intend to spend another year as clinical Fellow in Renal Physiology and Disease with Dr. Mitchell Rubin. My wife, Stasia, and I have two children, Paul, 4 and Deborah, 2 yr. 10 Mo."

Dr. Edward D. McLaughlin, 120 Center Drive, Bethesda 14, Maryland, presently at the National Cancer Institute spoke to the Wisconsin Surgical Society on April 11 at the National Institutes of Health, Bethesda, Maryland, relating to his investigative work at the Institute.

"Mitotic Stimulating Effect of Serum from Patients with Pelvic Cancer" was the title of his paper to the James Ewing Society on April 13 at Memorial Hospital, New York City. On April 19th, he was a guest of the Meigs Society in Philadelphia. The title of his address was "Demonstration of Serum Factors Influencing Cell Growth."

Dr. David S. SklofF, announces the opening of his office for the practice of obstetrics and gynecology at 6819 Castor Avenue, Philadelphia 49, Pa.

Dr. Theodore B. Woutersz, Dept. of Obstetrics & Gynecology, Fort Lee Army Hospital, Ft. Lee, Va.

Dr. Woutersz recently completed the career officer course at the Medical Service School, Brooke Army Medical Center, Fort Sam Houston, Texas. He was trained in the principles of medical and military law, financial and personnel management, and field medicine and surgery.

Dr. Noyes E. Yale, Jr., 157 Engle St., Englewood, N. J. writes:

"Recently opened office for practice of Internal Medicine in Englewood, New Jersey. On February 22, 1961, third addition to family, a son, David N. Yale."

Dr. James G. Zangrilli, Geisinger Memorial Hospital, Danville, Pa., writes:

"I am currently in a G. U. residency at the Geisinger Memorial Hospital. I am not married yet."

1957

Dr. Herbert V. Allen, Jr. writes:

Dr. Richard B. Freeman, San Francisco, California, has been assigned the position of Assistant Chief of Medicine at the Marine Hospital, 15th Avenue and Lake Streets, San Francisco, California.

Dr. Freeman, his wife and three children plan to drive across the country to San Francisco.

Dr. Alfred O. Heath, Capt. M.C., 01872757, 130th Station Hospital, APO 403, New York, N.Y., writes:

"I am enjoying my tour with the Army very much. I am with the 130th Station Hospital, U.S. Army, Heidelberg, Germany, engaged in general surgery and orthopedics. I plan to return to complete my residency in May 1963. Gerry, my wife, is teaching in the Heidelberg American Dependent Schools."

Dr. Abram Hostetter, 1924 North Second Street, Harrisburg, Pa., has completed his residency in psychiatry at Norristown State Hospital. He is going into private practice with three other psychiatrists in Harrisburg, Pa., and will be on the medical staff of Polyclinic Hospital.

Dr. Gerald Labriola, Lt. U.S.N.R., U.S. Naval Hospital, Quonset Point, R.I., writes:

"Completed residency in Pediatrics in June, 1960. Am now on active duty with Navy at U.S. Naval Air Station, Quonset Point, R.I., (Chief, Pediatrics Division). Have 2 children, 3½ years and 8 months. Hope to practice pediatrics in Connecticut on discharge from service in July 1962."

Robert A. Smith, 300 E. 9th Street, Chester, Pa., writes:

"Am in general practice (soio) in Chester, Pa. Have two girls, ages three and one. Am in the Pennsylvania National Guard as a Captain."

Dr. Frank B. Thomas, III, 121 High Street, Hancock, Md. writes:

1958

Dr. Barry L. Altman, Capt. M.C., U.S. Army, Bldg. No. 12, Apt. N2, Kimmel Road, Fort Jay, Governor's Island, N.Y., writes:

"At present, I'm a member of the surgical staff of the Ft. Jay Army Hospital. Have 1½ more years to go as Captain, Medical Corps. Have one son, Jon Mitchell, 17 mos. and another on the way. Will complete training in Urology at East Orange V.A. Hospital, N. J., after completion of active duty."

Dr. Robert A. Cooper, Jr., University of Calif. Hospitals, Parnassus & First Avenues, San Francisco 22, California.

Dr. Cooper is a Fellow of American Cancer Society and resident in Pathology at University of California Hospital. He became the father of a baby boy, Bob III on November 8, 1960.

Dr. Malcolm L. Cowen is now stationed at Pearl Harbor Shipyard Dispensary in Honolulu, Hawaii. His family has been increased by the birth of a daughter on March 21, 1961.

Dr. Joseph T. English, 1950 Montgomery Avenue, Villanova, Pa.

Dr. English, resident in psychiatry at the Institute of the Pennsylvania Hospital, has been appointed Director of the Student Mental Health Service at Saint Joseph's College.

Dr. Fogel became the father of a baby girl on February 21, 1961. He is a Dermatology resident at the Skin and Cancer Hospital of Philadelphia.

Dr. George O. Jack, N.A.S., Disp. Navy-14, c/o F.P.O., San Francisco, California, writes:

"Am now a Naval Flight Surgeon for the Airborne Early Warning Pacific, and stationed at Barker's Point, Oahu. Will be here in Hawaii for 1½ more years—enjoying myself very much."

Dr. James M. LaBraico, Oscoda, Michigan.

Dr. LaBraico is serving in the U.S. Air Force, stationed at Oscoda, Michigan.

Dr. Patrick J. McKenna, Veterans Hospital, 39th & Woodland Streets, Phila., Pa.

Dr. McKenna is a 2nd year resident in Medicine at Philadelphia V.A. Hospital.
Dr. W. H. McMicken, MC, USN, USS SNOOK (SSN-592), c/o Ingalls Shipbuilding Corp., Pascagoula, Mississippi, writes: “After nearly a year as Medical Officer of the SEAWOLF, I have orders to a new nuclear-powered submarine, the USS SNOOK.

“I hope to get into a residency in medicine, in the Navy.”

John T. Rightor, M.D., 204 Central Avenue, Oil City, Pennsylvania, has been appointed to the active medical staff, with privileges in general practice, including obstetrics, medicine and pediatrics, at the Oil City Hospital.

Dr. Rightor is a member of the Allegheny County Medical Society, Pennsylvania Medical Association and American Medical Association.

Dr. Gilmore Rothrock has begun a surgical residency at York Hospital, York, Pa.

Samuel F. Rudolph, Jr., M.D., MOQ No. 934 B, U.S. Naval Air Base, Patuxent River, Md.

Dr. Rudolph writes, “I am now a flight surgeon, U.S. Navy, stationed at Patuxent River, Md.; now have two children, Gail three, and Richy one and a half.

“I expect to take an OB-Gyn residency, possibly within the next year or so.”

1959

Dr. Walter Bloes, 504 Washington Avenue, Jermyn, Pa., is engaged in general practice. He is also on the staffs of Cambondale General Hospital, Midvalley Hospital, and Mercy in Scranton.

Dr. Karl D. Bowers, Jr., is presently serving as a general medical officer in the Navy at the Fleet Anti-Air Warfare Training Center, Dam Neck, Virginia.

Dr. James Gainer, Naval School of Aviation, Naval Aviation Medical Center, Pensacola, Florida, writes:

“I have been attending the Naval School of Aviation Medicine here in Pensacola. This consisted of 4½ months of academic instruction in clinical specialties important in aviation and 6 weeks of flight training. We’ll be staying here for the next 2½ years or so. We still have Michael, and a sibling on the way in September.”

Dr. George E. Hudock, Jr., 2737 Green Street, Harrisburg, Pa.

Dr. George E. Hudock, Jr., has been appointed Senior Resident Clinical Pathologist at Harrisburg Hospital.

Dr. Pat Ioffreda, MC, C4052498, 536th General Hospital, APO 177, New York, N.Y., writes:

“I am still in the Army and at present I am stationed at Illseheim, a small post about 35 miles southwest of Nuremberg, Germany, where I am in charge of the local dispensary and where, at this time, I am the only physician. I am rather content with this position. However, from time to time I wish that I would see more patients and especially more truly ill patients, as my work-load here is rather light.

Dr. William F. Larsen, 6768 Wildlife Road, Malibu, California, writes:

“In addition to working for Douglas Aircraft as a medical supervisor, I also have my own general practice office in Malibu, California.”

Dr. Larry J. Mellon, Fairview Road & Fifth Avenue, Woodlyn, Pa., writes:

“After serving a very rewarding internship and spending a year as a General Practice Resident at Fitzgerald Mercy Hospital, I have opened an office for the general practice of medicine in Woodlyn, Pa. My wife and I, together with our two sons, Larry and Michael, are looking forward to moving into our new home at 708 N. Morton Avenue, Morton, Pa.”

Dr. Walter C. Rose, Jr., is presently at 4900 Disp., Kirkland Air Force Base, Albuquerque, New Mexico. He will finish his military duty in June 30, 1962, after which time he hopes to go into an OB-GYN Residency. Dr. Rose is married and has two boys, ages five and three.

Dr. Samuel Stover, Island of Timda, Indonesia, writes:

“Within the next couple months I expect to leave for the island of Timda, Indonesia for a term of three years, in conjunction with our church relief program. At the present time I am in private practice in the Ozark Mountains, Arkansas.”

1960

Dr. Robert P. Bridenbaugh has begun a medical residency at the York Hospital in York, Pa.

Dr. Ronald A. Cohen, Mayo Clinic, Rochester, Minn.

Dr. Cohen has completed a one-year rotating internship at the Geisinger Memorial Hospital and has earned a 3-year fellowship for further study at the Mayo Clinic, Rochester, Minnesota. He is serving as the doctor at a private boy’s camp in New Hampshire during the summer months.

Engagements

1953

Mr. and Mrs. Harry Barnes of Milwaukee, Wisconsin announce the engagement of their daughter, Miss Marlene Barnes to Dr. Henry A. Kane.

1959

Dr. John J. Danyo, 1st Amtrack B.N., 3rd Marine Division F.M.F., FPO San Francisco, California.

The engagement of Dr. John Joseph Danyo to Miss Sara Ellen Little of Jenkintown, Pa., has been recently announced. Miss Little attended the Jefferson Medical College Hospital School of Nursing. Dr. Danyo is presently in the Marine Corps, stationed in Okinawa. The wedding will take place September 2.
1960

The engagement of Dr. Donald Hooper to Miss Mary Ann Kiefer of Plains, Pennsylvania, was recently announced.

The bride-elect is a graduate of Millersville State College. She is a member of Reynolds Junior High School faculty, where she teaches science.

Dr. William T. Lemmon, Jr., Jefferson Medical College Hospital, Philadelphia, Pa.

Mr. and Mrs. Ralph S. Moyer of Reading, announce the engagement of their daughter, Miss Jean Rae Moyer to Dr. William Thomas Lemmon, Jr., son of Dr. and Mrs. Lemmon, of Gladwyne, Pa.

Miss Moyer is a graduate of Lankenau Hospital School of Nursing and attended the University of Pennsylvania.

A September wedding is planned.

Weddings

1946

Dr. Forrest E. Lumpkin, Jr., 4040 Chapel Road, Dallas, Texas

An August 5 wedding in Asheville, N. C. joined in marriage Miss Katherine Barbee Gaines, of Asheville, and Dr. Forrest Edward Lumpkin, Jr.

1958

Dr. Mark Eisenstein, 309 F East Center, Aberdeen, Md.

Dr. Eisenstein was married to the former Rose Senoff of Trenton, N. J. on November 23, 1959. A son, David Arthur was born November 10, 1960. He is presently in the army stationed at Aberdeen Proving Ground, Aberdeen, Md. He is leaving the army in July 1961.

1960

Dr. George F. Hewson, Jr., St. Vincent’s Hospital, 153 W. 11th Street, New York 11, N. Y.

Dr. George Francis Hewson, Jr. and Miss Wallis Dorothy Houk of Hackensack, N. J., were married on April 15, 1961.

Dr. Hewson is now a second year resident in surgery at St. Vincent’s Hospital, New York City.

Dr. James H. Frank, 5624 Maple Heights, Pittsburgh, Pa.

Dr. James A. Frank and Miss Ina Lisbeth Fleeger of New Kensington, Pa., were married on June 11, 1961. Dr. Frank is now a resident in pathology at Montefiore Hospital in Pittsburgh.

1961

Dr. Jeffrey S. Crane, Cooper Hospital, Camden, N. J.

The marriage of Elizabeth Jean Margerum to Dr. Jeffrey Stuart Crane took place on June 17.

The bride is employed as a teacher by the welfare department in Philadelphia. The couple are making their home at 26 West Atlantic Avenue, Haddon Heights, N. J.

Dr. Murray B. Grosky, Harrisburg Polyclinic Hospital, 3rd & Radnor Streets, Harrisburg, Pa.

The marriage of Miss Martha Chaitt of Reading, Pa., and Dr. Murray B. Grosky took place in June in Reading. The newlyweds are residing in Harrisburg, where Dr. Grosky is interning at the Harrisburg Polyclinic Hospital.

The marriage of Dr. Marvin Grossman and Miss Sandra Talansky of Philadelphia, took place in June. The bride plans to attend Temple University School of Medicine. Dr. Grossman is interning at the Naval Hospital in Philadelphia.

Dr. Raymond L. Sphar, Germantown Dispensary and Hospital, East Penn & Wister Streets, Philadelphia 44, Pa.

Miss Jean Cusick, daughter of Mr. and Mrs. James F. Cusick, of Hanover, N. H., became the bride of Dr. Raymond Leslie Sphar, Jr., son of Dr. and Mrs. Sphar, of Charleroi, Pa., on June 24.

The bride is a graduate of the School of Occupational Therapy at the University of Pennsylvania.

The couple will make their home in Chestnut Hill, Pa.

Births

S’44

Jerome D. Shaffer, M.D., 705 Osler Bldg., 1200 North Walker, Oklahoma City 3, Okla.

Dr. & Mrs. Jerome D. Shaffer announce the birth of their fifth child, a son, on June 9, 1961.

1948

Dr. Clifford Lull, Chambersburg Hospital, Chambersburg, Pa.

Dr. Clifford Lull and his wife announce the birth of a son, Clifford Lull III, on October 4, 1960.
Dr. Charles G. Steinmetz, III, 4606 Spruce Street, Phila., Pa.
Dr. and Mrs. Steinmetz announce the birth of a ten pound baby girl, Nancy Lowry Steinmetz. Dr. Steinmetz is Associate Professor of Ophthalmology at Jefferson.

1950
Dr. Frank E. McElree, Jr., 4 Chambers Avenue, Greenville, Pa.
Dr. and Mrs. Frank E. McElree, Jr. announce that a fourth member was added to their family. Frank E., III arrived July 7. He joins Lynn 4½, Nancy, 3½, and Tommy, 2 years. Dr. McElree is in general surgical practice in Greenville, Pa.

1951
Dr. Herbert C. Dodge, 458 Foster Drive, Springfield, Pa.
Dr. and Mrs. Herbert C. Dodge announce the birth of their 3rd child, a son, John Michael, born February 27, 1961. The other children are Gail Janet, age 10 and Nancy Karol, age 8.

1953
Dr. and Mrs. Arnold H. Orlick, 7881 - 9th Avenue, So., St. Petersburg, Florida, announce the arrival of Jonathan’s brother, Martin Edward, on February 26, 1961.

1954
Dr. W. Robert Jacobs, Rugby Road, Phillipsburg, N.J.
Dr. and Mrs. W. Robert Jacobs announce the birth of their 2nd child, Cindy Rae, born June 22, 1961.

1959
Dr. Henry A. Greenawald, c/o U.S.P.H.S. Hospital, Harlem, Montana.
Dr. and Mrs. Henry A. Greenawald proudly announce the birth of a son, Mark Henry, on April 29, 1961.

1960
Dr. Alfred J. Finn, Charlotte Hungerford Hospital, Torrington, Conn.
Dr. and Mrs. Alfred J. Finn announce the arrival of a son, Michael Joseph, born March 11, 1961 at St. Vincent’s Hospital, Bridgeport, Connecticut. Dr. Finn is serving his internship at St. Vincent’s Hospital.

Dr. Samuel G. Morosco, 630 N. Wade, Washington, Pa.
Dr. and Mrs. Samuel G. Morosco announce the birth of their second child, a daughter, Jane Elizabeth, born January 27, 1961.

*Winners in Jefferson’s Tennis Tournament. First Place Winner, Dr. Marvin C. Snyder, Class of 1953 (right); Second Place Winner, Dr. Bronson J. McNierney, Class of 1957 (center) and Third Place Winner, Dr. Burton L. Wellenbach, Class of 1944 (left)*
Dean and Alumni Association President Ex-

Dear Jefferson Alumni:

I am indeed glad to have this opportunity to express, on behalf of the Board of Trustees and the Administration, our most sincere thanks for your response in the 13th Annual Giving Fund Drive.

This is not merely a routine and polite ‘‘thank you.’’ It is difficult for me to express to you how much it means to the Dean of any College to know that the Alumni support his efforts in a material way, so I can only say that this is an expression of my deep personal gratitude.

This year your Drive topped all previous Campaigns and you have provided funds which are badly needed to carry out some of the projects we have in mind for the coming year. I am also grateful for the confidence you have indicated in the governing body of the Alumni Association and the Administration in sending ‘‘unrestricted’’ contributions. It is good to know that you have faith in us and believe that the moneys will be wisely used. I assure you that this is true, for I think that all of us share the same objective—to see Jefferson stand first in every respect among medical schools.

It is apparent to me that many of you have given thoughtful consideration to Jefferson’s needs and aims and that you have accepted your share of our joint responsibility in achieving our goals. This is most important, for the Administration cannot accomplish these aims without the financial support of the Alumni body and you, in turn, cannot take pride in Jefferson’s achievements if we at the College are unable, because of lack of funds, to employ a high caliber of teachers, to carry on important research and to provide our students in every way with the best in medical education.

We have set our sights very high in planning for Jefferson’s future but any qualms I may have bad about reaching the goals we have set have been largely allayed by your generosity in the past campaign. I am particularly delighted to see increasing numbers of you evidence an interest in your Alma Mater. Jefferson cannot reach the pinnacle it once occupied unless all of you participate in these fund-raising efforts.

We are encouraged—we are optimistic—and we are confident of our ultimate success, but we are not unaware of the magnitude of the task which lies ahead of us. We will need the support of every one of our Alumni during the next few years and I feel certain you will give it—gladly and with pride in being a part of this most ambitious undertaking.

For all of you, and for Jefferson—I hope for a year of progress and I hope that next August I may be able to give you tangible evidence of the results of your support.

Sincerely,

[Signature]

Dean
Dear Fellow Alumni:

It is a distinct privilege for me, as your President, to congratulate you this year on having broken all previous records for Annual Giving. I am delighted that it occurred during my term of office, but I feel equally certain that your President next year will be able to say the same thing—since next year I know that the total of our Drive will be even higher.

I cannot express adequately the pride I feel in having been chosen to head our Alumni body. Your interest in Jefferson, your wonderful esprit de corps, and your vital concern with the future of medical education have made my term a memorable experience.

I have thoroughly enjoyed traveling to various sections of the country to address Chapter meetings and have welcomed these opportunities for closer contacts with you. I have been most impressed everywhere I have gone with your continued interest in Jefferson's affairs and your enthusiasm for her future. This interest and enthusiasm are not in any way related to the number of years which have elapsed since your graduation. I have met Alumni from classes in the early 1900s who are as well informed regarding affairs at Jefferson as are graduates from last year's class. This factor, of course, is the key to the strength and influence of our Alumni body.

We must continue this thoughtful concern with Jefferson's welfare and we must, through more frequent meetings and closer contacts, strengthen our ties with each other—whether we are located in the most far-flung outpost or here in Philadelphia. As an active, vital organization, we are and will continue to be in a position to help the Administration and the Board of Trustees plan for Jefferson's future. Our influence will be felt and together we can accomplish the much needed expansion which you have seen and heard outlined.

If we have been proud of Jefferson in the past, I think it is certain that we will have even more reason for pride in the future. All of you who sent your contributions in the last Drive may justifiably feel that you have been a part of Jefferson's progress.

It is my very sincere hope that those who did not respond this year to appeals by their Class Agents and local solicitors will give very thoughtful consideration in the future to the mutually beneficial relationship which exists between Alumni and their Alma Mater. You do have a debt to Jefferson and Jefferson, in turn, has a responsibility to you to maintain and better its academic standing among medical schools. I believe Jefferson is discharging its responsibility to you and I hope that in the 14th Drive you will make partial payment on your debt to Jefferson.

With my very best wishes for your success and happiness.

Sincerely yours,

John B. Montgomery
President
Thirteenth Drive Sets All-time Fund Record, Dr.

The Thirteenth Annual Giving Fund Drive closed on June 30, 1961 with a total of $144,735.95, which is the largest amount ever contributed by Jefferson Alumni since the beginning of our Fund.

All who contributed during the past year have a right to feel very proud of this record. We fell short of our $150,000 goal by some $5,300 and this is regrettable, since we would have far exceeded the goal had each of our 3,140 non-contributors given even $5.00.

Of our 6,587 living Alumni with known addresses, 3,447 participated in the 13th Drive, or a percentage of 52.3%. This is an improvement over past years but we believe firmly that this figure must continue to rise substantially if Jefferson’s future is to be assured.

We are grateful to all who sent their checks during this Drive and particularly to the 770 of you who responded for increased gifts. We were most gratified also that the efforts of our Class Agents and geographic solicitors resulted in 505 “new” gifts from Alumni who had not contributed previously or who had not contributed for a number of years.

We hope that this group of “new” givers will be greatly increased in the next Drive for we cannot emphasize too strongly Jefferson’s need for help from all her Alumni. As you know, we will be embarking soon on a major expansion program and if we are to be successful in obtaining funds from outside sources — corporations, foundations and individuals — we must first be able to give convincing proof of the support of our own Alumni.

You have read much publicity recently about Jefferson’s having awarded its 20,000th Degree this past June. We are proud of the fact that we have the largest Alumni body of any medical college in the country but, unfortunately, we cannot claim credit for having the largest number of Alumni contributors to our Fund. We hope that next year we will again stand first in Annual Giving among all medical schools.

Many workers contributed to the success of the 13th Drive and, as Chairman of the Giving Fund Committee, I am most grateful to all. The Committee members spent many hours planning for the Drive and the Class Agents carried out these plans with cooperation and enthusiasm. As you know, we undertook a personal solicitation on a geographic basis this year as a means of aiding Class Agents, and we are most appreciative of the help given by these solicitors. We feel that the results of this initial effort were very satisfactory.

Our Alumni Secretary, Mrs. Joseph J. Mulone, and her assistants, Mrs. Chait and Miss Siburkis, were of great help to the Committee in planning the campaign and carrying on the voluminous correspondence and the many administrative details involved in the Drive.

The Class of 1936, Dr. Leonard W. Parkhurst and Dr. Patrick J. Devers, Agents, celebrated its 25th Reunion and broke all previous giving records for a single class, with a total of $8,903.70 and participation of 78.4%, while the Class of 1951, Dr. Frank J. Sweeney, Jr. and Dr. Vincent J. McPeak, Jr., Agents, captured first place for participation with 80.0%. Once again our Non-Graduate group, under the leadership of Dr. Andrew J. Ramsay, was first in number of contributors with 138 gifts. We offer our sincere congratulations to these classes and their Agents and, indeed, to all who worked with diligence and vigor to improve past years’ records.

We thank all who participated in the 13th Drive and we look forward with confidence and optimism to much greater success in our next campaign.

A report of classes placing first, second and third in categories of amount, number and percentage; recapitulation of percentages on a geographic basis and the totals for all Funds to date follow.

ALLOCATION OF THIRTEENTH FUND

By Resolution passed by the Executive Committee of the Alumni Association on October 27, 1960, it was agreed that "In the Thirteenth Annual Giving Fund Drive contributors should be given the following choices of the use to which their contributions will be put: Unrestricted Funds, Pre-Clinical Salaries, Research and 'Other' (to be specified by donor)."

The following is a recapitulation of contributors' choices in the Thirteenth Drive:

- Unrestricted Funds ................... $136,249.40
- Pre-Clinical Salaries ................. 5,882.05
- Research .............................. 2,056.50
- Other ................................ 548.00
- Total ................................ $144,735.95

Thirteenth Annual Giving Fund Drive

HONOR ROLL OF DONORS

During the 13th Drive the following loyal alumni, faculty members and friends contributed a total of $144,735.95 to the Annual Giving Fund. Of the 6,587 living alumni with known addresses, 3,447 were contributors, making our percentage of participation 52.3%. Contributions to Jefferson through the American Medical Education Foundation totaled $8,107.50 and are listed separately on page 75.

To all we wish to express our thanks.
