Upcoming Events 1997–98

October 19, Sunday
Alumni Reception at the meeting of the American Society of Anesthesiologists, San Diego

October 23, Thursday
Alumni Executive Committee Meeting

October 28, Tuesday
Alumni Reception at the meeting of the American Academy of Ophthalmology, San Francisco

October 31, Friday
Alzheimer's Disease for Primary Care Physicians
Bluemle Life Sciences Building, Jefferson Medical College
For information call toll-free 1-888-JEFF-CME

November 1, Saturday
Treatment and Prevention of Thrombosis: Issues in Primary Care
Bluemle Life Sciences Building, Jefferson Medical College
For information call toll-free 1-888-JEFF-CME

November 7, Friday
Cerebrovascular Lecture: Rodney D. Bell, M.D.
Bluemle Life Sciences Building, Jefferson Medical College
For information call toll-free 1-888-JEFF-CME

November 8, Saturday
Stroke Update: Current Evaluation and Treatment
Bluemle Life Sciences Building, Jefferson Medical College
For information call toll-free 1-888-JEFF-CME

December 2, Tuesday
Alumni Reception at the meeting of the Radiological Society of North America, Chicago

December 3, Wednesday
Career Day for members of the sophomore class

January 22, Thursday
Alumni Executive Committee Meeting

January 31–February 7
Ski Meeting, Big Sky, Montana—see page 26

February 26, Thursday
Alumni Executive Committee Meeting

March 13, Friday
Parents' Day for the sophomore class and their families

April 23, Thursday
Alumni Annual Business Meeting

May 28, Thursday
Commencement

Reunion Weekend '98
June 5, Friday, Alumni Banquet
June 6, Saturday, Clinic Presentations, Reunion Parties
June 7, Sunday, Farewell Brunch

Carl Stanitski '67, second from right, chats with friends on Saturday morning during a break from Clinic Presentations.

Carl Stanitski ’67, second from right. chats with friends on Saturday morning during a break from Clinic Presentations.

Jeanne Liao Ferrante ’87, Robert Atlas ’87, and Maurice Ferrante ’87 at the 10th Reunion

Director of Academic Information Services and Research Edward W. Tawyea demonstrates the JEFFLINE Alumni Connection at Reunion Weekend. The Alumni Connection allows you to use your home or office computer to access health-related data bases such as Medline, CINAHL, and CancerLit. For information, contact the JEFFLINE Alumni Connection Liaisons at (215) 503 9684 or laynor@jellin.tju.edu

Scenes from Alumni Weekend

Students lead alumni on tours of the campus's new facilities and old landmarks.
University Awards Honorary Degree to Dr. Davis  
Luscombe, Miller, and Staas Receive the Alumni Achievement Awards  
Clinic Presentations Address a Range of Fields  
Receptions Across Country Welcome College Leaders  
Landmark Diabetes Prevention Program  
Cardiology and Cardiothoracic Surgery Reception  
Annual Giving Tops $1.7 Million
A GRAND ALUMNI WEEKEND

For the Class of '97, it was the week before Reunion Weekend that kicked off their festivities. The Senior Reception hosted by the Alumni Association was held at Philadelphia City Hall in the stately Mayor’s Reception Room and Conversation Hall on May 28. The seniors and their families enjoyed good food, lively music, and a little bit of Philadelphia history.

Reunion Weekend proper began in the elegant Ballroom of the Park Hyatt at the Bellevue with the annual Alumni Banquet. The highlight of the evening was the presentation of the prestigious Alumni Achievement Award (see page 6).

An informative round of Clinic Presentations filled Saturday morning (see pages 8–11). Joseph S. Gonnella, M.D., Dean and Senior Vice President for Academic Affairs, welcomed all alumni to the Dean’s Luncheon on Saturday, followed by the Joe Henry Coley ’34 Lecture. This year’s speaker was Gerald D. Dodd ’47, past Moreton Professor and Head of Diagnostic Imaging at the University of Texas M. D. Anderson Cancer Center, whose topic was “Screening for Breast Cancer in Younger Women: A Continuing Dilemma.”

Twelve classes celebrated reunions Saturday evening. Paul A. Bowers was Reunion Chairman for the Class of ’37. This 60th reunion, held in Jefferson Alumni Hall’s Music Room, had an exceptional turnout. Gathering in the Eakins Lounge was the Class of ’42. J. Wallace Davis was the chairman for this 55th Reunion.

It was a special year for the Class of ’47. Elmer H. Funk Jr. and John J. Dowling led their class in celebrating their 50th at the Cosmopolitan Club.

The Park Hyatt at the Bellevue Hotel was very busy Saturday evening with four reunion classes. The Class of ’57 led by John R. Prehatny gathered in the Cliveden Room. It was the 25th Reunion for the Class of ’72, and Reunion Chair Anna Marie M. D’Amico and her classmates danced the night away in the Rose Garden. The Red Room was the scene for the Class of ’77 led by Robert S. Boova and Francis X. DeLone Jr., while next door in the Clover Room, the Class of ’82 celebrated with Chairman Walter W. Dearolf.

The Class of ’52 enjoyed their 45th Reunion with chairpersons Jerome M. Cotler, James E. Clark, Robert F. Early Sr., and Warren P. Goldburgh. The lovely and gracious Azalea Room in the Omni Hotel was the chosen site.

The 35th Reunion for the Class of ’62 chaired by William V. Harrer and our current Alumni President, Joseph W. Sokolowski Jr., was held at the Ritz-Carlton, while the Pyramid Club with its vistas from the 52nd floor was selected by the Class of ’87. Bertram T. Chinn was the chairman.

This year was a reunion first for the Class of ’92. Maria Engstrom Pharr led her class in celebrating its 5th Reunion at the McMichael Room at The Union League of Philadelphia.

All the attendees set a time and place for seeing each other again: 2002 A.D. at Jefferson Medical College, if not before.

The Women’s Forum on Saturday morning

Dr. and Mrs. Nathan S. Schlezinger ’32, celebrating the 65th anniversary of his graduation from Jefferson, at the Dean’s Luncheon on Saturday

Frederick “Fritz” Ruccius, Director of Development for Planned Giving, talks with alumni at Reunion Weekend about how they can both maintain an income and show their support for Jefferson.

Jeff Relationships in the Class of '97

Among this year's graduating seniors, many are continuing a family tradition:

“A Vital Member of Two Mainstays of Jefferson's Success”:

Davis is Awarded Honorary Degree

Wallace Davis ’42 was awarded an honorary degree of Doctor of Humane Letters by Thomas Jefferson University at the 173rd Commencement.

In presenting Dr. Davis for the degree, Senior Vice President for Academic Affairs and Dean Joseph S. Gonnella, M.D., noted, “Wally” Davis has been one of the most generous and vital members of two mainstays of Jefferson’s success: our alumni and our volunteer faculty. In him we can see the qualities that have made these two groups the envy of other medical schools. He has consistently taken an active role in helping to ensure our future while preserving the finest traditions of our past.”

Dr. Davis joined the faculty in 1947 and holds the rank of Honorary Clinical Associate Professor of Surgery. He has imparted a sense of compassion and clinical expertise to generations of Jefferson students and house staff. He served on departmental and college committees, and chaired the Professorial Faculty Advisory Committee.

Dr. Davis's leadership in the Alumni Association is legendary. He served first as a member of the Executive Committee, then as Secretary of the Alumni Association, and then as Co-Chairman of the alumni phase of Jefferson's Building Fund. In 1964 he assumed the Chairmanship of the Annual Giving Fund Committee. His ability to lead and inspire alumni participation resulted in a series of successful campaigns, which raised over $11 million and demonstrated the alumni’s continuing faith in Jefferson’s future. For this service he was recognized with the university’s Cornerstone Award in 1979, and the Alumni Achievement Award in 1991.

Stewart Prize Inaugurated

To the prizes awarded to students on Class Day, the day before Commencement, a new one was added this year: the Harold L. Stewart ’26 Prize in Pathology. It honors Dr. Stewart, who has had a distinguished career at the National Cancer Institute. The first recipient of the prize was Alyssa L. Mengel Moyer '97.

The winner of the Alumni Prize, for the highest cumulative record, was Amy Hideto Kaji '97.

Three alumni received teaching awards at Class Day: Kevin R. Muzzio '91, the Dean's Award for Distinguished Teaching in a Clinical Science; Robert P. Good '73 (who is Chief of Orthopaedic Surgery at Bryn Mawr Hospital), the Blockley-Osler/Dean's Teaching Award for Excellence in Teaching Clinical Medicine; and Harvey S. Brodovsky IM'61, the Leon A. Peris Memorial Award for a member of the volunteer faculty for clinical teaching and superior patient care.
Jefferson Medical College has over 12,000 living alumni and postgraduate alumni. At the annual banquet on June 6, they honored three special individuals selected from that large group—three physicians whose professional characteristics have elevated them to the first rank, and whose professional achievements have brought honor to Jefferson Medical College.

Herbert A. Luscombe graduated from Jefferson Medical College in 1940, a member of the Alpha Omega Alpha Honor Medical Society. After internship at Jefferson Hospital and four years of military service, he returned to Philadelphia for graduate education in dermatology. He was certified by the American Board of Dermatology and Syphilology in 1949 and, that same year, was appointed to the faculty at Jefferson.

He became Chairman of the Department of Dermatology in 1959 and served actively until 1986—this period of 27 years of service as department chairman is the longest served by any dermatology chairman in the United States. During his chairmanship, he established a fully accredited residency program, and built a nationally recognized and highly regarded dermatology department.

Truly a man for all seasons, he was a popular teacher, a gifted clinician, and an astute researcher, as evidenced by his frequent contributions to the dermatology literature, by his membership in the Society for Investigative Dermatology, and by his election to membership in the Society of Sigma Xi.

He served as President of the Philadelphia Dermatologic Society, the Jefferson Hospital Medical Staff, and the Jefferson Medical College Alumni Association. His portrait was presented to the university in 1977.

In 1981 the nationally based Dermatology Foundation awarded Dr. Luscombe its prestigious Clark W. Finnerud Award. This award is given for outstanding service by a clinician and teacher in dermatology, and is the highest national award a teacher of dermatology can receive.

Dr. Luscombe and his wife, Sally, have two daughters and a son. Herbert Jr. and daughter Susan are Jefferson graduates, and daughter Jill is a newly minted veterinarian.

The essence of Herbert Luscombe the physician is expressed best in the words of a former resident who says, "Dr. Luscombe was one of the first physicians I recall who could combine the teacher-healer role with emphasis on the patient—so intertwined that the effect was awesome."

The essence of Herbert Luscombe the man is expressed best in the words of the Clark W. Finnerud Award Selection Committee who describe him as "gifted, thorough, patient, kind, courageous, inspiring, exceptional."

Bernard J. Miller graduated from Jefferson Medical College in 1943, winner of the Sheehan Gold Medal in Surgery and a member of the Alpha Omega Alpha Honor Medical Society. He has enjoyed a long and distinguished career at Jefferson as a faculty member, researcher, teacher, and surgeon. He always will be held in high esteem by Jeffersonians for his pivotal role in the development of the heart-lung machine of John H. Gibbon Jr. ’27.

Following his surgical residency at Jefferson, Dr. Miller served from 1950 to 1954 as Research Associate to Dr. Gibbon and assisted in the development of the world’s first successful heart-lung machine. A fine clinical surgeon, a competent scientist, and an excellent engineer, Dr. Miller possessed mechanical skills that solved many, if not most, of the technical problems encountered in the development and testing of this complex apparatus. Because of his skill and collaboration, the heart-lung machine was equipped with the necessary controls and fluid mechanics, and feedback control systems to enable the world’s first successful open-heart operation to be completed at Jefferson Hospital in May 1953. At the historic Gibbon operation, Dr. Miller successfully managed the heart-lung machine.

At present, he is both Associate Professor of Surgery and Professor of Pathology, Anatomy, and Cell Biology at Jefferson. He has been Chief of Cardiopulmonary Surgery at St. Mary’s Franciscan Hospital, Chief of the “B” Surgical Service at Germantown Hospital and Medical Center, and Research Director of the Surgical Oncology Laboratories in Jefferson’s Department of Surgery. Among his surgical research interests are organ perfusion, and infusion and perfusion chemotherapy in cancer treatment. He holds five U.S. patents for mechanical devices used in surgery. His design of extracorporeal circuits for the treatment of malignant tumors of the extremities.

Dr. Miller, holding the silver tray, surrounded by his family.
Dr. and Mrs. Staas with William III and Diane Staas

allows the delivery of high doses of chemotherapeutic drugs to the tumor by isolating the extremity circulation during treatment, thus greatly minimizing escape of the drug into the general circulation.

He was elected to membership in the Society of Sigma Xi, and was awarded an honorary Doctor of Science degree by his alma mater, Villanova University, in 1982. In 1996, Dr. Miller was awarded the prestigious Holley Medal by the American Society of Mechanical Engineers. It was awarded to Dr. Miller for his innovative application of fluid mechanics in the design of the feedback control system for the first wholly successful heart-lung machine.

Dr. Miller and his wife, Ethel, have five children. Sons Lawrence and Stanton, daughter Anne, and Anne's husband, Brian Buinewicz, are Jefferson graduates.

William E. Staas Jr. graduated from Jefferson Medical College in 1962, a member of this year's 35th reunion class. After internship at Fitzgerald Mercy Hospital and two years of military service, he completed a residency in physical medicine and rehabilitation at the Hospital of the University of Pennsylvania. He joined the Jefferson faculty in 1968 as an Instructor in Physical Medicine and Rehabilitation and, by 1984, had risen in rank to Professor of Physical Medicine and Rehabilitation. In addition, he holds the faculty rank of Clinical Professor in the Department of Nursing in Jefferson's College of Health Professions.

He has been a productive and key member of the Department of Physical Medicine and Rehabilitation. He serves as Director of Resident and Medical Student Education, as Co-Associate Director for Ongoing Care of Jefferson's Regional Spinal Cord Injury Center of the Delaware Valley, and as Director of the Rehabilitation Research and Training Center for Neural Recovery and Functional Enhancement, which is funded by the U.S. Department of Education, and by the National Institute on Disability and Rehabilitation Research.

He served as President of the Philadelphia Society of Physical Medicine and Rehabilitation and as President of the American Congress of Rehabilitation Medicine. He has been an examiner for the American Board of Physical Medicine and Rehabilitation and now sits on its Board of Directors. He is a frequent contributor to the literature of his field, and lectures widely on important topics in rehabilitation medicine. He was presented with the Annual Alumni Award by the Philadelphia College of Pharmacy and Science in 1988.

Since 1977, Dr. Staas has been President and Medical Director of Magee Rehabilitation Hospital, one of the nation's most respected rehabilitation hospitals. He has led this hospital in a masterful fashion through very troubling and chaotic times for health care. Under his firm guidance, Magee Rehabilitation Hospital has stabilized, prospered, and developed a clear vision of its future.

Dr. Staas and his wife, Carol, have two children, Bill Staas III and Lisa.

Each of this year's Achievement Award winners brings great pride to Jefferson Medical College.

---

About the Award

The most prestigious award the Jefferson Medical College Alumni Association can confer is the Alumni Achievement Award. Both alumni of Jefferson Medical College and its postgraduate alumni whose professional achievements reflect credit upon themselves and upon Jefferson are eligible to be considered for the award. All alumni are strongly encouraged to submit curricula vitae and bibliographies of alumni and postgraduate alumni whose accomplishments are believed to be sufficiently outstanding to gain them consideration.

The award is a handsome silver tray, suitably engraved, and bearing the seal of Jefferson Medical College as a medallion in the center. It is awarded to the winner(s) during the Annual Alumni Banquet. The award carries no monetary stipend but the name and class of each recipient are permanently affixed to the Alumni Achievement Award honor roll prominently displayed just inside the entrance to Jefferson Alumni Hall. The Achievement Award Committee, appointed by the President of the Alumni Association, is charged with selecting the recipients. Decisions of the committee are not subject to review.

The process to nominate someone for this award is as follows:
1) Notify the candidate of your intention and ask about the candidate's willingness to be considered.
2) If the candidate is willing to be nominated, ask that an up-to-date curriculum vitae be sent to you.
3) Forward the c.v., along with your cover letter, to: Executive Director Alumni Association 1020 Locust Street M-41 Philadelphia, PA 19107

Curricula vitae of candidates not selected for the award are retained in the active file for consideration in future years.

---

Roster of Winners

Year

1964 Louis H. Clerf '12
1964 Henry L. Bockus '17
1965 Percival E. Foerderer
1966 Harold Stewart '26
1967 Francis J. Braceland '30
1968 Victor Heiser, M.D. '1897
1968 Abraham Cantarow '24
1969 Leroy A. Schall '17
1969 George C. Griffith '26
1970 John H. Gibbon Jr. '27
1970 Alexander J. Orenstein '05
1970 Thaddeus L. Montgomery '20
1971 Baldwin L. Keyes '17
1972 George J. Willauer '23
1973 William W. L. Glenn '38
1974 Daniel Baker Jr. '33
1975 Anthony F. DePalma '29
1976 Jo Ono '28
1977 J. Edward Berk '36
1978 George M. Norwood
1978 Benjamin F. Haskell '23
1979 John B. Montgomery '26
1980 Warren W. Nichols '54, Ph.D.
1981 John Y. Templeton III '41
1981 William F. Kellow, M.D.
1982 Joe Henry Coley '34
1983 Frank J. Sweeney Jr. '51
1984 Abraham E. Rakoff '37
1985 Charley J. Smyth '35
1986 Gerald D. Dodd Jr. '47
1987 William R. Fair '60
1988 Sheldon Gilgore '56
1989 John J. Gartland, M.D. 'S'44
1990 John H. Hodges '39
1991 Frederick B. Wagner Jr. '41
1991 J. Wallace Davis '42
1992 Leonard Apt '45
1993 John H. Harris Jr. '53
1993 James M. Hunter '53
1994 Gerald J. Marks '49
1995 Herbert A. Saltzman '52

1997 Herbert A. Luscombe '40
1997 Bernard J. Miller '43
1997 William E. Staas Jr. '62
Jefferson and the duPont Hospital for Children and the Nemours Foundation

Albert H. Wilkinson Jr. '52

The affiliation between Jefferson and the duPont Hospital for Children in Wilmington is a marriage of outstanding institutions, mating their respective strengths to greatly enhance children's health care in patient service, education, and research.

Alfred I. duPont, benefactor of the Nemours Foundation which is behind the hospital, said, "It has been my firm conviction throughout life that it is the duty of everyone in this world to do what is within his power to alleviate human suffering." Today the foundation supports extensive operations in both Delaware and Florida.

According to the mission statement of the Jefferson-duPont affiliation, "The common vision is of a nationally recognized children's health center of excellence in Wilmington which would eventually become one of the leading pediatric centers in the nation. It will be located on multiple sites or campuses, though most of the inpatient census, teaching, and research will be at duPont Children's Hospital. This center will be distinguished by its:
1. Dedication to children and their unique health care needs.
2. High quality of care and degree of specialization.
3. Comprehensive to primary and tertiary care.
4. Regional, national, and in time, international referral center."

The duPont Hospital provides a full scope of pediatric inpatient and clinic services. It is principally staffed by Jefferson faculty, supplemented by community pediatricians. Robert A. Doughty, M.D., Ph.D. had assembled an outstanding medical staff prior to the Jefferson affiliation; these physicians and surgeons now serve as Jeff faculty.

The bulk of resident training is done at duPont, with Thomas Jefferson University Hospital and the Medical Center of Delaware serving as the primary sites for neonatology and continuity clinic training. Last year there were over 75,000 clinic and outpatient visits, 8,000 surgical procedures, and 24,000 patient days at the duPont Hospital for Children.

The Nemours Foundation presents a Website that you can visit at http://kidsh ealth.org.

In Florida, the Nemours Children's Clinic is affiliated with Mayo Foundation and Clinic in Jacksonville. The Nemours Clinic, founded in 1986, comprises 70 pediatric subspecialists who work in a center that includes the clinic and the Wolfson Children's Hospital, a modern 180-bed facility. Elsewhere the Nemours Foundation has established clinics at Lee Memorial Children's Hospital in Fort Myers, at Arnold Palmer Children's Hospital in Orlando, and at Sacred Heart Children's Hospital in Pensacola.

The Transformation of Psychiatry in a Half-Century

John A. Koltes '47

In the 50 years since we graduated, new concepts of mental functioning, new inroads in neurophysiology and chemistry, and remarkable advances in drug therapy have left hospitals like Pennsylvania's Norristown State Hospital and Byberry ghosts of the past.

In 1947, the mentally ill were regularly hospitalized in psychiatric facilities. Medications (barbiturates and amphetamines) were supplemented by convulsive therapies (insulin shock or electroshock), restraint, even prefrontal lobotomy.

The trend now toward de-institutionalization is backed by a vastly more sophisticated range of medications. Antipsychotics include phenothiazines and butyrophenones. The best-known of anti-manic drugs is lithium. For anxiety we have benzodiazepines and beta blockers as well as sedatives. Antidepressants can be tricyclics or serotonin reuptake inhibitors, including the much-discussed Prozac. There is also a broader availability of psychotherapists, from physicians to psychologists, social workers, and counsellors.

Rapid Change in Knowledge, Yet Some Eternal Constants

Charles F. Richards '42

Medical knowledge and teaching have changed radically since I graduated from medical school. Today students and faculty use indices, data bases, Internet connections, and multimedia disks which are in full color and extraordinary detail. In the forties we were presented with a "bag of bones" to memorize.

Human error, however, has not changed. The oddest experience of my career was when a rectal cancer patient and a plastic surgery patient were confused by the support staff at a hospital in Delaware and procedures were begun on them in the wrong operating rooms. We have all read the headlines about similar confusions at prestigious institutions in this decade.
Breakthroughs in Diagnosing Prostate Cancer

Max M. Koppel ’57

W hen the class of 1957 graduated, our primary tool for early diagnosis of prostate cancer was the digital rectal examination, and most diagnoses were made only when the stage of the prostate cancer was advanced, frequently with metastasis.

During the 1950s, the surgical approaches to various forms of cancer had reached their apogee of aggressiveness without impressive evidence of additional therapeutic effectiveness. Some clinicians and statisticians in Great Britain and the U.S. began to question these aggressive surgeries. With the purpose of providing a base of information regarding cancer incidence and survival, the National Cancer Institute established a Biometry Branch responsible for collecting clinical cancer data and analyzing end results of treatment.

Retrospective analysis of data questioned the superiority of radical mastectomy to less radical treatments for breast cancer. Analysis of the results of radical pneumectomy as compared to more limited resection for lung cancer showed no superiority for the former. The giants of surgery had in effect set up clinical experiments to be evaluated and redefined as clinical experience indicated. Unfortunately, too often, those who followed had made the procedures dogmatic.

A prospective study of prostate cancer initiated by the Veterans Administration concluded that Diethyl Stilbestrol, the estrogen form most commonly used for hormonal control of advanced cases of prostate cancer, when given in its most common dosage form, more than gave back to death from thrombo-embolic disease all the years of life gained by cancer suppression.

The opportunity for breakthrough in prostate cancer came in the past 10 years with the conjunction of several developments of diverse origin.

Prostate-specific antigen (PSA), a biochemical marker in the blood of most prostate cancer patients, identifies with moderate specificity and reliability a subset of the population at high risk of having prostate cancer while it is still in the early stage.

Also came the development of small-caliber biopsy needles and the biopsy gun with its double-action mechanism which can be accurately guided by another recent development, transrectal ultrasound.

This cascade of events allowed the prostate to be biopsied in the office setting because we have advanced, prophylactic oral antibiotics and the procedure can be carried out without anesthetics.

Media Attention and Community Involvement in Early Diagnosis

Prostate cancer became a front-page topic in such wide-audience publications as Time (April 1, 1996) featuring a picture of General H. Norman Schwartzkopf with the theme “the battle against prostate cancer: men don’t like to talk about it but one in five will get it.” Fortune (May 13, 1996) featured Andy Grove, Intel’s CEO, describing his personal experience.

Local communities in America became interested in data suggesting a near epidemic in some groups of the population, most notably those with positive family histories of prostate cancer in first-degree relatives, and African-American males in general.

The early 1990s saw a three-year cooperative effort in the largely rural, largely African-American population of more than a dozen counties in west central Alabama. The ministers of churches at remote crossroads encouraged the elderly men who congregated there to allow a laboratory technician to take PSA blood tests and a physician to perform digital rectal examinations.

The Indian Health Service Hospitals on the reservations in Montana presented another opportunity. Native Americans are registered by tribe and can be contacted. In 1992, in response to a single mailing, more than 50 individuals presented themselves at the hospital for a PSA blood test and a digital rectal exam. In the four following years, similar screenings in Montana allowed us to compare PSA levels by age stratification to Caucasians and African-Americans in Philadelphia.

These examples of community acceptance seem remarkable, particularly in areas where males had been reluctant to cooperate in health maintenance.

Thanks to new technology and the participation of the media and community leaders, more men reach treatment for prostate cancer at an early stage and have a good chance of cure.

The Center for Prostate Disease Research at Walter Reed

Judd W. Moul ’82

In 1997 approximately 334,500 men will be diagnosed with prostate cancer and 41,800 will die from this now endemic disease. The lifetime risk of diagnosis has risen to one in five men. Because of increased public awareness and advocacy, the U.S. Congress directed the Department of Defense to conduct research in prostate cancer. Begun in 1991, the Center for Prostate Disease Research is carrying out this mission at Walter Reed Army Medical Center and additional Army, Navy, and Air Force medical centers. Clinicians are linked with basic scientists to conduct clinical, basic, and translational studies using a comprehensive database and tissue and serum collections on newly diagnosed cases (within the total pool of military health care beneficiaries).

One of the key studies conducted to date is the large study of prostate-specific antigen (PSA) reference ranges for maximal prostate cancer detection in African American and Caucasian men.1 In addition to this clinical work, the center has been involved with new biomarkers to predict prostate cancer clinical behavior2 and p53-based gene therapy approaches for the disease.3,4

New Tools and Whole New Fields in Surgical Pathology
William V. Harrer '62

In the decades since I was a medical student, tremendous advances have been made in pathology, particularly surgical pathology. Simple innovations such as frozen section technique have made this particular modality of diagnosis a standard in all surgical pathology laboratories. The introduction of computerization has made archival retrieval instant and has aided in all surgical pathology laboratories. The made in pathology, particularly surgical pathology, has not lagged behind in the diagnostic arena, either. Utilizing flow cytometry, immunohistochemistry, and immunocytochemistry, the surgical pathology department is able to utilize smaller amounts of tissue yet give greater diagnostic accuracy. Disease states seen primarily in recent decades, such as HIV infection, helicobacter infection, variance of breast carcinoma, are effectively diagnosed.

Moreover, whole new fields of pathology are opening up, particularly in the field of human genetics where archival and current tissue can be utilized to determine chromosomal aberrations and their prognostic importance. And the area of telepathology will become more and more widespread in the future.

Painting and Anatomy: Physicians and Oarsmen
Carl L. Stanitski '67

Thomas Eakins, painter of The Gross Clinic, was also an educator and amateur athlete. He attended classes at Jefferson Medical College to learn more about anatomy. His scientific accuracy in depicting the human body in motion shows in one of his favorite subjects: rowers, whose musculature and skeleton he understood thoroughly. Eakins similarly painted surgeons and physician educators in the midst of their work. His interest in science enabled him to use perspective and optical effects masterfully.

Left Ventricular Remodeling: The Batista Procedure
Robert S. Boova '77

The diagnosis of congestive heart failure is made in the United States in over 700,000 patients annually, resulting in approximately one million hospitalizations. When patients’ conditions deteriorate to functional Class IV, annual mortality exceeds survival.

Standard treatment for congestive heart failure and dilated cardiomyopathy is medical management. When medicine fails there are few surgical alternatives. Fewer than 2500 patients undergo cardiac transplantation in the United States per year.

Dr. Randas J. V. Batista, a Brazilian heart surgeon, postulated that reducing the size of a dilated left ventricle could improve cardiac performance. He has performed over 600 “Left Ventricular Remodeling” procedures with dramatic results in many instances.

Further evaluation and documentation of the procedure is required, but preliminary results are encouraging. Patients with dilated cardiomyopathy who have failed medical treatment, whose functional class has deteriorated, who are not candidates for cardiac transplantation or awaiting cardiac transplant, may benefit from the ventricular reduction procedure.

Understanding Leukotrienes Leads to New Therapies for Asthma
Gregory C. Kane '87

With the great advancement in our understanding of the pathophysiology of asthma over the last two decades, we have focused our therapy on the inflammatory cells and mediators that we know are present in even the mildest of asthma patients. The leukotrienes are one such important mediator that are produced by effector cells within the lung. We have noted that they increase during episodes of asthma. New antileukotriene compounds are now available in clinical practice that inhibit the production, or block the action, of leukotrienes, and have activity in mild to moderate asthma. While their recommended role in asthma management is still evolving, they represent an important advance in therapy, translating our greater understanding of the pathobiology of asthma into specific therapy.
What Academic Medicine Must Do to Survive

Bruce L. Gewertz '72

Academic medicine currently faces serious challenges to its financial viability despite a sustained record of achievement in each of its multiple missions (clinical care, basic and applied biologic research, and teaching). Market forces in the provision of health care have reduced the margin of revenue which has allowed the traditional cross-subsidization of these diverse activities. Critics have questioned the "added value" which academic medicine brings to both clinical care and research. Finally, the process by which medical students and residents are educated remains a mystery to most nonphysicians.

Nonetheless, such a period of turbulence provides an excellent opportunity to address inefficiencies and strengthen an institution. We can sustain the mission even if the enterprise changes. Success in this endeavor will require considerable cultural change within academic medicine as well as a number of initiatives directed at our public and private "stakeholders." These include enhancing productivity of administration and faculty, documenting and managing the true costs of each "product," and providing better information to the public regarding the unique functions of academic medicine. With dedication to these efforts and an approach which is both self-critical and open-minded, academic medicine can continue its remarkable legacy in the next century.

Primary Care Sports Medicine: Serving as On-Site Team Physician

Jennifer M. Naticchia '92

I had the unique experience of being the on-site team physician for the Philadelphia Eagles during their training camp in the summer of 1996. I spent four weeks with the team at Lehigh University in Bethlehem, Pennsylvania providing general medical care, sports medicine care, and most importantly continuity of care for the athletes, coaches, and staff. I am one of the first female physicians to do this. I also provided locker room and sideline coverage during the Eagles' 1996-97 season, and continue to do pre-participation exams and free agent exams for the team. My field of expertise, Primary Care Sports Medicine, is an evolving niche within Family Medicine.

Why Physicians Must Participate in Organized Medicine

Louis L. Keeler Jr. U'67

In December 1976, I read the "McClure Thesis." This held that the Hill-Burton Act had resulted in an overabundance of hospital beds and that the cost of government-subsidized, tax-supported health care would rise to unsustainable levels. The solution would be either government closing of hospitals by fiat, or bankruptcy via the free market. At the same time our Congressman, James Florio (subsequently governor), began with veterans groups to push for the building of a new V.A. hospital of 200 beds to cost about $100 million. This was crazy. With a half-empty Philadelphia and Wilmington V.A. and significant overbedding in the area, the project made no sense. I presented the facts to a retired full colonel whom I knew well. With the help of another physician, we kept that hospital from being built. After many trips to Washington, we convinced Senator William Proxmire's staff that it would be a waste. In the process, we also convinced some local veterans organizations. I was impressed at what individuals, armed with facts and dedicated to a cause, could accomplish.

At present, we are facing crises in health care. To mention one symptom: in New Jersey we expect at least 2000 doctors to be out of work by the year 2000. But we, the physician community, will have little say in what happens, because physicians in this country are not rising to the occasion. In New Jersey, only 50 percent of practicing physicians belong to the county and state medical societies. Why don't they join? Physician incomes are falling. Many are employed by hospitals or insurance companies that will not pay professional dues. Membership is decreasing at a time when the opposite should be happening.

If we don't address health care problems through our county, state, and national societies, then physicians will have no voice in the outcomes of these problems. In the Medical Society of New Jersey we have a full-time lobbyist at the State House in our employ. We have a Legislative Committee which reviews every piece of legislation that comes before our State Senate and Assembly. The Medical Society takes a position of active support, neutrality, or opposition on every bill. Those bills we support we grade with a level of involvement and our lobbyist, well known and respected by our legislators, carries the message. We have an influential voice in the government of New Jersey, but it has taken years to develop. Are we to see it crumble because of lack of support by practicing physicians who out of ignorance state "organized medicine does nothing for me"? What, I ask, is their alternative? Just to sit in the office and bemoan their fate?
Alumni in California gave a warm welcome to Senior Vice President for Academic Affairs and Dean Joseph S. Gonnella, M.D., Alumni President Stanton S. Smullens ’61, Associate Dean for Student Affairs Clara A. Callahan PD’82, and Executive Director of the Alumni Association Mary B. Monteith in February. Receptions and dinners were held in each of three cities: Los Angeles, San Diego, and San Francisco. The purpose was to keep alumni in touch with each other and also to keep them informed of developments at the alma mater. They were particularly eager to learn about the growing Jefferson Health System and to know that the college remains preeminent among medical colleges.

The first stop was in Los Angeles where Anna Marie and Marvin J. Rapaport ’62 greeted guests on Tuesday, February 18. The Rapaports are parents of Vicki who will graduate next June. The next evening, Marylou and Simon C. Brumbaugh Jr. ’51 hosted the reception and dinner in San Diego. On Thursday, February 20, Esther and George A. Winch ’49 welcomed guests in San Francisco.

On April 30, Linda and Jay M. Grodin ’65 had a reception and buffet dinner at their home in Potomac, Maryland. President of the Alumni Association Joseph W. Sokolowski Jr. ’62, and Dean Gonnella were featured speakers. Samuel M. Dodek ’27 who celebrated the 70th anniversary of his graduation, was honored, and Harold L. Stewart ’26 was recognized.

Wilkes Barre, Pennsylvania was the site of the final regional event of the year on May 21. Ontalee and Nicholas J. Ruggiero ’66 hosted the dinner at which University Trustee John J. Garlant S’44 was guest speaker with Dean Gonnella and Associate Dean Callahan.

The Jefferson contingent was delighted to visit with many former students, classmates, and colleagues at each event. They are eager to get together again.
Face your challenge with a smile.
Marvin K. Rothenberger '24 died February 28, 1997. He had been an eye, ear, nose, and throat specialist in Allentown, PA. He was associated with Sacred Heart and Allentown Hospitals.

Ernest H. Coleman Sr. '30 died April 26, 1997. Board certified in internal medicine, he was a staff physician at the Ritenour Health Center at Pennsylvania State University, State College, PA, retiring in 1970. His son Ernest Jr. is Jefferson '57.

James W. Emery '31 died March 7, 1997. He was in general practice in Mercer, PA. He served as President of the Mercer County Medical Society in 1942. He retired in 1960 and moved to Bradenton, FL. He is survived by his wife, Judith, a daughter, and a son.

Maurice Grossman '31 died October 19, 1996. He practiced psychiatry and psychotherapy in Palo Alto, CA, and was Professor of Psychiatry, Emeritus, Stanford University School of Medicine. He was a staunch advocate of doctor-patient confidentiality, writing extensively on the subject and testifying regularly at Congressional hearings. He was a past President of the Northern California Psychiatric Association and was honored with that group's Lifetime Achievement Award in 1983. He is survived by three sons and a daughter.

Lawrence E. Schuster '31 died April 1, 1995, it has been ascertained. He practiced general surgery in Dover, NJ, and later in Connelsville, PA. After retiring he lived in Wilmington, NC. He is survived by his wife, Mary, and a son.

C. Earl Albrecht '32 died July 18, 1997. Beginning as a medical missionary in Alaska in 1935, he rose to become Alaska's first Commissioner of Health in 1945. As a result of his public health efforts, he is credited with bringing about enormous improvements in health care in Alaska, including gaining control over widespread tuberculosis among the native population. He served as Assistant and Acting Director of the Ohio Department of Health, 1956-58, and Deputy Secretary, Pennsylvania Department of Health, 1958-63. He served as Professor of Preventive Medicine at Jefferson, 1963-71. A longtime regent of the University of Alaska, he and his wife returned to that state frequently where he worked in health clinics and taught at the University of Alaska, Anchorage. He was awarded an Honorary Doctor of Laws degree by Moravian College in 1951 and the Meritorious Service Award from the Alaska Public Health Association in 1977. He was a Fellow of the American Public Health Association and the Arctic Institute of North America. In 1991, he cofounded the Albrecht-Milan Foundation of the American Society for Circumpolar Health to increase awareness of the unique health care needs of the world's polar regions. He is survived by his wife, Margery, a daughter, and a son.

Arthur G. Pratt '32 died October 1, 1996. He was a former member of the Department of Dermatology at Jefferson, attaining the rank of Clinical Professor. He practiced in Camden, NJ, and held a staff appointment at Cooper Hospital. He was a member of the Medical Society of New Jersey and a past President of the Camden County Medical Society. He is survived by a daughter and three sons. Son William is Jefferson '61.

Philip Gilbert '33 died April 26, 1997. He served as Chief of Radiology, Cooper Hospital, Camden, NJ, and as a Clinical Associate Professor of Radiology at Jefferson. He was a Fellow of the American College of Radiology and a member of the Radiologic Society of North America.

C. Wilmer Wirts '34 died July 9, 1997. After postgraduate education in medicine and pathology at St. Francis Hospital, Pittsburgh, PA, and the American Hospital of Paris, France, he returned to Jefferson in 1939 to concentrate on gastroenterology. He was board certified in both internal medicine and gastroenterology, and from 1946 to 1966 was Chief of Gastroenterology in the Department of Medicine at Jefferson. He was promoted to Clinical Professor of Medicine in 1962. He was a member of Alpha Omega Alpha Honor Medical Society and the Society of Sigma Xi. He was an Associate Physician at Pennsylvania Hospital, 1939-1963. He was a member of the American Gastrointestinal Association and the American College of Gastroenterology of which he was President in 1957. He was President of the American Gastroscopic Society in 1959. He served on the American Board of Gastroenterology, 1956-1962. His portrait was presented to Jefferson in 1978 by his colleagues and friends. He retired from practice in 1985 but continued his two favorite pastimes, tennis and painting. A lifelong learner, he even enrolled as a student at the Pennsylvania Academy of the Fine Arts. He is survived by a daughter and by son Steven who is Jefferson '74.

Donald W. Crittenden '35 died February 28, 1997. He was in general practice in Haverford, PA. We have no further information at press time.

Richard A. Kredel '35 died May 29, 1997. He was Chief of Radiology at Hoag Memorial Hospital, Newport Beach, CA. A Fellow of the American College of Radiology, he served as President, Los Angeles Radiologic Society in 1957 and as President, Pasadena Medical Society in 1958. He is survived by his wife, Margaret, two sons, and a daughter.

Jerome Chamovitz '38 died December 15, 1996. Board certified in internal medicine, he was a member of the Department of Medicine, Sewickley Valley Hospital, Sewickley, PA. He held the faculty rank of Clinical Assistant Professor at the University of Pittsburgh School of Medicine. He served as President of the Pennsylvania Society of Internal Medicine in 1965. He is survived by his wife, Irma, a daughter, and a son.

Joseph F. Siegel '38 died March 11, 1997. He was board certified in pediatrics and a Fellow of the American Academy of Pediatrics. He practiced in Washington, PA, and was on staff at Washington Hospital, Washington, PA. He is survived by two daughters and a son.
Arthur D. Sewall '40 died May 23, 1997. He was in general practice in Bridgeton, NJ until retirement in 1983. He also served as the doctor for Bridgeton High School and the Cumberland County jail. He is survived by two daughters and a son.

James B. Gormley '41 died June 4, 1997. Board certified in general surgery, he was on staff at Berwick Hospital, Berwick, PA. He was a past President of the Columbia County Medical Society. He is survived by five sons.

Clyde C. Greene Jr. '41 died July 24, 1997. He was Corporate Medical Director for Pacific Bell from 1957 to 1983, having practiced internal medicine prior to that. After retiring he enjoyed serving as a ship's physician on cruises. He was Secretary-Treasurer, then President, of the American Society of Internal Medicine, and co-authored a book on its history. He was Jefferson's Alumni State Vice President for California. He is survived by his wife, Jean, two sons, and a daughter.

Winslow J. Borkowski Sr. '43, Emeritus Professor of Neurology at Jefferson, died June 12, 1997. Board certified in neurology and certified in electroencephalography, he also served as Chief of Neurology at Pennsylvania Hospital, Philadelphia, PA. His research in neonatal neurology provided some of the first evidence of brain activity in the fetus, supporting the idea that life begins before birth. He is survived by his wife, Dorothy, two sons, and three daughters. Son Winslow Jr. is Jefferson '75 and daughter Teresa is Jefferson '85.

Frank M. Nifong '43 died April 19, 1997. He had been in general practice in Clemmons, NC from 1947 to 1994, and was on staff at City Memorial Hospital, Winston-Salem, NC. He was a Trustee of Salem College. He is survived by his wife, Dorothy, three sons, and a daughter.

Ernest C. Richardson Jr. '43 died July 2, 1996. Board certified in obstetrics and gynecology, he practiced in New Bern, NC. A Fellow of the American College of Obstetricians and Gynecologists, he was on staff at the Craven Regional Medical Center, New Bern, NC. He is survived by his wife, Doris, and a son.

James L. Moore J'44 died March 1, 1997. At the time of his death he was living in Raleigh, NC. He is survived by his wife, Jean. We have no further information at press time.

Theodore J. Kraus S'44 died June 18, 1997. He practiced general medicine in Huntingdon Valley, PA, and was on staff at Nazareth Hospital, Philadelphia, PA. He is survived by his wife, Dorothy, five daughters, and a son.

John J. Anthony '45 died May 14, 1997. Board certified in pathology, he was Chief of Pathology and Director of the Laboratory, Pittsburgh Hospital-Forbes Health System, Pittsburgh, PA, where he also served as President of the Medical Staff. He was a past President of the Pittsburgh Pathology Society. He is survived by his wife, Elaine, three daughters, and two sons.

John L. McCormick '46 died March 24, 1997. Board certified in general surgery, he held the faculty rank of Clinical Assistant Professor of Surgery at Jefferson. He was on staff at Mercy Catholic Medical Center, Darby, PA and Riddle Memorial Hospital, Media, PA. He is survived by his wife, Ruth, two daughters, and two sons.

Joseph L. Melnick '46 died November 21, 1996. Board certified in obstetrics and gynecology, he was on staff at Delaware County Memorial Hospital, Drexel Hill, PA, where he was Co-Chief of Obstetrics and Gynecology. He is survived by his wife, Audrey, a daughter, and two sons.

Herbert L. Walter '46 died July 1, 1996. An internist in the U.S. Naval Medical Corps, he served as Chief of Medicine at the U.S. Naval Hospital, Newport, RI. After retiring from the Navy, he joined the University of Delaware Health Service staff. We have no further information at press time.

Joseph V. Conroy Jr. '48 died March 30, 1997. Board certified in general surgery, he earned five bronze star decorations during the Korean War. He spent six years in the Army after the war and served as Chief of Surgery at Fort Dix, NJ and Fort Carson, CO. Later, he was on staff at St. Mary's Hospital, Langhorne, PA, Holy Redeemer Hospital, Meadowbrook, PA, and Nazareth Hospital, Philadelphia, where he was Chief of Surgery and past President of the Medical Staff. He is survived by his wife, June, a son, and four daughters.

Robert E. Katz '52 died April 21, 1997. He was a family physician in Conshohocken, PA for over 40 years. He was on staff at Montgomery and Sacred Heart Hospitals, Norristown, PA. He is survived by a daughter and a son.

Dallas E. Mettler '53 died May 24, 1996. He maintained a family practice in Stowe, PA for 35 years, retiring in 1990. He was a longtime member of the staff of Pottstown Memorial Medical Center. He was a World War II veteran and an active member of his church. He is survived by his wife, Marcia, three sons, and two daughters.

Thaddeus P. Fryczynski '54 died March 26, 1997. He practiced internal medicine in Erie, PA. He also was consultant in medicine to the Hemodialysis Units at Hamot and St. Vincent Hospitals, Erie, PA. We have no further information at press time.

Theodore B. Woutersz '56 died June 19, 1997. Board certified in obstetrics and gynecology, he was Director of Clinical Research in Reproductive Medicine for Wyeth-Ayerst Laboratories, St. Davids, PA. A Fellow of the American College of Obstetricians and Gynecologists, he held the rank of Adjunct Associate Professor of Obstetrics and Gynecology, Hahnemann Medical College, Philadelphia. He is survived by his wife, Joanne, three sons, and two daughters.

Francis A. Gruszka '57 died April 15, 1997. He had been a pathologist in East Stroudsburg, PA. He is survived by three daughters and two sons. We have no further information at press time.
OBITUARIES

Bernard Goodman '58 died November 5, 1996. He was a psychiatrist in Toledo, OH and was on staff at Toledo, St. Vincent, and St. Charles Hospitals, Toledo, OH. A Fellow of the American Psychiatric Association, he is survived by his wife, Irene, and two sons.

William G. Negendank III '69 died June 16, 1996. He was a medical oncologist specializing in nuclear magnetic resonance imaging and medical spectroscopy at Fox Chase Cancer Center, Philadelphia. We have no further information at press time.

Robert W. Goldstein '71 died March 18, 1997. He was a gastroenterologist on staff at Northside and St. Joseph's Hospitals, Atlanta, GA. He is survived by his wife, Marcia, a daughter, and a son.

Herman C. March R'42 died November 23, 1996. Board certified in radiology, he practiced at Zurbrugg Memorial Hospital, Riverside, NJ. A member of Alpha Omega Alpha Honor Medical Society, he was President of the Philadelphia Roentgen Ray Society in 1967. He is survived by his wife, Doreen, a daughter, and a son.

Emanuel N. Lubin U'47 died January 11, 1996. He was a Clinical Professor of Urology, Emeritus, University of Oklahoma School of Medicine. He served as President, Tulsa County Medical Society in 1975, and as President of the South Central Section, American Urological Association in 1977. He is survived by his wife, Margaret, and two daughters.

Morris Ivker ON'50 died February 7, 1997. He worked briefly at Jefferson with Dr. Theodore Eberhard in oncology. He then practiced diagnostic radiology in Philadelphia. He was on staff at Albert Einstein Medical Center, Southern Division, and the Veterans Administration Hospital, Coatesville, PA. He is survived by his wife, Thelma, two sons, and a daughter.

Harold L. Bitman P'57 died May 23, 1995, it has been ascertained. He was Chief of Psychiatry at Jefferson Hospital, Philadelphia. He is survived by his wife, Francine, two daughters, and three sons.

Alejandro Beddings HS0'82 died May 28, 1994, it has been ascertained. He was a hand surgeon at St. Mary's Hospital, Langhorne, PA.

Faculty

Frank D. Gray Jr., M.D., former Magee Professor and Chairman, Department of Medicine, and interim Dean, Jefferson Medical College, died April 26, 1997. Born in Marshall, MN, he earned a Bachelor of Science degree from Northwestern University in 1938 and a medical degree from the College of Physicians and Surgeons of Columbia University in 1943. He then served two years in the Army Medical Corps during World War II, taking part in the Normandy invasion as an infantry battalion surgeon. During the drive across Europe, he was a major and a regimental surgeon.

Trained in cardiology and pulmonary diseases, he joined Yale University as an Instructor in Medicine in 1949. He became an Associate Professor of Medicine at Yale in 1957, and was appointed director of the section on chest diseases and the cardiopulmonary laboratory at Yale-New Haven Medical Center. He served as Director of Medicine, Lankenau Hospital, Wynnewood, PA from 1968 to 1976. He was appointed Magee Professor of Medicine and Chair, Department of Medicine, Jefferson Medical College in 1976 and served until 1981. He then served as interim Dean of Jefferson Medical College for one year before retiring in 1982.

He was a Fellow of the American College of Physicians, the American College of Chest Physicians, the American Thoracic Society, and the American Society of Clinical Investigation. He was a frequent contributor to the medical literature and was author of the book Pulmonary Embolism. He is survived by his wife, Frieda Gersh Gray, M.D.

O. Dhodanand Kowlessar, M.D., retired Professor of Medicine, Jefferson Medical College, and an authority on malabsorption and pancreatitis, died April 19, 1997. Born in Madras, India, he graduated from Carthage College in Illinois in 1948. He received a master's degree in biochemistry from the University of Iowa, followed by an M.D. degree with honors from the University of Rochester School of Medicine and Dentistry in 1955. His postgraduate education in internal medicine and gastroenterology was obtained at the New York Hospital-Cornell Medical Center, New York, NY, where he remained as an Assistant Professor of Medicine. From 1963 to 1966 he headed the Division of Gastroenterology at Seton Hall College of Medicine in Jersey City, NJ. In 1966, he was appointed Director of the Division of Gastroenterology, Director of the Clinical Research Center, and Professor of Medicine at Jefferson. More recently he held the position of Vice Chairman for Educational Programs in the Department of Medicine. He was Program Director for Nutritional Education in the Department of Medicine from 1991 until retirement in 1996. He was a frequent contributor to the literature of his specialty. He is survived by his wife, Dr. Muriel Chevieux Kowlessar, and a daughter.

John S. McGavic, M.D., Honorary Professor of Ophthalmology, died May 8, 1997. Born in St. Louis, MO, he graduated from Iowa Wesleyan College and the University of Iowa College of Medicine. After completing ophthalmology training at Columbia Presbyterian Eye Institute in New York City, he served with the Army Medical Corps at Valley Forge Army Hospital during World War II. In addition to teaching eye pathology at Jefferson and at Wills Eye Hospital, he maintained a private practice in Bryn Mawr, PA. He is survived by two sons and a daughter.
New Officers Approved at Annual Business Meeting

The Annual Business Meeting in April marked the inauguration of the new slate of officers of the Alumni Association:

Joseph W. Sokolowski Jr. '62, President
Joseph L. Seltzer '71, President-Elect
James M. Delaplane '64, Vice President
Barbara G. Frieman '80, Vice President
Edward A. Jaeger OPH '64, Vice President
Phillip J. Marone '57, Vice President
Pauline K. Park '82, Secretary
John R. Patterson '54, Treasurer

New Members of the Executive Committee
Peter Amadio Jr. '58
Sucha O. Asbell RO '71
Robert B. Belański OTO '77
Charles J. Dunton '80
Earl J. Fleegler '65
Daniel C. Harrer '67
Jack J. Klein '61
Martha S. Matthews '81
Stanton B. Miller '80
Ernest L. Rosato '90
Steven Rosenzweig EM '89
Michael P. Savage '80
Sandra F. Schnall '79
Daniel M. Scotti '73

The slate of office holders of the Alumni Association:
Sue O. Asbell RO '71
Stanton B. Miller '80

New Members of the Executive Committee
Peter Amadio Jr. '58
Sucha O. Asbell RO '71
Robert B. Belański OTO '77
Charles J. Dunton '80
Earl J. Fleegler '65
Daniel C. Harrer '67
Jack J. Klein '61
Martha S. Matthews '81
Stanton B. Miller '80
Ernest L. Rosato '90
Steven Rosenzweig EM '89
Michael P. Savage '80
Sandra F. Schnall '79
Daniel M. Scotti '73

Slate of Vice Presidents for California
J. Edward Berk '36—Los Angeles
Simon C. Brumbaugh Jr. '51—San Diego
George A. Winchr Sr. '49—San Francisco
Franklin J. Chinn '52—Sacramento

Stanton N. Smulens '61 hands the gavel, symbolizing the Presidency of the Alumni Association, to Joseph W. Sokolowski Jr. '62.

Francis X. Keeley IM '60 congratulates longtime faculty member John L. Abruzzo, M.D. on being elected an Honorary Member of the Alumni Association.

Sharon B. Mass '93, Deborah A. Snyderman '86, and Edward A. Jaeger OPH '64 at the Business Meeting.

'29
We regret to note that Florence Anna Marie McNicholas passed away April 1, 1997. She was the widow of Edward T. McNicholas.

'35
James N. Barroway of Cherry Hill, NJ has finally retired from his position as Pediatric Health Coordinator for Camden County. Dr. Barroway now works on a volunteer basis.

'38
Walker A. Boquist of Wyomissing, PA has retired from his active practice of general surgery. He and his spouse, Evelyn, have been married now for 56 years.

Morris J. Shapiro of Rochester, NY was awarded by the Rochester Academy of Medicine, the David Kaiser Medal (highest honor) for distinguished service in the fields of medicine, public health or community welfare. Dr. Shapiro is a Professor Emeritus of Surgery at the University of Rochester. In the 1980s, Dr. Shapiro founded and directed the Center for Early Detention of Breast Cancer, which provided free mammograms to women who could not afford them.

'51
John W. Langley of Hadlock, WA has retired from Kaiser-Permanent Medical Group and is living on the Olympic Peninsula.

'52
Peter P. Potocki of Wilmington, DE was given the Distinguished Service Award by the Delaware Academy of Family Physicians.

'53
Jerome Abrams of Edison, NJ retired from his private practice of gynecology. He is now lecturing at the Academy of Life Long Learning of Rutgers University.

David W. Kulp of Devon, PA has retired and is looking into a new career in environmental sciences.

Jay A. Nadel of San Francisco, CA received the Trudeau Medal from the American Thoracic

Care at St. Francis Hospital. He also serves as a member of its Ethics Committee.

Edward J. Saltzman of Palm City, FL was awarded the Grulee Award for his outstanding service to children, to pediatricians, and to the American Academy of Pediatrics. Dr. Saltzman has been a staunch advocate for developing optimum practice environments, both for pediatricians and for the children they serve. He elevated the practice management issue from a neglected topic, rarely studied in a systematic fashion, to a discipline that integrates the concept of continuous quality improvement for the betterment of patient outcomes. He personally initiated nearly all of the AAP practice management educational initiatives such as the Starting in Practice workshops, and the Getting Into Pediatrics seminars. He also conceived and edited the first edition of the Manual on Pediatric Practice.

'54
James T. Spencer Jr. of Charleston, WV has been promoted to Clinical Professor of West Virginia University School of Medicine.

'45
Raymond C. Grandon of New Cumberland, PA was presented the Distinguished Internist of the Year Award from the Pennsylvania Society of Internal Medicine.

'49
William E. Hart of West Hartford, CT practices pastoral care at St. Francis Hospital. He also serves as a member of its Ethics Committee.

Edward J. Saltzman of Palm City, FL was awarded the Grulee Award for his outstanding service to children, to pediatricians, and to the American Academy of Pediatrics. Dr. Saltzman has been a staunch advocate for developing optimum practice environments, both for pediatricians and for the children they serve. '52
Peter P. Potocki of Wilmington, DE was given the Distinguished Service Award by the Delaware Academy of Family Physicians.

'53
Jerome Abrams of Edison, NJ retired from his private practice of gynecology. He is now lecturing at the Academy of Life Long Learning of Rutgers University.

David W. Kulp of Devon, PA has retired and is looking into a new career in environmental sciences.

Jay A. Nadel of San Francisco, CA received the Trudeau Medal from the American Thoracic

Society this past May, and an honorary doctor of laws degree from Dickinson School of Law, in addition to an honorary doctorate of medicine last year from the University of Lund, Sweden. Co-author of the first and second editions of the Textbook of Respiratory Medicine, Dr. Nadel is Chief of Pulmonary and Critical Care Medicine at the University of California, San Francisco.

'55

Richard F. Brams of Wilmington, DE has retired from his practice of allergy medicine. Now he and his wife, Renee, can enjoy time spent between their two homes, which includes Naples, Florida.

'56

Eugene F. Bonacci of Englewood Cliffs, NJ has retired from his practice of surgery. The hospital where he has been practicing since 1963, Holy Name Hospital, has offered him a position on a part-time basis as physician coordinator to run their operating room.

Please Volunteer to Host a Student Interviewing in Your Area

Students will be contacting alumni during November, December, and January requesting housing while they are interviewing for residencies. Alumni have found that this is a fun way to catch up on what's happening at Jeff, and to meet physicians-to-be who may soon be practicing in their region. If you would be willing to host a student interviewing in your area, please return the form below to JMC Alumni Office, 1020 Locust Street M-41, Philadelphia, PA 19107.

Name __________________________ Class Year or Jeff Affiliation ____________
Mailing Address ____________________________________________________________
City ___________________________ State ________ Zip __________________________

I would be willing to host a student interviewing in my area. ____________________

Richard H. Keates of Solebury, PA stepped down as Professor and Chairman of the Department of Ophthalmology at the University of California in Irvine and moved to Bucks County.

Simon Kravitz of Elkins Park, PA has retired.

'60

J. Frederick Hiehle of Wyomissing, PA has retired from his practice of radiology.

William F. Hushion of Media, PA has retired.

'61

William M. Shue of York, PA has retired from his practice of general surgery.

Theodore W. Wasserman of Shamong, NJ has been appointed Assistant Professor of Psychiatry and Human Behavior at Methodist Hospital.

'62

Norman A. Goldstein of Phoenixville, PA is still active on the Board of Pennsylvania Medical State Liability Insurance Company.

Robert C. Nuss is enjoying his duties as Associate Dean of Clinical Affairs at the University of Florida College of Medicine. Daughter Jennifer D. Nuss '96 is in her second year as an emergency medicine resident at Jefferson.

'63

Joseph C. Flanagan of Gladwyne, PA recently received LaSalle's Holroyd Award. Dr. Flanagan is Director of the Oculoplastic Department at Wills Eye Hospital and Professor of Ophthalmology at Lankenau Hospital.

'64

Peter M. Fahney of Bethesda, MD helped form the American College of Emergency Physicians. He has also retired from his practice of emergency medicine.

Thomas J. Leavitt of Shingle Springs, CA is the Director of Medical Oncology at Marshall Hospital and an Assistant Clinical Professor of Medical Oncology at the University of California at Davis.

David L. Paskin of Philadelphia was honored as Physician of the Year at the annual Renaissance Ball, a black tie fundraiser hosted by the Philadelphia/Delaware Valley Chapter of the Crohn's and Colitis Foundation of America. He serves as Chair of Surgery and is a past President of the professional staff at Pennsylvania Hospital.

Richard D. Shapiro of Girard, OH is Chairperson at St. Joseph Managed Care Network Finance Committee of Humility of Mary Health Care System.

'65

Ralph W. Crawford of Altoona, PA is in his second year of family practice residency at West Penn Hospital in Pittsburgh, PA.

Robert M. Pilcowski of Oil City, PA opened a larger office last year in Oil City. His specialty is internal medicine.

'67

Steven B. Holsten of Monson, MA is proud to note that his son, Steven Jr., is in the Class of '99 at Jefferson.

Stephen Slogoff of Burr Ridge, IL is currently Professor and Chairman of Anesthesiology at Loyola University Stritch School of Medicine, Chairman of the Board of the Loyola University Physician Foundation, and Trustee at Loyola University Health System.
John D. Frost of Anchorage, AK has limited his practice to knee and arthroscopic surgery. He is currently Chairman of the Board of Trustees at Columbia Alaska Regional Hospital in Anchorage.

Kenneth B. Reynard of Englewood, CO is a neuroradiologist at St. Anthony Hospital in Denver, CO.

Paul M. Weinberg of Cherry Hill, NJ was a plenary speaker at the Second World Congress of Pediatric Cardiology and Cardiac Surgery in Honolulu in May, discussing “Three-Dimensional Reconstruction of Cardiovascular Anomalies from Magnetic Resonance Imaging.” He was accompanied by his wife, Linda L. Weinberg ’69. Paul spoke on “Pathology for Interventionists” at a symposium at Charite Hospital in Berlin, Germany last October. He is Associate Professor of Pediatrics (Cardiology) and Radiology at The Children’s Hospital of Philadelphia and Director of the Cardiology Fellowship Training Program.

John R. McCloskey of Ventnor, NJ has been appointed Assistant Professor of Orthopaedic Surgery at Jefferson.

Carolyn S. Crawford of Cape May, NJ spent time in Haiti at Sainte Croix Hospital (Holy Cross Hospital) in Leogane teaching neonatal resuscitation, pediatric advance life support and consulting with the staff. She states that it was an “incredible experience” and one in which she plans to repeat annually.

Edward B. Ruby of Huntingdon Valley, PA was named Teacher of the Year for 1996-97 by the internal medicine residents of Thomas Jefferson University Hospital and selected by his peers to be included in The Best Doctors in America: Northeast Region in the field of endocrinology. He is currently practicing at Jeff and Mercy Catholic Medical Center where he also recently received an award for excellence in teaching.

Harry S. Cooper of Wyndmoor, PA has been appointed Professor of Pathology, Anatomy and Cell Biology at Jefferson.

Martin Weisberg of Elkins Park, PA will become your Doctor of the House every Sunday morning by way of Jefferson’s new weekly radio program, HealthWise With Dr. Marty Weisberg on WPEN 950 AM.

Weisberg, a gynecologist at Jefferson, promises his listeners that they will learn something new every week about their personal health and medical problems that might crop up.

For more than 20 years, Dr. Weisberg has appeared on local and national TV and local radio stations as a medical reporter and commentator, providing his audience with basic, down-to-earth information on medicine and health. He has been seen nationally on the Donahue and Dr. Ruth talk shows, and has been heard locally on WPEN 950AM, WCAU-AM, WIP-AM, and WHYY-FM radio.

AΩA Inducts House Staff, Faculty, and Student Members

The Alpha Omega Alpha Honor Medical Society honored its newest inductees at its annual banquet in April at the College of Physicians of Philadelphia. Leading the presentations were ’97 AΩA President Anthony J. Cornetta and Vice President Alessandro A. Girolamo Jr. In addition to outstanding members of the Classes of ’97 and ’98, the society inducted house officers at Thomas Jefferson University Hospital and WHYY-FM radio.

John J. Blanch of Flagstaff, AZ is Chief of the Medical Staff at Fronskes Health Center in Northern Arizona University in Flagstaff.

Gary Gerstein of Convent Station, NJ is Chairman of Hematology-Oncology at Morristown Memorial Hospital in Morristown, NJ. He has also helped break ground for a comprehensive cancer center to be completed in 1998.

Larry A. Caputo of Philadelphia, PA has been appointed Assistant Professor of Radiology at Jefferson, practicing at Methodist Hospital.

Michael H. LeWitt of Berwyn, PA has been promoted to Assistant Professor of Surgery at Jefferson. He received the MPH degree from the Medical College of Wisconsin in May 1997. He has also been elected Chairman of the ACLS committee for the Southeastern Pennsylvania chapter of the American Heart Association, for whom he serves as affiliate faculty in ACLS. Dr. LeWitt has written his first book entitled, Diagnostic Testing for the Occupational Physician, which will be published in the fall of 1997. He continues to practice occupational medicine at Paoli Memorial Hospital, where he is Medical Director of Occupation Medicine, Great Valley Health. He also practices emergency medicine on a part-time basis at Methodist Hospital.

Mark L. Dembert of Norfolk, VA is now staff psychiatrist and Head of Group Psychotherapy Training and Critical Incident Stress Debriefing at the Naval Medical Center, Department of Psychiatry in Portsmouth, VA. He is a Captain in the U.S. Navy Medical Corps.

John E. Hocutt of Wilmington, DE is currently Vice President and Regional Medical Director of HIP Health Plan of New Jersey.
David P. Mayer of Merion Station, PA is Chief of Radiology at Englewood Hospital and Medical Center, and a member of the clinical faculty at the Mount Sinai School of Medicine in New York.

Thomas H. Sprague of Honolulu, HI is Chief of Staff at Tripler Army Medical Center and Deputy Commander of Pacific Regional Medical Command in Hawaii.

Douglass H. West of Lebanon, OH retired in 1995 after 17 years of orthopaedic surgical practice and as Associate Professor of Orthopaedic Surgery at Wright State University School of Medicine. He and his wife are moving to Maui and leaving the “rat race” behind.

Ted M. Parris of Havertown, PA is alive and well and practicing interventional cardiology.

Cynthia L. Sears of Columbia, MD is an Associate Professor of Infectious Disease and Gastroenterology and the Director of the Infectious Disease Fellowship Program at Johns Hopkins University School of Medicine. She would enjoy seeing classmates.

Katherine C. Krause of Farmington, CT has decided to move back home to Philadelphia. She is helping to start a new department of family medicine at the University of Pennsylvania along with Marjorie A.W. Bowman ’76. She states, “There are always those of us salmon who enjoy swimming upstream. We’ll need all the help you can give us!”

Gaylyn G. L. Li of Honolulu, HI is Associate Professor of Obstetrics and Gynecology at the University of Hawaii Burns School of Medicine. She has three children: Stacy (13), Adrienne (13), and Christopher (18).

Joseph G. Matthews II of University Park, TX was appointed Associate Professor and Head of the Orthopaedic Oncology Service at the University of Texas Southwestern Medical Center at Dallas.

Ronald D. Springel and his wife, Yvonne, of Spokane, WA recently traveled to St. Louis where Ron received the 1997 Meritorious Service Award from the Substance Abuse Program Administrators Association. He was recognized for leading the successful effort to develop a national certification program for individuals who administer workplace substance abuse programs. Ronald was also elected President of the newly formed Substance Abuse Program Administrators’ Certification Commission and appointed as trustee of the Substance Abuse Foundation for Education and Research (SAFER).

Ron, Yvonne, and children Drew (12) and Natalie (seven) invite classmates to visit them in Spokane: “the high country is magnificent.”

John M. Berardis and his wife, Allyn, of Santa Monica, CA proudly announce the birth of their first child, Nicholas Velio. Velio is the name of the baby’s grandfather, the late Velio C. Berardis ’48.

Brian R. Ott of Barrington, RI has been named Associate Chief of the Neurology Division at Memorial Hospital of Rhode Island. He will direct the Alzheimer’s Disease and Memory Disorder Center at the hospital.

Patricia E. Clancy and Robert S. Kiefer ’80 of Concord, NH are busy and happy with their three boys. Patricia has decided to take a leave of absence from her post as family physician to take care of the children. Rob and Patricia say that they would love to see any alums passing through New England.

Daniel B. Mingle of South Paris, ME lives on 110-acre Mountain Brook Farm on Streaked Mountain. Daniel has been practicing family practice in Norway, ME with a group of four family physicians within a nonprofit multispecialty group practice. He is happily raising his two daughters, Abbie and Kate, and a herd of alpacas at Mountain Brook Farm.

Rudolph T. DePersia Jr. of Woodbury, NJ has been promoted to Assistant Professor of Medicine at Jefferson.

Bruce Hart of West Chester, PA has been appointed an Instructor of Surgery at Methodist Hospital.

Russell S. Breish of Fort Washington, PA has been elected Secretary and Treasurer of the medical staff at Chestnut Hill Hospital.

Leonardo S. Nasca Jr. of Ponte Vedra, FL, an emergency medicine physician at St. Luke’s Hospital/Mayo Clinic in Jacksonville, has six boys ages 9,8,7,6,5,4, and one girl age 3.

Robert E. Briggs and his wife, Peggy, of Tappahannock, VA have two wonderful children: Grant is five years old and James is eight months old.

Susan L. Cooley of Somerville, NJ entered private practice of general ophthalmology in Warren County. She was elected Chief of Ophthalmology at Warren Hospital. She also gave birth to triplets, William Justus, Rachel Elizabeth, and Rebecca Anne.

Marion T. Maus of Philadelphia, PA, Associate Surgeon on the Oculoplastic Service at Wills Eye Hospital, was named Co-Director of Resident Education. This is a newly created position at Wills, designed to address changes in the residency program to meet its long-term goals. In this role, Dr. Maus will develop a long-range plan for the program that prepares Wills residents not only clinically but also for practicing in a managed care environment. Dr. Maus will also be developing new teaching.
John D. Frost of Anchorage, AK has limited his practice to knee and arthroscopic surgery. He is currently Chairman of the Board of Trustees at Columbia Alaska Regional Hospital in Anchorage.

Kenneth B. Reynard of Englewood, CO is a neuroradiologist at St. Anthony Hospital in Denver, CO.

Paul M. Weinberg of Cherry Hill, NJ was a plenary speaker at the Second World Congress of Pediatric Cardiology and Cardiac Surgery in Honolulu in May, discussing “Three-Dimensional Reconstruction of Cardiovascular Anomalies from Magnetic Resonance Imaging.” He was accompanied by his wife, Linda L. Weinberg '69. Paul spoke on “Pathology for Interventionists” at a symposium at Charite Hospital in Berlin, Germany last October. He is Associate Professor of Pediatrics (Cardiology) and Radiology at The Children's Hospital of Philadelphia and Director of the Cardiology Fellowship Training Program.

John R. McCloskey of Ventnor, NJ has been appointed Assistant Professor of Orthopaedic Surgery at Jefferson.

Carolyn S. Crawford of Cape May, NJ spent time in Haiti at Sainte Croix Hospital (Holy Cross Hospital) in Leogane teaching neonatal resuscitation, pediatric advance life support and consulting with the staff. Professor of Medicine at Jefferson.

Steven E. Copit of Gladwyne, PA has been promoted to Assistant Professor of Surgery at Jefferson.

Christopher C. Dankmyer of Bethlehem, PA proudly announces the birth of Nicolette Loftus (May 8, 1996). Nicolette joins her sister, Alexis Catherine.

William H. Nelson of St. Simons Island, GA is a Diplomat of the American Board of Emergency Medicine, a Fellow of the American College of Emergency Physicians, and Chief of Emergency Medicine at Southeast Georgia Regional Medical Center.

Christopher J. Saunders of Wilmington, DE has finished general surgery and plastic surgery at the University of California, Davis Medical Medical Center. He is board certified and now practicing with his father and mother, Marcia Fitzpatrick '68. Dr. Saunders is happily married to Alice with three wonderful children.

David C. Anderson of Davidsonville, MD has joined Maryland Primary Care Physicians of Annapolis. He specializes in family practice, and has been in private practice in Annapolis for the past four years.

Dale S. Birenbaum of Philadelphia, PA has been promoted to Assistant Professor of Surgery (Emergency Medicine) at Jefferson.

Anthony J. Montemuro of Charlotte, NC has joined the Nalle Clinic in the Department of Gastroenterology.

Landmark Diabetes Program Would Like Patients Referred

Three years ago, Jefferson's Division of Endocrinology was among 26 medical centers in the nation chosen to participate in the landmark Diabetes Prevention Program (DPP).

Patient recruitment began in 1996, and the DPP is moving ahead with deliberate speed. Four thousand patients nationwide with impaired glucose tolerance (IGT) are being recruited for the four-arm clinical trial. Jefferson needs to recruit 180 patients.

The intent of the study is to determine whether Type 2 diabetes can be prevented or delayed in individuals with IGT who are at high risk for the disease.

Patients who successfully complete a run-in period are randomized to one of four groups: Lifestyle Change, an intervention that consists of diet and exercise aimed at a seven percent weight loss in the first six months, and is sustained over time; and three Medication Arms, involving metformin, troglitazone, or placebo as part of a double-blind drug intervention. Individuals in the medication arms also receive standard care with regard to medical advice about the benefits of a healthy diet and daily exercise.

Recruiting patients for the DPP has proven to be a formidable task. The DPP team is dealing with individuals who have known risk factors for diabetes, but who basically feel well and are largely asymptomatic. Thus, for many patients, there is little motivation to commit to a study that calls for behavior change. To date, we have screened almost 4000 patients, and of that number only 300 have been found eligible to participate in DPP.

When actual willingness to commit to the study is added to the equation, the eligibility number declines further.

Accordingly, we have randomized 35 patients during the first 10 months of the study. Fortunately the recruitment period will continue for another 24 months.

Yet, the Jefferson DPP team must substantially increase its recruitment efforts.

Our DPP Center employs a full-time recruitment coordinator, who makes community contacts, does work site screenings, approaches Jefferson primary care practices, seeks media exposure for DPP, and solicits Jefferson student volunteers to assist with screening potential patients.

Clearly one of the best sources of patients for DPP is referrals by Jefferson physicians. Alumni are urged to support this most important study by referring patients.

We are looking for individuals who have any of the following risk factors:

- over 35 years of age
- overweight and sedentary
- family history of Type 2 diabetes
- history of gestational diabetes
- ethnic minority groups at high risk, e.g. Mexican Americans, Hispanic Americans, Asian Americans, and Pacific Islanders
- family members of patients with diabetes

While patients are in DPP, they maintain close contact with their primary care physicians, but they come to the Jefferson DPP site, at 1015 Chestnut Street, for periodic assessments and testing. The DPP team works closely with the primary care physician, maintaining open lines of communication. The DPP team is eager to work with primary care physicians in the interest of bringing patients into the study.

Interested M.D.s are asked to have an office representative call the DPP Center at 215-955-0444 to arrange a mechanism whereby patient referrals can be carried out in a convenient manner.

Physicians wishing information of a more technical nature are invited to call Barry J. Goldstein, M.D., Ph.D., Director of the Division of Endocrinology, at 215-503-1272 or email at BGoldstein@jacl.jcu.edu

experiences for residents, for example, training at settings outside the hospital, such as the Wills regional network of Ambulatory Surgery Centers.

In his advocacy efforts as a member of the Pennsylvania delegation to the American Medical Association, he will be working toward the passage of federal legislation that would permit Medicare reimbursement for training in off-site settings.

Dr. Maus will continue seeing oculoplastic patients and developing new techniques for team approaches to treating patients in neurosurgery, ENT, trauma, and other subspecialties.

A resident of Center City, Dr. Maus received the Golden Apple Teaching Award in 1996, given by graduating Wills residents for his dedication to resident education.

Susan L. Weber and her husband, Marvin Balaan, M.D. of Moon Township, PA, are proud to announce the birth of their first child, Charles Placido, on January 23, 1997. Susan and Marvin recently started their private practice in pulmonary and critical care medicine in Pittsburgh after leaving their positions on the faculty at West Virginia University School of Medicine.

Steven A. Maser of Livingston, NJ has been inducted as a Fellow of the American Academy of Orthopaedic Surgeons. He has also earned the Certificate of Added Qualification in Hand Surgery.

Greg F Burke of Danville, PA has been promoted to Assistant Professor of Medicine at Jefferson.

Special Ceremony for the Graduate in Absentia

In rare instances, circumstances prevent a Jefferson student from being with his or her classmates at the Academy of Music for graduation. On these occasions, alumni in other cities help out by officiating at a special little ceremony.

George A. Winch ’49, a longtime faculty member of the University of California, San Francisco, represented Jefferson Medical College at the ceremony for Oliver Z. Graham ’97. “It was held in the Berkeley park,” Dr. Winch writes, “in a private shady knoll. He made a fine-looking new Jefferson graduate.

“One of the guests was the youngest daughter of Lewis C. Schefley ’20—she is an old friend of Oliver’s family. Dr. Schefley, who was Chairman of Obstetrics and Gynecology at Jefferson when I was a student, helped me to obtain my obstetrics/gynecology residency at the University of California, San Francisco in the early fifties. It’s a small world!”

John A. Osborne of Collegeville, TX has accepted a position in Dallas, TX as a cardiologist. He will work for Cardiovascular Surgical Associates of North Texas. He will start a research division doing noninvasive cardiology.

Kathleen T. Wagner of Philadelphia, PA has been appointed Instructor of Family Medicine at Jefferson.

James W. Freeman of Shippensburg, PA has been elected Chairman of Family Practice at Chambersburg Hospital.

JoAnn S. Hirth of Ann Arbor, MI proudly announces the birth of Lauren Nicole on December 21, 1996. JoAnn has completed her hematology/oncology fellowship.

Pamela T. Johnson of Radnor, PA is currently Assistant Professor of Radiology at Jefferson. She would love to hear from her classmates by email: johnson@jeflin.jmu.edu.

Stanley C. Marczyk and his wife, Mara, of Absecon, NJ proudly announce the birth of their second child, Matthew Ryan, on March 18, 1997. Their son, Stanley Patrick, is two years old. After completing a fellowship in hand surgery at Allegheny General Hospital in Pittsburgh, Dr. Marczyk will join an orthopaedic practice in Northfield, NJ.

Patricia A. Graham of Lawrenceville, NJ was featured in a story in Pennsylvania Medicine, March 1997, because she leads her community in volunteer projects such as Habitat For Humanity and park cleanup programs. She was also a recipient of an AMA Policy Grant for residents establishing volunteer activities in the community.

Norman L. Sykes Jr. of Glenside, PA has been appointed Instructor of Dermatology and Cutaneous Biology at Jefferson.

Your diploma is from Jefferson Medical College of Thomas Jefferson University—please refer to your degree in this way.

Thane N. Turner of Lock Haven, PA proudly announces the birth of his second child, Avery Grace, born March 14, 1997.

Carl E. Becker II of Aston, PA and wife, Tracy, proudly announce the birth of their second child, Payton Elizabeth, on July 26, 1996.

Jeffrey Chao of San Diego, CA is Chief Resident at the University of California, San Diego Outpatient Psychiatric Service. He has also been selected as a recipient of the American Medical Association Glaxo Wellcome Resident Physicians Leadership Award.

Vidu Garg of Columbus, OH has begun his fellowship in pediatric cardiology at Children’s Medial Center in Dallas, TX.

Mahesh Krishnan of Falls Church, VA married Rachna Singla in June 1996. Dr. Krishnan will serve as Chief Resident for Internal Medicine at Georgetown before doing a nephrology fellowship at Johns Hopkins University.

David M. Steinberg of Baltimore, MD now serves as Chief Resident in Pathology at the Johns Hopkins Hospital.

Minetta C. Liu of Arlington, VA has enjoyed her residency program in internal medicine at Georgetown University. She’s decided to stay another three years to do a fellowship in hematology/oncology.

Susan L. and John F. Macmillan of Albuquerque, NM are in their
second year of residency at the University of New Mexico. Jack is an internal medicine resident and Susan is an obstetrics/gynecology resident. Jack will be promoted to Chief Resident after his third year.

Classmates of the Macmillans, Joe Coladonato, Doug Tomaisan, and James Maddux, all will soon become Chief Residents in internal medicine at their respective schools. Joseph is at the University of Pittsburgh; Douglas is at the McGraw Medical Center-Northwestern University in Chicago; and James is at the University of Minnesota Hospital and Clinic. Jefferson is honored to have at least four alumni from the Class of '95 become Chief Residents.

Shilpa P. Shah and Nemish Mehta of Indianapolis, IN are recent newlyweds. Congratulations!

Postgraduate Alumni

Joyce R. Rubin ID'86 of Maple Glen, PA has been appointed an Instructor of Medicine at Jefferson.

Levon N. Nazarian DR'92 of Cherry Hill, NJ has been promoted to Associate Professor of Radiology at Jefferson.

Leo C. Katz GE'93 of Voorhees, NJ has been promoted to Assistant Professor of Medicine at Jefferson.

Robert M. Eisenstein EM'95 of Mt. Laurel, NJ has been appointed an Instructor of Surgery (Emergency Medicine) at Jefferson.

Eric P. Stander EM'95 of Mt. Laurel, NJ has been appointed an Instructor of Surgery (Emergency Medicine) at Jefferson.

Frank V. Beaudell HO'96 of Bryn Mawr, PA is an Instructor of Medicine at Jefferson.

William N. Duffy IM'96 of Voorhees, NJ is an Instructor of Medicine at Jefferson.

Reception Welcomes Back Cardiology and Cardiothoracic Surgery Fellows

A reception and dinner at the Omni Hotel in Society Hill brought together former fellows in cardiology and cardiothoracic surgery this past May. Hosts were Howard H. Weitz '78, Director of the Division of Cardiology, and Richard N. Edie, M.D., Director of the Division of Cardiothoracic Surgery. It was held in conjunction with the CME program "Cardiology 1997: Balancing the Art and Science."

Barbara Capizzi; Robert Capizzi, M.D., Chairman of Medicine at Jeff; Barbara Weitz; and Howard Weitz '78
Jefferson Medical College Alumni Association invites you to the Fourth Annual

What Every Doctor Should Know: A General Medical Update

January 31–February 7, 1998

Big Sky, Montana

Big Sky Downhill Ski Resort  Vertical Rise 4,180 Feet  3500 Skiable Acres
Lone Mountain Guest Ranch  Finest cross-country skiing facility in the U.S.
Winter Tours of Yellowstone National Park

The Alumni Association is pleased to announce its fourth annual educational getaway
Enjoy the fun and beauty of Montana and renew old friendships
General medical update topics will be presented by your fellow Jeffersonians
Hosted by Joseph F. Rodgers '57, Joseph L. Seltzer '71, and Pauline K. Park '82

Participants will include John A. Belis '71, Louis T. Broad '74, Barbara G. Frieman '80, Scott D. Goldstein, M.D.,
Benjamin M. Kline '93, Mark B. Kahn '83, Thomas J. Nasca '75, Jewell L. Osterholm, M.D., Judith R. Peterson PM'90,
James S. Raphael HSO'94, Ernest L. Rosato '90, Francis E. Rosato, M.D., Jocelyn J. Sivalingam '87, Sandra Weibel PUD'92

Registration fee payable to JMC Office of CME: $275.00 to cover educational materials, coffee breaks, cocktail/dinner parties, etc.

Travel arrangements by Any Mountain Tours—You need to call 1-800-468-3455
Ski In/Ski Out—Huntley Lodge/Shoshone Condominiums
Huntley Deluxe Room $159/night
Huntley Loft Room $187/night
Shoshone Standard (1.5 bedrooms) $291/night
Shoshone Loft (2.5 bedrooms) $361/night
Arrowhead (3 bedrooms) $452/night

Reservations due November 1, 1997—room rates guaranteed until that date

For questions regarding Continuing Medical Education credits call the JMC Office of CME toll-free at 1 888 JEFF CME

Annual Giving Report
The 49th Campaign 1996–97

Past Alumni Presidents McGehee, Bacharach, Prehatny, Hodges, Sokolowski (President 1997–98), Clark, Cotler, Lindquist, Smullens, Czarnecki, Bowers, Gartland, Vernick, Seltzer (President 1998–99), Harrer, and Baltzell at the Annual Business Meeting in April at the Eakins Gallery
July 23, 1997

J. Wallace Davis, M.D.
Chairman
Alumni Annual Giving Fund
Jefferson Medical College
Philadelphia, PA 19107

Dear Wally:

If there were something equivalent to the Academy Award in the Best Alumni Annual Giving Fund Division, you'd be under spotlights this year! Once again, you have surpassed our goal. I don't know how to thank you and the alumna for your generosity. Wally, please accept my sincere appreciation for all that you have done and for your continued confidence in Jefferson Medical College.

Sincerely,

[Signature]

Joseph S. Gonnella, M.D.
JSG/gr

J. Wallace Davis, M.D.
Chairman
JMC 49th Alumni Annual Giving Fund
Jefferson Medical College

Dear Wally:

You have, once again, put Alumni successfully energize and motivate our previous years' giving. The JMC 49th success.

I am personally grateful to each which is expressed for Jefferson Medical generous vote of confidence speaks to the support of Jefferson Medical College.

Thank you, Wally, for accepting send my warm regards to you and to support of Jefferson Medical College.

Sincerely,

[Signature]

Paul C.

PCB/gr
J. Wallace Davis, M.D.
Chairman
Alumni Annual Giving Fund
Jefferson Medical College
1020 Locust Street
Philadelphia, PA 19107-6799

Dear Wally:

On behalf of the Board of Trustees, I extend congratulations and thanks to you and your associates on your achievement in raising $1,762,000 for the 49th Campaign. The increase over last year indicates the continuing interest in Jefferson by its alumni and you. Your continued efforts on behalf of the College clearly show your devotion and commitment.

The strong support of the Alumni both professionally and financially is increasingly important in these rapidly changing times for healthcare. The continued efforts and contributions of the Alumni will assure the continued ability of Jefferson to fulfill its mission in the years to come.

Cordially,

JF.ckm

Jack Farber
How You Can Make a Gift

Outright Gifts

Gifts of Cash
These offer the donor a direct income tax benefit.

Gifts of Securities (Stocks and Bonds)
Appreciated securities should have been held for more than one year by the donor at the time of the gift. Such contributions may be deducted at the securities’ fair market value, and there is no capital gains tax on unrealized appreciation. Short-term securities (held for one year or less) are deductible at cost.

Gifts of Real Property
Land or buildings should have been held for more than one year by the donor at the time of the gift. They may usually be deducted at fair market value, and there is no capital gains tax on unrealized appreciation. Short-term assets (held for one year or less) are deductible at cost.

Planned Gifts

Pooled Income Funds
Pooled funds provide income for the life of the donor or other beneficiaries. Charitable income tax deductions are based on the age of the beneficiary at the time of the gift and the rate of return of the investment fund.

Gift Annuities
These provide the donor a fixed income and also income tax benefits.

Charitable Remainder Trusts
There are two types: unitrusts pay the donor a specified percentage (at least five percent) of the assets valued annually; annuity trusts pay a fixed amount annually (at least five percent of the initial fair market value). Both afford tax benefits and life income for the donor/beneficiary or other beneficiaries.

Charitable Lead Trusts
Lead trusts pay a percentage of trust income to Jefferson for a fixed number of years (or for a term measured by one or more lives), and then return the principal to the donor or pass it to other noncharitable remainder beneficiaries named by the donor. These trusts also provide tax benefits.

Life Insurance
A gift would consist of insurance naming Jefferson as the owner and irrevocable beneficiary of the policy. Premium payments are deductible. Donors may also give existing policies to Jefferson and claim a deduction for approximately the cash surrender value.

Other Gifts

Bequests
Leaving all or part of an estate to Jefferson is a good option for persons who need to retain full use of their estate during their lifetime, or for persons without heirs.

Matching Gifts
Some corporations match all or part of gifts made by their employees or directors to charitable institutions.

The 49th Campaign

J. Wallace Davis '42
Chairman, Annual Giving
Fund Committee

The 49th Annual Giving campaign has given Jeffersonians much to celebrate. Not only did contributions top $1.7 million, but contributors topped 4000 for the first time in Annual Giving's history. Many thanks and congratulations to the 4006 alumni, faculty, and friends who gave $1,761,935 to Jefferson.

No campaign is a success without leadership and Jefferson is fortunate indeed to have outstanding people serving in key Annual Giving positions. We are grateful to the chairman of the President's Club and the Annual Giving agents for the alumni, the postgraduate alumni, and the nongraduate faculty for guiding the 49th campaign with foresight and energy.

The President's Club can take pride in having raised $1,132,253 for Annual Giving, over $100,000 more than in last year's campaign. This figure represents 64.2 percent of the 49th campaign's total—truly the lion's share. Jefferson owes a debt of gratitude to the 587 members of the President's Club and their chairman, Benjamin Bacharach '56.

Our nongraduate faculty has always been very supportive of Annual Giving. This year 163 faculty members gave $163,313 to the campaign for which we thank them and their Annual Giving agent, Robert L. Brent, M.D., Ph.D.

The postgraduate alumni saw a rise in their number of contributors this year. Under the leadership of Annual Giving agents Francis X. Keeley IM '60 and Lorraine C. King REN'77, 202 PGAs gave $83,148 to Annual Giving and Jefferson is grateful.

All of our Annual Giving class agents did a splendid job during the 49th campaign and we thank them for their unflagging devotion to Jefferson. Several class agents and classes deserve special praise for their performance.

The Class of '71 climbed from second place last year to first place this year in amount raised—$48,237. Congratulations to the Class of '71 and class agents James E. Barone and Terrence S. Carden, Jr. The Class of '68 and the Class of '69 came in second and third, raising $45,680 and $42,030 respectively. Thanks to these classes and their class agents Lawrence V. Hofmann '68, Harold A. Yocum '68, and M. Dean Kinsey '69.

The Class of '78 took top honors in the number of contributors with 103 members of the class making a gift to Annual Giving. The Class of '71 took second place again this year with 89 contributors, followed closely by the Class of '84 in third place with 88 contributors. We salute these three classes and their class agents Duncan Salmon '78, James E. Barone '71, Terrence S. Carden, Jr. '71, and Guy M. Stofman '84.

Percentage of participation is counted from the 50th reunion class forward. Our aim is to achieve a participation rate of 50 percent or better. This year nine classes reached or exceeded that mark. In the winner's circle was the 50th reunion Class of '47 with an amazing participation rate of 70 percent. The Class of '54 was in second place with 68 percent and the 40th reunion Class of '57 finished third with a 63.2 percent participation rate. We applaud these classes and their class agents Martin M. Mandel '47, John R. Patterson '54, Phillip J. Marone '57, and Bronson J. McNierney '57.

The Alumni Association looks forward each year to the arrival in our midst of the newest graduates of the Medical College because we know that the future good health of our organization depends on them. Please welcome fellow alumni from the Class of '97 and their class agents Hilary L. Malcarney and Michael J. Pellini. It will be a pleasure to work with them.

I never cease to be impressed by the loyalty and generosity of Jefferson's alumni, faculty, and friends. President Paul C. Brucker, M.D. and Senior Vice President and Dean Joseph S. Gonnella, M.D. join me in expressing our deepest gratitude and in pledging to make every effort to ensure that Jefferson will continue to be worthy of your support. □

President's Club

Members of the President's Club continue to lead the Annual Giving Campaign. During 1996-97, 64 percent of the $1,761,935 total was realized by contributions of $1,000 or above. Fellows made cash gifts of $50,000 or above for more than one year; the Winged Ox Society, one-time gifts of $10,000 to $49,999; the Jefferson Associates, gifts of $5,000 to $9,999; the Jefferson Society, gifts of $2,500 to $4,999; and Sustaining Members, gifts of $1,000 to $2,499. Those who supported the Medical College through the Annual Giving Program are listed below with deepest appreciation for their generosity and loyalty.

Fellows
Dr. '56 & Mrs. Benjamin Bacharach
Dr. '63 & Mrs. Nathan Blinn
Dr. (Faculty) & Dr. Lewis W. Buehle, Jr.

Thomas G. Donecker '56
Joseph B. Dote, Jr. '66
Willard M. Drake, Jr. '41
Dr. Julia M. Duane
Ernest C. Dunn '60
Charles J. Dunton '80
Davis G. Durham '43
Dr. '52 & Mrs. Robert F. Early, Sr.
Donald P. Elliott '57
Paul S. Ellis '79
Mrs. Alfred C. Elmer
Richard B. English '76
James B. Erdmann (Faculty)
Joseph L. Eremus (Faculty)
David J. Eschelman '86
Edwin P. Ewing, Jr. '71
Robert C. Eyerly '52

Mitchell L. Factor '75
Francis J. Fanerica '61
Mrs. Joseph L. Farr
William J. Farrell '61
Neil R. Feine '60
Dr. DR88 & Mrs. Rick J. Feld
+Harry Bowman Feltz 1892
Howard L. Field '54
Jack W. Fink '74
Walter J. Finnegan '69
Harold Fishman '51
Dr. '71 & Mrs. Thomas W. Fiss, Jr.
Mr. & Mrs. Lawrence E. Forrest
Donald P. Franks '50
Albert W. Freeman '36
Elios N. Freeman, Jr. '34
+Kenneth E. Fry '31
Robert D. Fry (Faculty)
Sandy A. Furey '59
Stephen P. Gadomski '81
Thomas J. Gal '68
James L. Gardner '71
Thomas A. Gardner '52
Blaine R. Garner '39
John J. Garland S44
Philip H. Geeter '69
The Gelb Foundation
Alexander C. Gellman '69
Robert J. Gibbons '43
Diane K. Gilmour '51
Michael J. Ginziecki '69
Salvatore P. Girardone '69
Leonard M. Glassman '69
Robert M. Glazer '62
William W. L. Glenn '38
Dr. '56 & Mrs. Eugene Glick
Robert P. Glick '79
Lionel Gold (Faculty)
John W. Goldschild '54
Franz Goldstein '53
Sheldon B. Goldstone S44

Dr. and Mrs. Albert H. Wilkinson, Jr. '52

John L. Gompertz '36
Dr. '73 & Mrs. Robert F. Good
David M. Goodner OBG'72
Mrs. Armando F. Goracci
Richard F. Gordon (Faculty)
Susan J. Gordon '66
Paul L. Gorsch 'J44
Stephen Goslin '62
Edward Gottlieb (Faculty)
Jonathan E. Gottlieb (Faculty)
Bruce J. Gould '83
L. Christine Grad '78
Alan D. Graham '80
Eugene L. Grando '50
Raymond C. Grandon '45
Joseph P. Greaney '47
Thomas J. Green '60
Thomas D. Griffin '50
John R. Griffel '46
Christine A. Grissom 'CHP'92
Lee F. Haacker '60
Richard Hamilton '62
William C. Hamilton '71
N. LeRoy Hammond III '66
Hie-Won Yoonme Hamm (Faculty)
Howard W. Hansell '72
James S. Harrop '61
C. Walter Hassel, Jr. '54
Mrs. Robert C. Hastedt
Peter Haynitz '82
Alfred O. Heath '75
G. Barrett Hecker '84
John R. Helft '47
Karl R. Herwig '61
Dr. '71 & Mrs. Ronald H. Hews
Dr. '39 & Mrs. John H. Hodges
Dr. '41 & Mrs. Arthur F. Hofman
J. David Hoffman '56
Irwin J. Hollander '72
William B. Holman '50
Dr. '49 & Mrs. Joseph M. Hopen
Bruce D. Hopper '65
Abraham M. Hosetter '57
Ben P. House, Jr. '63
James J. House '64
Carrie A. Hufnal-Miller '84
Patrick Joseph Hunt (Faculty)
Douglas T. Hutchinson '84
Charles M. Iutenzo NMO '68
Milton Ivec '54
Mrs. Morris Ivker
Richard A. Jacoby '76
Dr. OPH '64 & Mrs. Edward A. Jaeger
Eric W. Jahne '78
Dr. '63 & Mrs. Jack Jenosky
Joseph R. John '55
James M. Jones II '73
Jerome W. Jordan '71
Alex B. Julius '72
Charles B. Kahn '63
Robert C. Kane '70
Francis T. Kaneshiro '40
Louis G. Karela '43
Malcolm J. Kates '59
Thomas R. Kay '70
Paul A. Kearney, Jr. '80
Louis L. Kiefer, Jr. '07
Dr. '47 & Mrs. Edward A. Kelly
Dr. '39 & Mrs. James J. Kelly
John J. Kelly III '84
Thomas Kelso '60
Mr. & Mrs. Harold E. Kennedy
Sung M. Kim NM '88
M. Dean Kinsey '69
William S. Kisler '39

Gifts received July 1, 1996 through June 27, 1997
+Deceased

Jean H. Berner '32 and Warren P. Goldburgh '32 at the 45th Reunion
